PROXY STATEMENT

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Ennis, Inc., a Texas corporation (Ennis, the Company, we, us, or our), for use at the Annual Meeting of Shareholders of Ennis, Inc. (Annual Meeting) to be held on Thursday, June 28, 2007, at One Community Circle, Midlothian, Texas 76065, commencing at 10:00 am, local time, and at any adjournment or postponement, for the purpose of considering and acting upon the matters set forth in the accompanying Notice of Annual Meeting of Shareholders.

This Proxy Statement and accompanying forms of proxy and voting instructions are first being mailed on or about May 31, 2007 to shareholders entitled to vote at the Annual Meeting. For information about shareholders' eligibility to vote at the Annual Meeting, shares outstanding on the record date and the ways to submit and revoke a proxy, please see *What will occur at the Annual Meeting* and *How do I vote* sections below.

Annual Report

A copy of the Company's Annual Report on Form 10-K to shareholders for the fiscal year ended February 28, 2007 has been sent simultaneously with this Proxy Statement. Additional copies of our Annual Report on Form 10-K and/or Proxy Statement are available without charge to shareholders upon written request to Investor Relations Department, Ennis, Inc. P.O. Box 403, Midlothian, Texas 76065-0403 or via the Internet at www.ennis.com.

Recommendation of the Board of Directors

The Board of Directors recommends a vote FOR the Board's proposal to elect the nominated Directors.

QUESTIONS AND ANSWERS

Why did I receive this Proxy Statement?

We are providing these proxy materials in connection with the solicitation by the Board of Directors of Ennis, Inc. of proxies to be voted at our 2007 Annual Meeting of Shareholders (Annual Meeting).

You are invited to attend our Annual Meeting on June 28, 2007 at 10:00 a.m., local time. The Annual Meeting is open to all holders of our Common Stock. Each shareholder is permitted to bring one guest. The meeting will be held at the Midlothian Community center located at One Community Circle, Midlothian, Texas 76065.

The Notice of 2007 Annual Meeting of Shareholders, Proxy Statement, form of proxy and voting instructions are being mailed on or about May 31, 2007.

I may have received more than one Proxy Statement. Why?

If you received more than one Proxy Statement, your shares are probably registered differently or are in more than one account. Please vote each proxy card that you received.

How does the Board recommend that I vote my shares?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board. The Board's recommendation can be found with the description of each item in this Proxy Statement. In summary, the Board recommends a vote:

***FOR* the Board's proposal to elect the nominated Directors.**

What will occur at the Annual Meeting?

We will determine whether enough shareholders are present at the meeting to conduct business. Your shares are counted as present at the Annual Meeting if you attend the meeting and vote in person or if you properly return a proxy by mail. In order for us to hold our meeting, holders of a majority of our outstanding shares of our Common Stock as of April 30, 2007 must be present in person or by proxy at the meeting. This is referred to as a quorum. Absentions and broker non-votes will be counted for purposes of establishing a quorum at the meeting.

All shareholders of record at the close of business on April 30, 2007 will be entitled to vote on matters presented at the meeting or any adjournment thereof. On April 30, 2007, there were 25,585,451 shares of our Common Stock issued and outstanding. The holders of a majority, or 12,792,726 of the shares of our Common Stock entitled to vote at the meeting, must be represented at the meeting in person or by proxy to have a quorum for the transaction of business at the meeting and to act on the matters specified in the Notice.

If enough shareholders are present at the meeting to conduct business, then we will vote to elect as members of our Board of Directors for a three-year term (Michael J. Schaefer, Kenneth G. Pritchett, and James C. Taylor) and any other business properly coming before the meeting.

After each proposal has been voted on at the meeting, we will discuss and take action on any other matter that is properly brought before the meeting. We have hired Computershare Investor Services, LLC, our transfer agent, to count the votes represented by proxies cast by ballot. Employees of Computershare Investor Services, LLC and the Company will act as Inspectors of election.

We know of no other matters that will be presented for consideration at the Annual Meeting. If, however, other matters or proposals are presented and properly come before the meeting, the proxy holders intend to vote all proxies in accordance with their best judgment in the interest of Ennis, Inc. and our shareholders.

Table of Contents

A representative of Grant Thornton LLP, our independent accountants, is expected to be present at the Annual Meeting and will be afforded an opportunity to make a statement, if such representative so desires, and to respond to appropriate questions.

What is a broker non-vote?

If a broker does not have discretion to vote shares held in street name on a particular proposal and does not receive instructions from the beneficial owner on how to vote those shares, the broker may return the proxy card without voting on that proposal. This is known as a *broker non-vote*. Broker non-votes will have no effect on the vote for the election of directors.

How many votes are necessary to elect the nominees for director?

The nominees for election as directors at the Annual Meeting who receive the highest number of FOR votes will be elected as directors, provided a quorum is present. This is called plurality voting. Unless you indicate otherwise on your proxy card, the persons named as your proxies will vote your shares FOR all the nominees for director named in this Proxy Statement.

With respect to the election of directors, shareholders have cumulative voting rights, which means that each shareholder entitled to vote (a) has the number of votes equal to the number of shares held by such shareholder multiplied by the number of directors to be elected and (b) may cast all such votes for one nominee or distribute such shareholder's votes among the nominees as the shareholder chooses. The right to cumulate votes may not be exercised until a shareholder has given written notice of the shareholder's intention to vote cumulatively to the corporate secretary on or before the day preceding the election. If any shareholder gives such written notice, then all shareholders entitled to vote or their proxies may cumulate their votes. Upon such written notice, the persons named in the accompanying form of proxy may cumulate their votes. As a result, the Board also is soliciting discretionary authority to cumulate votes.

What if a nominee is unwilling or unable to serve?

The persons nominated for election to our Board of Directors have agreed to stand for election. However, should a nominee become unable or unwilling to accept nomination or election, the proxies will be voted for the election of such other person as the Board may recommend. Our Board of Directors has no reason to believe that the nominees will be unable or unwilling to serve if elected, and to the knowledge of the Board, the nominees intend to serve the entire term for which election is sought.

How do I vote?

You can vote either in person at the meeting or by *proxy* without attending the meeting.

To vote by proxy, you must fill out the enclosed proxy card, date and sign it, and return it in the enclosed postage-paid envelope.

Even if you plan to attend the meeting, we encourage you to vote your shares by proxy. If you plan to vote in person at the Annual Meeting, and you hold your Company stock in street name, you must obtain a proxy from your broker and bring that proxy to the meeting.

If you hold your stock through the Company's employee benefit plans, you will receive a proxy card with instructions to vote, which are the same as any other shareholder.

What if I want to change my vote?

You can change or revoke your vote at any time before the polls close at the Annual Meeting. You can do this by:

Signing another proxy card with a later date and returning it to us prior to the meeting, or

Sending our Corporate Secretary a written document revoking your earlier proxy, or

Voting again at the meeting.

Table of Contents

Will my shares be voted if I don't provide my proxy and don't attend the Annual Meeting?

If you do not provide a proxy or vote your shares held in your name, your shares will not be voted.

If you hold your shares in street name, your broker may be able to vote your shares for certain routine matters even if you do not provide the broker with voting instructions. The election of directors for 2007 is considered a routine matter. For matters not considered routine, if you do not give your broker instructions on how to vote your shares, the broker may return the proxy card without voting on that proposal. This is a *broker non-vote*.

If you hold your shares through one of the Company's employee benefit plans and do not vote your shares, your shares (along with all other shares in the plan for which votes are not cast) will be voted pro rata by the trustee in accordance with the votes directed by other participants in the plan who elect to act as a fiduciary entitled to direct the trustee of the applicable plan on how to vote the shares.

How are votes counted?

In the election of directors, you may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. Votes that are withheld will be counted for purposes of determining the presence or absence of a quorum but will have no other effect on the election of directors. For any other proposal, you may vote FOR, AGAINST, or ABSTAIN. If you ABSTAIN, it has the same effect as a vote AGAINST.

What if I return my proxy but don't vote for some of the matters listed on my proxy card?

If you return a signed card without indicating your vote, your shares will be voted FOR the nominee directors listed on the card.

How do I raise an issue for discussion or vote at the next Annual Meeting?

Under SEC rules, a shareholder who intends to present a proposal, including the nomination of directors, at the 2008 Annual Meeting of Shareholders and who wishes the proposal to be included in the Proxy Statement for that meeting must submit the proposal in writing to our Corporate Secretary. The proposal must be received no later than February 29, 2008.

All written proposals should be directed to Investor Relations Department, Ennis, Inc., P.O. Box 403, Midlothian, Texas 76065-0403.

The Nominating and Corporate Governance Committee is responsible for selecting and recommending director candidates to our Board, and will consider nominees recommended by shareholders. If you wish to have the Nominating and Corporate Governance Committee consider a nominee for director, you must send a written notice to the Company's Corporate Secretary at the address provided above and include the information required by the Nominating and Corporate Governance Committee Charter and discussed in the section entitled *Director Nominating Processes* of this Proxy Statement.

Who will pay for the cost of this solicitation?

Our Board has sent you this Proxy Statement. Our directors, officers, and employees may solicit proxies by mail, by telephone or in person. Those persons will receive no additional compensation for any solicitation activities. We will request banking institutions, brokerage firms, custodians, trustees, nominees and fiduciaries to forward solicitation materials to the beneficial owners of our Common Stock held of record by those entities, and we will, upon the request of those record holders, reimburse reasonable forwarding expenses. We will pay the costs of preparing, printing, assembling and mailing the proxy materials used in the solicitation of proxies.

Where can I find the voting results of the Annual Meeting?

We will announce the voting results at the Annual Meeting and will publish the results in our quarterly report on Form 10-Q for the quarter ending August 31, 2007. We will file that report with the Securities and Exchange

Table of Contents

Commission on or before October 10, 2007. This Form 10-Q will be available without charge to shareholders upon written request to Investor Relations Department, Ennis, Inc., P.O. Box 403, Midlothian, Texas 76065-0403 or via the Internet at *www.ennis.com*.

How can I access the Company's proxy materials and Annual Report electronically?

The Proxy Statement and 2007 Annual Report on Form 10-K are available on our website at *www.ennis.com* in the Investor Relations section.

ELECTION OF DIRECTORS

The number of directors who shall constitute the Company's Board of Directors is currently set at nine. The Board of Directors consists of three classes serving staggered three-year terms. Directors for each class are elected at the Annual Meeting of Shareholders held in the year in which the term for their class expires.

Our Board of Directors proposes the election of Michael J. Schaefer, Kenneth G. Pritchett, and James C. Taylor as directors, to hold office for a term of three years, expiring at the close of our Annual Meeting of Shareholders to be held in 2010, or until their successors are duly elected and qualified. Mr. Schaefer, our new nominee, was introduced to our Nomination and Corporate Governance Committee by Mr. Pritchett, the Chairman of the Compensation Committee. It is the Board's opinion that because of the Candidates' business experience and Mr. Pritchett's and Mr. Taylor's tenure as directors, they are sufficiently familiar with the Company and its business to be able to competently direct and manage the Company's business affairs. Biographical information on Mr. Schaefer, Mr. Pritchett, and Mr. Taylor is set forth below in Directors' Summary of Our Independent Directors.

If Mr. Schaefer, Mr. Pritchett, or Mr. Taylor becomes unavailable for election, which is not anticipated, the proxies will be voted for the election of such other person as the Board may recommend.

CORPORATE GOVERNANCE MATTERS

General

Our Corporate Governance Guidelines address the following matters, among others: director qualifications, director responsibilities, Board Committees, director access to officers, employees and independent advisors, director compensation, Board performance evaluations, director orientation and continuing education, CEO evaluation and succession planning. The Corporate Governance Guidelines also contain categorical standards, which are consistent with the standards set forth in the New York Stock Exchange (NYSE) listing standards, to assist the Board in determining the independence of the Company s directors. A copy of these guidelines is available free of charge upon written request to Investor Relations Department, Ennis, Inc., P.O. Box 403, Midlothian, Texas 76065-0403 or via the Internet at www.ennis.com.

Board Size

The Company s Bylaws provide that the number of directors will be nine.

Director Independence

Our Governance Guidelines provide that the Board of Directors is to be composed of a majority of independent directors. The Board has determined that each non-employee director meets the standards regarding independence set forth in the Corporate Governance Guidelines of the Company and in compliance with NYSE rules and has no material relationship with the Company. The Board of Directors has determined that the independent directors, which will consist of Mr. Gardner, Mr. Price, Mr. Pritchett, Mr. Quiroz, Mr. Taylor, Mr. Long and Mr. Schaefer, after election, constitute a majority of the Board. In addition, Mr. Harold W. Hartley, who has served as a director of the Company since 1971 and announced his intention to retire and not to stand for reelection at the Annual Meeting, was considered an independent director during fiscal year 2007.

Criteria for Membership on the Board

When identifying director nominees, the Nominating and Corporate Governance Committee (the Committee) seeks director candidates with high personal and professional ethics, integrity and values, that have outstanding records of accomplishments in their chosen business or profession, and who will be committed to representing the long-term interest of the Company s shareholders. The Board seeks members reflecting a range of talents, ages, skills, diversity, and expertise, particularly in the areas of accounting and finance, management, domestic and international markets and leadership sufficient to provide sound and prudent guidance with respect to the Company s operations and interests. The Company also requires that its Board members be able to dedicate the time and resources sufficient to ensure the diligent performance of their duties on the Company s behalf, including attending Board and applicable committee meetings.

Director Nomination Process

The charter of our Nominating & Corporate Governance Committee (the Nominating Committee) allows shareholders to recommend to the Nominating Committee candidates for membership on the Board of Directors. To recommend a candidate for director using this process, the shareholder must follow procedures set forth in the Nominating Committee Charter and the candidate must meet the qualification standards set forth in the Company s Corporate Governance Guidelines.

Only shareholders that have owned at least 5% of the outstanding shares of our Common Stock for more than one year from the date of the shareholder s recommendation may submit the name of a candidate for the Nominating Committee to consider for nomination. To propose a candidate, the shareholder must provide the following information in the shareholder s notice:

Name of the candidate;

A resume and brief biographical sketch of the candidate;

Proof that the shareholder owns 5% or more of the outstanding shares of our Common Stock;

Table of Contents

Proof that the shareholder has owned at least 5% of the outstanding shares of our Common Stock for more than one year from the date of the shareholder's recommendation; and

The candidate's consent and willingness to serve on the Board if elected.

To include a candidate in any proxy statement for the election of directors, the Company will also need the following information:

The nominee's name, age and business and residence address;

The nominee's principal occupation or employment;

The class and number of shares of our Common Stock, if any, owned by the nominee;

The name and address of the nominating shareholder as they appear on the Company's books;

The class and number of shares of our Common Stock owned by the nominating shareholder as of the record date for the annual meeting (if this date has been announced) and as of the date of the notice;

A representation that the shareholder intends to appear in person or by proxy at the meeting to nominate the candidate specified in the notice;

A description of all arrangements or understandings between the shareholder and the nominee; and

Any other information regarding the nominee or shareholder that would be required to be included in a Proxy Statement relating to the election of directors.

Candidates recommended by the Company's shareholders are evaluated on the same basis as candidates recommended by the Company's directors, CEO, other executive officers, third party search firms or other sources. The Nominating Committee will request and review the resume of any of the candidates based on the qualifications set forth in the Nominating Committee Charter and the Company's Governance Guidelines. There can be no more than one shareholder nominee in our Proxy Statement for any given Annual Meeting.

Board Responsibilities

Our business is managed under the direction of the Board. The Board monitors management on behalf of the shareholders. Among the Board's major responsibilities are:

Selection, compensation and evaluation of the Executive Officers and oversight of succession planning for the Chief Executive Officer;

Assurance that processes are in place to promote compliance with law and high standards of business ethics;

Oversight of Ennis's strategic planning;

Approval of all material transactions and financings;

Understanding Ennis's financial statements and other disclosures and evaluating and changing where necessary the process for producing accurate and complete reporting;

Using its experience to advise management on major issues facing Ennis; and

Evaluating the performance of the Board and its committees and making appropriate changes where necessary.

Directors are expected to maintain a good attendance record, and familiarize themselves with any materials distributed prior to each Board or committee meeting. All directors may place items on agendas for Board meetings.

The chair of the Committee clears agendas for the meeting of committees of the Board, and committee members may place items on the agenda.

Board Meetings and Executive Sessions

The Board of Directors not only holds regular quarterly meetings, but also holds other meetings each year to review the Company's strategy, to approve its annual business plan and annual budget, and to act on the Company's regulatory filings with the SEC. The Board of Directors also communicates informally with management on a regular basis.

Table of Contents

Non-employee directors meet by themselves, without management or employee directors present, at every regularly scheduled Board meeting.

These executive sessions are led by the Chair of the committee that has primary responsibility for the issue being discussed (e.g., the Audit Committee Chair would lead a discussion of audit-related matters). When it is not apparent which committee has specific responsibility for the subject matter, the Chairmen of the Committees will preside on a rotating basis.

Committees of the Board

The Board has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee and are comprised entirely of independent directors. Each committee also holds regular executive sessions at which only committee members are present.

Director Access to Management and Independent Advisors

All directors are able to directly contact members of management, including, in the case of the Audit Committee, direct access to the head of internal audit. Broad management participation is encouraged in presentations to the Board, and executive management frequently meets with Board members on an individual basis. The Board and its Committees are empowered to hire, at the Company's expense, their own financial, legal and other experts to assist them in addressing matters of importance to the Company.

Board Self-Evaluation

The Board of Directors conducts a self-evaluation of its performance annually, which includes a review of the Board's composition, responsibilities, leadership and committee structure, processes and effectiveness. Each committee of the Board conducts a similar self-evaluation with respect to such committee.

Director Orientation and Education

Directors are provided extensive material regarding Ennis upon their initial election to the Board, including a binder containing information regarding Ennis and its policies and various administrative and legal matters. Other orientation procedures include meetings with senior executives of the Company in its major business units. Board meetings are occasionally held outside the corporate office to permit directors to visit operating locations of Ennis subsidiaries.

Non-Employee Director Compensation and Stock Ownership

The Board of Directors is responsible for establishing compensation for the Company's non-employee directors. At least every three years (completed most recently in 2006), the Nominating and Corporate Governance Committee reviews, with assistance from an outside consultant, currently PricewaterhouseCoopers LLP, the compensation for non-employee directors, including reviewing compensation provided to non-employee directors at other companies, and makes a recommendation to the Board for its approval. It is the Company's policy that a portion of non-employee directors' compensation should be equity-based. For details on the compensation currently provided to non-employee directors, please see *Director Compensation* section of this proxy statement.

Directors are encouraged but not required to own Common Stock of the Company. For additional information of Director stock ownership, please see *Security Ownership of the Board of Directors and Executive Officers* section of this Proxy Statement.

The Company also expects all directors to comply with all federal, state and local laws regarding trading in securities of the Company and disclosing material, non-public information regarding the Company. The Company has procedures in place to assist directors in complying with these laws.

Table of Contents

Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics for Directors and Employees designed to help Directors and employees resolve ethical issues in an increasingly complex global business environment. Our Code of Business Conduct and Ethics applies to all Directors and employees, including the Chief Executive Officer, the Chief Financial Officer, and all Senior Financial Officers. Our Code of Business Conduct and Ethics covers topics including, but not limited to, conflicts of interest, insider trading, competition and fair dealing, discrimination and harassment, confidentiality, payments to government personnel, anti-boycott laws, U.S. embargos and sanctions, compliance procedures and employee complaint procedures. Our Code of Business Conduct and Ethics is posted on our website under the Corporate Governance caption in the Investor Relations section. A copy of the Code of Business Conduct and Ethics is available free of charge by contacting Investor Relations Department, Ennis, Inc. P.O. Box 403, Midlothian, TX 76065-0403.

Communication with the Board

The Board of Directors maintains a process for shareholders and interested parties to communicate with the Board. Shareholders may e-mail, call or write to the Board, as more fully described on the Company's website under the Corporate Governance caption. Communications addressed to individual Board members and clearly marked as shareholder communications will be forwarded by the Corporate Secretary unopened to the individual addressed. Any communications addressed to the Board and clearly marked as shareholder communications will be forwarded by the Corporate Secretary unopened to James C. Taylor, Chairman of the Nominating and Corporate Governance Committee.

DIRECTORS

Term

The Company's directors consist of three classes serving in staggered three-year terms. Directors for each class are elected at the Annual Meeting of Shareholders held in the year in which the term for their class expires.

Director Independence and Qualifications

As set forth in the Company's Corporate Governance Guidelines, in selecting its slate of nominees for election to the Board, the Nominating and Corporate Governance Committee and the Board have evaluated, among other things, each nominee's independence, satisfaction of regulatory requirements, financial literacy, personal and professional accomplishments and experience in light of the needs of the Company, and with respect to incumbent directors, past performance on the Board. See *Corporate Governance Matters-Criteria for Membership on the Board* section of this proxy statement. The Board has determined that all three nominees have no material relationship with the Company either directly or indirectly and are independent within the meaning of the listing requirements of the NYSE. In addition, the Board has determined that each director nominee is financially literate and possesses the high level of skill, experience, reputation and commitment that is mandated by the Board. Presented below is the biographical information of all our Board members, including the nominees (Messrs. Schaefer, Pritchett and Taylor.)

Potential directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the Company's shareholders. In addition to reviewing a candidate's background and accomplishments, candidates for director nominees are reviewed in the context of the current composition of the Board and the evolving needs of the Company's businesses. Table of Contents**AUDIT-RELATED MATTERS****Audit Committee Report**

The Audit Committee of the Board (the "Audit Committee") is responsible for providing independent, objective oversight of the Company's financial reporting functions and internal control systems. The Audit Committee is currently composed of five non-employee directors. The Board has determined that the members of the Audit Committee satisfy the requirements of the NYSE as to independence, financial literacy and expertise. The Board has determined that at least one member, James B. Gardner, is an audit committee financial expert as defined by the SEC. The responsibilities of the Audit Committee are as set forth in the written charter adopted by the Company's Board and last amended on January 13, 2004. One of the Audit Committee's primary responsibilities is to assist the Board in its oversight of the integrity of the Company's financial statements. To assist it in fulfilling its oversight, the Committee regularly meets separately with the internal auditor, the independent auditors, management and the Company's outside counsel. The following report summarizes certain of the Committee's activities in this regard during the fiscal year ended February 28, 2007.

Independent Auditors and Internal Audit Matters

The Audit Committee has discussed with the Company's independent auditors their plan for the audit of the Company's annual consolidated financial statements, including the independent auditors' evaluation of management's assessment of and the effectiveness of the Company's internal control over financial reporting, as well as reviews of the Company's quarterly financial statements. During fiscal 2007, the Audit Committee met regularly with the independent auditors, with and without management present, to discuss the results of their audits and reviews, as well as their evaluations of the Company's internal control over financial reporting and the overall quality of the Company's accounting principles. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with the independent auditors the auditors' independence from the Company and its management. In determining that the auditors are independent, the Committee also considered whether the provision of any of the non-audit services described in *Independent Auditor's Services and Fees* section of this proxy is compatible with maintaining their independence. The Audit Committee has also appointed Grant Thornton LLP as the Company's independent auditors for fiscal year 2008, and the Board concurred in its appointment.

The Audit Committee has reviewed and approved the annual internal audit plan and has met regularly with the Company's internal auditor, with and without management present, to review and discuss the internal audit reports, including reports relating to operational, financial and compliance matters.

Financial Statements for the Fiscal Year Ended February 28, 2007

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal and disclosure controls (including internal control over financial reporting). The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements and internal control over financial reporting and expressing opinions on (i) the conformity of the consolidated financial statements with U.S. generally accepted accounting principles and (ii) management's assessment of and the effectiveness of the Company's internal control over financial reporting.

In this context, the Audit Committee has met and held discussions with management and the independent auditors with respect to the Company's audited financial statements for the fiscal year ended February 28, 2007. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles.

In connection with its review of the Company's year-end financial statements, the Audit Committee has reviewed and discussed with management and the independent auditors the consolidated financial statements, management's assessment of the effectiveness of the Company's internal control over financial reporting and the independent auditors' evaluation of management's assessment of and the effectiveness of the Company's internal control over financial reporting. The Audit Committee also discussed with the independent auditors matters

Table of Contents

required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as amended, including the quality and acceptability of the Company's accounting policies, financial reporting processes and controls.

In performing its functions, the Audit Committee acts only in an oversight capacity and necessarily relies on the work and assurances of the Company's management and independent auditors, which, in their reports, express opinions on the conformity of the Company's annual financial statements with U.S. generally accepted accounting principles and management's assessment of and the effectiveness of the Company's internal control over financial reporting. In reliance on the reviews and discussions referred to in this Report and in light of its role and responsibilities, the Audit Committee recommended to the Board of Directors, and the Board approved, that the audited financial statements of the Company be included in the Company's Annual Report on Form 10-K for the fiscal year ended February 28, 2007 for filing with the SEC.

Policy Regarding Pre-Approval of Services Provided by the Independent Auditors

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services and tax services and may include, to a very limited extent, specifically designated non-audit services, which in the opinion of the Audit Committee, will not impair the independence of the registered public accounting firm. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. In addition, the Audit Committee may, as required, also pre-approve particular services on a case-by-case basis.

Independent Auditor's Services and Fees

Grant Thornton LLP served as our independent registered public accounting firm during our fiscal years ended February 28, 2007 and 2006. For the fiscal year ended February 28, 2007 and 2006, we were billed the following fees by Grant Thornton LLP.

	Fiscal 2007	Fiscal 2006
Audit Fees (1)	\$819,286	\$846,348
Audit-Related Fees (2)		
Tax Fees (3)	54,014	72,888
All Other Fees (4)	750	2,100
	\$874,050	\$921,336

(1) Aggregate fees for professional services billed for the audit of the Company's consolidated financial statements and

review of the interim consolidated financial statements included in quarterly reports and services that are normally provided by the independent registered public accounting firm in conjunction with statutory and regulatory filings or engagements.

- (2) Aggregate fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements and are not reported under Audit Fees. Their services include accounting consultations in connection with acquisitions, attest services that are not required by statute or regulations.
- (3) Fees for tax services, tax advice, state, federal and

international tax
consultation.

- (4) Fees for
information
services.

The Audit Committee has concluded that the provision of the non-audit services listed above is compatible with maintaining the independence of Grant Thornton LLP. During the year, approximately \$27,934, or 51% of the total fiscal year 2007 non-audit fees were approved by the Audit Committee pursuant to their pre-approval policy.

Executive Compensation

Compensation Discussion and Analysis

The following section describes our compensation structure and programs for our executive officers, including our named executive officers. The discussion primarily focuses on the compensation elements and decisions during our fiscal year ended February 28, 2007. We address why we believe the elements of our program are right for our Company and our shareholders as we explain how compensation is determined.

Ennis currently has five named executive officers. They have the broadest job responsibilities and policy authority in the Company. They are held accountable for the Company's performance and for maintaining a culture of strong ethics and integrity. The details of compensation for our CEO, CFO and three other named executive officers can be found in the tables within this section.

Overview

Who is responsible for determining the compensation of executive officers?

The Compensation Committee (the Committee) of our Board of Directors determines compensation for all executive officers, including named executive officers. The Committee consists entirely of independent directors who are determined by the Nominating and Corporate Governance Committee of the Board of Directors. The committee reviews the performance of the Company, assesses the performance of the individuals, and confers with an independent consultant from PricewaterhouseCoopers, LLP about compensation for comparable executives within the manufacturing industry and more specifically the printing and apparel industries.

The ability of the Committee members to judge performance effectively is enhanced by the exposure they get to Ennis' operations as members of our Board of Directors. The Board participates in regular updates on our business priorities, strategies and results through attendance at regularly scheduled Board meetings. The Committee has frequent interaction with and open access to executive officers. This gives them considerable opportunity to ask questions and assess the performance of individual executives and the Company.

The Committee has taken action where appropriate and possible, to preserve the deductibility of compensation paid to the named executive officers in compliance with Internal Revenue Code Section 162(m), which requires, among other things, that executive compensation must qualify as performance-based compensation to qualify for and preserve tax deductibility.

What are the objectives of our compensation program for executive officers and what is it designed to reward?

The objective of the compensation program for our executive officers is to hold them accountable for the financial and competitive performance of the Company and their individual contributions toward successful Company results.

The compensation program is based on the following principles:

1. Pay for performance – pay better than the market median for performance that is superior to competitors.
2. Provide rewards that motivate executives to think and act in the best interest of our shareholders.

The Committee judges performance based on three specific measures: revenue goals, operating margin and return on capital. Additionally, the Committee considers and assesses the Company’s progress in key strategic areas such as new markets served and acquisitions and the executive’s contribution in these key areas.

What are the elements of our executive compensation?

Our executive compensation consists of four basic elements:

1. Cash compensation, consisting of base salary and performance bonus.
2. Long-term compensation awarded as equity, consisting generally of stock options and restricted stock units.
3. Basic Company benefits, consisting of standard benefits as offered to other employees, including retirement benefits, health and life insurance.
4. Perquisites, consisting of auto allowance, opportunity to defer cash compensation, supplemental retirement contributions and company-paid supplemental life insurance.

Why do we choose to pay each element and how do we decide how much to pay or include as compensation?

We believe the combination of cash compensation and long-term equity compensation creates the right balance between performance, reward, retention and promotion of shareholders’ interests.

The Committee determines the combination and amount of each of these elements when setting the levels of our executive’s compensation. Executive compensation is reviewed annually at the first quarterly Board meeting following the conclusion of our fiscal year. From time to time the Committee may meet to consider any off cycle changes that it deems appropriate because of changes in job responsibility or regulatory requirements.

The specifics of each element are as follows:

Cash Compensation

Cash compensation is a combination of base salary and performance bonus. Our objective is to deliver total cash compensation that reflects the Company’s performance as well as the executive’s individual contribution to that performance. If the Company and individual perform better than competitors, the goal is to deliver total cash compensation that is generally above the market median. If performance is below expectation, the total cash compensation will be generally below the market median.

Base Salary This is the least variable form of compensation intended to compensate the executive officer for the job duties assigned. The Company generally pays base salaries between the median and the 75th percentile of the market for officers performing comparable jobs. The base salary and the percentile can vary depending on the individual’s qualifications, experience and performance and is at the Committee’s discretion.

The Committee estimates the target range for a job by gathering specific information about base salaries for similar jobs in the relevant study category as specified by the Committee. The relevant study category typically includes matching jobs at manufacturing companies within our industry and other companies of a similar size. This information is compiled and supplied to the Committee by an independent compensation consultant. The Committee may or may not adjust base salaries based upon its analysis of study data and performance.

Table of Contents

Performance Bonuses This element is variable and depends upon the Company's performance and the executive officers' contribution toward that performance. The Committee has full discretion to determine the participation in, and the allocation of, any developed bonus pool for the named executive officers.

The Annual Performance Bonus Plan is designed to reward executives for the attainment of Company performance measures. Each executive is assigned a percentage of base salary eligibility for reaching targeted performance. A threshold is established at 95% of targeted performance before a bonus is considered. Executives are eligible for up to 150% of their assigned target percentage should targeted goals be reached or exceed 150%. These percentages are based upon the Committee's determination of level of responsibility. The current percentages of base salary eligibility for the named executive officers are:

	Threshold	Target	Maximum 150% of Target
CEO/President	0	60%	90%
Executive Vice President	0	40%	60%
Vice President Finance (CFO)	0	40%	60%
Vice President Administration	0	40%	60%
Vice President Apparel Division	0	40%	60%

A bonus pool is generated based upon these percentages if predetermined goals are met in the areas of profit, return on capital and sales. These goals are weighted by importance at 40% profit, 40% return on capital and 20% sales growth. These goals are established and approved by the Board at the beginning of the fiscal year based upon the approved business plan. The business plan is presented to the Board after review by management to assure that the plan meets or exceeds strategic objectives for the year.

When the year-end audited financials are available, the bonus pool is finalized by Management and presented to the Committee. The Committee analyzes the performance of the executive officers and the performance of the Company against the predetermined goals to determine the extent of bonus to be awarded. The Committee arrives at its own conclusions as to the level of bonus awards. They present the recommendations to the Board for discussion and approval. Only independent directors vote on the final awards.

The Board also determines any discretionary bonus awards for the prior fiscal year period at the April quarterly meeting. Discretionary bonuses are sometimes awarded to executives for exceptional performance that was not anticipated by the business plan used in establishing the annual performance goals. An example would be a successful acquisition of a business during the previous year. Another could be the successful sale of a business during the year. The independent directors have the sole authority in determining and awarding any discretionary bonus. All bonuses awarded are performance based.

Equity Awards

Equity awards for our named executive officers have been granted from our 1998 and 2004 Long-Term Incentive Plans. There were no equity awards granted during this fiscal year. All previously granted awards are disclosed in the *Outstanding Equity Awards at Fiscal Year End* Table.

When granted, equity awards are meant to align the interests of named executive officers with our shareholders, and to motivate and reward our executive officers to increase the shareholder value of the Company over the long term. The 2004 Long-Term Incentive Plan, as approved by shareholders, allocated 500,000 shares of stock to be available to management and non-employee directors in the form of options (either incentive stock options or non-qualified stock options), restricted stock grants, stock appreciation rights, restricted unit grants, phantom stock options or other incentive awards. The Compensation Committee determines eligible employees, the timing of options and award grants, the number of shares granted, vesting schedules, option prices and duration and other terms of any stock options and other awards.

We also believe that long-term incentive awards are a key element in retaining key individuals. The Committee believes it is important to retain a strong, capable executive team that has aligned interests with the Company's shareholders. The type of equity awards granted under the 1998 and 2004 Long-Term Incentive Plans include:

Table of Contents

Incentive Stock Options Each stock option represents the right to purchase a specified number of shares of our Common Stock at the set exercise price subject to the terms of an option agreement. The exercise price is the fair market value of the Company's stock on the day the Committee grants the option. As a result, any value that an executive receives from a stock option is solely the result of increases in the value of the stock. Any increase in the value of the stock benefits all our shareholders, which aligns the executive and shareholder interests. These options vest ratably over four years at 25 percent per year. They have a term of ten years.

Non-Qualified Stock Options This type of option is similar to the Incentive Stock Option and is typically used only when Incentive Stock Options are limited by the plan or IRS limitations.

Restricted Stock Grants The Committee can also grant awards of restricted stock to the executive officers. Any granted shares are typically granted with a restrictive vesting schedule which renders the shares subject to substantial risk of forfeiture if or when an executive terminates employment prior to vesting. The stock is granted at the fair market value of the Company's stock on the day the Committee awards the grant. The recipient of a grant is entitled to dividends on the shares beginning on the grant date.

There are additional methods of rendering stock value to recipients under the terms of the shareholder approved Long-Term Incentive Plan including, stock appreciation rights, phantom stock options and dividend equivalent rights. The Committee has determined that these methods will not be used at this time.

Perquisites

The fourth basic element of compensation for the named executive officers are perquisites. The named executive officers typically enjoy the same benefit as all salaried employees; however, the Committee has determined that the named executive officers will receive an auto allowance as follows:

Mr. Walters	\$12,000 annually
Mr. Travis	\$ 8,000 annually
Mr. Magill	\$ 8,000 annually
Mr. Graham	\$ 8,000 annually
Mr. Scarborough	\$ 8,000 annually

Other Benefits**Retirement Plans**

All named executive officers except Mr. Scarborough, Vice President Apparel Group, participate in the Pension Plan For The Employees of Ennis, Inc. This is a Company funded defined benefit plan which promises a certain benefit to the eligible named executive officers upon normal retirement. Normal retirement is defined as the first day of the month of the latter of his 65th birthday or the fifth anniversary of participation if hired after age 60. The pension plan provides for retirement benefits on a formula based on the average pay of the highest five consecutive compensation years during active employment, integration of certain Social Security benefits, years of service and reaching a normal retirement age of 65.

The Internal Revenue Code limits the maximum annual compensation covered by the plan. The limit for 2007 is \$225,000. This limitation as well as the limitation on highly compensated participants in the Ennis 401(k), significantly limits the retirement benefit for the named executive officers. This past year the Board decided that a select number of executives, including the named executive officers, would be granted a supplemental benefit under the Ennis Deferred Compensation Plan to make-up some of the retirement benefit lost because of the imposed limitations. The named executive officers were granted the following non-qualified deferred benefits during fiscal year 2007:

	Supplemental Retirement Grant	Deferred 401(k) Match
Mr. Walters	\$ 189,000	\$ 2,692
Mr. Travis	\$ 56,250	\$ 5,254
Mr. Magill	\$ 93,750	\$ 0

Edgar Filing: ENNIS, INC. - Form DEF 14A

Mr. Graham	\$	56,250	\$	1,038
Mr. Scarborough	\$	45,000	\$	0

All the named executive officers were eligible to participate in the Ennis 401(k) Plan, which is a qualified plan that allows all employees of the Company to save up to allowed limits on a before tax basis. The named executive officers did not receive any matching Company contributions under the qualified plan.

All named executive officers were eligible to defer cash compensation under the Ennis Deferred Compensation Plan, which is a non-qualified plan that allows deferral of compensation until retirement or termination. The amounts deferred by the named executive officers are indicated on the following tables.

Additionally, Mr. Scarborough receives a housing allowance of \$54,000 annually, which was awarded at the time of his appointment and transfer to become the President of the Apparel Division of the Company. He also receives the benefit of temporarily living in a Company leased residence for which the value is imputed to him as income. This imputed value was \$107,308 during the 2007 fiscal year.

The named executive officers receive an annual non-qualified match of 25% limited to \$5,000 for savings in the Company's 401(k) Plan. The match would accumulate in the Company's Non-qualified Deferred Compensation Plan.

The named executive officers are eligible for Company paid supplemental term life insurance at the following benefit amounts:

Mr. Walters	\$ 1,000,000
Mr. Travis	\$ 500,000
Mr. Magill	\$ 500,000
Mr. Graham	\$ 500,000
Mr. Scarborough	\$ 500,000

The Company's contribution paid for this benefit is imputed as income to the executive.

The named executive officers do not receive a tax gross up for any of these benefits.

Employment Agreements

The Committee has determined that it is in the best interests of the Company and its shareholders to enter into employment agreements with each of the named executive officers. The current agreements are for three-year terms beginning April 31, 2006 and can be extended on a year-to-year basis. The employment contracts are referenced as exhibits to our Annual Report on Form 10K. We entered into these agreements to ensure that the executives perform their roles for an extended period of time with focus on annual and multiple year objectives.

The agreements establish the beginning base salary, eligibility for bonuses, benefits, perquisites, as well as, certain non-compete, non-solicitation and confidentiality covenants that protect the Company.

Compensation upon termination is outlined in the agreements and described in detail below. If one of the named executive officers is terminated without cause or within two years after a change of control, or if the executive terminates the agreement for good reason, as defined in the agreement, then the executive would receive a multiple of current base salary and the prior year's bonus as set forth in the following table.

	Without Cause (base salary + bonus)	With Cause (base salary)	Change of Control* (280% base + bonus)
Mr. Walters	2X	1.0X	2.99 X
Mr. Travis	1X	.5X	1.00 X
Mr. Magill	1X	.5X	1.00 X
Mr. Graham	1X	.5X	1.00 X
Mr. Scarborough	1X	.5X	1.00 X

* Limited to the maximum amount of severance

payment
permitted to be
deducted as
compensation
expense under
the provisions
of Section 280G
of the Internal
Revenue Code.

Table of Contents

In addition to these cash severance amounts, the named executive officer would be eligible for continuation of basic employee group benefits if terminated without cause, upon a change of control triggering event or resigns for good reason and would also vest for all qualified plan benefits and be eligible to receive either pay or reimbursement for employee costs and expenses for outplacement services, as is customary and reasonable in the Dallas area for the executive's level of responsibility. The basic benefit continuation period is 12 months for Mr. Walters and three months for all other named executive officers.

Definitions for Types of Termination Summarized from Employment Agreements.

Termination by the Company includes termination at death, total disability of 120 consecutive days or more or retirement. There would be no severance payment due the executive for terminations with respect to death or retirement. For payments required for our executive officers in the event of disability, please see the tables on page 32 entitled *Termination Due to Disability* and *Termination Due to Death*.

- (a) Without the express consent of executive, any duties assigned are materially inconsistent with the executive's position, duties and status with the Company as contemplated by the employment agreement;
- (b) Any action by the Company which results in a material diminution in the position, duties or status of the executive as contemplated by the employment agreement or any transfer or proposed transfer of the executive for any extended period to a location outside the area of the corporate office without the executives consent, except for strategies reallocations of personnel reporting to the executive;
- (c) The base annual salary of the executive is reduced; or
- (d) The Company fails to materially comply with the employment agreement obligations.

Severance Payment After Change of Control

If any of the named executive officers is terminated within 90 days prior to or within two years after a change of control as defined by the employment agreements, the executive will be entitled to a lump sum severance payment and immediate vesting of benefits and long-term incentive awards and options. The value of these payments and benefits is set forth in the *Potential Payments Upon Termination or Change in Control* section.

Any change of control severance is limited to the maximum amount of severance payment as defined in Section 280G of the Internal Revenue Code of 1986, as amended.

Discussion of Performance and Compensation Committee Actions for Fiscal Years 2007 and 2008

The Committee held a meeting on April 20, 2007 for the purpose of considering compensation for the named executive officers of the Company. During this meeting, the members discussed and considered each officer's performance and relative contribution toward the performance of the Company during the fiscal year. The

Table of Contents

Committee also discussed the bonus pool generated for the fiscal year and the performance factors that contributed to the pool. There were discussions about the competitive positioning of the named executive officers' base salaries as compared to the survey information supplied by the Company's independent consultant, Pricewaterhouse Coopers, LLP. After these considerations and factoring responsibility changes during the year, the Committee recommended the following adjustments to base salaries to the Board effective on April 23, 2007.

		From	To	%
CEO, President	Mr. Walters	\$750,000	\$788,000	5.1%
Vice President Finance	Mr. Travis	\$250,000	\$325,000	30.0%
Executive Vice President	Mr. Magill	\$400,000	\$420,000	5.0%
Vice President Administrative	Mr. Graham	\$240,000	\$250,000	4.2%
Vice President Apparel	Mr. Scarborough	\$342,000	\$370,000	8.2%

Mr. Travis' base salary increase was both performance-based and an adjustment to bring his base more in line with competitive salaries for a CFO in similar sized companies as indicated by the available data.

In addition to these base salary adjustments, it was determined that the following incentive payments should be awarded to the named executive officers fiscal year 2007 performance.

CEO, President	Mr. Walters	\$513,000
Vice President Finance	Mr. Travis	\$110,000
Executive Vice President	Mr. Magill	\$175,000
Vice President Administration	Mr. Graham	\$95,000
Vice President Apparel	Mr. Scarborough	\$175,000

The Company reached or exceeded its planned targets for sales, profits and return on capital for the fiscal year. The incentive payments awarded by the Board are consistent with the level of performance the Company achieved.

The Committee and Board also awarded Restricted Stock grants under the Ennis Long-Term Incentive Plan to the named executive officers in the amounts listed below. These grants were made at the closing price on the date of grant, April 20, 2007. The shares will vest equally at 33 1/3% each year for the next three years. These grants will be reported in the next fiscal year report.

Mr. Walters	14,400 shares
Mr. Travis	6,000 shares
Mr. Magill	7,000 shares
Mr. Graham	4,200 shares
Mr. Scarborough	6,000 shares

Pension Benefits

We have a noncontributory retirement plan that covers approximately 15% of our employees. The plan provides for retirement benefits on a formula based on the average pay of the highest five consecutive compensation years during active employment, integration of certain Social Security benefits, length of service and a normal retirement age of sixty-five. All forms of remuneration, including overtime, shift differentials and bonuses, are covered by the plan. However due to restrictions imposed by the Internal Revenue Code, effective January 1, 2002, the maximum

annual compensation covered by the plan is limited to \$205,000. Future years maximum can be increased for inflation (for 2007, the maximum is \$225,000). Prior to this date, the maximum annual compensation covered by the plan was limited to \$150,000 (indexed for inflation).

The following table shows the present value as of February 28, 2007, of the benefit of the named executive officers under our qualified defined benefit pension plan.

Table of Contents**Potential Payments Upon Termination or Change in Control**

The following tables summarize the estimated payments to be made under certain circumstances to each named executive officer as more completely described in the *Employment Agreements* section in the *Compensation Disclosure and Analysis*. For the purposes of the quantitative disclosure in the following tables, and accordance with SEC regulations, we have assumed that the termination took place on February 28, 2007.

The following table describes payments that would be required to each of our named executive officers in the event of a Change in Control as defined by the Employment Agreements.

(1) When termination is a result of change in control as defined in Employment Agreements and qualifies for change in control, severance payment is equal to the lesser of 2.99 times Mr. Walter's Base Amount as defined in Section 280G of the Internal Revenue code of 1986, as amended and a severance bonus equivalent to 2.99 times the bonus earned or paid for the previous year.

The maximum amount of severance payment is limited to the amount permitted to be deducted as compensation expense by the Company and to be received by the Employee without liability for the assessment of an excise tax. All other named executive officers would receive amounts equal to 1 times the Base Amount as defined in Section 280G of the Internal Revenue Code of 1986, as amended and a severance bonus equivalent to 1 times the bonus earned or paid for the previous year. The maximum amount would have the same limitation as indicated by the previous footnote. The 280G Base Amount is determined by averaging the last five years or shorter period if not employed by the

Company. All wages and salary, bonuses, fringe benefits, pension benefits and other deferred compensation arising out of the employment relationship are treated as compensation. Transfers of stock options and stock grants are also treated as compensation payments.

- (2) Mr. Walters receives twelve months of continued group benefits. All other named executive officers receive three months of continued group benefits.
- (3) All named executive officers would receive up to \$20,000 toward outplacement services.
- (4) Aggregate account value as of February 28, 2007. The amounts shown in the *Nonqualified Deferred Compensation in Last Fiscal Year* table on
