#### **NEWS RELEASE**

#### **Enbridge Gas Distribution Adjusts Prices**

**TORONTO, December 21, 2009** Enbridge Gas Distribution, a regulated utility, announced today that it has received approval from the Ontario Energy Board (OEB) for its January 1, 2010 rates. The changes are primarily due to an increase in the cost of transporting natural gas from Western Canada and the United States to Ontario.

For typical residential customers\* who buy their gas supply from Enbridge Gas Distribution, the changes will result in an increase of approximately \$23 annually. There is also a Gas Cost Adjustment Refund of about \$101 during the next three months for typical residential customers who buy their natural gas from Enbridge Gas Distribution.

For typical residential customers who buy their gas supply from a marketer, but receive their transportation from Enbridge, the changes will result in an increase of about \$20 annually.

Enbridge Gas Distribution s Gas Supply Charge has changed slightly from 19.86 cents per cubic metre ( $\phi/\hat{m}$ ) to 19.96  $\phi/m$ . The Gas Cost Adjustment Refund that will be in effect until March 31, 2010 is 7.05  $\phi/m^3$ . This results in an effective Gas Supply Charge of 12.91  $\phi/m^3$ .

Enbridge Gas Distribution does not earn a profit on the price of natural gas. Gas supply costs are passed through to customers without any mark-up. Any difference between forecast costs and actual prices is either collected from or returned to customers through a Gas Cost Adjustment.

Natural gas remains the most economical choice for home and water heating in Ontario. Over the past five years, natural gas has been on average 43 per cent less expensive than electricity and 41 per cent less expensive than oil.\*\* Enbridge Gas Distribution has a 160-year history and is Canada s largest natural gas distribution company. Enbridge Gas Distribution is owned by Enbridge Inc., a Canadian-based leader in energy transportation and distribution, and a Top 100 Canadian Employer for 2010. Enbridge Gas Distribution and its affiliates distribute natural gas to about 1.9 million customers in Ontario, New York State, New Brunswick and southwestern Quebec. For more information go to www.enbridgegas.com.

Please see the attached backgrounder for more information about Enbridge Gas Distribution s prices.

\* A typical residential customer uses 3,064 cubic metres of natural gas a year for home and water heating.

\*\* Based on a

five-year rolling

average from

February 2005

to January 2010.

Natural gas

prices based on

Enbridge Gas

Distribution s

January 2010

prices.

Electricity prices

based on

Toronto Hydro

rates that went

into effect

November 2009

and are

approved by the

Ontario Energy

Board. Oil

prices are based

on rates as of

October 2009.

The calculations
