PROXY STATEMENT

2008 ANNUAL MEETING OF SHAREHOLDERS

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of The Greenbrier Companies, Inc. (the Company we, us, and our) of proxies to be voted at the 2008 Annual Meeting of Shareholders of the Company to be held beginning at 2:00 p.m. on Tuesday, January 8, 2008 at the Benson Hotel, 309 SW Broadway, Portland, Oregon, and at any adjournments or postponements thereof. If proxies in the accompanying form are properly executed, dated and returned prior to the voting at the meeting, the shares of Common Stock represented thereby will be voted as instructed on the proxy. If no instructions are given on a properly executed and returned proxy, the shares of Common Stock represented thereby will be voted for election of the nominees, for ratification of the appointment of the independent auditors and in support of the recommendations of management on such other business as may properly come before the meeting or any adjournments or postponements thereof.

Any proxy may be revoked by a shareholder prior to its exercise upon written notice to the Secretary of the Company, by delivering a duly executed proxy bearing a later date, or by the vote of a shareholder cast in person at the meeting. The cost of soliciting proxies will be borne by us. In addition to solicitation by mail, proxies may be solicited personally by our officers and regular employees or by telephone, facsimile, electronic transmission or express mail. We have also engaged Innisfree M&A Incorporated to assist in the distribution of proxy materials and the solicitation of votes described below. We will pay Innisfree a fee of \$10,000 plus customary costs and expenses for these services. The Company has agreed to indemnify Innisfree against certain liabilities arising out of or in connection with its engagement. We will reimburse brokerage houses, banks and other custodians, nominees and fiduciaries for their reasonable expenses incurred in forwarding proxies and proxy material to their principals. This proxy statement is first being mailed to shareholders on or about November 27, 2007.

VOTING

Holders of record of our Common Stock at the close of business on November 21, 2007, will be entitled to vote at the Annual Meeting or any adjournments or postponements thereof. As of October 31, 2007, there were 16,168,863 shares of Common Stock outstanding and entitled to vote, and a majority, or 8,084,432 of these shares, will constitute a quorum for the transaction of business. Each share of Common Stock entitles the holder to one vote on each matter that may properly come before the meeting. Shareholders are not entitled to cumulative voting in the election of directors. Abstentions will be counted in determining whether a quorum is present for the meeting and will not be counted as a vote against any proposal. Broker non-votes will be counted in determining whether a quorum is present, but will not be counted either for or against the proposal at issue. For shares held through a broker or other nominee who is a New York Stock Exchange member organization, if a matter to be voted on is considered routine, the broker has discretion to vote the shares. If the matter to be voted on is determined to be non-routine, the broker may not vote the shares without specific instruction from the shareholder.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Board of Directors is comprised of nine directors. The directors are divided into three classes of three directors each. One class is elected each year for a three-year term. Victor G. Atiyeh recently informed the Company of his decision to retire from active service as a member of the Board of Directors and to become an emeritus director at the end of his current term, and not stand for re-election. Therefore, the Nominating and Corporate

Table of Contents

Governance Committee is recommending two, rather than three nominees for election as directors. The two nominees recommended by our Nominating and Corporate Governance Committee and nominated by the Board of Directors for election as directors to serve until the Annual Meeting of Shareholders in 2011, or until their respective successors are elected and qualified, are Graeme Jack and Benjamin R. Whiteley. Directors are elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. The two nominees for director receiving the highest number of votes will be elected to the Board of Directors.

Unless marked otherwise, proxies received will be voted FOR the election of both of the two nominees.

If a nominee is unable or unwilling to serve as a director at the date of the Annual Meeting or any adjournment or postponement thereof, the proxies may be voted for a substitute nominee, designated by the proxy holders or by the present Board of Directors to fill such vacancy, or for the other nominee named without nomination of a substitute, or the number of directors may be reduced accordingly. The Board of Directors has no reason to believe that any of the nominees will be unwilling or unable to serve if elected a director.

The Board of Directors recommends a vote FOR the election of Messrs. Jack and Whiteley.

The following table sets forth certain information about each nominee for election to the Board of Directors and each continuing director.

Non-management Board members meet without management present at least once annually at a regularly scheduled executive session. The Company's independent directors generally meet periodically in executive session in conjunction with meetings of the committees of the Board of Directors which are composed entirely of independent directors. The regular executive sessions of the Company's non-management directors are held on an annual basis, after the end of each fiscal year of the Company and are scheduled to approximately coincide with (either immediately before or immediately after) the first regularly scheduled meeting of the Nominating and Corporate Governance Committee to be held after the end of each fiscal year for the Company. The Board has designated the Chairman of the Board of Directors of the Company to preside at the regularly scheduled meetings of the non-management directors.

The Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee held four meetings during the year ended August 31, 2007. All directors attended more than 75% of the number of meetings of the Board and its committees on which they served. The reports of the Audit and Compensation Committees for the year are included in this Proxy Statement. Each of the members of these committees is an independent director as defined under the rules of the New York Stock Exchange.

Independence of Directors

The Board has determined that a majority of its directors qualify as independent directors pursuant to the rules adopted by the Securities and Exchange Commission and the corporate governance standards applicable to companies listed on the New York Stock Exchange. Applying the New York Stock Exchange definition of independence, the Board has determined that the following majority of directors qualify as independent: Messrs. Atiyeh, Jack, McDougall, Swindells, Washburn and Whiteley.

During 2007, the Nominating and Corporate Governance Committee (the Nominating Committee) fulfilled its responsibilities under its charter, including, among other responsibilities, identifying individuals qualified to become members of the Board of Directors, consistent with qualifications approved by the Board; selecting, or recommending that the Board select, director nominees to be presented for election at annual meetings of shareholders; selecting, or recommending to the Board, director nominees to fill vacancies on the Board as necessary; developing and recommending to the Board of Directors corporate governance principles applicable to the Company; and overseeing the evaluation of the Board of Directors, its committees and management. The Board annually reviews applicable standards and definitions of independence for Nominating Committee members and has determined that each member of the Nominating Committee meets such standards.

The Nominating Committee receives suggestions for potential director nominees from many sources, including members of the Board, advisors, and shareholders. Any such nominations, together with appropriate biographical information, should be submitted to the Nominating Committee in accordance with the Company's policies governing submissions of nominees discussed below. Any candidates submitted by a shareholder or shareholder group are

reviewed and considered by the Nominating Committee in the same manner as other candidates.

Qualifications for consideration as a nominee for the Board of Directors vary, depending upon the experience and background of incumbent directors as well as particular areas of expertise which the Nominating Committee

Table of Contents

desires to obtain for the benefit of the Company. The Nominating Committee has presently identified the following criteria, among others, as appropriate for consideration in identifying Board candidates:

Financial acumen and experience

Continuing activity in the business community

Age and maturity

Diversity considerations

Background in manufacturing or related industries

Upon completion of the review process, the Nominating Committee makes its recommendation to the full Board of Directors. The Board then selects candidates for nomination for election by shareholders or appointment to fill vacancies.

We do not currently employ an executive search firm, or pay a fee to any other third party, to locate qualified candidates for director positions.

A shareholder wishing to nominate a candidate for election to the Company's Board of Directors at any annual meeting at which the Board of Directors has determined that one or more directors will be elected should submit a written notice of his or her nomination of a candidate to the Nominating Committee of the Company in accordance with the procedures described in this Proxy Statement under Shareholder Proposals.

Communication with Directors

Shareholders and other interested parties may communicate with members of the Board of Directors by mail addressed to the Chairman, to any other individual member of the Board, to the full Board, to the non-management directors as a group, or to a particular committee of the Board. In each case, such correspondence should be sent to the Company's headquarters at One Centerpointe Drive, Suite 200, Lake Oswego, OR 97035. Such communications are distributed to the Board, to one or more individual members of the Board, to the non-management directors as a group, or to a particular committee of the Board, as appropriate.

Annual Meeting Attendance by Directors

The Company's policy is to encourage Board members to attend the Company's annual meetings of shareholders. All directors of the Company attended the annual meeting of shareholders held on January 9, 2007.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

James-Furman & Company Partnership. Mr. James, a former Director, and Mr. Furman, a Director, President and Chief Executive Officer of the Company, were partners in a general partnership, James-Furman & Company (the Partnership), that, among other things, engaged in the ownership, leasing and marketing of railcars and programs for refurbishing and marketing of used railcars. As a result of Mr. James' death, the Partnership dissolved as of January 28, 2005. In 1989, the Partnership and the Company entered into presently existing agreements pursuant to which we manage and maintain railcars owned by the Partnership in exchange for a fixed monthly fee that is no less favorable to us than the fee we could obtain for similar services rendered to unrelated parties. The maintenance and management

fees paid to us under such agreements in 2007 aggregated \$30,299. In addition, the Partnership paid us fees of \$45,000 in 2007 for administrative and other services. The management and maintenance agreements presently in effect between us and the Partnership provide that in remarketing railcars owned by the Partnership and us, as well as by unaffiliated lessors, we will, subject to the business requirements of prospective lessees and regulatory requirements, grant priority to that equipment which has been off-lease and available for the longest period of time. Additions to the lease fleet of new or used equipment are deemed to be off-lease and available from the date of addition to the fleet.

Table of Contents

Such agreements also provide that the Partnership will grant to us a right of first refusal with respect to any opportunity originated by the Partnership in which we may be interested involving the manufacture, purchase, sale, lease, management, refurbishing or repair of railcars. The right of first refusal provides that prior to undertaking any such transaction the Partnership must offer the opportunity to us and must provide the disinterested, independent members of our Board of Directors a period of not less than 30 days in which to determine whether we desire to pursue the opportunity. The right of first refusal in favor of us continues for a period of 12 months after the date that both of Messrs. James and Furman cease to be officers or directors. The operating assets of the partnership have been disposed during fiscal year 2007. Final distributions are expected to occur during fiscal 2008 at which time all agreements between us and the Partnership will be terminated.

Aircraft Usage Policy. William Furman, Director, President and Chief Executive Officer of the Company is a part owner of two private aircraft managed by a private independent management company. From time to time, the Company's business requires charter use of privately owned aircraft. In such instances, it is possible that charters may be placed with the Company that manages Mr. Furman's aircraft. In such event, any such use will be subject to the Company's travel and entertainment policy and the fees paid to the management company will be no less favorable than would have been available to the Company for similar services provided by unrelated parties.

Indebtedness of Management. Since the beginning of our last fiscal year, none of our directors or executive officers has been indebted to us in excess of \$60,000 except that L. Clark Wood, former President of the Company's manufacturing operations was indebted to Greenbrier Leasing Company LLC, and had executed a promissory note. The largest aggregate amount outstanding during fiscal year 2007 under such promissory note was \$100,000. The note was repaid during fiscal year 2007. The promissory note was payable upon demand and secured by a mortgage on Mr. Wood's residence. The note did not bear interest and had not been amended since its issuance in 1994.

Policy. We follow a policy that all proposed transactions by us with directors, officers, five percent shareholders and their affiliates be entered into only if such transactions are on terms no less favorable to us than could be obtained from unaffiliated parties, are reasonably expected to benefit us and are approved by a majority of the disinterested, independent members of the Board of Directors.

EXECUTIVE COMPENSATION

Compensation Governance

The Compensation Committee of the Board of Directors is established pursuant to the Company's Amended and Restated Bylaws, and operates pursuant to a Charter approved by the Board of Directors. A copy of the Charter is available on the Company's website at www/gbrx.com. The Compensation Committee recommends to the Board of Directors policies and processes for the regular and orderly review of the performance and compensation of the Company's senior executive management personnel, including the President and Chief Executive Officer. The Compensation Committee determines the compensation level of the Chief Executive Officer based on the Chief Executive Officer's performance in light of the Company's goals and objectives. The Compensation Committee also approves compensation of executives other than the Chief Executive Officer. The Compensation Committee regularly reviews, and when necessary recommends changes to the Company's incentive and performance-based compensation plans. The Compensation Committee may retain and terminate such consultants, counsel, experts and other personnel as the Committee may deem necessary to enable it to fully perform its duties and fulfill its responsibilities, and determine the compensation and other terms of engagement for such consultants and experts. There are no express provisions in the Charter delegating Compensation Committee authority to any other person.

The Compensation Committee is comprised of at least two members of the Board of Directors, none of whom may be an active or retired officer or employee of the Company or any of its subsidiaries. Members of the Compensation Committee are appointed annually by the Board of Directors. Messrs. Victor G. Atiyeh, Duane C. McDougall, Charles J. Swindells, Donald A. Washburn, and Benjamin R. Whiteley were the members of the Compensation Committee during fiscal 2007. Mr. Swindells is the Chairman of the Compensation Committee. Mr. Atiyeh resigned his position on the Compensation Committee, effective April 2, 2007. The Compensation Committee held four meetings during the year ended August 31, 2007.

Compensation Committee Interlocks and Insider Participation

During the last completed fiscal year, no member of the Compensation Committee was an officer or employee of the Company or any of its subsidiaries, formerly an officer or employee, nor had a relationship with the Company

Compensation Discussion and Analysis

Philosophy

The Board of Directors and executive management at The Greenbrier Companies, Inc. (the Company) believes that the performance and contribution of its executive officers are critical to the overall success of the Company. To attract, retain, and motivate the executives necessary to accomplish the Company's business strategy, the Compensation Committee believes that:

Compensation levels should be sufficiently competitive to attract, retain, and motivate highly qualified executives and employees.

Compensation should reflect position and responsibility.

Compensation should be linked to performance and should reinforce cooperation and teamwork in achieving business success.

Compensation for executives and key employees should be weighted toward incentive compensation and equity grants.

Incentive compensation should be flexible, responsive to the Company's cyclical business environment and strike a balance between short-term and long-term performance.

Equity grants should be targeted to senior management and key employees and should be issued on a recurring basis considering market conditions.

The tax deductibility of compensation should be maximized and administrative costs should be minimized through simplified program structures.

The Compensation Committee believes executive compensation packages provided by the Company to its executive should include both cash and equity-based compensation. Our executive compensation program is intended to have sufficient flexibility to help achieve the goals of each business segment, but within the overall objectives and performance of the Company as a whole. Individual executive compensation is based upon contribution to the organization, experience and expertise, unique skills and other relevant factors. The Compensation Committee and the Chief Executive Officer (CEO) annually review the performance of each executive officer (other than the CEO whose performance is reviewed by the Compensation Committee), and based upon these reviews make compensation decisions, including salary adjustments and incentive award amounts. The CEO plays a significant role in the compensation-setting process. The CEO evaluates the performance of the other executive officers and makes recommendations regarding salary and incentive awards for the other executive officers.

Use of Compensation Consultants

The Compensation Committee has directly engaged Mercer Human Resource Consulting (Mercer) as a compensation consultant. Mercer reports directly to the Compensation Committee and is responsible for providing advice and counsel to the Compensation Committee with regards to program design and compensation issues. The Compensation Committee also looks to Mercer for assistance in determining a peer group for comparison of executive compensation. The Committee believes that information regarding compensation at peer companies is useful, as it understands that the Company's compensation practice must be competitive in the marketplace. However, the level of specific elements

of compensation awarded by peer companies is only one of the many factors that the Company considers in assessing the reasonableness of the compensation of executive officers.

Compensation Summaries

The Compensation Committee reviews the total annual compensation received by each executive officer, including base salary, cash bonuses, long-term incentives, perquisites and post-employment obligations. The Compensation Committee uses Compensation Summaries for each of the named executive officers to facilitate this review.

Elements of Executive Compensation

For the year ended August 31, 2007, the principal components of compensation for executive officers were:

Base salary;

Short-term incentive cash bonuses;

Long-term incentive restricted stock awards;

Retirement and insurance benefits;

Perquisites and other personal benefits; and

Post-employment benefits.

Base Salary

Base salaries are determined for each executive based on his position and responsibilities relative to other executive officers and are, in some cases, determined pursuant to negotiated employment agreements. We regularly monitor competitive compensation rates in local and industry-specific markets, and take that information into account in setting and reviewing base salaries. Salary levels are typically reviewed annually as part of the Company's performance review process as well as upon a promotion or other change in responsibility. Merit based increases to salaries are based on an assessment of the individual executive's performance.

Short-Term Incentives Cash Bonuses

Cash bonuses are intended to provide executive officers with an opportunity to receive additional cash compensation based upon Company and individual performance. The bonus program provides the Compensation Committee the latitude to award cash incentive compensation to executive officers as a reward for the growth and profitability of the Company and places a significant percentage of each executive officer's compensation at risk.

Mr. Furman's annual bonus is determined based upon the Company's return on shareholders' equity, pursuant to a formula set forth in his employment agreement, as described under the heading *Employment Agreements and Other Arrangements*, below. Annual bonuses paid to named executive officers other than Mr. Furman are discretionary and are recommended to the Compensation Committee for approval by the Mr. Furman based on non-formulaic assessments of individual performance against objectives.

Long-Term Incentive Restricted Stock Awards

Awards of restricted stock form the basis of the Company's long-term incentive program, which is intended to retain and motivate executives over the long term, and align their interests with the interests of the Company's shareholders. The long-term incentive program is designed to emphasize the need for executives to focus on the long-range strategic goals of the Company.

Stock-based awards are made pursuant to the Company's 2005 Stock Incentive Plan, which is administered by the Compensation Committee. Pursuant to the 2005 Stock Incentive Plan, an aggregate of 1,300,000 shares of Common Stock were reserved for grants of incentive stock options, non-qualified stock options and restricted stock awards to officers, directors, employees and consultants. As of August 31, 2007, 692,724 shares of Common Stock remain

available for grant under the 2005 Stock Incentive Plan. Restricted stock awards typically vest over a period of five years in annual increments of 20 percent of each award. The Company awarded restricted stock grants totaling 207,592 shares under the 2005 Stock Incentive Plan during fiscal 2007 including 37,000 shares awarded to the Company's named executive officers as disclosed in the Grants of Plan-Based Awards Table and described in the accompanying narrative.

The Compensation Committee also administers the Company's Stock Incentive Plan 2000 (the 2000 Plan) under which an aggregate of 1,000,000 shares of Common Stock were reserved for option and restricted stock awards to officers, directors, employees and consultants. The Company has granted options for all of the shares reserved under the 2000 Plan. No awards were made under the 2000 Plan in fiscal 2007.

Executive Retirement and Insurance Benefits

Target Benefit Plan

Certain of the Company's named executive officers other than Mr. Furman participate in a supplemental retirement benefit plan maintained by a Company subsidiary, the Greenbrier Leasing Company LLC Manager Owned Target Benefit Plan (the Target Benefit Plan). The Target Benefit Plan provides for supplemental retirement income compensation for participating executives. It is not a deferred compensation plan nor a tax-qualified retirement plan; contributions made on behalf of executives under the Target Benefit Plan are taxed to the participating executives currently. The Target Benefit Plan is designed to provide supplemental retirement income to executives in an amount equal to 50% of the executive's final base salary, although no level of benefits is guaranteed under the Target Benefit Plan. Contributions by the Company to the Target Benefit Plan are used to purchase annuity contracts on behalf of participating executives. The normal form of annuity benefit payments are monthly payments commencing at age 65 and continuing for 180 months. Participants may elect a different form of payment and benefit commencement date, but the amount of benefits received in such alternate form will be actuarially equivalent to the amount payable in the normal benefit form. Contributions related to the Target Benefit Plan amounted to \$1.3 million for fiscal 2007. Included in this amount are payments to be made on behalf of participating executives to help defray the executives' income tax liability resulting from the Company's contributions on their behalf under the Target Benefit Plan. Upon a change of control (as defined), the Company's obligation to make contributions on executives' behalf is accelerated.

Executive Life Insurance

The Company provides an executive life insurance program to certain executives, including the named executive officers, whereby the Company has agreed to pay the premiums on life insurance policies insuring the executives' lives, to recognize such premium payments as compensation to the executives and to pay the executives an additional bonus to help defray the executives' income tax liability resulting from the payment of such premiums being treated as current compensation. Mr. Furman does not participate in the executive life insurance program.

Mr. Furman's employment agreement provides for a supplemental retirement benefit of \$407,000 per year, payable until age 70. That payment is intended to defray the premiums on a life insurance policy insuring his life and the income taxes resulting from treating this payment as compensation, and is made to the trustee of a trust that holds the life insurance policy, and which pays the policy premiums.

Perquisites and Other Personal Benefits

The Company provides executive officers with perquisites and other personal benefits that the Company and the Compensation Committee believe are reasonable and consistent with its overall compensation program goal of enabling the Company to attract, retain and motivate employees for key positions. The Company is selective in its use of perquisites, utilizing perquisites that are commonly provided, the value of which is generally modest. The Compensation Committee periodically reviews the levels of perquisites provided to executive officers. The primary perquisites are use of Company-owned automobiles and payment of club membership dues. During fiscal 2006 the Compensation Committee approved the establishment of an Executive Home Sale Assistance Program and adopted guidelines for the program, under which the Company will assist selected transferred or newly hired executives sell their homes, in order to facilitate a successful relocation of the executive.

Compensation Committee Report

As required by Item 407(e)(5) of Regulation S-K, the Compensation Committee reviewed and discussed with the Company's management the above Compensation Discussion and Analysis prepared by the Company's management as required by Item 402(b) of Regulation S-K. Based on the review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Bisson, Mark J. Rittenbaum, James T. Sharp and Joseph K. Wilsted. The Company did not grant any stock options to the named executive officers in 2007, and does not maintain any pension or non-qualified deferred compensation plans. Accordingly, columns for such elements of compensation are not included in the Summary Compensation Table.

- (1) The Company amended its 2005 Stock Incentive Plan effective April 3, 2007 to provide that fair market value will be determined based upon the closing price of the Company's stock on the date of grant. Prior to that amendment, the Plan provided that fair market value would be determined based on the mean of the high and low sales price of the Company's stock on the date of grant or, if no prices were reported on such date, the most recent preceding date on which prices were reported. All restricted awards made during fiscal 2007 are subject to the terms of the Plan as amended, and are valued using the closing price of the Company's stock on the date of grant.
- (2) On April 3, 2007 the Compensation Committee approved awards of 10,000 shares of restricted stock to each of Mr. Bisson, Mr. Rittenbaum and Mr. Sharp and 7,000 shares to Mr. Brady effective April 4, 2007, which was one trading day following the release of quarterly financial results.

Material Terms of Employment Agreements and Other Arrangements

The Company has employment agreements with each of the named executive officers except Mr. Wilsted who resigned from the Company effective March 2, 2007.

Pursuant to the terms of his employment agreement, entered into effective September 1, 2004, Mr. Furman received an annual base salary of \$625,000 during fiscal year 2007. Base salaries for Mr. Bisson, Mr. Brady, Mr. Sharp and Mr. Rittenbaum also are determined pursuant to the terms of employment agreements entered into with each of those officers on May 11, 2006, March 2, 2007, February 15, 2004 and April 7, 2006, respectively. Mr. Bisson's base salary was \$260,000, Mr. Brady's base salary was \$252,000, Mr. Sharp's base salary was \$242,100 and Mr. Rittenbaum's base salary \$252,000, in fiscal year 2007. Mr. Brady assumed the responsibilities of Chief Financial Officer as of March 2, 2007. In each case the base salary maybe adjusted annually by the Chief Executive Officer and Compensation Committee.

Mr. Furman's annual bonus is determined based upon the Company's return on shareholders' equity, pursuant to a formula set forth in his employment agreement. If the Company's return on equity (ROE) is less than 10%, no cash bonus is paid. If the ROE is as least 10%, Mr. Furman is entitled to receive a bonus equal to 36% of annual base salary; if ROE is at least 12% but less than 14%, the bonus is equal to 54% of base salary; if ROE is at least 14% but less than 16% the bonus is equal to 72% of base salary; if ROE is at least 16% but less than 18% the bonus is equal to 110% of base salary, and if ROE is 18% or greater, Mr. Furman can earn a maximum bonus amount equal to 150% of base salary. The return on equity in fiscal 2007 was 9.51%. Accordingly, Mr. Furman did not receive a bonus for the year ended August 31, 2007. The Compensation Committee has discretion to decrease the amount of the bonus by up to 50%, based upon the Chief Executive Officer's performance.

Pursuant to the terms of their employment agreements, each of Mr. Bisson, Mr. Sharp and Mr. Rittenbaum may receive an annual target bonus equal to 50% of the his base salary, with greater or lesser amounts payable based on performance as determined by the Chief Executive Officer, in consultation with the Compensation Committee. Mr. Brady is eligible to receive annual discretionary cash bonuses in accordance with the Company's practice applicable to other senior executive officers, pursuant to the terms of his employment agreement.

Employment agreements with Messrs. Furman, Brady, Bisson, Rittenbaum and Sharp provide for certain payments and benefits in the event the executive's employment is terminated by the Company without cause, and, except in the case of Mr. Brady and Mr. Sharp, provide for payments and benefits in the event that the executive is terminated following a change in control of the Company. The employment agreement with Mr. Brady provides for an initial term that commenced on March 2, 2007 and ends August 31, 2007 or, at Mr. Brady's election, on December 31, 2007 (which election to extend was exercised) at a annual base salary of \$252,000, and an extended part-time term, during which Mr. Brady would no longer serve as an officer of the Company, of 60 months commencing upon expiration of the initial term, at an annual base salary of \$120,000. Mr. Brady's employment agreement provides that, in the event his employment is terminated without cause during the initial term or extended term, the Company will pay Mr. Brady the amount of his base salary for the remainder of the initial term or the extended term, as the case may be, in a single lump sum. Details of the payments and benefits triggered by different termination events are discussed and disclosed in tabular format under the heading Potential Post-Termination Payments and Benefits, following the Option Exercises and Stock Vested Table.

During fiscal 2007 the Company granted restricted stock awards of 10,000 shares to each of Messrs. Bisson, Rittenbaum and Sharp, and 7,000 shares to Mr. Brady. The awards granted to Mr. Bisson, Mr. Rittenbaum and Mr. Sharp vest in equal installments of 20% per year over five years. Mr. Brady's awards vests over 2 years, in recognition of the fact that he came out of retirement in order to re-assume the position of Chief Financial Officer

following Mr. Wilsted's resignation. If the executive's service terminates due to death, disability or retirement, or termination of employment by the Company without cause, any unvested shares immediately become fully vested. If the executive's service terminates for any other reason, any unvested shares automatically are forfeited as of the date of termination.

Table of Contents**Potential Post-Termination Payments****Benefits Triggered upon Termination Following a Change of Control**

Employment agreements entered into with Mr. Furman, Mr. Rittenbaum and Mr. Bisson provide for certain benefits to these officers if the officer's employment is terminated by us without cause or by the officer for good reason within 24 months after a change in control of the Company, or if the officer terminated his employment for any reason during the 30-day period immediately following the first anniversary of the change of control.

Change of control generally is defined to include the acquisition by any individual, entity or group of 50 percent or more of our stock, consummation of a merger or consolidation that results in 50 percent or more of our stock being owned by persons who were not stockholders prior to the transaction, a sale of substantially all of our assets, the dissolution or liquidation of the Company, or replacement of a majority of the members of the Board by individuals whose nomination, election or appointment was not approved by the incumbent Board.

Although the individual employment agreements contain some negotiated differences in the definitions of terms, cause generally is defined to include gross negligence or willful misconduct in the performance of material duties, conviction of or a plea of no contest to certain crimes, conduct involving moral turpitude, and failure to carry out reasonable, material directives. Good reason generally is defined to include a change in position or responsibilities that does not represent a promotion, a decrease in compensation, and a home office relocation of over 30 miles.

The following table shows the estimated change of control benefits that would have been payable to the Named Executive Officers if a change of control had occurred on August 31, 2007 and, except as noted, each officer's employment had been terminated on that date either by us without cause or by the officer with good reason.

- (1) **Cash Severance Benefit.** The employment agreements with Mr. Furman and Mr. Bisson provide for cash severance payment equal to three times the sum of their current base salary plus the average of the last two year cash bonus payments. The agreement with Mr. Rittenbaum provides for a payment equal to two and one half times the sum of his current base salary plus the average of the two most recent annual bonuses (the average bonus amount.) Messrs. Bisson and Rittenbaum also are entitled to receive a pro-rated bonus for the year of termination, based on the average bonus amount and the number of days worked during the year of termination. Since it is assumed that termination is on August 31, 2007, the cash severance benefit amount includes 100% of the average bonus amount, in addition to the multiples of salary and bonus described above. All payments are to

be made in a single lump sum within 30 days after the date of termination.

- (2) **Insurance Continuation.** If cash severance benefits are triggered, the employment agreements with Messrs. Bisson and Rittenbaum also provide that we will pay the cost of all health and welfare benefits paid for by us at the time of termination for up to 24 months following the termination of employment, except to the extent similar benefits are provided by a subsequent employer. The employment agreement with Mr. Furman provides for continuation of health and welfare benefits for up to 36 months following termination of employment. The amounts in the table above represent 12 months of life, accident and health insurance premium payments at the rates paid by us for each of these officers as of August 31, 2007.
- (3) **Restricted Stock Acceleration.** All unvested shares of restricted stock held by the Named Executive Officers will immediately vest on a change of control of the Company, regardless of whether or not the officer's employment is terminated in connection with the change of control. The amounts in the table above represent the number of shares of unvested restricted stock multiplied by a stock price of \$29.38 per share, which was the closing price of our common stock on August 31, 2007. The expense that the Company would record would

Table of Contents

differ from the amount above as under FAS 123R the amount of unamortized expense is based upon the stock price as the date of grant not at vesting.

- (4) **Retirement Benefit.** Pursuant to his employment agreement, the Company will make an annual payment to Mr. Furman in the amount of \$407,000 until he attains age 70, regardless of whether Mr. Furman's employment terminates prior to that date. This benefit is provided in place of any executive life insurance or other supplemental retirement benefit.
- (5) **Target Benefit Plan Benefit.** Under the terms of the Target Benefit Plan, in the event of a Change in Control of the Company, the Company is obligated to contribute to the Plan on behalf of each participating Named Executive Officer an amount equal to the discounted present value of the contributions that would have been required had the executive remained employed until age 65 (Normal Retirement Age under the Plan). Therefore, in the event that a participating executive's employment is terminated following a Change in Control, the executive will receive a monthly retirement benefit equal to the benefit he would have received if he had remained employed until age 65. The amount shown in the table above is the amount of the estimated annual benefit payable to the executive under the Target Benefit Plan, assuming that the executive terminated employment as of August 31, 2007 following a Change in Control. Monthly benefits commence when the executive attains age 65 and continue for 15 years (180 months) from that date.
- (6) **Other.** Pursuant to their employment agreements, the Company will provide Messrs. Bisson, Rittenbaum and Sharp with continued use of an automobile at the Company's expense, for a period of two years following termination of employment. The amount above represents the current annual cost of the employees' leased car for the two year period.
- (7) **Consulting Arrangement.** Pursuant to Mr. Bisson's employment agreement, the Company will enter into a consulting agreement with Mr. Bisson for a period of 60 months following his termination of employment, which provides for payment of \$1,000 per month for consulting services not to exceed 20 hours per month, and the provision of medical, dental and vision coverage for Mr. Bisson and his dependents during that period, provided such coverage is available for non-employee consultants under the Company's group health plans. The Company will pay the cost of COBRA coverage for the maximum period of time available following the end of the consulting period, and will thereafter provide Mr. Bisson and his spouse with health benefits until each of them becomes eligible for Medicare, up to a maximum cost per person of \$2 million.
- (8) **280G Capped Amount.** Under all of the change of control provisions described above, the amount of change of control benefits each officer will receive are capped at an amount that will prevent any payments being non-deductible under section 280G of the Internal Revenue Code of 1986, as amended (the Code) or subject to excise tax under section 4999 of the Code. The amounts shown in this column are the capped amounts, which are equal to one dollar less than the product of three-times the amount of the officers' base amount, which, as calculated under Code section 280G, is equal to the average of the officer's W-2 wages over the five-year period preceding the change of control event (or such shorter period as the officer has been employed by the Company).

Benefits Triggered on Involuntary Termination of Employment without Cause

The following table shows the estimated benefits that would have been paid to each of the Named Executive Officers if the officer's employment had been terminated on August 31, 2007, either by us without cause or, with respect to certain benefits, by the officers with good reason, pursuant to the terms of such officer's employment agreement with the Company.

Table of Contents

- (1) **Cash Severance Benefit.** Employment agreements with each of Messrs. Furman, Bisson and Rittenbaum provide for cash severance payments equal to two times the sum of base salary plus the average bonus amount, in a lump sum. Mr. Sharp's employment agreement provides for a severance pay of his base salary for two years and payment of his target bonus (which equals 50 percent of base salary) for that time period.
- (2) **Cash Severance Benefit.** The employment agreement with Mr. Brady provides for an initial term that commenced on March 2, 2007 and ends August 31, 2007 or, at Mr. Brady's election, on December 31, 2007 (which election to extend was exercised) at an annual base salary of \$252,000, and an extended part-time term, during which Mr. Brady would no longer serve as an officer of the Company, of 60 months commencing upon expiration of the initial term, at an annual base salary of \$120,000. Mr. Brady's employment agreement provides that, in the event his employment is terminated without cause during the initial term or extended term, the Company will pay Mr. Brady the amount of his base salary for the remainder of the initial term or the extended term, as the case may be, in a single lump sum. The amount above assumes that Mr. Brady elected to extend the initial term until December 31, 2007, but was terminated without cause on August 31, 2007, and was therefore entitled to receive his annualized base salary of \$252,000 from September 1, 2007 through December 31, 2007 (\$84,000), plus the amount of his annualized base salary of \$120,000 for 60 months (\$600,000).
- (3) **Insurance Continuation.** Employment agreements with Messrs. Furman, Bisson, Rittenbaum and Sharp also provide for continuation of life, accident and health insurance benefits paid by us for up to 24 months following the termination of employment, except to the extent similar benefits are provided by a subsequent employer. The amounts in the table above represent 12 months of life, accident and health insurance premium payments at the rates paid by us for each of these officers as of August 31, 2007.
- (4) **Restricted Stock Acceleration.** All unvested shares of restricted stock will immediately vest upon termination by the Company without cause, under the terms of the officers' employment agreements. Information regarding unvested restricted stock held by the Named Executive Officers is set forth in the Outstanding Equity Awards table above. The amounts in the table above represent the number of shares of unvested restricted stock multiplied by a stock price of \$29.38 per share, which was the closing price of our common stock on August 31, 2007. The expense that the Company would record would differ from the amount above as under FAS 123R the amount of unamortized expense is based upon the stock price as the date of grant not at vesting.
- (5) **Retirement Benefit.** Pursuant to his employment agreement, the Company will make an annual payment to Mr. Furman in the amount of \$407,000 until he attains age 70, regardless of whether Mr. Furman's employment terminates prior to that date. This benefit is provided in place of any executive life insurance or other supplemental retirement benefit.
- (6) **Target Benefit Plan Benefit.** Under the terms of the Target Benefit Plan, in the event that a participating executive terminates employment for any reason (other than following a Change in Control) prior to the attainment of age 65, the Company will make no further contributions to the Plan on behalf of the executive. The executive will receive a monthly retirement benefit based upon the amounts payable under individual annuity contracts purchased by the Company on the executive's behalf prior to his termination of employment. The amount shown in the table above is the estimated annual benefit payable to the executive under the Target Benefit Plan, assuming that the executive's employment was involuntarily terminated as of August 31, 2007 (benefit amounts do not vary under the Target Benefit Plan based on whether termination of employment prior to retirement age was voluntary or involuntary, or with or without cause). Monthly benefits commence when the executive attains age 65 and continue for 15 years (180 months) from that date.
- (7)

Other. Pursuant to their employment agreements, the Company will provide Messrs. Bisson, Rittenbaum and Sharp with continued use of an automobile at the Company's expense, for a period of two years following termination of employment. The amount above represents the current annual cost of the employees' leased car for the one year period.

The Company's obligation to pay severance benefits is, in all cases, contingent upon the officer executing a release of claims in favor of the Company. Mr. Brady's entitlement to severance benefits is also contingent upon his compliance with the terms of a covenant not to compete in favor of the Company during the initial and extended terms under his employment agreement, as described above.

Since in our example the triggering event is August 31, 2007, the amount of estimated cash benefit is equal to a full year cash bonus, estimated to be amount of the average of the most recent two years' cash bonuses actually paid to Mr. Furman.

of Significant Accounting Policies to the Company's consolidated financial statements included in our Annual Report on Form 10K for the fiscal year ended August 31, 2007. Directors who are not our employees receive annual grants of restricted shares of the Company's Common Stock with a fair value equal to approximately \$60,000 made immediately after the close of each annual shareholder meeting with such shares vesting in equal amounts over a three-year period beginning one year from the date of grant. The total number of shares of restricted stock outstanding as of August 31, 2007 for each of the directors is as follows: Mr. Whiteley 3,916 shares; Mr. Atiyeh 3,916 shares; Mr. Jack 2,156 shares; Mr. McDougall 3,916 shares; Mr. Swindells 3,469 shares; Mr. Ward 3,469 shares and Mr. Washburn 3,916 shares.

- (3) Mr. Ward also received from the Company consulting fees aggregating \$84,000 during 2007 and use of a company automobile with estimated cost of \$11,457.

Members of the Board of Directors who are our employees are not separately compensated for serving on the Board of Directors. Directors who are not our employees are paid an annual retainer of \$30,000, payable quarterly, with the exception of the Chairman of the Board. The Chairman of the Board receives an annual retainer, payable quarterly, of three times the annual retainer paid to non-employee directors, or currently, \$90,000. All non-employee directors, including the Chairman of the Board, are also paid a meeting fee of \$1,000 per meeting, plus reimbursement of expenses. In addition to the annual retainer, the Audit Committee chairman receives a \$10,000 annual retainer and each other committee chairman receives a \$5,000 annual retainer, in each case payable quarterly. In addition, directors who are not our employees receive annual grants of restricted shares of the Company's Common Stock with a fair value equal to \$60,000 made immediately after the close of each annual shareholder meeting with such shares vesting in equal amounts over a three-year period. However, no grant will be made to a non-employee director if such grant would cause that director to become an Acquiring Person (as defined in the Stockholder Rights Agreement between the Company and Equiserve Trust Company, N.A. dated as of July 13, 2004). In that case, the non-employee director would receive \$60,000 in cash in lieu of the grant of restricted shares. In the event a non-employee director ceases to be a director due to death, disability or retirement, because he or she is not re-elected to serve an additional term as a director, any unvested restricted shares shall immediately become fully vested. If a non-employee director ceases to be a director by reason of removal or resignation as a member of the Board, any unvested restricted shares shall automatically be forfeited, and the shares subject to such award shall be available for grant under the Plan. During fiscal 2007, each non-employee director received an award of restricted stock having a fair market value on the date of the award of \$60,011.

Appendix A

POLICY REGARDING THE APPROVAL OF AUDIT AND NON-AUDIT SERVICES PROVIDED BY THE INDEPENDENT AUDITOR

Purpose and Applicability

We recognize the importance of maintaining the independent and objective viewpoint of our independent auditors. We believe that maintaining independence, both in fact and in appearance, is a shared responsibility involving management, the Audit Committee, and the independent auditors.

The Company (which includes consolidated subsidiaries as used herein) recognizes that Deloitte & Touche (the Audit Firm) possesses a unique knowledge of the Company, and as a worldwide firm can provide necessary and valuable services to the Company in addition to the annual audit. Consequently, this policy sets forth guidelines and procedures to be followed by the Company when retaining the Audit Firm to perform audit and nonaudit services.

Policy Statement

All services provided by the Audit Firm, both audit and nonaudit, must be pre-approved by the Audit Committee or a Designated Member. The pre-approval of audit and nonaudit services may be given at any time up to a year before commencement of the specified service. Although the Sarbanes-Oxley Act of 2002 permits *de minimis* exceptions, our policy is to pre-approve all audit and nonaudit services. Pre-approval may be of classes of permitted services, such as annual audit services, tax consulting services or similar broadly defined predictable or recurring services. Such classes of services could include the following illustrative examples:

Audits of the Company's financial statements required by SEC rules, lenders, statutory requirements, regulators, and others, including quarterly review procedures.

Consents, comfort letters, reviews of registration statements and similar services that incorporate or include the audited financial statements of the Company, including responding to the SEC or other regulators regarding such financial statements.

Employee benefit plan audits.

Accounting consultations and support related to the application of generally accepted accounting principles or the implementation of new laws or regulations, such as compliance with the Sarbanes-Oxley Act, including Section 404 of the Act.

Tax compliance and related support for any tax returns filed by the Company, including returns filed by any executive or expatriate under a company-sponsored program.

Tax planning and support.

Merger and acquisition due diligence services.

The Audit Committee may delegate to one or more designated member(s) of the Audit Committee (a Designated Member), who is independent as defined under the standards of the New York Stock Exchange, the authority to grant pre-approvals of permitted services (defined below), or classes of permitted services, to be provided by the Audit Firm. The decisions of a Designated Member to pre-approve a permitted service shall be reported to the Audit

Committee at each of its regularly scheduled meetings.

All fees paid to the Audit Firm will be disclosed in the Company's annual proxy statement in accordance with applicable SEC rules. Starting with fiscal 2004, the annual proxy statement should include disclosure of the amount of Audit Fees, Audit Related Fees, Tax Fees and All Other Fees.
