Section 1 Registrant's Business and Operations**Item 1.01 Entry into a Material Definitive Agreement**

On June 28, 2006 CanArgo Energy Corporation, (CanArgo), entered into a Note and Warrant Purchase Agreement (the Purchase Agreement) with Persistency, a Cayman Islands company with limited liability (Persistency), relating to the purchase of CanArgo's 12% Subordinated Convertible Guaranteed Notes, due June 28, 2010 (the Subordinated Notes).

On May 27, 2009, CanArgo entered into a further agreement (the Agreement) with Persistency whereby Persistency agrees and covenants that prior to August 31, 2009, absent the Company's consent, or the Subordinated Notes becoming immediately due and payable, or a Change of Control as defined in the Purchase Agreement (other than as a result of a transaction with Persistency or its affiliate), it will not convert or exchange, or seek to convert or exchange, any or all of the Subordinated Notes into shares of common stock of CanArgo, or into any other security convertible or exchangeable into shares of common stock of CanArgo, pursuant to Section 11.7 of the Purchase Agreement. A copy of the Agreement is attached hereto as Exhibit 10.1.

Section 2 Financial Information**Item 2.02 Results of Operations and Financial Condition.**

On May 30, 2009, CanArgo Energy Corporation (CanArgo or the Company) reported its unaudited financial results for the three months ending March 31, 2009.

Operating Revenues from Continuing Operations for the three month period ended March 31, 2009 deteriorated to \$1.5 million from \$2.6 million for the corresponding period for 2008. This deterioration was attributable to a decrease in the realised price for oil sold at the Ninotsminda Field in Georgia despite there being higher volumes of oil sold. The Company reported net income for the three month period ended March 31, 2009 of \$1.9 million compared to a net loss of \$1.2 million in the corresponding period for 2008. This was attributable to the Company recording Total Other Income of \$2.9 million compared to Total Other Expense of \$1.0 million for the corresponding period for 2008. The improvement in net income attributable to Total Other Income was offset partially by an increased Operating Loss from Continuing Operations.

Operating Loss from Continuing Operations for the three month period ended March 31, 2009 increased to \$1.0 million compared to an Operating Loss of \$0.2 million in the corresponding period for 2008. This was due to the deterioration in Operating revenues from Continuing Operations, increased Field Operating Expenses and Direct Project Costs offset partially by reduced Selling, General and Administrative

Expenses and reduced Depreciation, Depletion and Amortization.

Total Other Income for the three month period ended March 31, 2009 of \$2.9 million included a \$3.9 million gain in Settlement of Accounts Payable. This gain was attributable to a Settlement Agreement that the Company entered into on February 9, 2009 with WEUS Holding Inc (WEUS) a subsidiary of Weatherford International Ltd as reported previously.

A copy of the unaudited consolidated results of operations and financial condition are attached to the Press Release attached hereto as Exhibit 99.1.

The information set forth herein and in the exhibit is preliminary in nature, has been prepared by management and has not been reviewed or audited by the Company's auditors. Accordingly, such information does not necessarily reflect results of the Company's operations and financial condition that may be reportable after completion of a review or audit and, while management is reasonably confident that such information is materially accurate, such preliminary results may be subject to change and should not be regarded as a definitive report on results of operations and financial condition of the Company as at March 31, 2009 and as at December 31, 2008 and for the fiscal year then ended. Although these statements have been produced on a best effort basis and management believes they are accurate, they may not be relied upon.

As previously reported, the Company is currently in default in making interest payments under its outstanding Senior Subordinated Convertible Guaranteed Notes due September 1, 2009 and its 12% Subordinated Convertible Guaranteed Notes due June 28, 2010. The Company is continuing its negotiations with certain of the Note holders with a view to addressing such defaults. The Company is also currently in default under the terms of its Settlement Agreement with WEUS and is in discussions to resolve this default as well. There can be no assurance, however, that such negotiations and discussions will be successfully concluded.
