**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Participants and Employee Benefits Committee of  
the H&R Block Retirement Savings Plan

Kansas City, Missouri

We have audited the accompanying statements of net assets available for benefits of the H&R Block Retirement Savings Plan (the Plan) as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the year ended December 31, 2010, in conformity with accounting principles generally accepted in the United States of America. Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. This schedule has been subjected to the auditing procedures applied in our audit of the basic 2010 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

**H&R BLOCK RETIREMENT SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS  
AS OF DECEMBER 31, 2010 AND 2009, AND FOR THE YEAR ENDED DECEMBER 31, 2010**

**1. DESCRIPTION OF THE PLAN**

The following description of the H&R Block Retirement Savings Plan (the Plan ) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

**General**

The Plan is a defined contribution plan sponsored by H&R Block Management, LLC, which is a wholly owned subsidiary of H&R Block, Inc. (the Company or Plan Sponsor ) for its employees and the employees of certain of its affiliates. The Plan became effective on January 1, 1985 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ( ERISA ).

The Plan provides for selection of an administrative committee, a plan administrator and a trustee by the members of H&R Block Management, LLC. The administrative committee is responsible for the general administration of the Plan and the interpretation of its provisions. The plan administrator is responsible for the reporting and disclosure requirements under ERISA. Fidelity Management Trust Company ( Fidelity ) is the Plan s record keeper and trustee.

Effective December 18, 2010, to remain compliant with IRS and Puerto Rico Tax Code requirements, associates who were residents of or perform their primary work in Puerto Rico and who were participants in the Plan were transitioned to the H&R Block Puerto Rico Retirement Savings Plan ( PR Plan ). As a result, \$446,433 in participant account balances were transferred to the PR Plan.

**Eligibility**

The timing of an employee s eligibility for participation in the Plan depends on whether the employee is classified as a nonseasonal employee or seasonal employee. With respect to participant contributions and employer discretionary matching contributions: (a) nonseasonal employees are automatically enrolled in the Plan beginning the first day of the month following or coinciding with the date they complete 90 Days of Service, as such term is defined in the Plan, and (b) seasonal employees are automatically enrolled in the Plan beginning with the first participation date (January 1 or July 1) following or coinciding with the date they complete a Year of Service, as such term is defined in the Plan. With respect to employer discretionary profit sharing contributions, both nonseasonal and seasonal employees are eligible to participate beginning the first day of the Plan year that immediately precedes or is coincident with the date the employee completes a Year of Service.

**Contributions**

Participants may make pre-tax contributions up to seventy-five percent of their compensation, subject to Internal Revenue Code ( IRC ) limitations. Participants age 50 and over may make pre-tax contributions from zero to one-hundred percent of their compensation, subject to IRC limitations. The Company may make discretionary matching contributions of up to one hundred percent of a participant s contributions, not to exceed five percent of the participant s compensation. The Company may also elect

to make discretionary profit sharing contributions, which would be allocated among participant accounts based on the participant's eligible compensation. For the year ended December 31, 2010, the Company contributed \$11,711,918 for the discretionary matching contribution. No discretionary profit sharing contributions were made during the year ended December 31, 2010.

**Vesting**

Participant contributions, employer discretionary matching contributions, employer discretionary profit sharing contributions, and earnings thereon, are fully vested and nonforfeitable at all times.

**Participant Accounts**

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the employer's discretionary matching contribution, if any, and allocations of employer discretionary profit sharing contributions, if any, and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Investments**

Participants direct the investment of their contributions, employer discretionary matching contributions and employer discretionary profit sharing contributions into various investment options offered by the Plan. The Plan currently offers twenty mutual funds, a Company common stock fund, a self-directed brokerage account, and a common/collective trust fund as investment options for participants. Participants have purchased shares of mutual funds and money market funds through the self-directed brokerage account.

**Notes Receivable From Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 and are limited to the lesser of \$50,000 less the highest outstanding loan balance in the previous 12 months or fifty percent of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest equal to the prime lending rate established by the Federal Reserve on the first business day of the month in which the loan is requested plus 1%. Interest rates range from 4.0% to 10.5%. The loans are payable over one to five years except for loans for the purchase of a residence, which may be longer. Principal and interest is paid ratably through payroll deductions. Interest income from participant loans is included in Dividends and Interest Income.

**Payment of Benefits**

Generally, distributions may not be made to a participant, or in the case of death, a participant's beneficiary, until administratively feasible following the earliest of the participant's death, disability, retirement or severance from employment. Distributions are in the form of a lump sum cash payment, unless the participant elects to defer payment.

**NOTES TO FINANCIAL STATEMENTS**

**AS OF DECEMBER 31, 2010 AND 2009, AND FOR THE YEAR ENDED DECEMBER 31, 2010**

**Forfeited Accounts**

At December 31, 2010 and 2009, forfeited accounts totaled \$4,602 and \$1,820 respectively. These accounts are to be used first to reduce administrative expenses of the Plan, then to reduce employer discretionary matching contributions and then to reduce employer discretionary profit sharing contributions. During the year ended December 31, 2010, forfeited nonvested accounts of \$22,413 were used to pay Plan expenses.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ( GAAP ).

**Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Risks and Uncertainties**

The Plan invests in various investment instruments, including a Company common stock fund, mutual funds, a self-directed brokerage account and a common/collective trust fund. Investment securities, in general, are exposed to various risks such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds and money market funds, including those in self-directed brokerage accounts, are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Fair value of the H&R Block, Inc. common stock fund is determined by the trustee based on the fair market value of the underlying investments within the fund. The common/collective trust fund is stated at fair value as determined by the issuer of the common/collective trust fund based on the fair market value of the underlying investments. The SEI Stable Asset Fund (the Trust ) is a common collective trust fund that is considered to be a stable value fund with underlying investments in benefit-responsive investment contracts and is valued at the fair value of the underlying investments and then adjusted by the issuer to contract value. Fair value of the stable value fund is the net asset value of its underlying investments and contract value is principal plus accrued interest.

The H&R Block, Inc. common stock fund, which is made up of Company common stock and a money market fund, and the Trust are maintained on a unit value basis.

NOTES TO FINANCIAL STATEMENTS  
AS OF DECEMBER 31, 2010 AND 2009, AND FOR THE YEAR ENDED DECEMBER 31,2010**

Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawal payments from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant. The Trust is a stable value fund formed to provide for the collective investment of assets of participating tax qualified pension and profit sharing plans and related trusts and governmental plans (or the assets of a governmental unit used to satisfy its obligations under a governmental plan) in guaranteed investment contracts and readily marketable assets in accordance with the investing criteria established by the Declaration of Trust. The Trust primarily invests in a variety of investment contracts such as guaranteed investment contracts ( GICs ) issued by insurance companies and other financial institutions and other investment products (separate account contracts, synthetic GICs and collective investment trusts) with similar characteristics. There are no restrictions on redemptions from the Trust and there were no unfunded commitments to the Trust as of December 31, 2010.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. The Trust imposes certain restrictions on the Plan, and the Trust itself may be subject to circumstances that affect its ability to transact at contract value. Certain events may limit the ability of the Plan to transact at contract value with the Trust. Such events may include amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), bankruptcy of the Plan sponsor or other Plan sponsor events that would cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable.

The statements of net assets available for benefits present the stable value fund at fair value, as well as an additional line item showing an adjustment of the fully benefit-responsive stable value fund from fair value to contract value.

The statement of changes in net assets available for benefit is presented on a contract value basis.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds, the common/collective trust fund, the self-directed brokerage account and the Company common stock fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

**H&R BLOCK RETIREMENT SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS  
AS OF DECEMBER 31, 2010 AND 2009, AND FOR THE YEAR ENDED DECEMBER 31,2010**

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

**Administrative Expenses**

All administrative expenses incurred by the Plan are paid by the Plan, except to the extent paid by the Company. To the extent forfeitures are not used to pay administrative expenses of the Plan, such expenses are covered using participant account balances.

**Payment of Benefits**

Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were \$90,525 and \$109,705 at December 31, 2010 and 2009, respectively.

**New Accounting Standards**

In January 2010, the FASB issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures*, which amends ASC 820, *Fair Value Measurements and Disclosures*, adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. ASU No. 2010-06 is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The Plan prospectively adopted the new guidance in 2010, except for the Level 3 reconciliation disclosures, which are required in 2011. The adoption in 2010 did not materially affect, and the future adoption is not expected to materially affect, the Plan's financial statements.

In September 2010, the FASB issued ASU No. 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. The ASU requires that participant loans be classified as notes receivable rather than a plan investment and measured at unpaid principal balance plus accrued but unpaid interest rather than fair value. The Plan retrospectively adopted the new accounting in 2010. The adoption did not have a material effect on the Plan's financial statements.

**3. FAIR VALUE MEASUREMENTS**

The fair values of investments are classified based on the lowest level of any input that is significant to the fair value measurement. The Plan used the following methods to determine fair value:

**Level 1** Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access on the report date.

**Level 2** Inputs (financial matrices, models, valuation techniques), other than quoted market prices included in Level 1, that are observable for the asset or liability, either

**Table of Contents**

**H&R BLOCK RETIREMENT SAVINGS PLAN  
 NOTES TO FINANCIAL STATEMENTS  
 AS OF DECEMBER 31, 2010 AND 2009, AND FOR THE YEAR ENDED DECEMBER 31,2010**

directly or indirectly. If the asset or liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** Inputs (such as professional appraisals, quoted prices from inactive markets that require adjustment based on significant assumptions or data that is not current, data from independent sources) that are unobservable for the asset or liability.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table provides the amounts and their corresponding level of hierarchy for our investments that are measured at fair value:

NOTES TO FINANCIAL STATEMENTS  
AS OF DECEMBER 31, 2010 AND 2009, AND FOR THE YEAR ENDED DECEMBER 31, 2010**

**5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS**

Certain plan investments are shares of mutual funds managed by Fidelity. Fidelity is the record keeper and trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. In addition, the H&R Block, Inc. common stock fund includes an investment in the common stock of H&R Block, Inc., and therefore, these transactions also qualify as exempt party-in-interest transactions.

**6. PLAN TERMINATION**

Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA.

**7. FEDERAL INCOME TAX STATUS**

The Internal Revenue Service ( IRS ) has determined and informed the Company by a letter dated July 30, 2007, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code ( IRC ). The Plan has been amended since receiving the letter. The Plan Sponsor has applied for a determination letter from the IRS for the restated plan document dated January 1, 2009. The Plan Sponsor has received additional correspondence from the IRS and responded to IRS inquiries regarding these Plan amendments. Although a new letter has not yet been received, the Plan administrator believes that the Plan and related trust are designed and are currently being operated in compliance with the applicable requirements of the IRS. As a result, the Plan administrator believes that the Plan is qualified and the related trust continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan s financial statements.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor (DOL). The Plan is subject to routine audits by taxing jurisdictions for tax years for which the applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.
