(c) Exhibits.

The following exhibits are  
hereby filed as part of this  
Current Report on Form 8-K:

Exhibit 99.1 Press Release dated August 4, 2004 regarding the Registrant's financial and operating results for the three and six months ended June 30, 2004.

**Item 12. Results of Operations and Financial Condition.**

The information in this Form 8-K and the Exhibit attached hereto shall not be deemed filed for purposes of Section 18 of the Securities Act of 1934, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.

On August 4, 2004, Comstock Resources, Inc. ( Comstock ) announced financial results for the three and six months ended June 30, 2004. A copy of the press release announcing Comstock's financial results for the three and six months ended June 30, 2004 is attached hereto as Exhibit 99.1.

The earnings press release contains financial measures that are not in accordance with generally accepted accounting principles in the United States ( GAAP ). Comstock has provided reconciliations within the earnings release of the non-GAAP financial measures to the most directly comparable GAAP financial measures. Operating cash flow is presented in the earnings release because management believes it to be useful to investors. EBITDAX is presented in the earnings release because management believes that EBITDAX, which represents Comstock's results from operations before interest, income taxes, and certain non-cash items, including depreciation, depletion and amortization and exploration expense, is a common alternative measure of operating performance used by certain investors and financial analysts. The non-GAAP financial measures described above should be considered in addition to, but not as a substitute for, measures of financial performance prepared in accordance with GAAP that are presented in the earnings release.
