R&G FINANCIAL CORPORATION  
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - REPORTING ENTITY AND BASIS OF PRESENTATION

REPORTING ENTITY

The accompanying unaudited consolidated financial statements include the accounts of R&G Financial Corporation (the "Company"), a diversified financial services company, and its wholly-owned subsidiaries, R-G Premier Bank of Puerto Rico (the "Premier Bank"), a Puerto Rico commercial bank, Crown Bank, F.S.B. ("Crown Bank"), a Florida-based federal savings bank, R&G Mortgage Corp. ("R&G Mortgage"), Puerto Rico's second largest mortgage banker, R-G Investments Corporation, a Puerto Rico licensed securities broker-dealer, and Home & Property Insurance Corp., a Puerto Rico insurance agency. The Company, currently in its 31st year of operations, operates as a financial holding company, pursuant to the provisions of the Gramm-Leach-Bliley Act of 1999, and is primarily engaged in banking, mortgage banking, and securities and insurance brokerage through its subsidiaries.

Premier Bank and Crown Bank provide a full range of banking services,

## Edgar Filing: R&G FINANCIAL CORP - Form 10-Q

including residential, commercial and personal loans and a variety of deposit products. Premier Bank operates through thirty branches located mainly in the northeastern part of the Commonwealth of Puerto Rico. Crown Bank operates in the Orlando and Tampa/St. Petersburg metropolitan areas through fifteen full service branches and six commercial lending offices. Premier Bank also provides private banking and trust and other financial services to its customers. Premier Bank and Crown Bank are subject to the regulations of certain federal and local agencies, and undergo periodic examinations by those regulatory agencies.

Crown Bank is also engaged in the origination of FHA insured, VA guaranteed and privately insured first and second mortgage loans on residential real estate (1 to 4 families) in the States of New York, New Jersey, Connecticut, North Carolina and Florida, through its wholly-owned subsidiary, Continental Capital Corporation ("Continental Capital").

R&G Mortgage is engaged primarily in the business of originating FHA-insured, VA-guaranteed, and privately insured first and second mortgage loans on residential real estate (1 to 4 families). R&G Mortgage pools FHA and VA loans into GNMA mortgage-backed securities and collateralized mortgage obligation certificates for sale to investors. After selling the loans, it retains the service on the loans. R&G Mortgage is also a FNMA and FHLMC Seller-Servicer of conventional loans.

R&G Mortgage also originates FHA insured, VA guaranteed and privately insured first and second mortgage loans on residential real estate (1 to 4 families), through its wholly-owned subsidiary, Mortgage Store of Puerto Rico, Inc.

### BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements have been prepared in accordance with the instructions for Form 10-Q. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles. However, in the opinion of management, the accompanying unaudited consolidated financial statements include all adjustments (principally consisting of normal recurring accruals) necessary for a fair presentation of the Company's financial condition as of March 31, 2003 and the results of operations and changes in its cash flows for the three months ended March 31, 2003 and 2002.

The results of operations for the three month period ended March 31, 2003 are not necessarily indicative of the results to be expected for the year ending December 31, 2003. The unaudited consolidated financial statements and notes thereto should be read in conjunction with the audited financial statements and notes thereto for the year ended December 31, 2002.

7

### BASIS OF CONSOLIDATION

All significant intercompany balances and transactions have been eliminated in the accompanying unaudited financial statements.

### NEW ACCOUNTING PRONOUNCEMENTS

On January 1, 2002 the Company adopted SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," which addresses financial accounting and reporting for the impairment or disposal of long-lived assets. While SFAS No. 144 supersedes SFAS No. 121, "Accounting for the Impairment of

## Edgar Filing: R&G FINANCIAL CORP - Form 10-Q

Long-Lived Assets and for Long-Lived Assets to Be Disposed Of," it retains many of the fundamental provisions of that Statement. SFAS No. 144 also supersedes the accounting and reporting provisions of APB Opinion No. 30, "Reporting the Results of Operations-Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions," for the disposal of a segment of a business. However, it retains the requirement in Opinion No. 30 to report separately discontinued operations and extends that reporting to a component of an entity that either has been disposed of by sale, abandonment, or in a distribution to owners or is classified as held for sale. The adoption of this Statement did not have an effect on the consolidated financial position or results of operations of the Company.

On January 1, 2002 the Company adopted also SFAS No. 142, "Goodwill and Other Intangible Assets." SFAS No. 142 requires that goodwill and intangible assets with indefinite useful lives no longer be amortized but instead tested for impairment at least annually in accordance with the provisions of SFAS No. 142. SFAS No. 142 also requires that intangible assets with definite useful lives be amortized over the respective estimated useful lives to their estimated residual values, and reviewed for impairment in accordance with SFAS No. 144. The initial adoption of this Statement on January 1, 2002 had no effect on the consolidated financial position or results of operations of the Company.

In November 2002, the FASB issued Interpretation No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees of Indebtedness of Others (an interpretation of FASB Statements No. 5, 57, 107 and rescission of FASB Interpretation No. 34)" ("FIN No. 45"). FIN No. 45 clarifies the requirements of FASB Statement No. 5, "Accounting for Contingencies," relating to a guarantor's accounting for, and disclosure of, the issuance of certain types of guarantees. FIN No. 45 requires a guarantor of certain guarantees to recognize at its inception a liability for the fair value of the obligation undertaken when issuing the guarantee, and also expands the related disclosures. The provisions of initial recognition are effective for guarantees issued and modified after December 31, 2002. The adoption of FIN No. 45 on January 1, 2003 did not have a significant impact on the Company's consolidated financial statements.

On April 30, 2003, the FASB issued SFAS No. 149, "Amendment of Statement 133 or Derivative Instruments and Hedging Activities," which amends and clarifies financial accounting and reporting for derivative instruments, including certain derivatives instruments embedded in other contracts, and for hedging activities under FASB Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities." This Statement is effective for contracts entered into or modified after June 30, 2003. The adoption of this statement is not expected to have a significant effect in the consolidated financial position or results of operations of the Company.

### NOTE 2 - EARNINGS PER SHARE

Basic earnings per common share are computed by dividing net income (less preferred stock dividends) by the weighted average number of shares of common stock outstanding. The weighted average of outstanding stock options granted in connection with the Company's Stock Option Plan (158,040 and 358,760 during the quarters ended March 31, 2003 and 2002, respectively), are included in the weighted average number of shares for purposes of the diluted earnings per share computation. No other adjustments are made to the computation of basic earnings per share to arrive at diluted earnings per share.

Edgar Filing: R&G FINANCIAL CORP - Form 10-Q

Dividends per share on common stock declared and paid by the Company were as follows:

| Quarter ended March 31, |          |
|-------------------------|----------|
| 2003                    | 2002     |

| (Unaudited)             |          |
| \$0.0980                | \$0.0765 |

NOTE 3 - INVESTMENT AND MORTGAGE-BACKED SECURITIES

The carrying value and estimated fair value of investment and mortgage-backed securities by category are shown below. The fair value of investment securities is based on quoted market prices and dealer quotes, except for the investment in Federal Home Loan Bank (FHLB) stock which is valued at its redemption value.

(1) Consists primarily of residential real estate foreclosed by the Company.

(2) While the ratio of non-performing loans to total loans decreased from 2.71% to 2.48% from December 31, 2002 to March 31, 2003, the ratio was nevertheless larger than it would otherwise have been due to loan securitizations during 2000, 2001 and 2002 and the first three months of 2003, which reduced the amount of loans held in portfolio considered in the calculation of the ratio. Without giving effect to

Edgar Filing: R&G FINANCIAL CORP - Form 10-Q

loan securitizations, as of March 31, 2003 and December 31, 2002, the ratio of non-performing loans to total loans would have been 1.89% and 1.98%, respectively.

- (3) Because of the nature of the collateral, R&G Financial's historical charge-offs with respect to residential real estate loans have been low. Excluding R&G Financial's residential loan portfolio, the allowance for loan losses to total loans and to total non-performing loans at March 31, 2003 and December 31, 2002 would have been 2.21% and 109.6%, respectively, and 2.39% and 93.6%, respectively.

NOTE 7 - COMMITMENTS AND CONTINGENCIES

COMMITMENTS TO BUY AND SELL GNMA CERTIFICATES

As of March 31, 2003, the Company had open commitments to issue GNMA certificates of approximately \$65.9 million.

COMMITMENTS TO SELL MORTGAGE LOANS

As of March 31, 2003 the Company had commitments to sell mortgage loans to third party investors amounting to approximately \$196.5 million.

LEASE COMMITMENTS

The Company is obligated under several noncancellable leases for office space and equipment rentals, all of which are accounted for as operating leases. The leases expire at various dates with options for renewals.

OTHER

At March 31, 2003, the Company is liable under limited recourse provisions resulting from the sale of loans to several investors, principally FHLMC. The principal balance of these loans, which are serviced by the Company, amounts to approximately \$868.7 million at March 31, 2003. At March 31, 2003, the Company has an allowance for recourse provisions of \$1.8 million. Historical losses on recourse obligations have not been significant.

In April 2002, R&G Acquisition Holdings Corporation (a wholly-owned subsidiary of R&G Financial) ("RAC"), a Florida corporation and savings and loan holding company, formed R&G Capital Trust I ("R&G Capital Trust"), a Delaware statutory business trust. R&G Capital Trust issued \$25.0 million of trust preferred securities in a private placement. The Company has guaranteed

certain obligations of RAC to R&G Capital Trust.

NOTE 8 - SUPPLEMENTAL INCOME STATEMENT INFORMATION

Employee costs and other administrative and general expenses are shown in the Consolidated Statements of Income net of direct loan origination costs. Direct loan origination costs are capitalized as part of the carrying cost of mortgage loans and are offset against mortgage loan sales and fees when the loans are sold, or amortized as a yield adjustment to interest income on loans held for investment.

Total employee costs and other expenses before capitalization follows:

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

A number of the presentations and disclosures in this Form 10-Q, including, without limitation, statements regarding the level of allowance for loan losses, the rate of delinquencies and amounts of charge-offs, and the rates of loan growth, and any statements preceded by, followed by or which include the words "may," "could," "should," "will," "would," "hope," "might," "believe," "expect," "anticipate," "estimate," "intend," "plan," "assume" or similar expressions constitute forward-looking statements. These forward-looking statements, implicitly and explicitly, include the assumptions underlying the statements and other information with respect to our beliefs, plans, objectives, goals, expectations, anticipations, estimates, intentions, financial condition, results of operations, future performance and business, including our expectations and estimates with respect to our revenues, expenses, earnings, return on equity, return on assets, efficiency ratio, asset quality and other financial data and capital and performance ratios.

Although we believe that the expectations reflected in our forward-looking statements are reasonable, these statements involve risks and uncertainties that are subject to change based on various important factors (some of which are beyond our control). The following factors, among others, could cause our financial performance to differ materially from our goals, plans, objectives, intentions, expectations and other forward-looking statements:

- the strength of the United States economy in general and the strength of the regional and local economies within our markets;
- adverse changes in the local real estate market, as most of the Company's loans are concentrated in Puerto Rico and Florida and a substantial portion of these loans have real estate as collateral;
- the effects of, and changes in, trade, monetary and fiscal policies and laws, including interest rate policies of the Board of Governors of the Federal Reserve System;
- inflation, interest rate, market and monetary fluctuations;
- adverse changes in asset quality and the resulting credit risk-related losses and expenses;
- our timely development of new products and services in a changing environment, including the features, pricing and quality of our products and services compared to the products and services of our competitors;
- the willingness of users to substitute competitors' products and services for our products and services; o the impact of changes in financial services policies, laws and regulations, including laws, regulations and policies concerning taxes, banking, securities and insurance, and the application thereof

by regulatory bodies;

- technological changes;
- changes in consumer spending and savings habits; and
- regulatory or judicial proceedings.

If one or more of the factors affecting our forward-looking information and statements proves incorrect, then our actual results, performance or achievements could differ materially from those expressed in, or implied by, forward-looking information and statements contained in this Form 10-Q. Therefore, we caution you not to place undue reliance on our forward-looking information and statements.

We do not intend to update our forward-looking information and statements, whether written or oral, to reflect change. All forward-looking statements attributable to us are expressly qualified by these cautionary statements.

### GENERAL

R&G Financial Corporation (the "Company") is a Puerto Rico chartered diversified financial holding company that, through its wholly-owned subsidiaries, is engaged in banking, mortgage banking, securities and insurance brokerage activities. The Company, currently in its 31st year of operations, operates 30 bank branches mainly located in the northeastern section of Puerto Rico, 15 bank branches in the Orlando and Tampa/St. Petersburg Florida markets, 6 mortgage and 6 commercial lending offices in the continental United States, and 43 mortgage offices in Puerto Rico, including 24 facilities located within Premier Bank's branches.

The Company is engaged in providing a full range of banking services through R-G Premier Bank of Puerto Rico ("Premier Bank"), a Puerto Rico commercial bank, and Crown Bank, F.S.B. ("Crown Bank"), its Florida-based federal savings bank acquired in June 2002. Banking activities include commercial banking services, corporate and construction lending, consumer lending and credit cards, offering a variety of deposit products and, to a lesser extent, trust and investment services through private banking.

The Company is also engaged in mortgage banking activities. Mortgage banking activities are conducted through R&G Mortgage Corp., a Puerto Rico mortgage company, The Mortgage Store of Puerto Rico, Inc., also a Puerto Rico mortgage company, and Continental Capital Corporation, a New York mortgage banking subsidiary of Crown Bank with offices in New York, North Carolina and Florida. Mortgage banking activities include the origination, purchase, sale and servicing of mortgage loans on single-family residences, the issuance and sale of various types of mortgage-backed securities, the holding of mortgage loans, mortgage-backed securities and other investment securities for sale or investment, and the purchase and sale of servicing rights associated with such mortgage loans and, to a lesser extent, the origination of construction loans and mortgage loans secured by income producing real estate and land (the "mortgage banking business").

The Company is also engaged in insurance brokerage through Home & Property Insurance Corp., a Puerto Rico insurance agency, and securities brokerage through R-G Investments Corporation, a Puerto Rico licensed

broker-dealer.

The Company is the second largest mortgage loans originator and servicer of mortgage loans on single family residences in Puerto Rico. R&G Financial's mortgage servicing portfolio increased to approximately \$10.9 billion as of March 31, 2003, from \$7.3 billion as of the same date a year ago, an increase of 48.8%. The Company's servicing portfolio at March 31, 2003 includes approximately \$2.6 billion acquired through the acquisition of Crown Bank in June 2002. R&G Financial's strategy is to increase the size of its mortgage servicing portfolio by relying principally on internal loan originations.

As part of its strategy to maximize net interest income, R&G Financial maintains a substantial portfolio of mortgage-backed and investment securities. At March 31, 2003, the Company held securities available for sale with a fair market value of \$3.0 billion, which included \$2.2 billion of mortgage-backed securities, of which \$394.7 million consisted primarily of Puerto Rico GNMA securities, the interest on which is tax-exempt to the Company. These securities are generally held by the Company for longer periods prior to sale in order to maximize the tax-exempt interest received thereon. R&G Financial's lower effective tax rates compared to the maximum statutory rates reflect the exemption under Puerto Rico law of the net interest income derived from such securities. In addition, the Company invests in certain U.S. agency securities that are exempt from Puerto Rico taxation and are not subject to federal income taxation because the Company is entitled to rely on the portfolio interest deduction. Finally, R&G Financial's international banking entities may invest in various U.S. securities, the income on which is exempt from Puerto Rico income taxation and is also not subject to federal income taxation on the basis of the portfolio interest deduction.

20

A substantial portion of R&G Financial's total mortgage loan originations has been comprised of refinance loans. R&G Financial's future results could be adversely affected by a significant increase in mortgage interest rates that reduces refinancing activity. However, the Company believes that refinancing activity is less sensitive to interest rate changes in Puerto Rico than in the mainland United States because a significant amount of refinance loans are made for debt consolidation purposes.

R&G Financial customarily sells or securitizes into mortgage-backed securities substantially all the loans it originates, except for certain non-conforming conventional mortgage loans and certain consumer, construction, land, and commercial loans which are held for investment and classified as loans receivable.

### FINANCIAL CONDITION

At March 31, 2003, total assets amounted to \$6.9 billion, as compared to \$6.3 billion at December 31, 2002. The \$612.9 million or 9.8% increase in total assets between the comparable periods was primarily the result of a \$399.2 million or 15.6% increase in mortgage-backed and investment securities available for sale, and a \$246.2 million or 8.9% increase in loans receivable, net, due to record loan production during the quarter ended March 31, 2003.

At March 31, 2003, R&G Financial had \$3.1 billion of borrowings (consisting of securities sold under agreements to repurchase, notes payable, FHLB advances and other borrowings), compared to \$2.7 billion at December 31, 2002. R&G Financial utilized repurchase agreements and deposits to fund its

## Edgar Filing: R&G FINANCIAL CORP - Form 10-Q

growth during the period; total deposits grew 7.1% from \$2.8 billion at December 31, 2002 to \$3.0 billion at March 31, 2003, whereas repurchase agreements increased by \$341.6 million or 22.9%.

At March 31, 2003, R&G Financial's allowance for loan losses totaled \$33.3 million, which represented a \$667,000 or 2.0% increase from the level maintained at December 31, 2002. At March 31, 2003, R&G Financial's allowance represented approximately 2.48% of the total loan portfolio and 41.86% of total non-performing loans. However, excluding R&G Financial's residential loan portfolio, which has minimal charge-off experience, the allowance for loan losses to total loans and to total non-performing loans would have been 2.21% and 109.56%, respectively, at March 31, 2003.

Non-performing loans amounted to \$79.6 million at March 31, 2003, an increase of \$1.4 million when compared to \$78.2 million at December 31, 2002. At March 31, 2003, \$49.2 million or 61.8% of non-performing loans consisted of residential mortgage loans. Because of the nature of the real estate collateral, R&G Financial has historically recognized a low level of loan charge-offs. R&G Financial's aggregate charge-offs as a percentage of average loans outstanding amounted to 0.41% during 2002 and 0.32% during 2001. Although loan delinquencies have historically been higher in Puerto Rico than in the United States, actual foreclosures and any resulting loan charge-offs have historically been lower than in the United States. While the ratio of non-performing loans to total loans decreased from 2.71% to 2.48% from December 31, 2002 to March 31, 2003, the decrease in the ratio was nevertheless larger than it would otherwise have been due to significant loan securitizations during 2000, 2001 and 2002, which reduced the amount of loans held in portfolio considered in the calculation of the ratio. Without giving effect to loan securitizations, as of March 31, 2003 and December 31, 2002, the ratio of non-performing loans to total loans would have been 1.89% and 1.98%, respectively.

Stockholders' equity increased from \$662.2 million at December 31, 2002 to \$681.5 million at March 31, 2003. The \$19.3 million or 2.9% increase was due primarily to the net income recognized during the period, net of dividends paid.

21

### RESULTS OF OPERATIONS

During the three months ended March 31, 2003, R&G Financial reported net income of \$29.1 million or \$0.74 of earnings per diluted share, compared to \$21.5 or \$0.58 of earnings per diluted share for the comparative three month period ended March 31, 2002.

Net interest income increased by \$10.2 million or 31.9% during the comparable period to \$42.2 million, primarily due to a \$1.6 billion increase in the average balance of interest-earning assets, partially offset by a 9 basis point decrease in the net interest margin, from 2.92% to 2.81%. Included in earning assets of the Company at March 31, 2003 were the assets of Crown Bank, the Company's Florida-based banking subsidiary acquired during the second quarter of 2002. The provision for loan losses amounted to \$4.2 million during the three months ended March 31, 2003, a 15.6% decrease compared to the prior comparable period, reflecting R&G Financial's level of non-performing loans of \$79.6 million at March 31, 2003 compared to \$78.2 million at December 31, 2002, respectively.

R&G Financial also experienced an increase in non-interest income during the three months ended March 31, 2003 over the comparable period. Net gain on sale of loans increased by \$15.3 million or 86.4% over the prior

## Edgar Filing: R&G FINANCIAL CORP - Form 10-Q

comparable period, as a result of record loan production and sales. Total loan production during the quarter ended March 31, 2003 amounted to \$1.0 billion compared to \$577.7 million during the prior comparable period. Loan administration and servicing fees also increased by \$3.9 million or 41.9% over the comparable periods, due to the growth in the loan servicing portfolio from \$7.3 billion as of March 31, 2002 to \$10.9 billion at March 31, 2003, or an increase of \$3.6 billion. Such increase includes \$2.6 billion acquired in connection with the acquisition of Crown Bank. Other fee income also increased by \$1.9 million or 47.8%. Such increase reflects the added contributions made by the Company's insurance agency and broker-dealer subsidiaries.

Total expenses increased by \$21.2 million or 70.2% during the three months ended March 31, 2003 over the comparable 2002 period, partially due to a \$5.1 million or 51.3% increase in employee compensation and benefits associated with general growth in Company operations, including expenses associated with the operations of Crown Bank, as well as to increased commissions and bonus payments associated with increased loan production. The increase in total expenses was also due to a \$14.6 million or 91.8% increase in other administrative and general expenses, which includes a \$11.4 million increase in expenses associated with impairment charges (including unscheduled amortization) of the Company's servicing asset, as well as increased expenses related to the operations of Crown Bank.

### INTEREST RATE RISK MANAGEMENT

The following table summarizes the anticipated maturities or repricing of R&G Financial's interest-earning assets and interest-bearing liabilities as of March 31, 2003, based on the information and assumptions set forth in the notes below. For purposes of this presentation, the interest earning components of loans held for sale and mortgage-backed securities held in connection with the Company's mortgage banking business as well as all securities held for trading, are assumed to mature within one year. In addition, investments held by the Company which have call features are presented according to their contractual maturity date.

## Edgar Filing: R&G FINANCIAL CORP - Form 10-Q

As of March 31, 2003, the Company had a one year positive gap of approximately \$238.9 million which constituted 3.5% of total assets at such date, compared to a positive gap of approximately \$498.1 million or 7.9% of total assets at December 31, 2002. R&G Financial's positive gap within one year at March 31, 2003 and December 31, 2002 is due primarily to an increasing amount of adjustable rate loans resulting from greater emphasis in commercial and construction lending as well as to the extension during 2001 and 2002 of the maturity dates of certain borrowings of the Company into longer-term maturities at very attractive rates, taking advantage of consecutive reductions in interest rates during such years. The Company estimates that as of March 31, 2003, close to 43% of all borrowings of the Company had maturity dates longer than one year.

While the above table presents the Company's loans receivable portfolio held for investment purposes according to its maturity date, from time to time the Company may negotiate special transactions with FHLMC and/or FNMA or other third party investors for the sale of such loans. There can be no assurance, however, that the Company will be successful in consummating any such transactions.

The following table presents for the periods indicated R&G Financial's total dollar amount of interest from average interest-earning assets and the resultant yields, as well as the interest expense on average interest-bearing liabilities expressed both in dollars and rates, and the net interest margin. The table does not reflect any effect of income taxes. All average balances are based on the average of month-end balances for non-banking subsidiaries and average daily balances for banking subsidiaries in each case during the periods presented.

portfolio are secured by single (one-to-four) family residences secured by real estate located in Puerto Rico. At March 31, 2003, approximately 32% of the Company's mortgage servicing portfolio was related to mortgages secured by real property located outside Puerto Rico.

The Company reduces the sensitivity of its servicing income to increases in prepayment rates through a strong retail origination network that has increased or maintained the size of R&G Financial's servicing portfolio even during periods of high prepayments. In addition, a substantial portion of the Company's servicing portfolio consists of tax-exempt FHA/VA mortgage loans which carry lower interest rates than those on conventional loans, which tends to reduce risks related to R&G Financial's servicing portfolio. During the quarter ended March 31, 2003 and 2002, the Company recognized \$6,708,000 and \$1,973,000, respectively, of unscheduled amortization on mortgage servicing rights.

### LIQUIDITY AND CAPITAL RESOURCES

LIQUIDITY - Liquidity refers to the Company's ability to generate sufficient cash to meet the funding needs of current loan demand, savings deposit withdrawals, principal and interest payments with respect to outstanding borrowings and to pay operating expenses. It is management's policy to maintain greater liquidity than required in order to be in a position to fund loan purchases and originations, to meet withdrawals from deposit accounts, to make principal and interest payments with respect to outstanding borrowings and to make investments that take advantage of interest rate spreads. The Company monitors its liquidity in accordance with guidelines established by the Company and applicable regulatory requirements. The Company's need for liquidity is affected by loan demand, net changes in deposit levels and the scheduled maturities of its borrowings. The Company can minimize the cash required during the times of heavy loan demand by modifying its credit policies or reducing its marketing efforts. Liquidity demand caused by net reductions in deposits are usually caused by factors over which the Company has limited control. The Company derives its liquidity from both its assets and liabilities. Liquidity is derived from assets by receipt of interest and principal payments and prepayments, by the ability to sell assets at market prices and by utilizing unpledged assets as collateral for borrowings. Liquidity is derived from liabilities by maintaining a variety of funding sources, including deposits, advances from the FHLB of New York and Atlanta (the "FHLB") and other short and long-term borrowings.

The Company's liquidity management is both a daily and long-term function of funds management. Liquid assets are generally invested in short-term investments such as securities purchased under agreements to resell, federal funds sold and certificates of deposit in other financial institutions. If the Company requires funds beyond its ability to generate them internally, various forms of both short and long-term borrowings provide an additional source of funds. At March 31, 2003, the Company had \$91.5 million in borrowing capacity under unused warehousing and other lines of credit, \$880.2 million in borrowings capacity under unused lines of credit with the FHLB and \$25 million under unused fed funds lines of credit. The Company has generally not relied upon brokered deposits as a source of liquidity.

At March 31, 2003, the Company had outstanding commitments to originate and/or purchase mortgage and non-mortgage loans of \$531.4 million (including unused lines of credit). Certificates of deposit which are scheduled to mature within one year totaled \$865.2 million at March 31, 2003, and borrowings that are scheduled to mature within the same period amounted to \$1.7 billion. The Company anticipates that it will have sufficient funds available to meet its current loan commitments.

CAPITAL RESOURCES - The FDIC's capital regulations establish a minimum 3.0 % Tier I leverage capital requirement for the most highly-rated state-chartered, non-member banks, with an additional cushion of at least 100 to 200 basis points for all other state-chartered, non-member banks, which effectively will increase the minimum Tier 1 leverage ratio for such other banks from 4.0% to 5.0% or more. Under the FDIC's regulations, the highest-rated banks are those that the FDIC determines are not anticipating or experiencing significant growth and have well diversified risk, including no undue interest rate risk exposure, excellent asset quality, high liquidity, good earnings and, in general, which are considered a strong banking organization and are rated composite 1 under the Uniform Financial Institutions Rating System. Leverage or core capital is defined as the sum of common stockholders' equity (including retained earnings), noncumulative perpetual preferred stock and related surplus, and minority interests in consolidated subsidiaries, minus all intangible assets other than certain qualifying supervisory goodwill and certain purchased mortgage servicing rights.

The FDIC also requires that banks meet a risk-based capital standard. The risk-based capital standard for banks requires the maintenance of total capital (which is defined as Tier I capital and supplementary (Tier 2) capital) to risk weighted assets of 8%. In determining the amount of risk-weighted assets, all assets, plus certain off-balance sheet assets, are multiplied by a risk-weight of 0% to 100%, based on the risks the FDIC believes are inherent in the type of asset or item. The components of Tier 1 capital are equivalent to those discussed above under the 3% leverage capital standard. The components of supplementary capital include certain perpetual preferred stock, certain mandatory convertible securities, certain subordinated debt and intermediate preferred stock and general allowances for loan and lease losses. Allowance for loan and lease losses includable in supplementary capital is limited to a maximum of 1.25% of risk-weighted assets. Overall, the amount of capital counted toward supplementary capital cannot exceed 100% of core capital. At March 31, 2003, Premier Bank met each of its capital requirements, with Tier 1 leverage capital, Tier 1 risk-based capital and total risk-based capital ratios of 6.61%, 11.90% and 12.89%, respectively. At March 31, 2003 Crown Bank also met each of its capital requirements, with Tier 1 leverage capital, Tier 1 risk-based capital and total risk-based capital ratios of 8.23%, 12.26% and 13.30%, respectively.

In addition, the Federal Reserve Board has promulgated capital adequacy guidelines for bank holding companies which are substantially similar to those adopted by FDIC regarding state-chartered banks, as described above. R&G Financial is currently in compliance with such regulatory capital requirements, with Tier 1 leverage capital, Tier 1 risk-based capital and total risk based capital ratios of 9.60%, 17.37% and 18.29%, respectively, as of March 31, 2003.

Effective December 31, 2002, the federal banking regulatory agencies imposed a new dollar for dollar capital requirement on residual interests retained in sale or securitization transactions and a 25% limit on Tier 1 capital that may consist of credit enhancing IO's. The capital ratios set forth above include the impact of this new capital rule.

### INFLATION AND CHANGING PRICES

The unaudited consolidated financial statements and related data presented herein have been prepared in accordance with generally accepted accounting principles, which require the measurement of financial position and operating results in terms of historical dollars (except with respect to securities which are carried at market value), without considering changes in the relative purchasing power of money over time due to inflation. Unlike most

## Edgar Filing: R&G FINANCIAL CORP - Form 10-Q

industrial companies, substantially all of the assets and liabilities of the Company are monetary in nature. As a result, interest rates have a more significant impact on the Company's performance than the effects of general levels of inflation. Interest rates do not necessarily move in the same direction or in the same magnitude as the prices of goods and services.

### ITEM 3: QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Quantitative and qualitative disclosures about market risks at December 31, 2002 are presented in Item 7A of the Company's Annual report on Form 10-K. Information at March 31, 2003 is presented on page 21 of this Report. Management believes there have been no material changes in the Company's market risk since December 31, 2002.

### ITEM 4: CONTROLS AND PROCEDURES

Within the 90 days prior to the date of this report, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer along with the Company's Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to the Securities Exchange Act of 1934 ("Exchange Act") Rule 13a-14. Based upon that evaluation, the Company's Chief Executive Officer along with the Company's Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective in timely alerting them to material information relating to the Company (including its consolidated subsidiaries) required to be included in the Company's periodic Securities and Exchange Commission ("SEC") filings. There have been no significant changes in the Company's internal controls or in other factors which could significantly affect these controls subsequent to the date the Company carried out its evaluation.

Disclosure controls and procedures are Company controls and other procedures that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in the reports that we file under the Exchange Act is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.
