### INFORMATION TO BE INCLUDED IN THE REPORT

#### ITEM 8.01. OTHER EVENTS

On July 18, 2005, Diamond Offshore Drilling, Inc. (the "Company") issued a press release announcing that the Board of Directors of the Company has declared a quarterly cash dividend of \$0.125 per common share, payable on September 1, 2005 to shareholders of record on August 1, 2005. The dividend represents a doubling of the Company's quarterly dividend. The press release also discusses the Company's belief that its financial position is strong and that its earnings outlook is positive, and as a result, that the Company's Board of Directors will in the future consider declaring a special cash dividend in the first quarter of 2006. The amount of the special cash dividend, if any, will be determined by the Board of Directors based upon the Company's financial position, earnings outlook, capital spending plans, and such other factors as the Board of Directors considers relevant. The Board of Directors may also consider paying annual special dividends in future years, if it believes that the Company's financial position, earnings outlook, capital spending plans and other relevant factors warrant such action at such time.

Filed herewith is a copy of such press release.

Statements in this report that contain "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, may include, but are not limited to, statements regarding positive earnings expectations. Forward-looking statements include, without limitation, statements which project, indicate or imply future results or future actions and may contain words like "consider," "expect," "intend," "plan," "will," "estimated" and "budgeted," among others. Such statements are inherently subject to a variety of risks and uncertainties that could cause actual results to differ materially from those anticipated or projected. These factors include, among others, the risk that the current favorable business outlook may change due to factors such as: the present favorable markets for the Company's services will not be maintained or may not continue to improve, as well as general economic and business conditions, changes in oil and natural gas prices, casualty losses, industry fleet capacity, changes in foreign and domestic oil and gas exploration and production activity, competition, changes in foreign, political, social and economic conditions, regulatory initiatives and compliance with governmental regulations, customer preferences and various other matters, many of which are beyond the Company's control. Given these concerns, investors and analysts should not place undue reliance on forward-looking statements. Each forward-looking statement speaks only as of the date of this report. The Company expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement to reflect any change in the Company's expectations with regard thereto or any change in events, conditions or circumstances on which any forward-looking statement is based.
