**Table of Contents****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

(unaudited)

**1. Summary of Significant Accounting Policies****Basis of Presentation**

The condensed consolidated balance sheet as of January 31, 2009, the condensed consolidated statements of operations and comprehensive income (loss) for the three and nine months ended January 31, 2009 and 2008, the condensed consolidated statements of cash flows for the nine months ended January 31, 2009 and 2008, and the condensed consolidated statements of stockholders' equity for the nine months ended January 31, 2009 and 2008 have been prepared by the Company, without audit. In the opinion of management, all adjustments, which include only normal recurring adjustments, necessary to present fairly the financial position, results of operations, cash flows and changes in stockholders' equity at January 31, 2009 and for all periods presented have been made.

H&R Block, the Company, we, our and us are used interchangeably to refer to H&R Block, Inc. or to H&R Block, Inc. and its subsidiaries, as appropriate to the context.

Certain reclassifications have been made to prior year amounts to conform to the current year presentation. These reclassifications had no effect on our results of operations or stockholders' equity as previously reported. Effective November 1, 2008, we sold H&R Block Financial Advisors, Inc. (HRBFA) to Ameriprise Financial, Inc. (Ameriprise). As of January 31, 2009, HRBFA and its direct corporate parent are presented as discontinued operations in the condensed consolidated financial statements. All periods presented have been reclassified to reflect our discontinued operations. See additional discussion in note 17.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles have been condensed or omitted. These condensed consolidated financial statements should be read in conjunction with the financial statements and notes thereto included in our April 30, 2008 Annual Report to Shareholders on Form 10-K. All amounts presented herein as of April 30, 2008 or for the year then ended, are derived from our April 30, 2008 Annual Report to Shareholders on Form 10-K.

**Management Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

**Seasonality of Business**

Our operating revenues are seasonal in nature with peak revenues occurring in the months of January through April. Therefore, results for interim periods are not indicative of results to be expected for the full year.

**Concentrations of Risk**

Cash deposits in bank accounts in excess of insured or guaranteed limits are exposed to loss in the event of nonperformance by the financial institution. We had cash deposits in excess of these limits of approximately \$30 million at January 31, 2009. We have not historically experienced any losses on bank deposits. In addition to cash deposits with financial institutions, we had investments totaling approximately \$1 billion and \$110 million in federal funds sold and money market funds, respectively, at January 31, 2009.

Our mortgage loans held for investment include concentrations of loans to borrowers in certain states, which may result in increased exposure to loss as a result of changes in real estate values and underlying economic or market conditions related to a particular geographical location. Approximately 50% of our mortgage loan portfolio consists of loans to borrowers located in the states of Florida, California and New York.

**Table of Contents****2. Earnings (Loss) Per Share and Stockholders Equity**

Basic and diluted loss per share is computed using the weighted average shares outstanding during each period. The dilutive effect of potential common shares is included in diluted earnings per share except in those periods with a loss from continuing operations. The computations of basic and diluted earnings (loss) per share from continuing operations are as follows:

	(in 000s, except per share amounts)			
	Three Months Ended January 31,		Nine Months Ended January 31,	
	2009	2008	2009	2008
Net income (loss) from continuing operations	\$ 66,830	\$ 7,090	\$ (194,754)	\$ (240,013)
Basic weighted average common shares	337,338	325,074	331,429	324,544
Potential dilutive shares from stock options and nonvested shares	1,347	2,126	-	-
Convertible preferred stock	2	2	-	-
Dilutive weighted average common shares	338,687	327,202	331,429	324,544
Earnings (loss) per share from continuing operations:				
Basic	\$ 0.20	\$ 0.02	\$ (0.59)	\$ (0.74)
Diluted	0.20	0.02	(0.59)	(0.74)

Diluted earnings per share excludes the impact of shares of common stock issuable upon the lapse of certain restrictions or the exercise of options to purchase 16.0 million shares and 18.0 million shares for the three months ended January 31, 2009 and 2008, respectively, as the effect would be antidilutive. Diluted earnings per share excludes the impact of shares of common stock issuable upon the lapse of certain restrictions or the exercise of options to purchase 20.2 million shares and 24.8 million shares for the nine months ended January 31, 2009 and 2008, respectively, as the effect would be antidilutive due to the net loss from continuing operations during each period. The weighted average shares outstanding for the three and nine months ended January 31, 2009 increased to 337.3 million and 331.4 million, respectively, from 325.1 million and 324.5 million for the three and nine months ended January 31, 2008, respectively, primarily due to the issuance of shares of our common stock in October 2008. On October 27, 2008, we sold 8.3 million shares of our common stock, without par value, at a price of \$17.50 per share in a registered direct offering through subscription agreements with selected institutional investors. We received net proceeds of \$141.5 million, after deducting placement agent fees and other offering expenses. During the nine months ended January 31, 2009 and 2008, we issued 5.7 million and 2.4 million shares of common stock, respectively, due to the exercise of stock options, employee stock purchases and vesting of nonvested shares. During the nine months ended January 31, 2009, we acquired 0.4 million shares of our common stock, which represent shares swapped or surrendered to us in connection with the vesting of nonvested shares and the exercise of stock options, at an aggregate cost of \$7.4 million. During the nine months ended January 31, 2008, we acquired 0.3 million shares of our common stock, which represent shares swapped or surrendered to us in connection with the vesting of nonvested shares and the exercise of stock options, at an aggregate cost of \$7.2 million.

During the nine months ended January 31, 2009, we granted 5.1 million stock options and 1.0 million nonvested shares and units in accordance with our stock-based compensation plans. The weighted average fair value of options granted was \$3.80 for manager options and \$2.83 for options granted to our seasonal associates. At January 31, 2009, the total unrecognized compensation cost for options and nonvested shares and units was \$12.2 million and \$17.5 million, respectively.

### **3. Business Combinations**

Effective November 3, 2008, we acquired the assets and franchise rights of our last major independent franchise operator for an aggregate purchase price of \$278.6 million. Results related to the acquired business have been included in our condensed consolidated financial statements since November 3, 2008. Pro forma results of operations have not been presented as the effects of this acquisition were not material

**Table of Contents**

to our results. The accompanying balance sheet reflects a preliminary allocation of the purchase price to assets acquired and liabilities assumed as follows:

	(in 000s)
Property and equipment	\$ 6,169
Goodwill	16,062
Reacquired franchise rights	177,386
Franchise agreements	54,977
Customer relationships	24,264
Noncompete agreements	756
Other	735
Liabilities	(1,740)
	\$ 278,609

Goodwill recognized in this transaction is included in the Tax Services segment and is deductible for tax purposes.

**4. Receivables**

Receivables related to our continuing operations consist of the following:

	(in 000s)		
	January 31, 2009	January 31, 2008	April 30, 2008
Participation in tax client loans	\$ 1,122,347	\$ 1,763,030	\$ 73,354
Emerald Advance lines of credit	688,663	361,263	5,115
Business Services accounts receivable	335,893	257,010	320,377
Receivables for tax-related fees	309,379	117,328	47,301
Royalties from franchisees	80,603	68,573	1,784
Loans to franchisees	66,317	71,349	53,536
Other	125,076	119,740	152,917
	2,728,278	2,758,293	654,384
Allowance for doubtful accounts	(85,327)	(78,847)	(120,155)
	\$ 2,642,951	\$ 2,679,446	\$ 534,229

**5. Mortgage Loans Held for Investment**

The composition of our mortgage loan portfolio as of January 31, 2009 and April 30, 2008 is as follows:

	January 31, 2009		April 30, 2008	
	Amount	% of Total	Amount	% of Total
Adjustable-rate loans	\$ 566,475	67%	\$ 715,919	71%
Fixed-rate loans	284,727	33%	288,721	29%
	851,202	100%	1,004,640	100%
Unamortized deferred fees and costs	6,168		7,062	
Less: Allowance for loan losses	(75,615)		(45,401)	
	\$ 781,755		\$ 966,301	

Activity in the allowance for mortgage loan losses for the nine months ended January 31, 2009 and 2008 is as follows:  
(in 000s)

Nine Months Ended January 31,	2009	2008
Balance at beginning of the period	\$ 45,401	\$ 3,448
Provision	51,953	12,345
Recoveries	50	999
Charge-offs	(21,789)	(932)
Balance at end of the period	\$ 75,615	\$ 15,860

**Table of Contents**

The loan loss provision increased significantly during the current period as a result of declining collateral values due to a decline in residential home prices, and increasing delinquencies occurring in our portfolio. Our loan loss reserve as a percent of mortgage loans was 8.82% at January 31, 2009, compared to 4.49% at April 30, 2008.

In cases where we modify a loan and in so doing grant a concession to a borrower experiencing financial difficulty, the modification is considered a troubled debt restructuring (TDR). TDR loans totaled \$153.7 million and \$37.2 million at January 31, 2009 and April 30, 2008, respectively.

Loans 60 days past due are considered impaired. Impaired and TDR loans at January 31, 2009 and April 30, 2008 totaled \$258.2 million and \$128.9 million, respectively.

**6. Goodwill and Intangible Assets**

Changes in the carrying amount of goodwill of continuing operations for the nine months ended January 31, 2009 consist of the following:

(in 000s)

	April 30, 2008	Additions	Impairment	Other	January 31, 2009
Tax Services	\$ 431,981	\$ 19,820	\$ (2,188)	\$ (3,506)	\$ 446,107
Business Services	399,333	3,003	-	-	402,336
Total	\$ 831,314	\$ 22,823	\$ (2,188)	\$ (3,506)	\$ 848,443

We test goodwill for impairment annually at the beginning of our fourth quarter, or more frequently if events occur indicating it is more likely than not the fair value of a reporting unit's net assets has been reduced below its carrying value.

During the nine months ended January 31, 2009, we recorded a \$2.2 million impairment in our Tax Services segment relating to the goodwill of a small digital business acquired in fiscal year 2005. No other events indicating possible impairment of goodwill were identified during the nine months ended January 31, 2009.

Intangible assets of continuing operations consist of the following:

(in 000s)

	January 31, 2009			April 30, 2008		
	Gross Carrying Amount	Accumulated Amortization	Net	Gross Carrying Amount	Accumulated Amortization	Net
Tax Services:						
Customer relationships	\$ 72,535	\$ (24,462)	\$ 48,073	\$ 46,479	\$ (22,007)	\$ 24,472
Noncompete agreements	23,261	(20,587)	2,674	22,966	(19,981)	2,985
Reacquired franchise rights	177,386	-	177,386	-	-	-
Franchise agreements	54,977	(611)	54,366	-	-	-

Edgar Filing: H&R BLOCK INC - Form 10-Q

Purchased technology	12,500	(3,751)	8,749	12,500	(2,283)	10,217
Trade name	1,025	(192)	833	1,025	(117)	908
Business Services:						
Customer relationships	146,040	(108,508)	37,532	143,402	(100,346)	43,056
Noncompete agreements	33,068	(19,344)	13,724	32,303	(17,589)	14,714
Trade name amortizing	2,600	(2,600)	-	3,290	(3,043)	247
Trade name non-amortizing	55,637	(4,868)	50,769	55,637	(4,868)	50,769
	\$ 579,029	\$ (184,923)	\$ 394,106	\$ 317,602	\$ (170,234)	\$ 147,368

Amortization of intangible assets of continuing operations for the three and nine months ended January 31, 2009 was \$6.8 million and \$20.4 million, respectively, and \$5.5 million and \$17.7 million for the three and nine months ended January 31, 2008, respectively. Estimated amortization of intangible assets for fiscal years 2009 through 2013 is \$26.8 million, \$29.9 million, \$28.0 million, \$25.2 million and \$21.1 million, respectively.

**Table of Contents****7. Borrowings**

Borrowings of continuing operations consist of the following:

(in 000s)

	January 31, 2009	January 31, 2008	April 30, 2008
Short-term borrowings:			
HSBC credit facility	\$ 690,485	\$ 1,683,317	\$ -
Other credit facilities	-	28,168	-
	\$ 690,485	\$ 1,711,485	\$ -
Long-term borrowings:			
CLOC borrowings, due August 2010	\$ 970,813	\$ 1,800,000	\$ -
Senior Notes, 7.875%, due January 2013	599,507	599,383	599,414
Senior Notes, 5.125%, due October 2014	398,648	398,412	398,471
Other	42,709	23,948	41,185
	2,011,677	2,821,743	1,039,070
Less: Current portion	(9,030)	(8,332)	(7,286)
	\$ 2,002,647	\$ 2,813,411	\$ 1,031,784

At January 31, 2009, we maintained \$2.0 billion in revolving credit facilities to support commercial paper issuance and for general corporate purposes. These unsecured committed lines of credit (CLOCs), and outstanding borrowings thereunder, have a maturity date of August 2010 and an annual facility fee in a range of six to fifteen basis points per annum, based on our credit ratings. We had \$970.8 million outstanding as of January 31, 2009 to support working capital requirements primarily arising from off-season operating losses, to pay dividends and acquire businesses. These borrowings are included in long-term debt on our condensed consolidated balance sheet due to their contractual maturity date. The CLOCs, among other things, require we maintain at least \$650.0 million of net worth on the last day of any fiscal quarter. We had net worth of \$840.0 million at January 31, 2009.

Lehman Brothers Bank, FSB (Lehman) is a participating lender in our \$2.0 billion CLOCs, with a \$50.0 million credit commitment. In September 2008, Lehman's parent company declared bankruptcy. Since then, Lehman has not honored any funding requests under these facilities, thereby effectively reducing our available liquidity under our CLOCs to \$1.95 billion. We do not expect this change to have a material impact on our liquidity.

We entered into a committed line of credit agreement with HSBC Finance Corporation (HSBC) effective January 14, 2009 for use as a funding source for the purchase of refund anticipation loan (RAL) participations. This line provides funding totaling \$2.5 billion through March 30, 2009 and \$120.0 million thereafter through June 30, 2009. This line is subject to various covenants that are similar to our primary CLOCs, and is secured by our RAL participations. At January 31, 2009, there was \$690.5 million outstanding on this facility. Our contract with HSBC provides for them to fund RALs through 2011, with an option to renew, at our discretion, through 2013. We have also had a contract each of the last two years under which HSBC has funded our participation interest in RALs.

H&R Block Bank (HRB Bank) is a member of the Federal Home Loan Bank (FHLB) of Des Moines, which extends credit to member banks based on eligible collateral. At January 31, 2009, HRB Bank had total FHLB advance capacity of \$434.1 million. There was \$104.0 million outstanding on this facility, leaving remaining availability of

\$330.1 million. Mortgage loans held for investment of \$698.6 million serve as eligible collateral and are used to determine total capacity.

**8. Income Taxes**

We file a consolidated federal income tax return in the United States and file tax returns in various state and foreign jurisdictions. Consolidated tax returns for the years 1999 through 2007 are currently under examination by the Internal Revenue Service (IRS). Tax years prior to 1999 are closed by statute. Historically, tax returns in various foreign and state jurisdictions are examined and settled upon completion of the exam.

**Table of Contents**

During the three and nine months ended January 31, 2009, we accrued an additional \$2.9 million and \$6.9 million, respectively, of interest and penalties related to our uncertain tax positions. We had unrecognized tax benefits of \$128.3 million and \$137.6 million at January 31, 2009 and April 30, 2008, respectively. The unrecognized tax benefits decreased \$9.3 million in the current year, due primarily to settlement payments. We have classified the liability for unrecognized tax benefits, including corresponding accrued interest, as long-term at January 31, 2009, which is included in other noncurrent liabilities on the condensed consolidated balance sheet. Amounts that we expect to pay, or for which statutes expire, within the next twelve months have been included in accounts payable, accrued expenses and other current liabilities on the condensed consolidated balance sheet.

During the third quarter of fiscal year 2009 we received tax refunds of \$156.5 million, the majority of which was recorded as a receivable included in other assets on our condensed consolidated financial statements as of April 30, 2008.

Based upon the expiration of statutes of limitations, payments of tax and other factors in several jurisdictions, we believe it is reasonably possible that the total amount of previously unrecognized tax benefits may decrease by approximately \$6 to \$7 million within twelve months of January 31, 2009.

**9. Interest Income and Expense**

The following table shows the components of interest income and expense of our continuing operations. Operating interest expense is included in cost of other revenues, and interest expense on acquisition debt is included in other income (expense), net on our condensed consolidated statements of operations.

(in 000s)

	Three Months Ended January 31,		Nine Months Ended January 31,	
	2009	2008	2009	2008
Interest income:				
Mortgage loans, net	\$ 11,131	\$ 17,198	\$ 36,494	\$ 60,140
Emerald Advance lines of credit	43,311	19,516	44,539	19,516
Other	4,162	10,396	12,465	21,702
	\$ 58,604	\$ 47,110	\$ 93,498	\$ 101,358
Operating interest expense:				
Borrowings	\$ 21,623	\$ 21,014	\$ 60,849	\$ 41,674
Deposits	3,719	11,464	11,646	37,928
FHLB advances	1,326	1,349	3,981	4,709
	26,668	33,827	76,476	84,311
Interest expense acquisition debt	392	624	1,221	1,871
Total interest expense	\$ 27,060	\$ 34,451	\$ 77,697	\$ 86,182

**10. Fair Value**

On May 1, 2008, we adopted Statement of Financial Accounting Standards No. 157, Fair Value Measurements (SFAS 157). SFAS 157 defines fair value, establishes a framework for measuring fair value and expands disclosure requirements for fair value measurements. We elected to defer the application of SFAS 157 for nonfinancial assets and nonfinancial liabilities until fiscal year 2010, as provided for by FASB Staff Position FAS 157-2, Effective Date of FASB Statement No. 157 (FSP 157-2). The adoption of SFAS 157 did not have an impact on our consolidated results of operations or financial position.

#### Fair Value Hierarchy

SFAS 157 establishes a fair value hierarchy that prioritizes the inputs used to measure fair value into three broad levels, considering the relative reliability of the inputs, as follows:

- n Level 1 Quoted prices in active markets for identical assets or liabilities. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

**Table of Contents**

- n Level 2 Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuations in which all significant inputs are observable in the market.
- n Level 3 Valuation is modeled using significant inputs that are unobservable in the market. These unobservable inputs reflect our own estimates of assumptions that market participants would use in pricing the asset or liability.

**Estimation of Fair Value**

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value and the general classification of these instruments pursuant to the fair value hierarchy.

- n Available-for-sale securities Available-for-sale securities are carried at fair value on a recurring basis. When available, fair value is based on quoted prices in an active market and as such, would be classified as Level 1. If quoted market prices are not available, fair values are estimated using quoted prices of securities with similar characteristics, discounted cash flows or other pricing models. Available-for-sale securities that we classify as Level 2 include certain agency and non-agency mortgage-backed securities, U.S. states and political subdivisions debt securities and other debt and equity securities.
- n Mortgage loans held for sale The fair values of loans held for sale are generally based on observable market prices of securities that have loan collateral or interests in loans that are similar to the held-for-sale loans, or whole loan sale prices if formally committed. These loans are classified as Level 2.
- n Residual interests in securitizations Determination of the fair value of residual interests in securitizations requires the use of unobservable inputs. We value these securities using a discounted cash flow approach that incorporates expectations of prepayment speeds and expectations of delinquencies and losses. Risk-adjusted discount rates are based on quotes from third party sources. These assets are classified as Level 3.

**Assets and Liabilities Measured at Fair Value on a Recurring Basis**

The following table presents for each hierarchy level the financial assets of our continuing operations that are measured at fair value on a recurring basis at January 31, 2009:

(dollars in 000s)

	Total	Level 1	Level 2	Level 3
Available-for-sale securities	\$ 45,640	\$ 2,975	\$ 42,665	\$ -
Mortgage loans held for sale	9,596	-	9,596	-
Residual interests in securitizations	5,122	-	-	5,122
	\$ 60,358	\$ 2,975	\$ 52,261	\$ 5,122
As a percentage of total assets	0.8%	0.0%	0.7%	0.1%

The following table presents changes in Level 3 financial assets measured at fair value on a recurring basis:

(in 000s)

Three Months Ended	Nine Months Ended
--------------------	-------------------

Edgar Filing: H&R BLOCK INC - Form 10-Q

	January 31, 2009	January 31, 2009
Fair value, beginning of period	\$ 9,487	\$ 16,678
Losses:		
Included in earnings	(931)	(6,153)
Included in other comprehensive income (loss)	(2,604)	(2,920)
Cash received	(830)	(2,483)
Fair value, end of period	\$ 5,122	\$ 5,122

Mortgage loans held for sale are included in prepaid expenses and other current assets, and available-for-sale securities and residual interests in securitizations are included in other assets on our condensed consolidated balance sheets.

**Fair Value Option**

We adopted Statement of Financial Accounting Standards No. 159, The Fair Value Option for Financial Assets and Financial Liabilities (SFAS 159) on May 1, 2008. SFAS 159 permits an instrument by

**Table of Contents**

instrument irrevocable election to account for selected financial assets and financial liabilities at fair value. We did not elect to apply the fair value option to any eligible financial assets or financial liabilities on May 1, 2008 or during the nine months ended January 31, 2009. Subsequent to the initial adoption, we may elect to account for selected financial assets and financial liabilities at fair value. Such an election could be made at the time an eligible financial asset, financial liability or firm commitment is recognized or when certain specified reconsideration events occur.

**11. Other Noncurrent Assets and Liabilities**

We have deferred compensation plans that permit directors and certain employees to defer portions of their compensation and accrue income on the deferred amounts. Included in other noncurrent liabilities is \$122.3 million and \$155.1 million at January 31, 2009 and April 30, 2008, respectively, reflecting our obligation under these plans. We may purchase whole-life insurance contracts on certain director and employee participants to recover distributions made or to be made under the plans. The cash surrender value of the policies and other assets held by the Deferred Compensation Trust is recorded in other noncurrent assets and totaled \$112.9 million and \$163.1 million at January 31, 2009 and April 30, 2008, respectively. These assets are restricted, as they are only available to fund the related liability. The decrease in value of these assets and liabilities are primarily due to current market conditions. Losses on certain invested assets are not deductible for income taxes and therefore have had an impact on our income tax rates in the current fiscal year.

**12. Regulatory Requirements**

HRB Bank and the Company are subject to various regulatory requirements, including capital guidelines for HRB Bank, administered by federal banking agencies. Failure to meet minimum capital requirements can trigger certain mandatory and possibly additional discretionary actions by regulators that, if undertaken, could have a direct material effect on HRB Bank and our consolidated financial statements. All savings associations are subject to the capital adequacy guidelines and the regulatory framework for prompt corrective action. HRB Bank must meet specific capital guidelines that involve quantitative measures of HRB Bank's assets, liabilities and certain off-balance sheet items, as calculated under regulatory accounting practices. HRB Bank's capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings and other factors. HRB Bank files its regulatory Thrift Financial Report (TFR) on a calendar quarter basis with the Office of Thrift Supervision (OTS). Quantitative measures established by regulation to ensure capital adequacy require HRB Bank to maintain minimum amounts and ratios of tangible equity, total risk-based capital and Tier 1 capital, as set forth in the table below. In addition to these minimum ratio requirements, HRB Bank is required to continually maintain a 12.0% minimum leverage ratio as a condition of its charter-approval order through fiscal year 2009. This condition was extended through fiscal year 2012 as a result of a Supervisory Directive issued on May 29, 2007. As of January 31, 2009, HRB Bank's leverage ratio was 13.8%.

As of December 31, 2008, our most recent TFR filing, HRB Bank was a well capitalized institution under the prompt corrective action provisions of the Federal Deposit Insurance Corporation (FDIC). The five capital categories are:

(1) well capitalized (total risk-based capital ratio of 10%, Tier 1 Risk-based capital ratio of 6% and leverage ratio of 5%); (2) adequately capitalized ; (3) undercapitalized ; (4) significantly undercapitalized ; and (5) critically undercapitalized. There are no conditions or events since December 31, 2008 that management believes have changed HRB Bank's category.

**Table of Contents**

The following table sets forth HRB Bank's regulatory capital requirements at December 31, 2008, as calculated in the most recently filed TFR:

	(dollars in 000s)					
	Actual		For Capital Adequacy Purposes		To Be Well Capitalized Under Prompt Corrective Action Provisions	
	Amount	Ratio	Amount	Ratio	Amount	Ratio
Total risk-based capital ratio <sup>(1)</sup>	\$ 268,259	22.1%	\$ 97,294	8.0%	\$ 121,617	10.0%
Tier 1 risk-based capital ratio <sup>(2)</sup>	\$ 252,471	20.8%	n/a	n/a	\$ 72,970	6.0%
Tier 1 capital ratio (leverage) <sup>(3)</sup>	\$ 252,471	13.3%	\$ 228,368	12.0%	\$ 95,153	5.0%
Tangible equity ratio <sup>(4)</sup>	\$ 252,471	13.3%	\$ 28,546	1.5%	n/a	n/a

<sup>(1)</sup> Total risk-based capital divided by risk-weighted assets.

<sup>(2)</sup> Tier 1 (core) capital less deduction for low-level recourse and residual interest divided by risk-weighted assets.

<sup>(3)</sup> Tier 1 (core) capital divided by adjusted total assets.

<sup>(4)</sup> Tangible capital divided by tangible assets.

Block Financial LLC (BFC) made an additional capital contribution to HRB Bank of \$245.0 million during the nine months ended January 31, 2009. This contribution was necessary for HRB Bank to meet its capital requirements due to seasonal fluctuations in its balance sheet. During the three months ended January 31, 2009, we submitted an application to the OTS requesting that HRB Bank be allowed to pay dividends to BFC in an amount that will not exceed the capital necessary to continuously maintain HRB Bank's required 12.0% leverage ratio. The OTS approved our application on January 12, 2009.

**13. Commitments and Contingencies**

Changes in the deferred revenue liability related to our Peace of Mind (POM) program, the current portion of which is included in accounts payable, accrued expenses and other current liabilities and the long-term portion of which is included in other noncurrent liabilities in the condensed consolidated balance sheets, are as follows:

Nine Months Ended January 31,	(in 000s)	
	2009	2008
Balance, beginning of period	\$ 140,583	\$ 142,173
Amounts deferred for new guarantees issued	23,480	19,672
Revenue recognized on previous deferrals	(56,375)	(56,881)
Balance, end of period	\$ 107,688	\$ 104,964

The following table summarizes certain of our other contractual obligations and commitments:

	(in 000s)	
As of	January 31, 2009	April 30, 2008
Franchise Equity Lines of Credit	\$ 83,863	\$ 79,134
Contingent business acquisition obligations	29,103	24,288
Media advertising purchase obligation	59,715	19,043

We routinely enter into contracts that include embedded indemnifications that have characteristics similar to guarantees. Other guarantees and indemnifications of the Company and its subsidiaries include obligations to protect counterparties from losses arising from the following: (1) tax, legal and other risks related to the purchase or disposition of businesses; (2) penalties and interest assessed by federal and state taxing authorities in connection with tax returns prepared for clients; (3) indemnification of our directors and officers; and (4) third-party claims relating to various arrangements in the normal course of business. Typically, there is no stated maximum payment related to these indemnifications, and the terms of the indemnities may vary and in many cases are limited only by the applicable statute of limitations. The likelihood of any claims being asserted against us and the ultimate liability related to any such claims, if any, is difficult to predict. While we cannot provide assurance we will ultimately prevail in the event any

**Table of Contents**

such claims are asserted, we believe the fair value of guarantees and indemnifications relating to our continuing operations is not material as of January 31, 2009.

**Discontinued Operations**

Sand Canyon Corporation (SCC), formerly Option One Mortgage Corporation, maintains recourse with respect to loans previously sold or securitized under indemnification of loss provisions relating to breach of representations and warranties made to purchasers or insurers. As a result, SCC may be required to repurchase loans or otherwise indemnify third-parties for losses. These representations and warranties and corresponding repurchase obligations generally are not subject to stated limits or a stated term and, therefore, may continue for the foreseeable future. SCC has established a liability related to potential losses under these indemnifications and monitors the adequacy of the repurchase liability on an ongoing basis. To the extent that future claim volumes differ from current estimates, or the value of mortgage loans and residential home prices change, future losses may be different than these estimates and those differences may be significant.

The following table summarizes SCC's loan repurchase and indemnification activity:

	(in 000s)		
	Nine Months Ended		Year Ended
	January 31, 2009	January 31, 2008	April 30, 2008
Loan repurchase and indemnification liability at end of period	\$ 213,120	\$ 68,969	\$ 243,066
Loans repurchased and indemnification payments during the period	38,290	480,943	515,370
Reserves added during the period	-	379,440	582,373

As described more fully in note 17, we entered into indemnifications in connection with our November 2008 sale of HRBFA and recorded a liability with an estimated fair value of \$15.5 million at January 31, 2009.

We have recorded a restructuring liability which primarily relates to estimated lease obligations for vacant space resulting from office closings and employee severance costs for our discontinued mortgage businesses. These liabilities are included in accounts payable, accrued expenses and other current liabilities and accrued salaries, wages and payroll taxes on our condensed consolidated balance sheet, respectively. Actual results could differ from these estimates. Changes in our restructuring liability during the nine months ended January 31, 2009 are as follows:

	(in 000s)			
	Accrual Balance as of April 30, 2008	Cash Payments	Other Adjustments	Accrual Balance as of January 31, 2009
Employee severance costs	\$ 4,807	\$ (4,871)	\$ 428	\$ 364
Contract termination costs	23,113	(12,054)	1,779	12,838

\$ 27,920 \$ (16,925) \$ 2,207 \$ 13,202

**14. Litigation and Related Contingencies**

We are party to investigations, legal claims and lawsuits arising out of our business operations. We accrue our best estimate of the probable loss upon resolution of investigations, legal claims and lawsuits, which totaled \$10.5 million and \$11.5 million at January 31, 2009 and April 30, 2008, respectively. With respect to most of the matters described below, we have concluded that a loss is not probable and therefore no liability has been recorded.

**RAL Litigation**

We have been named as a defendant in numerous lawsuits throughout the country regarding our refund anticipation loan programs (collectively, "RAL Cases"). The RAL Cases have involved a variety of legal theories asserted by plaintiffs. These theories include allegations that, among other things: disclosures in the RAL applications were inadequate, misleading and untimely; the RAL interest rates were usurious and unconscionable; we did not disclose that we would receive part of the finance charges paid by the customer for such loans; untrue, misleading or deceptive statements in marketing RALs; breach of state

**Table of Contents**

laws on credit service organizations; breach of contract, unjust enrichment, unfair and deceptive acts or practices; violations of the federal Racketeer Influenced and Corrupt Organizations Act; violations of the federal Fair Debt Collection Practices Act and unfair competition regarding debt collection activities; and that we owe, and breached, a fiduciary duty to our customers in connection with the RAL program.

The amounts claimed in the RAL Cases have been very substantial in some instances, with one settlement resulting in a pretax expense of \$43.5 million in fiscal year 2003 (the Texas RAL Settlement ) and other settlements resulting in a combined pretax expense in fiscal year 2006 of \$70.2 million. On December 31, 2008, we reached a settlement with the California attorney general in the case entitled *The People of California v. H&R Block, Inc., H&R Block Services, Inc., H&R Block Enterprises, Inc., H&R Block Tax Services, Inc., Block Financial Corporation, HRB Royalty, Inc., and Does 1 through 50*, Case No., CGC-06-449461, in the California Superior Court, San Francisco County (the California AG Case ). Pursuant to the terms of the settlement, we agreed to pay \$2.45 million in restitution to certain clients who obtained a refund anticipation loan or a refund anticipation check, \$500,000 in civil penalties and \$1.9 million in fees and costs.

Following settlement of the California AG Case, we have one remaining putative RAL class action. We believe we have meritorious defenses to this RAL Case and we intend to defend it vigorously. There can be no assurances, however, as to the outcome of the pending RAL Case or regarding the impact of the pending RAL Case on our financial statements. There were no other significant developments regarding the RAL Cases during the three months ended January 31, 2009.

**Peace of Mind Litigation**

We are defendants in lawsuits regarding our Peace of Mind program (collectively, the POM Cases ), under which our applicable tax return preparation subsidiary assumes liability for additional tax assessments attributable to tax return preparation error. The POM Cases are described below.

*Lorie J. Marshall, et al. v. H&R Block Tax Services, Inc., et al.*, Case No. 08-CV-591 in the U.S. District Court for the Southern District of Illinois, is a class action case originally filed in the Circuit Court of Madison County, Illinois on January 18, 2002, in which class certification was granted on August 27, 2003. The plaintiffs allege that the sale of POM guarantees constitutes (1) statutory fraud by selling insurance without a license, (2) an unfair trade practice, by omission and by cramming (i.e., charging customers for the guarantee even though they did not request it or want it), and (3) a breach of fiduciary duty. The court has certified plaintiff classes consisting of all persons who reside in 13 specified states and who from January 1, 1997 to final judgment (1) were charged a separate fee for POM by H&R Block ; (2) were charged a separate fee for POM by an H&R Block entity not licensed to sell insurance; or (3) had an unsolicited charge for POM posted to their bills by H&R Block. Persons who received the POM guarantee through an H&R Block Premium office were excluded from the plaintiff class. In August 2008, we removed the case from state court in Madison County, Illinois to the U.S. District Court for the Southern District of Illinois. On December 17, 2008, the case was remanded back to state court. We have filed a petition to appeal this ruling.

There is one other putative class action pending against us in Texas that involves the POM guarantee. This case is pending before the same judge that presided over the Texas RAL Settlement, involves the same plaintiffs attorneys that are involved in the Marshall litigation in Illinois, and contains allegations similar to those in the Marshall case. No class has been certified in this case.

We believe we have meritorious defenses to the claims in the POM Cases, and we intend to defend them vigorously. The amounts claimed in the POM Cases are substantial, and there can be no assurances as to the outcome of these pending actions individually or in the aggregate.

**Express IRA Litigation**

On March 15, 2006, the New York Attorney General filed a lawsuit in the Supreme Court of the State of New York, County of New York (Index No. 06/401110) entitled *The People of New York v. H&R Block, Inc. and H&R Block Financial Advisors, Inc. et al.* The complaint alleged fraudulent business practices, deceptive acts and practices, common law fraud and breach of fiduciary duty with respect to the Express IRA product and sought equitable relief, disgorgement of profits, damages and restitution, civil penalties and punitive damages. On July 12, 2007, the Supreme

Court of the State of New York issued a ruling that dismissed all defendants other than HRBFA and the claims of common law fraud. The intermediate

## Table of Contents

appellate court reversed this ruling on January 6, 2009. We filed a petition for appeal with the highest state appellate court on January 30, 2009. We believe we have meritorious defenses to the claims in this case, and we intend to defend this case vigorously, but there are no assurances as to its outcome.

On January 2, 2008, the Mississippi Attorney General filed a lawsuit in the Chancery Court of Hinds County, Mississippi First Judicial District (Case No. G 2008 6 S 2) entitled *Jim Hood, Attorney for the State of Mississippi v. H&R Block, Inc., et al.* The complaint alleged fraudulent business practices, deceptive acts and practices, common law fraud and breach of fiduciary duty with respect to the Express IRA product and sought equitable relief, disgorgement of profits, damages and restitution, civil penalties and punitive damages. The defendants have filed a motion to dismiss. We believe we have meritorious defenses to the claims in this case, and we intend to defend this case vigorously, but there are no assurances as to its outcome.

In addition to the New York and Mississippi Attorney General actions, a number of civil actions were filed against HRBFA and us concerning the Express IRA product, the first of which was filed on March 17, 2006. Except for two cases pending in state court, all of the civil actions have been consolidated by the panel for Multi-District Litigation into a single action styled *In re H&R Block, Inc. Express IRA Marketing Litigation* in the United States District Court for the Western District of Missouri.

Although we sold HRBFA effective November 1, 2008, we remain responsible for the Express IRA litigation through an indemnification agreement with Ameriprise. See additional discussion in note 17. The amounts claimed in these cases are substantial. We believe we have meritorious defenses to the claims in these cases, and we intend to defend these cases vigorously, but there are no assurances as to their outcome.

### Securities Litigation

On April 6, 2007, a putative class action styled *In re H&R Block Securities Litigation* was filed against the Company and certain of its officers in the United States District Court for the Western District of Missouri. The complaint alleges, among other things, deceptive, material and misleading financial statements and failure to prepare financial statements in accordance with generally accepted accounting principles. The complaint sought unspecified damages and equitable relief. The court dismissed the complaint on February 19, 2008, and plaintiffs appealed the dismissal on March 18, 2008. In addition, plaintiffs in a shareholder derivative action that was consolidated into the securities litigation filed a separate appeal on March 18, 2008, contending that the derivative action was improperly consolidated. The derivative action is *Iron Workers Local 16 Pension Fund v. H&R Block, et al.*, in the United States District Court for the Western District of Missouri, Case No.06-cv-00466-ODS (instituted on June 8, 2006) and was brought against certain of our directors and officers purportedly on behalf of the Company. The derivative action alleges breach of fiduciary duty, abuse of control, gross mismanagement, waste, and unjust enrichment pertaining to (1) our restatement of financial results in fiscal year 2006 due to errors in determining our state effective income tax rate and (2) certain of our products and business activities. We believe we have meritorious defenses to the claims in these cases and intend to defend this litigation vigorously. We currently do not believe that we will incur a material loss with respect to this litigation.

### RSM McGladrey Litigation

RSM McGladrey Business Services, Inc. and certain of its subsidiaries are parties to a putative class action filed on July 11, 2006 and entitled *Do Right s Plant Growers, et al. v. RSM EquiCo, Inc., et al.* Case No. 06 CC00137, in the California Superior Court, Orange County. The complaint contains allegations regarding business valuation services provided by RSM EquiCo, Inc., including fraud, negligent misrepresentation, breach of contract, breach of implied covenant of good faith and fair dealing, breach of fiduciary duty and unfair competition and seeks unspecified damages, restitution and equitable relief. A hearing on plaintiffs motion for class certification is scheduled for March 6, 2009. We intend to defend this case vigorously. The amount claimed in this action is substantial and there can be no assurance regarding the outcome and resolution of this matter. It is reasonably possible that we could incur losses with respect to this litigation, although an estimate of such losses cannot be made in light of the early stage of the litigation.

RSM McGladrey, Inc. (RSM) has a relationship with certain public accounting firms (collectively, the Attest Firms ) pursuant to which (1) some RSM employees are also partners or employees of the Attest Firms, (2) many clients of the Attest Firms are also RSM clients, and (3) our RSM McGladrey brand is

**Table of Contents**

closely linked to the Attest Firms. The Attest Firms are parties to claims and lawsuits (collectively, "Attest Firm Claims") arising in the normal course of business. Judgments or settlements arising from Attest Firm Claims exceeding the Attest Firms' insurance coverage could have a direct adverse effect on Attest Firm operations and could impair RSM's ability to attract and retain clients and quality professionals. For example, accounting and auditing firms (including one of the Attest Firms) recently have become subject to claims based on losses their clients suffered from investments in investment funds managed by third parties. Although RSM may not have a direct liability for significant Attest Firm Claims, such Attest Firm Claims could have a material adverse effect on RSM's operations and impair the value of our investment in RSM. There is no assurance regarding the outcome of the Attest Firm Claims.

**Litigation and Claims Pertaining to Discontinued Mortgage Operations**

Although mortgage loan origination activities were terminated and the loan servicing business was sold during fiscal year 2008, SCC remains subject to investigations, claims and lawsuits pertaining to its loan origination and servicing activities that occurred prior to such termination and sale. These investigations, claims and lawsuits include actions by state attorneys general, other state regulators, municipalities, individual plaintiffs, and cases in which plaintiffs seek to represent a class of others alleged to be similarly situated. Among other things, these investigations, claims and lawsuits allege discriminatory or unfair and deceptive loan origination and servicing practices, public nuisance, fraud, and violations of the Truth in Lending Act, Equal Credit Opportunity Act and the Fair Housing Act. In the current non-prime mortgage environment, the number of these investigations, claims and lawsuits has increased over historical experience and is likely to continue at increased levels. The amounts claimed in these investigations, claims and lawsuits are substantial in some instances, and the ultimate resulting liability is difficult to predict. In the event of unfavorable outcomes, the amounts SCC may be required to pay in the discharge of liabilities or settlements could be substantial and, because SCC's operating results are included in our consolidated financial statements, could have a material adverse impact on our consolidated results of operations.

On June 3, 2008, the Massachusetts Attorney General filed a lawsuit in the Superior Court of Suffolk County, Massachusetts (Case No. 08-2474-BLS) entitled *Commonwealth of Massachusetts v. H&R Block, Inc., et al.*, alleging unfair, deceptive and discriminatory origination and servicing of mortgage loans and seeking equitable relief, disgorgement of profits, restitution and statutory penalties. On November 10, 2008, the court granted a preliminary injunction limiting the ability of the owner of SCC's former loan servicing business to initiate or advance foreclosure actions against certain loans originated by SCC or its subsidiaries without (1) advance notice to the Massachusetts Attorney General and (2) if the Attorney General objects to foreclosure, approval by the court. The preliminary injunction generally applies to loans meeting all of the following four characteristics: (1) adjustable rate mortgages with an introductory period of three years or less, (2) the borrower has a debt-to-income ratio generally exceeding 50 percent, (3) an introductory interest rate at least 2 percent lower than the fully indexed rate (unless the debt-to-income ratio is 55% or greater) and (4) loan-to-value ratio of 97 percent or certain prepayment penalties. We have appealed this preliminary injunction. We believe we have meritorious defenses to the claims in this case, and we intend to defend this case vigorously, but there are no assurances as to its outcome.

SCC also remains subject to potential claims for indemnification and loan repurchases pertaining to loans previously sold. In the current non-prime mortgage environment, it is likely that the frequency of repurchase and indemnification claims may increase over historical experience and give rise to additional litigation. In some instances, H&R Block, Inc. was required to guarantee SCC's obligations. The amounts involved in these potential claims may be substantial, and the ultimate resulting liability is difficult to predict. In the event of unfavorable outcomes, the amounts SCC may be required to pay in the discharge or settlement of these claims could be substantial and, because SCC's operating results are included in our consolidated financial statements, could have a material adverse impact on our consolidated results of operations.

**Other Claims and Litigation**

We are from time to time party to investigations, claims and lawsuits not discussed herein arising out of our business operations. These investigations, claims and lawsuits include actions by state attorneys

**Table of Contents**

general, other state regulators, individual plaintiffs, and cases in which plaintiffs seek to represent a class of others similarly situated. Some of these investigations, claims and lawsuits pertain to RALs, the electronic filing of customers' income tax returns, the POM guarantee program, wage and hour claims and investment products. We believe we have meritorious defenses to each of these claims, and we are defending or intend to defend them vigorously. The amounts claimed in these claims and lawsuits are substantial in some instances, and the ultimate liability with respect to such litigation and claims is difficult to predict. In the event of an unfavorable outcome, the amounts we may be required to pay in the discharge of liabilities or settlements could be material. In addition to the aforementioned types of cases, we are party to claims and lawsuits that we consider to be ordinary, routine litigation incidental to our business, including claims and lawsuits (collectively, "Other Claims") concerning the preparation of customers' income tax returns, the fees charged customers for various products and services, relationships with franchisees, intellectual property disputes, employment matters and contract disputes. While we cannot provide assurance that we will ultimately prevail in each instance, we believe the amount, if any, we are required to pay in the discharge of liabilities or settlements in these Other Claims will not have a material adverse effect on our consolidated operating results, financial position or cash flows.

**15. Segment Information**

Results of our continuing operations by reportable operating segment are as follows:

	Three Months Ended		Nine Months Ended	
	January 31,		January 31,	
	2009	2008	2009	2008
	(in 000s)			
Revenues:				
Tax Services	\$ 761,735	\$ 661,787	\$ 936,104	\$ 822,454
Business Services	185,177	191,884	592,873	623,755
Consumer Financial Services	45,195	39,305	80,980	89,608
Corporate	1,339	1,828	6,867	9,697
	\$ 993,446	\$ 894,804	\$ 1,616,824	\$ 1,545,514
Pretax income (loss):				
Tax Services	\$ 130,443	\$ 45,879	\$ (218,045)	\$ (325,559)
Business Services	10,695	6,614	23,481	16,489
Consumer Financial Services	(3,268)	12,318	(36,014)	12,751
Corporate	(36,131)	(64,395)	(108,106)	(112,587)
Income (loss) from continuing operations before income taxes (benefit)	\$ 101,739	\$ 416	\$ (338,684)	\$ (408,906)

As of January 31, 2009, the financial results of HRBFA are presented as discontinued operations. Accordingly, all periods presented above for our Consumer Financial Services segment have been revised to exclude results for discontinued businesses, and now reflect only the results of HRB Bank.

**16. Accounting Pronouncements**

In June 2008, FASB Staff Position on EITF 03-6-1, Determining Whether Instruments Granted in Share-Based Payment Transactions are Participating Securities (FSP 03-6-1) was issued. FSP 03-6-1 addresses whether instruments granted in share-based payment transactions are participating securities prior to vesting and, therefore, should be included in the process of allocating earnings for purposes of computing earnings per share. This guidance is effective for financial statements issued for fiscal years and the related interim periods beginning after December 15, 2008. Early application is not permitted. The provisions of FSP 03-6-1 are effective for our first fiscal quarter of 2010. We are currently evaluating what effect FSP 03-6-1 will have on our consolidated financial statements.

In December 2007, Statement of Financial Accounting Standards No. 141(R), Business Combinations, (SFAS 141R), and Statement of Financial Accounting Standards No. 160, Non-Controlling Interests in Consolidated Financial Statements An Amendment of ARB No. 51 (SFAS 160) were issued. These

**Table of Contents**

standards will require an acquiring entity to recognize all the assets acquired and liabilities assumed in a transaction, including non-controlling interests, at the acquisition-date fair value with limited exceptions. SFAS 141R will require acquisition-related expenses to be expensed and will generally require contingent consideration to be recorded as a liability at the time of acquisition. Under SFAS 141R, subsequent changes to deferred tax valuation allowances relating to acquired businesses and acquired liabilities for uncertain tax positions will no longer be applied to goodwill but will instead be typically recognized as an adjustment to income tax expense. The provisions of these standards are effective as of the beginning of our fiscal year 2010.

We are currently evaluating what effect the adoption of SFAS 141R and SFAS 160 will have on our consolidated financial statements.

As discussed in note 10, we adopted SFAS 157 and SFAS 159 as of May 1, 2008.

**17. Discontinued Operations**

Effective November 1, 2008, we sold HRB Financial Corporation, including our securities brokerage business formerly conducted through HRBFA, to Ameriprise. As a result of this transaction, we received cash proceeds, net of selling costs, of \$304.0 million, plus repayment of net intercompany liabilities of \$46.6 million. The carrying value of our investment in this business at the date of disposition was \$293.7 million. We deferred recognition of a portion of the sale proceeds totaling \$7.0 million, which represents the estimated value of an ongoing collaboration arrangement with our Tax Services businesses.

In connection with the sale, we indemnified Ameriprise against certain losses relating to pre-acquisition contingencies, including matters involving compliance with ERISA and the Fair Labor Standards Act, tax matters, and certain pending litigation. Certain indemnities are subject to a maximum aggregate payment of \$31.5 million, while other indemnities are not subject to any stated limit. The indemnities are not subject to a stated term. FASB Interpretation No. 45, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others, requires that we recognize a liability for the estimated fair value of guarantee and indemnification obligations at the inception of the arrangement. We have estimated an aggregate fair value of \$15.5 million relating to the Ameriprise indemnifications and recorded a liability in that amount as of the date of sale. Subsequent changes in the estimated fair value of these indemnification obligations will be recorded in discontinued operations.

The transaction resulted in a capital loss for income tax purposes and, with the exception of benefits of approximately \$10 million recorded during the quarter ended October 31, 2008, is not currently expected to result in a tax benefit. Net of selling expenses, deferrals, and indemnification liabilities, we recorded a loss during the quarter ended January 31, 2009 in connection with the disposition of this business totaling \$12.2 million.

At January 31, 2009, HRBFA had \$21.2 million invested in the Reserve Primary Fund (Reserve Fund), a money market fund. That balance was reduced to \$14.5 million at February 20, 2009, reflecting an additional fund distribution as of that date. The Reserve Fund is currently in orderly liquidation under the supervision of the Securities and Exchange Commission (SEC) and its net asset value has fallen below its stated value of \$1.00 per share. The most recent net asset values communicated by the Reserve Fund were \$0.97 per share as of February 26, 2009. However, the Reserve Fund has indicated that it has established a special reserve for contingent damages and defense costs relating to pending litigation and, accordingly, fund distributions are currently being made at \$0.917 per share. This asset was sold to Ameriprise in connection with the sale of HRBRA at a contractually agreed to value of \$0.92 per share. Although this investment is no longer reported in our balance sheet we are subject to contingent gains or losses, through post-closing purchase price adjustments, to the extent ultimate redemptions from the Reserve Fund are greater or less than \$0.92 per share. Assuming HRBFA recovered its invested principal in full, we would recognize a gain at that time of approximately \$8 million. Assuming HRBFA received no further distributions from the Reserve Fund, we would ultimately record additional losses of approximately \$7 million.

As of January 31, 2009, the results of operations of HRBFA and its direct corporate parent are presented as discontinued operations in the condensed consolidated financial statements. All periods presented reflect our discontinued operations.

**Table of Contents**

Overhead costs which would have previously been allocated to discontinued businesses totaled \$4.6 million for the nine months ended January 31, 2009 and \$4.0 million and \$11.6 million for the three and nine months ended January 31, 2008, respectively. These amounts are included in continuing operations.

The financial results of discontinued operations are as follows:

	Three Months Ended		Nine Months Ended		(in 000s)
	2009	January 31, 2008	2009	January 31, 2008	
Net revenue	\$ 609	\$ 109,363	\$ 130,205	\$ (52,777)	
Pretax loss	\$ (20,054)	\$ (93,440)	\$ (47,443)	\$ (978,000)	
Income tax benefit	(587)	(38,992)	(20,967)	(365,804)	
Net loss from discontinued operations	\$ (19,467)	\$ (54,448)	\$ (26,476)	\$ (612,196)	

During fiscal year 2008, we exited the mortgage business operated through a subsidiary and sold the related loan servicing business. Our discontinued operations include pretax losses related to our mortgage business of \$7.9 million and \$17.5 million for the three and nine months ended January 31, 2009, respectively, compared to \$97.0 million and \$977.9 million, respectively, in the prior year.

**18. Condensed Consolidating Financial Statements**

BFC is an indirect, wholly-owned consolidated subsidiary of the Company. BFC is the Issuer and the Company is the Guarantor of the Senior Notes issued on January 11, 2008 and October 26, 2004, our CLOCs, the \$500.0 million credit facility entered into in April 2007 and other indebtedness issued from time to time. These condensed consolidating financial statements have been prepared using the equity method of accounting. Earnings of subsidiaries are, therefore, reflected in the Company's investment in subsidiaries account. The elimination entries eliminate investments in subsidiaries, related stockholders' equity and other intercompany balances and transactions.

**Table of Contents****ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS****RESULTS OF OPERATIONS**

H&R Block provides tax services, banking services and business and consulting services. Our Tax Services segment provides income tax return preparation services, electronic filing services and other services and products related to income tax return preparation to the general public primarily in the United States, Canada and Australia. Our Business Services segment consists of RSM McGladrey, Inc. (RSM), a national accounting, tax and business consulting firm primarily serving mid-sized businesses. Our Consumer Financial Services segment offers retail banking through H&R Block Bank (HRB Bank).

On August 12, 2008, we announced the signing of a definitive agreement to sell H&R Block Financial Advisors, Inc. (HRBFA) to Ameriprise Financial, Inc. (Ameriprise), and completed the disposition of this business effective November 1, 2008. As of January 31, 2009, the results of operations of HRBFA and its direct corporate parent are presented as discontinued operations in the condensed consolidated financial statements. All periods presented have been reclassified to reflect our discontinued operations. See additional discussion in note 17 to our condensed consolidated financial statements.

**TAX SERVICES**

This segment primarily consists of our income tax preparation businesses – retail, online and software. Additionally, this segment includes commercial tax businesses, which provide tax preparation software to CPAs and other tax preparers.

**Tax Services – Operating Statistics (U.S. only)**

Period November 1 through January 31,	2009	2008
Tax returns prepared (in 000s):		
Company-owned operations <sup>(1)</sup>	2,579	2,430
Franchise operations	1,339	1,427
Total retail operations	3,918	3,857
Software	780	799
Online	643	396
Free File Alliance	178	306
Total digital tax solutions	1,601	1,501
	5,519	5,358
Net average fee per tax return prepared: <sup>(2)</sup>		
Company-owned operations	\$ 202.07	\$ 181.19
Franchise operations	171.67	157.91
	\$ 191.68	\$ 172.58

Offices:		
Company-owned	7,029	6,835
Company-owned shared locations <sup>(3)</sup>	1,542	1,478
Total company-owned offices	8,571	8,313
Franchise	3,565	3,812
Franchise shared locations <sup>(3)</sup>	787	913
Total franchise offices	4,352	4,725
	12,923	13,038

<sup>(1)</sup> Fiscal year 2009 returns include approximately 139,000 returns prepared in offices of our last major independent franchise operator, which we acquired in November 2008. Tax returns prepared by this franchise operator in fiscal year 2008 are presented within franchise operations for that year.

<sup>(2)</sup> Calculated as net tax preparation fees divided by retail tax returns prepared.

<sup>(3)</sup> Shared locations include offices located within Wal-Mart, Sears and other third-party businesses.

**Three months ended January 31, 2009 compared to January 31, 2008**

Tax Services revenues increased \$99.9 million, or 15.1%, for the three months ended January 31, 2009 compared to the prior year. Tax preparation fees increased \$79.4 million, or 17.4%, primarily due to a 6.1% increase in U.S. retail tax returns prepared in company-owned offices and an 11.5% increase in the net average fee per U.S. retail tax return. The increase in returns prepared in company-owned offices is primarily due to the November 2008 acquisition of our last major independent franchise operator. See note 3 to the condensed consolidated financial statements for additional information. Excluding operating results attributable to the acquired franchise operator, tax returns prepared in company-owned offices increased 0.5% over the prior year and tax preparation fees increased \$52.5 million. Increases in our net average fee are due to a combination of planned pricing increases, higher tax return complexity and lower discounts.

The business of our Tax Services segment is highly seasonal and results for our third quarter represent only a small portion of the tax season. Results reported in our third quarter were positively impacted by a shift of two peak days of tax preparation volume, as compared to prior year results, from February to January. Therefore, third quarter results

may not be indicative of the results we expect for the entire fiscal year. We do not expect to maintain this level of revenue or tax return growth throughout the remainder of the tax season. Tax returns prepared in company-owned and franchise offices through February 28, 2009 decreased 3.9% from the prior year, adjusted to exclude the effects of leap year in fiscal 2008. We also expect the increase in the net average fee to moderate throughout the remainder of the tax season.

Other service revenue increased \$9.7 million, or 14.7%, primarily due to \$8.7 million in additional license fees earned from bank products, mainly refund anticipation checks (RACs). Revenues from our online tax preparation and e-filing services were essentially flat, as an increase in clients was offset by the elimination of separate e-filing fees related to our software units.

Royalty revenue increased \$11.6 million, or 19.0%, from the prior year primarily due to an increase in franchise revenues and an increase in royalty rates at sub-franchises of the acquired franchise operator.

Loan participation and related fees decreased \$4.5 million, or 11.0%, due to a decline in refund anticipation loan (RAL) volume, as more clients elected to receive RACs.

Other revenues increased \$3.8 million, or 9.6%, primarily due to an increase of \$12.6 million in fees earned in connection with the Emerald Advance loan program, under which, this segment shares in the revenues and expenses associated with the program. This increase was partially offset by a decline in software sales.

**Table of Contents**

Total expenses increased \$15.4 million, or 2.5%, for the three months ended January 31, 2009. Cost of services increased \$17.4 million, or 4.2%, from the prior year, due to higher compensation and benefits. Compensation and benefits increased \$15.5 million, or 6.6%, primarily due to a 9.9% increase in commission-based wages resulting from a corresponding increase in tax preparation revenues. Cost of other revenues, selling, general and administrative expenses decreased slightly from the prior year, as declines in corporate wages and corporate shared services were offset by a \$14.7 million increase in marketing expenses. Bad debt expense related to lending products was essentially flat compared to the prior year, as the negative impact of the elimination of cross-collect practices by lending banks in the prior year was offset in the current year by higher bad debt expense due to higher numbers of Emerald Advance lines of credit.

Pretax income for the three months ended January 31, 2009 was \$130.4 million, compared to income of \$45.9 million in the prior year.

**Nine months ended January 31, 2009 compared to January 31, 2008**

Tax Services revenues increased \$113.7 million, or 13.8%, for the nine months ended January 31, 2009 compared to the prior year. Tax preparation fees increased \$91.3 million, or 17.2%, primarily due to a 6.6% increase in our U.S. retail tax returns prepared in company-owned offices and an 11.2% increase in the net average fee per U.S. retail tax return. The increase in tax returns prepared is primarily due to the acquisition of our last major independent franchise operator, as discussed above. Excluding operating results attributable to the acquired franchise operator, tax returns prepared increased 1.3% over the prior year.

Other service revenue increased \$12.0 million, or 8.9%, primarily due to \$9.1 million in additional license fees earned from bank products, mainly RACs. Additionally, we earned \$4.8 million in connection with an agreement with HRB Bank for the H&R Block Emerald Prepaid MasterCard®, under which, this segment shares in the revenues and expenses associated with this program.

Royalty revenue increased \$12.9 million, or 18.6%, from the prior year primarily due to an increase in franchisee revenues and certain royalty rates, as discussed above.

Loan participation and related fees decreased \$5.6 million, or 13.5%, due to a decline in RAL volume, as more clients elected to receive RACs.

Other revenues increased \$3.1 million, or 6.5%, primarily due to \$13.1 million in incremental fees earned in connection with the Emerald Advance loan program. This increase was partially offset by a decline in software sales.

Total expenses increased \$6.1 million, or 0.5%, for the nine months ended January 31, 2009. Cost of services increased \$14.0 million, or 1.8%, over the prior year, due to higher compensation and benefits and occupancy expenses, partially offset by declines in other expenses. Compensation and benefits increased \$15.8 million, or 4.6%, primarily as a result of an 8.9% increase in commission-based wages. Occupancy expenses increased \$7.9 million, or 3.2%, primarily as a result of higher rent and utilities expenses due to a 3.1% increase in company-owned offices under lease and a 2.9% increase in the average rent. Other cost of services decreased \$9.6 million, or 5.4%, primarily due to a \$6.5 million decline in supplies expenses as our tax training schools move to more computer-based training. Cost of other revenues, selling, general and administrative expenses decreased \$7.9 million from the prior year, as declines in RAL bad debt expense, corporate wages and corporate shared services were partially offset by a \$17.4 million increase in marketing expenses. Bad debt expense related to our RAL program declined primarily due to the elimination of cross-collect practices by lending banks and changes implemented by the IRS in the prior year, both of which resulted in higher expenses in the prior year.

The pretax loss for the nine months ended January 31, 2009 was \$218.0 million, compared to a loss of \$325.6 million in the prior year.

### Three months ended January 31, 2009 compared to January 31, 2008

Business Services revenues for the three months ended January 31, 2009 declined \$6.7 million, or 3.5% from the prior year.

Revenues from core tax, consulting and accounting services increased \$4.4 million, or 3.0%, over the prior year, however, these increases were offset by declines in other revenues.

Capital markets revenues decreased \$5.0 million, or 51.3%, primarily due to a 68.8% decline in the number of transactions closed in the current year.

Leased employee revenue decreased \$3.6 million primarily due to a change in organizational structure between the businesses we acquired from American Express Tax and Business Services, Inc. (AmexTBS) and the attest firms that, while not affiliates of our company, also serve our clients. Employees we previously leased to the attest firms were transferred to the separate attest practices in the prior fiscal year. As a result, we no longer record the revenues and expenses associated with leasing these employees.

Other revenue declined \$5.1 million, or 18.8%, primarily due to a decrease in outside contractor services performed for our clients.

Total expenses decreased \$10.8 million, or 5.8%, from the prior year. Compensation and benefits decreased \$7.6 million, or 7.1%, due to lower commissions related to capital markets and the change in organizational structure with AmexTBS discussed above. Selling, general and administrative expenses decreased \$4.1 million primarily as a result of our cost reduction program.

Pretax income for the three months ended January 31, 2009 was \$10.7 million compared to \$6.6 million in the prior year.

**Table of Contents****Nine months ended January 31, 2009 compared to January 31, 2008**

Business Services revenues for the nine months ended January 31, 2009 declined \$30.9 million, or 5.0% from the prior year.

Tax revenues increased \$9.1 million due to increases in net billed rate per hour. Business consulting revenues increased \$11.7 million primarily due to a large one-time financial institutions engagement. Capital markets revenues decreased \$18.2 million, or 53.9%, primarily due to a 43.2% decline in the number of transactions closed in the current year.

Leased employee revenue decreased \$25.0 million primarily due to a change in organizational structure with AmexTBS, as discussed above.

Other revenue declined \$7.0 million, or 9.1%, primarily due to a decrease in outside contractor services performed for our clients.

Total expenses decreased \$37.9 million, or 6.2%, from the prior year. Compensation and benefits and other cost of revenues decreased primarily due to reductions in commissions related to capital markets and the change in organizational structure with AmexTBS as discussed above. Selling, general and administrative expenses decreased \$6.2 million primarily as a result of our cost reduction program.

Pretax income for the nine months ended January 31, 2009 was \$23.5 million compared to \$16.5 million in the prior year.

**CONSUMER FINANCIAL SERVICES**

This segment is engaged in providing retail banking offerings to Tax Services clients through HRB Bank. HRB Bank offers traditional banking services including prepaid debit card accounts, checking and savings accounts, individual retirement accounts and certificates of deposit. This segment previously included HRBFA, which has been presented as a discontinued operation in the accompanying condensed consolidated financial statements.

**Consumer Financial Services Operating Statistics**

**Three months ended January 31, 2009 compared to January 31, 2008**

Consumer Financial Services revenues, net of interest expense and provision for loan loss reserves, for the three months ended January 31, 2009 was essentially flat compared to the prior year.

Net interest income increased \$11.0 million, or 67.7%, over the prior year, primarily due to an \$11.2 million increase in interest income received on our Emerald Advance loan program resulting from higher volumes. Interest income on mortgage loans held for investment and interest expense on deposits declined \$6.1 million and \$7.7 million, respectively, due to lower interest rates and lower average balances in the corresponding asset or liability. Interest income on mortgage loans held for investment is also declining due to an increase in non-accrual loans from \$44.8 million at January 31, 2008 to \$258.2 million at January 31, 2009. The following table summarizes the key drivers of net interest income:

	Average Balance		Average Rate Earned (Paid)	
Three Months Ended January 31,	2009	2008	2009	2008

Edgar Filing: H&R BLOCK INC - Form 10-Q

Loans	\$ 870,060	\$ 1,089,566	5.12%	6.31%

Deposits	1,311,362	989,113	(1.13%)	(4.60%)

Our non-performing assets consist of the following:

Balance at	January 31, 2009	(in 000s) April 30, 2008
Impaired loans	\$ 258,157	\$ 128,941
Real estate owned <sup>(1)</sup>	51,919	350
Total non-performing assets	\$ 310,076	\$ 129,291

<sup>(1)</sup> Includes loans accounted for as in-substance foreclosures of \$39.7 million at January 31, 2009.

**Table of Contents**

Detail of our mortgage loans held for investment and the related allowance at January 31, 2009 and April 30, 2008 is as follows:

		Outstanding Principal Balance	Loan Loss Allowance	%30+Days Past Due	(dollars in 000s) Average FICO
As of January 31, 2009:					
Purchased from SCC	\$	547,832	\$ 71,880	23.39%	639
All other		303,370	3,735	3.07%	717
	\$	851,202	\$ 75,615	16.29%	667
As of April 30, 2008:					
Purchased from SCC	\$	683,889	\$ 43,769	17.53%	664
All other		320,751	1,632	2.07%	721
	\$	1,004,640	\$ 45,401	11.71%	682

Mortgage loans held for investment include loans originated by our affiliate, Sand Canyon Corporation (SCC), and purchased by HRB Bank totaling \$547.8 million, or approximately 64% of the total loan portfolio at January 31, 2009. Loans originated by and purchased from SCC have characteristics which are representative of Alt-A loans – loans to customers who have credit ratings above sub-prime, but may not conform to government-sponsored standards. As such, we have experienced higher rates of delinquency and have greater exposure to loss with respect to this segment of our loan portfolio. Cumulative losses on our original loan portfolio purchased from SCC and retained for investment, including losses on loans now classified as other real estate, totaled approximately 15% at January 31, 2009. Our remaining loan portfolio totaled \$303.4 million and is characteristic of a prime loan portfolio, and we believe subject to a lower loss exposure.

We recorded a provision for loan losses on our mortgage loans held for investment of \$13.9 million during the current quarter, compared to \$0.4 million in the prior year. Our loan loss provision increased as a result of continued declines in residential home prices, particularly in certain states where we have a higher concentration of loans, as well as reserves on modified loans. Our allowance for loan losses as a percent of mortgage loans was 8.82%, or \$75.6 million, at January 31, 2009, compared to 4.49%, or \$45.4 million, at April 30, 2008. This allowance represents our best estimate of credit losses inherent in the loan portfolio as of the balance sheet dates.

We record a specific loss allowance for each loan greater than 60 days past due based upon the estimated value of the underlying collateral. Our specific loan loss allowance reflected an average loss severity of 36% at January 31, 2009. We record a loan loss allowance for loans less than 60 days past due on a pooled basis. In estimating our loan loss allowance for all remaining loans, we stratify the loan portfolio based on our view of risk associated with various elements of the pool and assign estimated loss rates based on those risks. Loss rates are based primarily on historical experience and our assessment of economic and market conditions. Loss rates consider both the rate at which loans will become delinquent (frequency) and the amount of loss that will ultimately be realized upon occurrence of a liquidation of collateral (severity). At January 31, 2009 and April 30, 2008 our weighted average frequency assumption was approximately 13% and 14%, respectively, and included a frequency assumption of approximately 17% relating to the SCC segment of our portfolio. Our weighted average severity assumption increased to 40% at

January 31, 2009 from 37.5% at October 31, 2008 and 22% at April 30, 2008, due to declining collateral values during the current year.

For modified loans that we determine meet the definition of a troubled debt restructuring, we record impairment equal to the difference between the principal balance of the loan and the present value of expected future cash flows discounted at the loan's effective interest rate. However, if we assess that foreclosure of a modified loan is probable, we record impairment based upon the estimated fair value of the underlying collateral.

Residential real estate markets are experiencing significant declines in property values and mortgage default rates are increasing. If adverse market trends continue, including trends within our portfolio specifically, we may be required to record additional loan loss provisions, and those losses may be significant.

Non-interest expenses increased \$15.8 million from the prior year, primarily due to increases in expenses related to our Emerald Advance loan program.

**Table of Contents**

The pretax loss for the three months ended January 31, 2009 was \$3.3 million compared to prior year income of \$12.3 million.

**Nine months ended January 31, 2009 compared to January 31, 2008**

Consumer Financial Services' revenues, net of interest expense and provision for loan loss reserves, for the nine months ended January 31, 2009 decreased \$21.2 million from the prior year.

Net interest income increased \$12.9 million from the prior year primarily due to an \$11.9 million increase in interest income received on our Emerald Advance loan program resulting from higher volumes. Interest income on mortgage loans held for investment and interest expense on deposits declined \$23.6 million and \$26.3 million, respectively, due to lower interest rates and lower average balances in the corresponding asset or liability. The following table summarizes the key drivers of net interest income:

Nine Months Ended January 31,	Average Balance		Average Rate Earned (Paid)	
	2009	2008	2009	2008
Loans	\$ 918,803	\$ 1,207,583	5.30%	6.64%
Emerald Advance lines of credit	128,352	57,930	36.00%	36.00%
Investments	246,698	103,979	0.72%	4.77%
Deposits	908,671	991,127	(1.69%)	(5.06%)

We recorded a provision for loan losses on our mortgage loans held for investment of \$52.0 million during the current year, compared to \$12.3 million in the prior year. Our loan loss provision increased primarily as a result of steep and abrupt declines in residential home prices, as well as increasing delinquencies occurring in our portfolio.

Non-interest expenses increased \$27.5 million from the prior year, primarily due to a \$5.7 million write-down to fair value recorded on real estate owned and increases in expenses related to our Emerald Advance loan program.

The pretax loss for the nine months ended January 31, 2009 was \$36.0 million compared to prior year income of \$12.8 million.

**Mortgage Loans Held for Investment and Related Assets****State Concentrations**

Concentrations of loans to borrowers located in a single state may result in increased exposure to loss as a result of changes in real estate values and underlying economic or market conditions related to a particular geographical location. The table below presents outstanding loans by certain state concentrations for our mortgage loans held for investment portfolio:

	(dollars in 000s)				
	Loans Purchased	Loans Purchased	Total	Percent of Total	Delinquency Rate (30+ Days)
	From SCC	From Others			
Florida	\$ 70,259	\$ 93,094	\$ 163,353	19%	17.09%
California	128,582	15,130	143,712	17%	25.71%
New York	104,792	8,555	113,347	13%	16.78%

Edgar Filing: H&R BLOCK INC - Form 10-Q

Wisconsin	2,247	72,352	74,599	9%	1.77%
All others	241,952	114,239	356,191	42%	14.97%
Total	\$ 547,832	\$ 303,370	\$ 851,202	100%	16.29%

**Table of Contents****Real Estate Owned**

Amounts classified as real estate owned as of January 31, 2009 and April 30, 2008 totaled \$51.9 million and \$0.3 million, respectively. The table below presents activity related to our real estate owned:

	(in 000s)
Nine Months Ended January 31,	2009
Balance, beginning of the period	\$ 350
Additions	62,774
Sales	(5,506)
Writedowns	(5,699)
Balance, end of the period	\$ 51,919

**CORPORATE, ELIMINATIONS AND INCOME TAXES ON CONTINUING OPERATIONS****Three months ended January 31, 2009 compared to January 31, 2008**

The pretax loss recorded in our corporate operations for the three months ended January 31, 2009 was \$36.1 million compared to \$64.4 million in the prior year. The decreased loss is primarily due to severance-related costs of \$20.4 million recorded in the prior year, coupled with benefits resulting from the cost reduction program implemented in fiscal year 2008.

Our effective tax rate for continuing operations was 34.3% for the three months ended January 31, 2009. The rate for the current quarter was lower than expected primarily due to benefits recorded as a result of adjustments of our prior year estimated tax provision to actual federal and state returns filed, as well as a net benefit recorded in the quarter resulting from adjustments to our estimated annual effective tax rate. We expect our effective tax rate for full fiscal year 2009 to be approximately 40%. In the prior year, we also recorded certain discrete tax benefits, resulting in a net tax benefit of \$6.7 million on pretax income of \$0.4 million.

**Nine months ended January 31, 2009 compared to January 31, 2008**

The pretax loss recorded in our corporate operations for the nine months ended January 31, 2009 was \$108.1 million compared to \$112.6 million in the prior year. The decreased loss is primarily due to severance-related costs recorded in the prior year and benefits resulting from the cost reduction program implemented in fiscal year 2008. These improvements were partially offset by lower investment income and increased interest expense, as our corporate operations absorbed current year financing costs for all long-term debt.

Our effective tax rate for continuing operations was 42.5% and 41.3% for the nine months ended January 31, 2009 and 2008, respectively. Our effective tax rate increased primarily due to changes in our estimated state tax rate and non-deductible investment losses. We expect our effective tax rate for full fiscal year 2009 to be approximately 40%.

**DISCONTINUED OPERATIONS**

On August 12, 2008, we announced the signing of a definitive agreement to sell HRBFA to Ameriprise. The disposition of this business was completed effective November 1, 2008. As of January 31, 2009, the results of operations of HRBFA and its direct corporate parent are presented as discontinued operations in the condensed consolidated financial statements. All periods presented have been reclassified to reflect our discontinued operations. See additional discussion in note 17 to our condensed consolidated financial statements.

Discontinued operations also includes the wind-down of our mortgage loan origination business and the sale of our mortgage loan servicing business in the prior year. Also included in the prior year are the results of three smaller lines of business previously reported in our Business Services segment.

**Three months ended January 31, 2009 compared to January 31, 2008**

The pretax loss of our discontinued operations for the three months ended January 31, 2009 was \$20.1 million compared to a loss of \$93.4 million in the prior year. The loss from discontinued operations for the prior year period included significant losses from our former mortgage loan businesses, including impairments of residual interests of \$14.7 million and losses relating to loan repurchase obligations of \$49.5 million.

## **Table of Contents**

Losses from discontinued operations in the current quarter consist primarily of a \$15.5 million charge relating to the estimated fair value of indemnification obligations undertaken in connection with the disposition of HRBFA, as discussed in note 17 to the condensed consolidated financial statements, and ongoing wind-down costs associated with our former mortgage businesses.

As discussed below, the disposition of HRBFA resulted in a capital loss for income tax purposes, and therefore, we recorded no tax benefit on reported losses during the quarter incurred in connection with the sale. As such, our effective tax rate for discontinued operations was 2.9% for the three months ended January 31, 2009 compared with 41.7% for the three months ended January 31, 2008.

### **Nine months ended January 31, 2009 compared to January 31, 2008**

The pretax loss of our discontinued operations for the nine months ended January 31, 2009 was \$47.4 million compared to a loss of \$978.0 million in the prior year. The loss from discontinued operations for the prior year period resulted from significant losses from our former mortgage loan businesses, including impairments of residual interests of \$125.9 million, losses relating to loan repurchase obligations of \$379.4 million and losses on the sale of mortgage loans totaling \$118.9 million.

Losses from discontinued operations in the current year consist primarily of the \$15.5 million indemnification obligation, as discussed above, and ongoing wind-down costs associated with our former mortgage businesses. During the current year, we recorded a deferred tax asset totaling \$165 million, representing the difference between the tax and book basis in the stock of our brokerage business sold to Ameriprise in November. For tax purposes, we incurred a capital loss upon disposition of that business, which generally can only be utilized to the extent we realize capital gains within five years subsequent to the date of the loss. We don't currently expect to be able to realize a tax benefit for substantially all of this loss and, therefore, recorded a valuation allowance of \$155 million, resulting in a net tax benefit during our second fiscal quarter of approximately \$10 million.

Our effective tax rate for discontinued operations was 44.2% and 37.4% for the nine months ended January 31, 2009 and 2008, respectively. As discussed above, our effective tax rate increased primarily due to second quarter tax benefits of \$10 million recognized in connection with the disposition of HRBFA.

## **FINANCIAL CONDITION**

These comments should be read in conjunction with the condensed consolidated balance sheets, condensed consolidated statements of cash flows and condensed consolidated statements of stockholders' equity found on pages 1, 3 and 4, respectively.

## **CAPITAL RESOURCES & LIQUIDITY BY SEGMENT**

Our sources of capital include cash from operations, issuances of common stock and debt. We use capital primarily to fund working capital, pay dividends, acquire businesses and repurchase treasury shares. Our operations are highly seasonal and therefore generally require the use of cash to fund operating losses during the period May through December.

Given the likely availability of a number of liquidity options discussed herein, including borrowing capacity under our unsecured committed lines of credit (CLOCs), we believe, that in the absence of any unexpected developments, our existing sources of capital at January 31, 2009 are sufficient to meet our operating needs.

**Cash From Operations.** Cash used in operating activities for the first nine months of fiscal year 2009 totaled \$2.4 billion, compared with \$3.3 billion for the same period last year. The decline was due primarily to lower losses and reduced working capital requirements of our discontinued businesses.

**Debt.** We borrow under our CLOCs to support working capital requirements primarily arising from off-season operating losses in our Tax Services and Business Services segments, pay dividends, acquire businesses and repurchase treasury shares. We had \$970.8 million outstanding under our CLOCs at January 31, 2009 compared to \$1.8 billion at January 31, 2008. See additional discussion in **Borrowings**.

We entered into a committed line of credit agreement with HSBC Finance Corporation (HSBC) effective January 14, 2009 for use as a funding source for the purchase of RAL participations. This line provides funding totaling

\$2.5 billion through March 30, 2009 and \$120.0 million thereafter through June 30, 2009. This line is

**Table of Contents**

subject to various covenants that are similar to our primary CLOCs, and is secured by our RAL participations. At January 31, 2009, there was \$690.5 million outstanding on this facility.

**Issuance of Common Stock.** On October 27, 2008, we sold 8.3 million shares of our common stock, without par value, at a price of \$17.50 per share in a registered direct offering through subscription agreements with selected institutional investors. We received net proceeds of \$141.5 million, after deducting placement agent fees and other offering expenses. The purpose of the equity offering was to ensure we maintained adequate equity levels, as a condition of our CLOCs, during our off-season. Proceeds were used for general corporate purposes.

Proceeds from the issuance of common stock in accordance with our stock-based compensation plans totaled \$80.1 million and \$17.4 million for the nine months ended January 31, 2009 and 2008, respectively.

**Dividends.** Dividends paid totaled \$147.6 million and \$137.0 million for the nine months ended January 31, 2009 and 2008, respectively.

**Share Repurchases.** In June 2008, our Board of Directors rescinded previous authorizations to repurchase shares of our common stock, and approved an authorization to purchase up to \$2.0 billion of our common stock over the next four years. We did not repurchase shares during the nine months ended January 31, 2009.

**Restricted Cash.** We hold certain cash balances that are restricted as to use. Cash and cash equivalents restricted totaled \$75.9 million at January 31, 2009 compared to \$7.0 million at April 30, 2008. At January 31, 2009, our corporate operations held \$69.4 million of this total, primarily as a requirement of our \$2.5 billion line with HSBC Finance Corporation.

**Segment Cash Flows.** A condensed consolidating statement of cash flows by segment for the nine months ended January 31, 2009 is as follows:

	(in 000s)					
	Tax Services	Business Services	Consumer Financial Services	Corporate	Discontinued Operations	Consolidated H&R Block
Cash provided by (used in):						
Operations	\$ (1,824,397)	\$ (21,612)	\$ (647,605)	\$ (2,897)	\$ 72,949	\$ (2,423,562)
Investing	(313,389)	(21,009)	77,116	(11,510)	255,066	(13,726)
Financing	(9,807)	809	1,300,875	1,744,934	4,783	3,041,594
Net intercompany	2,137,931	31,080	261,992	(2,098,205)	(332,798)	

**Tax Services.** Tax Services has historically been our largest provider of annual operating cash flows. The seasonal nature of Tax Services generally results in a large positive operating cash flow in our fourth quarter. Tax Services used \$1.8 billion in its current nine-month operations for off-season working capital requirements, including the purchase of participation interests in RALs. This segment also used \$313.4 million in investing activities primarily related to the acquisition of our last major franchise operator.

**Business Services.** Business Services funding requirements are largely related to receivables for completed work and work in process. We provide funding sufficient to cover this segment's working capital needs. This segment used \$21.6 million in operating cash flows during the first nine months of the year for off-season working capital requirements. Business Services used \$21.0 million in investing activities primarily related to capital expenditures.

**Consumer Financial Services.** In the first nine months of fiscal year 2009, Consumer Financial Services used \$647.6 million in operating cash flows primarily relating to advances under Emerald Advance lines of credit. This segment also provided \$77.1 million in investing activities primarily from principal payments received on mortgage loans held for investment and provided \$1.3 billion in financing activities due to Emerald Card deposits relating to tax

client refunds.

HRB Bank is a member of the Federal Home Loan Bank (FHLB) of Des Moines, which extends credit to member banks based on eligible collateral. At January 31, 2009, HRB Bank had total FHLB advance capacity of \$434.1 million. There was \$104.0 million outstanding on this facility, leaving remaining availability of \$330.1 million. Mortgage loans held for investment of \$698.6 million serve as eligible collateral and are used to determine total capacity.

**Table of Contents****BORROWINGS**

The following chart provides the debt ratings for Block Financial LLC (BFC) as of January 31, 2009 and April 30, 2008:

	January 31, 2009			April 30, 2008		
	Short-term	Long-term	Outlook	Short-term	Long-term	Outlook
Moody's	P-2	Baa1	Stable	P-2	Baa1	Negative
S&P	A-2	BBB	Positive	A-3	BBB-	Negative
Fitch	F2	BBB	Stable	F3	BBB	Negative
DBRS	R-2 (high)	BBB (high)	Positive	R-2 (high)	BBB (high)	Negative

At January 31, 2009, we maintained \$2.0 billion in revolving credit facilities to support commercial paper issuance and for general corporate purposes. These CLOCs, and outstanding borrowings thereunder, have a maturity date of August 2010 and an annual facility fee in a range of six to fifteen basis points per annum, based on our credit ratings. We had \$970.8 million outstanding as of January 31, 2009 to support working capital requirements primarily arising from off-season operating losses, to pay dividends and acquire businesses. These borrowings are included in long-term debt on our condensed consolidated balance sheet due to their contractual maturity date. The CLOCs, among other things, require we maintain at least \$650.0 million of net worth on the last day of any fiscal quarter. We had net worth of \$840.0 million at January 31, 2009.

Lehman Brothers Bank, FSB (Lehman) is a participating lender in our \$2.0 billion CLOCs, with a \$50.0 million credit commitment. In September 2008, Lehman's parent company declared bankruptcy. Since then, Lehman has not honored any funding requests under these facilities, thereby effectively reducing our available liquidity under our CLOCs to \$1.95 billion. We do not expect this change to have a material impact on our liquidity.

We entered into a committed line of credit agreement with HSBC effective January 14, 2009 for use as a funding source for the purchase of RAL participations. This line provides funding totaling \$2.5 billion through March 30, 2009 and \$120.0 million thereafter through June 30, 2009. This line is subject to various covenants that are similar to our primary CLOCs, and is secured by our RAL participations. At January 31, 2009, there was \$690.5 million outstanding on this facility. Our contract with HSBC provides for them to fund RALs through 2011, with an option to renew, at our discretion, through 2013. We have also had a contract each of the last two years under which HSBC has funded our participation interest in RALs.

Other than the changes outlined above, there have been no material changes in our borrowings from those reported at April 30, 2008 in our Annual Report on Form 10-K.

**CONTRACTUAL OBLIGATIONS AND COMMERCIAL COMMITMENTS**

There have been no material changes in our contractual obligations and commercial commitments from those reported at April 30, 2008 in our Annual Report on Form 10-K.

**REGULATORY ENVIRONMENT**

Effective October 27, 2008, the Financial Industry Regulatory Authority approved our request to sell HRBFA to Ameriprise, and that disposition was completed effective November 1, 2008.

There have been no other material changes in our regulatory environment from those reported at April 30, 2008 in our Annual Report on Form 10-K.

**FORWARD-LOOKING INFORMATION**

This report and other documents filed with the Securities and Exchange Commission (SEC) may contain forward-looking statements. In addition, our senior management may make forward-looking statements orally to analysts, investors, the media and others. Forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. They often include words such as expects, anticipates, intends, plans, believes, seeks, estimates, will, would, should, could or may. Forward-looking statements provide management's current expectations or predictions of future conditions, events or results. They may include projections of revenues, income, earnings per share, capital expenditures, dividends, liquidity, capital structure or other financial items, descriptions of management's plans or objectives for future operations, products or services, or descriptions of assumptions underlying any of the above. They are not guarantees of future performance. By their nature, forward-looking statements are subject to risks and

**Table of Contents**

uncertainties. These statements speak only as of the date made and management does not undertake to update them to reflect changes or events occurring after that date except as required by federal securities laws.

**RECONCILIATION OF NON-GAAP FINANCIAL INFORMATION**

We report our financial results in accordance with generally accepted accounting principles (GAAP). However, we believe certain non-GAAP performance measures and ratios used in managing the business may provide additional meaningful comparisons between current year results and prior periods. Reconciliations to GAAP financial measures are provided below. These non-GAAP financial measures should be viewed in addition to, not as an alternative for, our reported GAAP results.

**Banking Ratios**

(dollars in 000s)

**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

There have been no material changes in our market risks from those reported at April 30, 2008 in our Annual Report on Form 10-K.

**ITEM 4. CONTROLS AND PROCEDURES****EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES**

As of the end of the period covered by this Form 10-Q, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures. The controls evaluation was done under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer. Based on this evaluation, we have concluded that our disclosure controls and procedures were effective as of the end of the period covered by this Quarterly Report on Form 10-Q.

**CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING**

There were no changes that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**Table of Contents**

**PART II OTHER INFORMATION**

**ITEM 1. LEGAL PROCEEDINGS**

The information below should be read in conjunction with the information included in note 14 to our condensed consolidated financial statements.

**RAL Litigation**

We have been named as a defendant in numerous lawsuits throughout the country regarding our refund anticipation loan programs (collectively, RAL Cases ). The RAL Cases have involved a variety of legal theories asserted by plaintiffs. These theories include allegations that, among other things: disclosures in the RAL applications were inadequate, misleading and untimely; the RAL interest rates were usurious and unconscionable; we did not disclose that we would receive part of the finance charges paid by the customer for such loans; untrue, misleading or deceptive statements in marketing RALs; breach of state laws on credit service organizations; breach of contract, unjust enrichment, unfair and deceptive acts or practices; violations of the federal Racketeer Influenced and Corrupt Organizations Act; violations of the federal Fair Debt Collection Practices Act and unfair competition regarding debt collection activities; and that we owe, and breached, a fiduciary duty to our customers in connection with the RAL program.

The amounts claimed in the RAL Cases have been very substantial in some instances, with one settlement resulting in a pretax expense of \$43.5 million in fiscal year 2003 (the Texas RAL Settlement ) and other settlements resulting in a combined pretax expense in fiscal year 2006 of \$70.2 million. On December 31, 2008, we reached a settlement with the California attorney general in the case entitled *The People of California v. H&R Block, Inc., H&R Block Services, Inc., H&R Block Enterprises, Inc., H&R Block Tax Services, Inc., Block Financial Corporation, HRB Royalty, Inc., and Does 1 through 50*, Case No., CGC-06-449461, in the California Superior Court, San Francisco County (the California AG Case ). Pursuant to the terms of the settlement, we agreed to pay \$2.5 million in restitution to certain clients who obtained a refund anticipation loan or a refund anticipation check, \$0.5 million in civil penalties and \$1.9 million in fees and costs.

Following settlement of the California AG Case, we have one remaining putative RAL class action. We believe we have meritorious defenses to this RAL Case and we intend to defend it vigorously. There can be no assurances, however, as to the outcome of the pending RAL Case or regarding the impact of the pending RAL Case on our financial statements. There were no other significant developments regarding the RAL Cases during the three months ended January 31, 2009.

**Peace of Mind Litigation**

We are defendants in lawsuits regarding our Peace of Mind program (collectively, the POM Cases ), under which our applicable tax return preparation subsidiary assumes liability for additional tax assessments attributable to tax return preparation error. The POM Cases are described below.

*Lorie J. Marshall, et al. v. H&R Block Tax Services, Inc., et al.*, Case No. 08-CV-591 in the U.S. District Court for the Southern District of Illinois, is a class action case originally filed in the Circuit Court of Madison County, Illinois on January 18, 2002, in which class certification was granted on August 27, 2003. The plaintiffs allege that the sale of POM guarantees constitutes (1) statutory fraud by selling insurance without a license, (2) an unfair trade practice, by omission and by cramming (i.e., charging customers for the guarantee even though they did not request it or want it), and (3) a breach of fiduciary duty. The court has certified plaintiff classes consisting of all persons who reside in 13 specified states and who from January 1, 1997 to final judgment (1) were charged a separate fee for POM by H&R Block ; (2) were charged a separate fee for POM by an H&R Block entity not licensed to sell insurance; or (3) had an unsolicited charge for POM posted to their bills by H&R Block. Persons who received the POM guarantee through an H&R Block Premium office were excluded from the plaintiff class. In August 2008, we removed the case from state court in Madison County, Illinois to the U.S. District Court for the Southern District of Illinois. On December 17, 2008, the case was remanded back to state court. We have filed a petition to appeal this ruling.

There is one other putative class action pending against us in Texas that involves the POM guarantee. This case is pending before the same judge that presided over the Texas RAL Settlement, involves the same plaintiffs attorneys that are involved in the Marshall litigation in Illinois, and contains allegations similar to those in the Marshall case. No class has been certified in this case.

**Table of Contents**

We believe we have meritorious defenses to the claims in the POM Cases, and we intend to defend them vigorously. The amounts claimed in the POM Cases are substantial, and there can be no assurances as to the outcome of these pending actions individually or in the aggregate.

**Express IRA Litigation**

On March 15, 2006, the New York Attorney General filed a lawsuit in the Supreme Court of the State of New York, County of New York (Index No. 06/401110) entitled *The People of New York v. H&R Block, Inc. and H&R Block Financial Advisors, Inc. et al.* The complaint alleged fraudulent business practices, deceptive acts and practices, common law fraud and breach of fiduciary duty with respect to the Express IRA product and sought equitable relief, disgorgement of profits, damages and restitution, civil penalties and punitive damages. On July 12, 2007, the Supreme Court of the State of New York issued a ruling that dismissed all defendants other than HRBFA and the claims of common law fraud. The intermediate appellate court reversed this ruling on January 6, 2009. We filed a petition for appeal with the highest state appellate court on January 30, 2009. We believe we have meritorious defenses to the claims in this case, and we intend to defend this case vigorously, but there are no assurances as to its outcome. On January 2, 2008, the Mississippi Attorney General filed a lawsuit in the Chancery Court of Hinds County, Mississippi First Judicial District (Case No. G 2008 6 S 2) entitled *Jim Hood, Attorney for the State of Mississippi v. H&R Block, Inc., et al.* The complaint alleged fraudulent business practices, deceptive acts and practices, common law fraud and breach of fiduciary duty with respect to the Express IRA product and sought equitable relief, disgorgement of profits, damages and restitution, civil penalties and punitive damages. The defendants have filed a motion to dismiss. We believe we have meritorious defenses to the claims in this case, and we intend to defend this case vigorously, but there are no assurances as to its outcome.

In addition to the New York and Mississippi Attorney General actions, a number of civil actions were filed against HRBFA and us concerning the Express IRA product, the first of which was filed on March 17, 2006. Except for two cases pending in state court, all of the civil actions have been consolidated by the panel for Multi-District Litigation into a single action styled *In re H&R Block, Inc. Express IRA Marketing Litigation* in the United States District Court for the Western District of Missouri.

Although we sold HRBFA effective November 1, 2008, we remain responsible for the Express IRA litigation through an indemnification agreement with Ameriprise. The amounts claimed in these cases are substantial. We believe we have meritorious defenses to the claims in these cases, and we intend to defend these cases vigorously, but there are no assurances as to their outcome.

**Securities Litigation**

On April 6, 2007, a putative class action styled *In re H&R Block Securities Litigation* was filed against the Company and certain of its officers in the United States District Court for the Western District of Missouri. The complaint alleges, among other things, deceptive, material and misleading financial statements and failure to prepare financial statements in accordance with generally accepted accounting principles. The complaint sought unspecified damages and equitable relief. The court dismissed the complaint on February 19, 2008, and plaintiffs appealed the dismissal on March 18, 2008. In addition, plaintiffs in a shareholder derivative action that was consolidated into the securities litigation filed a separate appeal on March 18, 2008, contending that the derivative action was improperly consolidated. The derivative action is *Iron Workers Local 16 Pension Fund v. H&R Block, et al.*, in the United States District Court for the Western District of Missouri, Case No. 06-cv-00466-ODS (instituted on June 8, 2006) and was brought against certain of our directors and officers purportedly on behalf of the Company. The derivative action alleges breach of fiduciary duty, abuse of control, gross mismanagement, waste, and unjust enrichment pertaining to (1) our restatement of financial results in fiscal year 2006 due to errors in determining our state effective income tax rate and (2) certain of our products and business activities. We believe we have meritorious defenses to the claims in these cases and intend to defend this litigation vigorously. We currently do not believe that we will incur a material loss with respect to this litigation.

**RSM McGladrey Litigation**

RSM McGladrey Business Services, Inc. and certain of its subsidiaries are parties to a putative class action filed on July 11, 2006 and entitled *Do Right s Plant Growers, et al. v. RSM EquiCo, Inc., et al.* Case No. 06 CC00137, in the California Superior Court, Orange County. The complaint contains allegations regarding

**Table of Contents**

business valuation services provided by RSM EquiCo, Inc., including fraud, negligent misrepresentation, breach of contract, breach of implied covenant of good faith and fair dealing, breach of fiduciary duty and unfair competition and seeks unspecified damages, restitution and equitable relief. A hearing on plaintiffs' motion for class certification is scheduled for March 6, 2009. We intend to defend this case vigorously. The amount claimed in this action is substantial and there can be no assurance regarding the outcome and resolution of this matter. It is reasonably possible that we could incur losses with respect to this litigation, although an estimate of such losses cannot be made in light of the early stage of the litigation.

RSM McGladrey, Inc. (RSM) has a relationship with certain public accounting firms (collectively, the Attest Firms) pursuant to which (1) some RSM employees are also partners or employees of the Attest Firms, (2) many clients of the Attest Firms are also RSM clients, and (3) our RSM McGladrey brand is closely linked to the Attest Firms. The Attest Firms are parties to claims and lawsuits (collectively, Attest Firm Claims) arising in the normal course of business. Judgments or settlements arising from Attest Firm Claims exceeding the Attest Firms' insurance coverage could have a direct adverse effect on Attest Firm operations and could impair RSM's ability to attract and retain clients and quality professionals. For example, accounting and auditing firms (including one of the Attest Firms) recently have become subject to claims based on losses their clients suffered from investments in investment funds managed by third parties. Although RSM may not have a direct liability for significant Attest Firm Claims, such Attest Firm Claims could have a material adverse effect on RSM's operations and impair the value of our investment in RSM. There is no assurance regarding the outcome of the Attest Firm Claims.

**Litigation and Claims Pertaining to Discontinued Mortgage Operations**

Although mortgage loan origination activities were terminated and the loan servicing business was sold during fiscal year 2008, SCC remains subject to investigations, claims and lawsuits pertaining to its loan origination and servicing activities that occurred prior to such termination and sale. These investigations, claims and lawsuits include actions by state attorneys general, other state regulators, municipalities, individual plaintiffs, and cases in which plaintiffs seek to represent a class of others alleged to be similarly situated. Among other things, these investigations, claims and lawsuits allege discriminatory or unfair and deceptive loan origination and servicing practices, public nuisance, fraud, and violations of the Truth in Lending Act, Equal Credit Opportunity Act and the Fair Housing Act. In the current non-prime mortgage environment, the number of these investigations, claims and lawsuits has increased over historical experience and is likely to continue at increased levels. The amounts claimed in these investigations, claims and lawsuits are substantial in some instances, and the ultimate resulting liability is difficult to predict. In the event of unfavorable outcomes, the amounts SCC may be required to pay in the discharge of liabilities or settlements could be substantial and, because SCC's operating results are included in our consolidated financial statements, could have a material adverse impact on our consolidated results of operations.

On June 3, 2008, the Massachusetts Attorney General filed a lawsuit in the Superior Court of Suffolk County, Massachusetts (Case No. 08-2474-BLS) entitled *Commonwealth of Massachusetts v. H&R Block, Inc., et al.*, alleging unfair, deceptive and discriminatory origination and servicing of mortgage loans and seeking equitable relief, disgorgement of profits, restitution and statutory penalties. On November 10, 2008, the court granted a preliminary injunction limiting the ability of the owner of SCC's former loan servicing business to initiate or advance foreclosure actions against certain loans originated by SCC or its subsidiaries without (i) advance notice to the Massachusetts Attorney General and (ii) if the Attorney General objects to foreclosure, approval by the court. The preliminary injunction generally applies to loans meeting all of the following four characteristics: (1) adjustable rate mortgages with an introductory period of three years or less, (2) the borrower has a debt-to-income ratio generally exceeding 50 percent, (3) an introductory interest rate at least 2 percent lower than the fully indexed rate (unless the debt-to-income ratio is 55% or greater) and (4) loan-to-value ratio of 97 percent or certain prepayment penalties. We have appealed this preliminary injunction. We believe we have meritorious defenses to the claims in this case, and we intend to defend this case vigorously, but there are no assurances as to its outcome.

SCC also remains subject to potential claims for indemnification and loan repurchases pertaining to loans previously sold. In the current non-prime mortgage environment, it is likely that the frequency of repurchase and indemnification claims may increase over historical experience and give rise to additional litigation. In some instances, H&R Block,

Inc. was required to guarantee SCC's obligations. The amounts involved in these

## **Table of Contents**

potential claims may be substantial, and the ultimate resulting liability is difficult to predict. In the event of unfavorable outcomes, the amounts SCC may be required to pay in the discharge or settlement of these claims could be substantial and, because SCC's operating results are included in our consolidated financial statements, could have a material adverse impact on our consolidated results of operations.

### **Other Claims and Litigation**

We are from time to time party to investigations, claims and lawsuits not discussed herein arising out of our business operations. These investigations, claims and lawsuits include actions by state attorneys general, other state regulators, individual plaintiffs, and cases in which plaintiffs seek to represent a class of others similarly situated. Some of these investigations, claims and lawsuits pertain to RALs, the electronic filing of customers' income tax returns, the POM guarantee program, wage and hour claims and investment products. We believe we have meritorious defenses to each of these claims, and we are defending or intend to defend them vigorously. The amounts claimed in these claims and lawsuits are substantial in some instances, and the ultimate liability with respect to such litigation and claims is difficult to predict. In the event of an unfavorable outcome, the amounts we may be required to pay in the discharge of liabilities or settlements could be material.

In addition to the aforementioned types of cases, we are party to claims and lawsuits that we consider to be ordinary, routine litigation incidental to our business, including claims and lawsuits (collectively, Other Claims) concerning the preparation of customers' income tax returns, the fees charged customers for various products and services, relationships with franchisees, intellectual property disputes, employment matters and contract disputes. While we cannot provide assurance that we will ultimately prevail in each instance, we believe the amount, if any, we are required to pay in the discharge of liabilities or settlements in these Other Claims will not have a material adverse effect on our consolidated operating results, financial position or cash flows.

## **ITEM 1A. RISK FACTORS**

### **Our businesses may be adversely affected by conditions in the global financial markets and economic conditions generally.**

Our business may be materially affected by conditions in the global financial markets and economic conditions generally, and these conditions may change suddenly and dramatically. For example, the capital and credit markets have been experiencing extreme volatility and disruption, which have reached unprecedented levels this year. Difficulties in the mortgage and broader credit markets in the United States and elsewhere resulted in a relatively sudden and substantial decrease in the availability of credit and a corresponding increase in funding costs. We cannot predict how long these conditions will exist or how our business or financial statements may be affected. Increases in interest rates or credit spreads, as well as limitations on the availability of credit, such as has occurred recently, may affect our ability to borrow in excess of our current commitments on a secured or unsecured basis, which may adversely affect our liquidity and results of operations. This could increase our cost of funding, which could reduce our profitability.

In addition, the downturn in the residential housing market, rising unemployment and an increase in mortgage defaults has, and may continue, to negatively impact our operating results. An economic recession will likely reduce the ability of our borrowers to repay mortgage loans, and declining home values would increase the severity of loss we may incur in the event of default.

In response to the current financial markets, legislation has been proposed to allow mortgage loan cram-downs, which would empower courts to modify the terms of mortgage loans including a reduction in the principal amount to reflect lower underlying property values. This could result in our writing down the balance of those mortgage loans in bankruptcy to reflect their current collateral values. The availability of principal reductions or other mortgage loan modifications could make bankruptcy a more attractive option for troubled borrowers, leading to increased bankruptcy filings and accelerated defaults.

In addition to mortgage loans, we also extend secured and unsecured credit to other customers, including refund anticipation loans and Emerald Advance lines of credit to our tax preparation customers. We may incur significant

losses on credit we extend, which in turn could reduce our profitability.

Other than the item discussed above, there have been no material changes in our risk factors from those reported at April 30, 2008 in our Annual Report on Form 10-K.

**Table of Contents****ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS**

A summary of our purchases of H&R Block common stock during the third quarter of fiscal year 2009 is as follows:

		(in 000s, except per share amounts)			
		Total	Average	Total Number of	Maximum \$Value
		Number of	Price Paid	Shares	of Shares that May
		Shares	per Share	Purchased as Part of	Be Purchased Under
		Purchased <sup>(1)</sup>		Publicly Announced	the Plans or Programs <sup>(2)</sup>
				Plans or Programs	
				<sup>(2)</sup>	
November 1	November 30	147	\$ 19.35	-	\$ 2,000,000
December 1	December 31	-	\$ -	-	\$ 2,000,000
January 1	January 31	4	\$ 22.41	-	\$ 2,000,000

<sup>(1)</sup> We purchased 150,358 shares in connection with the funding of employee income tax withholding obligations arising upon the exercise of stock options or the lapse of restrictions on nonvested shares.

<sup>(2)</sup> In June 2008, our Board of Directors rescinded previous authorizations to repurchase shares of our common stock, and approved an authorization to purchase up to \$2.0 billion of our common stock over the next four years.

**ITEM 6. EXHIBITS**
