PROSPECTUS SUMMARY

You should read the following summary together with the more detailed information and the financial statements and related notes that are included elsewhere in this prospectus or in the documents that we incorporate by reference into this prospectus.

Unless otherwise indicated, (i) the term "URI" refers to United Rentals

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

(North America), Inc., the issuer of the notes, (ii) the term "Holdings" refer to United Rentals, Inc., the parent of URI and a guarantor of the notes, and (iii) the terms "United Rentals," "we," "us," "our company" or "the company" refer to Holdings and its subsidiaries.

The Company

United Rentals is the largest equipment rental company in North America with approximately 750 locations in 47 states, seven Canadian provinces and Mexico. We offer for rent over 600 different types of equipment to customers that include construction and industrial companies, manufacturers, utilities, municipalities, homeowners and others. In 2000, we served more than 1.2 million customers and completed over 8.4 million rental transactions.

We have the largest fleet of rental equipment in the world, with over 500,000 units having an original purchase price of approximately \$3.5 billion. Our fleet includes:

- . General construction and industrial equipment, such as backhoes, skid-steer loaders, forklifts, earth moving equipment, material handling equipment, compressors, pumps and generators;
- . Aerial work platforms, such as scissor lifts and boom lifts;
- . Traffic control equipment, such as barricades, cones, warning lights, message boards and pavement marking systems;
- . Trench safety equipment for below ground work, such as trench shields, aluminum hydraulic shoring systems, slide rails, crossing plates, construction lasers and line testing equipment;
- . Special event equipment, such as large tents, light towers and power units used for sporting, corporate and other events; and
- . General tools and light equipment, such as power washers, water pumps, heaters and hand tools.

In addition to renting equipment, we sell used rental equipment, act as a dealer for new equipment and sell related merchandise, parts and service.

We estimate that the U.S. equipment rental industry has grown from approximately \$6.5 billion in annual rental revenues in 1990 to over \$25 billion in 2000, representing a compound annual growth rate of approximately 14.5%. We believe that the principal driver of growth in the equipment rental industry, in addition to general economic expansion, has been the increasing recognition by equipment users of the many advantages that equipment rental may offer compared with ownership. They recognize that by renting they can:

- . avoid the large capital investment required for equipment purchases;
- . access a broad selection of equipment and select the equipment best suited for each particular job;
- . reduce storage and maintenance costs; and
- . access the latest technology without investing in new equipment.

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

While the construction industry has to date been the principal user of rental equipment, industrial companies, utilities and others are increasingly using rental equipment for plant maintenance, plant turnarounds and other functions requiring the periodic use of equipment. The market for rental equipment is also benefiting from increased government funding for infrastructure projects, such as funding under the U.S. Transportation Equity Act for the 21st Century ("TEA-21") and the Aviation Investment and Reform Act for the 21st Century ("AIR-21"). TEA-21 earmarks \$175 billion for highway construction and \$42 billion for transit spending over the 1998-2003 fiscal period, a 40% increase over the prior six-year period. AIR-21 provides for \$40 billion in construction spending over three years to support the FAA's airport improvement programs.

Competitive Advantages

We believe that we benefit from the following competitive advantages:

Large and Diverse Rental Fleet. Our rental fleet is the largest and most comprehensive in the industry, which allows us to:

- . attract customers by providing "one-stop" shopping;
- . serve a diverse customer base and reduce our dependence on any particular customer or group of customers; and
- . serve customers that require substantial quantities or wide varieties of equipment.

Significant Purchasing Power. We purchase large amounts of equipment, merchandise and other items, which enables us to negotiate favorable pricing, warranty and other terms with our vendors. Our purchasing power is further increased by our ongoing efforts to consolidate our vendor base. For example, we reduced the number of our primary equipment suppliers from 111 to 28 in 2000. This reduction allowed us to lower our equipment purchase costs by approximately \$150 million in 2000 and should enable us to save additional amounts in 2001. We expect to realize additional savings by consolidating our merchandise suppliers and negotiating more favorable warranty terms with key vendors.

Operating Efficiencies. We generally group our branches into clusters of 10 to 30 locations that are in the same geographic area. Our information technology systems allow each branch to access all available equipment within a cluster. We believe that our cluster strategy produces significant operating efficiencies by enabling us to: (1) market equipment through all branches within a cluster, (2) cross-market equipment specialties of different branches within each cluster and (3) reduce costs by consolidating functions that are common to our more than 750 branches, such as payroll, accounts payable and credit and collection, into 25 credit offices and three service centers. In 2000, approximately 10.7% of our rental revenue was attributable to equipment sharing among branches.

Information Technology Systems. Our information technology systems facilitate our ability to make rapid and informed decisions, respond quickly to changing market conditions, and share equipment among branches. These systems allow: (1) management to obtain a wide range of operating and financial data, (2) branch personnel to access and manage branch level data, such as customer requirements, equipment availability and maintenance histories, and (3) customers to access their accounts online. These systems promote equipment sharing among branches by enabling branch personnel to locate needed equipment within a geographic region, determine its closest location and arrange for its delivery to a customer's work site. We have an in-house team of approximately

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

100 information technology specialists that supports our systems and extends them to new locations.

Geographic and Customer Diversity. We have approximately 750 branches in 47 states, seven Canadian provinces and Mexico and served more than 1.2 million customers in 2000. Our customers are diverse, ranging

3

from Fortune 500 companies to small companies and homeowners, and in 2000 our top ten customers accounted for approximately 2% of our revenues. We believe that our geographic and customer diversity provide us with many advantages including: (1) enabling us to better serve National Account customers with multiple locations, (2) helping us achieve favorable resale prices by allowing us to access used equipment resale markets across the country, (3) reducing our dependence on any particular customer and (4) reducing the impact that fluctuations in regional economic conditions have on our overall financial performance.

National Account Program. Our National Account sales force is dedicated to establishing and expanding relationships with larger companies, particularly those with a national or multi-regional presence. We offer our National Account customers the benefits of a consistent level of service across North America and a single point of contact for all their equipment needs. Our National Account team includes 39 professionals serving over 1,400 National Account customers, including more than 200 new accounts added in the first quarter of 2001. We estimate that our revenues from National Account customers will increase to approximately \$400.0 million in 2001 from \$245.0 million in 2000.

Risk Management and Safety Programs. We place great emphasis on risk reduction and safety and believe that we have one of the most comprehensive risk management and safety programs in the industry. Our risk management department is staffed by 43 experienced professionals and is responsible for implementing our safety programs and procedures, developing our employee and customer training programs and managing any claims against us.

Experienced Senior Management. Our senior management team is comprised of executives with proven track records. Our management team includes Bradley S. Jacobs, John N. Milne and Michael J. Nolan, who together with others founded our company in September 1997, and Wayland R. Hicks who joined them shortly thereafter. Prior to the founding of our company, Mr. Jacobs served as the Chairman and Chief Executive Officer of United Waste Systems, Inc., which he founded in 1989, and Messrs. Milne and Nolan served as members of the United Waste senior management team for periods of seven and six years, respectively. United Waste was sold in August 1997 and, at the time, was the sixth largest provider of integrated, non-hazardous solid waste management services in the United States. Mr. Hicks, prior to joining our company, held senior executive positions at Xerox Corporation, where he worked for 28 years, including Executive Vice President, Corporate Operations and Executive Vice President, Corporate Marketing and Customer Support Operations.

Strong and Motivated Branch Management. Each of our branches has a full-time branch manager who is supervised by one of our 63 district managers and nine regional vice presidents. We believe that our managers are among the most knowledgeable and experienced in the industry, and we empower them--within budgetary guidelines--to make day-to-day decisions concerning staffing, pricing, equipment purchasing and other branch matters. Management closely tracks branch, district and regional performance with extensive systems and controls, including performance benchmarks and detailed monthly operating

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

reviews. We promote equipment sharing among branches by linking the compensation of branch managers and other personnel to their branch's financial performance and return on assets.

4

Strategy

We have established the following key business strategies:

Enhance Industry Leadership Position. We intend to use our extensive fleet, broad geographic coverage, advanced information technology systems and depth of experience of our senior and branch management to generate further growth and increase our market share by:

- . actively managing the composition of our fleet to meet customer needs and respond to local demand;
- . promoting equipment sharing and cross-marketing of equipment specialties among branches in geographic regions;
- . focusing on providing outstanding customer service and support;
- . marketing our services to existing and potential National Account customers that can benefit from our ability to provide a broad selection of equipment and a consistently high level of service throughout North America;
- . marketing our extensive fleet of specialized lines of equipment, including (1) aerial work platforms for use in large projects requiring significant amounts of equipment for extended periods of time, (2) traffic control equipment for use in infrastructure projects and (3) trench safety equipment required for use in below ground work in order to comply with government worker safety standards; and
- . training our sales force and branch personnel in value-added sales techniques to achieve customer satisfaction and maximize the value of each transaction.

Maintain Disciplined Approach to New Branches and Acquisitions. We intend to continue to selectively open new branches and make acquisitions that will expand our geographic reach, enhance our operating efficiency and increase our market share.

Rapidly Adapt to Changing Economic Conditions. We have made significant investments in new equipment over the past several years and, as a result, have one of the most modern rental fleets in the industry. The young age of our fleet gives us the flexibility to respond to an economic downturn by reducing the rate at which we purchase new equipment and sell used equipment. We anticipate significantly increasing our free cash flow from operations in 2001 by reducing our equipment expenditures to approximately \$400 million, compared to \$962 million in 2000.

5

Background to Issuance of the Notes

In April 2001, we issued \$450 million aggregate principal amount of our 10 3/4% Senior Notes Due 2008. At the same time, we obtained a new senior secured credit facility comprised of a \$750 million term loan and a \$750 million

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

revolving credit facility. We used proceeds from the notes and the new secured credit facility to refinance an aggregate of \$1,695.7 million of indebtedness and other obligations that were outstanding under our old revolving credit facility, certain term loans and a synthetic lease.

The Exchange Offer

The Exchange Offer

The 10 3/4% Senior Notes Due 2008 that we issued as described above were not registered under the Securities Act of 1933. At the time we issued these notes, we entered into a registration rights agreement which obligated us to offer to exchange the unregistered notes for registered notes. In order to satisfy this obligation, we are now offering you the opportunity to exchange your unregistered notes for an equivalent amount of registered notes. The notes may be exchanged only in multiples of \$1,000.

In order to participate in this exchange offer, you will be required to make certain representations in a letter of transmittal, including that:

- . you are not affiliated with us;
- . you are not a broker-dealer that purchased your notes directly from us;
- . you will acquire the registered notes in the ordinary course of business;
- . either (a) you have not agreed with anyone to distribute the notes or (b) you have not agreed with us or our affiliates to distribute the notes and you are a broker-dealer that purchased unregistered notes for your own account as part of market-making or trading activities; and
- . if you are holding the notes as nominee for a beneficial owner, that the beneficial owner has made the representations set forth above.

Resale of the Registered Notes

We believe that the registered notes acquired in this exchange offer may be freely traded without compliance with the provisions of the Securities Act of 1933 that call for registration and delivery of a prospectus, except as described in the following paragraph.

If you are a broker-dealer that purchased unregistered notes for your own account as part of market-making or trading activities, you must deliver a prospectus when you sell registered notes. We have agreed in the registration rights agreement to allow you to use this prospectus for such purpose during the 90-day period following consummation of the exchange offer (subject to limitations under certain circumstances). We may be required to extend this 90-day period under

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

certain circumstances described herein.

6

If you are a broker-dealer, you will be required to confirm that you will comply with the prospectus delivery requirements described above.

These restrictions provide that notes that are not registered under the Securities Act of 1933 may not be offered or sold, except in a transaction that is exempt from or not subject to the registration requirements of such Act. After this exchange offer, holders of unregistered original notes will not have any further right to have their notes registered (subject to certain limited exceptions described under the heading "Registration Rights Agreement.") The registered notes issued in this exchange offer will evidence the same debt as the original unregistered notes and both series of notes will be entitled to the benefits of the same indenture and treated as a single class of debt securities. aggregate of \$44.6 million of indebtedness and other obligations that are effectively senior to the notes and (3) URI and the guarantors had outstanding an aggregate of \$997.0 million of subordinated indebtedness that ranks junior to the notes.

The Indenture governing the notes permits URI and its subsidiaries to incur additional indebtedness, subject to certain exceptions.

Change of Control

If we experience specific kinds of change of control events, we must offer to repurchase the notes at a price of 101% of the principal amount thereof, plus accrued but unpaid interest, if any, to the date of the repurchase. See "Description of the Notes--Change of Control."

Certain Covenants

The Indenture governing the notes contains certain covenants, including limitations on (i) indebtedness, (ii) restricted payments, (iii) liens, (iv) the disposition of proceeds of asset sales, (v) issuance of preferred stock of Restricted Subsidiaries (as defined herein), (vi) transactions with affiliates, (vii) dividend and other payment restrictions affecting Restricted Subsidiaries, (viii) designations of Unrestricted Subsidiaries (as defined herein), (ix) additional subsidiary guarantees and (x) mergers, consolidations or sales of substantially all our assets. These covenants are subject to important exceptions and qualifications. See "Description of the Notes--Certain Covenants" and "--Consolidation, Merger and Sale of Assets, Etc."

Absence of Public Market

The registered notes that will be issued in this exchange offer are new securities for which there is currently no established trading market. We do not intend to apply for listing of the registered notes on any securities exchange or for quotation of such notes through the Nasdaq National Market. Accordingly, we cannot provide you with any assurance as to the development or liquidity of any market for the notes. If a market for the registered notes develops, the notes could trade at a discount from their principal amount.

Although the original unregistered notes are currently eligible for trading in the Private Offerings, Resale and Trading through Automated Linkages ("PORTAL") market of the National Association of Securities Dealers, Inc., the registered notes will not be eligible for trading through PORTAL.

Summary Consolidated Financial Information

The tables below present selected financial information for our company. You should read this information together with (1) the information set forth under "Selected Consolidated Financial Information" and (2) the consolidated financial statements and the related notes which are included herein.

We refinanced \$1,695.7 million of indebtedness in April 2001 as described under "--Background to Issuance of the Notes." The balance sheet data below under the heading "Pro Forma" adjusts the historical balance sheet data to give effect to the borrowings under our old credit facility subsequent to March 31, 2001 and the refinancing transactions, as if such transactions had occurred on March 31, 2001.

Certain of our acquisitions were accounted for as purchases and certain acquisitions were accounted for as poolings-of-interests, including our September 1998 merger with U.S. Rentals, Inc. For further information concerning the accounting for these acquisitions, see (1) note 3 to our audited consolidated financial statements included herein and (2) note 2 to our unaudited consolidated financial statements included herein.

- (1) Interest expense excludes the amortization of deferred financing fees.
 - (2) EBITDA is defined as net income (excluding (i) non-operating income and expense, (ii) \$47.2 million in merger-related expenses in 1998 related to the three acquisitions accounted for as pooling-of-interests, including the merger with U.S. Rentals and (iii) \$8.3 million of expenses that are included in selling, general and administrative expenses for 1999 and which related to a terminated tender offer) plus interest expense, income taxes and depreciation and amortization. EBITDA data is presented to provide additional information concerning our ability to meet future debt service obligations and capital expenditure and working capital requirements. However, EBITDA is not a measure of financial performance under generally accepted accounting principles. Accordingly, EBITDA should not be considered an alternative to net income or cash flows as indicators of our operating performance or liquidity.
 - (3) EBITDA margin is defined as EBITDA as a percentage of total revenues.

RISK FACTORS

You should carefully consider the following factors and the other information in this prospectus in connection with this exchange offer and an investment in the notes.

Our substantial indebtedness could adversely affect us.

We have a substantial amount of indebtedness. On March 31, 2001, as adjusted for the subsequent refinancing transactions described under "Prospectus Summary--Background to Issuance of the Notes," our total indebtedness was approximately \$2,807.0 million. Our substantial indebtedness has the potential to affect us adversely in a number of ways. For example, it will or could:

- . require us to devote a substantial portion of our cash flow to debt service, reducing the funds available for other purposes;
- . constrain our ability to obtain additional financing; or
- . make it difficult for us to cope with a downturn in our business or a decrease in our cash flow.

In addition, a portion of our indebtedness bears interest at variable rates that are linked to changing market interest rates. As a result, an increase in market interest rates would increase our interest expense and our debt service obligations. On March 31, 2001, as adjusted for the subsequent refinancing transactions described under "Prospectus Summary--Background to Issuance of the Notes," we had \$1,324.0 million of variable rate indebtedness.

Furthermore, if we are unable to service our indebtedness and fund our business, we will be forced to adopt an alternative strategy that may include:

- . reducing or delaying capital expenditures;
- . limiting our growth;
- . seeking additional debt financing or equity capital;
- . selling assets; or
- . restructuring or refinancing our indebtedness.

We cannot assure you that any of these strategies could be effected on favorable terms or at all.

Although the notes are referred to as "senior notes," they are effectively subordinated to our secured indebtedness and all obligations of our non-guarantor subsidiaries.

The notes are unsecured obligations of URI and are guaranteed by (1) URI's parent and (2) subject to limited exceptions, URI's current and future domestic subsidiaries. The notes are not guaranteed by URI's foreign subsidiaries. As a result of this structure, the notes are effectively subordinated to (1) all secured indebtedness of URI and each guarantor, to the extent of the value of the collateral, and (2) all indebtedness and other obligations, including trade

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

payables, of our non-guarantor subsidiaries. The effect of this subordination is that, in the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding involving us or a subsidiary, the assets of the affected entity could not be used to pay you until after:

- . all secured claims against the affected entity have been fully paid; and
- . if the affected entity is a non-guarantor subsidiary, all other claims against that subsidiary, including trade payables, have been fully paid.

On March 31, 2001, as adjusted for the subsequent refinancing transactions described under "Prospectus Summary--Background to Issuance of the Notes," (1) URI and the guarantors had outstanding an aggregate of \$1,338.0 million of secured indebtedness that is effectively senior to the notes and (2) the non-guarantor subsidiaries had outstanding an aggregate of \$44.6 million of indebtedness and other obligations that are effectively senior to the notes. We may incur additional secured indebtedness.

13

URI has a holding company structure and will depend on distributions from its subsidiaries in order to pay the notes and certain provisions of law or contractual restrictions could limit distributions from its subsidiaries.

URI derives substantially all its operating income from, and holds substantially all its assets through, its subsidiaries. The effect of this structure is that URI will depend on the earnings of its subsidiaries, and the payment or other distribution to URI of these earnings, in order to meet its obligations under the notes and other outstanding debt. Provisions of law, such as those requiring that dividends be only paid from surplus, could limit the ability of URI's subsidiaries to make payments or other distributions to URI. Furthermore, these subsidiaries could agree to contractual restrictions on their ability to make distributions.

We may be unable to repurchase the notes as required upon a change of control.

If we experience a change of control, we will be required to make an offer to purchase all outstanding notes at 101% of their principal amount plus accrued and unpaid interest, if any, to the date of repurchase. However, we may be unable to do so because:

- . we might not have enough available funds, particularly since a change of control could cause part or all of our other indebtedness to become due; and
- . the agreements governing our credit facility and other secured indebtedness would prohibit us from repurchasing the notes, unless we were able to obtain a waiver or refinance such indebtedness.

A guarantee could be voided if the guarantor fraudulently transferred the guarantee at the time it incurred the indebtedness, which could result in the noteholders being able to rely on only URI to satisfy claims.

Under U.S. bankruptcy law and comparable provisions of state fraudulent transfer laws, a guarantee can be voided, or claims under a guarantee may be subordinated to all other debts of that guarantor if, among other things, the guarantor, at the time it incurred the indebtedness evidenced by its guarantee:

- . intended to hinder, delay or defraud any present or future creditor or received less than reasonably equivalent value or fair consideration for

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

the incurrence of the guarantee,

- . was insolvent or rendered insolvent by reason of such incurrence;
- . was engaged in a business or transaction for which the guarantor's remaining assets constituted unreasonably small capital; or
- . intended to incur, or believed that it would incur, debts beyond its ability to pay those debts as they mature.

In addition, any payment by that guarantor under a guarantee could be voided and required to be returned to the guarantor or to a fund for the benefit of the creditors of the guarantor.

The measures of insolvency for purposes of fraudulent transfer laws vary depending upon the governing law. Generally a guarantor would be considered insolvent if:

- . the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets;
- . the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or
- . it could not pay its debts as they become due.

On the basis of historical financial information, recent operating history and other factors, we believe that the parent guarantee and the subsidiary guarantees were incurred for proper purposes and in good faith and that

14

the parent guarantor and each subsidiary guarantor, after giving effect to its guarantee of the notes, will not be insolvent, have unreasonably small capital for the business in which it is engaged or have incurred debts beyond our ability to pay those debts as they mature. We cannot be certain, however, that a court would agree with our conclusions in this regard.

Restrictive covenants could adversely affect our business by limiting our flexibility.

We are subject to various restrictive financial and operating covenants under the agreements governing our indebtedness. These covenants limit or prohibit, among other things, our ability to incur indebtedness, make prepayments of certain indebtedness, make investments, create liens, make acquisitions, sell assets and engage in mergers and acquisitions. These covenants could adversely affect our business by significantly limiting our operating and financial flexibility.

Our business could be hurt if we are unable to obtain additional capital as required.

We may require additional capital for, among other purposes, purchasing rental equipment, completing acquisitions, establishing new rental locations, and refinancing existing indebtedness. If the cash that we generate from our business, together with cash that we may borrow under our credit facility, is not sufficient to fund our capital requirements, we will require additional debt and/or equity financing. We cannot, however, be certain that any

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

additional financing will be available or, if available, will be available on terms that are satisfactory to us. If we are unable to obtain sufficient additional capital in the future, our business could be adversely affected.

Our business could be hurt by a decline in construction and industrial activities.

Our equipment is principally used in connection with construction and industrial activities. Consequently, a downturn in construction or industrial activity may lead to a decrease in the demand for our equipment or depress rental rates and the sales prices for the equipment we sell. We have identified below certain of the factors which may cause such a downturn, either temporarily or long-term:

- . a continuation or a worsening of the recent slow-down of the economy over the long-term;
- . an increase in interest rates; or
- . adverse weather conditions which may temporarily affect a particular region.

In addition, demand for our traffic control equipment may not reach projected levels in the event that funding for highway and other construction projects under government programs, such as the Transportation Equity Act for the 21st Century ("TEA-21") or the Aviation Investment and Reform Act for the 21st Century ("AIR-21"), does not reach expected levels.

The loss of any member of senior management could hurt our business.

We are highly dependent upon our senior management team. Consequently, our business could be adversely affected in the event that we lose the services of any member of senior management. We do not maintain "key man" life insurance with respect to members of senior management.

Our business is highly competitive and competition may increase.

The equipment rental industry is highly fragmented and competitive. Our competitors primarily include small, independent businesses with one or two rental locations, regional competitors which operate in one or more states, public companies or divisions of public companies, and equipment vendors and dealers who both sell and rent equipment directly to customers. We may in the future encounter increased competition from our existing competitors or from new companies. In addition, certain equipment manufacturers may commence or increase their existing efforts relating to renting and selling equipment directly to our customers or potential customers.

15

Our operating results may fluctuate which could affect the trading value of the notes.

We expect that our revenues and operating results may fluctuate from quarter to quarter or over the longer term due to a number of factors, including:

- . seasonal rental patterns of our customers, with rental activity tending to be lower in the winter;
- . our recent acquisition of businesses that specialize in renting traffic control equipment, which tend to operate at a loss during the first

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

quarter;

- . the timing of expenditures for new equipment and the disposition of used equipment;
- . changes in demand for our equipment or the prices therefor due to changes in economic conditions, competition or other factors;
- . changes in the interest rates applicable to our floating rate debt;
- . if we determine that a potential acquisition will not be consummated, the need to charge against earnings any expenditures relating to such transaction (such as financing commitment fees, merger and acquisition advisory fees and professional fees) previously capitalized; and
- . the possible need, from time to time, to take other write-offs or special charges due to a variety of occurrences, such as store consolidations or closings or the refinancing of existing indebtedness.

Fluctuations in our operating results could adversely affect the trading value of the notes.

We have made acquisitions, which entails certain risks.

We have grown in part through acquisitions. The making of acquisitions entails certain risks, including:

- . unrecorded liabilities of acquired companies that we fail to discover during our due diligence investigations;
- . difficulty in assimilating the operations and personnel of the acquired company with our existing operations;
- . loss of key employees of the acquired company; and
- . difficulty maintaining uniform standards, controls, procedures and policies.

We depend on our information technology systems, and any disruption in these systems could hurt our business.

Our ability to monitor and control our operations depends to a large extent on the proper functioning of our information technology systems. Any disruption in these systems or the failure of these systems to operate as expected could, depending on the magnitude and duration of the problem, adversely affect our business.

We are exposed to various possible claims relating to our business, and our insurance may not fully protect us.

We are exposed to various possible claims relating to our business. These possible claims include those relating to (1) personal injury or death caused by equipment rented or sold by us, (2) motor vehicle accidents involving our delivery and service personnel and (3) employment related claims. We carry a broad range of insurance for the protection of our assets and operations. However, such insurance may not fully protect us for a number of reasons, including:

- . our coverage is subject to a deductible of \$1.0 million and limited to a maximum of \$98.0 million per occurrence;

- . we do not maintain coverage for environmental liability (other than legally required fuel storage tank coverage), since we believe that the cost for such coverage is high relative to the benefit that it provides; and
- . certain types of claims, such as claims for punitive damages or for damages arising from intentional misconduct, which are often alleged in third party lawsuits, might not be covered by our insurance.

We cannot be certain that insurance will continue to be available to us on economically reasonable terms, if at all.

We are subject to numerous environmental and safety regulations. Our business could be hurt if we are required to incur compliance or remediation costs that are not currently anticipated.

Our operations are subject to numerous laws governing environmental protection and occupational health and safety matters. These laws regulate such issues as wastewater, stormwater, solid and hazardous wastes and materials, and air quality. Under these laws, we may be liable for, among other things, (1) the costs of investigating and remediating contamination at our sites as well as sites to which we sent hazardous wastes for disposal or treatment regardless of fault and (2) fines and penalties for non-compliance. Our operations generally do not raise significant environmental risks, but we use hazardous materials to clean and maintain equipment, and dispose of solid and hazardous waste and wastewater from equipment washing, and store and dispense petroleum products from underground and above-ground storage tanks located at certain of our locations.

Based on the conditions currently known to us, we do not believe that any pending or likely remediation and compliance costs will have a material adverse effect on our business. We cannot be certain, however, as to the potential financial impact on our business if new adverse environmental conditions are discovered or environmental and safety requirements become more stringent. If we are required to incur environmental compliance or remediation costs that are not currently anticipated by us, our business could be adversely affected depending on the magnitude of the cost.

A prolonged labor dispute could hurt our business.

Certain of our employees are represented by unions and covered by collective bargaining agreements. If we should experience a prolonged labor dispute involving a significant number of our employees, our business could be adversely affected.

Our operations outside the United States are subject to the risks normally associated with international operations.

Our operations outside the United States are subject to the risks normally associated with international operations. These include the need to convert currencies, which could result in a gain or loss depending on fluctuations in exchange rates, and the need to comply with foreign laws.

We cannot guarantee that there will be a trading market for the notes.

We cannot guarantee that there will be an active trading market for the notes because there currently is no trading market for the notes, and we do not intend to list the notes on any exchange.

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

If an active trading market does not develop or is not maintained, the market price and liquidity of the notes may be adversely affected.

17

The trading price of the notes may be volatile.

The trading price of the notes could be subject to significant fluctuation in response to, among other factors, changes in our operating results, interest rates, the market for noninvestment grade securities, general economic conditions, and securities analysts' recommendations regarding our securities.

Original notes that are not exchanged will have restrictions on their transfer and could be subject to a reduction in market value.

Any unregistered original notes that remain outstanding after this exchange offer will continue to be subject to restrictions on their transfer. After this exchange offer, holders of unregistered original notes will not (with limited exceptions) have any further rights to have their notes registered. Any market for unregistered original notes that are not exchanged could be adversely affected by the conclusion of this exchange offer.

Holders must comply with the exchange procedure.

Issuance of registered notes in exchange for unregistered original notes will only occur upon completion of the procedure described in this prospectus under the heading "The Exchange Offer--Procedures for Tendering." Therefore, holders of unregistered original notes who wish to exchange them for registered notes should allow sufficient time for timely completion of the exchange procedure. We are not obligated to notify you of any failure to follow the proper procedure.

Broker-dealers may be required to deliver a prospectus.

A broker-dealer that purchased unregistered original notes for its own account as part of market-making or trading activities, must deliver a prospectus when it sells registered notes. Our obligation to make this prospectus available to broker-dealers is limited. Consequently, we cannot guarantee that a proper prospectus will be available to broker-dealers wishing to resell their registered notes.

Holders will be required to make certain representations.

In order to participate in the exchange offer, you will be required to make certain representations in a letter of transmittal as described herein. If any of these representations are falsely made, the notes received in exchange for your unregistered original notes may be restricted, meaning that they would not be freely tradable.

18

THE EXCHANGE OFFER

The following summary of certain terms of this exchange offer ("the Exchange Offer") is qualified in its entirety by reference to the full text of the documents underlying the Exchange Offer, including the Letter of Transmittal and the Registration Rights Agreement, copies of which are filed as exhibits to

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

the registration statement of which this prospectus is a part.

Participation in the Exchange Offer is voluntary, and holders of unregistered original notes (the "Original Notes") should carefully consider whether to accept. Holders of Original Notes are urged to consult their financial and tax advisors in making their decision on what action to take.

Purpose of the Exchange Offer; Effect on Holders of Original Notes

The Exchange Offer is being made in order to satisfy certain of URI's obligations under a Registration Rights Agreement entered into in connection with the issuance of the Original Notes (the "Registration Rights Agreement"). See "Registration Rights Agreement."

Upon consummation of the Exchange Offer, the holders of Original Notes will not have any further registration rights under the Registration Rights Agreement (subject to limited exceptions as described under "Registration Rights Agreement"). Holders of the Original Notes who do not tender their Original Notes in the Exchange Offer will continue to hold such Original Notes and will be entitled to all the rights and will be subject to all the limitations applicable thereto under the indenture governing the notes (the "Indenture"). All Original Notes that remain outstanding upon consummation of the Exchange Offer will continue to be subject to the restrictions on transfer provided for in the Original Notes and the Indenture. In general, the Original Notes may not be offered or sold unless registered under the Securities Act of 1933 (the "Securities Act"), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. To the extent that the Original Notes are tendered and accepted in the Exchange Offer, the trading market for untendered Original Notes could be adversely affected.

Required Representations

In connection with any tender of Original Notes pursuant to the Exchange Offer, the Book-Entry Holder (as defined below) of such Original Notes will be required to make certain representations in the Letter of Transmittal, including that (i) it is not affiliate of URI, (ii) it is not a broker-dealer that purchased such Original Notes directly from URI, (iii) any registered notes that it acquires in the Exchange Offer (the "Exchange Notes") will be acquired by it in the ordinary course of its business and (iv) it has no arrangement with any person to participate in the distribution of the Exchange Notes; provided, however, that if the Book-Entry Holder is a broker-dealer that wishes to tender Original Notes that were acquired by it for its own account as a result of market-making activities or other trading activities, it may represent, in lieu of the representation set forth in clause (iv), that it has no arrangement or understanding with URI, or any affiliate of URI, to participate in the distribution of the Exchange Notes. In addition, a Book-Entry Holder that holds any Original Notes as nominee will be required to confirm that the beneficial owner for which it is holding such Original Notes has made the representations provided for in the preceding sentence.

The term "Book-Entry Holder" with respect to any notes means the participant in the system of The Depository Trust Company ("DTC") that is listed as the holder of such notes in the records maintained by DTC.

Resale of Exchange Notes

Based on interpretations by the staff of the Securities and Exchange Commission (the "Commission") set forth in no-action letters issued to third parties, URI believes that (except as provided in the following two

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

paragraphs) the Exchange Notes issued pursuant to the Exchange Offer may be offered for resale, resold or otherwise transferred by any holder thereof (other than an affiliate of URI) without compliance with the registration and prospectus delivery provisions of the Securities Act (subject to the representations set forth under "--Required Representations" being made and being accurate).

Any broker-dealer that receives Exchange Notes in exchange for Original Notes that were acquired by it for its own account as a result of market-making activities or other trading activities, must deliver a prospectus meeting the requirements of the Securities Act in connection with any resales by it of any such Exchange Notes. This prospectus, as it may be amended or supplemented from time to time, may, if permitted by URI, be used by a broker-dealer in order to satisfy such prospectus delivery requirements. URI has agreed in the Registration Rights Agreement that, for a period of 90 days following consummation of the Exchange Offer (subject to extension under certain circumstances described under "Plan of Distribution"), it will make this prospectus available to any broker-dealer for use in connection with any such resale (subject to limitations on the use of this prospectus under certain circumstances). Each broker-dealer that participates in the Exchange Offer will be required to confirm that it will comply with the prospectus delivery requirements described above. A broker-dealer that delivers a prospectus in connection with the resale of any Exchange Notes will be subject to certain of the civil liability provisions under the Securities Act. See "Plan of Distribution."

In the event that any of the required representations set forth under "--Required Representations" is not true with respect to a holder that receives Exchange Notes pursuant to the Exchange Offer, the Exchange Notes received by such holder may be deemed to be restricted securities and, if so, such Exchange Notes may not be offered or sold unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

The conclusions set forth in the preceding three paragraphs are based on interpretations by the staff of the Commission set forth in no-action letters issued to third parties. URI does not intend to seek its own no-action letter with respect to the Exchange Offer and there is no assurance that the staff of the Commission would make a similar determination with respect to the Exchange Offer as it has in such no-action letters to third parties.

Terms of the Exchange Offer

Upon the terms and subject to the conditions set forth in this prospectus and in the accompanying Letter of Transmittal, URI will accept for exchange all Original Notes properly tendered and not withdrawn prior to 5:00 p.m., New York City time, on the Expiration Date (as defined herein). URI will issue \$1,000 principal amount of Exchange Notes in exchange for each \$1,000 principal amount of outstanding Original Notes accepted in the Exchange Offer. Holders may tender some or all of their Original Notes pursuant to the Exchange Offer in denominations of \$1,000 and integral multiples thereof. The Exchange Offer is not conditioned upon any minimum aggregate principal amount of Original Notes being tendered.

The terms of the Exchange Notes will be the same in all material respects as the Original Notes except that (i) the Exchange Notes will be registered under the Securities Act, and, therefore, will not bear legends restricting the transfer thereof and (ii) certain of the registration rights, under the Registration Rights Agreement, relating to the Exchange Notes are different

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

than those relating to the Original Notes and, therefore, the defaults under the Registration Rights Agreement that may require URI to pay additional interest will be different for the Exchange Notes and the Original Notes. See "Registration Rights Agreement." The Exchange Notes will evidence the same debt as the Original Notes and both series of notes will be entitled to the benefits of the Indenture and treated as a single class of debt securities.

In connection with the issuance of the Original Notes, URI arranged for the Original Notes to be issued and transferable in book-entry form through the facilities of DTC, acting as depository. The Exchange Notes will also be issuable and transferable in book-entry form through DTC. See "Description of the Notes--Book Entry; Delivery and Form."

20

URI shall be deemed to have accepted validly tendered Original Notes when, as and if URI has given oral (promptly confirmed in writing) or written notice thereof to the Exchange Agent (as defined herein). The Exchange Agent will act as agent for URI for the purposes of receiving the Exchange Notes from URI and delivering Exchange Notes to tendering holders of Original Notes. URI's obligation to accept Original Notes for exchange pursuant to the Exchange Offer is subject to certain customary conditions as set forth under "--Conditions."

If any tendered Original Notes are not accepted for exchange because of an invalid tender or the occurrence of certain other events set forth herein, such unaccepted Original Notes will be returned, without expense, to the tendering holder thereof as promptly as practicable after the Expiration Date.

Holders of Original Notes who tender pursuant to the Exchange Offer will not be required to pay brokerage commissions or fees or, subject to the instructions in the Letter of Transmittal, transfer taxes with respect to the exchange of Original Notes pursuant to the Exchange Offer. URI will pay all such charges and expenses, other than certain applicable taxes, in connection with the Exchange Offer. See "--Solicitation of Tenders; Fees and Expenses."

Holders of notes do not have appraisal or dissenters' rights under the Delaware General Corporation Law or under the Indenture in connection with the Exchange Offer. URI intends to conduct the Exchange Offer in accordance with the applicable requirements of Regulation 14E under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

NEITHER THE BOARD OF DIRECTORS OF URI NOR URI MAKES ANY RECOMMENDATION TO HOLDERS OF ORIGINAL NOTES AS TO WHETHER TO TENDER OR REFRAIN FROM TENDERING ALL OR ANY PORTION OF THEIR ORIGINAL NOTES PURSUANT TO THE EXCHANGE OFFER. MOREOVER, NO ONE HAS BEEN AUTHORIZED TO MAKE ANY SUCH RECOMMENDATION. HOLDERS OF ORIGINAL NOTES MUST MAKE THEIR OWN DECISION WHETHER TO TENDER PURSUANT TO THE EXCHANGE OFFER AND, IF SO, THE AGGREGATE AMOUNT OF ORIGINAL NOTES TO TENDER, AFTER READING THIS PROSPECTUS AND THE LETTER OF TRANSMITTAL AND CONSULTING WITH THEIR ADVISORS, IF ANY, BASED ON THEIR OWN FINANCIAL POSITION AND REQUIREMENTS.

Expiration Date; Extensions; Amendments

The Exchange Offer will remain open for acceptance for a period of not less than 30 days after the date notice of the Exchange Offer is mailed to holders of the Original Notes (or longer if required by applicable law). The Expiration Date will be 5:00 p.m., New York City time, on _____, 2001, unless URI, in its sole discretion, extends the Exchange Offer, in which case the Expiration Date will be the latest business day to which the Exchange Offer is extended. In order to extend the Expiration Date, URI will notify the Exchange Agent of any

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

extension by oral (promptly confirmed in writing) or written notice and will notify the record holders by means of a press release or other public announcement, prior to 9:00 a.m., New York City time, on the next business day after the previously scheduled Expiration Date. During any such extension, all Original Notes previously tendered and not withdrawn as herein provided will remain subject to the Exchange Offer and may be accepted for exchange by URI on the Expiration Date.

Interest on the Exchange Notes

Interest on the notes is payable semi-annually on April 15 and October 15 of each year, commencing October 15, 2001, at the rate of 10 3/4% per annum. The Exchange Notes will bear interest from and including the last interest payment date on the Original Notes (or, if none has yet occurred, the date of issuance of such Original Notes).

Procedures for Tendering

Only a Book-Entry Holder of Original Notes may tender such Original Notes pursuant to the Exchange Offer. To tender any Original Notes pursuant to the Exchange Offer, the Book-Entry Holder of such Original

21

Notes must make book-entry delivery of such Original Notes by causing DTC to transfer such Original Notes to the account of the Exchange Agent at DTC in accordance with DTC's Automated Tender Offer Program ("ATOP") prior to 5:00 p.m., New York City time, on the Expiration Date. In addition, either (i) DTC must deliver an Agent's Message (as defined below) prior to 5:00 p.m., New York City time, on the Expiration Date, indicating that DTC has received from such Book-Entry Holder an express acknowledgment that such Book-Entry Holder has received and agrees to be bound by the terms of the Letter of Transmittal or (ii) such Book-Entry Holder must complete, sign and date the Letter of Transmittal or a facsimile thereof, in accordance with the instructions contained herein and therein, and deliver such Letter of Transmittal, or such facsimile, and any other required documentation to the Exchange Agent at the address set forth herein prior to 5:00 p.m., New York City time, on the Expiration Date. DELIVERY OF DOCUMENTS TO DTC DOES NOT CONSTITUTE DELIVERY TO THE EXCHANGE AGENT.

The term "Agent's Message" means a message transmitted by DTC to, and received by, the Exchange Agent and forming part of the book-entry confirmation relating to a book-entry transfer of Original Notes through ATOP, which states that DTC has received an express acknowledgment from the DTC participant that is tendering the Original Notes which are the subject of such book entry confirmation, that such DTC participant has received and agrees to be bound by the terms of the Letter of Transmittal.

The tender by a holder of Original Notes and the acceptance thereof by URI will constitute an agreement between such holder and URI in accordance with the terms and subject to the conditions set forth herein and in the Letter of Transmittal.

THE METHOD OF DELIVERY OF THE LETTER OF TRANSMITTAL AND ALL OTHER REQUIRED DOCUMENTS TO THE EXCHANGE AGENT IS AT THE ELECTION AND RISK OF THE HOLDER. INSTEAD OF DELIVERY BY MAIL, IT IS RECOMMENDED THAT HOLDERS USE AN OVERNIGHT OR HAND DELIVERY SERVICE. IN ALL CASES, SUFFICIENT TIME SHOULD BE ALLOWED TO ASSURE TIMELY DELIVERY TO THE EXCHANGE AGENT BEFORE THE EXPIRATION DATE. NO LETTER OF TRANSMITTAL SHOULD BE SENT TO URI OR DTC.

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

All questions as to the validity, form, eligibility (including time of receipt), acceptance of tendered Original Notes and withdrawal of tendered Original Notes will be determined by URI in its sole discretion, which determination will be final and binding. URI reserves the absolute right to reject any and all Original Notes not properly tendered or any Original Notes URI's acceptance of which would, in the opinion of counsel for URI, be unlawful. URI also reserves the right to waive any irregularities or conditions of tender as to particular Original Notes. URI's interpretation of the terms and conditions of the Exchange Offer (including the instructions in the Letter of Transmittal) will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Original Notes must be cured within such time as URI shall determine. Neither URI, the Exchange Agent nor any other person shall be under any duty to give notification of defects or irregularities with respect to tenders of Original Notes, nor shall any of them incur any liability for failure to give such notification. Tenders of Original Notes will not be deemed to have been made until such irregularities have been cured or waived. Any Original Notes received by the Exchange Agent that are not properly tendered or the tender of which is otherwise rejected by URI and as to which the defects or irregularities have not been cured or waived will be returned by the Exchange Agent to the Book-Entry Holder that tendered such Original Notes (by crediting an account maintained at DTC designated by such Book-Entry Holder) as soon as practicable following the Expiration Date.

Withdrawal of Tenders

Except as otherwise provided herein, tenders of Original Notes may be withdrawn at any time prior to 5:00 p.m., New York City time, on the Expiration Date.

To withdraw a tender of Original Notes pursuant to the Exchange Offer, the Book-Entry Holder that tendered such Original Notes must, prior to 5:00 p.m., New York City time, on the Expiration Date, either

22

(i) withdraw such tender in accordance with the appropriate procedures of the ATOP system or (ii) deliver to the Exchange Agent a written or facsimile transmission notice of withdrawal at the address set forth herein. Any such notice of withdrawal must contain the name and number of the Book-Entry Holder, the amount of Original Notes to which such withdrawal relates, the account at DTC to be credited with the withdrawn Original Notes and the signature of the Book-Entry Holder. All questions as to the validity, form and eligibility (including time of receipt) of such withdrawal notices will be determined by URI in its sole discretion, whose determination will be final and binding on all parties. Any Original Notes so withdrawn will be deemed not to have been validly tendered for purposes of the Exchange Offer, and no Exchange Notes will be issued with respect thereto unless the Original Notes so withdrawn are validly retendered. Any Original Notes which have been tendered but which are withdrawn will be returned by the Exchange Agent to the Book-Entry Holder that tendered such Original Notes (by crediting an account maintained at DTC designated by such Book-Entry Holder) as soon as practicable after withdrawal. Properly withdrawn Original Notes may be retendered at any time prior to the Expiration Date by following the procedures described under "--Procedures for Tendering."

Conditions

Notwithstanding any other term of the Exchange Offer, URI shall not be required to accept for exchange, or to exchange Exchange Notes for, any Original Notes, and may terminate or amend the Exchange Offer as provided

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

herein before the acceptance of such Original Notes, if:

- (a) any action or proceeding is instituted or threatened in any court or by or before any governmental agency or regulatory authority or any injunction, order or decree is issued with respect to the Exchange Offer which, in the sole judgment of URI, might impair the ability of URI to proceed with the Exchange Offer; or
- (b) any law, statute, rule, regulation or interpretation by the Staff of the Commission is proposed, adopted or enacted, which, in the reasonable judgment of URI, might materially impair the ability of URI to proceed with the Exchange Offer; or
- (c) there shall have been proposed, adopted or enacted any law, statute, rule or regulation (or an amendment to any existing law, statute, rule or regulation) which, in the sole judgment of URI, might materially impair the ability of URI to proceed with the Exchange Offer.

If URI determines in its reasonable judgment that any of the conditions set forth above are not satisfied, URI may (i) terminate the Exchange Offer and refuse to accept any Original Notes and return all tendered Original Notes to the tendering holders, (ii) extend the Exchange Offer and retain all Original Notes tendered prior to the expiration of the Exchange Offer subject, however, to the rights of holders to withdraw such Original Notes (see "--Withdrawals of Tenders") or (iii) waive such unsatisfied conditions with respect to the Exchange Offer and accept all properly tendered Original Notes which have not been withdrawn. Moreover, regardless of whether any of such conditions has occurred, URI may amend the Exchange Offer in any manner which, in its good faith judgment, is advantageous to holders of the Original Notes.

The foregoing conditions are for the sole benefit of URI and may be asserted by URI regardless of the circumstances giving rise to any such condition or may be waived by URI in whole or in part at any time and from time to time in its sole discretion. The failure by URI at any time to exercise any of the foregoing rights shall not be deemed a waiver of any such right, and each such right shall be deemed an ongoing right which may be asserted at any time and from time to time. If a waiver constitutes a material change in the Exchange Offer, URI will disclose such change by means of a supplement to this prospectus that will be distributed to each Book-Entry Holder, and URI will extend the Exchange Offer for a period of five to ten business days, depending upon the significance of the waiver and the manner of disclosure to the Book-Entry Holders, if the Exchange Offer would otherwise expire during such period. Any determination by URI concerning the events described above will be final and binding upon all parties.

23

In addition, URI will not accept for exchange any Original Notes tendered, and no Exchange Notes will be issued in exchange for any such Original Notes, if at such time any stop order shall be threatened or in effect with respect to the registration statement of which this prospectus is a part or if the Indenture is not qualified under the Trust Indenture Act of 1939, as amended. URI is required to use every reasonable effort to obtain the withdrawal of any such stop order at the earliest possible time.

Each broker-dealer that receives Exchange Notes for its own account in exchange for Original Notes, where such Original Notes were acquired by such broker-dealer as a result of market-making or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes. See "Plan of Distribution."

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

The Exchange Offer is not conditioned upon any minimum principal amount of Original Notes being tendered for exchange.

Exchange Agent

The Bank of New York, the Trustee under the Indenture, has been appointed as Exchange Agent for the Exchange Offer. In such capacity, the Exchange Agent has no fiduciary duties to the holders of the notes and will be acting solely on the basis of directions of URI. All executed Letters of Transmittal must be delivered to the Exchange Agent at the applicable address set forth below. Questions and requests for assistance and requests for additional copies of this prospectus or the Letter of Transmittal should be directed to the Exchange Agent addressed as follows:

By Mail:	By Facsimile Transmission:	By Overnight or Hand
(registered or certified (for Eligible Institutions only) recommended) The Bank of New York Reorganization Section 101 Barclay Street Floor 7E New York, New York 10286 Attention: []	The Bank of New York [] Attention: [] Confirm by Telephone: []	Delivery: The Bank of New York Reorganization Section 101 Barclay Street Floor 7E New York, New York 10286 Attention: []

DELIVERY OF THE LETTER OF TRANSMITTAL TO AN ADDRESS OR FACSIMILE NUMBER OTHER THAN SET FORTH ABOVE WILL NOT CONSTITUTE A VALID DELIVERY.

Solicitation of Tenders; Fees and Expenses

The expenses of soliciting tenders pursuant to the Exchange Offer will be borne by URI. The principal solicitation for tenders pursuant to the Exchange Offer is being made by mail; however, additional solicitations may be made by telegraph, facsimile, telephone or in person by officers and regular employees of URI and its affiliates.

URI has not retained any dealer-manager in connection with the Exchange Offer and will not make any payments to brokers, dealers or other persons soliciting acceptances of the Exchange Offer. URI will, however, pay the Exchange Agent reasonable and customary fees for its services and will reimburse the Exchange Agent for its reasonable out-of-pocket expenses in connection therewith and pay other expenses of the Exchange Offer, including fees and expenses of the Trustee, filing fees, and URI's accounting and legal fees and printing and distribution expenses. URI may also pay brokerage houses and other custodians, nominees and fiduciaries the reasonable out-of-pocket expenses incurred by them in forwarding copies of this prospectus, Letters of Transmittal and related documents to the beneficial owners of the Original Notes and in handling or forwarding tenders for exchange.

URI will pay all transfer taxes, if any, applicable to the exchange of Original Notes pursuant to the Exchange Offer. If, however, Exchange Notes or Original Notes for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be registered or issued in the name of, any person other than the Book-Entry Holder of the Original Notes tendered, or if a

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

transfer tax is imposed for any reason other than the exchange of Original Notes pursuant to the Exchange Offer, then the amount of any such transfer taxes (whether imposed on the Book-Entry Holder or any other persons) will be payable by the tendering holder. If satisfactory evidence of payment of such taxes or exemption therefrom is not submitted with the Letter of Transmittal, the amount of such transfer taxes will be billed directly to such tendering holder.

Accounting Treatment

The Exchange Notes will be recorded at the same carrying value as the Original Notes for which they are exchanged, which is the aggregate principal amount of the Original Notes, as reflected in URI's accounting records on the date of exchange. Accordingly, no gain or loss for accounting purposes will be recognized in connection with the Exchange Offer. The cost of the Exchange Offer will be deferred and amortized over the term of the Exchange Notes.

Other

URI may in the future seek to acquire untendered Original Notes, to the extent permitted by applicable law, in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. URI has no present plans to acquire any Original Notes that are not tendered in the Exchange Offer or to file a registration statement to permit resales of any untendered Original Notes.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the material U.S. federal income tax considerations relating to the exchange of Original Notes for Exchange Notes in the Exchange Offer. It does not contain a complete analysis of all the potential tax considerations relating thereto. This summary is limited to holders of Original Notes who hold the Original Notes as "capital assets" (in general, assets held for investment). Special situations, such as the following, are not addressed:

- . tax consequences to holders who may be subject to special tax treatment, such as tax-exempt entities, dealers in securities or currencies, financial institutions, insurance companies, regulated investment companies, traders in securities that elect to use a mark-to-market method of accounting for their securities holdings or corporations that accumulate earnings to avoid U.S. federal income tax;
- . tax consequences to persons holding notes as part of a hedging, integrated, constructive sale or conversion transaction or a straddle or other risk reduction transaction;
- . tax consequences to holders whose "functional currency" is not the U.S. dollar;
- . tax consequences to persons who hold notes through a partnership or similar pass-through entity;
- . tax consequences to holders who have ceased to be United States citizens or to be taxed as resident aliens;
- . alternative minimum tax consequences, if any; or

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

. any state, local or foreign tax consequences.

The discussion below is based upon the provisions of the Internal Revenue Code of 1986, as amended, existing and proposed Treasury regulations promulgated thereunder, and rulings, judicial decisions and administrative interpretations thereunder, as of the date hereof. Those authorities may be changed, perhaps retroactively, so as to result in U.S. federal income tax consequences different from those discussed below.

Consequences of Tendering Notes

The exchange of Original Notes for Exchange Notes in the Exchange Offer should not constitute a taxable exchange for federal income tax purposes. Accordingly, the Exchange Offer should have no federal income tax consequences to you. Your tax basis and holding period in the Exchange Notes should be the same as your Original Notes.

The preceding discussion of certain U.S. federal income tax considerations is for general information only and is not tax advice. Accordingly, each investor should consult its own tax advisor as to particular tax consequences to it of exchanging Original Notes for Exchange Notes, including the applicability and effect of any state, local or foreign tax laws, and of any proposed changes in applicable laws.

26

REGISTRATION RIGHTS AGREEMENT

In connection with the issuance of the Original Notes, URI entered into a Registration Rights Agreement (the "Registration Rights Agreement") with the initial purchasers of the Original Notes. Set forth below is a summary of certain provisions of the Registration Rights Agreement. Such summary does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the Registration Rights Agreement, a copy of which is filed as an exhibit to the registration statement of which this prospectus forms a part.

We agreed pursuant to the Registration Rights Agreement that we would, subject to certain exceptions:

- (1) within 90 days after the issue date of the Original Notes, file a registration statement (the "Exchange Offer Registration Statement") with the SEC with respect to a registered offer (the "Exchange Offer") to exchange the Original Notes for new notes of URI (the "Exchange Notes") having terms substantially identical in all material respects to the Original Notes (except that the Exchange Notes will not contain terms with respect to transfer restrictions and will have different registration rights);
- (2) use our best efforts to cause the Exchange Offer Registration Statement to be declared effective under the Securities Act within 150 days after the issue date of the Original Notes;
- (3) as soon as practicable after the effectiveness of the Exchange Offer Registration Statement (the "Effectiveness Date"), offer the Exchange Notes in exchange for surrender of the Original Notes; and
- (4) keep the Exchange Offer open for not less than 30 days (or longer if required by applicable law) after the date notice of the Exchange Offer is mailed to the holders of the notes.

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

The Exchange Offer being made hereby is intended to satisfy our obligations under the Registration Rights Agreement described in the preceding paragraph.

In the event that:

(1) applicable interpretations of the staff of the SEC do not permit us to effect the Exchange Offer; or

(2) for any other reason we do not consummate the Exchange Offer within 180 days of the issue date of the Original Notes; or

(3) an initial purchaser of the Original Notes shall notify us following consummation of the Exchange Offer that notes held by it are not eligible to be exchanged for Exchange Notes in the Exchange Offer; or

(4) certain holders are prohibited by law or SEC policy from participating in the Exchange Offer or may not resell the Exchange Notes acquired by them in the Exchange Offer to the public without delivering a prospectus;

then, we will, subject to certain exceptions,

(1) use our best efforts to file a shelf registration statement (the "Shelf Registration Statement") covering resales of the notes or the Exchange Notes, as the case may be, on or prior to the 90th day after such filing obligation arises;

(2) use our best efforts to cause the Shelf Registration Statement to be declared effective under the Securities Act on or prior to the 150th calendar day after such filing obligation arises; provided, however, that if the obligation to file the Shelf Registration Statement arises because the Exchange Offer has not been consummated within 180 days after the issue date of the Original Notes, then we will use our best efforts to file the Shelf Registration Statement on or prior to the 30th day after such filing obligation arises; and

(3) keep the Shelf Registration Statement effective until the earliest of:

(A) the time when the notes covered by the Shelf Registration Statement can be sold pursuant to Rule 144 without any limitations under clauses (c), (e), (f) and (h) of Rule 144;

27

(B) two years from the effective date of the Shelf Registration Statement; and

(C) the date on which all notes registered thereunder are disposed of in accordance therewith.

We will, in the event that a Shelf Registration Statement is filed, among other things, provide to each holder for whom such Shelf Registration Statement was filed copies of the prospectus which is a part of the Shelf Registration Statement, notify each holder when the Shelf Registration Statement has become effective and take certain other actions as are required to permit unrestricted resales of the Original Notes or the Exchange Notes, as the case may be. A holder selling such Original Notes or Exchange Notes pursuant to the Shelf Registration Statement generally would be required to be named as a selling

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

security holder in the related prospectus and to deliver a prospectus to purchasers, will be subject to certain of the civil liability provisions under the Securities Act in connection with such sales and will be bound by the provisions of the Registration Rights Agreement that are applicable to such holder (including certain indemnification obligations).

If any of the following events occur (each such event a "Registration Default"), we will pay additional cash interest on the applicable Original Notes or Exchange Notes, subject to certain exceptions, from and including the date on which any such Registration Default shall occur to but excluding the date on which all Registration Defaults have been cured:

(1) we fail to file any of the registration statements required by the Registration Rights Agreement on or prior to the date specified for such filing;

(2) any of such registration statements is not declared effective by the SEC on or prior to the date specified for such effectiveness;

(3) the Exchange Offer is required to be consummated under the Registration Rights Agreement and is not consummated within 180 days after the issue date of the Original Notes;

(4) the Shelf Registration Statement is declared effective but thereafter, during the period for which we are required to maintain the effectiveness of such registration statement, it ceases to be effective or usable in connection with the resale of the Original Notes or the Exchange Notes, as the case may be, covered by such registration statement for a period of 60 days, whether or not consecutive; or

(5) the Exchange Offer Registration Statement is declared effective but thereafter, during the period in which we are required to make this prospectus available for use by broker-dealers (as described under "Plan of Distribution"), it ceases to be effective (or we restrict the use of the prospectus included therein) for a period of 60 days, whether or not consecutive.

Notwithstanding the foregoing, any Registration Default specified in clause (1), (2) or (3) of the preceding sentence that relates to the Exchange Offer Registration Statement or the Exchange Offer shall be deemed cured at such time as the Shelf Registration Statement is declared effective by the SEC.

If a Registration Default exists, the interest rate on the Specified Notes (as defined below) will increase by 0.25% per annum, with respect to the first 90 day period (or portion thereof) while a Registration Default is continuing immediately following the occurrence of such Registration Default. Such interest rate will increase by an additional 0.25% per annum at the beginning of each subsequent 90-day period (or portion thereof) while a Registration Default is continuing until all Registration Defaults have been cured, up to a maximum rate of additional interest of 1.00% per annum. Following the cure of all Registration Defaults, the accrual of additional interest on the Specified Notes will terminate and the interest rate will revert to the original rate. The Indenture provides that additional interest as aforesaid will constitute liquidated damages and will be the exclusive monetary remedy available to holders of the notes in respect of any Registration Default.

"Specified Notes" means the Original Notes (and not the Exchange Notes); provided, however, that, if the Registration Default relates solely to a Shelf Registration Statement, then (i) if such Shelf Registration Statement is required to cover both Original Notes and Exchange Notes, "Specified Notes" shall mean both the Original

Notes and Exchange Notes and (ii) if such Shelf Registration Statement is required to cover only Exchange Notes, "Specified Notes" shall mean only the Exchange Notes; provided further, however, that, if the Registration Default relates to an Exchange Offer Registration Statement that is unavailable for use during the period in which we are required to make this prospectus available for use by broker-dealers (as described under "Plan of Distribution"), "Specified Notes" shall mean the Exchange Notes.

All references in the Indenture, in any context, to any interest or other amount payable on or with respect to the notes shall be deemed to include any additional interest pursuant to the Registration Rights Agreement.

USE OF PROCEEDS

URI will not receive any cash proceeds from the issuance of the Exchange Notes. In consideration for issuing the Exchange Notes as contemplated in this prospectus, URI will receive in exchange Original Notes in like principal amount, which will be cancelled. As such, this Exchange Offer will not result in any increase or decrease in indebtedness of URI.

-
- (1) Interest expense excludes the amortization of deferred financing fees.
- (2) The charge in 1997 resulted from the prepayment of debt by U.S. Rentals. The charge in 1998 resulted from the early extinguishment of certain debt and primarily reflected prepayment penalties on certain debt of U.S. Rentals.
- (3) U.S. Rentals was taxed as a Subchapter S Corporation until its initial public offering in February 1997, and another company that we acquired in a pooling-of-interests transaction was taxed as a Subchapter S Corporation until being acquired by us in 1998. In general, the income or loss of a Subchapter S Corporation is passed through to its owners rather than being subjected to taxes at the entity level. Pro forma provision for income taxes before extraordinary items and pro forma income before extraordinary items reflects a provision for income taxes as if all such companies were liable for federal and state income taxes as taxable corporate entities for all periods presented.

31

- (4) EBITDA is defined as net income (excluding (i) non-operating income and expense, (ii) a \$20.3 million non-recurring charge incurred by U.S. Rentals in 1997 arising from the termination of deferred compensation agreements with certain executives, (iii) \$47.2 million in merger-related expenses in 1998 related to the three acquisitions accounted for as poolings-of-interests, including the merger with U.S. Rentals and (iv) \$8.3 million of expenses that are included in selling, general and administrative expenses for 1999 and which related (to a terminated tender offer) plus interest expense, income taxes and depreciation and amortization. EBITDA data is presented to provide additional information concerning our ability to meet future debt service obligations and capital expenditure and working capital requirements. However, EBITDA is not a measure of financial performance under generally accepted accounting principles. Accordingly, EBITDA should not be considered an alternative to net income or cash flows as indicators of our operating performance or liquidity.
- (5) EBITDA margin is defined as EBITDA as a percentage of total revenues.
- (6) For purposes of determining the ratio of earnings to fixed charges. (i) earnings consist of income before income taxes and extraordinary items plus fixed charges and (ii) fixed charges consist of interest expense, amortization of debt issuance costs, and the estimated interest portion of rental expense.
- (7) These securities are the obligation of a subsidiary trust of Holdings and

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

are not an obligation of URI. Although not legally obligated to do so, URI has made, and expects that it will continue to make cash distributions to Holdings to enable Holdings to pay dividends on these securities.

DESCRIPTION OF THE NOTES

The Exchange Notes offered hereby will be issued, and the Original Notes were issued, under an Indenture dated as of April 20, 2001 (the "Indenture"), among URI, the Guarantors and The Bank of New York, as trustee (the "Trustee"), a copy of which has been filed as an exhibit to the registration statement of which this prospectus forms a part. References to the notes include both the Original Notes and the Exchange Notes. Upon the effectiveness of the registration statement of which this prospectus is a part, the Indenture will be subject to and governed by the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act").

The following summary of the material provisions of the Indenture and the notes does not purport to be complete and is subject to, and qualified in its entirety by, reference to the provisions of the Indenture and the notes, including the definitions of certain terms contained therein and those terms made part of the Indenture by reference to the Trust Indenture Act. The definition of certain capitalized terms used in the following summary are set forth below under "--Certain Definitions." All references to "we", "our", "us" or "the Company" in the following summary refer exclusively to URI, and not to any of its subsidiaries or Holdings.

Original Notes and Exchange Notes Will Represent Same Debt

The Exchange Notes will be issued solely in exchange for an equal principal amount of Original Notes pursuant to the Exchange Offer. The Exchange Notes will evidence the same debt as the Original Notes and both series of notes will be entitled to the benefits of the Indenture and treated as a single class of debt securities. The terms of the Exchange Notes will be the same in all material respects as the Original Notes except that (i) the Exchange Notes will be registered under the Securities Act, and therefore, will not bear legends restricting the transfer thereof and (ii) certain of the registration rights, under the Registration Rights Agreement, relating to the Exchange Notes are different than those relating to the Original Notes. See "Registration Rights Agreement."

If the Exchange Offer is consummated, holders of Original Notes who do not exchange their Original Notes for Exchange Notes will vote together with holders of the Exchange Notes for all relevant purposes under the Indenture. Accordingly, all references herein to specified percentages in aggregate principal amount of the outstanding notes shall be deemed to mean, at any time after the Exchange Offer is consummated, such percentages in aggregate principal amount of the Original Notes and the Exchange Notes then outstanding.

Brief Description of the Notes

The notes:

- . are unsecured senior obligations of the Company;
- . are senior in right of payment to any Subordinated Indebtedness of the Company; and
- . are guaranteed on a senior basis by Holdings and each Subsidiary

Guarantor.

Maturity, Interest and Principal

The Company issued the notes initially in an aggregate principal amount of \$450 million. The notes will mature on April 15, 2008. Subject to our compliance with the covenant described under the subheading "--Certain Covenants--Limitation on Indebtedness", we are permitted to issue more notes under the Indenture (the "Additional Notes"). The notes and the Additional Notes, if any, will be treated as a single class for all purposes of the Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context otherwise requires, for all purposes of the Indenture and this "Description of the Notes," references to the notes include any Additional Notes actually issued. Interest on the notes accrues at the rate of 10.75% per annum

33

and is payable semiannually in arrears on each April 15 and October 15, commencing October 15, 2001, to the holders of record of notes at the close of business on the April 1 and October 1, respectively, immediately preceding such interest payment date. Interest on the notes will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from the Issue Date. Interest will be computed on the basis of a 360-day year constituted of twelve 30-day months.

The notes are issued only in registered form without coupons, in denominations of \$1,000 and integral multiples thereof. Principal of, premium, if any, and interest on the notes is payable, and the notes are transferable, at the principal corporate trust office or agency of the Trustee in the City of New York maintained for such purposes. In addition, interest may be paid at the option of the Company by check mailed to the person entitled thereto as shown on the security register. No service charge will be made for any transfer, exchange or redemption of notes, except in certain circumstances for any tax or other governmental charge that may be imposed in connection therewith.

The notes are expected to trade in the Same-Day Funds Settlement System of The Depository Trust Company ("DTC") until maturity, and secondary market trading activity for the notes will therefore settle in same day funds.

Optional Redemption

Optional Redemption. The notes will be redeemable at our option, in whole or in part, at any time on or after April 15, 2005, at the redemption prices (expressed as percentages of principal amount) set forth below, plus accrued and unpaid interest, if any, to the redemption date, if redeemed during the 12-month period beginning April 15 of the years indicated below:

Year	Redemption Price
----	-----
2005	105.3750%
2006	102.6875%
2007	100.0000%

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

In addition, at any time, or from time to time, on or prior to April 15, 2004, we may, at our option, use the net cash proceeds of one or more Public Equity Offerings (as defined below) to redeem up to an aggregate of 35% of the principal amount of the notes (which includes Additional Notes, if any), at a redemption price equal to 110.75% of the principal amount of the notes, plus accrued and unpaid interest, if any, thereon to the redemption date; provided, however, that at least 65% of the aggregate principal amount of notes (which includes Additional Notes, if any) remains outstanding immediately after the occurrence of such redemption. In order to effect the foregoing redemption with the proceeds of any Public Equity Offering we shall send a redemption notice to the Trustee not later than 90 days after the consummation of any such Public Equity Offering.

As used in the preceding paragraph, "Public Equity Offering" means an underwritten public offering of Common Stock pursuant to a registration statement filed with the Commission in accordance with the Securities Act, the net cash proceeds of which are contributed to the Company as common equity capital.

Selection and Notice. In the event that less than all of the notes are to be redeemed at any time, selection of such notes for redemption will be made by the Trustee in compliance with the requirements of the principal national securities exchange, if any, on which the notes are listed or, if the notes are not then listed on a national securities exchange, on a pro rata basis, by lot or by such method as the Trustee shall deem fair and appropriate (subject to the rules of DTC); provided, however, that notes shall only be redeemable in principal amounts of \$1,000 or an integral multiple of \$1,000. Notice of redemption shall be mailed by first-class mail at least 30 but not more than 60 days before the redemption date to each holder of notes to be redeemed at its registered address. If any note is to be redeemed in part only, the notice of redemption that relates to such note shall state the portion of the principal amount thereof to be redeemed. A new note in a principal amount equal to the unredeemed

34

portion thereof will be issued in the name of the holder thereof upon surrender for cancellation of the original note. On and after the redemption date, interest will cease to accrue on notes or portions thereof called for redemption, unless we default in the payment of the redemption price.

Sinking Fund

The notes are not entitled to the benefit of any mandatory sinking fund.

Ranking

Senior Indebtedness versus Notes

The indebtedness evidenced by these notes and the guarantees thereof is unsecured and ranks *pari passu* in right of payment to the Senior Indebtedness of the Company and the Guarantors, as the case may be.

As of March 31, 2001, as adjusted for the subsequent refinancing transactions described under "Prospectus Summary--Background to Issuance of the Notes," the Senior Indebtedness of the Company and the Guarantors was approximately \$1,788.0 million, including \$1,338.0 million of secured indebtedness.

Virtually all of the Senior Indebtedness of the Guarantors consists of their

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

respective guarantees of Senior Indebtedness of the Company under the Credit Agreement and with respect to the notes. Secured debt and other secured obligations of the Company (including obligations with respect to the Credit Agreement) are effectively senior to the notes to the extent of the value of the assets securing such debt or other obligations.

Senior Subordinated Indebtedness versus Notes

The indebtedness evidenced by the notes and the guarantees thereof ranks senior in right of payment to the Senior Subordinated Indebtedness of the Company and the Guarantors, as the case may be.

As of March 31, 2001, the Senior Subordinated Indebtedness of the Company and the Guarantors was approximately \$951.0 million.

All of the Senior Subordinated Indebtedness of the Guarantors consists of their respective guarantees of Senior Subordinated Indebtedness of the Company with respect to the 9 1/2% Notes, 8.80% Notes, 9 1/4% Notes and 9% Notes.

Liabilities of Subsidiaries versus Notes

A substantial portion of our operations are conducted through our subsidiaries. Claims of creditors of such subsidiaries that are not Subsidiary Guarantors, including trade creditors and creditors holding indebtedness or guarantees issued by such subsidiaries, and claims of preferred stockholders of such subsidiaries generally will have priority with respect to the assets and earnings of such subsidiaries over the claims of our creditors, including holders of the notes. Accordingly, the notes are effectively subordinated to creditors (including trade creditors) and preferred stockholders, if any, of our subsidiaries that are not Subsidiary Guarantors.

At March 31, 2001, the total liabilities of our subsidiaries that are not Subsidiary Guarantors were approximately \$44.6 million, including trade payables. Although the Indenture limits the incurrence of Indebtedness and preferred stock of certain of our subsidiaries, such limitation is subject to a number of significant qualifications. Moreover, the Indenture does not impose any limitation on the incurrence by such subsidiaries of liabilities that are not considered Indebtedness under the Indenture. See "--Certain Covenants --Limitation on Indebtedness."

Guarantees

Holdings and the Subsidiary Guarantors have fully and unconditionally guaranteed, on a senior unsecured basis, jointly and severally, to each holder and the Trustee, the full and prompt performance of the Company's

35

obligations under the Indenture and the notes, including the payment of principal of and interest on the notes. Subject to limited exceptions, the Subsidiary Guarantors are the current and future United States subsidiaries of the Company.

The obligations of each Subsidiary Guarantor are limited to the maximum amount which, after giving effect to all other contingent and fixed liabilities of such Subsidiary Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Subsidiary Guarantor in respect of the obligations of such other Subsidiary Guarantor under its guarantee or pursuant to its contribution obligations under the Indenture, will result in the obligations of such Subsidiary Guarantor under the guarantee not

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

constituting a fraudulent conveyance or fraudulent transfer under federal or state law. See "Risk Factors--A guarantee could be voided if the guarantor fraudulently transferred the guarantee at the time it incurred the indebtedness, which could result in the noteholders being able to rely on only URI to satisfy claims."

Each Subsidiary Guarantor that makes a payment under its guarantee will be entitled to a contribution from each other Guarantor in an amount equal to such other Guarantor's pro rata portion of such payment based on the respective net assets of all the Guarantors at the time of such payment determined in accordance with GAAP (for purposes hereof, Holdings' net assets shall be those of all its consolidated Subsidiaries other than the Subsidiary Guarantors), provided, however, that during a Default, such right of contribution shall be suspended until the payment in full of all guaranteed obligations under the Indenture.

The guarantee of a Subsidiary Guarantor will be released:

(1) upon the sale or other disposition (including by way of consolidation or merger) of such Subsidiary Guarantor other than to the Company or a Restricted Subsidiary of the Company and as permitted by the Indenture;

(2) upon the sale or disposition of all or substantially all the assets of such Subsidiary Guarantor other than to the Company or a Restricted Subsidiary of the Company and as permitted by the Indenture;

(3) upon defeasance or covenant defeasance; or

(4) if the Company properly designates any Restricted Subsidiary that is a Subsidiary Guarantor as an Unrestricted Subsidiary.

Change of Control

Upon the occurrence of a Change of Control, we shall be obligated to make an offer to purchase (a "Change of Control Offer"), on a business day (the "Change of Control Purchase Date") not more than 60 nor less than 30 days following the occurrence of the Change of Control, all of the then outstanding notes tendered at a purchase price in cash (the "Change of Control Purchase Price") equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, thereon to the Change of Control Purchase Date. We shall be required to purchase all notes tendered pursuant to the Change of Control Offer and not withdrawn. The Change of Control Offer is required to remain open for at least 20 business days.

In order to effect such Change of Control Offer, we shall, not later than the 30th day after the Change of Control, mail to each holder of notes notice of the Change of Control Offer, which notice shall govern the terms of the Change of Control Offer and shall state, among other things, the procedures that holders of notes must follow to accept the Change of Control Offer.

If a Change of Control Offer is made, there can be no assurance that we will have available funds sufficient to pay the Change of Control Purchase Price for all of the notes that might be delivered by holders of notes seeking to accept the Change of Control Offer. In addition, there can be no assurance that our debt instruments will permit such offer to be made. The Credit Agreement prohibits us, subject to certain exceptions, from purchasing any notes prior to the repayment of all principal (including letter of credit disbursements), interest and

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

fees, and the expiration or termination of all letters of credit and commitments, under the Credit Agreement. In order to make a Change of Control Offer at a time when we are prohibited from purchasing notes, we would be required to refinance the Credit Agreement or seek a waiver from the lenders thereunder, and the occurrence of a Change of Control is also an event of default under the Credit Agreement and would entitle the lenders to accelerate all amounts owing thereunder. Failure to make a Change of Control Offer, even if prohibited by our debt instruments, also would constitute a default under the Indenture. Pursuant to the indentures governing the 9 1/2% Notes, the 8.80% Notes, the 9 1/4% Notes and the 9% Notes, we are also required to make an offer to repurchase the 9 1/2% Notes, the 8.80% Notes, the 9 1/4% Notes and the 9% Notes upon a Change of Control, and our failure to make such an offer is an event of default under those indentures. See "Risk Factors--We may be unable to repurchase the notes as required upon a change of control." We shall not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements applicable to a Change of Control Offer made by the Company and purchases all notes validly tendered and not withdrawn under such Change of Control Offer.

The Change of Control purchase feature of the notes may in certain circumstances make more difficult or discourage a sale or takeover of our company and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between us and the initial purchasers of the Original Notes. We have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. The Indenture contains restrictions on our ability to incur additional Indebtedness, as described under "--Certain Covenants--Limitation on Indebtedness", "--Limitation on Liens" and "--Limitation on Sale/Leaseback Transactions." Such restrictions can only be waived with the consent of the holders of a majority in principal amount of the notes then outstanding. Except for the limitations contained in such covenants, however, the Indenture does not contain any covenants or provisions that may afford holders of the notes protection in the event of a highly leveraged transaction. The definition of "Change of Control" excludes certain transactions by Permitted Holders, including a direct or indirect sale, lease, exchange or other transfer of all or substantially all of the assets of the Company to Permitted Holders.

The use of the term "all or substantially all" in provisions of the Indenture such as clause (b) of the definition of "Change of Control" and under "--Consolidation, Merger, Sale of Assets, Etc." has no clearly established meaning under New York law (which governs the Indenture) and has been the subject of limited judicial interpretation in only a few jurisdictions. Accordingly, there may be a degree of uncertainty in ascertaining whether any particular transaction would involve a disposition of "all or substantially all" of the assets of a person, which uncertainty should be considered by prospective purchasers of notes.

The Company will comply with Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder, to the extent such laws or regulations are applicable, in the event that a Change of Control occurs and the Company is required to purchase notes as described above.

Future indebtedness that we may incur may contain prohibitions on the occurrence of certain events that would constitute a Change of Control or

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

require the repurchase of such indebtedness upon a Change of Control. Moreover, the exercise by the holders of their right to require us to repurchase the notes could cause a default under such indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on us.

Certain Covenants

The Indenture contains the following covenants, among others:

Limitation on Indebtedness. The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or in any manner become directly or indirectly

37

liable, contingently or otherwise (in each case, to "incur"), for the payment of any Indebtedness (including any Acquired Indebtedness) other than Permitted Indebtedness; provided, however, that (i) the Company and any Subsidiary Guarantor will be permitted to incur Indebtedness (including Acquired Indebtedness), and (ii) a Restricted Subsidiary will be permitted to incur Acquired Indebtedness, if in each case the Consolidated Fixed Charge Coverage Ratio of the Company is at least 2:1, after giving pro forma effect to:

(1) the incurrence of such Indebtedness and (if applicable) the application of the net proceeds therefrom, including to refinance other Indebtedness, as if such Indebtedness were incurred at the beginning of the four full fiscal quarters immediately preceding such incurrence, taken as one period;

(2) the incurrence, repayment or retirement of any other Indebtedness by the Company and its Restricted Subsidiaries since the first day of such four-quarter period as if such Indebtedness was incurred, repaid or retired at the beginning of such four-quarter period (except that, in making such computation, the amount of Indebtedness under any revolving credit facility shall be computed based upon the average daily balance of such Indebtedness during such four-quarter period); and

(3) any Asset Sale or Asset Acquisition occurring since the first day of such four-quarter period (including to the date of calculation) as if such acquisition or disposition occurred at the beginning of such four-quarter period.

Limitation on Restricted Payments. The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(a) declare or pay any dividend or make any other distribution or payment on or in respect of Capital Stock of the Company or any of its Restricted Subsidiaries or make any payment to the direct or indirect holders (in their capacities as such) of Capital Stock of the Company or any of its Restricted Subsidiaries (other than dividends or distributions payable solely in Capital Stock of the Company (other than Redeemable Capital Stock) or in options, warrants or other rights to purchase Capital Stock of the Company (other than Redeemable Capital Stock)) (other than the declaration or payment of dividends or other distributions to the extent declared or paid to the Company or any Restricted Subsidiary);

(b) purchase, redeem, defease or otherwise acquire or retire for value any Capital Stock of the Company or any of its Restricted Subsidiaries or any options, warrants, or other rights to purchase any such Capital Stock (other than any such securities owned by the Company or a Restricted

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

Subsidiary);

(c) make any principal payment on, or purchase, defease, repurchase, redeem or otherwise acquire or retire for value, prior to any scheduled maturity, scheduled repayment, scheduled sinking fund payment or other Stated Maturity, any Subordinated Indebtedness (other than any such Subordinated Indebtedness owned by the Company or a Restricted Subsidiary); or

(d) make any Investment (other than any Permitted Investment) in any person,

(such payments or Investments described in the preceding clauses (a), (b), (c) and (d) are collectively referred to as "Restricted Payments"), unless, after giving effect to the proposed Restricted Payment (the amount of any such Restricted Payment, if other than cash, shall be the Fair Market Value of the asset(s) proposed to be transferred by the Company or such Restricted Subsidiary, as the case may be, pursuant to such Restricted Payment):

(A) no Default or Event of Default shall have occurred and be continuing;

(B) immediately after giving effect to such Restricted Payment, the Company would be able to incur \$1.00 of additional Indebtedness, (other than Permitted Indebtedness) (assuming a market rate of interest with respect to such additional Indebtedness); and

(C) the aggregate amount of all Restricted Payments declared or made from and after May 22, 1998 would not exceed the sum of:

(1) 50% of the aggregate Consolidated Net Income of the Company accrued on a cumulative basis during the period (treated as one accounting period) beginning on May 22, 1998 and ending on

38

the last day of the fiscal quarter of the Company immediately preceding the date of such proposed Restricted Payment (or, if such aggregate cumulative Consolidated Net Income of the Company for such period shall be a deficit, minus 100% of such deficit);

(2) the aggregate net cash proceeds received by the Company as capital contributions to the Company after May 22, 1998 and which constitute shareholders' equity of the Company in accordance with GAAP;

(3) the aggregate net cash proceeds received by the Company from the issuance or sale of Capital Stock (excluding Redeemable Capital Stock of the Company) of the Company to any person (other than an issuance or sale to a Subsidiary of the Company and other than an issuance or sale to an employee stock ownership plan or to a trust established by the Company or any of its Subsidiaries for the benefit of their employees) after May 22, 1998;

(4) the aggregate net cash proceeds received by the Company from any person (other than a Subsidiary of the Company) upon the exercise of any options, warrants or rights to purchase shares of Capital Stock (other than Redeemable Capital Stock) of the Company after May 22, 1998;

(5) the aggregate net cash proceeds received after May 22, 1998 by the Company from any person (other than a Subsidiary of the Company) for debt securities that have been converted or exchanged into or for

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

Capital Stock of the Company (other than Redeemable Capital Stock) (to the extent such debt securities were originally sold for cash) plus the aggregate amount of cash received by the Company (other than from a Subsidiary of the Company) in connection with such conversion or exchange;

(6) in the case of the disposition or repayment of any Investment constituting a Restricted Payment after May 22, 1998, an amount equal to the lesser of the return of capital with respect to such Investment and the initial amount of such Investment, in either case, less the cost of the disposition of such Investment; and

(7) so long as the Designation thereof was treated as a Restricted Payment made after May 22, 1998, with respect to any Unrestricted Subsidiary that has been redesignated as a Restricted Subsidiary after the Issue Date in accordance with "--Limitation on Designations of Unrestricted Subsidiaries" below, the Fair Market Value of the Company's interest in such Subsidiary, provided, however, that such amount shall not in any case exceed the Designation Amount with respect to such Restricted Subsidiary upon its Designation, minus the Designation Amount (measured as of the date of Designation) with respect to any Restricted Subsidiary of the Company which has been designated as an Unrestricted Subsidiary after May 22, 1998 in accordance with "--Limitations on Designations of Unrestricted Subsidiaries" below.

For purposes of the preceding clause (C) (4), the value of the aggregate net proceeds received by the Company upon the issuance of Capital Stock upon the exercise of options, warrants or rights will be the net cash proceeds received upon the issuance of such options, warrants or rights plus the incremental amount received by the Company upon the exercise thereof.

None of the foregoing provisions will prohibit, so long, in the case of clauses (ii), (iii), (v), (vi), (vii), (viii), (ix) and (xi) below, as there is no Default or Event of Default continuing:

(i) the payment of any dividend or distribution within 60 days after the date of its declaration, if at the date of declaration such payment would be permitted by the first paragraph of this covenant;

(ii) the redemption, repurchase or other acquisition or retirement of any shares of any class of Capital Stock of the Company in exchange for, or out of the net cash proceeds of, a substantially concurrent issue and sale of other shares of Capital Stock of the Company (other than Redeemable Capital Stock of the Company) to any person (other than to a Subsidiary of the Company); provided, however, that such net cash proceeds are excluded from clause (C) of the first paragraph of this covenant;

39

(iii) any redemption, repurchase or other acquisition or retirement of Subordinated Indebtedness by exchange for, or out of the net cash proceeds of, a substantially concurrent issue and sale of:

(1) Capital Stock (other than Redeemable Capital Stock of the Company) of the Company to any person (other than to a Subsidiary of the Company); provided, however, that any such net cash proceeds are excluded from clause (C) of the first paragraph of this covenant; or

(2) Indebtedness of the Company so long as such Indebtedness is Subordinated Indebtedness which:

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

(x) has no scheduled principal payment prior to the 91st day after the Maturity Date;

(y) has an Average Life to Stated Maturity greater than the remaining Average Life to Stated Maturity of the notes; and

(z) is subordinated to the notes in the same manner and to the same extent as the Subordinated Indebtedness so purchased, exchanged, redeemed, acquired or retired;

(iv) Investments constituting Restricted Payments made as a result of the receipt of non-cash consideration from any Asset Sale or other sale of assets or property made pursuant to and in compliance with the Indenture;

(v) payments to purchase Capital Stock of the Company or Holdings from officers of the Company or Holdings, pursuant to agreements in effect as of the Issue Date, in an amount not to exceed \$15 million in the aggregate;

(vi) payments (other than those covered by clause (v)) to purchase Capital Stock of the Company or Holdings from management or employees of the Company or any of its Subsidiaries, or their authorized representatives, upon the death, disability or termination of employment of such employees, in aggregate amounts under this clause not to exceed \$1 million in any fiscal year of the Company;

(vii) payments to Holdings in an amount sufficient to permit it to make scheduled payments of interest on its 6 1/2% Convertible Subordinated Debentures due August 1, 2028, issued to United Rentals Trust I;

(viii) upon the occurrence of a Change of Control and within 60 days after the completion of the offer to repurchase the notes pursuant to the covenant described under "--Change of Control" above (including the purchase of the notes tendered), any purchase or redemption of Subordinated Indebtedness or any Capital Stock of Holdings, the Company or any Restricted Subsidiaries required pursuant to the terms thereof as a result of such Change of Control at a purchase or redemption price not to exceed 101% of the outstanding principal amount or liquidation amount thereof, plus accrued and unpaid interest or dividends (if any); provided, however, that at the time of such purchase or redemption no Default shall have occurred and be continuing (or would result therefrom);

(ix) upon the occurrence of an Asset Sale and within 60 days after the completion of an Asset Sale Offer to repurchase the Notes pursuant to the covenant described under "--Certain Covenants--Disposition of Proceeds of Asset Sales" below (including the purchase of the notes tendered), any purchase or redemption of Subordinated Indebtedness or any Capital Stock of Holdings, the Company or any Restricted Subsidiaries required pursuant to the terms thereof as a result of such Asset Sale at a purchase or redemption price not to exceed 100% of the outstanding principal amount or liquidation amount thereof, plus accrued and unpaid interest or dividends (if any); provided, however, that at the time of such purchase or redemption no Default shall have occurred and be continuing (or would result therefrom);

(x) payments to Holdings in an amount sufficient to enable Holdings to pay:

(1) its taxes, legal, accounting, payroll, benefits and corporate overhead expenses (including SEC, stock exchange and transfer agency fees and expenses), and expenses of United Rentals Trust I payable by Holdings pursuant to the terms of the trust agreement governing such trust;

(2) trade, lease, payroll, benefits and other obligations in respect of goods to be delivered to, services (including management and consulting services) performed for and properties used by, the Company and its Restricted Subsidiaries;

(3) the purchase price for Investments in other persons, provided, however, that promptly following such Investment either:

(x) such other person either becomes a Restricted Subsidiary or is merged or consolidated with, or transfers or conveys all or substantially all of its assets to, the Company or a Restricted Subsidiary; or

(y) such Investment would otherwise be permitted under the Indenture if made by the Company and such Investment is contributed or transferred by Holdings to the Company or a Restricted Subsidiary; and

(4) reasonable and customary incidental expenses as determined in good faith by the Board of Directors of Holdings;

(xi) cash payments in lieu of the issuance of fractional shares in connection with the exercise of any warrants, options or other securities convertible into or exchangeable for Capital Stock of Holdings, the Company or any of its Restricted Subsidiaries;

(xii) the deemed repurchase of Capital Stock on the cashless exercise of stock options;

(xiii) the payment of any dividend or distribution by a Restricted Subsidiary to the holders of its Capital Stock on a pro rata basis; and

(xiv) any Investment made in a Special Purpose Vehicle in connection with a Securitization Transaction, which Investment consists of the assets described in the definition of "Equipment Securitization Transaction" or "Receivables Securitization Transaction."

Any payments made pursuant to clauses (i), (v), (vi), (vii), (viii) or (ix) of this paragraph shall be taken into account in calculating the amount of Restricted Payments made in accordance with this covenant.

Limitation on Liens. The Company will not, and will not permit any of its Restricted Subsidiaries to, create, incur, assume or suffer to exist any Lien (the "Initial Lien") of any kind against or upon any of its property or assets, or any proceeds therefrom, unless the notes are equally and ratably secured (except that Liens securing Subordinated Indebtedness shall be expressly subordinate to Liens securing the notes to the same extent such Subordinated Indebtedness is subordinate to the notes), except for Permitted Liens. Any Lien created for the benefit of the Holders of the notes pursuant to the preceding sentence shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the Initial Lien.

Limitation on Sale/Leaseback Transactions. The Company will not, and will not permit any Restricted Subsidiary to, enter into any Sale/Leaseback Transaction with respect to any property unless:

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

(1) the Company or such Restricted Subsidiary would be entitled to:

(A) Incur Indebtedness in an amount equal to the Attributable Debt with respect to such Sale/Leaseback Transaction pursuant to the covenant described under "--Limitation on Indebtedness;" and

(B) create a Lien on such property securing such Attributable Debt without equally and ratably securing the Notes pursuant to the covenant described under "--Limitation on Liens;"

(2) the net proceeds received by the Company or any Restricted Subsidiary in connection with such Sale/Leaseback Transaction are at least equal to the fair value (as determined by the Board of Directors) of such property; and

41

(3) the Company applies the proceeds of such transaction in compliance with the covenant described under "--Dispositions of Proceeds of Asset Sales."

Notwithstanding clauses 1(B), 2 and 3 above, the Company and the Restricted Subsidiaries may enter into Sale/Leaseback Transactions with respect to rental fleet equipment.

Disposition of Proceeds of Asset Sales. The Company will not, and will not permit any of its Restricted Subsidiaries to, make any Asset Sale unless:

(a) the Company or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the Fair Market Value of the shares or assets sold or otherwise disposed of; and

(b) at least 75% of such consideration consists of cash or Cash Equivalents or Replacement Assets (as defined below); provided, however, that the amount of any liabilities (as shown on the most recent balance sheet of the Company or such Restricted Subsidiary) of the Company or such Restricted Subsidiary that are assumed by the transferee of such assets and any securities, notes or other obligations received by the Company or such Restricted Subsidiary from such transferee that are converted within 30 days into cash or Cash Equivalents (to the extent of the cash or Cash Equivalents received) shall be deemed to be cash for the purposes of this provision; provided further, that the 75% limitation referred to in clause (b) will not apply to any Asset Sale in which the cash or Cash Equivalent portion of the consideration received therefrom, determined in accordance with the foregoing provision, is equal to or greater than what the after-tax proceeds would have been had such Asset Sale complied with the aforementioned 75% limitation.

To the extent that the Net Cash Proceeds of any Asset Sale are not required to be applied to repay, and permanently reduce the commitments under, Senior Indebtedness of the Company or any Restricted Subsidiary, or are not so applied, the Company or such Restricted Subsidiary, as the case may be, may apply the Net Cash Proceeds from such Asset Sale, within 360 days of such Asset Sale, to an investment in properties and assets that replace the properties and assets that were the subject of such Asset Sale or in properties and assets that are used or useful in the business of the Company and its Restricted Subsidiaries conducted at such time or in businesses reasonably related thereto or in Capital Stock of a person, the principal portion of whose assets consist of such property or assets (collectively, "Replacement Assets"). Any Net Cash Proceeds from any Asset Sale that are neither used to repay, and permanently reduce the commitments under, Senior Indebtedness nor invested in Replacement

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

Assets within such 360-day period constitute "Excess Proceeds" subject to disposition as provided below.

When the aggregate amount of Excess Proceeds equals or exceeds \$10 million, the Company shall make an offer to purchase (an "Asset Sale Offer"), from all holders of the notes, an aggregate principal amount of notes equal to such Excess Proceeds, at a price in cash equal to 100% of the outstanding principal amount thereof plus accrued and unpaid interest, if any, to the purchase date (the "Asset Sale Offer Price"). To the extent that the aggregate principal amount of notes tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Company may use such deficiency for general corporate purposes. The notes shall be purchased by the Company, at the option of the holder thereof, in whole or in part in integral multiples of \$1,000, on a date that is not earlier than 30 days and not later than 60 days from the date the notice is given to holders, or such later date as may be necessary for the Company to comply with the requirements under the Exchange Act. If the aggregate principal amount of notes validly tendered and not withdrawn by holders thereof exceeds the Excess Proceeds, notes to be purchased will be selected on a pro rata basis.

Notwithstanding the foregoing, if the Company is required to commence an Asset Sale Offer at any time when securities of the Company ranking pari passu in right of payment with the notes are outstanding and the terms of such securities provide that a similar offer must be made with respect to such other securities, then the Asset Sale Offer for the notes shall be made concurrently with such other offers and securities of each issue will be accepted on a pro rata basis in proportion to the aggregate principal amount of securities of each issue which

42

the holders thereof elect to have purchased. Any Asset Sale Offer will be made only to the extent permitted under, and subject to prior compliance with, the terms of agreements governing Senior Indebtedness. Upon completion of such Asset Sale Offer, the amount of Excess Proceeds shall be reset to zero.

The Company will comply with Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder, to the extent such laws and regulations are applicable, in the event that an Asset Sale occurs and the Company is required to purchase notes as described above.

Limitation on Preferred Stock of Restricted Subsidiaries. The Company will not permit any Restricted Subsidiary to issue any Preferred Stock other than Preferred Stock issued to the Company or a Wholly Owned Restricted Subsidiary. The Company will not sell, transfer or otherwise dispose of Preferred Stock issued by a Restricted Subsidiary of the Company or permit a Restricted Subsidiary to sell, transfer or otherwise dispose of Preferred Stock issued by a Restricted Subsidiary, other than to the Company or a Wholly Owned Restricted Subsidiary. Notwithstanding the foregoing, nothing in such covenant will prohibit Preferred Stock (other than Redeemable Capital Stock) issued by a person prior to the time:

(A) such person becomes a Restricted Subsidiary of the Company;

(B) such person merges with or into a Restricted Subsidiary of the Company; or

(C) a Restricted Subsidiary of the Company merges with or into such person;

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

provided, however, that such Preferred Stock was not issued or incurred by such person in anticipation of a transaction contemplated by subclause (A), (B), or (C) above.

Limitation on Transactions with Affiliates. The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into any transaction or series of related transactions (including, without limitation, the sale, transfer, disposition, purchase, exchange or lease of assets, property or services) with, or for the benefit of, any of its Affiliates (other than Restricted Subsidiaries), except:

(a) on terms that are no less favorable to the Company or such Subsidiary, as the case may be, than those which could have been obtained in a comparable transaction at such time from persons who are not Affiliates of the Company;

(b) with respect to a transaction or series of related transactions involving aggregate payments or value equal to or greater than \$2 million, the Company shall have delivered an officer's certificate to the Trustee certifying that such transaction or transactions comply with the preceding clause (a); and

(c) with respect to a transaction or series of related transactions involving aggregate payments or value equal to or greater than \$5 million, such transaction or transactions shall have been approved by a majority of the Disinterested Members of the Board of Directors of the Company.

Notwithstanding the foregoing, the restrictions set forth in this covenant shall not apply to:

(i) transactions with or among the Company and the Restricted Subsidiaries;

(ii) customary directors' fees, indemnification and similar arrangements, consulting fees, employee salaries, bonuses or employment agreements, compensation or employee benefit arrangements and incentive arrangements with any officer, director or employee of the Company or any Restricted Subsidiary entered into in the ordinary course of business;

(iii) any dividends, payments or investments made in compliance with "--Limitation on Restricted Payments" above;

(iv) loans and advances to officers, directors and employees of the Company or any Restricted Subsidiary for travel, entertainment, moving and other relocation expenses, in each case made in the ordinary course of business;

43

(v) the incurrence of intercompany Indebtedness which constitutes Permitted Indebtedness;

(vi) transactions pursuant to agreements in effect on the Issue Date;

(vii) the purchase of equipment for its Fair Market Value from Terex Corporation or its Affiliates in the ordinary course of business of each of Terex Corporation and the Company;

(viii) any sale, conveyance or other transfer of assets customarily transferred in a Securitization Transaction to a Special Purpose Vehicle;

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

(ix) transactions with customers, clients, suppliers, joint venture partners, joint ventures, including their members or partners, or purchasers or sellers of goods or services, in each case in the ordinary course of business, including pursuant to joint venture agreements, and otherwise in compliance with the terms of the Indenture which are, in the aggregate (taking into account all the costs and benefits associated with such transactions), materially no less favorable to the Company or the applicable Restricted Subsidiary than those that would have been obtained in a comparable transaction by the Company or that Restricted Subsidiary with an unrelated person or entity, in the good faith determination of the Company's board of directors or our senior management, or are on terms at least as favorable as might reasonably have been obtained at such time from an unaffiliated party; and

(x) transactions described in or permitted by clauses (vii) and (x) of the last paragraph under the caption "--Limitation on Restricted Payments."

Limitation on Dividends and other Payment Restrictions Affecting Restricted Subsidiaries. The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or suffer to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary of the Company to:

(a) pay dividends, in cash or otherwise, or make any other distributions on or in respect of its Capital Stock or any other interest or participation in, or measured by, its profits;

(b) pay any Indebtedness owed to the Company or any other Restricted Subsidiary of the Company;

(c) make loans or advances to the Company or any other Restricted Subsidiary of the Company;

(d) transfer any of its properties or assets to the Company or any other Restricted Subsidiary of the Company; or

(e) guarantee any Indebtedness of the Company or any other Restricted Subsidiary of the Company ,

except for such encumbrances or restrictions existing under or by reason of:

(i) applicable law or any applicable rule, regulation or order;

(ii) customary non-assignment provisions of any contract or any lease governing a leasehold interest of the Company or any Restricted Subsidiary of the Company;

(iii) customary restrictions on transfers of property subject to a Lien permitted under the Indenture;

(iv) the Credit Agreement as in effect on the Issue Date;

(v) any agreement or other instrument of a person acquired by the Company or any Restricted Subsidiary of the Company in existence at the time of such acquisition (but not created in contemplation thereof), which encumbrance or restriction is not applicable to any person, or the properties or assets of any person, other than the person, or the property or assets of the person, so acquired;

(vi) an agreement entered into for the sale or disposition of Capital Stock or assets of a Restricted Subsidiary or an agreement entered into for

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

the sale of specified assets (in either case, so long as such encumbrance or restriction, by its terms, terminates on the earlier of the termination of such agreement or the consummation of such agreement and so long as such restriction applies only to the Capital Stock or assets to be sold);

44

(vii) any agreement in effect on the Issue Date;

(viii) the Indenture and the guarantees thereunder;

(ix) the indentures governing the 9 1/2% Notes, the 8.80% Notes, the 9 1/4% Notes and the 9% Notes;

(x) joint venture agreements and other similar agreements entered into in the ordinary course of business that prohibit actions of the type described in clauses (a), (c), (d) and (e) above;

(xi) any agreement entered into with respect to a Special Purpose Vehicle in connection with a Securitization Transaction, containing customary restrictions required by the institutional sponsor or arranger of such Securitization Transaction in similar types of documents relating to the purchase of similar assets in connection with the financing thereof;

(xii) restrictions relating to Foreign Subsidiaries contained in Indebtedness Incurred pursuant to clause (k) of the definition of "Permitted Indebtedness;" and

(xiii) any agreement that amends, extends, refinances, renews or replaces any agreement described in the foregoing clauses, provided, however, that the terms and conditions of any such agreement are not materially less favorable, taken as a whole, to the holders of the notes with respect to such dividend and payment restrictions than those under or pursuant to the agreement amended, extended, refinanced, renewed or replaced.

Limitation on Designations of Unrestricted Subsidiaries. The Company may designate after the Issue Date any Restricted Subsidiary as an "Unrestricted Subsidiary" under the Indenture (a "Designation") only if:

(i) no Default shall have occurred and be continuing at the time of or after giving effect to such Designation;

(ii) the Company would be permitted to make an Investment (other than a Permitted Investment, except a Permitted Investment covered by clause (xii) of the definition thereof) at the time of Designation (assuming the effectiveness of such Designation) pursuant to the first paragraph of "--Limitation on Restricted Payments" above in an amount (the "Designation Amount") equal to the Fair Market Value of the Company's interest in such Subsidiary on such date calculated in accordance with GAAP; and

(iii) the Company would be permitted under the Indenture to incur \$1.00 of additional Indebtedness (other than Permitted Indebtedness) pursuant to the covenant described under "--Limitation on Indebtedness" at the time of such Designation (assuming the effectiveness of such Designation).

In the event of any such Designation, the Company shall be deemed to have made an Investment constituting a Restricted Payment pursuant to the covenant "--Limitation on Restricted Payments" for all purposes of the Indenture in the Designation Amount.

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

The Company shall not, and shall not cause or permit any Restricted Subsidiary to, at any time:

(x) provide credit support for or subject any of its property or assets (other than the Capital Stock of any Unrestricted Subsidiary) to the satisfaction of, any Indebtedness of any Unrestricted Subsidiary (including any undertaking, agreement or instrument evidencing such Indebtedness);

(y) be directly or indirectly liable for any Indebtedness of any Unrestricted Subsidiary; or

(z) be directly or indirectly liable for any Indebtedness which provides that the holder thereof may (upon notice, lapse of time or both) declare a default thereon or cause the payment thereof to be accelerated or payable prior to its final scheduled maturity upon the occurrence of a default with respect to any Indebtedness of any Unrestricted Subsidiary (including any right to take enforcement action against such Unrestricted Subsidiary), except any non-recourse guarantee given solely to support the pledge by the Company or any Restricted Subsidiary of the Capital Stock of an Unrestricted Subsidiary.

45

All Subsidiaries of Unrestricted Subsidiaries shall automatically be deemed to be Unrestricted Subsidiaries.

The Company may revoke any Designation of a Subsidiary as an Unrestricted Subsidiary (a "Revocation") if:

(i) no Default shall have occurred and be continuing at the time of and after giving effect to such Revocation; and

(ii) all Liens and Indebtedness of such Unrestricted Subsidiary outstanding immediately following such Revocation would, if incurred at such time, have been permitted to be incurred for all purposes of the Indenture.

All Designations and Revocations must be evidenced by Board Resolutions of the Company delivered to the Trustee certifying compliance with the foregoing provisions.

Additional Subsidiary Guarantees. The Company will cause each United States Restricted Subsidiary that guarantees any Indebtedness of the Company or any other Restricted Subsidiary to at the same time execute and deliver to the Trustee a Guaranty Agreement pursuant to which such Restricted Subsidiary will guarantee payment of the notes on the same terms and conditions as those set forth in the Indenture. This covenant shall not apply to any of the Company's Subsidiaries that have been properly designated as an Unrestricted Subsidiary or as a Special Purpose Vehicle.

Reporting Requirements. For so long as the notes are outstanding, whether or not the Company is subject to Section 13(a) or 15(d) of the Exchange Act, or any successor provision thereto, the Company shall file with the SEC (if permitted by SEC practice and applicable law and regulations) the annual reports, quarterly reports and other documents which the Company would have been required to file with the SEC pursuant to such Section 13(a) or 15(d) or any successor provision thereto if the Company were so subject, such documents to be filed with the SEC on or prior to the respective dates (the "Required Filing Dates") by which the Company would have been required so to file such documents if the Company were so subject. If, notwithstanding the preceding sentence, filing such documents by the Company with the SEC is not permitted by

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

SEC practice or applicable law or regulations, the Company shall transmit (or cause to be transmitted) by mail to all holders of notes, as their names and addresses appear in the note register, copies of such documents within 15 days after the Required Filing Date. In addition, for so long as any notes remain outstanding, the Company will furnish to the holders of notes and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act, and, to any beneficial holder of notes, if not obtainable from the SEC, information of the type that would be filed with the SEC pursuant to the foregoing provisions upon the request of any such holder.

Consolidation, Merger, Sale of Assets, Etc.

The Company will not, in any transaction or series of transactions, merge or consolidate with or into, or sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of its properties and assets as an entirety to, any person or persons, and the Company will not permit any of its Restricted Subsidiaries to enter into any such transaction or series of transactions if such transaction or series of transactions, in the aggregate, would result in a sale, assignment, conveyance, transfer, lease or other disposition of all or substantially all of the properties and assets of the Company or the Company and its Restricted Subsidiaries, taken as a whole, to any other person or persons, unless at the time and after giving effect thereto:

(a) either:

(i) if the transaction or transactions is a merger or consolidation, the Company or such Restricted Subsidiary, as the case may be, shall be the surviving person of such merger or consolidation; or

(ii) the person formed by such consolidation or into which the Company, or such Restricted Subsidiary, as the case may be, is merged or to which the properties and assets of the Company or such

46

Restricted Subsidiary, as the case may be, substantially as an entirety, are transferred (any such surviving person or transferee person being the "Surviving Entity") shall be a corporation organized and existing under the laws of the United States of America, any state thereof or the District of Columbia and shall expressly assume by a supplemental indenture executed and delivered to the Trustee, in form satisfactory to the Trustee, all the obligations of the Company or such Restricted Subsidiary, as the case may be, under the notes, the Indenture and the Registration Rights Agreement, and in each case, the Indenture shall remain in full force and effect;

(b) immediately after giving effect to such transaction or series of transactions on a pro forma basis (including, without limitation, any Indebtedness incurred or anticipated to be incurred in connection with or in respect of such transaction or series of transactions), no Default or Event of Default shall have occurred and be continuing; and

(c) except in the case of any merger of the Company with any wholly owned Subsidiary of the Company or any merger of Subsidiary Guarantors (and, in each case, no other persons), the Company or the Surviving Entity, as the case may be, after giving effect to such transaction or series of transactions on a pro forma basis (including, without limitation, any Indebtedness incurred or anticipated to be incurred in connection with or in

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

respect of such transaction or series of transactions), could incur \$1.00 of additional Indebtedness (other than Permitted Indebtedness) (assuming a market rate of interest with respect to such additional Indebtedness).

In connection with any consolidation, merger, transfer, lease, assignment or other disposition contemplated hereby, the Company shall deliver, or cause to be delivered, to the Trustee, in form and substance reasonably satisfactory to the Trustee, an officers' certificate and an opinion of counsel, each stating that such consolidation, merger, transfer, lease, assignment or other disposition and the supplemental indenture in respect thereof comply with the requirements under the Indenture.

Upon any consolidation or merger, or any sale, assignment, conveyance, transfer, lease or disposition of all or substantially all of the properties and assets of the Company in accordance with the immediately preceding paragraphs, the successor person formed by such consolidation or into which the Company or a Restricted Subsidiary, as the case may be, is merged or the successor person to which such sale, assignment, conveyance, transfer, lease or disposition is made shall succeed to, and be substituted for, and may exercise every right and power of the Company under the notes, the Indenture and/or the Registration Rights Agreement, as the case may be, with the same effect as if such successor had been named as the Company in the notes, the Indenture and/or in the Registration Rights Agreement, as the case may be and, except in the case of a lease, the Company or such Restricted Subsidiary shall be released and discharged from its obligations thereunder.

The Indenture provides that for all purposes of the Indenture and the notes (including the provision of this covenant and the covenants described in "--Certain Covenants--Limitation on Indebtedness," "--Limitation on Restricted Payments," and "--Limitation on Liens"), Subsidiaries of any surviving person shall, upon such transaction or series of related transactions, become Restricted Subsidiaries unless and until designated Unrestricted Subsidiaries pursuant to and in accordance with "--Limitation on Designations of Unrestricted Subsidiaries" and all Indebtedness, and all Liens on property or assets, of the Company and the Restricted Subsidiaries in existence immediately after such transaction or series of related transactions will be deemed to have been incurred upon such transaction or series of related transactions.

Events of Default

The following are "Events of Default" under the Indenture:

(i) default in the payment of the principal of or premium, if any, when due and payable, on any of the Notes (at Stated Maturity, upon optional redemption, required purchase or otherwise); or

47

(ii) default in the payment of an installment of interest on any of the notes, when due and payable, for 30 days; or

(iii) default in the performance, or breach, of any covenant or agreement of the Company under the Indenture (other than a default in the performance or breach of a covenant or agreement which is specifically dealt with in clauses (i), (ii) or (iv)) and such default or breach shall continue for a period of 30 days after written notice has been given, by certified mail:

(x) to the Company by the Trustee; or

(y) to the Company and the Trustee by the holders of at least 25% in

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

aggregate principal amount of the outstanding notes; or

(iv) (a) there shall be a default in the performance or breach of the provisions of "--Consolidation, Merger and Sale of Assets, Etc.;"

(b) the Company shall have failed to make or consummate an Asset Sale Offer in accordance with the provisions of the Indenture described under "--Certain Covenants--Dispositions of Proceeds of Asset Sales;" or

(c) the Company shall have failed to make or consummate a Change of Control Offer in accordance with the provisions of the Indenture described under "--Change of Control;" or

(v) default or defaults under one or more agreements, instruments, mortgages, bonds, debentures or other evidences of Indebtedness under which the Company or any Restricted Subsidiary of the Company then has outstanding Indebtedness in excess of \$15 million, individually or in the aggregate, and either:

(a) such Indebtedness is already due and payable in full; or

(b) such default or defaults have resulted in the acceleration of the maturity of such Indebtedness; or

(vi) one or more judgments, orders or decrees of any court or regulatory or administrative agency of competent jurisdiction for the payment of money in excess of \$15 million, either individually or in the aggregate, shall be entered against the Company or any Restricted Subsidiary of the Company or any of their respective properties and shall not be discharged and there shall have been a period of 60 days after the date on which any period for appeal has expired and during which a stay of enforcement of such judgment, order or decree, shall not be in effect; or

(vii) the entry of a decree or order by a court having jurisdiction in the premises (A) for relief in respect of the Company or any Significant Subsidiary in an involuntary case or proceeding under the Federal Bankruptcy Code or any other federal, state or foreign bankruptcy, insolvency, reorganization or similar law, or (B) adjudging the Company or any Significant Subsidiary bankrupt or insolvent, or seeking reorganization, arrangement, adjustment or composition of or in respect of the Company or any Significant Subsidiary under the Federal Bankruptcy Code or any other similar federal, state or foreign law, or appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator (or other similar official) of the Company or any Significant Subsidiary or of any substantial part of any of their properties, or ordering the winding up or liquidation of any of their affairs, and the continuance of any such decree or order unstayed and in effect for a period of 60 consecutive days; or

(viii) the institution by the Company or any Significant Subsidiary of a voluntary case or proceeding under the Federal Bankruptcy Code or any other similar federal, state or foreign law or any other case or proceedings to be adjudicated a bankrupt or insolvent, or the consent by the Company or any Significant Subsidiary to the entry of a decree or order for relief in respect of the Company or any Significant Subsidiary in any involuntary case or proceeding under the Federal Bankruptcy Code or any other similar federal, state or foreign law or to the institution of bankruptcy or insolvency proceedings against the

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

Company or any Significant Subsidiary, or the filing by the Company or any Significant Subsidiary of a petition or answer or consent seeking reorganization or relief under the Federal Bankruptcy Code or any other similar federal, state or foreign law, or the consent by it to the filing of any such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee or sequestrator (or other similar official) of any of the Company or any Significant Subsidiary or of any substantial part of its property, or the making by it of an assignment for the benefit of creditors, or the admission by it in writing of its inability to pay its debts generally as they become due or the taking of corporate action by the Company or any Significant Subsidiary in furtherance of any such action; or

(ix) any of the guarantees of the notes ceases to be in full force and effect or any of such guarantees is declared to be null and void and unenforceable or any of such guarantees is found to be invalid or any of the Guarantors denies its liability under its guarantee (other than by reason of release of a Guarantor in accordance with the terms of the Indenture).

If an Event of Default (other than those covered by clause (vii) or (viii) above with respect to the Company) shall occur and be continuing, the Trustee, by notice to the Company, or the holders of at least 25% in aggregate principal amount of the notes then outstanding, by notice to the Trustee and the Company, may declare the principal of, premium, if any, and accrued and unpaid interest, if any, on all of the outstanding notes due and payable immediately. If an Event of Default specified in clause (vii) or (viii) above with respect to the Company occurs and is continuing, then the principal of, premium, if any, and accrued and unpaid interest, if any, on all the outstanding notes shall ipso facto become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holder of notes.

After a declaration of acceleration under the Indenture, but before a judgment or decree for payment of the money due has been obtained by the Trustee, the holders of a majority in aggregate principal amount of the outstanding notes, by written notice to the Company and the Trustee, may rescind such declaration if:

(a) the Company has paid or deposited with the Trustee a sum sufficient to pay

(i) all sums paid or advanced by the Trustee under the Indenture and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel;

(ii) all overdue interest on all notes;

(iii) the principal of and premium, if any, on any notes which have become due otherwise than by such declaration of acceleration and interest thereon at the rate borne by the notes; and

(iv) to the extent that payment of such interest is lawful, interest upon overdue interest and overdue principal at the rate borne by the Notes which has become due otherwise than by such declaration of acceleration;

(b) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction; and

(c) all Events of Default, other than the non-payment of principal of, premium, if any, and interest on the notes that has become due solely by such declaration of acceleration, have been cured or waived.

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

The holders of not less than a majority in aggregate principal amount of the outstanding notes may on behalf of the holders of all the notes waive any past defaults under the Indenture, except a default in the payment of the principal of, premium, if any, or interest on any note, or in respect of a covenant or provision which under the Indenture cannot be modified or amended without the consent of the holder of each note outstanding.

No holder of any of the notes has any right to institute any proceeding with respect to the Indenture or any remedy thereunder, unless the holders of at least 25% in aggregate principal amount of the outstanding notes have made written request, and offered reasonable indemnity, to the Trustee to institute such proceeding as Trustee under the notes and the Indenture, the Trustee has failed to institute such proceeding within 45 days after receipt of such notice and the Trustee, within such 45 day period, has not received directions inconsistent with

49

such written request by holders of a majority in aggregate principal amount of the outstanding notes. Such limitations do not apply, however, to a suit instituted by a holder of a note for the enforcement of the payment of the principal of, premium, if any, or interest on such note on or after the respective due dates expressed in such note.

During the existence of an Event of Default, the Trustee is required to exercise such rights and powers vested in it under the Indenture and use the same degree of care and skill in its exercise thereof as a prudent person would exercise under the circumstances in the conduct of such person's own affairs. Subject to the provisions of the Indenture relating to the duties of the Trustee, whether or not an Event of Default shall occur and be continuing, the Trustee under the Indenture is not under any obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders unless such holders shall have offered to the Trustee security or indemnity satisfactory to it. Subject to certain provisions concerning the rights of the Trustee, the holders of a majority in aggregate principal amount of the outstanding notes have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee under the Indenture.

If a Default or an Event of Default occurs and is continuing and is known to the Trustee, the Trustee shall mail to each holder of the notes notice of the Default or Event of Default within 90 days after obtaining knowledge thereof. Except in the case of a Default or an Event of Default in payment of principal of, premium, if any, or interest on any notes, the Trustee may withhold the notice to the holders of such notes if its board of directors, the executive committee or a committee of its directors or trust officers in good faith determines that withholding the notice is in the interest of the noteholders.

The Company is required to furnish to the Trustee annual statements as to the performance by the Company of its obligations under the Indenture and as to any default in such performance. The Company is also required to notify the Trustee within five days of any event which is, or after notice or lapse of time or both would become, an Event of Default.

No Liability For Certain Persons

No director, officer, employee or stockholder of Holdings or the Company, nor any director, officer or employee of any Guarantor, as such, will have any liability for any obligations of the Company or any Guarantor under the notes,

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

the guarantees thereof or the Indenture based on or by reason of such obligations or their creation. Each holder by accepting a note waives and releases all such liability. The foregoing waiver and release are an integral part of the consideration for the issuance of the notes. Such waiver may not be effective to waive liabilities under the federal securities laws.

Defeasance or Covenant Defeasance of Indenture

The Company may, at its option and at any time, terminate the obligations of the Company with respect to the outstanding notes ("defeasance") to the extent set forth below. Such defeasance means that the Company shall be deemed to have paid and discharged the entire Indebtedness represented by the outstanding notes, except for:

(i) the rights of holders of outstanding notes to receive payment in respect of the principal of, premium, if any, and interest on such notes when such payments are due;

(ii) the Company's obligations to issue temporary notes, register the transfer or exchange of any notes, replace mutilated, destroyed, lost or stolen notes and maintain an office or agency for payments in respect of the notes;

(iii) the rights, powers, trusts, duties and immunities of the Trustee; and

(iv) the defeasance provisions of the Indenture.

50

In addition, the Company may, at its option and at any time, elect to terminate the obligations of the Company with respect to certain covenants that are set forth in the Indenture, some of which are described under "--Change of Control" and "--Certain Covenants" above, and any subsequent failure to comply with such obligations shall not constitute a Default or an Event of Default with respect to the notes ("covenant defeasance").

In order to exercise either defeasance or covenant defeasance:

(i) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the holders of the notes, cash in United States dollars, U.S. Government Obligations (as defined in the Indenture), or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest on the outstanding notes to redemption or maturity (except lost, stolen or destroyed notes which have been replaced or paid);

(ii) the Company shall have delivered to the Trustee an opinion of counsel to the effect that the holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred (in the case of defeasance, such opinion must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable federal income tax laws);

(iii) no Default or Event of Default shall have occurred and be continuing on the date of such deposit (other than a default under the

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

Indenture caused by the incurrence of Indebtedness to make such deposit);

(iv) such defeasance or covenant defeasance shall not cause the Trustee to have a conflicting interest with respect to any securities of the Company;

Amendments and Waivers

From time to time, the Company, when authorized by a resolution of its Board of Directors, and the Trustee may, without the consent of the holders of any outstanding notes, amend, waive or supplement the Indenture or the notes for certain specified purposes, including, among other things, curing ambiguities, defects or inconsistencies, qualifying, or maintaining the qualification of, the Indenture under the Trust Indenture Act, or making any change that does not adversely affect the rights of any holder of notes. Other amendments and modifications of the Indenture or the notes may be made by the Company and the Trustee with the consent of the holders of not less than a majority of the aggregate principal amount of the outstanding notes; provided, however, that no such modification or amendment may, without the consent of the holder of each outstanding note affected thereby:

(i) reduce the principal amount of, extend the fixed maturity of or alter the redemption provisions of, the notes;

(ii) change the currency in which any notes or any premium or the interest thereon is payable;

(iii) reduce the percentage in principal amount of outstanding notes that must consent to an amendment, supplement or waiver or consent to take any action under the Indenture or the notes;

(viii) modify or change any provision of the Indenture affecting the ranking of the notes in a manner adverse to the holders of the notes.

The Trustee

The Indenture provides that, except during the continuance of an Event of Default, the Trustee thereunder will perform only such duties as are specifically set forth in the Indenture. If an Event of Default has occurred and is continuing, the Trustee will exercise such rights and powers vested in it under the Indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the

conduct of such person's own affairs.

52

The Indenture and provisions of the Trust Indenture Act incorporated by reference therein contain limitations on the rights of the Trustee thereunder, should it become a creditor of the Company, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The Trustee is permitted to engage in other transactions; provided, however, that if it acquires any conflicting interest (as defined in such Act) it must eliminate such conflict or resign.

Governing Law

The Indenture and the notes are governed by the laws of the State of New York, without regard to the principles of conflicts of law.

Book-Entry, Delivery and Form

The Original Notes were issued, and the Exchange Notes will be initially issued, in the form of one or more global notes (the "Global Notes"). Each Global Note is deposited with, or on behalf of, DTC and registered in the name of DTC or its nominee. Except as set forth below, the Global Note may be transferred, in whole and not in part, only to DTC or another nominee of DTC. You may hold your beneficial interests in the Global Note directly through DTC if you have an account with DTC or indirectly through organizations which have accounts with DTC.

DTC has advised the Company as follows: DTC is a limited-purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and "a clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities of institutions that have accounts with DTC ("participants") and to facilitate the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers (which may include the Initial Purchasers), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's book-entry system is also available to others such as banks, brokers, dealers and trust companies (collectively, the "indirect participants") that clear through or maintain a custodial relationship with a participant, whether directly or indirectly.

The Company expects that pursuant to procedures established by DTC, upon the deposit of the Global Note with DTC, DTC will credit, on its book-entry registration and transfer system, the principal amount of notes represented by such Global Note to the accounts of participants. Ownership of beneficial interests in the Global Note will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests in the Global Note will be shown on, and the transfer of those ownership interests will be effected only through, records maintained by DTC (with respect to participants' interests), the participants and the indirect participants (with respect to the owners of beneficial interests in the Global Note other than participants). The laws of some jurisdictions may require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and laws may impair the ability to transfer or pledge beneficial interests in the Global Note.

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

So long as DTC, or its nominee, is the registered holder and owner of the Global Note, DTC or such nominee, as the case may be, will be considered the sole legal owner and holder of any related notes evidenced by the Global Note for all purposes of such notes and the Indenture. Except as set forth below, as an owner of a beneficial interest in the Global Note, you will not be entitled to have the notes represented by the Global Note registered in your name, will not receive or be entitled to receive physical delivery of certificated notes and will not be considered to be the owner or holder of any notes under the Global Note. We understand that under existing industry practice, in the event an owner of a beneficial interest in the Global Note desires to take any action that DTC, as the holder of the Global Note, is entitled to take, DTC would authorize the participants to take such action, and the participants would authorize beneficial owners owning through such participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them.

53

We will make payments of principal of, premium, if any, and interest on notes represented by the Global Note registered in the name of and held by DTC or its nominee to DTC or its nominee, as the case may be, as the registered owner and holder of the Global Note.

We expect that DTC or its nominee, upon receipt of any payment of principal of, premium, if any, or interest on the Global Note will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the Global Note as shown on the records of DTC or its nominee. We also expect that payments by participants or indirect participants to owners of beneficial interests in the Global Note held through such participants or indirect participants will be governed by standing instructions and customary practices and will be the responsibility of such participants or indirect participants. We will not have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Global Note for any note or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests or for any other aspect of the relationship between DTC and its participants or indirect participants or the relationship between such participants or indirect participants and the owners of beneficial interests in the Global Note owning through such participants.

Although DTC has agreed to the foregoing procedures in order to facilitate transfers of interests in the Global Note among participants of DTC, it is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither the Trustee nor the Company will have any responsibility or liability for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Certificated Notes

Subject to certain conditions, the notes represented by the Global Note are exchangeable for certificated notes in definitive form of like tenor in denominations of \$1,000 and integral multiples thereof if:

- (1) DTC notifies us that it is unwilling or unable to continue as depository for the Global Note or DTC ceases to be a clearing agency registered under the Exchange Act and, in either case, we are unable to locate a qualified successor within 90 days;
- (2) we in our discretion at any time determine not to have all the notes

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

represented by the Global Note; or

(3) a default entitling the holders of the notes to accelerate the maturity thereof has occurred and is continuing.

Any note that is exchangeable as above is exchangeable for certificated notes issuable in authorized denominations and registered in such names as DTC shall direct. Subject to the foregoing, the Global Note is not exchangeable, except for a Global Note of the same aggregate denomination to be registered in the name of DTC or its nominee.

Based on interpretations by the Staff of the Commission set forth in no-action letters issued to third parties, the Company believes that this prospectus, as it may be amended or supplemented from time to time, may, if permitted by the Company, be used by Participating Broker-Dealers in order to satisfy the prospectus delivery requirements applicable to Participating Broker-Dealers in connection with the resale of Exchange Notes as described above. The Company has agreed in the Registration Rights Agreement that it will use its best efforts to make this prospectus available to each Participating Broker-Dealer for use in connection with any resales of such Exchange Notes (subject to the limitations on the use of this prospectus under certain circumstances specified in the Registration Rights Agreement). UNITED RENTALS, INC.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of Presentation

General

United Rentals, Inc., is principally a holding company ("Holdings" or the "Company") and conducts its operations primarily through its wholly owned subsidiary United Rentals (North America), Inc. ("URI") and subsidiaries of URI. Separate footnote information is not presented for the financial statements of URI and subsidiaries as that information is substantially equivalent to that presented below. Earnings per share data is not provided for the operating results of URI and its subsidiaries as they are wholly owned subsidiaries of Holdings.

The Consolidated Financial Statements of the Company included herein are unaudited and, in the opinion of management, such financial statements reflect all adjustments, consisting only of normal recurring adjustments, necessary to present fairly the results of the interim periods presented. Interim financial statements do not require all disclosures normally presented in year-end financial statements, and, accordingly, certain disclosures have been omitted. Results of operations for the three month period ended March 31, 2001 are not necessarily indicative of the results that may be expected for the year ending December 31, 2001. The Consolidated Financial Statements included herein should be read in conjunction with the Company's Consolidated Financial Statements and

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

related Notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2000.

Impact of Recently Issued Accounting Standards

In June 1999, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 137, "Accounting for Derivative Instruments and Hedging Activities--Deferral of the Effective Date of FASB Statement No. 133". This standard delays the effective date of SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities", for one year, to fiscal years beginning after June 15, 2000. SFAS No. 133 establishes a new model for accounting for derivatives and hedging activities. In June 2000, the FASB issued SFAS No. 138, "Accounting for Certain Derivative Instruments and Certain Hedging Activities". This standard amends SFAS No. 133 and addresses a limited number of issues causing implementation difficulties. The Company adopted SFAS No. 133 on January 1, 2001 and it did not have a material effect on the Company's consolidated financial position or results of operations.

In September 2000, the FASB issued SFAS No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities--a replacement of FASB Statement No. 125". This standard revises the standards for accounting for securitizations and other transfers of financial assets and collateral and requires certain disclosures. This standard is effective for transfers and servicing of financial assets and extinguishments of liabilities occurring after March 31, 2001 and for disclosures relating to securitization transactions and collateral for fiscal years ending after December 15, 2000. The adoption of SFAS No. 140 is not expected to have a material effect on the Company's consolidated financial position or results of operations.

Reclassifications

Certain prior year balances have been reclassified to conform to the 2001 presentation.

2. Acquisitions

During the three months ended March 31, 2001 and the year ended December 31, 2000, the Company completed two acquisitions and 53 acquisitions, respectively, that were accounted for as purchases. The results of operations of the businesses acquired in these acquisitions have been included in the Company's results of operations from their respective acquisition dates.

F-6

UNITED RENTALS, INC.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

The purchase prices for such acquisitions have been allocated to the assets acquired and liabilities assumed based on their respective fair values at their respective acquisition dates. However, the Company has not completed its valuation of all of its purchases and, accordingly, the purchase price allocations are subject to change when additional information concerning asset and liability valuations are completed.

The following table summarizes, on an unaudited pro forma basis, the results of operations of the Company for the three months ended March 31, 2000 as though each acquisition which was consummated during the period January 1, 2000

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

to March 31, 2001 as mentioned above and in Note 3 to the Notes to Consolidated Financial Statements included in the Company's 2000 Annual Report on Form 10-K was made on January 1, 2000 (in thousands, except per share data):

Revenues.....	\$640,403
Net income.....	18,228
Basic earnings per share..	\$ 0.25
Diluted earnings per share	\$ 0.19

Since the acquisitions made during the three months ended March 31, 2001 did not have a material impact on the Company's pro forma results of operations, the pro forma results of operations for the first quarter of 2001 are not shown.

The unaudited pro forma results are based upon certain assumptions and estimates, which are subject to change. These results are not necessarily indicative of the actual results of operations that might have occurred, nor are they necessarily indicative of expected results in the future.

4. Condensed Consolidating Financial Information of Guarantor Subsidiaries

Certain indebtedness of URI, a wholly-owned subsidiary of Holdings (the "Parent"), is guaranteed by URI's United States subsidiaries (the "guarantor subsidiaries") and, in certain cases, also by Parent. However, this indebtedness is not guaranteed by URI's foreign subsidiaries (the "non-guarantor subsidiaries"). The guarantor subsidiaries are all wholly-owned and the guarantees are made on a joint and several basis and are full and unconditional (subject to subordination provisions and subject to a standard limitation which provides that the maximum amount guaranteed by each guarantor will not exceed the maximum amount that can be guaranteed without making the guarantee void under fraudulent conveyance laws). Separate consolidated financial statements of the guarantor subsidiaries have not been presented because management believes such information would not be material to investors. However, condensed consolidating financial information as of March 31, 2001 and December 31, 2000 and for the three months ended March 31, 2001 and 2000, are presented. The condensed consolidating financial information of URI and its subsidiaries are as follows:

CONDENSED CONSOLIDATING CASH FLOW INFORMATION

5. Subsequent Event

In April 2001, URI issued \$450.0 million aggregate principal amount of 10 3/4% senior notes. Concurrent with the issuance of the senior notes, URI entered into a new senior secured credit facility. The new credit facility is comprised of a \$750.0 million term loan and a \$750.0 million revolving credit facility. The proceeds from the new senior notes and new senior secured credit facility were used to refinance outstanding secured indebtedness of approximately \$1,664.5 million and obligations under a synthetic lease of \$31.2 million. For additional information concerning these transactions, see "--Item 2 Management's Discussion and Analysis of Financial Condition and Results of Operations--Information Concerning Recent Financing Transactions" in our Quarterly Report on Form 10-Q for the quarter ended March 31, 2001, which is incorporated by reference herein.

As a result of the refinancing, the Company will record in the second quarter of 2001 a pretax extraordinary charge of approximately \$17.0 million, primarily related to the write-off of financing fees.

UNITED RENTALS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Organization and Basis of Presentation

United Rentals, Inc. is principally a holding company ("Holdings") and conducts its operations primarily through its wholly owned subsidiary United Rentals (North America), Inc. ("URI") and subsidiaries of URI. Holdings was incorporated in July 1998 and became the parent of URI on August 5, 1998, pursuant to the reorganization of the legal structure of URI described in Note 9. Prior to such reorganization, the name of URI was United Rentals, Inc. References herein to the "Company" refer to Holdings and its subsidiaries, with respect to periods following the reorganization, and to URI and its subsidiaries, with respect to periods prior to the reorganization. As a result of the reorganization, Holdings' primary asset is its sole ownership of all issued and outstanding shares of common stock of URI. URI's various credit agreements and debt instruments place restrictions on its ability to transfer funds to its shareholder.

The Company rents a broad array of equipment to a diverse customer base that includes construction industry participants, industrial companies, homeowners and others in the United States, Canada and Mexico. The Company also engages in related activities such as selling rental equipment, acting as a distributor for certain new equipment and selling related merchandise and parts. The nature of the Company's business is such that short-term obligations are typically met by cash flow generated from long-term assets. Therefore, the accompanying balance sheets are presented on an unclassified basis.

The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, giving retroactive effect for the reorganization for all periods presented. All significant intercompany accounts and transactions have been eliminated. The accompanying consolidated financial statements for the year ended December 31, 1998 include the accounts of certain acquisitions completed in 1998 that were accounted for as poolings-of-interests, as described in Note 3.

2. Summary of Significant Accounting Policies

Cash Equivalents

The Company considers all highly liquid instruments with a maturity of three months or less when purchased to be cash equivalents.

Inventory

Inventory consists of equipment, tools, parts, fuel and related supply items. Inventory is stated at the lower of cost or market and is net of a reserve for obsolescence and shrinkage of \$15.5 million and \$16.8 million at

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

December 31, 2000 and 1999, respectively. Cost is determined on either a weighted average or first-in, first-out method.

Rental Equipment

Rental equipment is recorded at cost and depreciated over the estimated useful lives of the equipment using the straight-line method. The range of estimated useful lives for rental equipment is two to ten years. Rental equipment is depreciated to a salvage value of zero to ten percent of cost. Ordinary repair and maintenance costs are charged to operations as incurred.

Property and Equipment

Property and equipment are recorded at cost and depreciated over their estimated useful lives using the straight-line method. The range of estimated useful lives for property and equipment is two to thirty-nine years.

F-21

UNITED RENTALS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

Ordinary repair and maintenance costs are charged to operations as incurred. Leasehold improvements are amortized using the straight-line method over their estimated useful lives or the remaining life of the lease, whichever is shorter.

Intangible Assets

Intangible assets consist of the excess of cost over the fair value of identifiable net assets of businesses acquired and non-compete agreements. The non-compete agreements are being amortized on a straight-line basis for a period ranging from three to eight years. The remaining intangible assets are being amortized on a straight-line basis over forty years.

Long-Lived Assets

Long-lived assets are recorded at the lower of amortized cost or fair value. As part of an ongoing review of the valuation of long-lived assets, the Company assesses the carrying value of such assets if facts and circumstances suggest they may be impaired. If this review indicates that the carrying value of these assets may not be recoverable, as determined by a nondiscounted cash flow analysis over the remaining useful life, the carrying value would be reduced to its estimated fair value. There have been no material impairments recognized in these financial statements.

Derivative Financial Instruments

Derivative financial instruments, which are periodically used by the Company in the management of its interest rate and foreign currency exposures, are accounted for on an accrual basis. Income and expense are recorded in the same category as that arising from the related asset or liability. The fair value of these agreements are not recognized in the financial statements. Derivative financial instruments are not used for trading purposes.

Fair Value of Financial Instruments

The carrying amounts reported in the balance sheets for accounts receivable,

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

accounts payable, accrued expenses and other liabilities approximate fair value due to the immediate to short-term maturity of these financial instruments. The fair values of the Credit Facility, Term Loan B, Term Loan C, Term Loan D, receivables securitization and certain other debt are determined using current interest rates for similar instruments as of December 31, 2000 and 1999 and approximate the carrying value of these financial instruments due to the fact that the underlying instruments include provisions to adjust interest rates to approximate fair market value. The estimated fair value of the Company's other financial instruments at December 31, 2000 and 1999 are based upon available market information and are as follows:

	2000		1999	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
	(In thousands)			
Redeemable convertible preferred securities.....	\$300,000	\$133,125	\$300,000	\$192,375

Other debt.....	94,086	94,086	73,745	73,745

Revenue Recognition

Revenue related to the sale of equipment and merchandise is recognized at the time of delivery to, or pick-up by, the customer. Revenue related to rental equipment is recognized over the contract term.

F-22

UNITED RENTALS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

Advertising Expense

The Company advertises primarily through trade publications and yellow pages. Advertising costs are expensed as incurred and totaled \$23.8 million, \$19.0 million and \$13.5 million for the years ended December 31, 2000, 1999 and 1998, respectively.

Income Taxes

The Company uses the liability method of accounting for income taxes. Under this method, deferred tax assets and liabilities are determined based on the differences between financial statement and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that are expected to be in effect when the differences are expected to reverse. Recognition of deferred tax assets is limited to amounts considered by management to be more likely than not realized in future periods.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Concentrations of Credit Risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist principally of cash investments and accounts receivable. The Company maintains cash and cash equivalents with high quality financial institutions.

Concentration of credit risk with respect to accounts receivable are limited because a large number of geographically diverse customers make up the Company's customer base. No single customer represents greater than 10% of total accounts receivable. The Company controls credit risk through credit approvals, credit limits, and monitoring procedures.

Stock-Based Compensation

The Company accounts for its stock based compensation arrangements under the provisions of Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees". Since stock options are granted by the Company with exercise prices at or greater than the fair value of the shares at the date of grant, no compensation expense is recognized.

Insurance

The Company is insured for general liability, workers' compensation, and group medical claims up to a specified claim and aggregate amounts (subject to a deductible of one million dollars). Insured losses subject to this deductible are accrued based upon the aggregate liability for reported claims incurred and an estimated liability for claims incurred but not reported. These liabilities are not discounted.

F-23

UNITED RENTALS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS--(Continued)

Impact of Recently Issued Accounting Standards

In June 1999, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 137, "Accounting for Derivative Instruments and Hedging Activities--Deferral of the Effective Date of FASB Statement No. 133." This standard delays the effective date of SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," for one year, to fiscal years beginning after June 15, 2000. SFAS No. 133 establishes a new model for accounting for derivatives and hedging activities. The adoption of SFAS No. 133 on January 1, 2001 is not expected to have a material effect on the Company's consolidated financial position or results of operations.

In June 2000, the FASB issued SFAS No. 138, "Accounting for Certain Derivative Instruments and Certain Hedging Activities." This standard amends SFAS No. 133 and addresses a limited number of issues causing implementation difficulties. The Company will adopt SFAS No. 138 on January 1, 2001 and it is not expected to have a material effect on the Company's consolidated financial position or results of operations.

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

In September 2000, the FASB issued SFAS No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities--a replacement of FASB Statement No. 125." This standard revises the standards for accounting for securitizations and other transfers of financial assets and collateral and requires certain disclosures. This standard is effective for transfers and servicing of financial assets and extinguishments of liabilities occurring after March 31, 2001 and for disclosures relating to securitization transactions and collateral for fiscal years ending after December 15, 2000. The adoption of SFAS No. 140 is not expected to have a material effect on the Company's consolidated financial position or results of operations.

Reclassifications

Certain prior year balances have been reclassified to conform to the 2000 presentation.

3. Acquisitions

Acquisitions Accounted for as Poolings-of-Interests

On August 24, 1998, the Company issued 2,744,368 shares of its common stock for all of the outstanding shares of common stock of Rental Tools.

On September 24, 1998, the Company issued 1,456,997 shares of its common stock for all of the outstanding shares of common stock of Wynne Systems, Inc. This transaction was accounted for as a pooling-of-interests; however, this transaction was not material to the Company's consolidated operations and financial position and, therefore, the Company's financial statements have not been restated for this transaction but have been combined beginning July 1, 1998.

On September 29, 1998, a merger (the "Merger") of United Rentals, Inc. and U.S. Rentals was completed. The Merger was effected by having a wholly owned subsidiary of United Rentals, Inc. merge with and into U.S. Rentals. Following the Merger, United Rentals, Inc. contributed the capital stock of U.S. Rentals to URI, a wholly owned subsidiary of United Rentals, Inc. Pursuant to the Merger, each outstanding share of common stock of U.S. Rentals was converted into the right to receive 0.9625 of a share of common stock of United Rentals, Inc. An aggregate of approximately 29.6 million shares of United Rentals, Inc. common stock were issued in the Merger in exchange for the outstanding shares of U.S. Rentals common stock.

Credit Facility. The Company has a credit facility (the "Credit Facility") which enables URI to borrow up to \$827.5 million on a revolving basis and permits a Canadian subsidiary of URI (the "Canadian Subsidiary") to directly borrow up to \$40.0 million under the Credit Facility (provided that the aggregate borrowings of URI and the Canadian Subsidiary do not exceed \$827.5 million). Up to \$50.0 million (\$1.4 million outstanding at December 31, 2000) of the Credit Facility is available in the form of letters of credit. The agreement governing the Credit Facility requires that the aggregate commitment shall be reduced on the last day of each calendar quarter, beginning September 30, 2001 and continuing through June 30, 2003, by an amount equal to \$20.7 million. The Credit Facility terminates on September 26, 2003, at which time all outstanding indebtedness is due.

Borrowings by URI under the Credit Facility accrue interest at URI's option, at either (a) the Base Rate (which is equal to the greater of (i) the Federal Funds Rate plus 0.5% or (ii) Bank of America's reference rate) or (b) the Eurodollar Rate (which for borrowings by URI is equal to Bank of America's reserve adjusted eurodollar rate) plus a margin ranging from 1.200% to 1.875% per annum. Borrowings by the Canadian Subsidiary under the Credit Facility accrue interest, at such subsidiary's option, at either (x) the Prime Rate (which is equal to Bank of America Canada's prime rate), (y) the BA Rate (which is equal to Bank of America Canada's BA Rate) plus a margin ranging from 1.200% to 1.875% per annum or (z) the Eurodollar Rate (which for borrowing by the Canadian Subsidiary is equal to Bank of America Canada's reserve adjusted Eurodollar Rate) plus a margin ranging from 1.200% to 1.875% per annum. If at any time an event of default (as defined in the agreement governing the Credit Facility) exists, the interest rate applicable to each loan will increase by 2% per annum. The

Company is also required to pay the banks an annual facility fee equal to 0.375% of the banks' \$827.5 million aggregate lending commitment under the Credit Facility (which fee may be reduced to 0.300% for periods during which the Company maintains a specified funded debt to cash flow ratio).

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

The obligations of URI under the Credit Facility are (i) secured by substantially all of its assets, the stock of its United States subsidiaries and a portion of the stock of URI's Canadian subsidiaries and (ii) guaranteed by Holdings and secured by the stock of URI. The obligations of the Canadian Subsidiary under the Credit Facility are guaranteed by URI and secured by substantially all of the assets of the Canadian Subsidiary and the stock of the subsidiaries of the Canadian Subsidiary.

The Credit Facility contains certain covenants that require the Company to, among other things, satisfy certain financial tests relating to: (a) maximum leverage, (b) the ratio of senior debt to cash flow, (c) minimum interest coverage ratio, (d) the ratio of funded debt to cash flow, and (e) the ratio of senior debt to tangible assets. The agreements governing the Credit Facility also contain various other covenants that restrict the Company's ability to, among other things, (i) incur additional indebtedness, (ii) permit liens to attach to its assets, (iii) pay dividends or make other restricted payments on its common stock and certain other securities and (iv) make acquisitions unless certain financial conditions are satisfied. In addition, the agreement governing the Credit Facility (a) requires the Company to maintain certain financial ratios and (b) provides that failure by any two of certain of the Company's executive officers to continue to hold executive positions with the Company for a period of 30 consecutive days constitutes an event of default unless replacement officers satisfactory to the lenders are appointed.

Term Loan B. URI obtained a \$250.0 million term loan (the "Term Loan B") from a group of financial institutions. The Term Loan B matures on June 30, 2005. Prior to maturity, quarterly installments of principal in the amount of \$0.6 million are due on the last day of each calendar quarter, commencing September 30, 1999. The amount due at maturity is \$235.6 million. The Term Loan B accrues interest, at URI's option, at either (a) the Base Rate (as defined above with respect to the Credit Facility) plus a margin of 0.375% per annum, or (b) the Eurodollar Rate (as defined above with respect to the Credit Facility for borrowings by the Company) plus a margin of 2.25% per annum. The Term Loan B is secured pari passu with the Credit Facility and the agreement governing the Term Loan B contains restrictive covenants substantially similar to those provided under the Credit Facility.

Term Loan C. URI obtained a \$750.0 million term loan from a group of financial institutions (the "Term Loan C"). The Term Loan C matures in June 2006. Prior to maturity, quarterly installments of principal in the amount of \$1.9 million are due on the last day of each calendar quarter, commencing September 30, 2000. The amount due at maturity is \$706.3 million. The Term Loan C accrues interest, at URI's option, at either (a) the Base Rate (as defined above with respect to the Credit Facility) plus a margin of 0.625% per annum, or (b) the Eurodollar Rate (as defined above with respect to the Credit Facility) plus a margin of 2.50% per annum. The Term Loan C is secured pari passu with the Credit Facility and the agreement governing the Term Loan C contains restrictive covenants substantially similar to those provided under the Credit Facility.

Term Loan D. URI obtained a \$200.0 million term loan from a financial institution (the "Term Loan D"). The Term Loan D matures in June 2006. Prior to maturity, quarterly installments of principal are due on the last day of each calendar quarter, in the amount of \$0.25 million on September 30, 2000 and in the amount of \$0.5 million commencing December 31, 2000 to maturity. The amount due at maturity is \$188.5 million. The Term Loan D accrues interest, at URI's option, at either (a) the Base Rate (as defined above with respect to the Credit

Facility) plus a margin of 0.625% per annum, or (b) the Eurodollar Rate (as defined above with respect to the Credit Facility) plus a margin of 2.5% per annum. The Term Loan D is secured pari passu with the Credit Facility, and the agreement governing the Term Loan D contains restrictive covenants substantially similar to those provided under the Credit Facility.

At December 31, 2000, the Company had interest rate protection in the form of swap agreements with an aggregate notional amount of \$200.0 million. The effect of these agreements is to limit the interest rate exposure to 8.75% on \$200.0 million of Term Loan B. The overall weighted average interest rate on the Term Loan B was 8.80% at December 31, 2000. While it is not the Company's intention to terminate the interest rate swap agreements, the fair values were estimated by obtaining quotes from brokers which represented the amounts that the Company would receive or pay if the agreements were terminated. These fair values indicated that termination of the agreements at December 31, 2000, would have resulted in a pretax loss of \$4.3 million.

9 1/2% Senior Subordinated Notes. URI issued \$200.0 million aggregate principal amount of 9 1/2% senior subordinated notes, (the "9 1/2 Notes") which are due June 1, 2008. The 9 1/2% Notes are unsecured. URI may, at its option, redeem the 9 1/2% Notes on or after June 1, 2003 at specified redemption prices which range from 104.75% in 2003 to 100.0% in 2006 and thereafter. In addition, on or prior to June 1, 2001, URI may, at its option, use the proceeds of a public equity offering to redeem up to 35% of the outstanding 9 1/2% Notes, at a redemption price of 109.5%. The indenture governing the 9 1/2% Notes contains certain restrictive covenants, including (i) limitations on additional indebtedness, (ii) limitations on restricted payments, (iii) limitations on liens, (iv) limitations on dividends and other payment restrictions, (v) limitations on preferred stock of certain subsidiaries, (vi) limitations on transactions with affiliates, (vii) limitations on the disposition of proceeds of asset sales and (viii) limitations on the ability of the Company to consolidate, merge or sell all or substantially all of its assets.

8.80% Senior Subordinated Notes. URI issued \$205.0 million aggregate principal amount of 8.80% senior subordinated notes, (the "8.80% Notes") which are due August 15, 2008. The 8.80% Notes are unsecured. URI may, at its option, redeem the 8.80% Notes on or after August 15, 2003 at specified redemption prices which range from 104.4% in 2003 to 100.0% in 2006 and thereafter. In addition, on or prior to August 15, 2001, URI may, at its option, use the proceeds of a public equity offering to redeem up to 35% of the outstanding 8.80% Notes, at a redemption price of 108.8%. The indenture governing the 8.80% Notes contains restrictions substantially similar to those applicable to the 9 1/2% Notes.

9 1/4% Senior Subordinated Notes. URI issued \$300.0 million aggregate principal amount of 9 1/4% senior subordinated notes, (the "9 1/4% Notes") which are due January 15, 2009. The 9 1/4% Notes are unsecured. URI may, at its option, redeem the 9 1/4% Notes on or after January 15, 2004 at specified redemption prices which range from 104.625% in 2004 to 100.0% in 2007 and thereafter. Receivables Securitization. In December 2000, the Company obtained \$100.0 million through the securitization of certain of its accounts receivable. In the securitization, the Company transferred \$203.0 million of its accounts receivable to a special purpose subsidiary (the "SPV") which in turn pledged those receivables to secure \$100.0 million of borrowings that the SPV incurred to finance its acquisition of those receivables from the Company. These borrowings accrue interest at Credit Lyonnais' blended commercial paper rate plus a margin of 0.75% per annum. These borrowings are an obligation of the SPV and not of Holdings or URI, and the lenders' recourse in respect of the borrowings is generally limited to collections that the SPV receives on the receivables. Collections on the receivables are used to service the borrowings. Subject to certain conditions, collections from the receivables may also be used by the SPV from time to time until December 2003 to acquire additional accounts receivables from the Company that the SPV will pledge to the lenders to secure the borrowings.

The current and deferred tax assets and liabilities at December 31, 2000 include the effects of certain reclassifications related to differences between the income tax provisions and tax returns for prior years. These reclassifications had no effect on net income.

For financial reporting purposes, income before income taxes and extraordinary items for the Company's foreign subsidiaries was \$15.6 million and \$19.9 million for the years ended December 31, 2000 and 1999, respectively. At December 31, 2000 and 1999, unremitted earnings of foreign subsidiaries were approximately \$22.9 million and \$13.8 million, respectively. Since it is the Company's intention to indefinitely reinvest these earnings, no United States taxes have been provided. Determination of the amount of unrecognized deferred tax liability on these unremitted taxes is not practicable.

The Company has net operating loss carryforwards ("NOL's") of \$138.2 million for federal income tax purposes that expire through 2018.

converted, on a share-for-share basis, into common stock of Holdings and (v) the common stock of Holdings commenced trading on the New York Stock Exchange under the symbol "URI" instead of the common stock of URI. The purpose of the reorganization was to facilitate certain financings. The business operations of the Company did not change as a result of the new legal structure. The stockholders of Holdings have the same rights, privileges and interests with respect to Holdings as they had with respect to URI immediately prior to the

reorganization.

10. Company-Obligated Mandatorily Redeemable Convertible Preferred Securities of a Subsidiary Trust

In August 1998, a subsidiary trust (the "Trust") of Holdings issued and sold in a private offering (the "Preferred Securities Offering") \$300.0 million of 30 year, 6 1/2% Convertible Quarterly Income Preferred Securities (the "Preferred Securities"). The net proceeds from the Preferred Securities Offering were approximately \$290.0 million. The Trust used the proceeds from the Preferred Securities Offering to purchase 6 1/2% convertible subordinated debentures due 2028 (the "Debentures") from Holdings which resulted in Holdings receiving all of the net proceeds of the Preferred Securities Offering. Holdings in turn contributed the net proceeds of the Preferred Securities Offering to URI. The Preferred Securities are non-voting securities, carry a liquidation value of \$50 per security and are convertible into the Company's common stock at an initial rate of 1.146 shares per security (equivalent to an initial conversion price of \$43.63 per share). They are convertible at any time at the holders' option and are redeemable, at the Company's option, after three years, subject to certain conditions.

Holders of the Preferred Securities are entitled to preferential cumulative cash distributions from the Trust at an annual rate of 6 1/2% of the liquidation value, accruing from the original issue date and payable quarterly in arrears beginning February 1, 1999. The distribution rate and dates correspond to the interest rate and payments dates on the Debentures. Holdings may defer interest payments on the Debentures for up to twenty consecutive quarters, but not beyond the maturity date of the Debentures. If interest payments on the Debentures are deferred, so are the payments on the Preferred Securities. Under this circumstance, Holdings will be prohibited from paying dividends on any of its capital stock or making payments with respect to its debt that rank pari passu with or junior to the Debentures.

Holdings has executed a guarantee with regard to payment of the Preferred Securities to the extent that the Trust has sufficient funds to make the required payments.

11. Capital Stock

Series A Perpetual Convertible Preferred Stock. On January 7, 1999, Holdings sold 300,000 shares of its Series A Perpetual Convertible Preferred Stock ("Series A Preferred"). Subject to certain thresholds related to the aggregate number of shares issuable upon conversion of Series A Preferred, the holders of the Series A Preferred, voting separately as a single class, have the right, on an as-converted basis, to elect up to two directors. Currently, holders of the Series A Preferred may elect two directors. Except for the election of directors, the holders of the Series A Preferred have the same voting rights as those belonging to holders of Holdings common stock. The net proceeds from the sale of the Series A Preferred were approximately \$287.0 million. Holdings contributed such net proceeds to URI. The Series A Preferred is convertible into 12,000,000 shares of Holdings common stock at \$25 per share based upon a liquidation preference of \$1,000 per share of Series A Preferred, subject to adjustment. The Series A Preferred has no stated dividend. However, in the event Holdings declares or

pays any dividends on, or distributions of, its common stock, it must (subject to certain exceptions) also declare and pay to the holders of Series A Preferred the dividends and distributions which would have been declared and paid upon conversion of the Series A Preferred.

Series B Perpetual Convertible Preferred Stock. On September 30, 1999, Holdings sold 150,000 shares of its Series B Perpetual Convertible Preferred Stock ("Series B Preferred"). The Series B Preferred is divided into two classes designated as Class B-1 and Class B-2. Other than voting rights, the classes are substantially the same. The holders of the 105,252 shares of Class B-1 are entitled to the same voting rights, on an as-converted basis, as those belonging to holders of Holdings common stock. The holders of the 44,748 shares of Class B-2 have no such voting rights. The net proceeds from the sale of the Series B Preferred were approximately \$143.8 million. Holdings contributed such net proceeds to URI. The Series B Preferred is convertible into 5,000,000 shares of Holding's common stock at \$30 per share based upon a liquidation preference of \$1,000 per share of Series B Preferred, subject to adjustment. The Series B Preferred has no stated dividend. However, in the event Holdings declares or pays any dividends on, or distributions of, its common stock, it must (subject to certain exceptions) also declare and pay to the holders of Series B Preferred the dividends and distributions which would have been declared and paid upon conversion of the Series B Preferred.

Warrants. As of December 31, 2000 there are outstanding warrants to purchase an aggregate of 7,094,296 shares of common stock. The weighted average exercise price of the warrants is \$11.76 per share. All warrants are currently exercisable and may be exercised at any time through 2009.

Common Stock. On March 9, 1999, Holdings completed a public offering of 2,290,000 shares of common stock. The net proceeds to the Company from this offering were approximately \$64.7 million (after deducting underwriting discounts and offering expenses). Holdings contributed such net proceeds to URI. During 2000, the Company approved a share repurchase program to acquire up to \$200 million of its issued and outstanding common stock. Share repurchases under the program may be made from time to time, continuing through May 2002. During 2000, the Company repurchased and retired 1,785,015 shares of common stock.

1997 Stock Option Plan. The Company's 1997 Stock Option Plan provides for the granting of options to purchase not more than an aggregate of 5,000,000 shares of common stock. Some or all of such options may be "incentive stock options" within the meaning of the Internal Revenue Code. All officers, directors and employees of the Company and other persons who perform services on behalf of the Company are eligible to participate in this plan. Each option granted pursuant to this plan must provide for an exercise price per share that is at least equal to the fair market value per share of common stock on the date of grant. No options may be granted under this plan after August 31, 2007. As of December 31, 2000 and 1999, options to purchase an aggregate of 4,950,536 shares and 4,731,183 shares of common stock, respectively, were outstanding under this plan. The exercise price of each option, the period during which each option may be exercised and other terms and conditions of each option are determined by the Board of Directors (or by a committee appointed by the Board of Directors).

The Company has adopted a stock option plan pursuant to which options, for up to an aggregate of 5,600,000 shares of common stock, may be granted to employees who are not officers or directors and to consultants and independent contractors who perform services for the Company or its subsidiaries. As of December 31, 2000 and 1999, options to purchase an aggregate of 5,373,509 shares and 4,140,384 shares of common stock, respectively, were outstanding pursuant to this plan. The options expire in 2007. As a result of the Merger, all outstanding options to purchase shares of U.S. Rentals common stock became fully vested and were converted into options to purchase the Company's common stock. As of December 31, 2000 and 1999, options to purchase an aggregate of 2,572,050 shares and 2,581,675 shares of common stock, respectively, were outstanding pursuant to this plan.

The Company applies APB Opinion No. 25, "Accounting for Stock Issued to Employees" in accounting for stock-based employee compensation arrangements whereby no compensation cost related to stock options is deducted in determining net income. Had compensation cost for the Company's stock option plans been determined pursuant to SFAS No. 123, "Accounting for Stock-Based Compensation," the Company's net income and earnings per share would have differed. The weighted average fair value of options granted was \$7.70, \$10.99 and \$11.94 during 2000, 1999 and 1998, respectively. The fair value is estimated on the date of grant using the Black-Scholes option pricing model which uses subjective assumptions which can materially affect fair value estimates and, therefore, does not necessarily provide a single measure of fair value of options. Using the Black-Scholes option pricing model and a risk-free interest rate average of 5.15%, 6.29% and 4.6% in 2000, 1999 and 1998, respectively, a volatility factor for the market price of the Company's common stock of 69%, 52% and 85% in 2000, 1999 and 1998, respectively, and a weighted-average expected life of options of approximately three years in 2000, 1999 and 1998, the Company's net income (loss), basic earnings (loss) per share and diluted earnings (loss) per share would have been \$156.4 million, \$2.20 and \$1.69, respectively, for the year ended December 31, 2000, \$104.3 million, \$1.46 and \$1.12, respectively, for the year ended December 31, 1999, and \$(13.3 million), \$(0.20) and \$(0.20), respectively, for the year ended December 31,

1998. For purposes of these pro forma disclosures, the estimated fair value of options is amortized over the options' vesting period. Since the number of options granted and their fair value may vary significantly from year to year, the pro forma compensation expense in future years may be materially different.

At December 31, 2000 there are (i) 7,094,296 shares of common stock reserved for the exercise of warrants, (ii) 17,338,256 shares of common stock reserved for issuance pursuant to options granted and that may be granted in the future under the Company's stock option plans, (iii) 6,875,580 shares of common stock reserved for the issuance of outstanding preferred securities of a subsidiary trust, (iv) 17,000,000 shares of common stock reserved for the issuance of Series A and Series B preferred stock and (v) 232,586 shares of common stock reserved for the conversion of convertible debt.

16. Condensed Consolidating Financial Information of Guarantor Subsidiaries

Certain indebtedness of URI, a wholly owned subsidiary of Holdings (the "Parent"), is guaranteed by URI's United States subsidiaries (the "guarantor subsidiaries") but is not guaranteed by URI's foreign subsidiaries (the "non-guarantor subsidiaries"). The guarantor subsidiaries are all wholly-owned and the guarantees are made on a joint and several basis and are full and unconditional (subject to subordination provisions and subject to a standard limitation which provides that the maximum amount guaranteed by each guarantor will not exceed the maximum amount that can be guaranteed without making the guarantee void under fraudulent conveyance laws). Separate consolidated financial statements of the guarantor subsidiaries have not been presented because management believes that such information would not be material to investors. However, condensed consolidating financial information as of December 31, 2000 and 1999, and for each of the three years in the period ended December 31, 2000, are presented. The condensed consolidating financial information of the Company and its subsidiaries are as follows:

Item 20. Indemnification of Directors and Officers

The Certificate of Incorporation (the "Certificate") of the company provides that a director will not be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the Delaware General Corporation Law (the "Delaware Law"), which concerns unlawful payments of dividends, stock purchases or redemptions, or (iv) for any transaction from which the director derived an improper personal benefit. If the Delaware Law is subsequently amended to permit further limitation of the personal liability of directors, the liability of a director of the Company will be eliminated or limited to the fullest extent permitted by the Delaware Law as amended.

The Registrant, as a Delaware corporation, is empowered by Section 145 of the Delaware Law, subject to the procedures and limitation stated therein, to indemnify any person against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with any threatened, pending or completed action, suit or proceeding in which such person is made a party by reason of his being or having been a director, officer, employee or agent of the Registrant. The statute provides that indemnification pursuant to its provisions is not exclusive of other rights of indemnification to which a person may be entitled under any by-law, agreement, vote of stockholders or disinterested directors, or otherwise. The Company has entered into indemnification agreements with certain of its directors and officers. In general, these agreements require the Company to indemnify each of such persons against expenses, judgments, fines, settlements and other liabilities incurred in connection with any proceeding (including a derivative action) to which such person may be made a party by reason of the fact that such person is or was a director, officer or employee of the Company or guaranteed any obligations of the Company, provided that the right of an indemnitee to receive indemnification is subject to the following limitations: (i) an indemnitee is not entitled to indemnification unless he acted in good faith and in a manner that he reasonably believed to be in or not opposed to the best interests of the Company, and, with respect to any criminal action or proceeding, had no reasonable cause to believe such conduct was unlawful and (ii) in the case of a derivative action, an indemnitee is not entitled to indemnification in the event that he is judged in a final non-appealable decision of a court of competent jurisdiction to be liable to the Company due to willful misconduct in the performance of his duties to the Company (unless and only to the extent that the court determines that the indemnitee is fairly and reasonably entitled to indemnification).

Edgar Filing: UNITED RENTALS NORTH AMERICA INC - Form S-4

Pursuant to Section 145 of the Delaware Law, the Registrant has purchased insurance on behalf of its present and former directors and officers against any liability asserted against or incurred by them in such capacity or arising out of their status as such. The Registrant has entered into indemnification agreements with certain members of its management in the form filed as an exhibit to this registration statement.
