ITEM 8.01 OTHER EVENTS

Delphi Corporation (Delphi) is filing this Current Report on Form 8-K solely for the purpose of conforming certain historical business segment information in the Annual Report on Form 10-K for the year ended December 31, 2006 (Form 10-K) to reflect changes in the segment reporting as described in the Quarterly Report on Form 10-Q for the period ended March 31, 2007. Effective January 1, 2007, Delphi modified its methodology of allocating certain United States (U.S.) employee historical pension, postretirement and workers compensation benefit costs to the segments to directly correspond with management s internal assessment of each segment s operating results for purposes of making operating decisions. Specifically, certain portions of U.S. employee historical pension, postretirement and workers compensation benefit costs are now being allocated to Corporate and Other as opposed to the previous practice of allocating the majority of these costs to all reporting segments. Prior periods were revised for comparability with no effect on previously reported consolidated results of Delphi. Under regulations of the Securities and Exchange Commission (the SEC), these reclassifications must be reflected in the previously issued financial statements included in our Form 10-K if those financial statements are incorporated by reference in subsequent filings with the SEC made under the Securities Act of 1933, as amended. The information included in this Form 8-K affects only disclosures related to the presentation of segment-specific disclosures on a basis consistent with the changes in segment reporting, and have no effect on the previously reported results of operations, financial conditions and cash flows in the Form 10-K. Other than these modifications to segment-specific disclosures, no other disclosures in the Form 10-K, including forward-looking statements, have been revised or updated for any other events or circumstances that have occurred after the date of the filing of the Form 10-K and our outlook at that time. For information regarding such events and circumstances, refer to our periodic reports filed with the SEC subsequent to the filing of the Form 10-K.

A copy of the revised Item 1. Business is attached hereto as Exhibit 99(a) and is incorporated herein by reference. A copy of the revised Item 7. Management s Discussion and Analysis of Financial Condition and Results of Operations is attached hereto as Exhibit 99(b) and is incorporated herein by reference. A copy of the revised Item 8. Financial Statements and Supplementary Data is attached hereto as Exhibit 99(c) and is incorporated herein by reference. A copy of the revised Item 15. Exhibits, Financial Statement Schedules is attached hereto as Exhibit 99(d) and is incorporated herein by reference.
