Approximate date of commencement of proposed sale to the public: As soon as practicable after the effective date of this registration statement.

If the only securities being registered on this Form are being offered pursuant to dividend or interest reinvestment plans, please check the following box:

If any of the securities being registered on this Form are to be offered on a delayed or continuous basis pursuant to Rule 415 under the Securities Act of 1933 check the following box.

If this Form is filed to register additional securities for an offering pursuant to Rule 462(b) under the Securities Act, please check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering.

If this Form is a post-effective amendment filed pursuant to Rule 462(c) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering.

If this Form is a registration statement pursuant to General Instruction I.D. or a post-effective amendment thereto that shall become effective upon filing with the Commission pursuant to Rule 462(e) under the Securities Act, check the following box.

If this Form is a post-effective amendment to a registration statement filed pursuant to General Instruction I.D. filed to register additional securities or additional classes of securities pursuant to Rule 413(b) under the Securities Act, check the following box.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a nonaccelerated filer, smaller reporting company, or an emerging growth company. See the definitions of “large accelerated filer,” “accelerated filer,” “smaller reporting company,” and “emerging growth company” in Rule 12b-2 of the Exchange Act.

Large Accelerated Filer

Accelerated filer

Non-accelerated filer

(Do not check if a smaller reporting company)

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 7(a)(2)(B) of Securities Act.

CALCULATION OF REGISTRATION FEE

Title of Each Class of Securities to be Registered	Amount Registered ⁽¹⁾	Proposed Maximum Aggregate Offering Price Per Share ⁽²⁾	Proposed Maximum Aggregate Offering Price	Registration Fee
Common Stock, \$0.001 par value per share (3)	407,167	\$ 2.55	\$ 1,038,276	\$ 129.27

(1) Pursuant to Rule 416 under the Securities Act of 1933, as amended (the “Securities Act”), the securities being registered hereunder include such indeterminate number of additional shares of common stock as may be issuable as a result of stock splits, stock dividends, recapitalizations, anti-dilution adjustments or similar transactions, including such anti-dilution adjustments as contained in the warrants.

(2) Estimated solely for the purpose of calculating the registration fee pursuant to Rule 457(c) under the Securities Act, based on the average of the \$2.60 (high) and \$2.51 (low) sale prices as reported on the NASDAQ Capital Market on August 14, 2018, which date is within five business days prior to filing this Registration Statement.

(3) Represents shares of common stock offered by the selling stockholders.

The Registrant hereby amends this Registration Statement on such date or dates as may be necessary to delay its effective date until the Registrant shall file a further amendment which specifically states that this Registration Statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933, as amended, or until this Registration Statement shall become effective on such date as the Commission, acting pursuant to said Section 8(a), may determine.

The information in this prospectus is not complete and may be changed. The selling stockholders may not sell these securities under this prospectus until the registration statement of which it is a part and filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.

PRELIMINARY PROSPECTUS, SUBJECT TO COMPLETION, DATED AUGUST 17, 2018

407,167 Shares of Common Stock

This prospectus relates to the resale or other disposition from time to time of up to 407,167 shares of common stock of Smith Micro Software, Inc. by the selling stockholders identified herein. The selling stockholders acquired the shares held by them in connection with our acquisition of iMobileMagic – Mobile Experiences, LDA, a Portuguese limited liability company (“IMM”), on July 19, 2016, and the release of the shares from escrow following the second anniversary of the acquisition. This prospectus may be used by the former stockholders of IMM to resell shares of our common stock issued to them in the acquisition, and which have been previously held in escrow.

The selling stockholders identified in this prospectus may offer the shares from time to time through public or private transactions at prevailing market prices, at prices related to prevailing market prices or at privately negotiated prices as set forth under “Plan of Distribution.”

We will not receive any of the proceeds from the sale of common stock by the selling stockholders. We will pay the expenses of registering these shares.

Our common stock is listed on the NASDAQ Capital Market under the symbol “SMSI.” On August 16, 2018, the last reported sale price of our common stock on the NASDAQ Capital Market was \$2.51.

INVESTING IN OUR COMMON STOCK INVOLVES A HIGH DEGREE OF RISK. YOU SHOULD CAREFULLY CONSIDER THE RISK FACTORS BEGINNING ON PAGE 10 OF THIS PROSPECTUS BEFORE PURCHASING ANY OF THE SHARES OFFERED BY THIS PROSPECTUS.

We may amend or supplement this prospectus from time to time by filing amendments or supplements as required. You should read the entire prospectus and any amendments or supplements carefully before you make your investment decision.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is _____, 2018

You may only rely on the information contained in this prospectus or incorporated herein by reference. We have not authorized anyone to provide you with information that differs from what is contained or incorporated by reference in this prospectus. This prospectus does not constitute an offer to sell or a solicitation of an offer to buy any securities other than the common stock offered by this prospectus. This prospectus does not constitute an offer to sell or a solicitation of an offer to buy any common stock in any circumstances in which such offer or solicitation is unlawful. Neither the delivery of this prospectus nor any sale made in connection with this prospectus shall, under any circumstances, create any implication that there has been no change in our affairs since the date of this prospectus or that the information contained by reference to this prospectus is correct as of any time after its date.

PROSPECTUS SUMMARY

This summary highlights information contained elsewhere in this prospectus. However, it may not contain all of the information that is important to you. You should carefully read the entire prospectus, particularly the risks of investing in our securities discussed under “Risk Factors” and including the documents incorporated by reference before deciding to invest in our common stock. The terms “Smith Micro,” “the Company,” “we,” “us,” or “our” in this prospectus refer to Smith Micro Software, Inc. and its wholly-owned subsidiaries, unless the context suggests otherwise.

FORWARD-LOOKING STATEMENTS

This prospectus, including the documents that we incorporate by reference, include forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions about us and our subsidiaries that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as “may,” “will,” “should,” “could,” “would,” “expect,” “plan,” “anticipate,” “believe,” “continue,” “estimate,” “project,” “intend,” or the negative of such terms or other similar expressions. For example, statements concerning financial condition, possible or assumed future results of operations, growth opportunities, industry developments, plans and objectives of management, markets for our common stock and future management and organizational structure are all forward-looking statements. Forward-looking statements are not guarantees of performance. They involve known and unknown risks, uncertainties and assumptions that may cause actual results, levels of activity, performance or achievements to differ materially from any results, levels of activity, performance or achievements expressed or implied by any forward-looking statement. You should not place undue reliance on these forward-looking statements, which speak only as of the date made. We undertake no obligation to publicly release the result of any revision of these forward-looking statements to reflect events or circumstances after the date they are made or to reflect the occurrence of unanticipated events. Many of these risks and uncertainties are set forth in the “Risk Factors” section of this prospectus and in our other filings with the Securities and Exchange Commission (the “Commission”). Should any of these factors or uncertainties materialize, or should any of our assumptions prove incorrect, actual results may differ materially from those included within the forward-looking statements. Such factors include, but are not limited to, the following:

- our ability to remain a going concern;
- our ability to raise additional capital to fund our operations and the risk of such capital not being available to us at commercially reasonable terms or at all;
- our customer concentration given that the majority of our sales depend on a few large client relationships, including Sprint;
- our ability to become and remain profitable;
- the difficulty of predicting our quarterly revenues and operating results and the chance of such revenues and results falling below analyst or investor expectations, which could cause the price of our common stock to fall;
- rapid technological evolution and resulting changes in demand for our products from our key customers and their end users;
- intense competition in our industry and our ability to successfully compete;

- the pace at which the markets for new products develop;
- our ability to hire and retain key personnel;
- the availability of third party intellectual property and licenses needed for our operations on commercially reasonable terms or at all;
- our ability to establish and maintain strategic relationships with our customers and mobile device manufacturers;
 - our ability to assimilate acquisitions without diverting management attention and impacting current operations;
- the existence of undetected software defects in our products;
 - the impact of governmental regulations on our business and our industry;
- our ability to protect our intellectual property and our ability to operate our business without infringing on the rights of others;
- the risks inherent with international operations;
- the possibility of security and privacy breaches in our systems damaging client relations and inhibiting our ability to grow;
- interruptions or delays in the services we provide from our data center hosting facilities that could harm our business;
 - the risk of being delisted from NASDAQ if we fail to meet any of its listing requirements; and
- those additional factors which are listed under the caption “Risk Factors” beginning on page 10 of this prospectus.

You should read this prospectus and the documents that we reference herein and therein and have filed as exhibits to the registration statement, of which this prospectus is part, completely and with the understanding that our actual future results may be materially different from what we concurrently expect. You should assume that the information appearing in this prospectus and any document incorporated herein by reference is accurate as of its date only. Because the risk factors referred to above could cause actual results or outcomes to differ materially from those expressed in any forward-looking statements made by us or on our behalf, you should not place undue reliance on any forward-looking statements. Further, any forward-looking statement speaks only as of the date on which it is made, and we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of unanticipated events. New factors emerge from time to time, and it is not possible for us to predict which factors will arise. In addition, we cannot assess the impact of each factor on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. We qualify all of the information presented in this prospectus and any document incorporated herein by reference, and particularly our forward-looking statements, by these cautionary statements.

OUR COMPANY

Smith Micro Software, Inc. (“Smith Micro”) develops software to simplify and enhance the mobile experience, providing solutions to leading wireless service providers, device manufacturers, and wireless users around the world. From optimizing wireless networks to uncovering customer experience insights, and from providing visual access to wireless voicemail to ensuring family safety, our solutions enrich connected lifestyles while creating new opportunities to engage consumers via smartphones. We also provide a services platform for the Internet of Things (“IoT”) that enables comprehensive device management and firmware over-the-air (“FOTA”) updates for various types of connected devices. In addition, Smith Micro’s portfolio includes a wide range of products for creating, sharing, and monetizing rich content, such as visual messaging and 2D/3D graphics applications. With this as a focus, it is Smith Micro’s mission to help our customers thrive in a connected world.

For more than three decades, Smith Micro has developed deep expertise in embedded software for mobile devices, policy-based management platforms, and highly-scalable client and server applications. Tier 1 mobile network operators, cable providers, original equipment manufacturers (“OEMs”)/device manufacturers, and enterprise businesses across a wide range of industries use our software to capitalize on the growth of connected consumers, mobile apps, vehicle telematics, and smart cities.

In general, we help our customers:

- Provide valuable digital lifestyle services, such as family location services, parental controls, and device security, to mobile consumers;
- Manage mobile devices over-the-air for maximum performance, efficiency, reliability and cost-effectiveness;
- Provide easy visual access to wirelessly delivered voicemail messages, while also providing easy conversion of voice messages to text messages;
- Optimize wireless networks, reduce operational costs, and deliver “best-connected” user experiences;
- Efficiently and securely manage connected devices comprising the IoT;
- Design and create 2D and 3D digital illustrations, animation and figure design with easy-to-use, professional-grade graphics software.

We continue to innovate and evolve our business to take advantage of industry trends and opportunities in emerging markets, such as digital lifestyle services and online safety, “Big Data” analytics, automotive telematics, and the industrial IoT. The key to our longevity, however, is not simply technological innovation, but a never-ending focus on customer value.

During fiscal year 2017, we made several important steps toward profitability. We completed a major restructuring of our business to bring expenses in-line with current revenues, decreasing expenses by approximately \$3.5 million per quarter. Our new Chief Financial Officer, Timothy C. Huffmyer, brought an extensive background of financial planning and analysis, public-company experience in the technology sector, as well as mergers and acquisition experience to Smith Micro’s management team. Smith Micro ended 2017 on a strong note with the launch of its flagship product, SafePath® Family, with Sprint, the first Tier 1, U.S.-based mobile network operator (“MNO”) to roll out the service.

The Company was incorporated in California in November 1983, and reincorporated in Delaware in June 1995. Our principal executive offices are located at 51 Columbia, Aliso Viejo, California 92656. Our telephone number is (949) 362-5800. Our website address is www.smithmicro.com, and we make our filings with the U.S. Securities and Exchange Commission (the “SEC”) available on the Investor Relations page of

our website. Information contained on our website does not constitute a part of this Report. Our common stock is traded on the NASDAQ under the symbol SMSI.

Business Segments

Our business is focused on two industry segments: Wireless and Graphics. We do not separately allocate operating expenses, nor do we allocate specific assets to these segments. Therefore, segment information reported includes only revenues and cost of revenues.

Wireless Segment

The wireless industry continues to undergo rapid change on all fronts, from the ubiquity of Wi-Fi and cellular networks, to the vast array of connected devices, mobile applications, and digital content consumed by users who want information, high-speed wireless connectivity, and entertainment anytime, anywhere. While most of us think about being “connected” in terms of computers, tablets and smartphones, the IoT is creating a world where almost anything can be connected to the wireless internet. Wearable devices such as smartwatches, fitness trackers and GPS locators are now commonplace, enabling people and pets to be connected to the “Internet of Everything” as well. These devices have created an entire ecosystem of over-the-top (“OTT”) apps, while expanding how communication service providers can provide value to mobile consumers.

In addition, pervasive connectivity has changed the way businesses operate on small and grand scales. For example, Wi-Fi hotspots are being deployed by neighborhood bookstores and coffee houses to keep customers on premise longer, as well as by large sports arenas to deliver real-time video feeds via social networks and online broadcasts. Retailers are now spending more than 50% of their advertising budgets on mobile media, and targeting for those advertisements is driven by “Big Data” initiatives that collect consumer information from virtually every online or mobile interaction.

Although there are numerous business opportunities associated with pervasive connectivity, there are also many challenges, including:

- The average age by which most children use smartphones and other connected devices continues to decrease. As such, parents and guardians must be proactive in managing and combating digital lifestyle problems such as excess screen time, cyberbullying, and online safety;
- Complexity, congestion, and spectrum scarcity plague wireless networks, making it difficult and expensive to satisfy the demand for mobile services by consumers and businesses;
- As IoT use cases continue to proliferate and scale, management complexity, security and interoperability must be addressed efficiently and correctly;
- MNOs are being marginalized by messaging applications, and face growing competitive pressure from cable/multiple service operators (“MSO”) and others deploying Wi-Fi networks to attract mobile users;
 - Enterprises face increasing pressure to mobilize workforces, operations, and customer engagement, but lack the expertise and technologies needed to leverage mobile securely and cost-effectively;
- Consumers, frustrated by slow, congested mobile networks and inconsistent device/app behavior, seek simpler network access and more personalized mobile experiences, while simultaneously demanding faster, cheaper, and more secure wireless services.

To address these challenges, Smith Micro offers multi-platform, modular solutions such as:

SafePath® - The SafePath platform is a scalable, cloud-based platform for MNOs and enterprises to provide

device monitoring and protection services for their subscribers, customers, employees and students. The platform's flagship product, SafePath Family, is a next-generation location tracking and parental controls platform that enables mobile operators to provide comprehensive family safety functionalities to their subscribers as a white-labeled value-added service.

QuickLink® IOT Services Platform – QuickLink IoT is a comprehensive device management solution for the Internet of Everything. Providing standards-based IoT device management functionality combined with robust support for FOTA and application over-the-air (“AOTA”) updates, QuickLink IoT simplifies and streamlines the complexity of IoT device management at scale.

CommSuite® – Smith Micro's CommSuite premium messaging platform helps MNOs deliver a next-generation voicemail experience to mobile subscribers, while enabling them to monetize a legacy cost-center. CommSuite Visual Voicemail (“VVM”) quickly and easily allows users to manage voice messages just like email or SMS – with reply, forwarding and social sharing options. CommSuite also enables multi-language Voice-to-Text (“VTT”) transcription messaging, which facilitates convenient message consumption for users by reading versus listening. In 2017, the CommSuite product was installed on more than 18 million mobile handsets.

NetWise® – NetWise is a policy-on-device platform that optimizes wireless Quality of Experience (“QoE”). Addressing challenges central to today's mobile lifestyle such as connection and network traffic management, Wi-Fi discovery, credential provisioning, user authentication and radio management, NetWise is a proven carrier-grade solution for communications service providers (“CSPs”).

Captivate™ – Captivate is a mobile engagement and Big Data analytics platform that enables CSPs and business to consumer (“B2C”) enterprises to deliver contextual mobile promotions and advertising at the right time and place. Captivate provides mobile device-based consumer insights that are invaluable to all types of consumer-facing businesses in understanding, segmenting and targeting mobile consumers.

For 35 years, Smith Micro has provided software solutions for global businesses, evolving with the Telecom industry through the Internet age. Today, the Company develops wireless standards-based software that is extensible, interoperable, scalable, and proven to meet the most dynamic and demanding mobile environments.

Graphics Segment

Smith Micro's graphics group develops a variety of software, including graphic design and animation, and compression and PC/Mac utilities, for consumers, professional artists, and educators. These products are available through direct sales on Smith Micro websites (smithmicro.com, mysmithmicro.com and contentparadise.com), as well as through affiliate websites, resellers, and retail outlets.

The Company's graphics portfolio includes Poser®, a professional solution for 3D Figure Design and Animation; Moho® (formerly Anime Studio®), a complete solution for 2D animation; and MotionArtist®, an easy-to-use tool that enables amateur and professional artists to bring comics to life with animated panels, text and word balloons. These programs are used by major entertainment studios, and world-renowned artists and graphics firms to create award-winning movies, television shows, TV advertising, internet media content, 3D gaming, and visual designs. Our reseller agreement with Japanese software developer Celsys, which permitted us to market, license and provide support for the English-language version of Clip Studio Paint (formerly Manga Studio), terminated in the fourth quarter of 2017. As such, Clip Studio Paint was phased out of our product portfolio in 2017.

Products

Equity LifeStyle Properties, Inc.
Notes to Consolidated Financial Statements

Definition of Terms

Equity LifeStyle Properties, Inc., a Maryland corporation, together with MHC Operating Limited Partnership (the “Operating Partnership”) and other consolidated subsidiaries (“Subsidiaries”) are referred to herein as “we,” “us,” and “our.” Capitalized terms used but not defined herein are as defined in our Annual Report on Form 10-K (“2012 Form 10-K”) for the year ended December 31, 2012.

Basis of Presentation

These unaudited Consolidated Financial Statements have been prepared pursuant to Securities and Exchange Commission (“SEC”) rules and regulations. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles (“GAAP”) for complete financial statements and should be read in conjunction with the financial statements and notes thereto included in the 2012 Form 10-K. The following notes to the Consolidated Financial Statements highlight significant changes to the notes included in the 2012 Form 10-K and present interim disclosures as required by the SEC. The accompanying Consolidated Financial Statements reflect, in the opinion of management, all adjustments and estimates necessary for a fair presentation of the interim financial statements, which are of a normal, recurring nature. Revenues are subject to seasonal fluctuations and accordingly, quarterly interim results may not be indicative of full year results.

On July 15, 2013, we effected a two-for-one stock split of our common stock (see Note 2 in the Notes to Consolidated Financial Statements contained in this Form 10-Q). All Common Operating Partnership Unit share and per share data in the accompanying consolidated financial statements and notes, for all periods presented, have been adjusted to reflect the stock split.

Note 1 – Summary of Significant Accounting Policies

We follow accounting standards set by the Financial Accounting Standards Board, commonly referred to as the “FASB.” The FASB sets GAAP, which we follow to ensure that we consistently report our financial condition, results of operations and cash flows. References to GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (the “Codification”).

(a) Basis of Consolidation

The accompanying Consolidated Financial Statements include the consolidation of our accounts. We do not have controlling interests in any of our joint ventures, which are therefore treated under the equity method of accounting and not consolidated in our financial statements. The holders of limited partnership interests in the Operating Partnership (“Common OP Unitholders”) receive an allocation of net income that is based on their respective ownership percentage of the Operating Partnership which is shown in our Consolidated Financial Statements as Non-controlling interests-Common OP Units. All significant intercompany balances and transactions have been eliminated in consolidation.

(b) Identified Intangibles and Goodwill

We record acquired intangible assets at their estimated fair value separate and apart from goodwill. We amortize identified intangible assets and liabilities that are determined to have finite lives over the period the assets and liabilities are expected to contribute directly or indirectly to the future cash flows of the property or business acquired. In accordance with the Codification Sub-Topic “Impairment or Disposal of Long Lived Assets” (“FASB ASC 360-10-35”), intangible assets subject to amortization are reviewed for impairment whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. An impairment loss is recognized if the carrying amount of an intangible asset is not recoverable and its carrying amount exceeds its estimated fair value. The excess of the cost of an acquired entity over the net of the amounts assigned to assets acquired (including identified intangible assets) and liabilities assumed is recorded as goodwill. In accordance with Codification Topic “Goodwill and Other Intangible Assets” (“FASB ASC 350”), goodwill is not amortized but is tested for impairment at a level of reporting referred to as a reporting unit on an annual basis, or more frequently if events or changes in circumstances indicate that the asset might be impaired.

As of June 30, 2013 and December 31, 2012, the gross carrying amounts of identified intangible assets and goodwill, a component of "Escrow deposits, goodwill and other assets, net" on our consolidated balance sheets, were approximately \$12.1 million. As of June 30, 2013 and December 31, 2012, this amount was comprised of approximately \$4.3 million of identified intangible assets and approximately \$7.8 million of goodwill. Accumulated amortization of identified intangible assets was approximately \$1.7 million and \$1.5 million as of June 30, 2013 and December 31, 2012, respectively. For each of the quarters ended June 30, 2013 and 2012, amortization expense for the identified intangible assets was approximately \$0.1 million. For each

Equity LifeStyle Properties, Inc.
Notes to Consolidated Financial Statements

Note 1 – Summary of Significant Accounting Policies (continued)

of the six months ended June 30, 2013 and 2012, amortization expense for the identified intangible assets was approximately \$0.2 million.

Estimated amortization of identified intangible assets for each of the next five years are as follows (amounts in thousands):

Year ending December 31,	Amount
2013	\$349
2014	\$349
2015	\$349
2016	\$251
2017	\$87

(c) Restricted Cash

Cash as of June 30, 2013 and December 31, 2012 included approximately \$5.2 million and \$4.9 million, respectively, of restricted cash for the payment of capital improvements, insurance or real estate taxes.

(d) Fair Value of Financial Instruments

We disclose the estimated fair value of our financial instruments according to a fair value hierarchy (Level 1, 2 and 3). Our financial instruments include notes receivable, accounts receivable, accounts payable, other accrued expenses, interest rate swaps and mortgage notes payable.

Our mortgage notes payable and term loan had a fair value of approximately \$2.4 billion as of June 30, 2013 and December 31, 2012, respectively, measured using quoted prices and observable inputs from similar liabilities (Level 2). At June 30, 2013 and December 31, 2012, our cash flow hedge of interest rate risk included in accrued payroll and other operating expenses was measured using quoted prices and observable inputs from similar assets and liabilities (Level 2). We consider our own credit risk as well as the credit risk of our counterparties when evaluating the fair value of our derivative. The fair values of our remaining financial instruments approximate their carrying or contract values.

(e) Deferred Financing Costs, net

Deferred financing costs, net include fees and costs incurred to obtain long-term financing. The costs are being amortized over the terms of the respective loans on a basis that approximates level yield. Unamortized deferred financing fees are written-off when debt is retired before the maturity date. Upon amendment of the line of credit or refinancing of mortgage debt, unamortized deferred financing fees are accounted for in accordance with Codification Sub-Topic “Modifications and Extinguishments” (“FASB ASC 470-50-40”). Accumulated amortization for such costs was \$23.1 million and \$20.5 million at June 30, 2013 and December 31, 2012, respectively.

(f) Reclassifications

Certain 2012 amounts have been reclassified to conform to 2013 presentation. At June 30, 2013, balance sheet amounts for Properties held for disposition have been reclassified on the Consolidated Balance Sheets to “Assets held for disposition” and “Liabilities held for disposition.” Income statement amounts for Properties held for disposition have been reclassified to “Discontinued operations” on the Consolidated Statements of Income and Comprehensive Income for all periods presented. In addition, certain prior period disclosures in the accompanying footnotes have been revised to exclude amounts which have been reclassified to discontinued operations. These reclassifications had no material effect on the Consolidated Balance Sheets or Consolidated Statements of Income and Comprehensive Income.

(g) Recent Accounting Pronouncements

In February 2013, the FASB issued ASU 2013-02, “Comprehensive Income: Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income” (“ASU 2013-02”). ASU 2013-02 requires an entity to provide information about the amounts reclassified out of accumulated other comprehensive income by component. In addition, an entity

is required to present, either on the face of the statement where net income is presented or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income but only if the amount reclassified is required under U.S. GAAP to be reclassified to net income in its entirety in the same reporting period. For other amounts that are not required under

10

Equity LifeStyle Properties, Inc.
Notes to Consolidated Financial Statements

Note 1 – Summary of Significant Accounting Policies (continued)

U.S. GAAP to be reclassified in their entirety to net income, an entity is required to cross-reference to other disclosures required under U.S. GAAP that provide additional detail about those amounts. The provisions of ASU 2013-02 are effective for annual reporting periods beginning after December 15, 2012. The adoption of this pronouncement did not have a material impact on our consolidated financial statements.

Note 2 – Earnings Per Common Share

Earnings per common share are based on the weighted average number of common shares outstanding during each year. Codification Topic “Earnings Per Share” (“FASB ASC 260”) defines the calculation of basic and fully diluted earnings per share. Basic and fully diluted earnings per share are based on the weighted average shares outstanding during each year and basic earnings per share exclude any dilutive effects of options, unvested restricted shares and convertible securities. The conversion of OP Units has been excluded from the basic earnings per share calculation. The conversion of an OP Unit for a share of common stock has no material effect on earnings per common share on a fully diluted basis.

On June 25, 2013, management announced a two-for-one split, to be effected by and in the form of a stock dividend, to take effect on July 15, 2013. On July 15, 2013, each common shareholder of record on July 5, 2013, received one additional share of common stock for each share held. The incremental par value was recorded as an increase to the common stock account on our balance sheet to reflect the newly issued shares and such amount was offset by a reduction in the paid-in capital account on our balance sheet. Pursuant to the anti-dilution provision in the Operating Partnership’s Agreement of Limited Partnership, the stock split also affected the common OP units.

The following table sets forth the computation of the basic and diluted earnings per common share, as adjusted for the stock split, for the quarters and six months ended June 30, 2013 and 2012 (amounts in thousands, except per share data):

	Quarters Ended		Six Months Ended	
	June 30,		June 30,	
	2013	2012	2013	2012

Equity LifeStyle Properties, Inc.
Notes to Consolidated Financial Statements

Note 3 – Common Stock and Other Equity Related Transactions

On July 1, 2013, we paid a \$0.421875 per share distribution on our Depository Shares (each representing 1/100 of a share of our Series C Preferred Stock) to stockholders of record on June 20, 2013. On April 1, 2013, we paid a \$0.421875 per share distribution on our Depository Shares (each representing 1/100 of a share of our Series C Preferred Stock) to stockholders of record on March 21, 2013.

On July 12, 2013, we paid a \$0.25 per share distribution to common stockholders of record on June 28, 2013. On April 12, 2013, we paid a \$0.25 per share distribution to common stockholders of record on March 28, 2013.

On July 15, 2013, a two-for-one stock split of our common stock, effected by and in the form of a stock dividend, was paid to stockholders of record on July 5, 2013.

Note 4 – Investment in Real Estate

Land improvements consist primarily of improvements such as grading, landscaping and infrastructure items such as streets, sidewalks or water mains. Buildings and other depreciable property consist of permanent buildings in the Properties such as clubhouses, laundry facilities, maintenance storage facilities, rental units and furniture, fixtures, equipment, and in-place leases.

During the six months ended June 30, 2013, we recorded an additional \$3.4 million in accumulated depreciation to correct amounts recorded in prior periods related to certain assets.

Acquisitions

All acquisitions have been accounted for utilizing the acquisition method of accounting and, accordingly, the results of operations of acquired assets are included in the statements of operations from the dates of acquisition. Certain purchase price adjustments may be made within one year following the acquisition and applied retroactively to the date of acquisition.

During the six months ended June 30, 2013, we recognized approximately \$1.0 million of gain on the sale of property as a result of a new U.S. Federal tax law that eliminated a previously accrued built-in-gain tax liability related to the disposition of the Cascade property during 2012.

On July 19, 2013, our Operating Partnership entered into a Purchase and Sale Agreement with certain affiliates of Riverside Communities to acquire three manufactured home communities located in the Chicago metropolitan area collectively containing approximately 1,207 sites for a stated purchase price of \$102.0 million (the "Acquisition"). We closed on the Acquisition on August 1, 2013 and funded the purchase price with available cash and limited partnership interests in our Operating Partnership. Patrick Waite, our Senior Vice President of Operations, was formerly employed by an affiliate of Riverside Communities, as a result of which he has financial interests in the sale that will result in his receiving approximately \$3.4 million in cash upon the closing of the Acquisition. Mr. Waite did not participate in our management's analysis, decision-making or recommendation to the Board of Directors with respect to the Acquisition. In addition, David Helfand, the founder and CEO of Riverside Communities, served before 2005 in various positions with us, including at various times as our Chief Financial Officer, Chief Executive Officer, and as a member of our Board of Directors. Mr. Helfand is currently Co-President of Equity Group Investments, L.L.C., an entity affiliated with Sam Zell, Chairman of our Board of Directors.

We are the beneficiary of an escrow funded by the seller of the Properties acquired in 2011 with approximately 227,586 shares of our common stock. The escrow provides for distributions of the escrowed stock on a quarterly basis to protect us from future scheduled ground lease payments as well as scheduled increases in the option purchase price over time. On April 1, 2013, we received a distribution of 29,918 shares of our common stock which resulted in a balance at June 30, 2013 of 197,668 shares. We reflected the shares received as a redemption in paid-in capital in the Consolidated Statements of Changes in Equity. The returned shares were canceled and treated as authorized, but not issued and outstanding. In addition, on July 1, 2013, we received a distribution of 30,268 shares of our common stock from the escrow. We revalue the contingent consideration asset as of each reporting date and recognize in earnings

any increase or decrease in fair value of the contingent consideration asset. The fair value estimate of the contingent consideration asset at June 30, 2013 is \$6.7 million.

Equity LifeStyle Properties, Inc.
Notes to Consolidated Financial Statements

Note 4 – Investment in Real Estate (continued)
Dispositions and real estate held for disposition

On May 8, 2013, we entered into a purchase and sale agreement to sell 11 manufactured home communities located in Michigan (the “Michigan Properties”) collectively containing approximately 5,344 sites for a net purchase price of approximately \$165.0 million. We closed on ten of the Michigan Properties on July 23, 2013, and expect to close on the eleventh Michigan Property during the third quarter of 2013. We expect to recognize a gain on sale of real estate assets of approximately \$41.0 million in the third quarter of 2013. The closing of the disposition of the remaining Michigan Property is subject to customary closing conditions and no assurances can be given that the disposition will be completed in accordance with the anticipated timing or at all.

Pursuant to ASC 360-10-35 we classified the real estate assets and liabilities associated with the Michigan Properties as held for disposition in the Consolidated Balance Sheets as of June 30, 2013.

The following table sets forth the Properties held for disposition as of June 30, 2013:

Property	Location	Sites
Avon on the Lake	Rochester Hills, MI	616
Cranberry Lake	White Lake, MI	328
Fairchild Lake	Chesterfield, MI	344
Ferrand Estates ^(a)	Wyoming, MI	419
Grand Blanc Crossing	Grand Blanc, MI	478
Holly Hills	Holly, MI	241
Oakland Glens	Novi, MI	724
Old Orchard	Davison, MI	200
Royal Estates	Kalamazoo, MI	183
Westbrook	Macomb, MI	387
Westbridge Manor	Macomb, MI	1,424
Total		5,344

(a) We expect to close on this Property during the third quarter of 2013.

Equity LifeStyle Properties, Inc.
Notes to Consolidated Financial Statements

Note 4 – Investment in Real Estate (continued)

The major classes of assets and liabilities associated with the real estate held for disposition included in the Consolidated Balance Sheets are as follows (amounts in thousands):

	June 30, 2013	December 31, 2012
Assets		
Investment in real estate		
Land	\$28,611	\$28,611
Building and improvements	101,048	98,255
Accumulated depreciation	(16,609) (15,077
Other assets	6,999	8,063
Total assets held for disposition	\$120,049	\$119,852
Liabilities		
Mortgage payable ^(a)	\$8,163	\$8,256
Other liabilities	2,652	1,802
Total liabilities held for disposition	\$10,815	\$10,058

(a) Includes approximately \$0.4 million debt premium adjustment as of June 30, 2013 and December 31, 2012.

FASB ASC 360 requires that assets classified as held for disposition be carried at the lesser of their carrying amount or estimated fair value, less estimated selling costs. Since these assets were under contract for more than their carrying amount, as of June 30, 2013, we carry them at the carrying amount.

Results of operations for Properties held for disposition have been presented separately as discontinued operations for all periods presented in the Consolidated Statements of Income and Comprehensive Income. The following table summarizes the components of income and expense relating to discontinued operations for the quarters and six months ended June 30, 2013 and 2012 (amounts in thousands):

	Quarters Ended		Six Months Ended	
	June 30, 2013	2012	June 30, 2013	2012
Community base rental home income	\$5,080	\$4,861	\$10,117	\$9,718
Rental income	849	572	1,620	1,034
Utility and other income	515	485	997	932
Discontinued property operating revenues	6,444	5,918	12,734	11,684
Property operating expenses	2,473	2,148	4,923	4,479
Income from discontinued property operations	3,971	3,770	7,811	7,205
Loss from home sales operations	(40) (46) (75) (40
Other income and expenses	(635) (3,238) (1,243) (6,386
Interest and amortization	(131) (133) (260) (266
Discontinued operations, net	\$3,165	\$353	\$6,233	\$513

Note 5 – Investment in Joint Ventures

We recorded approximately \$1.2 million and \$1.3 million (net of approximately \$0.5 million and \$0.6 million of depreciation expense) of equity in income from unconsolidated joint ventures for each of the six months ended June 30, 2013 and 2012, respectively. We received approximately \$1.1 million from such joint ventures, which were classified as a return on capital and included in operating activities on the Consolidated Statements of Cash Flows for each of the six months ended June 30, 2013 and 2012.

On April 19, 2013, we entered into an agreement with an unaffiliated third party to create a new joint venture named ECHO Investments, LLC (“ECHO financing”). We entered into ECHO financing in order to offer another financing option to purchasers of homes at our Properties. Each party to the venture made an initial contribution of \$1.0 million in exchange for a pro rata ownership interest in the joint venture, which resulted in us owning 50% of ECHO financing. We account for our investment in ECHO financing using the equity method of accounting, since we do not have a controlling direct or indirect voting interest, but we can exercise significant influence with respect to its operations and major decisions.

Equity LifeStyle Properties, Inc.
Notes to Consolidated Financial Statements

Note 5 – Investment in Joint Ventures (continued)

The following table summarizes our investment in unconsolidated joint ventures (with the number of Properties shown parenthetically as of June 30, 2013 and December 31, 2012):

Investment	Location	Number of Sites	Economic Interest (a)	Investment as of		JV Income for the Six Months Ended	
				June 30, 2013	December 31, 2012	June 30, 2013	June 30, 2012
Meadows	Various (2,2)	1,027	50 %	\$ 1,175	\$ 916	\$ 532	\$ 511
Lakeshore	Florida (2,2)	342	65 %	125	121	141	118
Voyager	Arizona (1,1)	1,706	50 % ^(b)	7,099	7,195	699	632
Other	Various (0,0)	—	20 %	—	188	(187)	(6)
ECHO financing	Various (0,0)	—	50 %	1,120	—	—	—
		3,075		\$ 9,519	\$ 8,420	\$ 1,185	\$ 1,255

(a) The percentages shown approximate our economic interest as of June 30, 2013. Our legal ownership interest may differ.

(b) Voyager joint venture primarily consists of a 50% interest in Voyager RV Resort and 25% interest in the utility plant servicing the Property.

Note 6 – Notes Receivable

In certain cases, we make loans to finance the sale of homes to our customers or purchase loans made by others to finance the sale of homes to our customers (referred to as “Chattel Loans”). The Chattel Loans receivable require monthly principal and interest payments and are collateralized by homes at certain of the Properties. As of June 30, 2013 and December 31, 2012, we had approximately \$23.1 million and \$25.0 million, respectively, of these Chattel Loans included in notes receivable for Properties held for long term investment. In addition, as of June 30, 2013 and December 31, 2012, we had approximately \$6.5 million and \$7.7 million, respectively, of these Chattel Loans included in notes receivable for Properties held for disposition. As of June 30, 2013, the Chattel Loans receivable had a stated per annum average rate of approximately 7.8%, with a yield of 18.6%, and had an average term remaining of approximately 13 years. These Chattel Loans are recorded net of allowances of approximately \$0.4 million as of June 30, 2013 and December 31, 2012. During the six months ended June 30, 2013 and June 30, 2012, approximately \$2.6 million and \$2.9 million, respectively, were repaid, and we issued an additional \$1.1 million and \$0.3 million of loans, respectively. In addition, during the six months ended June 30, 2013 and June 30, 2012 approximately \$1.2 million and \$4.0 million, respectively, of homes serving as collateral for Chattel Loans were repossessed and converted to rental units. Chattel Loans receivable at June 30, 2013 includes \$22.1 million of Chattel Loans with deteriorated credit quality at Properties acquired in 2011. No significant changes in the yield were noted during the six months ended June 30, 2013. Increases in default rates or declines in recovery rates in the future could, if significant, result in an impairment of the loans. Changes in default rates or recovery rates in the future could, if significant, result in future changes to the yield.

We also provide financing for nonrefundable upgrades of new or existing right to use contracts (“Contracts Receivable”). As of June 30, 2013 and December 31, 2012, we had approximately \$16.1 million of Contracts Receivable, including allowances of approximately \$0.6 million and \$0.7 million, respectively. These Contracts

Receivable represent loans to customers who have entered into right-to-use contracts. The Contracts Receivable yield interest at a stated per annum average rate of 16%, have a weighted average term remaining of approximately four years and require monthly payments of principal and interest. During the six months ended June 30, 2013 and June 30, 2012, approximately \$3.8 million and \$3.7 million, respectively, were repaid and an additional \$3.3 million and \$2.6 million, respectively, were lent to customers. We periodically review the performance of these loans and do not expect to make significant adjustments to income recognition assumptions due to the small remaining value of the loans.

Note 7 – Borrowing Arrangements

Mortgage Notes Payable

As of June 30, 2013 and December 31, 2012, we had outstanding mortgage indebtedness on Properties held for long term investment of approximately \$2,123 million and \$2,062 million, respectively, and approximately \$8.2 million and \$8.3 million, respectively, on Properties held for disposition (including \$0.4 million of debt premium adjustment). The weighted average interest rate including the impact of premium/discount amortization on this mortgage indebtedness for the six months ended June 30, 2013 was approximately 5.5% per annum. The debt bears interest at stated rates of 3.9% to 8.9% per annum and matures on various dates ranging from 2013 to 2023. The debt encumbered a total of 177 and 170 of our Properties as of June 30, 2013 and December 31, 2012, respectively, and the carrying value of such Properties was approximately \$2,547 million and \$2,485 million, respectively, as of such dates.

Equity LifeStyle Properties, Inc.
Notes to Consolidated Financial Statements

Note 7 – Borrowing Arrangements (continued)

During the six months ended June 30, 2013, we paid off four mortgages totaling approximately \$29.8 million, with a weighted average interest rate of 5.7% per annum. In connection with two of these transactions, we incurred an aggregate of \$1.4 million in defeasance costs associated with the early retirement of those mortgages.

During the quarter ended June 30, 2013, we closed on a \$110.0 million loan. This loan is secured by a portfolio of RV properties, matures in 2023 and bears a stated interest rate of 4.87% per annum. During the term of the loan, we will be subject to customary affirmative and negative covenants.

On July 1, 2013, the proceeds from the new loan, along with available cash, were used to pay off six mortgages with maturity dates in 2015. The retired loans had an outstanding principal balance of approximately \$120.0 million, with a weighted average interest rate of 5.7% per annum. In connection with these mortgage payoffs, we incurred an aggregate of \$15.0 million in defeasance costs associated with the early retirement of these mortgages.

On July 18, 2013, in connection with the disposition of our Michigan Properties (see Note 4 in the Notes to Consolidated Financial Statements in this Form 10-Q), we paid off the mortgage on one manufactured home community, which was scheduled to mature in 2020, for approximately \$7.8 million with a stated interest rate of 7.2% per annum. In addition, we paid a prepayment fee of \$1.45 million to be reimbursed upon closing of the remaining Michigan Property during the third quarter of 2013.

On July 30, 2013, we closed on a loan of \$70.5 million secured by two manufactured home communities and bears a stated interest rate of 4.35% per annum maturing in 2038. During the term of the loan, we will be subject to customary affirmative and negative covenants. The loan proceeds and available cash were used to defease approximately \$20.9 million of debt maturing in 2015, with a weighted average rate of 6.3% per annum, which was secured by three manufactured home communities. We paid approximately \$2.8 million in defeasance costs associated with the early retirement of these mortgages.

On August 1, 2013, we closed five loans totaling approximately \$166.6 million in proceeds, which are secured by seven manufactured home communities and have a weighted average interest rate of 4.25% per annum, with \$115.0 million maturing in 2028 and the remainder maturing in 2038. During the term of the loans, we will be subject to customary affirmative and negative covenants. We also used loan proceeds and available cash to defease \$154.5 million of debt maturing in 2015, which was secured by 18 manufactured home communities and had a weighted average interest rate of 5.56% per annum. We paid an aggregate of approximately \$18.9 million in defeasance costs associated with the early retirement of that debt. We also repaid \$60.7 million of debt maturing in 2013, which had a weighted average interest rate of 6.02% per annum and constituted the remainder of our 2013 maturities.

Term Loan

Our \$200.0 million Term Loan (the “Term Loan”) matures on June 30, 2017 and has a one-year extension option, an interest rate of LIBOR plus 1.85% to 2.80% per annum and, subject to certain conditions, may be prepaid at any time without premium or penalty after July 1, 2014. Prior to July 1, 2014, a prepayment penalty of 2% of the amount prepaid would be owed. The spread over LIBOR is variable based on leverage measured quarterly throughout the loan term. The Term Loan contains customary representations, warranties and negative and affirmative covenants, and provides for acceleration of principal and payment of all other amounts payable thereunder upon the occurrence of certain events of default. In connection with the Term Loan, we also entered into a three year, \$200.0 million LIBOR notional Swap Agreement (the “Swap”) allowing us to trade our variable interest rate for a fixed interest rate on the Term Loan. (see Note 8 in the Notes to Consolidated Financial Statements contained in this Form 10-Q for further information on the accounting for the Swap.)

Unsecured Line of Credit

As of June 30, 2013 and December 31, 2012, our unsecured Line of Credit (“LOC”) had an availability of \$380 million of which no amounts were outstanding. Our amended LOC bears a LIBOR rate plus a maximum of 1.40% to 2.00%, contains a 0.25% to 0.40% facility rate and has a maturity date of September 15, 2016. We have a one year extension

option under our LOC. We incurred commitment and arrangement fees of approximately \$1.3 million to enter into the amended LOC in 2012, subject to payment of certain administrative fees and the satisfaction of certain other enumerated conditions.

As of June 30, 2013, we are in compliance with covenants in our borrowing arrangements.

Equity LifeStyle Properties, Inc.
Notes to Consolidated Financial Statements

Note 8 – Derivative Instruments and Hedging Activities

Cash Flow Hedges of Interest Rate Risk

In connection with the Term Loan, we entered into a Swap (see Note 7 in the Notes to the Consolidated Financial Statements contained in this Form 10-Q for information about the Term Loan related to the Swap) that fixes the underlying LIBOR rate on the Term Loan at 1.11% per annum for the first three years. Based on actual leverage as of June 30, 2013, our spread over LIBOR was 1.95%, resulting in an actual all-in interest rate of 3.06% per annum. We have designated the Swap as a cash flow hedge. No gain or loss was recognized in the Consolidated Statements of Income and Comprehensive Income related to hedge ineffectiveness or to amounts excluded from effectiveness testing on our cash flow hedge during the quarter and six months ended June 30, 2013.

Amounts reported in accumulated other comprehensive loss on the Consolidated Balance Sheets related to derivatives will be reclassified to interest expense as interest payments are made on our variable-rate debt. During the next twelve months, we estimate that an additional \$1.9 million will be reclassified as an increase to interest expense.

Derivative Instruments and Hedging Activities

The table below presents the fair value of our derivative financial instrument as well as our classification on our Consolidated Balance Sheets as of June 30, 2013 and December 31, 2012 (amounts in thousands).

	Balance Sheet Location	June 30, 2013	December 31, 2012
Interest Rate Swap	Accrued payroll and other operating expenses	\$1,719	\$2,591

Tabular Disclosure of the Effect of Derivative Instruments on the Income Statement

The tables below present the effect of our derivative financial instrument on the Consolidated Statements of Income and Comprehensive Income for the quarters ended June 30, 2013 and 2012 (amounts in thousands).

Derivatives in Cash Flow Hedging Relationship	Amount of loss recognized in OCI on derivative (effective portion)		Location of loss reclassified from accumulated OCI into income (effective portion)	Amount of loss reclassified from accumulated OCI into income (effective portion)	
	June 30, 2013	June 30, 2012		June 30, 2013	June 30, 2012
Interest Rate Swap	\$27	\$471	Interest Expense	\$457	\$437

The tables below present the effect of our derivative financial instrument on the Consolidated Statements of Income and Comprehensive Income for the six months ended June 30, 2013 and 2012 (amounts in thousands).

Derivatives in Cash Flow Hedging Relationship	Amount of loss recognized in OCI on derivative (effective portion)		Location of loss reclassified from accumulated OCI into income (effective portion)	Amount of loss reclassified from accumulated OCI into income (effective portion)	
	June 30, 2013	June 30, 2012		June 30, 2013	June 30, 2012
Interest Rate Swap	\$34	\$1,271	Interest Expense	\$906	\$859

We determined that no adjustment was necessary for nonperformance risk on our derivative obligation. As of June 30, 2013, we have not posted any collateral related to this agreement.

Note 9 – Deferred Revenue-Right-to-use Contracts and Deferred Commission Expense

Upfront payments received upon the entry of right-to-use contracts are recognized in accordance with FASB ASC 605. We recognize the up-front non-refundable payments over the estimated customer life, which, based on historical attrition rates, we have estimated to be between one to 31 years. The commissions paid on the entry of right-to-use contracts are deferred and amortized over the same period as the related revenue.

Components of the change in deferred revenue-right-to-use contracts and deferred commission expense are as follows (amounts in thousands):

	Six Months Ended	
	June 30, 2013	2012
Deferred revenue – right-to-use contracts, as of January 1,	\$62,979	\$56,285
Deferral of new right-to-use contracts	6,192	5,186
Deferred revenue recognized	(3,602)	(3,295)
Net increase in deferred revenue	2,590	1,891
Deferred revenue – right-to-use contracts, as of June 30,	\$65,569	\$58,176
Deferred commission expense, as of January 1,	\$22,841	\$19,687
Costs deferred	2,393	2,010
Commission expense recognized	(1,275)	(1,113)
Net increase in deferred commission expense	1,118	897
Deferred commission expense, as of June 30,	\$23,959	\$20,584

Note 10 – Stock Option Plan and Stock Grants

We account for our stock-based compensation in accordance with the Codification Topic “Compensation – Stock Compensation” (“FASB ASC 718”).

Stock-based compensation expense, reported in “General and administrative” on the Consolidated Statements of Income and Comprehensive Income, for the quarters ended June 30, 2013 and 2012 was approximately \$1.6 million and \$1.9 million, respectively, and for the six months ended June 30, 2013 and 2012, was approximately \$2.7 million and \$3.3 million, respectively.

On January 31, 2013, we awarded Restricted Stock Grants for 31,000 shares of common stock at a fair market value of approximately \$2.2 million to certain members of the Board of Directors for services rendered in 2012. One-third of the shares of restricted common stock covered by these awards vest on each of December 31, 2013, December 31, 2014, and December 31, 2015. The fair market value of our restricted stock grants is recorded as compensation expense and paid in capital over the vesting period.

On February 1, 2013, we awarded Restricted Stock Grants for 34,333 shares of common stock at a fair market value of \$2.5 million to certain members of our senior management. These Restricted Stock Grants will vest on December 31, 2013.

On March 13, 2013, we awarded Restricted Stock Grants for 333 shares of common stock at a fair market value of approximately \$24,800 to a member of the Board of Directors for services rendered in 2012. One-third of the shares of restricted common stock covered by these awards vests on each of September 13, 2013, March 13, 2014, and March 13, 2015.

On April 10, 2013, we awarded Restricted Stock Grants for 1,000 shares of common stock at a fair market value of \$80,200 to a member of our senior management. These Restricted Stock Grants will vest on December 31, 2013.

On May 8, 2013, we awarded Restricted Stock Grants for 20,000 shares of common stock at a fair market value of approximately \$1.7 million to certain members of the Board of Directors. One-third of the shares of restricted common stock covered by these awards vest on each of November 8, 2013, May 8, 2014, and May 8, 2015.

Note 11 – Long-Term Cash Incentive Plan

On January 24, 2013, our Compensation, Nominating and Corporate Governance Committee (the “Committee”) approved a Long-Term Cash Incentive Plan Award (the “2013 LTIP”) to provide a long-term cash bonus opportunity to certain members of our management. The 2013 LTIP was approved by the Committee pursuant to the authority set forth in the Long Term Cash Incentive Plan approved by the Board of Directors on May 15, 2007. The total cumulative payment for all participants (the “Eligible Payment”) is based upon certain performance conditions being met over a three year period ending December 31, 2015.

Equity LifeStyle Properties, Inc.
Notes to Consolidated Financial Statements

Note 11 – Long-Term Cash Incentive Plan (continued)

The Committee has responsibility for administering the 2013 LTIP and may use its reasonable discretion to adjust the performance criteria or Eligible Payments to take into account the impact of any major or unforeseen transaction or event. Our executive officers are not participants in the 2013 LTIP. The Eligible Payment will be paid in cash upon completion of our annual audit for the 2015 fiscal year and upon satisfaction of the vesting conditions as outlined in the 2013 LTIP and, including employer costs, is currently estimated to be approximately \$5.8 million. For the quarter and six months ended June 30, 2013, we had accrued compensation expense of approximately \$0.5 million and \$1.0 million, respectively.

The amount accrued for the 2013 LTIP reflects our evaluation of the 2013 LTIP based on forecasts and other available information and is subject to performance in line with forecasts and final evaluation and determination by the Committee. There can be no assurances that our estimates of the probable outcome will be representative of the actual outcome.

Note 12 – Commitments and Contingencies

California Rent Control Litigation

As part of our effort to realize the value of our Properties subject to rent control, we have initiated lawsuits against certain localities in California. Our goal is to achieve a level of regulatory fairness in California's rent control jurisdictions, and in particular those jurisdictions that prohibit increasing rents to market upon turnover. Such regulations allow tenants to sell their homes for a price that includes a premium above the intrinsic value of the homes. The premium represents the value of the future discounted rent-controlled rents, which is fully capitalized into the prices of the homes sold. In our view, such regulations result in a transfer to the tenants of the value of our land, which would otherwise be reflected in market rents. We have discovered through the litigation process that certain municipalities considered condemning our Properties at values well below the value of the underlying land. In our view, a failure to articulate market rents for sites governed by restrictive rent control would put us at risk for condemnation or eminent domain proceedings based on artificially reduced rents. Such a physical taking, should it occur, could represent substantial lost value to stockholders. We are cognizant of the need for affordable housing in the jurisdictions, but assert that restrictive rent regulation does not promote this purpose because tenants pay to their sellers as part of the purchase price of the home all the future rent savings that are expected to result from the rent control regulations, eliminating any supposed improvement in the affordability of housing. In a more well-balanced regulatory environment, we would receive market rents that would eliminate the price premium for homes, which would trade at or near their intrinsic value. Such efforts include the following matters:

City of San Rafael

We sued the City of San Rafael on October 13, 2000 in the U.S. District Court for the Northern District of California, challenging its rent control ordinance (the "Ordinance") on constitutional grounds. We believe the litigation was settled by the City's agreement to amend the ordinance to permit adjustments to market rent upon turnover. The City subsequently rejected the settlement agreement. The Court refused to enforce the settlement agreement, and submitted to a jury the claim that it had been breached. In October 2002, a jury found no breach of the settlement agreement. Our constitutional claims against the City were tried in a bench trial during April 2007. On April 17, 2009, the Court issued its Order for Entry of Judgment in our favor (the "April 2009 Order"). On June 10, 2009, the Court ordered the City to pay us net fees and costs of approximately \$2.1 million. On June 30, 2009, as anticipated by the April 2009 Order, the Court entered final judgment that gradually phased out the City's site rent regulation scheme that the Court found unconstitutional. Pursuant to the final judgment, existing residents of our Property in San Rafael would be able to continue to pay site rent as if the Ordinance were to remain in effect for a period of 10 years, enforcement of the Ordinance was immediately enjoined with respect to new residents of the Property, and the Ordinance would expire entirely ten years from the June 30, 2009 date of judgment.

The City and the residents' association (which intervened in the case) appealed, and we cross-appealed. On April 17, 2013, the United States Court of Appeals for the Ninth Circuit issued an opinion in which, among other rulings, it reversed the trial court's determinations that the Ordinance had unconstitutionally taken our property and that we were entitled to an award of attorneys' fees and costs, and affirmed the jury verdict that the City had not breached the settlement agreement and affirmed the award to the City of approximately \$1.25 million of attorneys' fees and costs on the settlement agreement claims. On May 1, 2013, we filed with the Court of Appeals a petition for panel rehearing and rehearing en banc, which was denied on June 3, 2013. On June 26, 2013, the Court of Appeals' mandate issued. We intend to file a petition for review by the U.S. Supreme Court, which is due to be filed on September 3, 2013.

Equity LifeStyle Properties, Inc.
Notes to Consolidated Financial Statements

Note 12 – Commitments and Contingencies (continued)

During the quarter ended June 30, 2013, we accrued approximately \$1.4 million related to the ruling of the Court of Appeals. On July 10, 2013, we paid to the City \$1.27 million to satisfy, including interest, the attorneys' fees and costs judgment affirmed by the Court of Appeals. The City has also requested an additional award of approximately \$0.13 million for attorney's fees on appeal, the amount of which we have contested and remains to be determined.

City of Santee

In June 2003, we won a judgment against the City of Santee in California Superior Court (Case No. 777094). The effect of the judgment was to invalidate, on state law grounds, two rent control ordinances the City of Santee had enforced against us and other property owners. However, the Court allowed the City to continue to enforce a rent control ordinance that predated the two invalid ordinances (the "Prior Ordinance"). As a result of the judgment we were entitled to collect a one-time rent increase based upon the difference in annual adjustments between the invalid ordinance(s) and the Prior Ordinance and to adjust our base rents to reflect what we could have charged had the Prior Ordinance been continually in effect. The City of Santee appealed the judgment. The City and the Homeowners' Association of Meadowbrook Estates ("Tenant Association") also each sued us in separate actions in the California Superior Court (Case Nos. GIE 020887 and GIE 020524) alleging that the rent adjustments pursuant to the judgment violated the Prior Ordinance, sought to rescind the rent adjustments, and sought refunds of amounts paid, and penalties and damages in these separate actions. As a result of further proceedings and a series of appeals and remands, we were required to and did release the additional rents to the Tenant Association's counsel for disbursement to the tenants, and we have ceased collecting the disputed rent amounts.

The Tenant Association continued to seek damages, penalties and fees in their separate action based on the same claims the City made on the tenants' behalf in the City's case. We moved for judgment on the pleadings in the Tenant Association's case on the ground that the Tenant Association's case was moot in light of the result in the City's case. On November 6, 2008, the Court granted us motion for judgment on the pleadings without leave to amend. The Tenant Association appealed. In June 2010, the Court of Appeal remanded the case for further proceedings. On remand, on December 12, 2011, the Court granted us motion for summary judgment and denied the Tenant Association's motion for summary judgment. On January 9, 2012, the Court entered judgment in our favor, specifying that the Tenant Association shall recover nothing. On January 26, 2012, the Court set March 30, 2012 as the date for hearing our motion for attorneys' fees and the Tenant Associations' motion to reduce our claim for costs. On March 26, 2012, the Tenant Association filed a notice of appeal. On August 16, 2012, we and the Tenant Association entered a settlement agreement pursuant to which the Tenant Association dismissed its appeal in exchange for our agreement to dismiss our claims for attorneys' fees and other costs. Because the matter was a class action by the Tenant Association, on January 18, 2013 the Court held a fairness hearing to consider final approval of the settlement, and approved the settlement.

In addition, we sued the City of Santee in United States District for the Southern District of California alleging all three of the ordinances are unconstitutional under the Fifth and Fourteenth Amendments to the United States Constitution. On October 13, 2010, the District Court: (1) dismissed our claims without prejudice on the ground that they were not ripe because we had not filed and received from the City a final decision on a rent increase petition, and (2) found that those claims are not foreclosed by any of the state court rulings. On November 10, 2010, we filed a notice of appeal from the District Court's ruling dismissing our claims. On April 20, 2011, the appeal was voluntarily dismissed pursuant to stipulation of the parties.

In order to ripen our claims, we filed a rent increase petition with the City. At a hearing held on October 6, 2011, the City's Manufactured Home Fair Practices Commission voted to deny that petition, and subsequently entered written findings denying it. We appealed that determination to the Santee City Council, which on January 25, 2012 voted to deny the appeal. In view of that adverse final decision on our rent increase petition, on January 31, 2012 we filed a new complaint in United States District for the Southern District of California alleging that the City's ordinance effectuates a regulatory and private taking of our property and is unconstitutional under the Fifth and Fourteenth

Amendments to the United States Constitution. On April 2, 2012, the City filed a motion to dismiss the new complaint. On December 21, 2012, the Court entered an order in which it: (a) denied the City's motion to dismiss our private taking and substantive due process claims; (b) granted the City's motion to dismiss our procedural due process claim as not cognizable because of the availability of a state remedy of a writ of mandamus; and (c) granted the City's motion to dismiss our regulatory taking claim as being not ripe.

In addition, we also filed in the California Superior Court on February 1, 2012 a petition for a writ of administrative mandamus, and on September 28, 2012 a motion for writ of administrative mandamus, seeking orders correcting and vacating the decisions of the City and its Manufactured Home Fair Practices Commission, and directing that our rent increase petition be granted. On April 5, 2013, the Court denied our petition for writ of administrative mandamus. On June 3, 2013, we filed an appeal to the California Court of Appeal from the denial of our petition for writ of administrative mandamus.

Equity LifeStyle Properties, Inc.
Notes to Consolidated Financial Statements

Note 12 – Commitments and Contingencies (continued)

Colony Park

On December 1, 2006, a group of tenants at our Colony Park Property in Ceres, California filed a complaint in the California Superior Court for Stanislaus County alleging that we had failed to properly maintain the Property and had improperly reduced the services provided to the tenants, among other allegations. We answered the complaint by denying all material allegations and filed a counterclaim for declaratory relief and damages. The case proceeded in Superior Court because our motion to compel arbitration was denied and the denial was upheld on appeal. Trial of the case began on July 27, 2010. After just over three months of trial in which the plaintiffs asked the jury to award a total of approximately \$6.8 million in damages, the jury rendered verdicts awarding a total of less than \$44,000 to six out of the 72 plaintiffs, and awarding nothing to the other 66 plaintiffs. The plaintiff's who were awarded nothing filed a motion for a new trial or alternatively for judgment notwithstanding the jury's verdict, which the Court denied on February 14, 2011. All but three of the 66 plaintiffs to whom the jury awarded nothing have appealed. The briefing on that appeal has been completed, but a date for oral argument remains to be set by the California Court of Appeal. By orders entered on December 14, 2011, the Superior Court awarded us approximately \$2.0 million in attorneys' fees and other costs jointly and severally against the plaintiffs to whom the jury awarded nothing, and awarded no attorneys' fees or costs to either side with respect to the six plaintiffs to whom the jury awarded less than \$44,000. Plaintiffs have filed an appeal from the approximately \$2.0 million award of our attorneys' fees and other costs, on which the briefing has been completed but a date for oral argument remains to be set by the California Court of Appeal.

California Hawaiian

On April 30, 2009, a group of tenants at our California Hawaiian Property in San Jose, California filed a complaint in the California Superior Court for Santa Clara County alleging that we have failed to properly maintain the Property and have improperly reduced the services provided to the tenants, among other allegations. We moved to compel arbitration and stay the proceedings, to dismiss the case, and to strike portions of the complaint. By order dated October 8, 2009, the Court granted our motion to compel arbitration and stayed the court proceedings pending the outcome of the arbitration. The plaintiffs filed with the California Court of Appeal a petition for a writ seeking to overturn the trial court's arbitration and stay orders. On May 10, 2011, the Court of Appeal granted the petition and ordered the trial court to vacate its order compelling arbitration and to restore the matter to its litigation calendar for further proceedings. On May 24, 2011, we filed a petition for rehearing requesting the Court of Appeal to reconsider its May 10, 2011 decision. On June 8, 2011, the Court of Appeal denied the petition for rehearing. On June 16, 2011, we filed with the California Supreme Court a petition for review of the Court of Appeal's decision. On August 17, 2011, the California Supreme Court denied the petition for review. Discovery in the case is proceeding. The case has been set for trial on November 4, 2013. We believe that the allegations in the complaint are without merit, and intend to vigorously defend the litigation.

Hurricane Claim Litigation

On June 22, 2007, we filed suit in the Circuit Court of Cook County, Illinois (Case No. 07CH16548), against our insurance carriers, Hartford Fire Insurance Company, Essex Insurance Company ("Essex"), Lexington Insurance Company and Westchester Surplus Lines Insurance Company ("Westchester"), regarding a coverage dispute arising from losses we suffered as a result of hurricanes that occurred in Florida in 2004 and 2005. We also brought claims against Aon Risk Services, Inc. of Illinois ("Aon"), our former insurance broker, regarding the procurement of our appropriate insurance coverage. We are seeking declaratory relief establishing the coverage obligations of our carriers, as well as a judgment for breach of contract, breach of the covenant of good faith and fair dealing, unfair settlement practices and, as to Aon, for failure to provide ordinary care in the selling and procuring of insurance. The claims involved in this action are approximately \$11 million.

In response to motions to dismiss, the trial court dismissed: (1) the requests for declaratory relief as being duplicative of the claims for breach of contract and (2) certain of the breach of contract claims as being not ripe until the limits of

underlying insurance policies have been exhausted. On or about January 28, 2008, we filed our Second Amended Complaint (“SAC”), which the insurers answered. In response to the court’s dismissal of the SAC’s claims against Aon, we ultimately filed, on February 2, 2009, a new Count VIII against Aon alleging a claim for breach of contract, which Aon answered. In January 2010, the parties engaged in a settlement mediation, which did not result in a settlement. In June 2010, we filed motions for partial summary judgment against the insurance companies seeking a finding that our hurricane debris cleanup costs are within the extra expense coverage of our excess insurance policies. On December 13, 2010, the Court granted the motion. Discovery is proceeding with respect to various remaining issues, including the amounts of the debris cleanup costs we are entitled to collect pursuant to the Court’s order granting us partial summary judgment.

Equity LifeStyle Properties, Inc.
Notes to Consolidated Financial Statements

Note 12 – Commitments and Contingencies (continued)

On August 6, 2012, we were served with motions by Essex and Westchester seeking leave to amend their pleadings, which the Court subsequently allowed, to add affirmative defenses seeking to bar recovery on the alleged ground that the claim we submitted for hurricane-related losses allegedly intentionally concealed and misrepresented that a portion of that claim was not hurricane-related, and to add a counterclaim seeking on the same alleged ground reimbursement of approximately \$2.4 million Essex previously paid (the “Additional Affirmative Defenses and Counterclaim”). We believe that the Additional Affirmative Defenses and Counterclaim are without merit, and intend to vigorously contest them. The parties filed motions for partial summary judgment with respect to certain of the claims that remain in the case, on which the court heard oral argument on April 2, 2013 and took under advisement. On April 22, 2013, Essex and Westchester filed an additional motion for summary judgment, which relates to their Additional Affirmative Defenses and Counterclaim, on which the court heard oral arguments on June 27, 2013 and took under advisement. The case has been set for trial on December 2, 2013.

We have entered settlements of our claims with certain of the insurers and also received additional payments from certain of the insurers since filing the lawsuit, collectively totaling approximately \$7.4 million.

Membership Class Action

On July 29, 2011, we were served with a class action lawsuit in California state court filed by two named plaintiffs, who are husband and wife. Among other allegations, the suit alleges that the plaintiffs purchased a membership in our Thousand Trails network of campgrounds and paid annual dues; that they were unable to make a reservation to utilize one of the campgrounds because, they were told, their membership did not permit them to utilize that particular campground; that we failed to comply with the written disclosure requirements of various states’ membership camping statutes; that we misrepresented that we provide a money-back guaranty; and that we misrepresented that the campgrounds or portions of the campgrounds would be limited to use by members.

Allegedly on behalf of “between 100,000 and 200,000” putative class members, the suit asserts claims for alleged violation of: (1) the California Civil Code §§ 1812.300, et seq.; (2) the Arizona Revised Statutes §§ 32-2198, et seq.; (3) Chapter 222 of the Texas Property Code; (4) Florida Code §§ 509.001, et seq.; (5) Chapter 119B of the Nevada Administrative Code; (6) Business & Professions Code §§ 17200, et seq., (7) Business & Professions Code §§ 17500; (8) Fraud - Intentional Misrepresentation and False Promise; (9) Fraud - Omission; (10) Negligent Misrepresentation; and (11) Unjust Enrichment. The complaint seeks, among other relief, rescission of the membership agreements and refund of the member dues of plaintiffs and all others who purchased a membership from or paid membership dues to us since July 21, 2007; general and special compensatory damages; reasonable attorneys’ fees, costs and expenses of suit; punitive and exemplary damages; a permanent injunction against the complained of conduct; and pre-judgment interest.

On August 19, 2011, we filed an answer generally denying the allegations of the complaint, and asserting affirmative defenses. On August 23, 2011, we removed the case from the California state court to the federal district court in San Jose. On July 23, 2012, we filed a motion to deny class certification. On July 24, 2012, the plaintiffs filed a motion for leave to amend their class action complaint to add four additional named plaintiffs. On August 28, 2012, the Court held a hearing on our motion to deny class certification and on the plaintiffs’ motion for leave to amend. Separately, on September 14, 2012, the plaintiffs filed a motion for class certification, on which the Court held a hearing on November 6, 2012.

On March 18, 2013, the Court entered an order denying class certification and denying the plaintiffs’ motion for leave to amend their class action complaint. The individual claims of the two named plaintiffs remain pending. On April 1, 2013, the plaintiffs filed with the United States Court of Appeals for the Ninth Circuit a petition for leave to appeal from the order denying class certification. On May 15, 2013, the plaintiffs withdrew their petition for leave to appeal.

Litigation Relating to Potential Acquisition of Certain RV Resorts

On November 9, 2012, we entered a letter of intent with Morgan RV Resorts (“Morgan”), which granted us a right of exclusive dealing and a right of first refusal (“ROFR”) with respect to the purchase of 15 of Morgan’s RV resorts. On December 13, 2012, Sun Communities, Inc. announced in an SEC filing that certain of its affiliates (collectively, “Sun”) had entered into a contract with Morgan to purchase 11 of those same properties, as a result of which we subsequently exercised our ROFR. In a suit initiated by Sun on December 26, 2012 against us and Morgan in the Oakland County (Michigan) Circuit Court, the parties are litigating the issue of who has the right to the properties. On February 12, 2013, Sun announced in an SEC filing that it had closed its purchase from Morgan on ten of the 11 properties at issue. The case has been set for trial on December 2, 2013.

Equity LifeStyle Properties, Inc.
Notes to Consolidated Financial Statements

Note 12 – Commitments and Contingencies (continued)

Other

We are involved in various other legal and regulatory proceedings arising in the ordinary course of business. Such proceedings include, but are not limited to, notices, consent decrees, information requests, and additional permit requirements and other similar enforcement actions by governmental agencies relating to our water and wastewater treatment plants and other waste treatment facilities. Additionally, in the ordinary course of business, our operations are subject to audit by various taxing authorities. Management believes that all proceedings herein described or referred to, taken together, are not expected to have a material adverse impact on us. In addition, to the extent any such proceedings or audits relate to newly acquired Properties, we consider any potential indemnification obligations of sellers in our favor.

Note 13 – Reportable Segments

Operating segments are defined as components of an entity for which separate financial information is available that is evaluated regularly by the chief operating decision maker. The chief operating decision maker evaluates and assesses performance on a monthly basis. Segment operating performance is measured on Net Operating Income (“NOI”). NOI is defined as total operating revenues less total operating expenses. Segments are assessed before interest income, depreciation and amortization of in-place leases.

We have two reportable segments which are: (i) Property Operations and (ii) Home Sales and Rentals Operations. The Property Operations segment owns and operates land lease Properties and the Home Sales and Rentals Operations segment purchases, sells and leases homes at the Properties.

All revenues are from external customers and there is no customer who contributed 10% or more of our total revenues during the quarters or six months ended June 30, 2013 or 2012.

The following tables summarize our segment financial information for the quarters ended June 30, 2013 and 2012 (amounts in thousands):

Quarter Ended June 30, 2013

	Property Operations	Home Sales and Rentals Operations	Consolidated

Does not include approximately \$9.8 million and \$7.9 million for the quarters ended June 30, 2013 and 2012, (a) respectively, and approximately \$19.2 million and \$15.3 million for the six months ended June 30, 2013 and 2012, respectively, of site rental income included in Community base rental income.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

Overview

We are a self-administered, self-managed, real estate investment trust (“REIT”) with headquarters in Chicago, Illinois. We are a fully integrated owner and operator of lifestyle-oriented properties (“Properties”). We lease individual developed areas (“sites”) with access to utilities for placement of factory built homes, cottages, cabins or recreational vehicles (“RVs”). Customers may lease individual sites or purchase right-to-use contracts providing the customer access to specific Properties for limited stays. We were formed to continue the property operations, business objectives and acquisition strategies of an entity that had owned and operated Properties since 1969. As of June 30, 2013, we owned or had an ownership interest in a portfolio of 383 Properties located throughout the United States and Canada containing 142,682 residential sites. These Properties are located in 32 states and British Columbia, with the number of Properties in each state or province shown parenthetically, as follows: Florida (119), California (49), Arizona (41), Texas (17), Michigan (15), Pennsylvania (15), Washington (14), Colorado (10), Oregon (9), North Carolina (8), Delaware (7), Indiana (7), Nevada (7), New York (7), Virginia (7), Maine (5), Massachusetts (5), Wisconsin (5), Idaho (4), Illinois (4), Minnesota (4), New Jersey (4), South Carolina (3), Utah (3), Maryland (2), New Hampshire (2), North Dakota (2), Ohio (2), Tennessee (2), Alabama (1), Connecticut (1), Kentucky (1) and British Columbia (1). This report includes certain “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. When used, words such as “anticipate,” “expect,” “believe,” “project,” “intend,” “may be” and “will be” and similar words or phrases, or the negative thereof, unless the context requires otherwise, are intended to identify forward-looking statements and may include, without limitation, information regarding our expectations, goals or intentions regarding the future, and the expected effect of the recent acquisitions on us. These forward-looking statements are subject to numerous assumptions, risks and uncertainties, including, but not limited to:

- our ability to control costs, real estate market conditions, the actual rate of decline in customers, the actual use of sites by customers and our success in acquiring new customers at our Properties (including those that it may acquire);
- our ability to maintain historical rental rates and occupancy with respect to Properties currently owned or that we may acquire;
- our ability to retain and attract customers renewing, upgrading and entering right-to-use contracts;
- our assumptions about rental and home sales markets;
- our ability to manage counterparty risk;
- in the age-qualified Properties, home sales results could be impacted by the ability of potential home buyers to sell their existing residences as well as by financial, credit and capital markets volatility;
- results from home sales and occupancy will continue to be impacted by local economic conditions, lack of affordable manufactured home financing and competition from alternative housing options including site-built single-family housing;
- impact of government intervention to stabilize site-built single family housing and not manufactured housing;
- effective integration of recent acquisitions and our estimates regarding the future performance of recent acquisitions;
- unanticipated costs or unforeseen liabilities associated with recent acquisitions;
- ability to obtain financing or refinance existing debt on favorable terms or at all;
- the effect of interest rates;
- the dilutive effects of issuing additional securities;
- the effect of accounting for the entry of contracts with customers representing a right-to-use the Properties under the Codification Topic “Revenue Recognition;” and
- other risks indicated from time to time in our filings with the Securities and Exchange Commission.

These forward-looking statements are based on management’s present expectations and beliefs about future events. As with any projection or forecast, these statements are inherently susceptible to uncertainty and changes in circumstances. We are under no obligation to, and expressly disclaim any obligation to, update or alter our forward-looking statements whether as a result of such changes, new information, subsequent events or otherwise.

The following chart lists the Properties acquired, invested in, or sold since January 1, 2012 through June 30, 2013.

Property	Transaction Date	Sites
Total Sites as of January 1, 2012		141,132
Property or Portfolio (# of Properties in parentheses):		
Acquisitions:		
Victoria Palms (1)	December 28, 2012	1,122
Alamo Palms Resort (1)	December 28, 2012	643
Expansion Site Development and other:		
Sites added (reconfigured) in 2012		(55)
Sites added (reconfigured) in 2013		3
Dispositions:		
Cascade (1)	December 7, 2012	(163)
Total Sites as of June 30, 2013		142,682

The gross investment in real estate has increased approximately \$28 million to \$4,073 million as of June 30, 2013 from \$4,045 million as of December 31, 2012.

Outlook

Occupancy in our Properties as well as our ability to increase rental rates directly affects revenues. Our revenue streams are predominantly derived from customers renting our sites on a long-term basis. Revenues are subject to seasonal fluctuations and accordingly, quarterly interim results may not be indicative of full fiscal year results. The following table shows the breakdown of our sites by type. Our community sites and annual resort sites are leased on an annual basis. Seasonal sites are leased to customers generally for three to six months. Transient sites are leased to customers on a short-term basis. The revenue from seasonal and transient sites is generally higher during the first and third quarters. We expect to service over 100,000 customers at our transient sites in 2013 and we consider this revenue stream to be our most volatile as it is subject to weather conditions and other factors affecting the marginal RV customer's vacation and travel preferences. Sites designated as right-to-use sites are primarily utilized to service the approximately 95,000 customers who have entered into right-to-use contracts. We also have interests in joint venture Properties for which revenue is classified as Equity in income from unconsolidated joint ventures in the Consolidated Statements of Income and Comprehensive Income.

	Total Sites as of June 30, 2013
Community sites ⁽¹⁾	74,100
Resort sites:	
Annual	22,800
Seasonal	9,000
Transient	9,600
Right-to-use ⁽²⁾	24,100
Joint Ventures ⁽³⁾	3,100
	142,700

(1) Includes approximately 5,300 sites in 11 properties held for disposition as of June 30, 2013, of which ten properties comprising approximately 4,900 sites were sold on July 23, 2013.

(2) Includes approximately 4,600 sites rented on an annual basis.

(3) Joint ventures have approximately 2,700 annual sites, approximately 300 seasonal sites and approximately 100 transient sites.

The following comparisons exclude the results from the 11 Properties that have been reclassified to "Discontinued operations" on the Consolidated Statements of Income and Comprehensive Income (see Note 4 in the Notes to the Consolidated Financial Statements contained in this Form 10-Q).

A significant portion of our rental agreements on community sites tie rent increases directly or indirectly to published Consumer Price Index (“CPI”) statistics that are issued from June through September of the year prior to the increase effective date. We currently expect our 2013 Core community base rental income to increase approximately 3.0% compared to 2012. We have already notified 92% of our community site customers of rent increases effective in 2013. Nineteen of our 49 California Properties, our seven Delaware Properties and one of our five Massachusetts Properties are affected by state and local rent control regulations. The impact of the rent control regulations is to limit our ability to implement rent increases based on prevailing market conditions. The regulations generally provide the ability to increase rates by a fraction

of the increase in the CPI. The limit on rent increases may range from 60% to 100% of CPI with certain maximum limits depending on the jurisdiction.

We believe the disruption in the site-built housing market has impacted our home sales business. Customers' inability to sell their existing site-built homes and relocate to their retirement destination has significantly reduced new home sales volumes since 2007. In addition, while the majority of customers historically paid cash to purchase new homes in our communities, we believe the lack of affordable chattel financing is impacting customer purchase decisions in the current economic environment. Chattel financing options available today include community owner funded programs or third party lender programs which provide subsidized financing to customers and require the community owner to guarantee customer defaults. We entered into ECHO financing, a newly formed joint venture, in order to offer another financing option to purchasers of homes at our Properties. Third party lender programs have stringent underwriting criteria, sizable down payment requirements, short loan amortization and high interest rates.

In this environment, we believe that customer demand for rentals, which do not require a down payment, is high. We are responding to this by renting our vacant new and used homes. This may represent an attractive source of occupancy if we can transition from renters to new home buyers in the future. We are also focusing on sales of used homes within our manufactured home Properties. Our Core Portfolio (as defined below) used home sales in our manufactured home communities during the six months ended June 30, 2013 increased 21% over the same period of the prior year.

As of June 30, 2013, we had 5,424 occupied manufactured home rentals. For the quarters ended June 30, 2013 and 2012, rental program net operating income was approximately \$10.3 million and \$8.1 million, respectively, net of rental asset depreciation expense of approximately \$1.5 million and \$1.2 million, respectively. Approximately \$9.8 million and \$7.9 million of rental operations revenue was included in community base rental income for the quarters ended June 30, 2013 and 2012, respectively.

For the six months ended June 30, 2013 and 2012, rental program net operating income was approximately \$19.8 million and \$15.6 million, respectively, net of rental asset depreciation expense of approximately \$3.0 million and \$2.5 million, respectively. Approximately \$19.2 million and \$15.3 million of rental operations revenue was included in community base rental income for the six months ended June 30, 2013 and 2012, respectively. We believe that, unlike the new home sales business, at this time we compete effectively with other types of rentals (i.e., apartments). We continue to evaluate home rental operations and may continue to invest in additional units.

In our resort Properties, we are focused on engaging with our existing customers and providing them the lifestyle they seek as well as attracting additional customers interested in our Properties. We continue to see growth in our annual revenues. Second quarter annual revenues were 9.0% higher than the second quarter of last year. Our customer base is loyal and engaged in the lifestyle we offer in our Properties. We have annual customers who have stayed ten years with us and our member base includes members who have camped with us for more than twenty years. Our social media presence has increased within this member base.

In the spring of 2010, we introduced low-cost membership products that focus on the installed base of almost eight million RV owners. Such products include right-to-use contracts that entitle the customer to use certain Properties. We are offering a Zone Park Pass ("ZPP"), which can be purchased for one to five zones of the United States and require annual payments. Beginning on February 1, 2013, the required annual payments increased from \$499 to \$525. The ZPP replaces high cost products that were typically entered into at Properties after tours and lengthy sales presentations. Prior to 2010, we incurred significant costs to generate leads, conduct tours and make sales presentations. A single zone ZPP requires no additional upfront payment while additional zones may be purchased for modest additional upfront payments. Since inception we have entered into approximately 30,000 ZPPs. For the six months ended June 30, 2013, we entered into approximately 7,700 ZPPs, or a 63.8% increase from approximately 4,700 ZPPs for the six months ended June 30, 2012.

In 2012, we initiated a program with RV dealers to feature our ZPP as part of the dealers' sales and marketing efforts. In return, we provide the dealer with a ZPP membership to give to their customers in connection with the purchase of an RV. Since the inception of the ZPP program with the RV dealers, we have activated 4,520 ZPPs and recorded

approximately \$0.7 million of revenue through June 30, 2013. While certain RV dealers make up-front cash payments in exchange for the ZPP they bundle with an RV sale, no cash is received from the members during the first year of membership for memberships activated through the RV dealer program. Revenue earned is offset by non-cash membership sales and marketing expenses related to advertising provided by RV dealers. Through June 30, 2013, memberships activated through the RV dealer program have contributed approximately \$0.4 million of non-cash revenue. The total non-cash revenue recorded since inception has been approximately \$0.7 million. This non-cash revenue is offset by RV dealer expenses.

Existing customers are eligible to upgrade their right-to-use contract from time-to-time. An upgrade is currently distinguishable from a new right-to-use contract that a customer would enter into by, depending on the type of upgrade, offering (1) increased length of consecutive stay by 50% (i.e., up to 21 days); (2) ability to make earlier advance reservations; (3) discounts

on rental units; (4) access to additional Properties, which may include use of sites at non-membership RV Properties and (5) membership in discount travel programs. Each upgrade contract requires a nonrefundable upfront payment. We may finance the nonrefundable upfront payment.

We actively seek to acquire additional Properties and currently are engaged in negotiations relating to the possible acquisition of a number of Properties. At any time these negotiations are at varying stages, which may include contracts outstanding to acquire certain Properties, which are subject to satisfactory completion of our due diligence review.

Critical Accounting Policies and Estimates

Refer to the 2012 Form 10-K for a discussion of our critical accounting policies, which includes impairment of real estate assets and investments, investments in unconsolidated joint ventures, notes receivable and accounting for stock compensation. There have been no changes to these policies during the six months ended June 30, 2013.

Comparison of the Quarter Ended June 30, 2013 to the Quarter Ended June 30, 2012

The following tables for the comparison of the quarter ended June 30, 2013 to the quarter ended June 30, 2012 exclude the results from the 11 Properties that have been reclassified to “Discontinued operations” on the Consolidated Statements of Income and Comprehensive Income.

Income from Property Operations

The following table summarizes certain financial and statistical data for the Property Operations for all Properties owned and operated for the same period in both years (“Core Portfolio”) and the total portfolio for the quarters ended June 30, 2013 and 2012 (amounts in thousands). The Core Portfolio may change from time-to-time depending on acquisitions, dispositions and significant transactions or unique situations. The Core Portfolio in this Form 10-Q includes all Properties acquired prior to December 31, 2011 and which we have owned and operated continuously since January 1, 2012. Core Portfolio growth percentages exclude the impact of GAAP deferrals of upfront payments from right-to-use contracts entered and related commissions.

	Core Portfolio				Total Portfolio				
	2013	2012	Increase/ (Decrease)	% Change	2013	2012	Increase/ (Decrease)	% Change

Sales and marketing, gross										
Property operating expenses, excluding deferrals and Property management	74,100	72,277	1,823	2.5	%	75,053	72,305	2,748	3.8	%
Income from property operations, excluding deferrals and Property management	94,097	91,502	2,595	2.8	%	94,401	91,485	2,916	3.2	%
Property management	10,055	9,197	858	9.3	%	10,170	9,312	858	9.2	%
Income from property operations, excluding deferrals	\$84,042	\$82,305	\$1,737	2.1	%	\$84,231	\$82,173	\$2,058	2.5	%

The 3.2% increase in Core Portfolio community base rental income primarily reflects a 2.4% increase in rates and a 0.8% increase in occupancy. The average monthly base rent per site increased to \$537 in 2013 from \$524 in 2012. The average occupancy increased to 91.6% in 2013 from 90.9% in 2012. The increase in property operating and maintenance is primarily due to an increase in landscaping expenses and maintenance supplies.

Resort base rental income is comprised of the following (amounts in thousands):

	Core Portfolio				Total Portfolio				
	2013	2012	Variance	% Change	2013	2012	Variance	% Change	
Annual	\$22,460	\$21,534	\$926	4.3	% \$23,465	\$21,534	\$1,931	9.0	%
Seasonal	2,979	2,655	324	12.2	% 2,986	2,655	331	12.5	%
Transient	6,629	6,219	410	6.6	% 6,746	6,219	527	8.5	%
Resort base rental income	\$32,068	\$30,408	\$1,660	5.5	% \$33,197	\$30,408	\$2,789	9.2	%

The increase in rental home income and rental home operating and maintenance are discussed in further detail in the Rental Operations table below.

The 1.5% decrease in right-to-use annual payments is primarily due to attrition in the historical member base that typically paid higher annual payments. During the quarter ending June 30, 2013, our member count was flat compared to the same period in 2012. Right-to-use contracts current period, gross, net of sales and marketing, gross, decreased primarily due to an increase in commissions from a higher volume of upgrade sales and non-cash membership sales and marketing expenses related to advertising provided by RV dealers.

The following growth rate percentages are before property management (amounts in thousands):

	Core Portfolio				Total Portfolio				
	2013	2012	Variance	% Change	2013	2012	Variance	% Change	
Property operating revenues, excluding Right-to-use contracts current period, gross	\$164,836	\$160,837	\$3,999	2.5	% \$166,093	\$160,848	\$5,245	3.3	%
Property operating expenses, excluding Sales and marketing, gross	70,767	69,645	1,122	1.6	% 71,720	69,673	2,047	2.9	%
Income from property operations, excluding Right-to-use contracts current period, gross and Sales and marketing, gross	\$94,069	\$91,192	\$2,877	3.2	% \$94,373	\$91,175	\$3,198	3.5	%

The increase in total portfolio income from property operations is due primarily to an increase in rates and occupancy in community base rental income and rental home income.

Home Sales Operations

The following table summarizes certain financial and statistical data for the Home Sales Operations for the quarters ended June 30, 2013 and 2012 (amounts in thousands, except home sales volumes).

	2013	2012	Variance	% Change
Gross revenues from new home sales	\$1,258	\$193	\$1,065	551.8
Cost of new home sales	(1,144)	(148)	(996)	(673.0)
Gross profit from new home sales	114	45	69	153.3
Gross revenues from used home sales	2,959	1,728	1,231	71.2
Cost of used home sales	(2,775)	(2,366)	(409)	(17.3)
Gross income (loss) from used home sales	184	(638)	822	128.8
Brokered resale revenues and ancillary services revenues, net	932	482	450	93.4
Home selling expenses	(454)	(399)	(55)	(13.8)

Edgar Filing: SMITH MICRO SOFTWARE INC - Form S-3

Income (loss) from home sales operations and other	\$776	\$(510) \$1,286	252.2	%
Home sales volumes					
New home sales ⁽¹⁾	23	4	19	475.0	%
Used home sales	398	345	53	15.4	%
Brokered home resales	227	256	(29) (11.3)%

⁽¹⁾ Includes two related party home sales for the quarter ended June 30, 2013.

The increase in income from home sales operations and other is due primarily to higher gross profits per home sale and an increase in new and used home sales.

Rental Operations

The following table summarizes certain financial and statistical data for manufactured home Rental Operations for the quarters ended June 30, 2013 and 2012 (amounts in thousands, except rental unit volumes).

	2013	2012	Variance	% Change	
Manufactured homes:					
New Home	\$5,579	\$4,261	\$1,318	30.9	%
Used Home	7,761	6,410	1,351	21.1	%
Rental operations revenue ⁽¹⁾	13,340	10,671	2,669	25.0	%
Rental home operating and maintenance	(1,487)	(1,281)	(206)	(16.1))%
Income from rental operations	11,853	9,390	2,463	26.2	%
Depreciation on rental homes ⁽²⁾	(1,632)	(1,351)	(281)	(20.8))%
Income from rental operations, net of depreciation	\$10,221	\$8,039	\$2,182	27.1	%
Gross investment in new manufactured home rental units	\$111,125	\$91,039	\$20,086	22.1	%
Gross investment in used manufactured home rental units	\$62,682	\$54,040	\$8,642	16.0	%
Net investment in new manufactured home rental units	\$99,853	\$83,107	\$16,746	20.1	%
Net investment in used manufactured home rental units	\$55,367	\$49,488	\$5,879	11.9	%
Number of occupied rentals – new, end of period	2,013	1,517	496	32.7	%
Number of occupied rentals – used, end of period	3,411	2,945	466	15.8	%

Approximately \$9.8 million and \$7.9 million for the quarters ended June 30, 2013 and 2012, respectively, of site (1) rental income are included in Community base rental income in the Income from Property Operations table. The remainder of home rental income is included in Rental home income in the Income from Property Operations table.

(2) Included in depreciation on real estate and other costs in the Consolidated Statements of Income and Comprehensive Income.

The increase in income from rental operations is due primarily to a higher number of rental units. In the ordinary course of business, we acquire used homes from customers through purchase, foreclosure on a lien or abandonment. In a vibrant new home sale market, older homes may be removed from sites and replaced with new homes. In the current environment, however, used homes are rented either in the condition received or after warranted rehabilitation. We continue to evaluate rental units and if market conditions improve may invest in new homes.

Other Income and Expenses

The following table summarizes other income and expenses for the quarters ended June 30, 2013 and 2012 (amounts in thousands).

	2013	2012	Variance	% Change	
Depreciation on real estate and rental homes	\$(29,313)	\$(25,523)	\$(3,790)	(14.8))%
Amortization of in-place leases	(159)	(15,650)	15,491	99.0	%
Interest income	2,076	1,908	168	8.8	%
Income from other investments, net	1,624	1,567	57	3.6	%
General and administrative (net of transaction costs)	(6,746)	(6,810)	64	0.9	%
Transaction costs	(200)	—	(200)	—	%
Early debt retirement	(1,381)	—	(1,381)	—	%

Edgar Filing: SMITH MICRO SOFTWARE INC - Form S-3

Rent control initiatives and other	(1,624)	(367)	(1,257)	(342.5)%
Interest and related amortization	(30,377)	(30,705)	328		1.1	%
Total other expenses, net	\$(66,100)	\$(75,580)	\$9,480		12.5	%

During the quarter ended June 30, 2013, we recorded an additional \$3.2 million in depreciation expense to correct amounts recorded in prior periods related to certain assets.

Amortization of in-place leases decreased due primarily to the expected one-year life of in-place leases. In-place lease amortization in 2013 includes the amortization of in-place leases at two Properties and in 2012 includes the amortization at 75 Properties.

Early debt retirement expenses increased primarily due to defeasance costs as well as other transaction costs totaling \$1.4 million related to the refinancing transaction that occurred in the second quarter of 2013 (see Note 7 in the Notes to Consolidated Financial Statements in this Form 10-Q).

Rent control initiatives and other increased primarily due to an accrual of approximately \$1.4 million recorded during the second quarter of 2013 related to an award of attorney's fees and costs to the City of San Rafael in the rent control litigation (see Note 12 in the Notes to Consolidated Financial Statements contained in this Form 10-Q).

Comparison of the Six Months Ended June 30, 2013 to the Six Months Ended June 30, 2012

The following tables for the comparison of the six months ended June 30, 2013 to the six months ended June 30, 2012 exclude the results from the 11 Properties that have been reclassified to "Discontinued operations" on the Consolidated Statements of Income and Comprehensive Income.

Income from Property Operations

The following table summarizes certain financial and statistical data for the Property Operations for all Properties owned and operated for the same period in both years ("Core Portfolio") and the total portfolio for the six months ended June 30, 2013 and 2012 (amounts in thousands). The Core Portfolio may change from time-to-time depending on acquisitions, dispositions and significant transactions or unique situations. The Core Portfolio in this Form 10-Q includes all Properties acquired prior to December 31, 2011 and which we have owned and operated continuously since January 1, 2012. Core Portfolio growth percentages exclude the impact of GAAP deferrals of upfront payments from right-to-use contracts entered and related commissions.

	Core Portfolio					Total Portfolio				
	2013	2012	Increase/ (Decrease)	% Change		2013	2012	Increase/ (Decrease)	% Change

	197,091	191,846	5,245	2.7	%	198,658	191,812	6,846	3.6	%

Income from property operations, excluding deferrals and Property management

Property management	20,072	18,716	1,356	7.2	%	20,303	18,947	1,356	7.2	%
---------------------	--------	--------	-------	-----	---	--------	--------	-------	-----	---

Income from property operations, excluding deferrals	\$177,019	\$173,130	\$3,889	2.2	%	\$178,355	\$172,865	\$5,490	3.2	%
--	-----------	-----------	---------	-----	---	-----------	-----------	---------	-----	---

The 3.0% increase in Core Portfolio community base rental income primarily reflects a 2.4% increase in rates and a 0.6% increase in occupancy. The average monthly base rent per site increased to \$535 in 2013 from \$524 in 2012. The average occupancy increased to 91.5% in 2013 from 90.9% in 2012. The increase in property operating and maintenance is primarily due to an increase in landscaping expenses and maintenance supplies.

Resort base rental income is comprised of the following (amounts in thousands):

	Core Portfolio				Total Portfolio					
	2013	2012	Variance	% Change	2013	2012	Variance	% Change		
Annual	\$44,461	\$42,802	\$1,659	3.9	%	\$46,489	\$42,802	\$3,687	8.6	%
Seasonal	14,277	14,255	22	0.2	%	14,834	14,255	579	4.1	%
Transient	11,834	10,930	904	8.3	%	12,613	10,930	1,683	15.4	%
Resort base rental income	\$70,572	\$67,987	\$2,585	3.8	%	\$73,936	\$67,987	\$5,949	8.8	%

The increase in rental home income and rental home operating and maintenance are discussed in further detail in the Rental Operations table below.

The decrease in right-to-use annual payments is primarily due to net attrition in the member base. During the six months ending June 30, 2013, our member count was flat compared to the same period in 2012. Right-to-use contracts current period, gross, net of sales and marketing, gross, decreased primarily due to an increase in commissions from a higher volume of upgrade sales and non-cash membership sales and marketing expenses related to advertising provided by RV dealers.

The following growth rate percentages are before property management (amounts in thousands):

	Core Portfolio				Total Portfolio				
	2013	2012	Variance	% Change	2013	2012	Variance	% Change	
Property operating revenues, excluding Right-to-use contracts current period, gross	\$335,530	\$326,796	\$8,734	2.7	% \$339,208	\$326,812	\$12,396	3.8	%
Property operating expenses, excluding Sales and marketing, gross	138,937	135,861	3,076	2.3	% 141,048	135,911	5,137	3.8	%
Income from property operations, excluding Right-to-use contracts current period, gross and Sales and marketing, gross	\$196,593	\$190,935	\$5,658	3.0	% \$198,160	\$190,901	\$7,259	3.8	%

The increase in total portfolio income from property operations is due primarily to an increase in rates and occupancy in community base rental income and rental home income.

Home Sales Operations

The following table summarizes certain financial and statistical data for the Home Sales Operations for the six months ended June 30, 2013 and 2012 (amounts in thousands, except home sales volumes).

	2013	2012	Variance	% Change
Gross revenues from new home sales	\$1,739	\$897	\$842	93.9
Cost of new home sales	(1,616)	(752)	(864)	(114.9)
Gross profit from new home sales	123	145	(22)	(15.2)
Gross revenues from used home sales	5,174	3,028	2,146	70.9
Cost of used home sales	(5,084)	(3,929)	(1,155)	(29.4)
Gross income (loss) from used home sales	90	(901)	991	110.0
Brokered resale revenues and ancillary services revenues, net	2,727	2,225	502	22.6
Home selling expenses	(981)	(728)	(253)	(34.8)
Income from home sales operations and other	\$1,959	\$741	\$1,218	164.4
Home sales volumes

Income from rental operations	22,834	18,013	4,821	26.8	%
Depreciation on rental homes ⁽²⁾	(3,194)	(2,646)	(548)	(20.7))%
Income from rental operations, net of depreciation	\$19,640	\$15,367	\$4,273	27.8	%
Gross investment in new manufactured home rental units					
	\$111,125	\$91,039	\$20,086	22.1	%
Gross investment in used manufactured home rental units					
	\$62,682	\$54,040	\$8,642	16.0	%
Net investment in new manufactured home rental units					
	\$99,853	\$83,107	\$16,746	20.1	%
Net investment in used manufactured home rental units					
	\$55,367	\$49,488	\$5,879	11.9	%
Number of occupied rentals – new, end of period					
	2,013	1,517	496	32.7	%
Number of occupied rentals – used, end of period					
	3,411	2,945	466	15.8	%

Approximately \$19.2 million and \$15.3 million for the six months ended June 30, 2013 and 2012, respectively, of site rental income are included in Community base rental income in the Income from Property Operations table.

(1) The remainder of home rental income is included in Rental home income in the Income from Property Operations table.

(2) Included in depreciation on real estate and other costs in the Consolidated Statements of Income and Comprehensive Income.

The increase in income from rental operations is due primarily to the increase in the number of rental units.

Other Income and Expenses

The following table summarizes other income and expenses for the six months ended June 30, 2013 and 2012 (amounts in thousands).

	2013	2012	Variance	% Change	
Depreciation on real estate and rental homes	\$(55,333)	\$(50,947)	\$(4,386)	(8.6))%
Amortization of in-place leases	(318)	(31,265)	30,947	99.0	%
Interest income	3,974	4,012	(38)	(0.9))%
Income from other investments, net	4,104	3,055	1,049	34.3	%
General and administrative (net of transaction costs)	(13,455)	(12,909)	(546)	(4.2))%
Transaction costs	(200)	—	(200)	—	%
Early debt retirement	(1,381)	—	(1,381)	—	%
Rent control initiatives and other	(1,856)	(846)	(1,010)	(119.4))%
Interest and related amortization	(60,500)	(61,528)	1,028	1.7	%
Total other expenses, net	\$(124,965)	\$(150,428)	\$25,463	16.9	%

During the quarter ended June 30, 2013, we recorded an additional \$3.2 million in depreciation expense to correct amounts recorded in prior periods related to certain assets.

Amortization of in-place leases decreased due primarily to the expected one-year life of in-place leases. In-place lease amortization in 2013 includes the amortization of in-place leases at two Properties and in 2012 includes the amortization at 75 Properties.

Income from other investments, net increased primarily due to the \$1.0 million increase in the fair value of the contingent consideration asset established in connection with the Properties acquired in 2011 (see Note 4 in the Notes to the Consolidated Financial Statements contained in this Form 10-Q). We revalue the contingent consideration asset as of each reporting date and recognize in earnings any increase or decrease in fair value of the contingent consideration asset. The fair value estimate of the contingent consideration asset at June 30, 2013 is \$6.7 million.

General and administrative increased primarily due to the increase in value of stock awarded to certain directors and professional fees due to certain litigation matters (see Note 12 in the Notes to Consolidated Financial Statements contained in this Form 10-Q).

Early debt retirement expenses increased primarily due to defeasance costs as well as other transaction costs totaling \$1.4 million related to the refinancing transaction that occurred in the second quarter of 2013 (see Note 7 in the Notes to Consolidated Financial Statements in this Form 10-Q).

Rent control initiatives and other increased primarily due to an accrual of approximately \$1.4 million recorded during the second quarter of 2013 related to an award of attorney's fees and costs to the City of San Rafael in the rent control litigation (see Note 12 in the Notes to Consolidated Financial Statements contained in this Form 10-Q).

Liquidity and Capital Resources

Liquidity

Our primary demands for liquidity include payment of operating expenses, debt service, including principal and interest, capital improvements on properties, purchasing both new and pre-owned homes, acquisitions of new properties, and distributions. We expect these demands for liquidity to continue for the short-term and long-term. Our commitment to capital improvements on existing assets is anticipated to be consistent with last year. Our primary sources of cash include operating cash flows, proceeds from financings, borrowings under our LOC and proceeds from issuance of equity and debt securities. We have entered into equity distribution agreements with sales agents, pursuant to which we may sell, from time-to-time, shares of our common stock, par value \$0.01 per share, having an aggregate offering price of up to \$125.0 million. We have not sold any common stock to date under the equity distribution agreements. In addition, we have available liquidity in the form of authorized and unissued preferred stock of approximately 9.9 million shares and authorized common stock in an unallocated shelf registration statement which was automatically effective when filed with the SEC.

One of our stated objectives is to maintain financial flexibility. Achieving this objective allows us to take advantage of strategic opportunities that may arise. We believe effective management of our balance sheet, including maintaining various access points to raise capital, manage future debt maturities and borrow at competitive rates enables us to meet this objective. We believe we currently have sufficient liquidity, in the form of \$177.9 million in available cash and \$380.0 million available on our LOC, to satisfy our near term obligations.

We expect to meet our short-term liquidity requirements, including all distributions, generally through net cash provided by operating activities and availability under our existing LOC. We consider these resources to be adequate to meet our operating requirements for capital improvements, amortizing debt and payment of dividends and distributions.

We expect to meet certain long-term liquidity requirements such as scheduled debt maturities, property acquisitions and capital improvements by use of our current cash balance, long-term collateralized and uncollateralized borrowings including borrowings under the existing LOC and the issuance of debt securities or our additional equity securities, in addition to net cash provided by operating activities. As of June 30, 2013, we had approximately \$60.8 million of remaining scheduled debt maturities in 2013 (excluding scheduled principal payments on debt maturing in 2013 and beyond). We expect to satisfy our 2013 maturities with the existing cash and anticipated operating cash.

During the quarter ended June 30, 2013, we entered into agreements to obtain new mortgage loans from institutional lenders. The agreements provided that these loans will be secured by mortgages on 25 manufactured home and RV properties. The loans began to close in stages beginning in the second quarter of 2013 with the final closing anticipated to occur in April 2014. There can be no assurance that these loans will close on the expected terms, in the expected time frame or at all.

During the six months ended June 30, 2013, we paid off four mortgages totaling approximately \$29.8 million, with a weighted average interest rate of 5.7% per annum. In connection with two of these transactions, we incurred an aggregate of \$1.4 million in defeasance costs associated with the early retirement of those mortgages.

During the quarter ended June 30, 2013, we closed on \$110.0 million in financing. This loan is secured by a portfolio of RV properties, matures in 2023 and bears a stated interest rate of 4.87% per annum. During the term of the loan, we will be subject to customary affirmative and negative covenants. On July 1, 2013, the proceeds from the new loan, along with available cash, were used to pay off six mortgages with maturity dates in 2015. The retired loans had an outstanding principal balance of approximately \$120.0 million, with a weighted average interest rate of 5.7% per annum. In connection with these mortgage payoffs, we incurred an aggregate of \$15.0 million in defeasance costs associated with the early retirement of these mortgages.

On July 18, 2013, in connection with the disposition of our Michigan Properties (see Note 4 in the Notes to Consolidated Financial Statements in this Form 10-Q), we paid off the mortgage on one manufactured home community, which was scheduled to mature on 2020, for approximately \$7.8 million with a stated interest rate of 7.2% per annum. In addition, we paid a prepayment fee of \$1.45 million to be reimbursed upon closing of the remaining Michigan Property during the third quarter of 2013.

On July 30, 2013, we closed on a loan of \$70.5 million secured by two manufactured home communities and bears a stated interest rate of 4.35% per annum maturing in 2038. During the term of the loan, we will be subject to customary affirmative and negative covenants. The loan proceeds and available cash were used to defease approximately \$20.9 million of debt maturing in 2015, with a weighted average rate of 6.33% per annum, which was secured by three manufactured home communities. We paid approximately \$2.8 million in defeasance costs associated with the early retirement of these mortgages.

On August 1, 2013, we closed five loans totaling \$166.6 million in proceeds, which are secured by seven manufactured home communities and have a weighted average interest rate of 4.25% per annum, with \$115.0 million maturing in 2028 and the remainder maturing in 2038. During the term of the loans, we will be subject to customary affirmative and negative covenants. We also used loan proceeds and available cash to defease \$154.5 million of debt maturing in 2015, which was secured by 18 manufactured home communities and had a weighted average interest rate of 5.56% per annum. We paid an aggregate of approximately \$18.9 million in defeasance costs associated with the early retirement of that debt. We also repaid \$60.7 million of debt maturing in 2013, which had a weighted average interest rate of 6.02% per annum and constituted the remainder of our 2013 maturities.

The table below summarizes cash flow activity for the six months ended June 30, 2013 and 2012 (amounts in thousands).

	Six Months Ended	
	June 30, 2013	2012
Net cash provided by operating activities	\$138,072	\$129,026
Net cash used in investing activities	(34,907) (26,879
Net cash provided by (used in) financing activities	37,604	(37,640
Net increase in cash	\$140,769	\$64,507
Operating Activities		

Net cash provided by operating activities increased \$9.0 million for six months ended June 30, 2013, as compared to the net cash provided by operating activities for the six months ended June 30, 2012. The increase in cash provided by operating activities is primarily due to an increase in property operating income.

Investing Activities

Net cash used in investing activities was \$34.9 million for the six months ended June 30, 2013 compared to \$26.9 million for the six months ended June 30, 2012. Significant components of net cash used in investing activities include:

- We paid approximately \$35.9 million related to capital improvements in 2013 compared to \$30.6 million in 2012 (see table below).

- We received approximately \$6.5 million of repayments on notes receivable in 2013 compared to \$6.6 million in 2012 partially offset by issuances of new notes receivable of \$4.4 million in 2013 compared to \$2.9 million in 2012 (see Note 6 in the Notes to Consolidated Financial Statements contained in this Form 10-Q for further discussion).

- We invested approximately \$1.1 million to create a new joint venture (see Note 5 in the Notes to Consolidated Financial Statements contained in this Form 10-Q for further discussion).

Capital Improvements

The table below summarizes capital improvements activity for the six months ended June 30, 2013 and 2012 (amounts in thousands).

	Six Months Ended	
	June 30, ⁽¹⁾	
	2013	2012
Recurring Cap Ex ⁽²⁾	\$11,240	\$12,349
Development ⁽³⁾	2,086	747
New home investments	12,346	10,338
Used home investments	9,933	6,873
Total Property	35,605	30,307
Corporate	245	253
Total Capital improvements	\$35,850	\$30,560

(1) Excludes non-cash activity of approximately \$1.2 million and \$4.0 million of used homes acquired by repossessions of Chattel Loans collateral for both the six months ended June 30, 2013 and 2012, respectively.

(2) Recurring capital expenditures (“Recurring CapEx”) are primarily comprised of common area improvements, furniture, and mechanical improvements.

(3) Development primarily represents costs to improve and upgrade Property infrastructure or amenities.

Financing Activities

Net cash provided by financing activities was \$37.6 million for the six months ended June 30, 2013 compared to net cash used in financing activities of \$37.6 million for the six months ended June 30, 2012. Significant components of net cash provided by (used in) financing activities include:

We closed on \$110.0 million in financing in 2013 (see Note 7 in the Notes to Consolidated Financial Statements contained in this Form 10-Q for a description of our borrowing arrangements).

We paid approximately \$16.1 million of amortizing principal debt and approximately \$29.8 million of maturing mortgages and paid approximately \$1.5 million in debt issuance costs in 2013 (see Note 7 in the Notes to Consolidated Financial Statements contained in this Form 10-Q for a description of our borrowing arrangements).

We paid approximately \$25.1 million of distributions in 2013 to common stockholders, common OP unitholders and preferred stockholders and paid approximately \$0.5 million for other, offset by proceeds received of approximately \$0.6 million from the exercise of stock options and the sale of shares through the employee stock purchase plan (see Note 3 in the Notes to Consolidated Financial Statements contained in this Form 10-Q for a description of our equity transactions).

We paid approximately \$15.0 million of amortizing principal debt, paid approximately \$63.3 million of maturing mortgages, and paid approximately \$0.7 million of debt issuance costs in 2012. We received approximately \$85.5 million in financing proceeds in 2012 (see Note 7 in the Notes to Consolidated Financial Statements contained in this Form 10-Q for a description of our borrowing arrangements).

We paid approximately \$44.8 million of distributions in 2012 to common stockholders, common OP unitholders and preferred stockholders offset by proceeds received of approximately \$0.7 million from the exercise of stock options and the sale of shares through the employee stock purchase plan.

Contractual Obligations

As of June 30, 2013, we were subject to certain contractual payment obligations as described in the table below (amounts in thousands):

	Total	2013	2014	2015	2016	2017	Thereafter	
Long Term Borrowings ⁽¹⁾	\$2,301,536	\$76,887	\$145,766	\$593,315	\$240,090	\$304,498	\$940,980	
Interest Expense ⁽²⁾	541,716	62,016	115,574	105,329	70,361	59,347	129,089	
Operating Lease LOC Maintenance Fee ⁽³⁾	13,626	832	1,720	1,762	1,790	1,818	5,704	
Total Contractual Obligations	\$2,860,540	\$140,305	\$264,200	\$701,546	\$313,053	\$365,663	\$1,075,773	
Weighted average interest rates	5.44	% 5.56	% 5.52	% 5.51	% 5.44	% 5.52	% 5.35	%

⁽¹⁾ Balance excludes net premiums of \$21.3 million, primarily due to the fair market value adjustment of the assumption of \$515.0 million of secured debt from the 2011 Acquisition Properties. Balances include debt maturing and scheduled periodic principal payments.

⁽²⁾ Amounts include interest expected to be incurred on our secured debt based on obligations outstanding as of June 30, 2013.

⁽³⁾ Assumes we will exercise our one year extension option on September 15, 2016 and assumes we will maintain our current leverage ratios as defined by the LOC.

We do not include insurance, property taxes and cancelable contracts in the contractual obligations table above. We also lease land under non-cancelable operating leases at certain of the Properties expiring in various years from 2013 to 2054. The majority of the lease terms require twelve equal payments per year plus additional rents calculated as a percentage of gross revenues. The Colony Cove Property lease requires escalated payments every three months based on the increase in the purchase option (see further detail below). Minimum future rental payments under the ground leases are approximately \$3.4 million in 2013 and approximately \$1.9 million in 2014, 2015, 2016 and 2017 and approximately \$12.1 million thereafter. The decrease in future minimum rental payments assumes that we will exercise our option to acquire land at the recently acquired Colony Cove Property on January 1, 2014. The option exercise date is subject to certain assumptions and the timing of the option exercise may be before or after January 1, 2014.

With respect to maturing debt, we have staggered the maturities of our long-term mortgage debt over an average of approximately five years, with approximately \$593.3 million (which is due in 2015) in principal maturities coming due in any single year. We believe that we will be able to refinance our maturing debt obligations on a secured or unsecured basis; however, to the extent we are unable to refinance our debt as it matures, we believe that we will be able to repay such maturing debt from operating cash flow, asset sales and/or the proceeds from equity issuances. With respect to any refinancing of maturing debt, our future cash flow requirements could be impacted by significant changes in interest rates or other debt terms, including required amortization payments.

Inflation

Substantially all of the leases at the Properties allow for monthly or annual rent increases which provide us with the opportunity to achieve increases, where justified by the market, as each lease matures. Such types of leases generally minimize our risks of inflation. In addition, our resort Properties are not generally subject to leases and rents are established for these sites on an annual basis. Our right-to-use contracts generally provide for an annual dues increase, but dues may be frozen under the terms of certain contracts if the customer is over 61 years old.

Off Balance Sheet Arrangements

As of June 30, 2013, we have no off balance sheet arrangements.

Funds From Operations

Funds from Operations (“FFO”) is a non-GAAP financial measure. We believe FFO, as defined by the Board of Governors of the National Association of Real Estate Investment Trusts (“NAREIT”), is generally an appropriate measure of performance for an equity REIT. While FFO is a relevant and widely used measure of operating performance for equity REITs, it does not represent cash flow from operations or net income as defined by GAAP, and it should not be considered as an alternative to these indicators in evaluating liquidity or operating performance. We define FFO as net income, computed in accordance with GAAP, excluding gains and actual or estimated losses from sales of properties, plus real estate related depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. Adjustments for unconsolidated partnerships and joint ventures are calculated to reflect FFO on the same basis. We receive up-front non-refundable payments from the entry of right-to-use contracts. In accordance with GAAP, the upfront non-refundable payments and related commissions are deferred and amortized over the estimated customer life. Although the NAREIT definition of FFO does not address the treatment of nonrefundable right-to-use payments, we believe that it is appropriate to adjust for the impact of the deferral activity in our calculation of FFO.

Normalized Funds from Operations (“Normalized FFO”) is a non-GAAP measure. We define Normalized FFO as FFO excluding the following non-operating income and expense items: a) the financial impact of contingent consideration; b) gains and losses from early debt extinguishment, including prepayment penalties and defeasance costs; c) property acquisition and other transaction costs related to mergers and acquisitions; and d) other miscellaneous non-comparable items.

We believe that FFO and Normalized FFO are helpful to investors as supplemental measures of the performance of an equity REIT. We believe that by excluding the effect of depreciation, amortization and actual or estimated gains or losses from sales of real estate, all of which are based on historical costs and which may be of limited relevance in evaluating current performance, FFO can facilitate comparisons of operating performance between periods and among other equity REITs. We further believe that Normalized FFO provides useful information to investors, analysts and our management because it allows them to compare our operating performance to the operating performance of other real estate companies and between periods on a consistent basis without having to account for differences not related to our operations. For example, we believe that excluding the early extinguishment of debt, property acquisition and other transaction costs related to mergers and acquisitions and the change in fair value of our contingent consideration asset from Normalized FFO allows investors, analysts and our management to assess the sustainability of operating performance in future periods because these costs do not affect the future operations of the properties. In some cases, we provide information about identified non-cash components of FFO and Normalized FFO because it allows investors, analysts and our management to assess the impact of those items.

Investors should review FFO and Normalized FFO along with GAAP net income and cash flow from operating activities, investing activities and financing activities, when evaluating an equity REIT’s operating performance. We compute FFO in accordance with our interpretation of standards established by NAREIT, which may not be comparable to FFO reported by other REITs that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently than we do. Normalized FFO presented herein is not necessarily comparable to normalized FFO presented by other real estate companies due to the fact that not all real estate companies use the same methodology for computing this amount. FFO and Normalized FFO do not represent cash generated from operating activities in accordance with GAAP, nor do they represent cash available to pay distributions and should not be considered as an alternative to net income, determined in accordance with GAAP, as an indication of our financial performance, or to cash flow from operating activities, determined in accordance with GAAP, as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs, including our ability to make cash distributions.

The following table presents a calculation of FFO and Normalized FFO for the quarters and six months ended June 30, 2013 and 2012 (amounts in thousands):

	Quarters Ended		Six Months Ended	
	June 30, 2013	2012	June 30, 2013	2012
Computation of funds from operations:				
Net income available for common shares	\$17,860	\$2,063	\$52,883	\$14,495
Income allocated to common OP units	1,597	197	4,730	1,388
Right-to-use contract upfront payments, deferred, net	1,550	1,285	2,590	1,891
Right-to-use contract commissions, deferred, net	(655)	(655)	(1,118)	(897)
Depreciation on real estate assets	27,681	24,173	52,139	48,301
Depreciation on real estate assets, discontinued operations	772	704	1,536	1,379
Depreciation on rental homes	1,632	1,351	3,194	2,646
Amortization of in-place leases	159	15,650	318	31,265
Amortization of in-place leases, discontinued operations	—	2,751	—	5,502
Depreciation on unconsolidated joint ventures	230	288	503	583
Gain on sale of property, net of tax	—	—	(958)	—
FFO available for common shares	50,826	47,807	115,817	106,553
Change in fair value of contingent consideration asset	(94)	—	(1,112)	—
Transaction costs	200	—	200	—
Early debt retirement	1,381	—	1,381	—
Normalized FFO available for common shares	\$52,313	\$47,807	\$116,286	\$106,553
Weighted average common shares outstanding – fully diluted	91,128	90,780	91,110	90,774

Item 3. Quantitative and Qualitative Disclosure of Market Risk

Market risk is the risk of loss from adverse changes in market prices and interest rates. Our earnings, cash flows and fair values relevant to financial instruments are dependent on prevailing market interest rates. The primary market risk we face is long-term indebtedness, which bears interest at fixed and variable rates. The fair value of our long-term debt obligations is affected by changes in market interest rates with scheduled maturities from 2013 to 2023. At June 30, 2013, approximately 100% or approximately \$2.1 billion of our outstanding secured debt had fixed interest rates, which minimizes the market risk until the debt matures. For each increase in interest rates of 1% (or 100 basis points), the fair value of the total outstanding debt would decrease by approximately \$100.4 million. For each decrease in interest rates of 1% (or 100 basis points), the fair value of the total outstanding debt would increase by approximately \$105.5 million. If interest rates were to increase or decrease by 1%, there would be no effect on interest expense or cash flows as our outstanding secured debt has fixed interest rates.

As of June 30, 2013, none of our outstanding secured debt was short-term. Our \$200.0 million Term Loan has variable rates based on LIBOR plus 1.85% to 2.80% per annum, which we fixed the underlying LIBOR rate at 1.11% per annum for the first three years.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer (principal executive officer) and Chief Financial Officer (principal financial officer), has evaluated the effectiveness of our disclosure controls and procedures as of June 30, 2013. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective to give reasonable assurances to the timely collection, evaluation and disclosure of information relating to us that would potentially be subject to disclosure under the Securities and Exchange Act of 1934, as amended (the "Exchange Act"), and the rules and regulations promulgated thereunder as of June 30, 2013.

Notwithstanding the foregoing, a control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that it will detect or uncover failures within us to disclose material information otherwise required to be set forth in our periodic reports.

Changes in Internal Control Over Financial Reporting

During the second quarter of 2013, there were no changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part II – Other Information

Item 1. Legal Proceedings

See Note 12 of the Consolidated Financial Statements contained herein.

Item 1A. Risk Factors

There have been no material changes to the risk factors discussed in “Item 1A. Risk Factors” in the Company's Annual Report on Form 10-K for the year ended December 31, 2012 other than those disclosed in our Quarterly Report on Form 10-Q for the quarter ended March 31, 2013.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosure

None.

Item 5. Other Information

None.

Item 6. Exhibit Index

- 31.1 Certification of Chief Financial Officer Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
 - 31.2 Certification of Chief Executive Officer Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
 - 32.1 Certification of Chief Financial Officer Pursuant to 18 U.S.C. Section 1350.
 - 32.2 Certification of Chief Executive Officer Pursuant to 18 U.S.C. Section 1350.
- The following materials from Equity LifeStyle Properties, Inc.'s Quarterly Report on Form 10-Q for the quarter ended June 30, 2013, formatted in XBRL (Extensible Business Reporting Language):
- 101 (i) Consolidated Balance Sheets, (ii) Consolidated Statements of Income and Comprehensive Income, (iii) Consolidated Statements of Changes in Equity, (iv) Consolidated Statements of Cash Flow, and (v) Notes to Consolidated Financial Statements, furnished herewith.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this Report to be signed on its behalf by the undersigned thereunto duly authorized.
