PROXY STATEMENT

FOR

ANNUAL MEETING OF SHAREHOLDERS

APRIL 24, 2002

SOLICITATION OF PROXIES

The proxy statement and accompanying proxy are furnished in connection with the solicitation by the Board of Directors of Cash America International, Inc., a Texas corporation (the "Company"), of proxies to be voted at the Annual Meeting of Shareholders (the "Annual Meeting") to be held at the Fort Worth Club located on the 11th Floor of the Fort Worth Club Building, 306 West 7th Street, Fort Worth, Texas on Wednesday, April 24, 2002 at 9:00 a.m., Fort Worth Time and at any recess or adjournment thereof. The solicitation will be by mail, and this Proxy Statement and the accompanying form of proxy will be mailed to shareholders on or about March 27, 2002.

The enclosed proxy, even though executed and returned, may be revoked at any time prior to the voting of the proxy by giving written notice of revocation to the Secretary of the Company at its principal executive offices or by executing and delivering a later-dated proxy or by attending the Annual Meeting and voting in person. However, no such revocation shall be effective until such notice has been received by the Company at or before the Annual Meeting. Such revocation will not affect a vote on any matters taken prior to receipt of such revocation. Mere attendance at the Annual Meeting will not of itself revoke the proxy.

The expense of such solicitation will be borne by the Company and will include reimbursement paid to brokerage firms and other custodians, nominees and fiduciaries for their expenses in forwarding solicitation material regarding the meeting to beneficial owners. The Company has retained Georgeson Shareholder Communications, Inc. to assist in the solicitation of proxies from shareholders, and will pay such firm a fee for its services of approximately \$5,000.00. Further solicitation of proxies may be made by telephone or other electronic communication following the original solicitation by directors, officers and regular employees of the Company or by its transfer agent who will not be additionally compensated therefor, but will be reimbursed by the Company for out-of-pocket expenses.

Edgar Filing: CASH AMERICA INTERNATIONAL INC - Form DEF 14A

A copy of the Annual Report to Shareholders of the Company for its fiscal year ended December 31, 2001 is being mailed with this Proxy Statement to all shareholders entitled to vote, but it does not form any part of the information for solicitation of proxies.

VOTING SECURITIES OUTSTANDING; QUORUM

The record date for the determination of shareholders entitled to notice of and to vote at the Annual Meeting was the close of business on March 6, 2002 (the "Record Date"). At the close of business on March 6, 2002, there were 24,557,234 shares of Common Stock, par value \$.10 per share, issued and outstanding, each of which is entitled to one vote on all matters properly brought before the meeting. There are no cumulative voting rights. The presence in person or by proxy of the holders of a majority of the issued and outstanding shares of Common Stock on the Record Date is necessary to constitute a quorum at the Annual Meeting. Assuming the presence of a quorum, the affirmative vote of a majority of the shares of Common Stock present, or represented by proxy, and entitled to vote at the Annual Meeting is necessary for the election of directors and for ratification of the appointment of independent auditors. Shares voted for a proposal and shares represented by returned proxies that do not contain instructions to vote against a proposal

or to abstain from voting will be counted as shares cast for the proposal. Shares will be counted as cast against the proposal if the shares are voted either against the proposal or to abstain from voting. Broker non-votes will not change the number of votes for or against the proposal and will not be treated as shares entitled to vote, but such shares will be counted for purposes of determining the presence of a quorum.

PURPOSES OF THE ANNUAL MEETING

At the Annual Meeting, the shareholders of the Company will consider and vote on the following matters:

- (1) Election of nine (9) persons to serve as directors of the Company to hold office until the next annual meeting of shareholders or until their successors are duly elected and qualified;
- (2) Ratification of the appointment of PricewaterhouseCoopers LLP as independent auditors of the Company for the year 2002; and
- (3) Such other business as may properly come before the meeting or any adjournments thereof.

ELECTION OF DIRECTORS

The Company's Board of Directors for the ensuing year will consist of nine (9) members who are to be elected for a term expiring at the next annual meeting of shareholders or until their successors shall be elected and shall have qualified. The following slate of nine nominees has been chosen by the Board of Directors and the Board recommends that each be elected. Unless otherwise indicated in the enclosed form of Proxy, the persons named in such proxy intend to nominate and vote for the election of the following nominees for the office of director. Samuel W. Rizzo has chosen not to stand for re-election, and as a result is not a nominee. All of the nominees are presently serving as directors.

The Board of Directors held four meetings during the fiscal year ended December 31, 2001. Standing committees of the Board include the Executive Committee, Audit Committee, Executive Compensation Committee, Nominating Committee, and Stock Option Committee. The Executive Committee did not meet during fiscal 2001.

The Audit Committee's principal responsibilities are described under "Audit Committee Report" in this Proxy Statement. Its members are Messrs. Rizzo, McKibben and Morris. The Audit Committee held three meetings during fiscal 2001.

The Executive Compensation Committee oversees and administers the Company's executive compensation program and administers the Company's 1994 Long-Term Incentive Plan. Its decisions relating to executive compensation are reviewed by the full Board of Directors. Its members are Messrs. Hunter, Dike, and Graves. The Committee held one meeting during fiscal 2001.

3

The Nominating Committee serves to consider and recommend to the Board qualified candidates for inclusion on the slate of nominees for the Board of Directors. Its members are Messrs. Graves, McKibben and Micallef. The Committee was formed in 2002 and therefore did not meet in 2001.

The Stock Option Committee has the general duty to administer the Company's 1987 Stock Option Plan (with Stock Appreciation Rights) and the 1989 Key Employee Plan. Its members are Messrs. Dike, McKibben, Micallef and Motheral. The Stock Option Committee held no meetings during fiscal 2001.

All directors attended 75% or more of the total number of meetings of the Board and of committees on which they serve.

DIRECTORS' COMPENSATION

Directors each receive a retainer of \$2,500 per quarter. In addition, Board members receive \$3,000 per Board meeting attended, Executive Committee members receive meeting fees for each Executive Committee meeting attended (\$1,875 for the chair of the committee and \$1,500 for other members), and all other committee members receive meeting fees for each committee meeting attended (\$1,250 for the committee chairs and \$1,000 for the other members).

Effective October 25, 1989, options to purchase shares of the Company's common stock were granted under the 1989 Non-Employee Director Stock Option Plan (the "Non-Employee Director Plan") in the following amounts (after adjustment for stock splits in 1990 and 1992): 225,000 shares to each non-employee director

Edgar Filing: CASH AMERICA INTERNATIONAL INC - Form DEF 14A

serving on the Executive Committee of the Board of Directors (i.e., Messrs. Rizzo, Motheral and Morris), 150,000 shares to each other non-employee director with at least each two years of service on the Board of Directors as of the date of grant (i.e., Mr. Hunter) and 120,000 shares to each other non-employee director (i.e., Mr. Dike). The exercise price for all shares underlying such options is \$6.33 (after adjustment for stock splits in 1990 and 1992). The options expire October 25, 2004. As a condition to participation in the Non-Employee Director Plan, each director named above in this paragraph entered into a Consultation Agreement with the Company dated as of April 25, 1990. Under these Agreements, the non-employee directors have agreed to serve the Company in an advisory and consultive capacity. They do not receive any additional compensation under these Agreements, however.

The Company's 1994 Long-Term Incentive Plan also provides for the grant of stock options to non-employee directors. Under this Plan, non-employee directors receive options to purchase 5,000 shares of the Company's common stock upon joining the Board of Directors. Those directors continuing their service receive options for 2,500 shares at the time of each annual meeting of shareholders. In each case, the exercise price of the options is the closing price of the Company's common stock on the New York Stock Exchange on the day preceding the grant date. The options issued under this Plan vest one year after the grant date and expire upon the earlier of five (5) years after the director's retirement date or ten (10) years after the grant date.

COMPENSATION COMMITTEE REPORT

OVERALL EXECUTIVE COMPENSATION POLICIES

The basic philosophy of the Company's executive compensation program is to link the compensation of its executive officers to their contribution toward the enhancement of shareholder value. Consistent with that philosophy, the program is designed to meet the following policy objectives:

- Attracting and retaining qualified executives critical to the long-term success of the Company.
- Tying executive compensation to the Company's general performance and specific attainment of long-term strategic goals.
- Rewarding executives for contributions to strategic management designed to enhance long-term shareholder value.
- Providing incentives that align the executives' interests with those of the Company's shareholders.

ELEMENTS OF EXECUTIVE COMPENSATION

The Company's executive compensation program consists of the following elements designed to meet the policy objectives set out above:

Base Salary

The Committee sets the annual salary of the Company's Chief Executive Officer and reviews the annual salaries of the Company's other executive officers. In setting appropriate annual salaries, the Committee takes into consideration the minimum salaries set forth in certain executives' employment contracts (described elsewhere in this Proxy Statement), the level and scope of responsibility, experience, and performance of the executive, the internal fairness and equity of the Company's overall compensation structure, and the relative compensation of executives in similar positions in the marketplace. The Committee relies on information supplied by an outside compensation consulting firm pertaining to competitive compensation. The Company's executive compensation program is designed to position base salary at the 50th percentile of the competitive market and total cash compensation, including annual performance incentives, at the 75th percentile of the competitive market. The Committee believes that very few of the companies in the peer groups described

below under "Performance Graph" are included in the surveys used for compensation comparisons. Those surveys represent a much broader collection of U.S. companies.

Annual Incentive Compensation

The Company's executive compensation program consists of both short-term and long-term incentive components.

a. Short-Term Component

Under this component, the Company's executive officers are eligible to receive annual incentive cash bonuses depending on the extent to which the Company's operating performance for the year exceeds that of the previous year. In the event the Company's operating performance hits a specified target under the financial plan, then the officers' bonuses are equal to certain percentages of their annual base salaries. The bonus percentage varies depending upon the officer's position with the Company.

b. Long-Term Component

Under this component, the Company's executive officers are eligible to receive long-term incentive grants in the form of restricted stock and/or stock options, with the number of shares of stock and/or options to equal certain percentages of the officers' annual base salaries. The applicable percentage varies depending upon the officer's position with the Company. The allocation between restricted stock and stock options is determined by the Committee at its discretion. The Company's 1994 Long-Term Incentive Plan (the "1994 Plan") allows for these forms of stock-based long-term incentive compensation awards. This long-term incentive component is designed to further the objective of fostering and promoting improvement in long-term financial results and increases in shareholder value. The Company has granted options to its executive officers in recent years at an exercise price equal to the closing price of the Company's common stock on the New York Stock Exchange on the day preceding the date of grant. This arrangement rewards effective management that results in long-term increases in the Company's stock price. No options were granted in 2001. However, options granted to certain of the Company's executive officers in 2000 vest five years after the date of grant. However, vesting accelerates if the Company's stock price hits certain target levels: the options vest 50% if the stock price equals or exceeds 150% of the exercise price for twenty consecutive calendar days, and the options vest 100% if the stock price equals or exceeds 200% of the exercise price for twenty consecutive calendar days. This option grant provided that these executive officers would be eligible to receive a comparable grant of options three years after the grant date or upon 100% vesting of the options, whichever comes first. With the 2000 grant, the Company further strengthened the link between its senior management's interests and those of the Company's shareholders.

Deductibility Cap on Executive Compensation

A federal tax law enacted in 1994 disallows corporate deductibility for certain compensation paid in excess of \$1,000,000 to the Chief Executive Officer and the four other most highly paid executive officers. "Performance-based compensation," as defined in the tax law, is not subject to the deductibility limitation, provided certain shareholder approval and other requirements are met. Although the cash compensation paid to the Company's Chief Executive Officer and the four other most highly paid executive officers is well below the \$1,000,000 level in each case, the Committee determined that the Company should

Edgar Filing: CASH AMERICA INTERNATIONAL INC - Form DEF 14A

seek to ensure that future stock option and performance award compensation under the 1994 Plan qualifies as "performance-based compensation." Accordingly, the 1994 Plan is intended to meet the requirements of this tax law and thereby preserve full deductibility of both stock option and stock-based performance award compensation expense.

CEO'S COMPENSATION FOR FISCAL 2001

The fiscal 2001 salary of Mr. Daniel R. Feehan, Chief Executive Officer of the Company, was based primarily on his rights under his employment agreement with the Company. Under that agreement,

9

Mr. Feehan's minimum base salary was \$433,000. The Committee believes that the total cash compensation paid to Mr. Feehan was appropriate in light of the Company's accomplishments in 2001, most notably the improvement in the performance of the Company's core lending operations during the year.

These 2001 accomplishments also support the Committee's belief that the fiscal 2001 cash compensation of the Company's other executive officers was set at appropriate levels.

EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT AND CHANGE-IN-CONTROL ARRANGEMENTS

As a condition to receiving grants of options under the 1989 Key Employee Stock Option Plan for Cash America International, Inc., Messrs. Daugherty and Feehan entered into employment agreements with the Company dated April 25, 1990. Effective August 1, 1997, Messrs. Daugherty and Feehan entered into amended and restated employment agreements with the Company. In conjunction with his retirement from the position of Chief Executive Officer of the Company, Mr. Daugherty entered into an amended and restated employment agreement with the Company effective February 1, 2000. Mr. Feehan's employment agreement was amended effective April 29, 2001.

The initial term of Mr. Feehan's agreement expires April 30, 2006. Under his agreement, compensation is determined annually by the Company's Board of Directors, subject to minimum annual compensation of \$433,000. Included in the agreement is Mr. Feehan's covenant not to compete with the Company during the term of his employment and for a period of three years thereafter. The employment agreement also provides that if he is terminated by the Company other than for cause, the Company will pay to Mr. Feehan the remainder of his current

Edgar Filing: CASH AMERICA INTERNATIONAL INC - Form DEF 14A

year's salary plus an amount equal to his salary, at the then current rate, for a period equal to the greater of three years or the remainder of the term of the agreement, with that amount payable in thirty-six equal monthly installments. In the event he resigns or is terminated other than for cause within twelve months after a "change in control" of the Company (as that term is defined in the employment agreement), he will be entitled to earned and vested bonuses at the date of termination plus the remainder of his current year's salary (undiscounted) plus the present value (employing an interest rate of 8%) of five additional years' salary (for which purpose "salary" includes the annual rate of compensation immediately prior to the "change in control" plus the average annual cash bonus for the immediately preceding three year period).

The term of Mr. Daugherty's agreement expires January 31, 2005, with no provision for renewal or extension. His annual compensation under the agreement is \$200,000. Included in the agreement is Mr. Daugherty's covenant not to compete with the Company during the term of his employment and for a period of three years thereafter. The agreement also provides that if Mr. Daugherty is terminated by the Company other than for cause, the Company will pay him the remainder of his current year's salary plus an amount equal to his salary, at the then current rate, for a period equal to the greater of three years or the remainder of the term of the agreement, with that amount payable in thirty-six equal monthly installments. However, the agreement does not provide for any separation payment following a "change in control."

TRANSACTIONS WITH MANAGEMENT

In December 1999, the Company sold the assets of three of its pawnshop units, along with certain real estate, to Ace Pawn, Inc. ("Ace"), a corporation controlled by the Company's then Chairman of the Board and Chief Executive Officer Jack R. Daugherty. The sales price of \$4,520,000 for these assets was determined by the independent appraisal of a nationally recognized consulting firm, which was engaged at the direction of the Executive Compensation Committee

Edgar Filing: CASH AMERICA INTERNATIONAL INC - Form DEF 14A

of the Board of Directors. The Company financed Ace's purchase of the assets, receiving promissory notes secured by a security interest in all of Ace's assets. Mr. Daugherty also provided his personal guaranty of all of Ace's indebtedness under the notes. The notes bear interest at the rate of 10% per annum and require quarterly payments of principal and interest, with a final balloon payment in December 2002. During 2001, the highest unpaid balance of principal and accrued interest on these notes was \$3,223,155, and the unpaid balance at February 28, 2002 was \$3,162,665. The Company has a right of first refusal in the event of a proposed resale of these assets to a third party. The Company had owned these assets for more than two years at the time of the sale to Ace. Simultaneously with the purchase of the three pawnshops, Ace entered into standard form Franchise Agreements with the Company to operate the pawnshops as franchised "Cash America" units. The Board of Directors of the Company reviewed the

11

proposed transaction and, prior to the completion of the transaction, adopted the recommendation of the Executive Compensation Committee that the transaction be approved.

The Board of Directors of the Company adopted an officer stock loan program in 1994 and modified the program in 1996 and again in 2001. The purpose of the program is (i) to facilitate and encourage the ownership of Company common stock by the officers of the Company and (ii) to establish the terms for stock loan transactions with officers. Participants in the program can utilize loan proceeds to acquire and hold common stock of the Company by means of option exercises or otherwise. The stock to be held as a result of the loan must be pledged to the Company to secure the obligation to repay the loan. Under the terms of the loan, interest accrues at the "applicable Federal rate" for loans of this type, as published by the Internal Revenue Service from time to time. Interest is payable annually and may be paid with additional loan proceeds. Each loan has a one year maturity and is renewable thereafter for successive one year terms, except that the Committee could notify the borrower during any renewal term that the loan would not renew again after the next succeeding renewal term. The obligation becomes nonrecourse to the borrower upon the occurrence of any one of the following events: (i) a "change in control" of the Company, (ii) the borrower's involuntary termination of employment without cause, (iii) the borrower's death or long term disability while employed by the Company, or (iv) the borrower's retirement at age 60 or older. The aggregate principal balance of all outstanding loans under the program may not exceed \$10,000,000 at any time. As of February 28, 2002, Messrs. Feehan, Kauffman, and Bessant had stock loans outstanding under this program in the aggregate principal amounts of \$2,560,530, \$413,398, and \$348,588, respectively. These were also the highest amounts by which these individuals were indebted under the program during 2001.
