**PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON
February 25, 2005**

QUESTIONS AND ANSWERS ABOUT THIS PROXY STATEMENT AND VOTING

Why am I receiving these materials?

You have been sent this proxy statement and the enclosed proxy card because Franklin Capital Corporation (the *Company*) is soliciting your proxy to vote at the Annual Meeting on the proposals described in this proxy statement (the *Proposals*). You are invited to attend the Annual Meeting to vote in person on the Proposals. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign, date and return the enclosed proxy card to indicate your vote with respect to each of the Proposals. The Notice of Annual Meeting of Stockholders, this proxy statement and the accompanying proxy cards are first being mailed to stockholders on or about February ____, 2005.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on January 26, 2005 (the *Record Date*) will be entitled to vote at the Annual Meeting. As of the Record Date, there were 1,556,901 shares of Common Stock and 10,950 shares of Preferred Stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on the Record Date your shares were registered directly in your name with the Company, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, the Company encourages you to fill out and return the enclosed proxy card to ensure your representation at the Annual Meeting.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on the Record Date your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As the beneficial owner, you have the right to direct your brokerage firm, bank, dealer or other similar organization on how to vote the shares in your account. You are also invited to attend the Annual Meeting, as discussed further below. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker or other agent. Your brokerage firm, bank, dealer or other agent should have provided you a voting instruction card for you to use in directing the stockholder of record how to vote your shares or obtain a proxy allowing you to vote your shares personally.

What am I voting on?

There are eight matters scheduled for a vote at the Annual Meeting:

Proposal No. 1: The election of Lytle Brown III as a Class I Director to hold office for a three-year term expiring in 2007, or until his successor has been duly elected and qualified or until his earlier death, resignation or removal, in accordance with the Company's bylaws, as amended;

Proposal No. 2: The ratification of the appointment by the Board of Directors of the Company (the *Board*) of Rothstein, Kass & Company, P.C. (*Rothstein Kass*) to serve as independent auditors for the fiscal year ended December 31, 2004;

Proposal No. 3: The authorization and approval of a stock option and restricted stock plan for the Company (the *New Plan*);

Proposal No. 4: The authorization and approval of the payment of cash and equity compensation to Milton Todd Ault III (*Ault*), Lynne Silverstein (*Silverstein*), and Louis Glazer and Melanie Glazer (the *Glazers*), each of whom may be deemed to be an interested stockholder (as defined in Section 203 of the Delaware General Corporate Law (*DGCL*)) of the Company;

Proposal No. 5: The authorization and approval of the sale of common stock par value \$1.00 of the Company (*Common Stock*), warrants to purchase Common Stock and other securities representing indebtedness convertible into Common Stock to Ault, Silverstein and the Glazers, each of whom may be deemed to be an interested stockholder (as defined in Section 203 of the DGCL), on terms that are approved by a majority of the Board consistent with its fiduciary duties and market terms existing at the time of such offering, including those relating to price per share, interest rate, warrant coverage and registration rights for such issuances and the requirements of applicable law, including the Investment Company Act of 1940, as amended (the *Investment Company Act*), as described in this proxy statement;

Proposal No. 6: The authorization and approval of the certificate of amendment to the Amended and Restated Certificate of Incorporation of the Company to reduce the par value of the Common Stock from \$1.00 per share to \$0.50 per share and effect a two-for-one split of the Common Stock (the *Stock Split*);

Proposal No. 7: The authorization and approval of the prospective issuance of bonds, notes or other evidences of indebtedness that are convertible into Common Stock (*Convertible Bonds*, *Convertible Notes* or *Other Convertible Indebtedness*) in accordance with the requirements of the Investment Company Act; and

Proposal No. 8: The authorization and approval of the Board to withdraw the Company's election to be treated as a business development company (*BDC*) as soon as practicable pursuant to Section 54(c) under the Investment Company Act.

To consider and transact such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

Each of these Proposals, as well as the recommendation of the Board with respect to each of these Proposals, are described in greater detail elsewhere in this proxy statement.

How do I vote?

Edgar Filing: FRANKLIN CAPITAL CORP - Form PRE 14A

With respect to the election of directors, you may either vote FOR the nominee proposed by the Board or you may abstain from voting for the nominee specified. For each of the other matters to be voted on, you may vote FOR or AGAINST or ABSTAIN from voting. The procedures for voting are fairly straightforward, as described below:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy using the enclosed proxy card. To vote in person, you need only attend the Annual Meeting, where you will be given a ballot to vote on each of the proposals. To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the postage prepaid envelope provided. If you are a holder of record of Common Stock, you should complete, sign and date the proxy card marked with **Common Stock** in the upper right hand corner. If you are a holder of record of Preferred Stock, you should complete, sign and date the proxy card marked with **Preferred Stock** in the upper right hand corner. If you are a holder of record of both Common Stock and Preferred Stock, you should complete, sign and date both proxy cards. So long as we receive your signed proxy card by the Annual Meeting, your shares will be voted as you have directed on the card.

Whether or not you plan to attend the Annual Meeting, the Company encourages you to vote by proxy to ensure your representation at the Annual Meeting. You may still attend the Annual Meeting and vote in person even if you have already voted by proxy.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your brokerage firm, bank, dealer, or other similar organization, you should have received a voting instruction card with these proxy materials from that organization. Simply complete and mail the voting instruction card to ensure your representation at the Annual Meeting. Alternatively, you may vote in person at the Annual Meeting. However, to vote in person at the Annual Meeting, you must obtain a valid proxy from your brokerage firm, bank, dealer or other similar organization. Follow the instructions from your brokerage firm, bank, dealer, or other similar organization included with these proxy materials, or contact your brokerage firm, bank, dealer, or other similar organization to request a proxy form.

If your shares are held in **street name**, you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares only with respect to **discretionary items**, but not with respect to **non-discretionary items**. Discretionary items are proposals considered routine under the rules of certain self-regulatory organizations, such as the New York Stock Exchange and the American Stock Exchange, on which your broker may vote shares held in street name in the absence of your voting instructions. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes (which are considered shares for which the brokerage firm, bank, dealer, or other similar organization or nominee has not received voting instructions from the record holder and does not have discretionary authority to vote the shares on certain proposals).

How many votes do I have?

On each matter to be voted upon at the Annual Meeting, you have one vote for each share of Common Stock and one vote for each share of Preferred Stock you own as of the Record Date. The Common Stock and Preferred Stock will vote together as a single class with regard to each of the proposals to be considered at the Annual Meeting. In addition, the Common Stock will also vote as a separate class with regard to Proposal No. 6.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, all of your shares will be voted **FOR** the election of the nominee for director and **FOR** each of the other proposals described in this proxy statement. If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your

proxy card as your proxy) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

The Company will pay for the entire cost of soliciting proxies. The Company may also reimburse brokerage firms, banks, dealers, or other similar organizations or agents for the cost of forwarding proxy materials to beneficial owners. In addition to these mailed proxy materials, the Company's directors and officers may also solicit proxies in person, by telephone or by other means of communication; however, directors and officers will not be paid any additional compensation for soliciting proxies.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card marked "Common Stock" or "Preferred Stock" in the upper right hand corner, it means that your shares are registered in more than one name or are registered in different accounts. Please complete, sign, date and return each proxy card to ensure that all of your shares are voted at the Annual Meeting.

Can I change my vote after submitting my proxy card?

You can change your vote by revoking your proxy at any time before the final vote at the Annual Meeting. You may revoke your proxy in any one of three ways:

You may submit another properly completed proxy card indicating a later date.

You may send a written notice that you are revoking your proxy to the Company's Corporate Secretary at 100 Wilshire Boulevard, Suite 1500, Santa Monica, California 90401.

You may attend the Annual Meeting and vote in person in accordance with the procedures specified above. However, simply attending the Annual Meeting will not, by itself, revoke your proxy.

Following the final vote at the Annual Meeting, you may not revoke your proxy or otherwise change your vote.

How are votes counted?

Votes will be counted by the inspector of election appointed for the Annual Meeting.

How many votes are needed to approve each proposal?

Proposal No. 1: Proposal No. 1 (the election of Lytle Brown III as a Class I Director to hold office for a three-year term expiring in 2007, or until his successor has been duly elected and qualified or until his earlier death, resignation or removal, in accordance with the Company's bylaws, as amended) will be approved if a plurality of the total votes properly cast in person or by proxy at the Annual Meeting by the holders of Common Stock and Preferred Stock, voting together as a single class, vote "FOR" the proposal. Abstentions and broker non-votes will have no effect on the result of the vote.

Proposal No. 2: Proposal No. 2 (the ratification of the appointment by the Board of Rothstein Kass to serve as independent auditors for the fiscal year ended December 31, 2004) will be approved if a majority of the total votes properly cast in person or by proxy at the Annual Meeting by the holders of Common Stock and Preferred Stock, voting together as a single class, vote "FOR" the proposal. Abstentions and broker non-votes will have no effect on the result of the vote.

Proposal No. 3: Proposal No. 3 (the authorization and approval of a stock option and restricted stock plan for the Company) will be approved if a majority of the total votes properly cast in person or by proxy at the Annual Meeting

by the holders of Common Stock and Preferred Stock, voting together as a single class, vote FOR the proposal. Abstentions and broker non-votes will have no effect on the result of the vote.

4

Proposal No. 4: Proposal No. 4 (the authorization and approval of the payment of cash and equity compensation to Ault, Silverstein and the Glazers, each of whom may be deemed to be an interested stockholder (as defined in Section 203 of the DGCL) of the Company)) will be approved if at least 66-2/3% of the outstanding shares of Common Stock and Preferred Stock (excluding any shares owned by Ault Glazer, Ault, Silverstein and the Glazers), voting together as a single class at the Annual Meeting, are voted FOR the proposal. Abstentions and broker non-votes will have the same effect as votes AGAINST Proposal No. 4.

Proposal No. 5: Proposal No. 5 (the authorization and approval of the sale of Common Stock, warrants to purchase Common Stock, and other securities representing indebtedness convertible into Common Stock to Ault, Silverstein and the Glazers, each of whom may be deemed to be an interested stockholder (as defined in Section 203 of the DGCL) of the Company)) will be approved if at least 66-2/3% of the outstanding shares of Common Stock and Preferred Stock (excluding any shares owned by Ault Glazer, Ault, Silverstein and the Glazers), voting together as a single class at the Annual Meeting, are voted FOR the proposal. Abstentions and broker non-votes will have the same effect as votes AGAINST Proposal No. 5.

Proposal No. 6: Proposal No. 6 (the authorization and approval of the certificate of amendment to the Amended and Restated Certificate of Incorporation of the Company to reduce the par value of the Common Stock from \$1.00 per share to \$0.50 per share and effect a two-for one stock split of the Common Stock) will be approved if a majority of the outstanding shares of Common Stock and Preferred Stock, voting together as a single class at the Annual Meeting, are voted FOR the proposal, and a majority of the outstanding shares of Common Stock voting separately as a class at the Annual Meeting, must be voted FOR the proposal to effect the Stock Split in such class. Abstentions and broker non-votes will have the same effect as votes AGAINST Proposal No. 6.

Proposal No. 7: Proposal No. 7 (the authorization and approval of the prospective issuance of Convertible Bonds, Convertible Notes or Other Convertible Indebtedness in accordance with the requirements of the Investment Company Act) will be approved if a majority of the total votes properly cast in person or by proxy at the Annual Meeting by the holders of Common Stock and Preferred Stock, voting together as a single class, vote FOR the proposal. Abstentions and broker non-votes will have no effect on the result of the vote.

Proposal No. 8: Proposal No. 8 (the authorization and approval of the Board to withdraw the Company's election to be treated as a BDC pursuant to Section 54(c) under Investment Company Act) will be approved if a majority of the outstanding shares of the Common Stock and Preferred Stock, voting together as a single class at the Annual Meeting, are voted FOR the proposal. Abstentions and broker non-votes will also have the same effect as votes AGAINST Proposal No. 8.

For purposes of this Proposal No. 8 only, the vote of a majority of the outstanding shares means the vote (A) of 67 per centum or more of the voting securities present at the Annual Meeting, if the holders of more than 50 per centum of the outstanding voting securities of the Company are present or represented by proxy; or (B) of more than 50 per centum of the outstanding voting securities of the Company, whichever is the less.

To consider and transact such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

The approval of each proposal described in this proxy statement is independent from the approval of each of the other proposals described in this proxy statement. However, Proposal Nos. 3, 7 and 8 have certain provisions which make them interrelated. Specifically, in the event that Proposal No. 8 (authorization and approval of the Board to withdraw the Company's election to be treated as a BDC) is approved, certain limitations placed on the activities of the Company as described in Proposal Nos. 3 and 7 will no longer be applicable to the Company upon its filing of an election with the SEC to no longer be regulated as a BDC under the Investment Company Act.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. For purposes of Proposal Nos. 1, 2, 3, 4, 5, 7, and 8, a quorum will be present if at least a majority of the outstanding shares of Common Stock and Preferred Stock are represented by stockholders present at the Annual Meeting or by proxy. In addition, a quorum will be present for Proposal No. 6 if at least (i) a majority of the outstanding shares of Common Stock and Preferred Stock are represented by stockholders present at the Annual Meeting or by proxy and (ii) a majority of the outstanding shares of Common Stock are represented by stockholders present at the Annual Meeting or by proxy. As of the Record Date, there were 1,556,901 shares of Common Stock and 10,950 shares of Preferred Stock outstanding and entitled to vote.

Your shares will be counted towards the quorum only if you submit a valid proxy card or if you vote at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the Annual Meeting may adjourn or postpone the Annual Meeting to another date upon which a quorum may be obtained.

Any adjournment may be made with respect to one or more proposals for the Company, but not necessarily for all proposals of the Company. In the event that a quorum is present at the Annual Meeting but sufficient votes to approve any proposal are not received, the persons named as proxies may propose one or more adjournments of the Annual Meeting to permit further solicitation of proxies or to obtain the vote required for approval of one or more proposals.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published promptly after certification in a press release or current report on Form 8-K, as well as in the Company's Form 10-Q for the quarter ending March 31, 2005.

Background

On June 23, 2004, the Company entered into a Letter of Understanding (the *LOU*) with Ault Glazer Investment Management, LLC (*Ault Glazer*). This LOU set forth the understandings and agreements of the Company and Ault Glazer with respect to the initial steps in the execution of a strategic restructuring and recapitalization plan for the Company (the *Restructuring Plan*). The Restructuring Plan was intended to maximize stockholder value through, among other things, (i) a shift in the Company's investment strategy away from the radio and telecommunications industry toward a focus on the medical products/health care solutions and the financial service industries, (ii) the liquidation of the Company's investments (including Excelsior Radio Networks, Inc. (*Excelsior*)), (iii) the raising of new capital to fund new investments, and (iv) the election of new directors and officers with experience and expertise in the medical products/health care solutions and the financial services industries.

On October 22, 2004, the Company held a special meeting of stockholders to approve certain proposals relating to the Restructuring Plan (the *Special Meeting*). The stockholders approved the following proposals at the Special Meeting:

the election of directors;

the amendment and restatement of the Company's certificate of incorporation to increase the authorized number of shares of the Company's Common Stock from 5,000,000 shares to 50,000,000 shares;

the amendment and restatement of the Company's certificate of incorporation to increase the authorized number of shares of the Company's Preferred Stock from 5,000,000 shares to 10,000,000 shares;

6

the amendment and restatement of the Company's certificate of incorporation to provide for the limitation of liability of the Company's directors to the fullest extent permitted by law;

the amendment and restatement of the Company's certificate of incorporation to provide for the classification of the Board into three staggered classes of directors;

the sale by the Company to Quince Associates, LP (*Quince*) of all of the shares of, and warrants to purchase shares of common stock of Excelsior owned by the Company for an aggregate purchase price of approximately \$1.5 million; and

the sale by the Company of up to 5,000,000 shares of Common Stock and warrants to purchase up to an additional 1,500,000 shares of its Common Stock.

The authorization and approval of the sale by the Company of Common Stock and warrants to purchase Common Stock to Ault, Silverstein, and the Glazers, each of whom may be deemed to be interested stockholders (as defined in Section 203 of the DGCL) was not approved at the Special Meeting and is being submitted for reconsideration at the Annual Meeting as Proposal No. 5. Unlike the earlier proposal which stockholders did not approve at the Special Meeting, Proposal No. 5, in addition to seeking authorization for issuance of Common Stock and warrants to purchase Common Stock, also includes authorization for the issuance of other securities representing indebtedness to Ault, Silverstein, and the Glazers.

On October 22, 2004, Mr. Stephen L. Brown, resigned from his positions as the Company's Chairman and Chief Executive Officer. Similarly, Hiram M. Lazar also resigned from his positions as the Company's Chief Financial Officer and Secretary. To fill the vacancies created by these resignations, the newly elected Board (consisting of Louis Glazer, Alice Campbell, Herbert Langsam, and Lytle Brown III) appointed Ault to serve as the Company's Chairman and Chief Executive Officer and Silverstein to serve as the Company's President and Secretary.

Background of Ault Glazer and its Relationship with the Company

Ault Glazer is a private investment management firm headquartered in Santa Monica, California that currently manages approximately \$20 million in individual client accounts and private investment funds. Together, Ault, Silverstein, and the Glazers own 100% of the outstanding membership interests in Ault Glazer. Ault serves as the controlling and managing member of Ault Glazer and Silverstein is the Chief Executive Officer of Ault Glazer.

As of the date of this proxy statement, Ault Glazer, Ault, Silverstein and the Glazers may be deemed to directly or indirectly beneficially own or control approximately 29.7% of the outstanding Common Stock. Ault Glazer's, Ault's, Silverstein's and the Glazers' beneficial ownership or control of these shares of Common Stock may result from either their positions as owners or executive officers of Ault Glazer and/or their discretionary authority over private investment funds which Ault Glazer manages, or their direct ownership of shares of Common Stock.

As of the date of this proxy statement, Ault Glazer, Ault, Silverstein and the Glazers may be deemed to directly or indirectly beneficially own or control approximately 98.2% of the outstanding Preferred Stock. Ault Glazer's, Ault's, Silverstein's and the Glazers' beneficial ownership or control of these shares of Preferred Stock may result from either their positions as owners or executive officers of Ault Glazer and/or their discretionary authority over private investment funds which Ault Glazer manages, or their direct ownership of shares of Preferred Stock. In addition, prior to the date of the Annual Meeting, the Glazers intend to make offers (or to cause their designees to make offers) to all of the other holders of Preferred Stock to purchase the remaining outstanding shares of Preferred Stock.

Relationships and Interests in Proposals

Certain of the Company's directors and executive officers and affiliates (including the private investment funds Ault Glazer manages) have an interest in Proposals Nos. 3, 4 and 5 relating to the authorization and approval of a new stock option and restricted stock plan and the approval of certain business combinations (as defined in

Section 203 of the DGCL) with the Company. Specifically, if the Company's stockholders authorize and approve the new stock option and restricted stock plan as described in Proposal No. 3 in this proxy statement, then Ault, Silverstein, and the Glazers (subject to approval of Proposal Nos. 4 and 5) will be entitled to immediately receive options and/or restricted stock (upon approval of Proposal No. 8) from the Company. In addition, if the Company's stockholders authorize and approve business combinations between the Company and Ault, Silverstein, and the Glazers as described in Proposal Nos. 4 and 5, respectively, then Ault, Silverstein and the Glazers, each of whom may be deemed to be interested stockholders for purposes of Section 203 of the DGCL, will be able to immediately participate in the types of business combinations described in Proposal Nos. 4 and 5 (*e.g.*, the receipt of financial benefits (which can be broadly construed to include cash (*e.g.*, salary, consulting or other fees) and equity compensation (*e.g.*, options, grants, restricted stock awards) and the purchase of any securities offered for sale by the Company).

Solely for purposes of this proxy statement and only with respect to those proposals in which approval is being sought for business combinations involving the Company and Ault, Silverstein, and the Glazers, namely Proposal Nos. 4 and 5, the Company in order to avoid any questions as to the applicability of Section 203 of the DGCL is assuming that the parties so named in those proposals each may be deemed to be interested stockholders (as defined in Section 203 of the DGCL).

REASONS FOR THE ANNUAL MEETING

The Annual Meeting is being held in order to vote on several important proposals. Each proposal that will be presented at the Annual Meeting is described in greater detail below.

PROPOSAL NO. 1 ELECTION OF A CLASS I DIRECTOR

Background

Pursuant to the Company's Amended and Restated Certification of Incorporation and its ByLaws, the number of directors constituting the Board shall be fixed from time to time by resolution passed by a majority of the Board. The number of directors on the Board is currently fixed at five. Directors are elected by class for a staggered term of three years for each class, with the term of office of one class of directors expiring each year. Directors serve until their successors are elected and qualified. No current disagreement exists between the Company and any of the current members of the Board regarding the operations, policies or practices of the Company.

Class I Director, Lytle Brown III, has been nominated for re-election for a three-year term expiring in 2007. Mr. Brown was recently appointed to fill an open directorship vacated by the former directors of the Board on October 22, 2004. No person being nominated as a Class I director is being proposed for election pursuant to any agreement or understanding between any such person and the Company.

Information Regarding the Company's Directors and Nominees

The names and certain information concerning the current directors and the person nominated by the Board to be elected as a Class I Director of the Company at the Annual Meeting is set forth below. All shares represented by the proxies will be voted FOR the election to the Board of the nominee named below unless authority to vote for the nominee has been withheld in the proxy. Although the nominee has consented to serve as a director if elected, and the Board has no reason to believe that the nominee will be unable to serve as a director, if the nominee withdraws or otherwise becomes unavailable to serve, shares represented by the proxies will be voted FOR any substitute nominee designated by the Board.

The following table sets forth certain information regarding the Company's current directors whose terms of office will continue after the Annual Meeting and the nominee for election to the Board at the Annual Meeting:

PROPOSAL NO. 2
RATIFICATION OF SELECTION OF INDEPENDENT PUBLIC ACCOUNTANTS

Background

As previously reported in the current report on Form 8-K filed by the Company with the SEC on July 9, 2004, Ernst & Young LLP (*E&Y*) informed the Company on July 6, 2004 that, due to economic reasons, E&Y would not stand for re-election as the Company's independent accountants for the year ending December 31, 2004 and that the client-auditor relationship between the Company and E&Y would cease upon the filing of the Company's quarterly

report on Form 10-Q for the quarterly period ended June 30, 2004. E&Y's report on the financial statements for either of the past two years did not contain an adverse opinion or a disclaimer of opinion, and was not qualified or modified as to uncertainty, audit scope, or accounting principles.

As a result of E&Y's resignation, on October 28, 2004, the Company, upon the recommendation and approval of the Audit Committee (which consists solely of directors who are not interested persons of the Company), engaged Rothstein Kass to serve as the Company's independent accountants for the fiscal year ending December 31, 2004. Prior to this engagement, Rothstein Kass had not performed any services on behalf of the Company or been consulted in respect of the Company during the Company's two most recent fiscal years or any subsequent interim period.

Rothstein Kass has advised the Company that neither the firm nor any present member or associate of it has any material financial interest, direct or indirect, in the Company or its subsidiaries. In addition, Rothstein Kass has informed management that if Proposal No. 8 (the authorization and approval of the Board to withdraw the Company's election to be treated as a BDC) is not approved, and the Company continues to operate as a BDC, then it is likely that they would not be willing to serve as the Company's independent accountants for the Company's 2005 fiscal year.

The Company expects that a representative of Rothstein Kass will be present at the Annual Meeting and will have an opportunity to make a statement if he or she so chooses and will be available to respond to appropriate questions. The Company does not expect that a representative of E&Y will be present and available at the Annual Meeting to respond to questions.

Unless marked to the contrary, the shares represented by the enclosed proxy card will be voted FOR ratification of the appointment of Rothstein Kass as the independent public accountants of the Company.

Vote Required; Board Recommendation

Proposal No. 2 (the ratification of the appointment by the Board of Rothstein Kass to serve as independent auditors for the fiscal year ended December 31, 2004) will be approved if a majority of the total votes properly cast in person or by proxy at the Annual Meeting by the holders of Common Stock and Preferred Stock, voting together as a single class, vote FOR the proposal. Abstentions and broker non-votes will have no effect on the result of the vote. ***The Board unanimously recommends that you vote all of your shares FOR the ratification of Rothstein Kass as independent public accountants as described in this Proposal No. 2.***

Audit Committee Report

As of September 23, 2004, the members of the Company's Audit Committee consisted of Irving Levine (Chairman) and Laurence Foster. Effective October 22, 2004, Messrs. Levine and Foster were replaced on the Audit Committee by Alice Campbell, Herbert Langsam, and Lytle Brown III.

The following is the Audit Committee Report (the *Report*) that the former Audit Committee members approved for inclusion in the Company's definitive proxy statement filed with the SEC on September 30, 2004:

The Report

The Audit Committee reviewed and discussed with management Franklin's audited financial statements as of and for the year ended December 31, 2003. The Audit Committee also discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

The Audit Committee's responsibilities are set forth in the Audit Committee Charter adopted by the Board, which was filed as Appendix A to Franklin's proxy statement for its 2002 Annual Meeting of Stockholders. Each of the members of the Audit Committee qualifies as an independent director under the applicable listing standards of AMEX.

The Audit Committee received and reviewed the written disclosures and the letter from the independent accountants required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and have discussed with the accountants the accountants independence. The Audit Committee considered whether the provisions of non-financial audit services were compatible with the independence of Ernst & Young LLP (E&Y) in performing financial audit services.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the financial statements referred to above be included in Franklin's annual report on Form 10-K for the year ended December 31, 2003 for filing with the SEC. On July 6, 2004, E&Y indicated to Franklin that, due to economic reasons, E&Y would not stand for re-election as Franklin's independent accountants for the year ended December 31, 2004 and that the client auditor relationship between Franklin and E&Y will cease upon the filing of Franklin's quarterly report on Form 10-Q for the quarterly period ended June 30, 2004. The decision to change accountants was not presented to, recommended or approved by the Audit Committee or the Board. During Franklin's fiscal years ended December 31, 2002 and 2003, and the interim periods preceding the date hereof, there were no disagreements

with E&Y on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of E&Y, would have caused E&Y to make reference to the subject matter of the disagreements in connection with its report. During that time, there were no reportable events as set forth in Item 304(a)(1)(v) of Regulation S-K. Franklin has provided E&Y

with a copy of this report prior to its filing with the SEC and requested that E&Y furnish a letter addressed to the SEC stating whether it agrees with the statements made by Franklin in this report and, if not, stating the respects in which it does not agree. A copy of such letter was filed as an exhibit to Franklin's current report on Form 8-K filed with the SEC on July 9, 2004. Franklin has not yet engaged independent accountants to succeed E&Y as Franklin's independent accountants. Representatives from E&Y are not expected to attend or be available for questions at the Special Meeting.

Submitted by the Audit Committee:

Irving Levine
Laurence Foster

As of the date of this proxy statement, the new members of the Audit Committee (*i.e.*, Alice Campbell, Herbert Langsam, and Lytle Brown III) engaged Rothstein Kass as independent accountants to succeed E&Y as the Company's independent accountants. The Audit Committee operates pursuant to a charter approved by the Board, as amended and restated as of November 11, 2004 which is attached to this proxy statement as Appendix B (the ***Amended and Restated Charter of the Audit Committee***).

In accordance with its Amended and Restated Charter of the Audit Committee, the Audit Committee's policy is to expressly pre-approve all audit and permissible non-audit services provided by the Company's independent public accountants before the independent public accountants are engaged by the Company to provide any such services. These services may include audit services, audit related services, tax services and other related services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of service and is subject to a specific budget.

PROPOSAL NO. 3
APPROVAL OF NEW
STOCK OPTION AND RESTRICTED STOCK PLAN FOR THE COMPANY

Background

On September 9, 1997, the Company's stockholders approved two stock option plans: a stock incentive plan (the ***1997 Stock Incentive Plan***) to be offered to the Company's consultants, officers and employees (including any officer or employee who is also a director of the Company) and a non-statutory stock option plan (the ***Non-Statutory Stock Option Plan***) to be offered to the Company's non-employee directors. As of December 31, 2004, there were 20,625 options to purchase Common Stock outstanding and no options available for future issuance under either the 1997 Stock Incentive Plan or the Non-Statutory Stock Option Plan. Accordingly, because of the lack of availability of options for issuance under either of the foregoing plans, the Board believes that it needs the flexibility to issue new options. In addition, the Board would also like the ability, subject to approval of Proposal No. 8 (the withdrawal of the Company as a BDC) to issue restricted stock.

The Board is proposing to establish a new stock option and restricted stock plan (the ***New Plan***), to encourage stock ownership in the Company by officers, employees, non-officer directors and consultants. The Board believes that the approval of the New Plan is essential to further the long-term stability and financial success of the Company by attracting, motivating, and retaining qualified officers, directors, non-officer directors and consultants through the use of stock incentives. The Compensation Committee has recommended and the Board has approved the adoption of the New Plan.

The New Plan would provide for the grant of Common Stock with restrictions on disposition (the *Restricted Stock*), up to a maximum of ten percent (10%) of the outstanding shares of Common Stock as of the date on which the New Plan is adopted (approximately 155,690 shares). The New Plan, as proposed, would also provide for the issuance of options to purchase a maximum of twenty-five percent (25%) of the shares of Common

Stock that are outstanding as of the date on which the New Plan is adopted (approximately 389,225 shares), all of which are authorized for issuance as incentive stock options (*ISOs*), reduced by the number of shares with respect to which Restricted Stock is awarded. Options granted under this New Plan may qualify as ISOs, as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the *Code*).

The Company has not yet determined the amount of any options or Restricted Stock awards to be offered to any officers, employees, non-officer directors or consultants under the New Plan. At such time as the Company determines to issue any awards to any officers, employees, non-officer directors or consultants, the Company intends to engage outside consultants, law firms or other qualified parties to assist the Compensation Committee with the development of a plan of awards consistent with industry standards and applicable law.

The Compensation Committee will determine the amount and features of the stock options or Restricted Stock, if any, to be awarded to participants. The Compensation Committee evaluates a number of criteria, including the past service of each such participant to the Company, the present and potential contributions of such participant to the success of the Company, and such other factors as the Compensation Committee shall deem relevant in connection with accomplishing the purposes of the New Plan, including the recipient's current stock holdings, years of service, position with the Company, and other factors. The Compensation Committee does not apply a formula assigning specific weights to any of these factors when making its determination. The Compensation Committee awards stock options and Restricted Stock on a subjective basis and such awards depend in each case on the performance of the officer under consideration, and in the case of new hires, their potential performance.

Any issuances or grants of stock options or Restricted Stock under the New Plan will be subject to the requirements of applicable law including, but not limited to, the Investment Company Act and the rules and regulations promulgated thereunder. In addition, unless and until stockholders approve Proposal Nos. 4 and 5 (the approval of the Company to pay compensation and sell securities, respectively, to Ault, Silverstein and the Glazers), pursuant to Section 203 of the DGCL, no options or restricted stock may be issued or granted under the New Plan to Ault, Silverstein or the Glazers until the earlier of the date upon which stockholders approve such issuances or grants or May 13, 2007. Section 203 of the DGCL will not generally affect the Company's issuance or grant of options or restricted stock to persons other than Ault, Silverstein or the Glazers.

Purpose of the Proposal; Need for Stockholder Approval

The purpose of this Proposal No. 3 is to advance the interests of the Company and its subsidiaries by providing to key employees of the Company and its subsidiaries who have substantial responsibility for the direction and management of the Company, as well as certain directors and consultants of the Company, additional incentives, to the extent permitted by law, to exert their best efforts on behalf of the Company, to increase their proprietary interest in the success of the Company, to reward outstanding performance and to provide a means to attract and retain persons of outstanding ability to the service of the Company.

The Board believes that the Company's future success depends on its ability to maintain a competitive position in attracting, retaining, and motivating key executive officers, employees, non-officer directors and consultants through the use of long-term incentive compensation. Under AMEX rules, stockholder approval is required when a stock option plan or other equity compensation arrangement is established or materially amended. Accordingly, stockholders are being asked to approve the adoption of the New Plan at the Annual Meeting.

If Proposal No. 3 is approved, the New Plan will be implemented and maintained in accordance with applicable law, including, but not limited to the Investment Company Act and the rules and regulations promulgated thereunder. As a BDC, the Company is subject to certain limitations and/or restrictions in connection with the operation and maintenance of the New Plan which include (i) limitations on the amount of stock options that may be granted by the

Company under the New Plan, (ii) the requirement that the Company obtain an SEC exemptive order prior to the granting of any stock options to directors who are neither officers or employees of the Company, (iii) the restriction on granting stock options to consultants as compensation for services provided to the Company, and (iv) prohibitions on the issuance of Restricted Stock to its officers, employees and non-officer directors and consultants absent an SEC exemptive order. However, in the event that Proposal No. 8 (the approval of the withdrawal of the Company's election to be treated as a BDC) is approved, the New Plan will no longer be subject to the limitations or restrictions under the Investment Company Act applicable to BDCs.

Description of the New Plan

The following is a brief description of the material features of the New Plan. Such description is qualified in its entirety by reference to the full text of the New Plan, which is attached to this proxy statement as Appendix A.

Purpose. The purpose of the New Plan is to advance the interests of the Company by providing key employees of the Company who have substantial responsibility for the direction and management of the Company, as well as certain directors, employees and consultants with additional incentives to exert their best efforts to increase their proprietary interest in the success of the Company, to reward outstanding performance, and to attract and retain persons of outstanding ability.

Authorization. The New Plan provides for the grant of Common Stock with restrictions on disposition (the Restricted Stock), up to a maximum of ten percent (10%) of the outstanding shares of Common Stock as of the date on which the New Plan is adopted (approximately 155,690 shares). The New Plan also provides for the issuance of options to purchase a maximum of twenty-five percent (25%) of the shares of Common Stock that are outstanding as of the date on which the New Plan is adopted (approximately 389,225 shares), all of which are authorized for issuance as ISOs, reduced by the number of shares with respect to which Restricted Stock is awarded.

Stock options cannot be granted to consultants, or to directors who are neither officers or employees of the Company and no restricted stock will be granted to anyone, absent an SEC exemptive order.

Administration. The New Plan will be administered by the Company's Compensation Committee, which is comprised of at least two members of the Company's Board, who each shall (a) be a non-employee director, as defined in Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended (the *Exchange Act*) (b) be an outside director as the term is defined under Section 162(m) of the Code; and (c) and independent director under the rules established by AMEX.

The Compensation Committee will interpret the New Plan and, to the extent and in the manner contemplated in the New Plan, will exercise the discretion reserved to it in the New Plan. The decision of the Compensation Committee on any interpretation of the New Plan or administration thereof shall be final and binding with respect to the Company, any participant or any person claiming to have rights as, or on behalf of, any participant.

Participants. The Compensation Committee will determine and designate those officers, employees, non-officer directors and consultants of the Company who are eligible to participate in the New Plan. The Compensation Committee will also determine the number of options and shares of restricted stock to be awarded to each participant. In making these determinations, the Compensation Committee will take into account the past service of the participant and potential contributions to the success of the Company, and such other factors as the Compensation Committee deems relevant to accomplish the purposes of the New Plan.

As of the date of this proxy statement, approximately nine persons would be eligible to participate in the New Plan. Options are not transferable other than by the laws of descent and distribution or pursuant to a qualified domestic relations order.

Terms of options. Stock options are granted under the New Plan at a price not less than the prevailing market value at the time of grant and will have realizable value only if the Company's stock price increases. The Compensation Committee will determine the amount and features of the stock options, if any, to be awarded to participants. The Compensation Committee will evaluate a number of criteria, including the past service of each such participant to the Company, the present and potential contributions of such participant to the success of the Company, and such other factors as the Compensation Committee shall deem relevant in connection with accomplishing the

purposes of the New Plan, including the participant's current stock holdings, years of service, position with the Company, and other factors. The Compensation Committee will not apply a formula assigning specific weights to any of these factors when making its determination. The Compensation Committee will award stock options on a subjective basis and such awards will depend in each case on the performance of the participant

under consideration. Pursuant to the Investment Company Act, options may not be repriced for any participant. Options granted under the New Plan may be incentive stock options or non-qualified stock options.

Exercise of options. Options will be exercisable at a price equal to the fair market value of the shares at the time the option is granted. The day on which the Company approves the granting of an option or the date specified in the New Plan will be considered the date on which the option is granted. For purposes of the New Plan, the fair market value of the shares as of any date shall be the average of the high and low trading prices of the shares on that date.

Options may contain such other terms and conditions as the Compensation Committee deems advisable, including, but not limited to, being exercisable only in installments. Options granted to different participants or at different times need not contain similar provisions. Each option will state the period or periods of time within which the option may be exercised by the participant, which may not exceed ten years from the date the option is granted.

Awards of Restricted Stock. Each award of Restricted Stock will contain a vesting schedule, which will set forth the times at which the participant will acquire a nonforfeitable right to the shares awarded to him or her. In general, it is intended that awards of Restricted Stock will vest ratably over the four years following the date of the award, but an individual award agreement may provide otherwise.

Effect of change in shares subject to the amended plan. If there is a change in the outstanding shares through the declaration of stock dividends, stock splits, or combinations or exchanges of shares, or otherwise, the number of shares available for option and awards of restricted stock and the shares subject to an option and the option prices shall be appropriately adjusted by the Compensation Committee.

Amendment and termination. The Board may amend or alter, suspend or discontinue the New Plan at any time. While the Board may seek stockholder approval of an action modifying a provision of the New Plan when deemed advisable, the Board may make certain modifications without stockholder approval (except with respect to the number of shares authorized for issuance under the New Plan). The New Plan will terminate ten years from the date of its adoption by the Board.

Resale of shares acquired pursuant to awards. Participants purchasing shares pursuant to options and/or vesting in awards of restricted stock may resell the shares through brokers or dealers at prevailing market prices, to the extent a market exists for our Common Stock. Any sales by participants who may be deemed affiliates of the Company must be made pursuant to registration under the Securities Act or pursuant to an exemption therefrom.

Federal tax consequences of the New Plan. The following is a summary of certain federal income tax consequences of transactions under the New Plan based on current federal income tax laws. This summary is not intended to be exhaustive and does not describe state, local, or other tax consequences.

Non-qualified stock options. The grant of a non-qualified stock option under the New Plan will not result in the recognition of taxable income to the participant or in a deduction to the Company. In general, upon exercise, a participant will recognize ordinary income in an amount equal to the excess of the fair market value of the shares of common stock purchased over the exercise price. The Company is required to withhold tax on the amount of income so recognized, and is entitled to a tax deduction equal to the amount of such income. Gain or loss upon a subsequent sale of any shares of common stock received upon the exercise of a non-qualified stock option is taxed as capital gain or loss (long-term or short-term, depending upon the holding period of the stock sold) to the participant.

Incentive stock options. Generally, neither the grant nor the exercise of an incentive stock option will result in the recognition of taxable income by the participant. Rather, when the participant disposes of stock acquired upon exercise of an incentive stock option, the participant will recognize income in the amount of the excess of the amount

realized upon disposition (if any) over the exercise price. This special tax treatment is available only if the participant does not dispose of the stock acquired upon the exercise of the incentive stock option before the later of the first anniversary of the date of exercise or the second anniversary of the date of the grant of the option. A disposition before that time is referred to as a disqualifying disposition. If a participant effects a disqualifying disposition, he or she will generally have income taxable at ordinary rates equal to the excess of the fair market

value of the stock on the date of exercise over the exercise price and income taxable at capital gains rates on any amount realized on disposition in excess of the fair market value of the stock on the date of exercise. The Company is generally not entitled to any deduction in connection with the issuance or exercise of an incentive stock option. If, however, a participant effects a disqualifying disposition, the Company will be entitled to a deduction in an amount equal to the amount of income recognized by the participant that is taxable at ordinary income rates.

Restricted Stock. No shares of Restricted Stock will be issued pursuant to the New Plan or otherwise unless and until the Company is no longer subject to the Investment Company Act (see Proposal No. 8) or obtains an exemptive order from the SEC expressly permitting such issuances. The grant of an award of Restricted Stock will not result in the recognition of taxable income or in a deduction for the Company. Instead, when a participant becomes vested in shares of Restricted Stock, the participant generally will recognize income taxable at ordinary income rates in an amount equal to the fair market value of the stock on the date of vesting, and the Company will be entitled to a corresponding deduction. A participant may, however, make an election to include in income at the time of grant the fair market value of the Restricted Stock by making an election under section 83(b) of the Code within 30 days of the award of Restricted Stock. The Company will be entitled to a corresponding deduction. If the participant subsequently forfeits shares of Restricted Stock, he or she may not be entitled to claim a deduction or a loss.

Vote Required; Board Recommendation

Proposal No. 3 (the authorization and approval of a stock option and restricted stock plan for the Company) will be approved if a majority of the total votes properly cast in person or by proxy at the Annual Meeting by the holders of Common Stock and Preferred Stock, voting together as a single class, vote **FOR** the proposal. Abstentions and broker non-votes will have no effect on the result of the vote. ***The Board unanimously recommends that you vote all of your shares FOR the approval of the New Plan as described in this Proposal No. 3.***

PROPOSAL NO. 4

APPROVAL OF PAYMENT OF CASH AND EQUITY COMPENSATION TO AULT, SILVERSTEIN AND THE GLAZERS UNDER SECTION 203 OF THE DGCL

Background

The Company is subject to Section 203 of the DGCL, an anti-takeover law which is generally designed to prevent abusive takeover tactics by outside stockholders. In general, Section 203 prohibits a Delaware corporation from engaging in any business combination with any interested stockholder for a period of three years following the date that the stockholder became an interested stockholder, unless:

prior to that date, the board of directors of the corporation approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;

upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the number of shares of voting stock outstanding (but not the voting stock owned by the interested stockholder) those shares owned by persons who are directors and officers and by excluding employee stock plans in which employee participants do not have the right to determine whether shares held subject to the plan will be tendered in a tender or exchange offer; or

on or subsequent to that date, the business combination is approved by the board of directors of the corporation and authorized at an annual or special meeting of stockholders, and not by written consent, by

the affirmative vote of at least 66-2/3% of the outstanding voting stock that is not owned by the interested stockholder.

Section 203 generally defines "business combination" to include the following:

any merger or consolidation involving the corporation and the interested stockholder;

any sale, transfer, pledge or other disposition of 10% or more of the assets of the corporation involving the interested stockholder;

subject to certain exceptions, any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder;

any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested stockholder; or

the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

Section 203 of the DGCL generally defines an "interested stockholder" as any entity or person beneficially owning 15% or more of the outstanding voting stock of the corporation, or who beneficially owns 15% or more of the outstanding voting stock of the corporation at anytime within a three year period immediately prior to the date of determining whether such person is an interested stockholder, and any entity or person affiliated with or controlling or controlled by any of these entities or persons.

On May 13, 2004, by virtue of their purchases of Common Stock in the open market without prior Board approval, Ault, Silverstein and the Glazers may be deemed to have become either directly or indirectly "interested stockholders" of the Company. Accordingly, as a result of the foregoing definition of "business combination", Ault, Silverstein and the Glazers are currently precluded from receiving any financial benefits (which includes cash (*e.g.*, salary, directors fees, consulting or other fees) and equity compensation (*e.g.*, options, grants, restricted stock awards) in connection with their services as officers or directors of the Company or any of its affiliates or subsidiaries prior to May 13, 2007 (the "***Interested Stockholder Period***").

Most corporations typically provide for executive officers compensation in connection with their services to the corporation in order to align the goals of the executives with the Company. The Compensation Committee having considered the impact of compensation to Ault, Silverstein and the Glazers in light of Section 203, believes that paying compensation to its officers for services provided to the Company on market terms approved by the Compensation Committee is fair and beneficial to both the Company and its non-interested stockholders and will provide the Company with greater flexibility in carrying out its future business plans. In particular, the Compensation Committee believes that Ault, Silverstein, and the Glazers will be able to provide significant operational and investment experience to the Company's new business strategy and investments, including providing direct services in officer positions. The Compensation Committee believes that this participation would ultimately be more beneficial to the Company and its stockholders than Ault, Silverstein and the Glazers being restricted from employment by the Company. In the event that Ault, Silverstein, and the Glazers are unable to obtain compensation for their services as executive officers, the Compensation Committee believes that the Company would be unduly burdened by having to obtain replacement management personnel with no experience with the Company. In any case, the Compensation Committee, consistent with its fiduciary duties will evaluate all compensation transactions with interested stockholders to ensure fairness to the Company and all of its stockholders.

Background of Interested Parties and their Relationship with the Company

Ault, the Chairman and Chief Executive Officer of the Company, does not currently receive a salary. He commenced serving in his current position on October 22, 2004 and is responsible for running the strategic day-to-day operations and management of the Company and its investments since the implementation of the Restructuring Plan.

Ault is also a director of the Company and has served in that position since June 23, 2004.

Silverstein, the President and Secretary of the Company, does not currently receive a salary. Ms. Silverstein was hired on October 22, 2004 and assists Ault with running the day-to-day operations of the Company since the implementation of the Restructuring Plan.

Louis Glazer, the Chief Health and Science Officer of Franklin Medical Products, LLC (a subsidiary of the Company), does not currently receive a salary. Mr. Glazer is also a Class III director of the Company. Mr. Glazer was hired on January 1, 2005 and provides health and medical consulting and portfolio development to Franklin Medical Products, LLC and the Company in connection with their investments in companies in the medical and healthcare industries.

Melanie Glazer, is the Manager of Franklin Capital Properties, LLC (a subsidiary of the Company), does not currently receive a salary. Mrs. Glazer was hired on November 9, 2004 and provides real estate acquisition, management and development services to Franklin Capital Properties, LLC and the Company in connection with their real estate assets and investment portfolios.

Purpose of the Proposal; Need for Stockholder Approval

Under the DGCL, absent the approval of the stockholders representing 66-2/3% of the Common Stock and Preferred Stock, voting together as a single class (excluding shares owned or controlled by Ault, Silverstein or the Glazers), Ault, Silverstein and the Glazers will not be able receive any financial benefits (which includes cash (*e.g.*, salary, directors fees, consulting or other fees) and equity compensation (*e.g.*, options, grants, restricted stock awards) in connection with their services as officers or directors of the Company or any of its affiliates or subsidiaries during the Interested Stockholder Period.

The Company will depend on its key personnel to successfully implement its Restructuring Plan, and the loss of the services of one or more of them could significantly harm the Company's business. The Company's future viability depends on the continued services of its executive officers and directors, especially Ault, its Chairman and Chief Executive Officer; Silverstein, its President and Secretary; Louis Glazer, a Class III director and Chief Health and Sciences Officer of Franklin Medical Products, LLC (a subsidiary of the Company); Melanie Glazer, the Manager of Franklin Capital Properties, LLC (a subsidiary of the Company); and other potential personnel with industry experience and relationships that the Company will rely on to implement its Restructuring Plan. The loss of the services of any of the Company's key employees who are interested stockholders under Section 203 of the DGCL could delay the development and introduction of, and negatively impact the Company's ability to sell its products and develop its investments.

The Company's performance and the success of its Restructuring Plan is substantially dependent on the services and performance of its executive officers and key employees. The loss of the services of any of the Company's executive officers or key employees could have a material adverse effect on the business, operating results and financial condition of the Company. The Company's future success will depend on its ability to attract, integrate, motivate, retain and compensate qualified technical, sales, operations and management personnel. None of the Company's executive officers are bound by an employment agreement.

Accordingly, because of the critical role that Ault, Silverstein and the Glazers currently play and will continue to play in the future with respect to managing the long term strategic plans and day-to-day operations and investments of the Company and/or its affiliates, subsidiaries and portfolio companies, the Board (at the recommendation of the Compensation Committee) is requesting stockholder approval of the cash and equity compensation plan described below for each of Ault, Silverstein and the Glazers for the 2005 fiscal year and for all years thereafter during the Interested Stockholder Period, unless and until stockholder approval is required and obtained to the extent necessary in order to modify such compensation.

The compensation ranges set forth below were determined by the Compensation Committee after reviewing, among other things, comparable compensation packages of other companies of similar size and nature. If this Proposal No. 4 is approved by the Company's stockholders, the cash and equity compensation payable to Ault, Silverstein, and the Glazers will be in the following amounts and pursuant to the following general terms:

Ault will be paid up to a maximum of \$180,000 in annual cash compensation (*i.e.*, salary) during the 2005 fiscal year and for all years thereafter during the Interested Stockholder Period, as approved by the Compensation Committee. In addition, subject to approval by the stockholders of Proposal No. 3 (authorization of the New Plan), in the event that Proposal No. 3 is approved, Ault will also be entitled to receive annually, up to a maximum of 30,000 options and 20,000 shares of restricted stock under the New Plan, as approved by the Compensation Committee.

Silverstein will be paid up to a maximum of \$125,000 in annual cash compensation (*i.e.*, salary) during the 2005 fiscal year and for all years thereafter during the Interested Stockholder Period, as approved by the Compensation Committee. In addition, subject to approval by the stockholders of Proposal No. 3 (authorization of the New Plan), in the event that Proposal No. 3 is approved, Silverstein will also be entitled to receive annually, up to a maximum of 15,000 options and 10,000 shares of restricted stock under the New Plan, as approved by the Compensation Committee.

Louis Glazer will be paid up to a maximum of \$175,000 in annual cash compensation (*i.e.*, salary) during the 2005 fiscal year and for all years thereafter during the Interested Stockholder Period, as approved by the Compensation Committee. In addition, subject to approval by the stockholders of Proposal No. 3 (authorization of the New Plan), in the event that Proposal No. 3 is approved, Mr. Glazer will also be entitled to receive annually, up to a maximum of 30,000 options and 20,000 shares of restricted stock under the New Plan, as approved by the Compensation Committee.

Melanie Glazer will be paid up to a maximum of \$100,000 in annual cash compensation (*i.e.*, salary) during the 2005 fiscal year and for all years thereafter during the Interested Stockholder Period, as approved by the Compensation Committee. In addition, subject to approval by the stockholders of Proposal No. 3 (authorization of the New Plan), in the event that Proposal No. 3 is approved, Ms. Glazer will also be entitled to receive annually, up to a maximum of 15,000 options and 10,000 shares of restricted stock under the New Plan, as approved by the Compensation Committee.

By approving this Proposal No. 4, the stockholders are authorizing the Board to set the cash and equity compensation levels for the Ault, Silverstein and the Glazers up to the maximum levels specified above. If approved, the cash and equity compensation to be paid to the interested stockholders during the Interested Stockholder Period would be no greater than the maximum stated dollar value as set forth above. The Board (at the recommendation of the Compensation Committee) and consistent with its fiduciary duties will ultimately determine the final annual cash and equity compensation payable (including salary, options or grants) to Ault, Silverstein and the Glazers based on among other things; performance, market terms, arms length negotiation, and comparable

compensation for executives of companies of similar size and nature. If this Proposal No. 4 is approved by the stockholders, the Company will not require further stockholder approval to provide financial benefits in the form of cash or equity compensation to Ault, Silverstein and the Glazers on the terms outlined above for their services to the Company during the Interested Stockholder Period.

Possible Anti-Dilutive and Anti-Takeover Effects of the Proposal

If this Proposal No. 4 is approved by the stockholders, and the Board elects to issue equity compensation to Ault, Silverstein or the Glazers in the form of options, grants, or restricted stock, such issuance could have a dilutive effect on the voting power and shareholdings of current stockholders. While any such issuances would have to be approved by the Board consistent with its fiduciary duties, such issuances when consummated, could result in an increase in the degree of control which Ault, Silverstein and the Glazers are able to exercise with respect to the Company. You should consider the potential effects of further consolidating voting control in Ault, Silverstein and the Glazers when voting on this Proposal No. 4.

Vote Required; Board Recommendation

Proposal No. 4 (the authorization and approval of payment of cash and equity compensation to Ault, Silverstein, Louis Glazer, Melanie Glazer, each of whom may be deemed to be an interested stockholder (as such term is defined in Section 203 of the DGCL) of the Company) will be approved if at least 66-2/3% of the outstanding shares of Common Stock and Preferred Stock (excluding any shares owned by Ault Glazer, Ault, Silverstein, or the Glazers), voting together as a single class, are voted FOR the proposal. Abstentions and broker non-votes will have the same effect as votes AGAINST Proposal No. 4. ***The Board unanimously recommends that you vote all of your shares FOR the approval of the cash and equity compensation packages for Ault, Silverstein and the Glazers as described in this Proposal No. 4.***

PROPOSAL NO. 5

APPROVAL OF SALE OF COMMON STOCK, WARRANTS AND/OR SECURITIES REPRESENTING INDEBTEDNESS TO AULT, SILVERSTEIN AND THE GLAZERS UNDER SECTION 203 OF THE DGCL.

Background

As discussed in Proposal No. 4 above, Ault, Silverstein and the Glazers may be deemed to have either directly or indirectly become interested stockholders of the Company (as defined by Section 203 of the DGCL) by virtue of their purchases of Common Stock in the open market that took them above 15% of the outstanding shares without prior Board approval. Accordingly, under the definition of business combinations as set forth in Sections 203(c)(3)(iii), (iv) and (v) of DGCL, such persons are currently precluded from participating in any sales of securities (e.g., Common Stock, warrants to purchase Common Stock and other securities representing indebtedness) by the Company during the Interested Stockholder Period, absent the approval of the holders of 66-2/3% of the outstanding voting stock of the Company (excluding shares owned by Ault Glazer, Ault, Silverstein, and the Glazers).

Such limitations on the ability of the Company to raise capital through the sale of securities to any party (and in particular, Ault, Silverstein and the Glazers) could have a significant negative effect on the Company. As of September 30, 2004, the Company had a working capital deficiency of approximately \$459,000 and recurring losses which forced the Company to liquidate its portfolio company investments in order to fund its operations. Based on the foregoing, the Company's independent auditors (E&Y) raised substantial doubts about the Company's ability to continue as a going concern.

The Company's performance and the success of its Restructuring Plan is substantially dependent on the ability of the Company to obtain sufficient financing in the future. Since September 30, 2004, the Company has raised approximately \$4.08 million in private placement transactions with accredited investors. The Company

believes that the proceeds from the private placement transactions, together with anticipated revenues from its operations, should be adequate to fund its operations for the 12 months subsequent to September 30, 2004. However, long-term liquidity of the Company is dependent on the Company's ability to attain future profitable operations, additional financing and successful implementation of the Restructuring Plan.

While the Company has raised capital to meet its working capital and financing needs in the past, additional financing is required in order to meet the current and projected cash flow deficits from operations expected during the development and implementation of the Restructuring Plan. The Company is seeking financing in the form of equity and/or debt in order to provide the necessary working capital. The Company does not currently have any current commitments for any financings, and there can be no assurance that any such commitments can be obtained on terms acceptable to it, if at all. If the Company is unable to obtain financing as needed, it may be required to reduce the scope of its expansion and growth plans, as well as operations, which could have a material adverse effect on the Company.

Purpose of the Proposal; Need for Stockholder Approval

Under the DGCL, absent the approval of the stockholders representing 66-2/3% of the Common Stock and Preferred Stock, voting together as a single class (excluding shares owned by Ault Glazer, Ault, Silverstein and the Glazers), Ault, Silverstein, the Glazers will not be able to participate in the sale of securities (*e.g.*, Common Stock, Warrants, or securities representing indebtedness) by the Company during the Interested Stockholder Period. However, this restriction does not prevent Ault, Silverstein or the Glazers from acquiring shares of Common Stock in the open market. Further, no vote is required if the proportionate ownership of the interested stockholders does not increase (*e.g.*, through participation rights).

In light of the critical role Ault, Silverstein and the Glazers in designing and implementing the Restructuring Plan, and in using their influence and relationships to pursue financing opportunities and services for the Company, the Board believes that sale of securities by the Company to Ault, Silverstein, or the Glazers that may be considered business combinations under the DGCL could be beneficial to both the Company and its non-interested stockholders. In particular, by authorizing the Company to engage in the sale of securities to Ault, Silverstein and the Glazers on market terms, the Company will have additional capital resources available to help meet projected cash flow deficits through the next twelve months and thereafter. In the event that this Proposal No. 5 is not approved, and the Company is not successful in generating sufficient liquidity from operations or in raising sufficient capital resources from persons other than Ault, Silverstein or the Glazers, on terms acceptable to it, this could have a material adverse effect on the Company's business, results of operations, liquidity and financial condition.

The Board believes that the participation by Ault, Silverstein and the Glazers in the sale of securities by the Company would ultimately be more beneficial to the Company and its stockholders than continued open-market purchases by interested stockholders that result in no direct proceeds to the Company. Accordingly, the Board is recommending that the stockholders approve the sale of Common Stock, warrants to purchase Common Stock and other securities representing indebtedness to Ault, Silverstein and the Glazers on such terms as are subsequently approved by a majority of the Board consistent with its fiduciary duties and consistent with market terms relating to price per share, interest rate, warrant coverage and registration rights for such sales when such sales are consummated. If and when any such sale occurs, such sales will be made in accordance with applicable law.

If Proposal No. 5 is approved, there would not be a maximum number of shares of Common Stock, Warrants, or securities representing indebtedness which could be sold to Ault, Silverstein or the Glazers. In any case, the Board, consistent with its fiduciary duties will evaluate all transactions with Ault, Silverstein and the Glazers to ensure fairness to the Company and its the stockholders.

Possible Anti-Dilution and Anti-Takeover Effects of the Proposal

As noted in Proposal No. 4, Section 203 of the DGCL is intended as an anti-takeover mechanism designed to prevent abusive takeover tactics and the consolidation of a corporation's voting stock with a small number of stockholders. As of the date of this proxy statement, Ault Glazer, Ault, Silverstein and the Glazers together

beneficially own or control approximately 29.7% of the outstanding Common Stock. If this Proposal No. 5 is approved by the stockholders, unless otherwise required by applicable law or the AMEX, the Company will not require further stockholder approval to engage in sales of additional securities (*e.g.*, Common Stock, warrants to purchase Common Stock, or other securities representing indebtedness) of the Company to Ault, Silverstein and the Glazers. While any such sales would have to be approved by a majority of the Board consistent with its fiduciary duties and on market terms relating to price per share (which may require a discount from the then-current market price of the Common Stock), interest rate, warrant coverage and registration rights for such sales when such sales are consummated, the result of such sales would nevertheless be an increase in the degree of control which Ault, Silverstein and the Glazers are able to exercise with respect to the Company. You should consider the potential effects of further consolidating voting control in Ault, Silverstein and the Glazers and the possible dilutive effects to stockholders of any future equity financing when voting on this Proposal No. 5.

Vote Required; Board Recommendation

Proposal No. 5 (the authorization and approval of the sale of Common Stock, warrants to purchase Common Stock, and other securities representing indebtedness to Ault, Silverstein or the Glazers, each of whom may be deemed to be an interested stockholder (as such term is defined in Section 203 of the DGCL) of the Company, on terms that are approved by a majority of the Board consistent with its fiduciary duties and market terms existing at the time of such offering, including those relating to price per share, interest rate, warrant coverage and registration rights for such issuances and the requirements of applicable law, including the Investment Company Act, as described in this proxy statement) will be approved if the holders of 66-2/3% of the outstanding shares of Common Stock and Preferred Stock (excluding any shares owned by Ault Glazer, Ault, Silverstein and the Glazers), voting together as a single class, vote FOR the proposal. Abstentions and broker non-votes will have the same effect as votes AGAINST Proposal No. 5. *The Board unanimously recommends that you vote all of your shares FOR the approval of the sale of Common Stock, warrants to purchase Common Stock and other securities representing indebtedness to Ault, Silverstein, and the Glazers as described in this Proposal No. 5.*

PROPOSAL NO. 6

APPROVAL OF THE CERTIFICATE OF AMENDMENT TO THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO REDUCE THE PAR VALUE OF THE COMMON STOCK TO \$0.50 PER SHARE AND EFFECT A TWO-FOR-ONE STOCK SPLIT OF THE COMMON STOCK OF THE COMPANY

Background

The Company is requesting stockholder approval of the Board's proposal to amend the Company's Amended and Restated Certificate of Incorporation (the *Current Certificate*) to reduce the par value of each share of Common Stock, from \$1.00 per share to \$0.50 per share and effect a two-for-one the stock split of the Common Stock of the Company (the *Stock Split*). Assuming that this Proposal No. 6 is approved, the Company intends to file the certificate of amendment to the Amended and Restated Certificate of Incorporation included as Appendix E to this proxy statement (the *Certificate of Amendment*). The Board has already approved the Certificate of Amendment and, assuming the approval of this Proposal No. 6 at the Annual Meeting, the Certificate of Amendment would become effective upon its filing with the Secretary of State of the State of Delaware.

Upon the Certificate of Amendment of the Company becoming effective pursuant to the DGCL (the *Effective Time*), each share of the Company's Common Stock, par value \$1.00 per share (the *Old Common Stock*), issued and outstanding immediately prior to the Effective Time, will be automatically reclassified as and subdivided into two (2) shares of Common Stock, par value \$0.50 per share, of the Company (the *New Common Stock*).

Each stock certificate that, immediately prior to the Effective Time, represented shares of the Old Common Stock will, from and after the Effective Time, automatically and without the necessity of presenting the same for exchange, represent the number of whole shares of the New Common Stock as equals the product obtained by multiplying the number of shares of Old Common Stock represented by such certificate immediately prior to the Effective Time by two (2); *provided, however*, that each holder of record of a certificate that represented shares of Old Common Stock shall receive, upon surrender of such certificate, a new certificate representing the number of

whole shares of New Common Stock into which the shares of Old Common Stock represented by such certificate shall have been reclassified.

As of January 26, 2005, there were 1,556,901 shares of Common Stock issued and outstanding and 10,950 shares of Preferred Stock issued and outstanding. Additionally, as of December 31, 2004, there were 20,625 options to purchase Common Stock outstanding and no options available for future issuance under either the 1997 Stock Incentive Plan or the Non-Statutory Stock Option Plan. If this Proposal No. 6 is approved by the stockholders, there would be an additional 1,556,901 shares of Common Stock issued to existing stockholders of record as of the effective date of the Stock Split. This means that on a post-split basis, the Company would have approximately 3,113,802 shares of Common Stock outstanding. In addition, each share of Preferred Stock which is currently convertible into 7.5 shares of Common Stock would become convertible into 15 shares of Common Stock after the Stock Split.

The Company's Common Stock is listed for trading on the AMEX under the symbol FKL. The new shares of Common Stock to be issued as a result of the Stock Split will be included in our listing on the AMEX. The price of the Company's Common Stock as of January ___, 2005 was \$___ per share.

The Board believes that the Stock Split would result in a market price for the stock that should be more attractive to a broader spectrum of investors and, therefore, should benefit both the Company and its stockholders through greater liquidity in the market. If approved, the Stock Split would result in a decrease in the par value of each share, from \$1.00 per share to \$0.50 per share. Proportionate voting rights and other rights of stockholders would not be altered by the Stock Split.

If this proposal is approved by the stockholders at the Annual Meeting, the Stock Split will become effective on the date on which the Restated Certificate is accepted for filing by the Secretary of State of the State of Delaware, unless the Board determines that the Stock Split is no longer in the best interests of the Company and its stockholders. The Board will make such determination based on prevailing market conditions, on the likely effect on the market price of the Common Stock, and on other relevant factors.

Purpose of the Proposal; Need for Stockholder Approval

The Board has proposed the Stock Split because it believes that the Stock Split is in the best long-term and short-term interests of the Company and its stockholders. Because the Stock Split requires an amendment to the Company's certificate of incorporation, it must be approved by the Company's stockholders. The increase in the number of outstanding shares of Common Stock and the lower market price per share expected to result from the Stock Split is designed to broaden the market for, and improve the marketability and liquidity of the Common Stock and increase the number of stockholders of the Company. Although the impact on the market price of shares of Common Stock cannot be predicted with certainty, the Board expects a reduction in share price that is inversely proportional to the increase in the number of outstanding shares of the Common Stock. You should be aware, however, that brokerage charges and any applicable transfer taxes on sales and transfers of shares may be higher after the Stock Split on the same relative interest in the Company because that interest would be represented by a greater number of shares.

The Company believes that under U.S. federal income tax laws, the receipt of additional shares of Common Stock in the Stock Split will not constitute taxable gain or income to the stockholders; the cost or other tax basis to a shareholder of each old share held immediately prior to the split will be divided equally between the corresponding two (2) shares held immediately after the split; and the holding period for each of the two (2) shares generally will include the period for which the corresponding old share was held. The laws of states (and their political subdivisions) and jurisdictions other than the United States may impose taxes on the receipt by a shareholder of additional shares of Common Stock resulting from the split; stockholders are urged to consult their tax advisors.

Vote Required; Board Recommendation

Proposal No. 6 (the authorization and approval of the Certificate of Amendment to reduce the par value of the Common Stock from \$1.00 per share to \$0.50 per share and effect a two-for one stock split of the Common Stock) will be approved if a majority of the outstanding shares of Common Stock and Preferred Stock, voting together as a single class, are voted FOR the proposal, and a majority of the outstanding shares of Common Stock voting separately as a class, must be voted FOR the proposal to effect the Stock Split in such class. Abstentions and broker non-votes will have the same effect as votes AGAINST Proposal No. 6. *The Board unanimously recommends that you vote all of your shares FOR the authorization and approval of the Certificate of Amendment to reduce the par value of the Common Stock from \$1.00 per share to \$0.50 per share and effect the Stock Split as described in this Proposal No. 6.*

PROPOSAL NO. 7 APPROVAL OF THE PROSPECTIVE ISSUANCE OF CONVERTIBLE BONDS, CONVERTIBLE NOTES AND OTHER FORMS OF CONVERTIBLE INDEBTEDNESS

Background

In order to improve the Company's liquidity position, the Company is continuing its efforts to raise additional capital through the issuance of convertible debt securities. While the Company is not required to obtain shareholder approval for the issuance of debt under DGCL, as a BDC, the Company is subject to the requirements of the Investment Company Act, in particular, Section 61 which requires the Company to obtain shareholder approval to authorize the Board to issue securities which have a convertible feature. Accordingly, the Company is requesting stockholder approval to authorize the Board to issue Convertible Bonds, Convertible Notes, and Other Convertible Indebtedness. If Proposal No. 7 is approved, the issuance of Convertible Bonds, Convertible Notes, and Other Convertible Indebtedness in such amounts and with such rights, preferences and privileges will be determined by the Board without further stockholder approval, subject to applicable requirements.

To the extent Proposal No. 8 is approved and the Company withdraws its election to be treated as a BDC under the Investment Company Act, then the actions for which stockholder approval is being requested in this Proposal No. 7 may be taken by the Company even if this Proposal No. 7 is not approved.

Purpose of the Proposal; Need for Stockholder Approval

In connection with its Restructuring Plan, the Company anticipates making substantial investments and capital expenditures for the investment, acquisition, and development of its portfolio companies in the medical products/health care solutions and the financial services industries. To date, the Company has paid for investments, acquisitions and operating expenditures primarily from cash proceeds from the issuance of equity securities (including Common Stock and Warrants). The Company is currently contemplating the proposed issuance of Convertible Bonds, Convertible Notes, and Other Convertible Indebtedness in order to further facilitate the implementation of the Restructuring Plan, to provide greater flexibility designing financing alternatives, and to strengthen the Company's balance sheet and capital structure. Notwithstanding the foregoing, there can be no assurance that such attempts to raise additional capital through such means will be successful.

The Board believes that approval to authorize the Board to issue Convertible Bonds, Convertible Notes, and Other Convertible Indebtedness would facilitate the Company's ability to accomplish business and financial objectives in the future without delaying such activities for further shareholder approval, except as may be required in particular cases by the Company's charter documents, applicable law (including the Investment Company Act) or the rules of any

stock exchange on which the Company's securities may then be listed.

By issuing debt, the Company is subject to the risks normally associated with indebtedness, including the risk that its operating revenues will be insufficient to meet required payments of principal and interest and the risk that it will be unable to refinance existing indebtedness when it becomes due or that the terms of any such refinancing will be less favorable than the current terms of such indebtedness. Restrictions and covenants in debt

agreements could also limit the Company's ability to take certain actions and impose consequences in the event of failure to comply. Further, such indebtedness could also:

limit the Company's ability to fund the costs and expenses of the continued implementation of, and refinement to, its Restructuring Plan, future working capital, capital expenditures, advertising or promotional expenses, new product development costs, acquisitions, investments, restructuring programs and other general corporate requirements;

require it to dedicate a substantial portion of its cash flow from operations to payments on its indebtedness, thereby reducing the availability of its cash flow for the continued implementation of, and refinement to, its Restructuring Plan and other general corporate purposes;

place it at a competitive disadvantage compared to competitors that have less debt;

limit its flexibility in responding to changes in its business and the industry in which it operates; and

make it more vulnerable in the event of adverse economic conditions or a downturn in its business.

In addition, if the Board elects to issue Convertible Bonds, Convertible Notes, or Other Convertible Indebtedness, such issuance could have a substantial dilutive effect on the earnings per share, net asset value, book value per share, voting power and shareholdings of current stockholders. In particular, given the preferences normally associated with Convertible Bonds, Convertible Notes, or Other Convertible, the issuance of newly authorized Convertible Bonds, Convertible Notes, or Other Convertible could cause a substantial reduction in the relative value of the currently outstanding shares of Common Stock.

Under the Investment Company Act, the Company as a BDC is subject to limits on the extent to which it can leverage itself by issuing senior securities, including Convertible Bonds, Convertible Notes, or Other Convertible Indebtedness. Specifically, it generally must ordinarily maintain a 2-to-1 asset coverage ratio (*i.e.*, if it has \$1 in assets, it can borrow \$1, since after borrowing it would have \$2 in assets and \$1 of debt). With respect to a class of senior security representing indebtedness of the BDC, the asset coverage ratio is calculated, subject to the other terms and conditions of the Investment Company Act, by determining the ratio of (i) the value of the total assets of such BDC, less all liabilities and indebtedness not represented by senior securities, to (ii) the aggregate amount of senior securities representing indebtedness of such BDC.

As of the date of this proxy statement, except in connection with the other proposals described in this proxy statement, the Restructuring Plan, and its general investment strategy relating to acquisitions and investments in the medical products/health care solutions and the financial services industries, the Company has no plans to issue any Convertible Bonds, Convertible Notes, or Other Convertible Indebtedness. However, the sole purpose of authorizing these Convertible Bonds, Convertible Notes, or Other Convertible Indebtedness is to provide additional flexibility for the Company in anticipation of future financing activities. For instance, the grant to the Board of the authority to issue Convertible Bonds, Convertible Notes, or Other Convertible Indebtedness would provide the Company with an alternative to its Common Stock and Preferred Stock that can be customized with such rights, preferences and privileges as the Board may deem appropriate for any proper corporate purpose such as raising capital, establishing strategic relationships with other companies, and investing in new opportunities within the Company's target industries. The Board will also consider any future proposed issuance of Convertible Bonds, Convertible Notes, or Other Convertible Indebtedness in light of regulatory requirements applicable to the Company as a BDC under the Investment Company Act, including the requirements described above relating to the Company's asset coverage ratio as calculated and determined under the Investment Company Act.

Possible Anti-Takeover Effects of the Proposal

It should be noted that the Convertible Bonds, Convertible Notes, or Other Convertible Indebtedness that would become available for issuance if this Proposal No. 7 is adopted could also be used by the Company to oppose a future hostile takeover attempt or to delay or prevent future changes in the control or management of the Company. For example, once sufficient authorized capital stock is available, the Board could act without further

stockholder approval to adopt a poison pill that would, under certain circumstances relating to an acquisition of shares not approved by the Board, give certain stockholders the right to acquire additional Convertible Bonds, Convertible Notes, or Other Convertible Indebtedness at a low price. Alternatively, the Company could strategically sell Convertible Bonds, Convertible Notes, or Other Convertible Indebtedness in a private transaction to purchasers who would oppose a takeover or who would favor the then-current Board. Although the proposed authorization of the Board of the prospective issuance of Convertible Bonds, Convertible Notes, or Other Convertible Indebtedness has been prompted by business and financial considerations and not by the threat of any hostile takeover attempt (which the Board has no current reason to suspect), stockholders should be aware that the approval of this proposal could facilitate future efforts by the Company to deter or prevent transactions resulting in changes in control of the Company, including transactions in which the stockholders might otherwise receive a premium for their shares over then-current market prices.

Vote Required; Board Recommendation

Proposal No. 7 (the authorization and approval of the prospective issuance of Convertible Bonds, Convertible Notes or Other Convertible Indebtedness in accordance with the requirements of the Investment Company Act) will be approved if a majority of the total votes properly cast in person or by proxy at the Annual Meeting by the holders of Common Stock and Preferred Stock, voting together as a single class, vote **FOR** the proposal. Abstentions and broker non-votes will have no effect on the result of the vote. ***The Board unanimously recommends that you vote all of your shares FOR the approval of the authorization of the Board to issue issuance of Convertible Bonds, Convertible Notes or Other Convertible Indebtedness described in this Proposal No. 7.***

PROPOSAL NO. 8 AUTHORIZATION TO WITHDRAW THE COMPANY'S ELECTION TO BE TREATED AS A BDC.

Background

The Company is a closed-end management investment company, which elected, on November 18, 1997 to be regulated as BDC as that term is defined in Section 54 of the Investment Company Act. As a BDC, the Company is subject to the Investment Company Act, including certain provisions applicable only to BDCs (the ***BDC Provisions***), although it is excepted from certain provisions of the Investment Company Act applicable to registered closed-end investment companies. BDCs generally are provided greater flexibility with respect to management compensation, capital structure, transactions among affiliates and other matters than registered closed-end investment companies. Nevertheless, as a BDC, the Company remains subject to significant regulation of its activities, as described below under Investment Company Act Provisions Applicable to BDCs.

Historically, the Company has participated in start-up and early stage financings, expansion or growth financings, leveraged buy-out financings and restructurings primarily in the radio and telecommunications industry. However, on June 23, 2004, the Company entered into an LOU with Ault Glazer which set forth the understandings and agreements of the Company and Ault Glazer with respect to the initial steps in the execution of the Restructuring Plan. The Restructuring Plan was intended to maximize stockholder value through, among other things, a shift in the Company's investment strategy away from the radio and telecommunications industry toward a focus on the medical products/health care solutions and the financial services industries, the liquidation of the Company's investments, the raising of new capital to fund new investments and the election of new directors and officers with experience and expertise in the medical products/health care solutions and the financial services industries.

In connection with the implementation of the Restructuring Plan and in consideration of the future operations of the Company and its planned acquisitions in the target industries, the Board has evaluated and discussed the feasibility

of the Company continuing as a BDC. The Board believes that given the changing nature of the Company's business and investment focus from investing, reinvesting, owning, holding, or trading in investment securities in the radio and telecommunications industries toward that of an operating company whose

focus will be on acquisitions and controlling investments in operating companies and assets in the target industries, that the regulatory regime governing BDCs is no longer appropriate and will hinder the Company's future growth. Under these circumstances, the Board believes that the Company will not be required to be regulated under the Investment Company Act.

On December 30, 2004, the Board unanimously approved the proposal to authorize the Board to withdraw the Company's election to be treated as a BDC as soon as practicable so that it may begin conducting business as an operating company rather than a BDC subject to the Investment Company Act. If the stockholders approve this proposal to permit the Company to withdraw its BDC election, the withdrawal will become effective upon receipt by the SEC of the Company's application for withdrawal. The Company does not anticipate filing the application of withdrawal until it can be reasonably certain that the Company will not be deemed to be an investment company without the protection of its BDC election. After the Company's application for withdrawal of its BDC election is filed with the SEC, the Company will no longer be subject to the regulatory provisions of the Investment Company Act applicable to BDCs generally, including regulations related to insurance, custody, composition of its Board, affiliated transactions and any compensation arrangements. Shareholder approval of this proposal will be valid for one year following the date of approval. If no application for withdrawal is filed within this one-year period, the Company will present the matter to the stockholders again for approval prior to filing a withdrawal application.

Investment Company Act Provisions Applicable to BDCs

Generally, to be eligible to elect BDC status, a company must engage in the business of furnishing capital and offering significant managerial assistance to companies that do not have ready access to capital through conventional financial channels. More specifically, in order to qualify as a BDC, a company must (a) be a domestic company; (b) have registered a class of its securities or have filed a registration statement with the SEC pursuant to Section 12 of the Exchange Act; (c) operate for the purpose of investing in the securities of certain types of eligible portfolio companies, namely less seasoned or emerging companies and businesses suffering or just recovering from financial distress; (d) offer to extend significant managerial assistance to such eligible portfolio companies; and (e) file (or, under certain circumstances, intend to file) a proper notice of election with the SEC.

The Investment Company Act also imposes, among others, the following regulations on the Company:

The Company may not change the nature of its business or fundamental investment policies without the prior approval of the stockholders;

The Company must carry its assets at value if a public trading market exists for its portfolio securities or fair value if one does not, rather than cost in financial reports;

The composition of the Board is restricted (*e.g.*, investment bankers and certain other participants is limited);

The Company may not engage in certain transactions with affiliates without obtaining exemptive relief from the SEC;

The issuance of senior equities and debt securities is subject to certain limitations;

The Company's right to issue options, rights and warrants to purchase its stock is restricted;

There are prohibitions and restrictions on investing in certain types of companies, such as brokerage firms, insurance companies and other investment companies;

There are limits on the type of assets that BDCs may acquire to qualifying assets and certain assets necessary for its operations (such as office furniture, equipment and facilities) if, at the time of acquisition, less than 70% of the value of the company's assets consist of qualifying assets (As a BDC, the Company may invest in the securities of public companies and other investments that are not qualifying assets, but

such investments may not exceed 30% of the Company's total asset value at the time of any such investment);

The Company generally may not issue Common Stock at a per share price less than the then-current NAV of the Common Stock without the prior approval of stockholders; and

The Company is restricted in its ability to repurchase its shares directly from stockholders.

If the stockholders approve this proposal and the Board withdraws the Company's election to be treated as a BDC, the Company would no longer be subject to regulation under the Investment Company Act, which is designed to protect the interests of investors in investment companies. However, the Board would still be subject to customary principles of fiduciary duty with respect to the Company and its stockholders.

In addition, withdrawal of the Company's election to be treated as a BDC will not affect the Company's registration under Section 12(b) of the Exchange Act. Under the Exchange Act, the Company is required to file periodic reports on Form 10-K, Form 10-Q, Form 8-K, proxy statements and other reports required under the Exchange Act. Withdrawal of the Company's election to be treated as a BDC is not expected to have any effect on the Company's listing status on the AMEX.

Reasons for the Potential Withdrawal of the Company as a BDC

Over the years, since the Company has operated as a BDC, the business, regulatory and financial climates have shifted gradually but greatly, making operations as a BDC more challenging and difficult. Given the investment focus, asset mix, business and operations of the Company that will result from the implementation of the Restructuring Plan, the Board believes that it is prudent for the Company to withdraw its election as a BDC as soon as practicable to eliminate many of the regulatory, financial reporting and other requirements and restrictions imposed by the Investment Company Act discussed above. For example:

Business Focus. As a result of the Restructuring Plan, the nature of the Company's business is changing from a business that has historically been in the business of investing, reinvesting, owning, holding, or trading in investment securities toward that of an operating company whose focus is on acquiring controlling interests in companies in the target industries. The Board believes that BDC regulation would be inappropriate for such activities.

Issuance of Common Stock. By virtue of its BDC election, the Company may not issue new shares of Common Stock at a per share price less than the then net asset value per share of outstanding Common Stock without prior stockholder approval. Historically, the market prices for BDC stocks have been lower than net asset value, making it much more difficult for BDCs to raise equity capital. While this restriction provides stockholders of an investment company with appropriate and meaningful protection against dilution of their indirect investment interest in portfolio securities, the Company's Board believes that this would essentially be irrelevant to the interests of investors in an operating company, who look to its consolidated earnings stream and cash flow from operations for investment value.

Issuance of Securities other than Common Stock. BDCs are limited or restricted as to the type of securities other than common stock which they may issue. The issuance of convertible securities and rights to acquire shares of common stock (e.g. warrants and options) is restricted primarily because of the statutory interest in facilitating computation of the Company's net asset value per share. In addition, issuances of senior debt and senior equity securities require that certain asset coverage tests and other criteria be satisfied on a continuing basis. This significantly affects the use of these types of securities because asset coverage continuously changes by variations in market prices of the Company's investment securities. Operating companies, including holding companies operating through subsidiaries, benefit from having maximum flexibility to raise capital through various financing structures and means.

Related Party Transactions. The Investment Company Act significantly restricts among other things (a) transactions involving transfers of property in either direction between the Company and most affiliated persons of the Company (or the affiliated persons of such affiliated persons) and (b) transactions between the Company and such affiliated persons (or the affiliated persons of such affiliated persons) participating jointly on the one hand and third parties on the other. To overcome these investment company restrictions, which are somewhat relaxed as applied to BDCs, requires SEC approval, which is often a time-consuming and expensive procedure, regardless of the intrinsic fairness of such transactions or the approval thereof by disinterested directors of the Company. The Company believes situations may arise in which a corporation's best interests are served by such transactions. The Board believes that stockholders are adequately protected by the fiduciary obligations imposed on the Company's directors under state corporate law, which generally requires that the disinterested members of the Board determine fairness to the Company of an interested-party transaction (provided full disclosure of all material facts regarding the transaction and the interested party's relationship with the Company is made), and SEC disclosure rules, which require the Company to include specified disclosure regarding transactions with related parties in its SEC filings.

Compensation of Executives. The Investment Company Act limits the extent to which and the circumstances under which executives of a BDC may be paid compensation other than in the form of salary payable in cash. For example, stock options may be granted only pursuant to a plan approved by stockholders and in conformity with specified restrictions, and the issuance of Restricted Stock is generally prohibited. However, the Board believes that by achieving greater flexibility in the structuring of employee compensation packages, the Company will be able to attract and retain additional talented and qualified personnel and to more fairly reward and more effectively motivate its personnel in accordance with industry practice.

Eligible Investments. As a BDC, the Company may not acquire any asset other than Qualifying Assets unless, at the time the acquisition is made, Qualifying Assets represent at least 70% of the value of the total assets (the *70% test*). Because of the limitations on the type of investments the Company may make, as well as the Company's total asset composition, the Company may be foreclosed from participating in prudent investment opportunities and otherwise lack diversification.

Moreover, the Company must incur significant general and administrative costs in order to comply with the regulations imposed by the Investment Company Act. Management devotes considerable time to issues relating to compliance with the Investment Company Act and the Company incurs substantial legal and accounting fees with respect to such matters. The costs of this regulation are borne by, and the protections of this regulation are for the benefit of, the stockholders of the Company. The Board believes that resources now being expended on Investment Company Act compliance matters could be utilized more productively if devoted to the operation of the Company's business. The Board has determined that the costs of compliance with the Investment Company Act are substantial, especially when compared to the Company's relative size and net income, and that it would therefore be in the financial interests of the stockholders for the Company to cease to be regulated under the Investment Company Act altogether.

The Board believes that the above reasons, among others, indicate that the restrictions of the Investment Company Act would have the effect of dampening market interest in the Company and hindering its financial growth in the future as an operating company. The Board has determined that the most efficacious way to reduce these costs, improve profitability, and eliminate the competitive disadvantages the Company experiences due to compliance with the many requirements and restrictions associated with operating as a BDC under the Investment Company Act would be to withdraw the Company's election to be treated as a BDC.

Effect of Election to Withdrawal as a BDC on the Company's Financial Statements

In the event that the Board withdraws the Company's election to be treated as a BDC and becomes an operating company, the fundamental nature of the Company's business will change from that of investing in a portfolio of

securities, with the goal of achieving gains on appreciation and dividend income, to that of being actively engaged in the ownership and management of operating businesses, with the goal of generating income from the operations of those businesses.

The election to withdraw the Company as a BDC under the Investment Company Act will result in a significant change in the Company's method of accounting. BDC financial statement presentation and accounting utilizes the value method of accounting used by investment companies, which allows BDCs to recognize income and value their investments at market value as opposed to historical cost. As an operating company, the required financial statement presentation and accounting for securities held will be either fair value or historical cost methods of accounting, depending on the classification of the investment and the Company's intent with respect to the period of time it intends to hold the investment. Change in the Company's method of accounting could reduce the market value of its investments in privately held companies by eliminating the Company's ability to report an increase in value of its holdings as they occur. Also, as an operating company, the Company would have to consolidate its financial statements with subsidiaries, thus eliminating the portfolio company reporting benefits available to BDCs.

Steps Toward Withdrawal

Because of the importance of electing to withdraw as a BDC and becoming qualified as an operating company, the Company is using maximum efforts to qualify for this change of status. The Company has undertaken extensive steps to meet certain procedures relevant to withdrawal of its election to be treated as a BDC, including consultation with outside legal counsel as to the applicability and requirements under the Investment Company Act.

Following approval by the stockholders of this Proposal No. 8, if it is obtained, the Board will file with the SEC as soon as practicable thereafter, a notice of withdrawal of election to be regulated as a business development company on Form N-54C. Once that notice is accepted, the Company's withdrawal as a BDC will have been effected.

Purpose of the Proposal; Need for Stockholder Approval

Section 58 of the Investment Company Act provides that a BDC may not deregister as a BDC unless it is authorized to do so by a majority of its issued and outstanding voting securities.

For purposes of this Proposal No. 8 only, the vote of a majority of the outstanding shares means the vote (A) of 67 per centum or more of the voting securities present at the Annual Meeting, if the holders of more than 50 per centum of the outstanding voting securities of the Company are present or represented by proxy; or (B) of more than 50 per centum of the outstanding voting securities of the Company, whichever is the less.

Vote Required; Board Recommendation

Proposal No. 8 (the authorization and approval of the Board to withdraw the Company's election to be treated as a BDC pursuant to Section 54(c) under Investment Company Act) will be approved if a majority of the outstanding shares of the Common Stock and Preferred Stock, voting together as a single class, are voted FOR the proposal. Abstentions and broker non-votes will also have the same effect as votes AGAINST Proposal No. 8. ***The Board unanimously recommends that you vote all of your shares FOR the approval of the Board to withdraw the Company's election to be treated as a BDC as described in this Proposal No. 8.***

Information Regarding the Board and its Committees

Listing standards for the AMEX require that a majority of the members of the Board qualify as independent as defined by AMEX rules as affirmatively determined by the Board. Additionally, Section 56 of the Investment Company Act requires that a majority of the members of the Board not be interested persons (as that term is defined in the Investment Company Act) of the Company. From time to time, the Board consults with the Company's outside legal counsel to ensure that the Board's determinations of its independence are consistent with all relevant securities and other laws and regulations regarding the definition of independence, including those set forth in pertinent listing standards of AMEX, as in effect time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent auditors, the Board affirmatively has determined that all of the current members of the Board, other than Ault and Louis Glazer, are independent directors within the meaning of the AMEX listing standards.

With the exception of Stephen L. Brown (who did not receive any director's fees) and Ault, Louis Glazer, Lytle Brown III, Herbert Langsam, and Alice Campbell (who were not members of the Board in 2003), each member of the Board received director's fees of \$500 per meeting for 2003. During the year ended December 31, 2003, the Company reimbursed directors for travel expenses incurred in connection with the performance of their duties. As of the date of this proxy statement, with the exception of Stephen L. Brown, Louis Glazer, Lytle Brown III, Herbert Langsam, and

Alice Campbell, each member of the Board received director's fees of \$500 per meeting for 2004. For the year ended December 31, 2004, the Company anticipates reimbursing directors for travel expenses incurred in connection with the performance of their duties.

The Board met five times during the fiscal year ended December 31, 2003 and eleven times during the fiscal year ended December 31, 2004. Each Board member attended 75% or more of the aggregate number of

meetings of the Board and of the committees on which he served that were held during the period for which he was a director or committee member, respectively. Furthermore, it is the Company's policy to invite, but not require, each of its directors and director nominees to attend the Company's annual meeting of stockholders. All of the then-current directors and director nominees attended the Company's 2003 Annual Meeting of Stockholders.

The Board has three committees: an Audit Committee, an Executive Committee and a Compensation Committee. The Audit Committee and Compensation Committee operate pursuant to a committee charter. The charter of each committee is included as an appendix to this proxy statement and is available without charge, upon a written request mailed to: c/o Corporate Secretary, Franklin Capital Corporation, 100 Wilshire Boulevard, Suite 1500, Santa Monica, California 90401.

(1) Stephen Brown, Irving Levine, David Lender and Laurence Foster were replaced on the Board and the respective committees listed above at the Special Meeting.

(2) Ault was appointed to serve on the Board as of June 23, 2004. Ault does not currently serve on any committees of the Board.

(3) Louis Glazer, Gen. Lytle Brown, Herbert Langsam and Alice Campbell were elected to the Board at the Special Meeting and were also appointed as members of the respective committees listed above.

Below is a description of each committee of the Board. The Board has determined that each member of each committee meets the applicable rules and regulations regarding independence and that each member is free of any relationship that would interfere with his or her individual exercise of independent judgment with regard to the Company. Each of the committees described below has authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities.

Audit Committee

The Audit Committee operates pursuant to the Amended and Restated Charter of the Audit Committee. The charter sets forth the responsibilities of the Audit Committee. The primary function of the Audit Committee is to oversee and monitor the Company's accounting and reporting processes and the audits of the Company's financial statements. The Audit Committee met four times during 2003 and three times during 2004.

The Audit Committee is presently composed of three persons, including Messrs. Herbert Langsam and Lytle Brown III and Ms. Alice Campbell, each of whom are considered independent under the rules promulgated by the AMEX and under Rule 10A-3 under the Exchange Act, and each of whom is financially literate as required by the rules of AMEX. Ms. Campbell serves as the chairman of the Audit Committee. The Board has determined that Ms. Campbell is an audit committee financial expert as defined under Item 401 of Regulation S-K of the Exchange Act, and financially sophisticated as defined by the rules of AMEX. Ms. Campbell meets the current independence and experience requirements of Rule 10A-3 of the Exchange Act and, in addition, is not an interested person of the Company as defined in Section 2(a)(19) of the Investment Company Act.

Messrs. Levine and Foster were replaced as members of the Audit Committee on October 22, 2004. Mr. David Lender resigned from the Audit Committee on May 14, 2003 following the adoption of a policy by his employer which prohibited employees from serving on audit committees of public companies.

Executive Committee

The Executive Committee has and may exercise those rights, powers, and authority that the Board from time to time grants to it, except where action by the Board is required by statute, an order of the SEC, or the Company's charter or bylaws. Messrs. Brown and Levine were members of the Executive Committee until October 22, 2004. The Company has not yet appointed replacement members to Executive Committee. The Executive Committee met zero times during 2003 and zero times during 2004.

Compensation Committee

The Compensation Committee operates pursuant to a charter approved by the Board, which was amended and restated as of November 11, 2004 and is attached to this proxy statement as Appendix C (the ***Amended and Restated Charter of the Compensation Committee***). The Compensation Committee determines and recommends to the Board the compensation to be paid the Company's executive officers and also reviews the amount of salary and bonus for each of the Company's other officers and employees. In addition, the Compensation Committee also determines and recommends to the Board the amount of stock option grants to be issued to the Company's officers and directors under the Company's existing Stock Incentive Plan and/or Non-Statutory Stock Option Plan, respectively and will determine individual performance awards for such participants. If approved, the Compensation Committee will determine and recommend to the Board the amount of stock option grants and restricted stock awards to be granted to the Company's officers and directors under the New Plan as described under Proposal No. 3 and the amount of cash and equity compensation payable to Ault, Silverstein and the Glazers as described under Proposal No. 4. The Compensation Committee met one time during 2003 and zero times during 2004.

The Compensation Committee members currently are Messrs. Herbert Langsam and Lytle Brown III and Ms. Alice Campbell, each of whom is not an interested person as defined in Section 2(a)(19) of the Investment Company Act, and is independent for purposes of the AMEX rules. Each member of the Compensation Committee is a non-employee director for purposes of Rule 16b-3 under Section 16 of the Exchange Act and an outside director for purposes of Section 162(m) of the Code. Mr. Langsam serves as the chairman of the Compensation Committee. None of these individuals is a present or former officer or employee of the Company. Messrs. Levine and Lender were replaced as members of the Compensation Committee on October 22, 2004.

Compensation Committee Interlocks and Insider Participation

During the last fiscal year, no executive officer of the Company served either as: (1) a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on the compensation committee (or

other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of the Company; (2) a director of another entity, one of whose executive officers served on the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of the Company; or (3) a member of the compensation

committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served as a director of the Company.

Nomination of Directors

The Company currently does not have a separate nominating committee of the Board. Instead, all of the independent directors participate in the consideration of potential nominations for election to the Board. The Board believes that this approach is appropriate because, given the relatively small size of the Board, the independent directors are capable of evaluating potential nominees and reaching an agreement with respect to whom will be nominated.

To fulfill its responsibility to recruit and recommend to the stockholders nominees for election as directors, the Board reviews, on an annual basis, the appropriate skills and characteristics required of directors in the context of the current make-up of the Board. This assessment of nominees is based upon various criteria, including their integrity, independence, accomplishments, prior or current association with institutions noted for their excellence, ability to exercise sound business judgment, demonstrated leadership ability, breadth and knowledge about issues affecting the Company, and background and experience in areas important to the operation of the Company.

In the case of incumbent directors whose terms of office are set to expire, the Board reviews such directors' overall service to the Company during their terms, including the number of meetings attended, level of participation and quality of performance. Consideration of new director nominee candidates typically involves a series of internal discussions, review of information concerning candidates and interviews with selected candidates. In identifying potential new director candidates, the Board seeks recommendations from members of the Board, members of management, and stockholders. The Board may also, if necessary or appropriate, retain a professional search firm in order to assist it in these efforts.

The Board considers recommendations for Board candidates submitted by stockholders using the same criteria (described above) that it applies to recommendations from directors and members of management. In order to be considered, a recommendation from a stockholder must be received by the Board no later than the 120th calendar day before the date of the Company's proxy statement released to stockholders in connection with the previous year's annual meeting of stockholders and must include the stockholder's name and contact information, the candidate's name and contact information, a description of any relationship between the stockholder and the candidate, a description of the candidate's qualifications, and a signed statement from the candidate that he or she is willing and able to serve on the Board. Stockholders must submit recommendations in writing to the Board at c/o Corporate Secretary, Franklin Capital Corporation, 100 Wilshire Boulevard, Suite 1500, Santa Monica, California 90401.

After consideration, and consistent with the Board's policies described above, all of the members of the Board recommended and unanimously approved the nomination of Mr. Lytle Brown III for reelection as a Class I director at the Annual Meeting.

Compensation Pursuant to Plans

On September 9, 1997, the Company's stockholders approved two stock option plans: the 1997 Stock Incentive Plan and the Non-Statutory Stock Option Plan. An aggregate of 112,500 shares of Common Stock has been reserved for issuance under these plans, of which 67,500 shares have been reserved for issuance under the Stock Incentive Plan and 45,000 shares have been reserved for issuance under the Stock Option Plan.

Shares subject to options that terminate or expire prior to exercise will be available for future grants under the plans. Because the issuance of options to non-employee directors is not permitted under the Investment Company Act without an exemptive order by the SEC, the issuance of options under the stock option plan was conditioned upon the granting of such order. The order was granted by the SEC on January 18, 2000.

On December 31, 2004, there were 20,625 options to purchase Common Stock outstanding and no options available for future issuance. The following table summarizes information about the options, warrants and rights and other equity compensation under the Company's equity compensation plans as of December 31, 2004.

The Compensation Committee will consider, consistent with its duties, compensation agreements to be entered into with such parties.

Further, there is no compensation plan or arrangement with respect to any current executive officer which plan or arrangement results or will result from the resignation, retirement or any other termination of such individual's employment with the Company. There is no plan or arrangement with respect to any such persons, which will result from a change in control of the Company or a change in the individual's responsibilities following a change in control.

The Company currently has an outstanding consulting arrangement with a financial consultant to provide financial and accounting related services to the Company and there was previously a termination agreement and change in control arrangement with respect to former executive officer Stephen L. Conflicts of interest between the Company and Ault Glazer may occur from time to time. The Company will attempt to resolve any such conflicts of interest in its favor. The officers and directors of the Company are accountable to the Company and to its stockholders as fiduciaries, which requires that the officers and directors exercise good faith and integrity in handling the Company's affairs.

The Board does not believe that the Company has any conflicts of interest with the business of Ault Glazer, other than Ault's, Silverstein's, and the Glazers' responsibility to provide certain management and administrative services to Ault Glazer and its clients from time-to-time. However, subject to applicable law, the Company may engage in transactions with Ault Glazer and related parties in the future. These related party transactions may raise conflicts of interest and, although the Company does not have a formal policy to address such conflicts of interest, the Audit Committee intends to evaluate relationships and transactions involving conflicts of interest on a case by case basis.

Executive officers, directors and greater than 10% stockholders also are required by the SEC to furnish the Company with copies of all forms that they file pursuant to Section 16(a).

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

In connection with the Annual Meeting, a number of brokers with account holders who are the Company stockholders will be "householding" our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement, please notify your broker or contact the Company's Corporate Secretary at 100 Wilshire Boulevard, Suite 1500, Santa Monica, California

90401 or via phone at (310) 752-1416. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

Annual Report

The Company will furnish, without charge, a copy of the Company's most recent annual report on Form 10-K to any stockholder that requests a copy. Requests for the annual report should be directed to the Company's Corporate Secretary at 100 Wilshire Boulevard, Suite 1500, Santa Monica, California 90401, phone: (310) 752-1416.

OTHER MATTERS

The Board does not know of any other matters that may properly be brought, and which are likely to be brought, before the Annual Meeting. However, should other matters be properly brought before the Annual Meeting, the persons named on the enclosed proxy or their substitutes will vote in accordance with their best judgment on such matters.

2005 ANNUAL MEETING OF STOCKHOLDERS

General

Any stockholder desiring to submit a proposal for action by the stockholders at the next annual meeting, tentatively scheduled for June 30, 2005, must submit such proposal in writing to the Company's Corporate Secretary at 100 Wilshire Boulevard, Suite 1500, Santa Monica, California 90401, on or prior to May 30, 2005. The submission of a proposal does not guarantee the inclusion in the Company's proxy statement or presentation at the 2005 annual meeting.

Discretionary Proxy Voting Authority / Untimely Stockholder Proposals

Rule 14a-4(c) promulgated under the Exchange Act, as amended, governs the Company's use of its discretionary proxy voting authority with respect to a stockholder proposal that the stockholder has not sought to include in the Company's proxy statement. The rule provides that if a proponent of a proposal fails to notify the Company of the proposal at least 45 days before the date of mailing of the prior year's proxy statement, then the management proxies will be allowed to use their discretionary voting authority when the proposal is raised at the meeting, without any discussion of the matter required in the proxy statement. With respect to the Company's 2005 annual meeting of stockholders, if the Company is not provided notice of a stockholder proposal which the stockholder has not previously sought to include in the Company's proxy statement by May 30, 2005, management proxies will be allowed to use their discretionary authority as indicated above. Proxies solicited by the Company will confer discretionary voting authority with respect to these proposals, subject to SEC rules governing the exercise of this authority.

In the event any option shall cease to be exercisable in whole or in part for any reason, the shares which were covered by such option, but as to which the option had not been exercised, shall again be available under this Plan. Similarly, any Shares that were granted pursuant to an award of restricted stock under this Plan but that are forfeited pursuant to the terms of the Plan or an award agreement shall again be available under this Plan. In addition, shares not delivered to participants in connection with the cashless exercise of an option shall again be available under this Plan. Shares may be made available from authorized, un-issued or reacquired stock or partly from each.

4. PARTICIPANTS

(A) **Key Employees, Directors and Consultants.** The Committee shall determine and designate from time to time those key employees, directors and consultants (to the extent permissible under the Investment Company Act of 1940) of the Company and its subsidiaries who shall be eligible to participate in this Plan. The Committee shall also determine the number of shares to be offered from time to time to each participant, either pursuant to an option or pursuant to an award of restricted stock, or both. In making these determinations, the Committee shall take into account the past service of each such key employee, director or consultant to the Company and its subsidiaries, the present and potential contributions of such key employee, director or consultant to the success of the Company and its subsidiaries and such other factors as the Committee shall deem relevant in connection with accomplishing the purposes of this Plan. The agreement documenting the award of any option or restricted stock granted pursuant to this Plan shall contain such terms and conditions as the Committee shall deem advisable, including but not limited to being vested or exercisable, as the case may be, only in such installments as the Committee may determine.

(B) **Award Agreements.** All options and restricted stock granted under the Plan will be evidenced by an agreement. Agreements evidencing awards made to different participants or at different times need not contain similar provisions. Options that are intended to be ISOs will be designated as such; any option not so designated will be treated as a nonqualified stock option.

5. OPTION PRICE

Each agreement representing an award of options shall state the price at which the subject option may be exercised, which shall not be less than the current fair market value of the shares at the date of issuance of an option, provided, however, that the exercise price of any option that is intended to be an ISO and that is granted to a holder of 10% or more of the Company's shares shall not be less than 110% of such current fair market value. For purposes of this Plan, the fair market value of any Share as of any date shall be the average of the high and low trading prices of the shares on that date.

6. OPTION PERIOD

Each agreement representing an award of options shall state the period or periods of time at and within which the subject option may be exercised, in whole or in part, by the optionee, which shall be such period or periods as may be determined by the Committee, provided, however, that the option period shall not exceed ten years from the date of issuance of the option and, in the case of an option that is intended to be an ISO and that is granted to a holder of 10% or more of the Company's shares, shall not exceed five years. Unless specifically provided otherwise in an agreement evidencing the award of options, any option awarded to a participant shall become exercisable over four years, with 25% of the option becoming exercisable on each of the first four anniversaries of the date of the award.

7. PAYMENT FOR SHARES

Full payment for shares purchased pursuant to an option shall be made at the time of exercising the option in whole or in part. Payment of the purchase price shall be made in cash (including check, bank draft or money order), unless the Company provides to any or all participants the ability to effect a cashless exercise of his or her options.

8. RESTRICTED STOCK

Each agreement representing an award of restricted stock shall state the number of shares subject to the award and the terms and conditions pursuant to which the recipient of the award shall acquire a nonforfeitable right to the shares awarded as restricted stock. Unless specifically provided otherwise in an agreement evidencing the award of

restricted stock, a participant shall acquire a nonforfeitable right to the shares subject to the award over four years, with 25% of the restricted stock becoming vested on each of the first four anniversaries of the date of the award, and shares that are not vested upon a participant's termination of employment with, or cessation of providing services to, the Company shall be forfeited.

9. TRANSFERABILITY OF OPTIONS AND RESTRICTED STOCK

Options and restricted stock shall not be transferable other than to the spouse or lineal descendants (including adopted children) of the participant, any trust for the benefit of the participant or the benefit of the spouse or lineal descendants (including adopted children) of the participant, or the guardian or conservator of the participant (Permitted Transferees).

10. TERMINATION OF OPTIONS AND RESTRICTED STOCK AWARDS

All rights to exercise options shall terminate sixty days after any optionee ceases to be a director of the Company or a key employee or consultant of the Company and any of its subsidiaries, and no options will vest after an optionee s termination date. Notwithstanding the foregoing, however, if an optionee s service as a director of the Company or key employee or consultant terminates as a result of the optionee s death or his total and permanent disability, the optionee or the executors or administrators or legatees or distributees of the estate, as the case may be and to the extent they are Permitted Transferees, shall have the right, from time to time within one year after the optionee s total and permanent disability or death and prior to the expiration of the term of the option, to exercise any portion of the option not previously exercised, in whole or in part, as provided in the respective agreement evidencing the award of the options. A participant s rights to shares awarded as restricted stock shall, under all circumstances, be set forth in the agreement evidencing the award of restricted stock.

11. EFFECT OF CHANGE IN STOCK SUBJECT TO THE PLAN

Subject to any required action by the shareholders of the Company and the provisions of applicable corporate law, the number of shares represented by the unexercised portion of an option, the number of shares that has been authorized or reserved for issuance hereunder, and the number of Shares covered by any applicable vesting schedule hereunder, as well as the exercise price for a share represented by the unexercised portion of an option, shall be proportionately adjusted for (a) a division, combination or reclassification of any of the shares of common stock of the Company or (b) a dividend payable in shares of common stock of the Company.

12. GENERAL RESTRICTION

Each award shall be subject to the requirement that, if at any time the Board shall determine, at its discretion, that the listing, registration or qualification of the shares subject to such option upon any securities exchange or under any state or federal law, or the consent or approval of any government regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of such award or the issue or purchase of the shares thereunder, such option may not be exercised in whole or in part unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Company. Subject to the limitations of paragraph 6, no option shall expire during any period when exercise of such option has been prohibited by the Board, but shall be extended for such further period so as to afford the optionee a reasonable opportunity to exercise his option.

13. MISCELLANEOUS PROVISIONS

(A) No optionee shall have rights as a shareholder with respect to shares covered by his option until the date of exercise of his option.

(B) The granting of any award under the Plan shall not impose upon the Company any obligation to appoint or to continue to appoint as a director, key employee or consultant any participant, and the right of the Company and its subsidiaries to terminate the employment of any key employee or other employee or consultant, or service of any

director, shall not be diminished or affected by reason of the fact that an award has been made under the Plan to such participant.

(C) Awards under the Plan shall be evidenced by award agreements in such form and subject to the terms and conditions of this Plan as the Committee shall approve from time to time, consistent with the

provisions of this Plan. Such award agreements may contain such other provisions, as the Committee in its discretion may deem advisable. In the case of any discrepancy between the terms of the Plan and the terms of any award agreement, the Plan provisions shall control.

(D) The aggregate fair market value (determined as of the date of issuance of an option) of the Shares with respect to which an option, or portion thereof, intended to be an ISO is exercisable for the first time by any optionee during any calendar year (under all incentive stock option plans of the Company and subsidiary corporations) shall not exceed \$100,000.

(E) All awards under this Plan shall be made within ten years from the earlier of the date of adoption of this Plan (or any amendment thereto requiring shareholder approval pursuant to the Code) or the date this Plan (or any amendment thereto requiring shareholder approval pursuant to the Code) is approved by the shareholders of the Company.

(F) A leave of absence granted to an employee does not constitute an interruption in continuous employment for purposes of this Plan as long as the leave of absence does not extend beyond one year.

(G) Any notices given in writing shall be deemed given if delivered in person or by certified mail; if given to the Company addressed to Corporate Secretary, Franklin Capital Corporation, 100 Wilshire Boulevard, Suite 1500, Santa Monica, California 90401; and, if to an optionee, in care of the optionee at his or her last known address.

(H) This Plan and all actions taken by those acting under this Plan shall be governed by the substantive laws of Delaware without regard to any rules regarding conflict-of-law or choice-of-law.

(I) All costs and expenses incurred in the operation and administration of this Plan shall be borne by the Company.

14. AMENDMENT AND TERMINATION

The Board may modify, revise or terminate this Plan at any time and from time to time, subject to such supermajority voting requirements as may be contained in the Company's certificate of incorporation or by-laws. While the Board may seek shareholder approval of an action modifying a provision of the Plan where it is determined that such shareholder approval is advisable under the provisions of applicable law, the Board of Directors shall be permitted to make any modification or revision to any provision of this Plan without shareholder approval. This Plan shall terminate when all Shares reserved for issuance hereunder have been issued upon the exercise of options and all restricted stock awards have fully vested, or by action of the Board of Directors pursuant to this paragraph, whichever shall first occur.

15. EFFECTIVE DATE OF THE PLAN

The Plan shall become effective upon the latest to occur of (1) adoption by the Board, and (2) approval of this Plan by the shareholders of the Company.

In addition, the Committee shall have sole authority to retain, oversee and terminate any compensation consultant to assist in the evaluation of director, chief executive

officer or senior executive compensation, including sole authority to approve such consultant's reasonable fees and other retention terms, all at the Company's expense. The Committee shall also have authority to pay, at the expense of the Company, any ordinary administrative expenses determined by the Committee to be necessary or appropriate in carrying out its duties.

The Committee may form and delegate authority to subcommittees as appropriate, including, but not limited to, a subcommittee composed of one or more members of the Committee to grant stock awards under the Company's equity incentive plans to persons who are not: (i) covered employees under Section 162(m) of the Code; (ii) individuals with respect to whom the Company wishes to comply with Section 162(m) of the Code; or (iii) then subject to Section 16 of the Exchange Act.

The operation of the Committee shall be subject to the bylaws of the Company and Section 141 of the Delaware General Corporation Law, each as in effect from time to time. The approval of this Charter by the Board shall be construed as a delegation of authority to the Committee with respect to the responsibilities set forth herein and all of the ancillary powers necessary to assume such responsibilities and duties.

RESPONSIBILITIES AND DUTIES

As a general matter, in order to fulfill its purpose, the Committee shall be responsible for carrying out all of the duties specified by this Charter and the various laws, rules and regulations applicable to the Committee. However, except as otherwise specified by such applicable laws, rules and regulations, the Committee's authority has been designed so as to maximize the flexibility of the Committee to supplement or deviate from its prescribed duties when the members of the Committee deem it necessary or appropriate, taken in light of the Committee's purpose and policy stated above, to do so. Nothing in this Charter is intended to preclude or impair the protection provided in Section 141(e) of the Delaware General Corporation Law for good faith reliance by members of the Committee on reports or other information provided by others.

Subject to all of the foregoing, it is specifically intended that the Committee shall:

1. **Overall Compensation Strategy.** Review and make recommendations to the full Board regarding the overall compensation strategy and policies for the Company, including:

2. **Compensation of Chief Executive Officer.** Recommend to the Board for approval the compensation and other terms of employment of the Company's chief executive officer and evaluate the chief executive officer's performance in light of relevant corporate performance goals and objectives, taking into account, among other things, the policies of the Committee and the chief executive officer's performance in: (i) fostering a corporate culture that promotes the highest levels of integrity and the highest ethical standards; (ii) developing and executing the Company's long-term strategic plan and conducting the business of the Company in a manner appropriate to enhance long-term stockholder value; (iii) achieving any other corporate performance goals and objectives deemed relevant to the chief executive officer, as established by the Committee; and (iv) achieving the chief executive officer's individual performance goals and objectives. In determining the long-term incentive component of the chief executive officer's compensation, the Committee should seek to achieve an appropriate level of risk and reward, taking into consideration the Company's performance and relative stockholder return, the potential benefits and costs to the Company of the award, the value of similar incentive awards given to chief executive officers of comparable companies, the awards given to the Company's chief executive officer in past years and such other criteria as the Committee deems advisable. The chief executive officer may not be present during the Committee's voting or deliberations regarding his or her compensation.
3. **Compensation of Other Officers.** (i) Review and recommend to the Board for approval the individual and corporate performance goals and objectives of the Company's other officers (as that term is defined in Section 16 of the Exchange Act and Rule 16a-1 thereunder) that are periodically established; and (ii) recommend to the Board for approval the compensation and other terms of employment of these officers, taking into consideration each officer's success in achieving his or her individual performance goals and objectives and the corporate performance goals and objectives deemed relevant to the officer as established by the Committee, as well as in fostering a corporate culture that promotes the highest levels of integrity and the highest ethical standards.

Introduction

Ethics are important to Franklin Capital Corporation (Franklin Capital) and to each member of our management, our investment professionals and employees. Franklin Capital is committed to the highest ethical standards and to conducting our business with the highest level of integrity.

Each of us at Franklin Capital, including members of senior management and our Board of Directors, is responsible for maintaining this level of integrity and for complying with the policies contained in this Code. If you have a question or concern about what is proper conduct for you or anyone else, please raise these concerns with any member of management, or follow the procedures outlined in this Code.

Purpose of the Code

This Code is intended to:

help you recognize ethical issues and take the appropriate steps to resolve these issues;

deter ethical violations;

assist you in reporting any unethical or illegal conduct; and

reaffirm and promote our commitment to a culture within our company that values honesty and accountability. All employees, as a condition of employment or continued employment, will be required to annually acknowledge in writing that they have received a copy of this Code, read it, and understand that the Code contains Franklin Capital's expectations regarding employee conduct.

Conflicts of Interest

You must avoid any conflict, or the appearance of a conflict, between your personal interests and the interests of Franklin Capital. A conflict exists when your personal interest in any way interferes with the interests of Franklin Capital as a whole, or when you take any action or have any interest that may make it difficult for you to perform your job objectively and effectively. For example, a conflict of interest probably exists if:

you cause Franklin Capital to enter into business relationships with you or a member of your family, or invest in companies affiliated with you or a member of your family;

you use any nonpublic information about Franklin Capital, our affiliates, our lenders, our clients, or our other business partners for your personal gain, or the gain of a member of your family; or

you or a family member receive a loan, or guarantee of a loan or other obligation, as a result of your position with Franklin Capital.

You must disclose any conflicts of interest, or any action or relationship that might give rise to a conflict, to the President. In the event that the President is involved in the action or relationship giving rise to the conflict of interest, you should disclose the conflict to any other member of senior management.

Corporate Opportunities

Each of us has a duty to advance the legitimate interests of Franklin Capital when the opportunity to do so presents itself. Therefore, you may not:

take for yourself personally opportunities, including investment opportunities, discovered through the use of your position with Franklin Capital, or through the use of Franklin Capital's property or information;

use Franklin Capital's property, information, or position for your personal gain or the gain of a family member; or

compete, or prepare to compete, with Franklin Capital.

Public Disclosure

Franklin Capital is committed to a policy of full, fair, accurate, timely, and understandable disclosure to shareholders of all material information regarding our business. This policy extends to our filings with the SEC and to all other public communications. All individuals involved in our SEC reporting process and in preparing and making public communications regarding our business must take all reasonable steps to comply with this policy, including the steps described in our Disclosure Policy, Controls and Procedures.

Confidentiality

You must not disclose confidential information regarding Franklin Capital, our affiliates, our lenders, our clients, or our other business partners, unless disclosure is authorized or required by law. Confidential information includes all non-public information that might be harmful to, or useful to the competitors of, Franklin Capital, our affiliates, our lenders, our clients, or our other business partners.

Fair Dealing

You must endeavor to deal fairly with companies or individuals with whom we do business or come into contact with, including fellow employees of Franklin Capital and Franklin Capital's competitors. You must not take unfair advantage of these or other parties by means of:

manipulation;

concealment;

abuse of privileged information;

misrepresentation of material facts; or

any other unfair-dealing practice.

Incidental personal use of telephones, fax machines, copy machines, personal computers and similar equipment is generally allowed if there is no significant added cost to Franklin Capital, it does not interfere with an employee's work duties, and is not related to an illegal activity or to any outside business.

Compliance with Applicable Laws, Rules and Regulations

Each of us has a duty to comply with all laws, rules and regulations that apply to our business. In particular, you must comply with all laws, rules and regulations pertaining to:

Insider trading. It is against the law to buy or sell securities using material information that is not available to the public. Individuals who give this inside information to others may be liable to the same extent as the individuals who trade while in possession of such information. You must not trade in the securities of Franklin Capital, or the securities of our affiliates, our lenders, our clients, or our other business partners while in the possession of inside information.

Whistleblower protections. It is against the law to discharge, demote, suspend, threaten, harass, or discriminate in any manner against an employee who provides information or otherwise assists in investigations or proceedings relating to violations of federal securities laws or other federal laws prohibiting fraud against shareholders. You must not discriminate in any way against an employee who engages in these whistleblower activities.

Investment Company Act requirements. A separate code of ethics has been established to comply with the Investment Company Act of 1940 and is applicable to those persons designated in such code. Please talk to your supervisor or any member of senior management if you have any questions about how to comply with the above regulations and other laws, rules and regulations.

Equal Opportunity and Harassment

Franklin Capital is committed to providing equal opportunity in all of our employment practices including selection, hiring, promotion, transfer, and compensation of all qualified applicants and employees without regard to race, color, sex or gender, religion, age, national origin, handicap, disability, citizenship status, or any other status protected by law. With this in mind, there are certain behaviors that will not be tolerated. These include harassment, violence, intimidation, and discrimination of any kind involving race, color, religion, gender, age, national origin, disability, or marital status.

Accuracy of Company Records

Franklin Capital requires honest and accurate recording and reporting of information in order to make responsible business decisions. This includes such data as quality, safety, and personnel records, as well as financial records.

All financial books, records and accounts must accurately reflect transactions and events, and conform both to required accounting principles and to Franklin Capital's system of internal controls. No false or artificial entries may be made.

Retaining Business Communications

The law requires us to maintain certain types of corporate records, usually for specified periods of time. Failure to retain those records for those minimum periods could subject Franklin Capital to penalties and fines, cause the loss

of rights, obstruct justice, place Franklin Capital in contempt of court, or seriously disadvantage Franklin Capital in litigation.

From time to time Franklin Capital establishes retention or destruction policies in order to ensure legal compliance. Franklin Capital expects all employees to fully comply with any published records retention or destruction policies, provided that all employees should note the following exception: If an employee believes, or

Franklin Capital informs you, that Franklin Capital's records are relevant to litigation, or potential litigation, then all employees must preserve those records until Franklin Capital determines the records are no longer needed. This exception supersedes any previously or subsequently established destruction policies for those records. If an employee believes that this exception may apply, or has any questions regarding the possible applicability of that exception, please contact the President.

Political Contributions

No funds of Franklin Capital may be given directly to political candidates. Employees may, however, engage in political activity with their own resources on their own time.

Media Relations

Franklin Capital must speak with a unified voice in all dealings with the press and other media. As a result, except as otherwise designated by Franklin Capital's Chief Executive Officer, the Investor Relations Department is the sole contact for media seeking information about Franklin Capital. Any requests from the media must be referred to the Investor Relations Department.

Further, employees are prohibited from discussing or posting information regarding Franklin Capital in any external electronic forum, including Internet chat rooms or electronic bulletin boards.

Reporting Violations and Complaint Handling

You are responsible for compliance with the rules, standards and principles described in this Code. In addition, you should be alert to possible violations of the Code by Franklin Capital's employees, officers and directors, and you are expected to report a violation promptly. All reported concerns shall be forwarded to the Audit Committee and will be simultaneously addressed by our General Counsel in the same way that other concerns are addressed by us. The status of all outstanding concerns forwarded to the Audit Committee will be reported on a quarterly basis by our General Counsel. The Audit Committee may direct

that certain matters be presented to the full board and may also direct special treatment, including the retention of outside advisors or counsel, for any concern reported to it.

All reports will be investigated and whenever possible, requests for confidentiality shall be honored. And, while anonymous reports will be accepted, please understand that anonymity may hinder or impede the investigation of a report. All cases of questionable activity or improper actions will be reviewed for appropriate action, discipline or corrective actions. Whenever possible, we will keep confidential the identity of employees, officers or directors who are accused of violations, unless or until it has been determined that a violation has occurred.

There will be no reprisal, retaliation or adverse action taken against any employee who, in good faith, reports or assists in the investigation of, a violation or suspected violation, or who makes an inquiry about the appropriateness of an anticipated or actual course of action.
