Item 9. Regulation FD Disclosure.

On July 29, 2004, (the Closing Date) Mercury Air Group, Inc. (the Company) and Bank of America, N.A. (the Bank) entered into a loan agreement, a revolving line of credit, which expires on July 31, 2007, or earlier under certain conditions, providing for cash advances and letters of credit up to the lesser of \$30,000,000 or the Borrowing Base (the Credit Facility). The Borrowing Base, as defined in the Credit Facility, will be determined monthly and is the sum of: (1) 80% of the balance due on Domestic Acceptable Receivables plus (2) 80% of the balance due on Foreign Acceptable Receivables which shall not exceed the lesser of (i) \$6,000,000 or 25% of Domestic Acceptable Receivables. Based upon the results of the Bank's pre-funding audit, the credit availability as of the Closing Date on the Credit Facility was approximately \$28,297,000. The Credit Facility will bear interest equal to the Bank's Prime Rate.

The Credit Facility contains certain financial covenants which will require the Company to maintain: (1) a minimum amount of Tangible Net Worth, as defined in the agreement; (2) a maximum ratio of Total Liabilities to Tangible Net Worth; (3) a minimum Basic Fixed Charge Ratio, as defined in the agreement; and (4) a minimum Liquidity amount, as defined in the agreement. The Credit Facility also limits the amount the Company can expend during any fiscal year for (1) capital expenditures and (2) cash dividends and stock repurchases and limits the amount of additional debt the Company can incur for transactions not considered to be in the ordinary course of the Company's business.

On July 30 2004, Mercury Air Group, Inc. (the Company) issued a press release announcing the opening of the Credit Facility. The press release is incorporated herein to this Form 8-K by reference and a copy of this press release is attached hereto as Exhibit 99.1.
