In addition, there can be no assurances regarding: whether HLTH and WHC will be able to complete the Merger Transaction or as to the timing of such transaction; or whether HLTH will be able to complete the Potential Sales Transactions or as to the timing or terms of such transactions. On February 21, 2008, WebMD Health Corp. (which we refer to as WHC) issued a press release announcing its results for the quarter ended December 31, 2007. The Registrant owns approximately 84% of the outstanding Common Stock of WHC. A copy of the press release issued by WHC is incorporated by reference, as Exhibit 99.4 hereto, from Exhibit 99.1 to the Current Report on Form 8-K filed today by WHC. Item 2.06. Material Impairments

To the extent required by Item 2.06 of Form 8-K, the information contained in Item 8.01 of this Current Report is incorporated by reference herein.

Item 8.01. Other Events

HLTH currently has a total of approximately \$1.45 billion in consolidated cash, cash equivalents and marketable securities, which includes approximately \$364 million of investments in certain auction rate securities (ARS). WHC holds \$327 million of HLTH's current amount of cash, cash equivalents and marketable securities, including \$169 million of HLTH's consolidated ARS investments. The types of ARS investments that HLTH owns are backed by student loans, 97% of which are guaranteed under the Federal Family Education Loan Program (FFELP), and all had credit ratings of AAA or Aaa when purchased. HLTH and its subsidiaries do not own any other type of ARS investments.

The interest rates on these ARS are reset every 28 days by an auction process. Historically, these types of ARS investments have been highly liquid. Last week, auctions for ARS investments backed by student loans failed, including auctions for the ARS investments held by HLTH. The result of a failed auction is that these ARS continue to pay interest in accordance with their terms until the next successful auction; however, liquidity will be limited until there is a successful auction or until such time as other markets for these ARS investments develop. HLTH believes that the underlying credit quality of the assets backing its ARS investments have not been impacted by the reduced liquidity of these ARS investments. As a result of these recent events, HLTH is in the process of evaluating the extent of any impairment in its ARS investments resulting from the current lack of liquidity; however, HLTH is not yet able to quantify the amount of any impairment. HLTH believes that any lack of liquidity relating to its ARS investments will not have an impact on its ability to fund its operations.
