Lee Ranch Coal Company Retirement and Savings Plan for Salaried Employees

Notes to Unaudited Financial Statements

Years Ended December 31, 2002 and 2001

1. DESCRIPTION OF THE PLAN

The following description of the Lee Ranch Coal Company (the Company) Retirement and Savings Plan for Salaried Employees (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Effective at the end of the day on December 31, 2002, the Lee Ranch Coal Company Retirement and Savings Plan for Hourly Employees (the Hourly Plan) was merged into the Plan. All assets of the Hourly Plan were merged with the assets of the Plan on that date to form the Lee Ranch Coal Company Retirement and Savings Plan. Effective at the end of the day on December 31, 2002, the Plan's participants became participants in the Lee Ranch Coal Company Retirement and Savings Plan.

GENERAL

The Plan is a defined contribution plan covering all salaried employees of the Company. Employees are eligible for participation in the Plan on the date of their employment or any time afterward. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan allows participants to invest among several mutual funds and common/collective trusts. Effective October 2001, the Plan allows participants to invest in the Peabody Energy Stock Fund, as a result of Peabody Energy Corporation's initial public offering of common stock in May 2001. All investments in the Plan are participant-directed.

CONTRIBUTIONS

Each year, participants may contribute from 2% to 50% of pretax or after-tax annual compensation, as defined in the Plan. Prior to April 1, 2002,

## Edgar Filing: PEABODY ENERGY CORP - Form 11-K

participants could contribute up to 16% of pretax or after-tax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

#### Notes to Unaudited Financial Statements (continued)

##### 1. DESCRIPTION OF THE PLAN (CONTINUED)

Effective April 1, 2002, in the calendar year that a participant is age 50 or older and each year thereafter, certain participants meeting additional specific criteria will be permitted to make catch-up contributions to the Plan. Participants will be able to contribute amounts over and above the maximum otherwise permitted by the Plan, subject to certain limitations.

The Company makes matching contributions of an amount equal to 100% of the first 4% of compensation that a participant contributes to the Plan on a pretax basis. After a participant's pretax contributions reach the pretax limit established by the Internal Revenue Service (IRS), the Company matches an amount equal to 100% of the first 4% of compensation that a participant contributes to the Plan on an after-tax basis. Matching contributions are made in cash each pay period, and are invested according to the employee's investment elections.

##### PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### VESTING

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts is based on years of continuous service. Employer matching contributions become 20% vested for each year of service, as defined, with 100% vesting after five years of service. A year of service is defined as any 12-month period during which the employee completes at least 1,000 hours of service.

##### PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with the prime interest rate as published in The Wall Street Journal on the first business day of the month in which the loan was made. Principal and interest is paid ratably through payroll deductions.

### 1. DESCRIPTION OF THE PLAN (CONTINUED)

#### PAYMENT OF BENEFITS

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant may also elect to take a withdrawal of all or a portion of his or her employee after-tax contribution account after being a participant for three months. This withdrawal cannot be made more than once in any three-month period. Withdrawals in cases of hardship, as defined in the Plan, are also permitted.

#### FORFEITED ACCOUNTS

Employer contributions are reduced by forfeitures of nonvested amounts. The forfeiture credits amount to \$3,708 and \$2,768 for the years ended December 31, 2002 and 2001, respectively.

#### PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants' accounts become fully vested.

#### ADMINISTRATIVE EXPENSES

The administrative expenses of the Plan are paid by the Company. Loan fees are paid by participants.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### BASIS OF ACCOUNTING

#### USE OF ESTIMATES

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities at the date of the financial statements, and reported amounts of additions and deductions during the reporting period. Actual results could differ from these estimates.

#### VALUATION OF INVESTMENTS AND INCOME RECOGNITION

The Plan's investments are stated at fair value. Shares of mutual funds are
