Mitcham Industries, Inc. NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (in thousands, except per share amounts) (unaudited)

1. Basis of Presentation

The condensed consolidated balance sheet as of January 31, 2008 for Mitcham Industries, Inc. (for purposes of these notes the Company) has been derived from audited consolidated financial statements. The unaudited interim condensed consolidated financial statements have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and the related notes included in the Company s Annual Report on Form 10-K for the year ended January 31, 2008. In the opinion of the Company, all adjustments, consisting only of normal recurring adjustments, necessary to present fairly the financial position as of July 31, 2008, the results of operations for the three and six months ended July 31, 2008 and 2007, and the cash flows for the six months ended July 31, 2008 and 2007, have been included in these financial statements. The foregoing interim results are not necessarily indicative of the results of the operations to be expected for the full fiscal year ending January 31, 2009.

2. Organization

Mitcham Industries, Inc., a Texas corporation, was incorporated in 1987. The Company, through its wholly owned Canadian subsidiary, Mitcham Canada, Ltd. (MCL) and its wholly owned Russian subsidiary, Mitcham Seismic Eurasia LLC (MSE), provides full-service equipment leasing, sales and service to the seismic industry worldwide. The Company, through its wholly owned Australian subsidiary, Seismic Asia Pacific Pty Ltd. (SAP), provides seismic, oceanographic and hydrographic leasing and sales worldwide, primarily in Southeast Asia and Australia. The Company, through its wholly owned subsidiary, Seamap International Holdings Pte. Ltd. (Seamap), designs, manufactures and sells a broad range of proprietary products for the seismic, hydrographic and offshore industries with product sales and support facilities based in Singapore and the United Kingdom. All intercompany transactions and balances have been eliminated in consolidation.

3. New Accounting Pronouncements

In September 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 157, *Fair Value Measurements* (SFAS 157), to define fair value, establish a framework for measuring fair value and expand disclosures about the use of fair value to measure assets and liabilities. SFAS 157 requires quantitative disclosures using a tabular format in all periods (interim and annual) and qualitative disclosures about the valuation techniques used to measure fair value in all annual periods. SFAS 157 was effective for the Company s fiscal year beginning February 1, 2008. The adoption of SFAS 157 had no material effect on the Company s consolidated financial position and results of operations.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* (SFAS 159). SFAS 159 expands opportunities to use fair value measurements in financial reporting and permits entities to choose to measure many financial instruments and certain other items at fair value. SFAS 159 was effective for the Company s fiscal year beginning February 1, 2008. The adoption of SFAS 159 had no material effect on the Company s consolidated financial position and results of operations.

4. Restricted Cash

In connection with a contract awarded in May 2008, SAP has pledged approximately \$1.4 million in short-term time deposits to secure performance obligations under the contract. The amount of the security will be released as the contract obligations are performed over the life of the contract, which is estimated to be nine to twelve months.

As of July 31, 2008, the Company had goodwill of \$4,320, all of which is allocated to the Seamap segment. During the three months ended July 31, 2008 the Company recorded a decrease in goodwill in the amount of \$38 resulting from the recognition of certain tax credits relating to the operations of Seamap. These tax credits related to the period prior to the acquisition of Seamap by the Company. No impairment has been recorded against the goodwill account.

Amortizable intangible assets are amortized over their estimated useful lives of three to 15 years using the straight-line method. Aggregate amortization expense was \$127 and \$114 for the three months ended July 31, 2008 and 2007, respectively, and \$282 and \$228 for the six months ended July 31, 2008 and 2007, respectively. As of July 31, 2008, future estimated amortization expense related to amortizable intangible assets is estimated to be:

7. Long-Term Debt and Notes Payable

The Company entered into a \$12,500 revolving loan agreement with First Victoria National Bank (the Bank) which expires on February 1, 2009. The facility bears interest at the prime rate. Amounts available for borrowing under the facility are determined by a borrowing base. The borrowing base is computed based on certain outstanding accounts receivable, certain portions of the Company s lease pool and any lease pool assets that are to be purchased with proceeds of the facility. Borrowings under the facility are secured by essentially all of the Company s domestic assets. Interest on any outstanding principal balance is payable monthly, while the principal is due at maturity. The loan agreement also contains certain financial covenants that require, among other things, that the Company maintain a debt to shareholders—equity ratio of a maximum of 1.3 to 1.0, maintain a current assets to current liabilities ratio of a minimum of 1.25 to 1.0, and not incur or maintain any indebtedness or obligations or guarantee the debts or obligations of others in a total aggregate amount which exceeds \$1,000 without the prior written approval of the Bank, except for indebtedness incurred as a result of the Seamap acquisition and other specific exceptions. As of July 31, 2008, \$2,000 is outstanding under this facility.

In connection with the Seamap acquisition in July 2005, the Company issued \$3,000 in promissory notes payable to the former shareholders of Seamap, of which \$1,500 was outstanding at January 31, 2008. The notes bear interest at

5%, which is payable annually on the anniversary of the notes. A partial principal payment of \$637 was made in February 2008 and the remaining principal payment of \$863 was made in July 2008.

8. Shareholders Equity

During the six months ended July 31, 2008, approximately 18 shares were issued upon the exercise of stock options by employees pursuant to various stock option plans of the Company.
