PROPOSAL NO. 1

ELECTION OF DIRECTORS

Patterson-UTI's bylaws provide that the number of members of the Board of Directors of Patterson-UTI shall be fixed either by amendment to the bylaws or by resolution of the Board of Directors. Directors are elected to serve until the next annual meeting of stockholders or until their successors are elected and qualified. Patterson-UTI's bylaws provide that the affirmative vote of a plurality of the votes cast at the meeting at which a quorum is present is required for the election of directors. Shares as to which a stockholder withholds authority to vote on the election of directors and shares as to which a broker indicates that it does not have discretionary authority to vote on the election of directors will not be counted as voting thereon and will not affect the election of the nominees receiving a plurality of the votes cast.

The enclosed form of proxy provides a means for you to either:

vote **FOR** the election of the nominees to the Board of Directors listed below,

withhold authority to vote for one or more of the nominees, or

withhold authority to vote for all of the nominees.

The Board of Directors recommends that you vote FOR all of the nominees. Unless you give contrary instructions in your proxy, your proxy will be voted **FOR** the election of all of the nominees to the Board of Directors. If any nominee should become unable or unwilling to accept nomination or election, the person acting under the proxy will vote for the election of such other person as the Board of Directors may recommend. The Board has no reason, however, to believe that any of the nominees will be unable or unwilling to serve if elected.

There are no arrangements or understandings between any person and any of the directors pursuant to which such director was selected as a nominee for election at the Meeting. There are no family relationships among any of the directors or executive officers of Patterson-UTI, other than between Messrs. Talbott and Patterson, who are brothers-in-law.

meaning of Item 7(d)(3)(iv) of Schedule 14A under the Securities Exchange Act of 1934, as amended (the Exchange Act) and within the meaning of the NASD's published listing standards. The Board has determined that Mr. Peak is an audit committee financial expert within the meaning of applicable Securities and Exchange Commission (SEC) rules. The Audit Committee selects, subject to the Board's approval, the independent accountants to audit Patterson-UTI's books and records and considers and acts upon accounting matters as they arise. The Board of Directors has adopted a written charter for the Audit Committee, a copy of which is attached to this proxy statement as Appendix A. The Nominating and Corporate Governance Committee members are Messrs. Gist, Huff and Hunt, each of whom is independent as defined in the NASD's published listing standards. The purpose of the Nominating and Corporate Governance Committee is to identify individuals qualified to become Board members, to recommend for selection by the Board director nominees for the next annual meeting of stockholders, to review Patterson-UTI's Code of Business Conduct, to develop and continually make recommendations with respect to the best corporate governance principles and to oversee the evaluation of the Board and management. The Board of Directors has adopted a written charter for the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee was founded in 2003 and did not have its first meeting until 2004.

On behalf of the Board, the Nominating and Governance Committee considers director nominees recommended by Patterson-UTI's stockholders if the recommendations are made in accordance with all legal requirements, including applicable provisions of Patterson-UTI's restated certificate of incorporation and bylaws. In accordance with Patterson-UTI's bylaws, in addition to any other applicable requirements, any person recommending a nominee for Patterson-UTI's Board must be a stockholder of record on the date of the giving of the notice provided for below and on the record date for the determination of stockholders entitled to vote at such annual meeting and must give timely notice of such nomination in writing to the Secretary of Patterson-UTI. To be timely with respect to the 2005 annual meeting, a stockholder's notice must be delivered to or mailed and received at Patterson-UTI's principal executive offices not earlier than March 1, 2005 and not later than March 31, 2005; provided, however, that in the event that the annual meeting is called for a date that is not within 30 days before or after June 29, 2005, notice by the stockholder to be timely must be received not later than the close of business on the tenth day following the day on which such notice of the date of the meeting was mailed or public disclosure of the annual meeting date was made, whichever occurs first.

A stockholder's notice to the Secretary of Patterson-UTI shall set forth:

as to each person whom the stockholder proposes to nominate for election or re-election as director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A promulgated under the Exchange Act, or any successor regulation thereto,

the name and record address of the stockholder proposing such nomination,

the class and number of shares of Patterson-UTI that are beneficially owned by the stockholder,

a description of all arrangements or understandings between such stockholder and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination or nominations are to be made by such stockholder, and

a representation that such stockholder intends to appear in person or by proxy at the meeting to nominate the persons named in the notice.

Such notice must be accompanied by a written consent of each proposed nominee to being named as a nominee and to serve as a director if elected.

The Nominating and Corporate Governance Committee determines qualification criteria and procedures for the identification and recruitment of candidates for election to serve as directors of Patterson-UTI. The Nominating and Corporate Governance Committee relies on the knowledge and relationships of Patterson-UTI and its officers and directors, as well as third parties when it deems necessary, to identify and evaluate nominees for director, including nominees recommended by stockholders.

PROPOSAL NO. 2

AMENDMENT TO RESTATED CERTIFICATE OF INCORPORATION TO INCREASE

THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

General

Patterson-UTI's Board of Directors has approved a proposal authorizing an amendment to Patterson-UTI's restated certificate of incorporation to increase the authorized shares of Patterson-UTI's Common Stock from 200,000,000 shares to 300,000,000 shares. The Board of

Directors proposed that the amendment, a

Edgar Filing: PATTERSON UTI ENERGY INC - Form PRE 14A

copy of which is attached to this proxy statement as Appendix B, be submitted to a vote by the stockholders at the Meeting.

If the stockholders approve the amendment as proposed by the Board of Directors, the restated certificate of incorporation of Patterson-UTI will be amended and the number of authorized shares of Common Stock will be increased to 300,000,000. Pursuant to the proposed amendment, the first sentence of Article FOURTH of the restated certificate of incorporation of Patterson-UTI will be amended to read as follows:

FOURTH: The total number of shares of stock that the Corporation shall have authority to issue is three hundred one million (301,000,000) shares, of which three hundred million (300,000,000) shares shall be Common Stock, having a par value of \$0.01 per share, and one million (1,000,000) shares shall be Preferred Stock, having a par value of \$0.01 per share.

Of the 200,000,000 currently authorized shares of Common Stock, as of May 28, 2004, 83,379,492 shares were outstanding. As of May 28, 2004, 7,503,291 shares were reserved for issuance under Patterson-UTI's employee and non-employee director stock option plans and long-term incentive stock plan and 325,000 shares were reserved for issuance under certain warrants to purchase Common Stock.

On April 28, 2004, the Board of Directors authorized a two-for-one stock split in the form of a stock dividend to be paid on June 30, 2004 to holders of record as of June 14, 2004 (" Stock Split "). The Stock Split will reduce the number of authorized shares of Common Stock available for issuance; therefore, Patterson-UTI is proposing this amendment to increase the authorized shares of Common Stock. Approval by the stockholders of the Stock Split is not being requested nor is it required, and Patterson-UTI intends to proceed with the Stock Split regardless of whether the proposal to increase the authorized shares of Common Stock is approved by the stockholders at the Meeting.

The following table sets forth the number of authorized, issued and reserved shares of Common Stock on May 28, 2004, the record date for the Meeting, and the number of shares of Common Stock that will be authorized, issued and reserved immediately after the Stock Split if the amendment is approved or not approved:

Number of Shares of Common Stock

	May 28, 2004 (Pre-Split)	Amendment Not Approved (Post-Split)(1)	Amendment Approved (Post-Split)(1)
Authorized	200,000,000	200,000,000	300,000,000
Issued	84,886,040	169,772,080	169,772,080
Reserved for stock options and warrants	7,828,291	15,656,582	15,656,582
Unissued and unreserved	107,285,669	14,571,338	114,571,338

(1) Other than pursuant to the Stock Split, assumes no issuances or reservations of Common Stock between the record date for the Meeting and the effective date of the Stock Split.

Reasons for the Increase in the Number of Authorized Shares of Common Stock

The Board of Directors believes that the authorization of additional shares of Common Stock will enable Patterson-UTI to meet possible future developments without the expense and delay of holding a meeting of stockholders to secure their authorization when a specific need for the shares may arise. In addition, the Board of Directors believes that it is desirable that Patterson-UTI have the flexibility to issue a substantial number of shares of Common Stock without further stockholder action, except as otherwise provided by law. The availability of additional shares will enhance Patterson-UTI's flexibility in connection with possible future actions, such as:

stock splits,

stock dividends,

financings,

employee benefit programs,

corporate mergers and acquisitions,

asset purchases, and

other corporate purposes.

The Board of Directors will determine whether, when and on what terms the issuance of shares of Common Stock may be warranted in connection with any of the foregoing purposes. Except for the Stock Split, Patterson-UTI does not have any current planned use of the proposed additional shares of Common Stock.

The availability for issuance of additional shares of Common Stock or rights to purchase such shares could enable the Board of Directors to render more difficult or discourage an attempt to obtain control of Patterson-UTI. For example, the issuance of shares of Common Stock in a public or private sale, merger or similar transaction would increase the number of outstanding shares, thereby possibly diluting the interest of a party attempting to obtain control of Patterson-UTI. Patterson-UTI is not aware of any pending or threatened efforts to obtain control of Patterson-UTI and the Board of Directors has no present intent to authorize the issuance of additional shares of Common Stock to discourage such efforts.

If the proposed amendment is approved, all or any of the authorized shares of Common Stock or preferred stock may be issued without further action by the stockholders and without first offering such shares to the stockholders for subscription, subject to applicable laws and listing requirements that may require stockholder approval for certain issuances of additional shares. The issuance of Common Stock other than on a pro rata basis to all current stockholders could have the effect of diluting the following:

earnings per share,

book value per share, and

voting power of current stockholders.

The Board of Directors recommends that you vote FOR the amendment to the restated certificate of incorporation to increase the authorized shares of Common Stock from 200,000,000 to 300,000,000. The affirmative vote of the holders of a majority of the outstanding shares of the Common Stock entitled to vote at the Meeting will be required to approve this amendment to the restated certificate of incorporation. As a result, abstentions and broker non-votes will have the same effect as votes AGAINST the proposal. Unless you give contrary instructions in your proxy, your proxy will be voted FOR the proposal.

PROPOSAL NO. 3

RE-APPROVAL OF CRITERIA UPON WHICH PERFORMANCE OBJECTIVES ARE

CURRENTLY BASED IN THE 1997 LONG-TERM INCENTIVE PLAN

At the Meeting, the stockholders of Patterson-UTI will be asked to vote on a proposal to re-approve criteria upon which performance objectives are currently based in the Patterson-UTI Amended and Restated 1997 Long-Term Incentive Plan (the 1997 Plan).

The 1997 Plan was initially approved by the stockholders of UTI Energy Corp. in August 1997 and was assumed by Patterson-UTI as a part of its merger with UTI on May 8, 2001. Options outstanding under the 1997 Plan at the time of the merger became options to acquire Common Stock. In 2003, the Board amended the 1997 Plan to increase the number of authorized shares of Common Stock available for grant under the 1997 Plan from 6,000,000 to 8,250,000, and the Patterson-UTI stockholders approved that amendment at the 2003 annual meeting. In April 2003, the Board also approved amendments to the 1997 Plan that included limiting the amount of shares of restricted stock that could be awarded to 500,000 and eliminating a repricing provision which permitted repricing of stock options. The 1997 Plan, as amended to date, and the amendment described in this proposal (the Amendment), are attached to this proxy statement as Appendix C.

The Board of Directors believes that the 1997 Plan advances the best interests of Patterson-UTI and its stockholders by attracting, retaining and motivating key employees. The 1997 Plan provides for the grant of awards to certain key employees including executive officers and directors, thereby increasing the personal stake of such key employees in the continued success and growth of Patterson-UTI. At present, there are approximately 200 key employees eligible for grants under the 1997 Plan.

Reasons for the Re-approval of the Criteria upon which Performance Objectives are Currently Based in the 1997 Plan

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), contains special rules regarding the federal income tax deductibility of compensation paid to a company's chief executive officer and to each of the other four most highly compensated executive officers. The general rule is that annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1 million. Patterson-UTI can preserve the deductibility of certain compensation in excess of \$1 million, however, if Patterson-UTI complies with conditions imposed by section 162(m). Among the conditions imposed by section 162(m) is a requirement that the performance criteria used to determine the performance awards under the 1997 Plan be re-approved by stockholders every five years. The purpose of this proposal is to obtain such re-approval and thereby continue to provide the Compensation Committee the flexibility to determine compensation that satisfies the requirements of section 162(m) for deductibility of certain compensation in excess of \$1 million.

If the Patterson-UTI stockholders do not approve this proposal, any compensation expense of Patterson-UTI associated with restricted stock awards and cash and other performance awards under the 1997 Plan (together with all other non-performance based compensation) in excess of \$1 million for Patterson-UTI's Chief Executive Officer or any of its other four most highly compensated executive officers will not be deductible for tax purposes. If the Patterson-UTI stockholders do not approve this proposal, the Compensation Committee would consider the possible loss of the deduction, but may approve restricted stock awards and cash and other performance awards for which some of the deduction is lost.

Material Features of the 1997 Plan

The following is a summary of the material features of the 1997 Plan, which is qualified in its entirety by reference to the full text of the 1997 Plan and the Amendment attached to this proxy statement as Appendix C.

General.

The 1997 Plan is administered by the Compensation Committee.

Key employees, including officers and directors, are eligible for awards.

The 1997 Plan provides for awards of non-qualified stock options (NQSOs), Incentive Stock Options (ISOs), tandem and independent stock appreciation rights (SARs), restricted stock and performance awards.

The Board of Directors, at any time, may amend the terms of the 1997 Plan, subject to the stockholder approval requirements of the NASD published listing standards and other rules and regulations applicable to Patterson-UTI.

Options.

The vesting schedule for options is set by the Compensation Committee, however, the options typically vest over three to five years.

Options typically have a term of 10 years.

Unless otherwise stated in the grant thereof, options will vest upon a change in control as that term is defined in the 1997 Plan. Options granted to non-executive employees typically do not vest upon a change in control.

All options granted under the 1997 Plan are granted with an exercise price equal to or greater than the fair market value of the Common Stock at the time the option is granted.

Restricted Stock Awards.

The Compensation Committee determines the material terms of the restricted stock awards, including the price, if any, to be paid by the recipient, and the vesting schedule and conditions, which may include the attainment of specified performance objectives based on increases in share prices, operating income, net income or cash flow thresholds on a company wide, subsidiary or division or group basis, rig utilization, safety records, return on common equity or any combination of the foregoing (subject to the changes described in the Amendment).

A restricted stock award will vest upon a change in control as that term is defined in the 1997 Plan.

Performance Awards.

Performance awards are payable in cash, stock or a combination thereof.

The Compensation Committee determines the material terms of the performance awards, which include:

a performance period over which the performance goal of such award shall be measured,

a minimum level of acceptable achievement for the holder at the time of the award, which achievement shall be based on increases in share prices, operating income, net income or cash flow thresholds on a company wide, subsidiary or division or group basis, rig utilization, safety records, return on common equity or any combination of the foregoing (subject to the changes described in the Amendment), and

the size, frequency and vesting schedule of the award.

A performance award will vest upon a change in control as that term is defined in the 1997 Plan, and the recipient shall receive the maximum award he or she could have earned for the proportionate part of the award prior to the change of control, and shall retain the right to earn any additional portion of such award if he or she remains employed with Patterson-UTI.

Federal Income Tax Consequences

The following discussion summarizes certain federal income tax consequences of the issuance and receipt of options and awards pursuant to the 1997 Plan under the law as in effect on the date of this proxy statement. The rules governing the tax treatment of such options and awards are quite technical, so the following discussion of tax consequences is necessarily general in nature and is not complete. In addition, statutory provisions are subject to change, as are their interpretations, and their application may vary in individual circumstances. This summary does not purport to cover all federal employment tax or other federal tax consequences associated with the 1997 Plan, nor does it address state, local, or non-U.S. taxes.

ISOs. In general, a participant will not recognize income upon the grant or exercise of an ISO. However, the exercise of an ISO may result in an alternative minimum tax liability to the participant because the difference between the exercise price and the fair market value of the stock on the date of exercise is an adjustment item for purposes of the alternative minimum tax. If a participant does not exercise an ISO within certain specified periods after termination of employment, the participant will recognize ordinary income on the exercise of an ISO in the same manner as on the exercise of a NQSO, as described below.

The general rule is that gain or loss from the sale or exchange of shares acquired on the exercise of an ISO will be treated as capital gain or loss. However, a disposition of shares purchased pursuant to an ISO

within two years from the date of grant or within one year after exercise (a disqualifying disposition) will produce ordinary income to the participant equal to the value of the shares at the time of exercise less the exercise price. Gain recognized on the disqualifying disposition in excess of the ordinary income resulting therefrom will be capital gain, and any loss recognized will be a capital loss.

NQSOs, SARs, Performance Awards. A participant generally is not required to recognize income on the grant of a NQSO, a SAR, or performance award. Instead, ordinary income generally is required to be recognized on the date the NQSO or SAR is exercised, or in the case of performance awards, upon the issuance of shares and/or the payment of cash pursuant to the terms of the award. In general, the amount of ordinary income required to be recognized is, (a) in the case of a NQSO, an amount equal to the excess, if any, of the fair market value of the shares on the exercise date over the exercise price, (b) in the case of a SAR, the amount of cash and/or the fair market value of any shares received upon exercise plus the amount of taxes withheld from such amounts, and (c) in the case of performance awards, the amount of cash and/or the fair market value of any shares received in respect thereof, plus the amount of taxes withheld from such amounts.

Restricted Common Stock. Unless a participant who receives an award of restricted Common Stock makes an election under section 83(b) of the Code as described below, the participant generally is not required to recognize ordinary income on the award of restricted Common Stock. Instead, on the date the shares vest (*i.e.*, become transferable and no longer subject to forfeiture), the participant will be required to recognize ordinary income in an amount equal to the excess, if any, of the fair market value of the shares on such date over the amount, if any, paid for such shares. If a participant makes a section 83(b) election, the participant will recognize ordinary income on the date the shares are awarded. The amount of ordinary income required to be recognized is an amount equal to the excess, if any, of the fair market value of the shares on the date of award over the amount, if any, paid for such shares. In such case, the participant will not be required to recognize additional ordinary income when the shares vest.

Gain or Loss on Sale or Exchange of Shares. In general, gain or loss from the sale or exchange of shares granted or awarded under the 1997 Plan will be treated as capital gain or loss, provided that the shares are held as capital assets at the time of the sale or exchange. However, if certain holding period requirements are not satisfied at the time of a sale or exchange of shares acquired upon exercise of an ISO (a disqualifying disposition, *see* above), a participant generally will be required to recognize ordinary income upon such disposition.

Deductibility by Patterson-UTI. Patterson-UTI generally is not allowed a deduction in connection with the grant or exercise of an ISO. However, if a participant is required to recognize ordinary income as a result of a disqualifying disposition, Patterson-UTI will be entitled to a deduction equal to the amount of ordinary income so recognized. In general, in the case of a NQSO (including an ISO that is treated as a NQSO, as described above), a SAR, restricted common stock of Patterson-UTI, and performance awards, Patterson-UTI will be allowed a deduction in an amount equal to the amount of ordinary income recognized by a participant, provided that certain income tax reporting requirements are satisfied.

Performance Based Compensation. In general, under section 162(m) of the Code, remuneration paid by a public corporation to its chief executive officer or any of its other top four named executive officers, ranked by pay, is not deductible to the extent it exceeds \$1 million for any year. Taxable payments or benefits under the 1997 Plan may be subject to this deduction limit. However, under section 162(m), qualifying performance-based compensation, including income from stock options and other performance-based awards that are made under shareholder approved plans and that meet certain other requirements, is exempt from the deduction limitation. The 1997 Plan has been designed so that the Compensation Committee in its discretion may grant qualifying exempt performance-based awards under the 1997 Plan.

Parachute Payments. Under the so-called golden parachute provisions of the Code, the accelerated vesting of stock options and benefits paid under other awards in connection with a change of control of a corporation may be required to be valued and taken into account in determining whether participants have received compensatory payments, contingent on the change of control, in excess of certain limits. If these

limits are exceeded, a portion of the amounts payable to the participant may be subject to an additional 20% federal tax and may be nondeductible to the corporation.

Withholding. Awards under the 1997 Plan may be subject to tax withholding. Where an award results in income subject to withholding, Patterson-UTI may require the participant to remit the withholding amount to Patterson-UTI or cause shares of Common Stock to be withheld or sold in order to satisfy the tax withholding obligations.

Recommendation

The Board of Directors recommends a vote FOR the re-approval of criteria upon which the performance objectives are currently based in the 1997 Plan. Approval of the proposal requires the affirmative vote of the holders of a majority of the shares of Common Stock present in person or by proxy and entitled to vote at the Meeting. If you do not vote against or abstain from voting on the proposal, your proxy will be voted FOR approval of the proposal. Abstentions will be counted as shares entitled to vote on the proposal and will have the same effect as a vote AGAINST the proposal. A broker non-vote will be counted for purposes of establishing a quorum, but will not be treated as a share entitled to vote on the proposal. This will have the effect of reducing the absolute number of shares necessary to approve the proposal.

PROPOSAL NO. 4

AMENDMENT TO 1997 LONG-TERM INCENTIVE PLAN

At the Meeting, the stockholders of Patterson-UTI will be asked to vote on a proposal to approve an amendment to the 1997 Plan to increase the aggregate annual amount of cash that may be received as a performance award by a participant under the 1997 Plan and to amend the criteria upon which performance objectives are currently based in the 1997 Plan.

The amendment to the 1997 Plan increases the aggregate annual amount of cash that may be received as a performance award by a participant under the 1997 Plan from \$500,000 to \$2,000,000. Restricted stock awards and performance awards under the 1997 Plan may vest or be contingent upon the attainment of specified performance objectives. The amendment to the 1997 Plan also expands the specified performance objectives on which performance awards are based to include cash margins and earnings before interest, income taxes and depreciation, depletion and amortization thresholds on a company wide, subsidiary or division or group basis.

The 1997 Plan was initially approved by the stockholders of UTI Energy Corp. in August 1997 and was assumed by Patterson-UTI as a part of its merger with UTI on May 8, 2001. Options outstanding under the 1997 Plan at the time of the merger became options to acquire Common Stock. In 2003, the Board amended the 1997 Plan to increase the number of authorized shares of Common Stock available for grant under the 1997 Plan from 6,000,000 to 8,250,000, and the Patterson-UTI stockholders approved that amendment at the 2003 annual meeting. In April 2003, the Board also approved amendments to the 1997 Plan that included limiting the amount of shares of restricted stock that could be awarded to 500,000 and eliminating a repricing provision which permitted repricing of stock options. The 1997 Plan, as amended to date, and the Amendment are attached to this proxy statement as Appendix C.

The Board of Directors believes that the 1997 Plan advances the best interests of Patterson-UTI and its stockholders by attracting, retaining and motivating key employees. The 1997 Plan provides for the grant of awards to certain key employees including executive officers and directors, thereby increasing the personal stake of such key employees in the continued success and growth of Patterson-UTI. At present, there are approximately 200 key employees eligible for grants under the 1997 Plan.

Reasons for the Amendment to the 1997 Plan

Section 162(m) of the Code contains special rules regarding the federal income tax deductibility of compensation paid to a company's chief executive officer and to each of the other four most highly

compensated executive officers. The general rule is that annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1 million. Patterson-UTI can preserve the deductibility of certain compensation in excess of \$1 million, however, if Patterson-UTI complies with conditions imposed by section 162(m). The purpose of the amendment described in this proposal is to provide the Compensation Committee greater flexibility to structure an incentive compensation program that recognizes exceptional contributions in a manner that satisfies the requirements of section 162(m) for deductibility of certain compensation in excess of \$1 million.

If Patterson-UTI stockholders do not approve this proposal, Patterson-UTI would not be able to pay a cash performance award in excess of \$500,000 in any one year to a participant under the 1997 Plan. To the extent the Compensation Committee elected to pay a cash performance bonus in excess of \$500,000 to one of the five highest paid officers in any one year, such bonus may not be deductible for tax purposes. If the Patterson-UTI stockholders do not approve this proposal, the Compensation Committee would consider the possible loss of the deduction, but may approve cash performance awards for which some or all of the deduction is lost.

Material Features of the 1997 Plan

Please see the summary of the material features of the 1997 Plan, beginning on page 9 of this proxy statement, which is qualified in its entirety by reference to the full text of the 1997 Plan, as amended to date, and the Amendment, which are attached to this proxy statement as Appendix C.

Recommendation

The Board of Directors recommends a vote FOR the amendment to the 1997 Plan. Approval of the proposal requires the affirmative vote of the holders of a majority of the shares of Common Stock present in person or by proxy and entitled to vote at the Meeting. If you do not vote against or abstain from voting on the proposal, your proxy will be voted FOR approval of the proposal. Abstentions will be counted as shares entitled to vote on the proposal and will have the same effect as a vote AGAINST the proposal. A broker non-vote will be counted for purposes of establishing a quorum, but will not be treated as a share entitled to vote on the proposal. This will have the effect of reducing the absolute number of shares necessary to approve the proposal.

PROPOSAL NO. 5

RATIFICATION OF INDEPENDENT AUDITORS

The Board of Directors voted to engage PricewaterhouseCoopers LLP as independent accountants to audit the financial statements of Patterson-UTI for the fiscal year ending December 31, 2004, and directed that such engagement be submitted to the stockholders of Patterson-UTI for ratification. In recommending ratification by the stockholders of such engagement, the Board of Directors is acting upon the recommendation of the Audit Committee, which has satisfied itself as to the firm's professional competence and standing. Although ratification by stockholders of the engagement of PricewaterhouseCoopers LLP is not required by Delaware corporate law or Patterson-UTI's restated certificate of incorporation or bylaws, management feels a decision of this nature should be made with the consideration of Patterson-UTI's stockholders. If stockholder ratification is not received, management will reconsider the engagement.

It is expected that one or more representatives of PricewaterhouseCoopers LLP will be present at the Meeting and will be given the opportunity to make a statement if they so desire. It also is expected that the representatives will be available to respond to appropriate questions from the stockholders.

The Board of Directors recommends a vote FOR the ratification of PricewaterhouseCoopers LLP as independent accountants. Ratification of the selection of PricewaterhouseCoopers LLP requires the affirmative vote of the holders of a majority of the shares of Common Stock present in person or by proxy, and entitled to vote at the Meeting. Unless you give contrary instructions in your proxy, your proxy will be voted FOR such ratification. Abstentions will be counted as shares entitled to vote on the proposal and will have

the same effect as a vote AGAINST the proposal. A broker non-vote will be counted for purposes of establishing a quorum, but will not be treated as a share entitled to vote on the proposal. This will have the effect of reducing the absolute number of shares necessary to approve the proposal.

- (1) These options were granted pursuant to the terms and conditions of the Patterson-UTI Energy, Inc. Amended and Restated 1997 Long Term Incentive Plan. These options vest over a three (3) year period as follows: 33.33% on April 30, 2004, and then in equal monthly installments through April 30, 2006.
- (2) The value of the options were estimated using the Black-Scholes option valuation model. The following assumptions were used in the calculation: no expected dividend, risk-free interest rate of 2.81%, volatility of 52.05% and an expected term of 5 years. No discount was considered for the non-transferability or the risk of forfeiture of the options. The actual value, if any, of any option will depend on the amount, if any, by which the stock price exceeds the exercise price on the date the option is exercised. Thus, this valuation may not be a reliable indication as to the value and there is no assurance the value realized will be at or near the value estimated by the Black-Scholes model.

CHANGE IN CONTROL ARRANGEMENTS; EMPLOYMENT CONTRACTS;

INDEMNIFICATION AGREEMENTS

On January 29, 2004, Patterson-UTI entered into change in control agreements (each, an Agreement and collectively, the Agreements) with Messrs. Siegel, Talbott, Patterson, Berns, Nelson and Vollmer, (each, an Employee and collectively, the Employees). The Agreements were entered into to protect the Employees should a change in control occur, thereby encouraging the Employee to remain in the employ of Patterson-UTI and not be distracted from the performance of his duties to Patterson-UTI by the possibility of a change in control.

In the event of a change in control of Patterson-UTI in which an Employee s employment is terminated by Patterson-UTI other than for cause or by the Employee for good reason, the terms of the Agreement would entitle the Employee to, among other things:

a bonus payment equal to the greater of the highest bonus paid after the Agreement was entered into and the average of the two annual bonuses earned in the two fiscal years immediately preceding a change in control (such bonus payment prorated for the portion of the fiscal year preceding the termination date),

a payment equal to 2.5 times (in the case of Messrs. Siegel, Talbott and Patterson) or 1.5 times (in the case of Messrs. Berns, Nelson and Vollmer) of the sum of (1) the highest annual salary in effect for such Employee and (2) the average of the three annual bonuses earned by the Employee for the three fiscal years preceding the termination date, and

continued coverage under Patterson-UTI s welfare plans for up to three years (in the case of Messrs. Siegel, Talbott and Patterson) or two years (in the case of Messrs. Berns, Nelson and Vollmer).

Each Agreement provides the Employee with a full gross-up payment for any excise taxes imposed on payments and benefits received under the Agreements or otherwise including other taxes that may be imposed as a result of the gross-up payment.

A change in control is principally defined by the Agreement as:

an acquisition by any individual, entity or group of beneficial ownership of 35% or more of either Patterson-UTI s then outstanding Common Stock or the combined voting power of the then outstanding voting securities of Patterson-UTI entitled to vote in the election of directors,

a change occurs in which the members of the Board of Directors as of the date of the Agreement cease to constitute at least a majority of Patterson-UTI s Board of Directors unless that change occurs through a vote of at least a majority of the incumbent members of the Board of Directors, or

a change in the beneficial ownership of Patterson-UTI following consummation of a reorganization, merger, consolidation, sale of Patterson-UTI or any subsidiary of Patterson-UTI or a disposition of all or substantially all of the assets of Patterson-UTI in which the beneficial owners immediately prior to the transaction own 65% or less of outstanding Common Stock of the newly combined or merged entity.

The Agreements terminate on the first to occur of:

the Employee s death, disability or retirement,

the termination of the Employee s employment, or

three years from the date the Agreement was signed although, unless otherwise terminated, the Agreements will automatically renew for successive twelve-month periods unless Patterson-UTI notifies the Employee at least 90 days before the expiration of the initial term or the renewal period, as applicable, that the term will not be extended.

Messrs. Siegel, Berns and Vollmer have employment arrangements which entitle them to one year's salary upon termination of employment with Patterson-UTI.

All unvested stock options held by executive officers vest upon a change of control as defined by the underlying stock option plan.

Patterson-UTI has entered into an indemnification agreement with each of its executive officers and directors containing provisions that may require Patterson-UTI, among other things, to indemnify such executive officers and directors against liabilities that may arise by reason of their status or service as executive officers or directors (subject to certain exceptions) and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

CERTAIN TRANSACTIONS

In connection with the acquisition by REMY Capital Partners III, L.P. (REMY Capital) of an ownership interest in UTI in March 1995, REMY Capital succeeded to a registration rights agreement with UTI. As the successor-in-interest to UTI, Patterson-UTI assumed this registration rights agreement pursuant to which REMY Capital has the right to require Patterson-UTI to use its reasonable efforts to register shares held by REMY Capital under the Securities Act of 1933, as amended. In the event that such rights are exercised in connection with a primary offering proposed by Patterson-UTI (or a secondary offering with which Patterson-UTI agrees to participate), REMY Capital would bear its pro rata share of the costs of the offering, other than legal, accounting and printing costs, all of which Patterson-UTI would bear. In the event that REMY Capital elected to exercise such rights other than in connection with an offering in which Patterson-UTI participates, REMY Capital would bear all costs of the offering. These rights continue so long as REMY Capital continues to own the Common Stock that it acquired in March 1995.

Mr. Siegel, Chairman of the Board of Patterson-UTI, is President and sole stockholder of REMY Investors, which is the general partner of REMY Capital. Mr. Berns, a director and Senior Vice President of Patterson-UTI, is an executive of REMY Investors.

During 2003, Patterson-UTI paid approximately \$740,000 to TMP Truck and Trailer LP (TMP), an entity owned by Thomas M. Patterson, son of A. Glenn Patterson, Patterson-UTI's President and Chief Operating Officer, for certain equipment and metal fabrication services. Purchases from TMP were at current market prices. TMP continues to be a vendor to Patterson-UTI in 2004.

During 2003, Patterson-UTI paid approximately \$209,000 to Melco Services (Melco) for dirt contracting services and \$59,000 to L&N Transportation (L&N) for water hauling services. Both entities are owned by Lance D. Nelson, brother of Jonathan D. Nelson, Patterson-UTI's Vice President, Chief Financial Officer, Secretary and Treasurer. Purchases from Melco and L&N were at current market prices. Melco and L&N continue to be vendors to Patterson-UTI in 2004.

Patterson-UTI operates certain oil and natural gas properties in which certain of its officers and members of their families have participated, either individually or through entities they control, in the prospects or properties in which Patterson-UTI has an interest. These participations, which have been on a working interest basis, have been in prospects or properties originated or acquired by Patterson-UTI. At December 31, 2003, affiliated persons were working interest owners of 236 of the 260 wells operated by Patterson-UTI. Sales of working interests are made by Patterson-UTI to reduce its economic risk in the properties. Generally, it is more efficient for Patterson-UTI to sell the working interests to these affiliated persons than to market them to unrelated third parties. Sales were made by Patterson-UTI at its cost, comprised of Patterson-UTI's costs of acquiring and preparing the working interests for sale. These costs were paid by the working interest owners on a pro rata basis based upon their working interest ownership percentage. The price at which working interests were sold to affiliated persons was the same price at which working interests were sold to unaffiliated persons.

The following table sets forth production revenues received and joint interest costs of each of the affiliated persons during 2003 for all wells operated by Patterson-UTI in which they have working interests. These amounts do not necessarily represent their profits or losses from these interests because the joint interest costs

Edgar Filing: PATTERSON UTI ENERGY INC - Form PRE 14A

do not include the parties' related drilling and leasehold acquisition costs incurred prior to January 1, 2003. These activities resulted in a net receivable from the affiliated persons of approximately \$17,000 at December 31, 2003 and a net payable to the affiliated persons of approximately \$466,000 at December 31, 2002.

COMPENSATION COMMITTEE REPORT

The Compensation Committee sets and administers the policies that govern the annual compensation and long-term compensation of executive officers and directors of Patterson-UTI. The Compensation Committee consisted of Messrs. Huff and Hunt, and Ms. Smith, each of whom is an independent director as defined by the NASD published listing standards. The Compensation Committee makes all decisions concerning compensation of executive officers, determines the total amount of bonuses to be paid annually and grants all awards of stock options under Patterson-UTI's incentive stock option plans. The Compensation Committee also reviews and oversees bonus and incentive compensation decisions for Patterson-UTI as a whole.

The Compensation Committee's policy is to provide to the executives competitive compensation packages that will permit Patterson-UTI to attract and retain highly qualified individuals and to motivate and reward Patterson-UTI's executives for performance that benefits Patterson-UTI and its shareholders. Historically, Patterson-UTI's executive compensation package consisted of a combination of base salary, cash bonus awards and long-term incentive opportunities in the form of stock options and a 401(k) plan.

Executive salaries are reviewed by the Compensation Committee on an annual basis and are set for individual executive officers based on subjective evaluations of each individual's specific performance, Patterson-UTI's financial results and position, Patterson-UTI's performance compared to similar companies and a comparison to salary ranges for executives of other companies in the oil and natural gas industry with characteristics similar to those of Patterson-UTI. The process applied by the Compensation Committee is intended to allow the committee to set salaries in a manner that is both competitive and reasonable within the industry.

Cash bonuses have historically been considered on an annual basis by the Compensation Committee using a variety of objective and subjective criteria, including (i) the relative and overall financial results of Patterson-UTI from an earnings and cash flow generation standpoint, (ii) the operational results (including cash margin per rig and rig utilization) of Patterson-UTI as compared to its competition, (iii) the implementation of corporate objectives and acquisition and integration strategies and (iv) the performance of the stock against its peers and the industry.

During 2003, the Compensation Committee engaged an outside consultant to assist it in the design of an executive compensation package for Patterson-UTI that would be both competitive in the industry and focused on establishing incentive compensation tied to financial performance and operational results. In initiating such engagement, the committee recognized that the compensation philosophy of Patterson-UTI had provided cash compensation at a lower level than many of Patterson-UTI's peers but had endeavored to offset this with relatively higher equity compensation. The study indicated to the committee that the cash compensation paid to the top executives was generally in the bottom quartile when compared to Patterson-UTI's peers both for base salary and bonus compensation. The study also indicated that the stock-based compensation was in the top quartile when compared to peers and over all the total compensation was slightly below the median.

In contrast to the relative position of executive compensation at Patterson-UTI to its peers, the committee noted that under almost all value matrixes, Patterson-UTI had consistently provided returns to its stockholders substantially higher than most peers and that performance and returns to stockholders were among the top in the industry over a sustained period of time.

After consideration of the data and information provided to the committee by the outside consultant and the performance of the top executives, the committee believed that substantial increases in cash salaries were appropriate for the executive officers and approved those increases effective May 1, 2003. The committee also determined that Patterson-UTI should implement a more formal cash bonus program and created a cash bonus plan for 2003 of a bonus pool for the top executive officers based on earnings before interest, income taxes and depreciation, depletion and amortization. The committee retained the right to allocate the pool among the executive officers in its discretion. The committee also awarded stock options on a basis it believed to be consistent with Patterson-UTI's past practices, as noted above, with respect to equity compensation.

The compensation of the Chief Executive Officer of Patterson-UTI is determined in the same manner as the compensation for other executive officers as described above. As a result, Mr. Talbott's base annual salary was increased from \$350,000 to \$450,000 effective May 1, 2003. Mr. Talbott also received a cash bonus for 2003 of \$411,530 from the bonus pool discussed above.

It is the general policy of the Compensation Committee to review stock-based compensation of Patterson-UTI on at least an annual basis. Awards of stock-based compensation reflect the Board's and Compensation Committee's desire to provide Patterson-UTI's employees who have substantial responsibility for Patterson-UTI's management and growth with additional incentives by increasing their proprietary interest in the success of Patterson-UTI. As noted above, on a relation to peers basis, stock-based compensation has

historically been given more weight in Patterson-UTI's overall compensation package than cash compensation. The decision whether to grant stock options to any particular employee is based upon a variety of factors, including position, performance, current share and stock option ownership and the need to insure the continued employment of the employee with Patterson-UTI. During 2003 the committee awarded options to purchase 190,000 shares to Mr. Talbott at the then current market price.

In considering compensation decisions for the executive management of Patterson-UTI, the Compensation Committee and the Board of Directors of Patterson-UTI routinely considers the potential effect of section 162(m) of the Code. Section 162(m) imposes a limitation on deductions over \$1 million that can be taken by a publicly held corporation for compensation paid to certain of its executive officers. Stock option grants and cash and other performance awards pursuant to Patterson-UTI's employee benefit plans may be exempt from the deduction limit if certain requirements are met.

AUDIT COMMITTEE REPORT

The following report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Patterson-UTI filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent Patterson-UTI specifically incorporates this report by reference therein.

The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

The Audit Committee has received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standard No. 1, *Independence Discussions with Audit Committees*, as amended, by the Independence Standards Board, and has discussed with the auditors the auditors' independence.

The Audit Committee met four times during fiscal 2003. The Audit Committee schedules its meetings with a view to ensuring that it devotes appropriate attention to all of its tasks. The Audit Committee meetings include, whenever appropriate, executive sessions with the independent auditors without the presence of Patterson-UTI's management.

During fiscal 2003, as part of its oversight of the financial statements, the Audit Committee reviewed and discussed with both management and the independent auditors the audited financial statements and quarterly operating results prior to their issuance. During fiscal 2003, Patterson-UTI's management advised the Audit Committee that each set of financial statements reviewed had been prepared in accordance with generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Audit Committee.

In addition, during fiscal 2003, the Audit Committee reviewed major initiatives and programs aimed at strengthening the effectiveness of Patterson-UTI's internal control structure. As part of this process, the Audit Committee continued to monitor the scope and adequacy of the internal control structure, reviewing staffing levels and steps taken to implement recommended improvements in internal procedures and controls.

Taking all of these reviews and discussions into account, the undersigned Audit Committee members recommended to the Board of Directors that the Board approve the inclusion of the Patterson-UTI's audited financial statements in the Annual Report on Form 10-K for the fiscal year ended December 31, 2003.

Tax Fees includes federal, state and foreign income tax compliance and related matters. All Other Fees includes consultation related to Sarbanes-Oxley matters. The Audit Committee or Mr. Peak, as Chairman of the Audit Committee, approved all of the services described above.

The Audit Committee has discussed the non-audit services provided by PricewaterhouseCoopers LLP and the related fees and has considered whether those services and fees are compatible with maintaining auditor independence. The Audit Committee determined that such non-audit services were consistent with the independence of PricewaterhouseCoopers LLP.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act requires Patterson-UTI's officers and directors, and persons who own more than 10% of a registered class of Patterson-UTI's equity securities, to file reports of ownership and changes in ownership with the SEC. Each of these persons is required by SEC regulation to furnish Patterson-UTI with copies of Section 16(a) filings.

Based solely on its review of copies of such forms received by it, Patterson-UTI believes that, during the year ended December 31, 2003, its officers, directors, other than Mr. Stephen J. DeGroat, and beneficial owners of more than ten percent of a registered class of its equity securities complied with all applicable filing

requirements. Mr. DeGroat failed to timely file a Form 4 related to a sale of Common Stock prior to his cessation of directorship on April 30, 2003.

Other Business

As of the date of this proxy statement, management of Patterson-UTI was not aware of any matter to be presented at the Meeting other than as set forth herein. If any other matters are properly brought before the Meeting, however, the shares represented by valid proxies will be voted with respect to such matters in accordance with the judgment of the persons voting them.

Stockholder Proposals for 2005 Annual Meeting

All proposals submitted by stockholders for presentation at the 2005 annual meeting must comply with the SEC's rules regarding shareholder proposals. In addition, Patterson-UTI's bylaws provide that for business to be properly brought before an annual meeting by a stockholder, the stockholder, in addition to any other applicable requirements, must be a stockholder of record on the date of the giving of the notice provided for below and on the record date for the determination of stockholders entitled to vote at such annual meeting and must give timely notice of such business in writing to the Secretary of Patterson-UTI. To be timely with respect to the 2005 annual meeting, a stockholder's notice must be delivered to or mailed and received at Patterson-UTI's principal executive offices not earlier than March 1, 2005 and not later than March 31, 2005; provided, however, that in the event that the annual meeting is called for a date that is not within 30 days before or after June 29, 2005, notice by the stockholder to be timely must be received not later than the close of business on the tenth day following the day on which such notice of the date of the meeting was mailed or public disclosure of the annual meeting date was made, whichever occurs first.

A stockholder's notice to the Secretary of Patterson-UTI shall set forth:

a brief description of each matter desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting,

the name and record address of the stockholder proposing such business,

the class and number of shares of Patterson-UTI that are beneficially owned by the stockholder,

any material interest of the stockholder in such business, and

a representation that such stockholder intends to appear in person or by proxy at the annual meeting to bring such business before the meeting.

The proxies will have discretionary authority to vote on any matter that properly comes before the meeting if the stockholder has not provided timely written notice as required by the Patterson-UTI bylaws.

Any proposal by a stockholder to be presented at Patterson-UTI's 2005 annual meeting of stockholders must be received by Patterson-UTI no later than February 1, 2005, in order to be eligible for inclusion in Patterson-UTI's proxy statement and proxy used in connection with the 2005 annual meeting.

Patterson-UTI reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal or nomination that does not comply with these and other applicable requirements.

Annual Report

You are referred to Patterson-UTI's annual report to stockholders with a copy of its Annual Report on Form 10-K, as amended, for the year ended December 31, 2003, filed with the SEC, enclosed herewith for your information. PATTERSON-UTI ENERGY, INC.

AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

CHARTER

Purpose

The Audit Committee shall oversee management's conduct of the Corporation's accounting and financial reporting process including review of the financial reports and other financial information provided by the Corporation to the public and government and regulatory bodies, the Corporation's system of internal accounting, the Corporation's financial controls, and the annual independent audit of the Corporation's financial statements. The Audit Committee shall also oversee compliance with the Corporation's codes of conduct and ethics and with legal and regulatory requirements.

In discharging its role, the Audit Committee is empowered to investigate any matter brought to its attention or developed on its own initiative, with full access to all books, records, facilities and personnel to the Corporation and the power to retain outside counsel, auditors or other experts for this purpose. The Board and the Audit Committee are in place to represent the corporation's stockholders; and, accordingly, the independent auditors are ultimately accountable to the Board through the Audit Committee.

Composition

The Audit Committee shall be comprised of three or more directors as determined by the Board, each of whom shall meet the independence requirements of Rules 4200(a)(15) and 4350(d)(2) of the NASDAQ Stock Market, Inc. and Rule 10A-3(b)(1) of the rules and regulations under the Securities Exchange Act of 1934. All members of the Audit Committee shall have a working familiarity with basic finance and accounting practices, and at least one member of the Audit Committee shall have accounting or related financial management expertise.

The members of the Audit Committee shall be elected by the Board at the annual organizational meeting of the Board and until their successors shall be duly elected and qualified. Unless a Chairperson is elected by the full Board, the members of the Audit Committee may designate a Chairperson by majority vote of the full Audit Committee membership. A member of the Audit Committee may be removed at any time by the Board.

Additionally, the Audit Committee shall have at least one audit committee financial expert within the meaning of item 401(h)(2) of Schedule SK of the Securities and Exchange Commission and meeting the requirements of Rule 4350(d)(2)(iv) of the NASDAQ Stock Market, Inc.

Meetings

The Audit Committee shall meet at least four times annually, or more frequently as circumstances dictate. As part of its job to foster open communication, the Audit Committee should meet at least annually with management, including the Chief Financial Officer, and the independent auditors separately to discuss any matters that the Audit Committee or each of these groups believes should be discussed privately. In addition, the Audit Committee or at least its Chairperson should meet with the independent auditors and management quarterly to review the Corporation's financial statements consistent with paragraph number 3 below.

Responsibilities and Duties

The Audit Committee's job is one of review and it recognizes that the Corporation's management is responsible for preparing the Corporation's financial statements and that the independent auditors are

responsible for auditing those financial statements. Additionally, the Audit Committee recognizes that management and the independent auditors have more time, knowledge, and detailed information concerning the corporation than do Audit Committee members. Consequently, in performing its functions, the Audit Committee is not providing any expert or special assurance as to the Corporation's financial statements or any professional certification as to the independent auditors' work.

The following functions will be the common recurring activities of the Audit Committee. These functions are set forth as a guide with the understanding that the Audit Committee may diverge from this guide as appropriate given the circumstances.

Documents/ Reports Review

1. Review and reassess, at least annually, the adequacy of this Charter. Make recommendations to the Board, as conditions dictate, to update this Charter.

2. Review with management and the independent auditors the Corporation's audited financial statements, including a discussion with the independent auditors of the matters required to be discussed by Statement of Auditing Standards No. 61 (SAS No. 61).

3. Review with management and the independent auditors the interim financial results prior to the release of earnings and filing of the Quarterly Report on Form 10-Q, and including a discussion with the independent auditors of the matters to be discussed by SAS No. 61. The Chairperson of the Audit Committee may represent the entire Audit Committee for purposes of this review.

4. Review with management and independent auditors, the quality and adequacy of the Corporation's internal controls.

5. Discuss with management its philosophy and approach to earnings releases and guidance given to analysts and rating agencies.

Independent Auditors

6. Pre-approve all audit and non-audit services provided by the independent auditors to the Corporation (subject to any de minimis exceptions permitted by law for non-audit services, which must, in any event, be approved annually by the Audit Committee prior to completion of the annual audit). The Audit Committee may take any measures that it determines to be appropriate to assure that the independent auditors are not engaged to perform specific non-audit services proscribed by law or regulation. The Audit Committee may delegate pre-approval authority to a member or members of the Audit Committee or to a subcommittee of the Audit Committee. The decisions of any Audit Committee member or members or subcommittee to whom pre-approval authority is delegated must be presented to the full Audit Committee at its next scheduled meeting.

7. Review the performance of the independent auditors and make decisions with respect to the appointment, compensation, retention and oversight of the independent auditors (including resolutions of disagreements between management and the independent auditors). The independent auditors shall report directly to the Audit Committee.

8. Oversee independence of the accountants by:

receiving from the independent auditors, on an annual basis, a formal written statement delineating all relationships between the accountants and the Corporation consistent with Independence Standards Board Standard 1;

reviewing, and actively discussing with the Board, if necessary, and the independent auditors, on a periodic basis, any disclosed relationships or services between the independent auditors and the Corporation or any other disclosed relationships or services that may impact the objectivity and independence of the independent auditors; and

taking appropriate action to satisfy itself of the accountant's independence.

9. Based on the review and discussions referred to in Paragraphs numbered 2 and 7 above, the Audit Committee shall determine whether to recommend to the Board that the Corporation's audited financial statements be included in the Corporation's Annual Report on Form 10-K.

10. The Audit Committee shall receive quarterly reports, and other reports as requested by it from time to time, from the independent auditors on, and assess, (i) the critical accounting policies and practices of the Company and (ii) all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, the ramifications thereof and the preferred treatment thereof and shall receive from both (at the time they are sent) all material written communications between the independent auditors and the Company's management.

Financial Reporting Process

11. In conjunction with the independent auditors and the Chief Financial Officer, review the integrity of the Corporation's financial reporting processes, both internal and external.

12. Consider and approve, if appropriate, major changes to the Corporation's auditing and accounting principles and practices as recommended by the independent auditors, management, or the internal auditing department.

13. Establish regular systems of reporting to the Audit Committee by each of management, the independent auditors and the internal auditors regarding any significant judgments made in management's preparation of the financial statements and any significant difficulties encountered during the course of the review or audit; including any restrictions on the scope of the work or access to required information.

14. Review any significant disagreement among management and the independent auditors or the internal auditing department in connection with the preparation of the financial statements.

Legal Compliance/ General

15. The Audit Committee shall, from time to time, discuss with management, the internal auditors and the independent auditors the Company's adherence to legal and ethical compliance programs (e.g., Company's code of conduct) and the steps management has taken to require and monitor such adherence by Company employees and agents.

16. The Audit Committee shall, from time to time as it deems appropriate, discuss with Company counsel matters that may have a material impact on the Company's financial statements and compliance with legal requirements and shall receive any attorney's report, required by law to be submitted to the committee or the Board of Directors, of evidence of a material violation of securities laws or breaches of fiduciary duty or similar violation by the Company or any agent thereof.

17. The Audit Committee shall periodically require each of its members to certify that such person meets the independence requirements prescribed by law and NASDAQ rules, including that such person has received no compensation from the Company other than director and Board committee fees.

18. The Audit Committee shall report through its Chairperson to the Board following meetings of the Audit Committee.

19. The Audit Committee shall maintain minutes or other records of meetings and activities of the Audit Committee.

20. The Audit Committee shall have full authority to engage and cause the Corporation to compensate, as and when deemed necessary or appropriate by the Audit Committee, independent counsel and other advisers, including accounting advisers.

21. The Corporation shall provide appropriate funding, as determined by the Audit Committee, for the payment of compensation to the independent accountant, and to any advisers engaged by the Audit Committee and for the ordinary administrative expenses of the Audit Committee necessary or appropriate to the carrying out of its duties.

22. No Audit Committee member shall simultaneously serve on the audit committee of more than two other public companies without notice to and approval by the Board of Directors.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. This is the responsibility of management and the independent auditors.

PATTERSON-UTI ENERGY, INC.
AMENDED AND RESTATED
1997 LONG-TERM INCENTIVE PLAN

ARTICLE I:

GENERAL

SECTION 1.1 *Purpose of the Plan.* This Amended and Restated 1997 Long-Term Incentive Plan (the *Plan*) of Patterson-UTI Energy, Inc. (the *Company*) is intended to advance the best interests of the Company, its subsidiaries and its stockholders in order to attract, retain and motivate key employees by providing them with additional incentives through (i) the grant of options (*Options*) to purchase shares of Common Stock, par value \$.01 per share, of the Company (*Common Stock*), (ii) the grant of stock appreciation rights (*Stock Appreciation Rights*), (iii) the award of shares of restricted Common Stock (*Restricted Stock*) and (iv) the award of units payable in cash or shares of Common Stock based on performance (*Performance Awards*), thereby increasing the personal stake of such key employees in the continued success and growth of the Company.

SECTION 1.2 *Administration of the Plan.* (a) The Plan shall be administered either by the full Board of Directors of the Company (the *Board of Directors*) or by the Compensation Committee or other designated committee of the Board of Directors. The Board of Directors or such committee is referred to herein as the *Committee*. The Committee shall have authority to interpret conclusively the provisions of the Plan, to adopt such rules and regulations for carrying out the Plan as it may deem advisable, to decide conclusively all questions of fact arising in the application of the Plan, to establish performance criteria in respect of Awards (as defined herein) under the Plan, to certify that Plan requirements have been met for any participant in the Plan, to submit such matters as it may deem advisable to the Company's stockholders for their approval, and to make all other determinations and take all other actions necessary or desirable for the administration of the Plan. The Committee is expressly authorized to adopt rules and regulations limiting or eliminating its discretion in respect of certain matters as it may deem advisable to comply with or obtain preferential treatment under any applicable tax or other law rule, or regulation. All decisions and acts of the Committee shall be final and binding upon all affected Plan participants.

(b) The Committee shall designate the eligible employees, if any, to be granted Awards and the type and amount of such Awards and the time when Awards will be granted. All Awards granted under the Plan shall be on the terms and subject to the conditions determined by the Committee consistent with the Plan.

SECTION 1.3 *Eligible Participants.* Key employees, including officers and directors, of the Company and its subsidiaries (all such subsidiaries being referred to as *Subsidiaries*) shall be eligible for Awards under the Plan.

SECTION 1.4 *Awards Under the Plan.* Awards to key employees may be in the form of (i) Options, (ii) Stock Appreciation Rights, which may be issued independent of or in tandem with Options, (iii) shares of Restricted Stock, (iv) Performance Awards, or (v) any combination of the foregoing (collectively, *Awards*).

SECTION 1.5 *Shares Subject to the Plan.* Initially, the aggregate number of shares of Common Stock that may be issued under the Plan shall be 8,250,000, subject to adjustment as provided in Section 5.2 of the Plan. Shares distributed pursuant to the Plan may consist of authorized but unissued shares or treasury shares of the Company, as shall be determined from time to time by the Board of Directors.

If any Award under the Plan shall expire, terminate or be canceled (including cancellation upon an Option holder's exercise of a related Stock Appreciation Right) for any reason without having been exercised in full, or if any Award shall be forfeited to the Company, the unexercised or forfeited Award shall not count against the above limits and shall again become available for Awards under the Plan (unless the holder of such

Award received dividends or other economic benefits with respect to such Award, which dividends or other economic benefits are not forfeited, in which case the Award shall count against the above limits). Shares of Common Stock equal in number to the shares surrendered in payment of the option price, and shares of Common Stock which are withheld in order to satisfy Federal, state or local tax liability, shall count against the above limits. Only the number of shares of Common Stock actually issued upon exercise of a Stock Appreciation Right shall count against the above limits, and any shares which were estimated to be used for such purposes and were not in fact so used shall again become available for Awards under the Plan. Cash exercises of Stock Appreciation Rights and cash settlement of other Awards will not count against the above limits.

The aggregate number of shares of Common Stock subject to Options or Stock Appreciation Rights that may be granted to any one participant in any one year under the Plan shall be 600,000, subject to adjustment as provided in Section 5.2 of the Plan. The aggregate number of shares of Common Stock that may be granted to any one participant in any one year in respect of Restricted Stock shall be 600,000, subject to adjustment as provided in Section 5.2 of the Plan. The aggregate number of shares of Common Stock that may be received by any one participant in any one year in respect of a Performance Award shall be 600,000, subject to adjustment as provided in Section 5.2 of the Plan, and the aggregate amount of cash that may be received by any one participant in any one year in respect to a Performance Award shall be \$500,000.

The total number of Awards (or portions thereof) settled in cash under the Plan, based on the number of shares covered by such Awards (e.g., 100 shares for a Stock Appreciation Right with respect to 100 shares), shall not exceed a number equal to (i) the number of shares initially available for issuance under the Plan plus (ii) the number of shares that have become available for issuance under the Plan pursuant to the first paragraph of this Section 1.5.

The aggregate number of shares of Common Stock that are available under the Plan for Options granted in accordance with Section 2.4(i) (ISOs) is 600,000, subject to adjustment as provided in Section 5.2 of the Plan.

SECTION 1.6 *Other Compensation Programs.* Nothing contained in the Plan shall be construed to preempt or limit the authority of the Board of Directors to exercise its corporate rights and powers, including, but not by way of limitation, the right of the Board of Directors (i) to grant incentive awards for proper corporate purposes otherwise than under the Plan to any employee, officer, director or other person or entity or (ii) to grant incentive awards to, or assume incentive awards of, any person or entity in connection with the acquisition (whether by purchase, lease, merger, consolidation or otherwise) of the business or assets (in whole or in part) of any person or entity.

ARTICLE II:

STOCK OPTIONS AND STOCK APPRECIATION RIGHTS

SECTION 2.1 *Terms and Conditions of Options.* Subject to the following provisions, all Options granted under the Plan to employees of the Company and its Subsidiaries shall be in such form and shall have such terms and conditions as the Committee, in its discretion, may from time to time determine consistent with the Plan.

(a) *Option Price.* The option price per share shall be determined by the Committee, except that in the case of an Option granted in accordance with Section 2.4(i) the option price per share shall not be less than the fair market value of a share of Common Stock (as determined by the Committee) on the date the Option is granted (other than in the case of substitute or assumed Options to the extent required to qualify such Options for preferential tax treatment under the Code as in effect at the time of such grant).

(b) *Term of Option.* The term of an Option shall be determined by the Committee, except that the term of an Option shall not exceed ten years from the date of grant, and, notwithstanding any other provision of this Plan, no Option shall be exercised after the expiration of its term.

(c) *Exercise of Options.* Options shall be exercisable at such time or times and subject to such terms and conditions as the Committee shall specify in the Option grant. Unless the Option grant specifies otherwise, the Committee shall have discretion at any time to accelerate such time or times and otherwise waive or amend any conditions in respect of all or any portion of the Options held by any optionee. An Option may be exercised in accordance with its terms as to any or all shares purchasable thereunder.

(d) *Payment for Shares.* The Committee may authorize payment for shares as to which an Option is exercised to be made in cash, shares of Common Stock, a combination thereof, by cashless exercise or in such other manner as the Committee in its discretion may provide.

(e) *Stockholder Rights.* The holder of an Option shall, as such, have none of the rights of a stockholder.

(f) *Termination of Employment.* The Committee shall have discretion to specify in the Option grant, or, with the consent of the optionee, an amendment thereof, provisions with respect to the period, not extending beyond the term of the Option, during which the Option may be exercised following the optionee's termination of employment.

SECTION 2.2 *Stock Appreciation Rights in Tandem with Options.* (a) The Committee may, either at the time of grant of an Option or at any time during the term of the Option, grant Stock Appreciation Rights (Tandem SARs) with respect to all or any portion of the shares of Common Stock covered by such Option. A Tandem SAR may be exercised at any time the Option to which it relates is then exercisable, but only to the extent the Option to which it relates is exercisable, and shall be subject to the conditions applicable to such Option. When a Tandem SAR is exercised, the Option to which it relates shall cease to be exercisable to the extent of the number of shares with respect to which the Tandem SAR is exercised. Similarly, when an Option is exercised, the Tandem SARs relating to the shares covered by such Option exercise shall terminate. Any Tandem SAR which is outstanding on the last day of the term of the related Option (as determined pursuant to Section 2.1(b)) shall be automatically exercised on such date for cash without any action by the optionee.

(b) Upon exercise of a Tandem SAR, the holder shall receive, for each share with respect to which the Tandem SAR is exercised, an amount (the Appreciation) equal to the difference between the option price per share of the Option to which the Tandem SAR relates and the fair market value (as determined by the Committee) of a share of Common Stock on the date of exercise of the Tandem SAR. The Appreciation shall be payable in cash, Common Stock, or a combination of both, at the option of the Committee, and shall be paid within 30 days of the exercise of the Tandem SAR.

SECTION 2.3 *Stock Appreciation Rights Independent of Options.* Subject to the following provisions, all Stock Appreciation Rights granted independent of Options (Independent SARs) under the Plan to employees of the Company and its Subsidiaries shall be in such form and shall have such terms and conditions as the Committee, in its discretion, may from time to time determine consistent with the Plan.

(a) *Exercise Price.* The exercise price per share shall be determined by the Committee on the date the Independent SAR is granted.

(b) *Term of Independent SAR.* The term of an Independent SAR shall be determined by the Committee, and, notwithstanding any other provision of this Plan, no Independent SAR shall be exercised after the expiration of its term.

(c) *Exercise of Independent SARs.* Independent SARs shall be exercisable at such time or times and subject to such terms and conditions as the Committee shall specify in the Independent SAR grant. Unless the Independent SAR grant specifies otherwise, the Committee shall have discretion at any time to accelerate such time or times and otherwise waive or amend any conditions in respect of all or any portion of the Independent SARs held by any participant. Upon exercise of an Independent SAR, the holder shall receive, for each share specified in the Independent SAR grant, an amount (the Appreciation) equal to the difference between the exercise price per share specified in the Independent SAR grant and the fair market value (as determined by the Committee) of a share of Common Stock on the

date of exercise of the Independent SAR. The Appreciation shall be payable in cash, Common Stock, or a combination of both, at the option of the Committee, and shall be paid within 30 days of the exercise of the Independent SAR.

(d) *Stockholder Rights.* The holder of an Independent SAR shall, as such, have none of the rights of a stockholder.

(e) *Termination of Employment.* The Committee shall have discretion to specify in the Independent SAR grant, or, with the consent of the holder, an amendment thereof, provisions with respect to the period, not extending beyond the term of the Independent SAR, during which the Independent SAR may be exercised following the holder's termination of employment.

SECTION 2.4 *Statutory Options.* Subject to the limitations on Option terms set forth in Section 2.1, the Committee shall have the authority to grant (i) ISOs within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) Options containing such terms and conditions as shall be required to qualify such Options for preferential tax treatment under the Code as in effect at the time of such grant, including, if then applicable, limits with respect to minimum exercise price, duration and amounts and special limitations applicable to any individual who, at the time the Option is granted, owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any affiliate. Options granted pursuant to this Section 2.4 may contain such other terms and conditions permitted by Article II of this Plan as the Committee, in its discretion, may from time to time determine (including, without limitation, provision for Stock Appreciation Rights), to the extent that such terms and conditions do not cause the Options to lose their preferential tax treatment. If an Option intended to be an ISO ceases or is otherwise not eligible to be an ISO, such Option (or portion thereof necessary to maintain the status of the remaining portion of the Option as an ISO) shall remain valid but be treated as an Option other than an ISO.

SECTION 2.5 *Change of Control.* Notwithstanding the exercisability schedule governing any Option or Stock Appreciation Right, upon the occurrence of a Change of Control (as defined in Section 5.8) all Options and Stock Appreciation Rights outstanding at the time of such Change of Control and held by participants who are employees of the Company or its subsidiaries at the time of such Change of Control shall (unless specifically provided otherwise in the grant thereof) become immediately exercisable and, unless the participant agrees otherwise in writing, remain exercisable for three years (but not beyond the term of the Option or Stock Appreciation Right) after the employee's termination of employment for any reason other than termination by the Company or a subsidiary of the Company for dishonesty, conviction of a felony, willful unauthorized disclosure of confidential information or willful refusal to perform the duties of such employee's position or positions with the Company or such subsidiary (termination for cause); provided that this Section 2.5 shall not apply to Awards granted to a participant if, in connection with a Change of Control pursuant to clause (1) of Section 5.8, such participant is the Person or forms part of the Person specified in such clause (1).

ARTICLE III:

RESTRICTED STOCK

SECTION 3.1 *Terms and Conditions of Restricted Stock Awards.* Subject to the following provisions, all Awards of Restricted Stock under the Plan to employees of the Company and its Subsidiaries shall be in such form and shall have such terms and conditions as the Committee, in its discretion, may from time to time determine consistent with the Plan.

(a) *Restricted Stock Award.* The Restricted Stock Award shall specify the number of shares of Restricted Stock to be awarded, the price, if any, to be paid by the recipient of the Restricted Stock, and the date or dates on which the Restricted Stock will vest. The vesting and number of shares of Restricted Stock may be conditioned upon the completion of a specified period of service with the Company or its Subsidiaries, upon the attainment of specified performance objectives, or upon such other criteria as the Committee may determine in accordance with the provisions hereof. Performance objectives will be based on increases in share prices, operating income, net income or cash flow thresholds on a company

wide, subsidiary or division or group basis, rig utilization, safety records, return on common equity or any combination of the foregoing.

(b) *Restrictions on Transfer.* Stock certificates representing the Restricted Stock granted to an employee shall be registered in the employee's name. Such certificates shall either be held by the Company on behalf of the employee, or delivered to the employee bearing a legend to restrict transfer of the certificate until the Restricted Stock has vested, as determined by the Committee. The Committee shall determine whether the employee shall have the right to vote and/or receive dividends on the Restricted Stock before it has vested. No share of Restricted Stock may be sold, transferred, assigned, or pledged by the employee until such share has vested in accordance with the terms of the Restricted Stock Award. Unless the grant of a Restricted Stock Award specifies otherwise, in the event of an employee's termination of employment before all the employee's Restricted Stock has vested, or in the event other conditions to the vesting of Restricted Stock have not been satisfied prior to any deadline for the satisfaction of such conditions set forth in the Award, the shares of Restricted Stock that have not vested shall be forfeited and any purchase price paid by the employee shall be returned to the employee. At the time Restricted Stock vests (and, if the employee has been issued legended certificates of Restricted Stock, upon the return of such certificates to the Company), a certificate for such vested shares shall be delivered to the employee or the employee's estate, free of all restrictions.

(c) *Accelerated Vesting.* Notwithstanding the vesting conditions set forth in the Restricted Stock Award, (i) unless the Restricted Stock grant specifies otherwise, the Committee may in its discretion at any time accelerate the vesting of Restricted Stock or otherwise waive or amend any conditions of a grant of Restricted Stock, and (ii) all shares of Restricted Stock shall vest upon a Change of Control of the Company; provided that clause (ii) above shall not apply to Awards granted to a participant if, in connection with a Change of Control pursuant to clause (1) of Section 5.8, such participant is the Person or forms part of the Person specified in such clause (1).

(d) *Maximum Number.* The maximum aggregate number of shares of Restricted Stock which may be awarded under the Plan shall be 500,000 shares.

ARTICLE IV:

PERFORMANCE AWARDS

SECTION 4.1 *Terms and Conditions of Performance Awards.* The Committee shall be authorized to grant Performance Awards, which are payable in stock, cash or a combination thereof, at the discretion of the Committee.

(a) *Performance Period.* The Committee shall establish with respect to each Performance Award a performance period over which the performance goal of such Performance Award shall be measured. The performance period for a Performance Award shall be established prior to the time such Performance Award is granted and may overlap with performance periods relating to other Performance Awards granted hereunder to the same employee.

(b) *Performance Objectives.* The Committee shall establish a minimum level of acceptable achievement for the holder at the time of each Award. Each Performance Award shall be contingent upon future performances and achievement of objectives described either in terms of Company-wide performance or in terms that are related to performance of the employee or of the division, subsidiary, department or function within the Company in which the employee is employed. The Committee shall have the authority to establish the specific performance objectives and measures applicable to such objectives. Such objectives, however, shall be based on increases in share prices, operating income, net income or cash flow thresholds on a company wide, subsidiary or division or group, rig utilization, safety records, return on common equity or any combination of the foregoing.

(c) *Size, Frequency and Vesting.* The Committee shall have the authority to determine at the time of the Award the maximum value of a Performance Award, the frequency of Awards and the date or dates when Awards vest.

(d) *Payment.* Following the end of each performance period, the holder of each Performance Award will be entitled to receive payment of an amount, not exceeding the maximum value of the Performance Award, based on the achievement of the performance measures for such performance period, as determined by the Committee. If at the end of the performance period the specified objectives have been attained, the employee shall be deemed to have fully earned the Performance Award. If the employee exceeds the specified minimum level of acceptable achievement but does not fully attain such objectives, the employee shall be deemed to have partly earned the Performance Award, and shall become entitled to receive a portion of the total Award, as determined by the Committee. If a Performance Award is granted after the start of a performance period, the Award shall be reduced to reflect the portion of the performance period during which the Award was in effect. Unless the Award specifies otherwise, including restrictions in order to satisfy the conditions under Section 162(m) of the Code, the Committee may adjust the payment of Awards or the performance objectives if events occur or circumstances arise which would cause a particular payment or set of performance objectives to be inappropriate, as determined by the Committee.

(e) *Termination of Employment.* A recipient of a Performance Award who, by reason of death, disability or retirement, terminates employment before the end of the applicable performance period shall be entitled to receive, to the extent earned, a portion of the Award which is proportional to the portion of the performance period during which the employee was employed. A recipient of a Performance Award who terminates employment for any other reason shall not be entitled to any part of the Award unless the Committee determines otherwise; however, the Committee may in no event pay the employee more than that portion of the Award which is proportional to his or her period of actual service.

(f) *Accelerated Vesting.* Notwithstanding the vesting conditions set forth in a Performance Award, (i) unless the Award specifies otherwise, the Committee may in its discretion at any time accelerate vesting of the Award or otherwise waive or amend any conditions (including but not limited to performance objectives) in respect of a Performance Award, and (ii) all Performance Awards shall vest upon a Change of Control of the Company. In addition, each participant in the Plan shall receive the maximum Performance Award he or she could have earned for the proportionate part of the performance period prior to the Change of Control, and shall retain the right to earn any additional portion of his or her Award if he or she remains in the Company's employ. However, clause (ii) above shall not apply to Awards granted to a participant if, in connection with a Change of Control pursuant to clause (1) of Section 5.8, such participant is the Person or forms part of the Person specified in such clause (1).

(g) *Stockholder Rights.* The holder of a Performance Award shall, as such, have none of the rights of a stockholder.

ARTICLE V:

ADDITIONAL PROVISIONS

SECTION 5.1 *General Restrictions.* Each Award under the Plan shall be subject to the requirement that, if at any time the Committee shall determine that (i) the listing, registration or qualification of the shares of Common Stock subject or related thereto upon any securities exchange or under any state or Federal law, or (ii) the consent or approval of any government regulatory body, or (iii) an agreement by the recipient of an Award with respect to the disposition of shares of Common Stock, is necessary or desirable (in connection with any requirement or interpretation of any Federal or state securities law, rule or regulation) as a condition of, or in connection with, the granting of such Award or the issuance, purchase or delivery of shares of Common Stock thereunder, such Award may not be consummated in whole or in part unless such listing, registration, qualification, consent, approval or agreement shall have been effected or obtained free of any conditions not acceptable to the Committee.

SECTION 5.2 *Adjustments for Changes in Capitalization.* In the event of any stock dividends, stock splits, recapitalizations, combinations, exchanges of shares, mergers, consolidation, liquidations, split-ups, split-offs, spin-offs, or other similar changes in capitalization, or any distribution to stockholders, including a rights offering, other than regular cash dividends, changes in the outstanding stock of the Company by reason of any increase or decrease in the number of issued shares of Common Stock resulting from a split-up or consolidation of shares or any similar capital adjustment or the payment of any stock dividend, any share repurchase at a price in excess of the market price of the Common Stock at the time such repurchase is announced or other increase or decrease in the number of such shares, the Committee shall make appropriate adjustment in the number and kind of shares authorized by the Plan (including shares available for ISOs), in the number, price or kind of shares covered by the Awards and in any outstanding Awards under the Plan; provided, however, that no such adjustment shall increase the aggregate value of any outstanding Award.

In the event of any adjustment in the number of shares covered by any Award, any fractional shares resulting from such adjustment shall be disregarded and each such Award shall cover only the number of full shares resulting from such adjustment.

SECTION 5.3 *Amendments.* (a) The Board of Directors may at any time and from time to time and in any respect amend or modify the Plan.

(b) The Committee shall have the authority to amend any Award to include any provision which, at the time of such amendment, is authorized under the terms of the Plan; however, no outstanding Award may be revoked or altered in a manner unfavorable to the holder without the written consent of the holder.

SECTION 5.4 *Withholding.* Whenever the Company proposes or is required to issue or transfer shares of Common Stock under the Plan, the Company shall have the right to require the holder to pay an amount in cash or to retain or sell without notice, or demand surrender of, shares of Common Stock in value sufficient to satisfy any Federal, state or local withholding tax liability (Withholding Tax) prior to the delivery of any certificate for such shares (or remainder of shares if Common Stock is retained to satisfy such tax liability). Whenever under the Plan payments are to be made in cash, such payments shall be net of an amount sufficient to satisfy any Federal, state or local withholding tax liability. An Award may also provide the holder with the right to satisfy the Withholding Tax with previously owned shares of Common Stock or shares of Common Stock otherwise issuable to the holder.

Whenever Common Stock is so retained or surrendered to satisfy Withholding Tax, the value of shares of Common Stock so retained or surrendered shall be determined by the Committee, and the value of shares of Common Stock so sold shall be the net proceeds (after deduction of commissions) received by the Company from such sale, as determined by the Committee.

SECTION 5.5 *Non-assignability.* Except as expressly provided in the Plan or in any agreements, no Award under the Plan shall be assignable or transferable by the holder thereof except by will or by the laws of descent and distribution. During the life of the holder, Awards under the Plan shall be exercisable only by such holder or by the guardian or legal representative of such holder.

SECTION 5.6 *Non-uniform Determinations.* Determinations by the Committee under the Plan (including, without limitation, determinations of the persons to receive Awards; the form, amount and timing of such Awards; the terms and provisions of such Awards and the agreements evidencing same; and provisions with respect to termination of employment) need not be uniform and may be made by it selectively among persons who receive, or are eligible to receive, Awards under the Plan, whether or not such persons are similarly situated.

SECTION 5.7 *No Guarantee of Employment.* The grant of an Award under the Plan shall not constitute an assurance of continued employment for any period or any obligation of the Board of Directors to nominate any director for reelection by the Company's stockholders.

SECTION 5.8 *Change of Control.* A Change of Control shall be deemed to have occurred if:

(1) any Person (as defined below), other than a Designated Person, is or becomes the Beneficial Owner (as defined below) of securities of the Company representing 35% or more of the Voting Power (as defined below);

(2) there shall occur a change in the composition of a majority of the Board of Directors within any period of four consecutive years which change shall not have been approved by a majority of the Board of Directors as constituted immediately prior to the commencement of such period;

(3) at any meeting of the stockholders of the Company called for the purpose of electing directors, more than one of the persons nominated by the Board of Directors for election as directors shall fail to be elected; or

(4) a merger, consolidation, sale of substantially all assets or other reorganization of the Company, other than a reincorporation, in which the Company does not survive, shall occur.

For purposes of this Section 5.8, (i) Person shall have the meaning set forth in Sections 3(a)(9) and 13(d)(3) of the Securities Exchange Act of 1934 (the Exchange Act), as in effect on May 1, 1997, (ii) Beneficial Owner shall have the meaning set forth in Rules 13d-3 and 13d-5 promulgated under the Exchange Act on May 1, 1997; (iii) Voting Power shall mean the voting power of the outstanding securities of the Company having the right under ordinary circumstances to vote at an election of the Board of Directors; and (iv) Designated Person shall mean any Person whose Beneficial Ownership of securities is solely the result of such Person acquiring securities as an underwriter in an underwritten public offering of such securities. Notwithstanding anything contained herein to the contrary, a Change in Control shall not be deemed to have occurred due to the Voting Power of Remy Capital Partners III, L.P. or any of its affiliates (collectively Remy) falling below 35% or subsequently increasing over 35%.

SECTION 5.9 *Duration and Termination.* (a) The Plan shall be of unlimited duration. Notwithstanding the foregoing, no ISO (within the meaning of Section 422 of the Code) shall be granted under the Plan ten (10) years after the effective date of the Plan, but Awards granted prior to such date may extend beyond such date, and the terms of this Plan shall continue to apply to all Awards granted hereunder.

(b) The Board of Directors may suspend, discontinue or terminate the Plan at any time. Such action shall not impair any of the rights of any holder of any Award outstanding on the date of the Plan's suspension, discontinuance or termination without the holder's written consent.

SECTION 5.10 *Deferred Compensation and Trust Agreements.* The Committee may authorize and establish deferred compensation agreements and arrangements in connection with Awards under the Plan and may establish trusts and other arrangements including rabbi trusts, with respect to such agreements and appoint one or more trustees for such trusts. Shares of Common Stock under the Plan may also be acquired by one or more trustees from the Company, in the open market or otherwise.

SECTION 5.11 *Effective Date.* The Plan is effective as of July 23, 1997, the effective date of the Long-Term Incentive Plan prior to amendment.
