PROXY STATEMENT
FOR THE
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD JUNE 9, 2003

GENERAL SOLICITATION AND VOTING INFORMATION

PROXY SOLICITATION

This Proxy Statement is furnished to the holders of Common Stock, par value \$.01 per share (the "Common Stock"), of Metretek Technologies, Inc., a Delaware corporation (the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of Stockholders of the Company to be held at The Warwick Hotel, 1776 Grant Street, Denver, Colorado, on Monday, June 9, 2003 at 9:00 a.m., local time, and at any adjournments or postponements thereof (the "Annual Meeting"), for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This Proxy Statement, the accompanying proxy card and the Notice of Annual Meeting of Stockholders are being first mailed to stockholders on or about May 6, 2003.

The solicitation of proxies will initially be made by mail and may thereafter be made in person or by mail, telephone, facsimile, electronic communication or other means of communication by the directors, officers and regular employees of the Company for no additional or special compensation. In addition, brokerage houses, banks, nominees, trustees, custodians and other fiduciaries will be requested by the Company to forward proxy solicitation materials for shares of Common Stock held of record by them to the beneficial owners of such shares, and such fiduciaries will, upon request, be reimbursed by the Company for their reasonable out-of-pocket expenses incurred in connection therewith. The cost of the solicitation of proxies for use at the Annual Meeting will be borne by the Company.

VOTING RIGHTS AND PROCEDURES

Only holders of record of the Company's Common Stock as of the close of business on April 29, 2003 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. As of the close of business on the Record Date, 6,043,469 shares of Common Stock of the Company were issued and outstanding. Each share of Common Stock outstanding on the Record Date entitles the holder thereof to one vote on each matter to be voted upon at the Annual Meeting. The presence, in person or by proxy, at the Annual Meeting of the holders of a

Edgar Filing: METRETEK TECHNOLOGIES INC - Form DEF 14A

majority of the shares of Common Stock outstanding as of the Record Date is necessary to constitute a quorum for the transaction of business at the Annual Meeting.

The director will be elected by a plurality of the votes cast by the holders of shares of Common Stock present, in person or by proxy, and entitled to vote at the Annual Meeting. The affirmative vote of the holders of a majority of the shares of Common Stock present, in person or by proxy, and entitled to vote at the Annual Meeting is required to ratify the appointment of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending December 31, 2003 (the "Auditors Proposal").

Abstentions and "broker non-votes" (shares held of record by brokers or nominees which are not voted on a particular matter because the broker or nominee has not received voting instructions from the beneficial owner of such shares and does not have discretionary voting power with respect to that matter) will be treated as present for purposes of determining the presence of a quorum for the transaction of business at the Annual Meeting. Abstentions on a matter will be treated as present on such matter and, accordingly, (i) will have no effect on the outcome of the election of director, and (ii) will have the same effect as votes against the Auditors Proposal. Broker non-votes on a matter will not be treated as present on such matter and, accordingly, will have no effect on the outcome of the election of director or the Auditors Proposal.

If a proxy card is properly signed and returned to the Company at or prior to the Annual Meeting, unless subsequently properly revoked, the shares represented by that proxy card will be voted at the Annual Meeting in accordance with the instructions specified thereon. If a proxy card is properly signed and returned to the Company at or prior to the Annual Meeting without voting instructions, it will be voted, (i) FOR the election as a director of the person named herein as the nominee, and (ii) FOR the Auditors Proposal. If any other matters are properly presented at the Annual Meeting or any adjournments or postponements thereof, the persons appointed as proxies in the proxy card will have the discretionary authority to vote or act thereon in accordance with their best judgment.

Any stockholder may revoke a proxy at any time before it is exercised, by delivering to the Secretary of the Company a written notice of revocation, by delivering a properly signed proxy bearing a later date, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not in and of itself constitute the revocation of a proxy.

PROPOSAL NO. 1

ELECTION OF DIRECTOR

The Board of Directors of the Company currently consists of five members divided into three classes, designated Class I, Class II and Class III, with members of each class serving staggered three year terms. Of the five members of the Board of Directors, four members are elected by the holders of the Company's Common Stock and one member is designated or elected by the holders of the Company's Series B Preferred Stock, par value \$.01 per share (the "Series B Preferred Stock"). The holders of Series B Preferred Stock, voting separately as a class, are entitled to designate and elect one director of the Company to serve so long as at least 2,000 shares of Series B Preferred Stock remain outstanding. In April 2003, the holders of the Series B Preferred Stock re-elected Kevin P. Collins as their designee to serve on the Board of Directors. Mr. Collins will continue to serve as a director at the pleasure of the holders of the Series B Preferred Stock.

The term of the sole Class III director expires at the Annual Meeting. One Class III director is to be elected at the Annual Meeting, to serve for a term of three years and until his successor is duly elected and qualified. The Board of Directors has nominated Anthony D. Pell to be re-elected as the Class III director. All other directors will continue in office until the expiration of their respective terms, as indicated below, and until their respective successors are duly elected and qualified.

The Class III director will be elected by a plurality of the votes cast by the holders of shares of Common Stock present, in person or by proxy, and entitled to vote at the Annual Meeting. If properly signed and returned to the Company at or prior to the Annual Meeting, the accompanying proxy card will be voted for the election of the nominee listed below, unless contrary instructions are specified. Although the Board of Directors has no reason to believe that the nominee listed below will decline or be unable to serve as a director, should that occur, the persons appointed as proxies in the accompanying proxy card intend to vote, unless the number of nominees or directors is reduced by the Board of Directors, for such other nominee as the Board of Directors may designate.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ELECTION AS DIRECTOR OF THE PERSON LISTED BELOW AS "NOMINEE". PROXY CARDS SIGNED AND TIMELY RETURNED TO THE COMPANY WILL BE SO VOTED, UNLESS CONTRARY INSTRUCTIONS ARE SPECIFIED THEREON.

The Board of Directors has a standing Audit Committee and Compensation Committee, but no standing nominating committee. The functions customarily attributable to a nominating committee are performed by the Board of Directors.

Audit Committee. The Audit Committee consists of Messrs. Pell, Briggs and Collins. Because the Company's Common Stock currently trades on the OTC Bulletin Board, the Company is not subject to the listing requirements of the Nasdaq Stock Market, including its requirements governing audit committees. The Audit Committee formally met three times during 2002, and also met informally several other times. In addition, the Chairman of the Audit Committee met with the independent auditors on a quarterly basis to discuss quarterly results. Commencing in 2003, the Audit Committee will meet with the independent auditors on a quarterly basis to discuss quarterly results, and the Audit Committee or its designated member will review the related quarterly earnings releases.

The function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight and monitoring responsibilities relating to the quality and integrity of the Company's financial statements and the Company's accounting, auditing and financial reporting functions. EMPLOYMENT AGREEMENTS, CHANGE IN CONTROL ARRANGEMENTS AND OTHER COMPENSATION ARRANGEMENTS

In December 1991, the Company entered into employment agreements, which have been amended several times, with W. Phillip Marcum, the Chairman of the Board, President and Chief Executive Officer of the Company, and A. Bradley Gabbard, the Executive Vice President and Chief Financial Officer of the Company. Under the most recent amendments to these employment agreements, the employment terms of Messrs. Marcum and Gabbard were extended and renewed until December 31, 2003, with automatic additional one-year renewal periods when the terms expire, unless either the Company or the officer gives six months prior written notice of termination.

The base salaries under these employment agreements, which are subject to annual upward adjustments at the discretion of the Board of Directors, are currently set at \$295,000 for Mr. Marcum and \$175,000 for Mr. Gabbard. In addition to the base annual compensation, the employment agreements provide, among other things, for standard benefits commensurate with the management levels involved. The employment agreements also provide for the Company to establish an incentive compensation fund, to be administered by the Company's Compensation Committee, to provide for incentive compensation to be paid to each officer or employee (including Messrs. Marcum and Gabbard) deemed by the Compensation Committee to have made a substantial contribution to the Company in the event of a change of control of the Company or of the sale of substantially all of the assets of the Company or similar transactions. The total amount of incentive compensation from the fund available for distribution will be determined by a formula based on the amount by which the fair market value per share of the Common Stock exceeds \$10.08, multiplied by a factor ranging from 10-20% depending upon the ratio of the fair market value to \$10.08. In the case of the sale of a significant subsidiary or substantially all of the assets of a significant subsidiary, a similar pro rata distribution is required. As amended,

Edgar Filing: METRETEK TECHNOLOGIES INC - Form DEF 14A

the employment agreements with Messrs. Marcum and Gabbard provide that if the employment period expires without being renewed, then the executive is entitled to receive a lump-sum severance payment equal to 12 months, for Mr. Marcum, and six months, for Mr. Gabbard, of his then base salary, and continued participation in all insurance plans of the Company for such additional period. The employment agreements also contain certain restrictions on each executive's ability to compete, use of confidential information and use of inventions and other intellectual property.

As amended, the employment agreements with Messrs. Marcum and Gabbard also include "change in control" provisions designed to provide for continuity of management in the event of a change in control of the Company. The agreements provide that if within three years after a change in control, the executive is terminated by the Company for any reason other than for "cause", or if the executive terminates his employment for "good reason" (as such terms are defined in the employment agreements), then the executive is entitled to receive a lump-sum severance payment equal to two times, for Mr. Marcum, and one times, for Mr. Gabbard, the amount of his then annual base salary, together with certain other payments and benefits, including continued participation in all insurance plans of the Company for a period of two years for Mr. Marcum and one year for Mr. Gabbard. Under these employment agreements, a "change in control" will be deemed to have occurred only if: (i) any person or group becomes the beneficial owner of 50% or more of the Company's Common Stock, (ii) a majority of the Company's present directors are replaced, unless the election of any new director is approved by a two-thirds vote of the current (or properly approved successor) directors, (iii) the Company approves a merger, consolidation, reorganization or combination, other than one in which the voting securities of the Company outstanding immediately prior thereto continue to represent more than 50% of the total voting power of the Company or of the surviving corporation following such a transaction and the directors of the Company prior to the transaction continue to represent a majority of the directors of the Company or of the surviving corporation following such transaction, or (iv) the Company approves a sale of all or substantially all of its assets.

STOCK OPTION GRANTS

The Company did not grant any stock options or stock appreciation rights, alone or in tandem with stock options, in fiscal 2002 to the Named Executive Officers.

STOCK OPTION EXERCISES AND VALUES

The following table sets forth information with respect to stock options exercised by the Named Executive Officers during fiscal 2002 and stock options held by the Named Executive Officers on December 31, 2002. The Named Executive Officers did not exercise any stock options during fiscal 2002.

- (1) For purposes of this table, the "Value of Unexercised In-the-Money Options" is calculated based upon the difference between \$0.26, the closing sale price of the Common Stock on December 31, 2002, as reported on the OTC Bulletin Board, and the option exercise price. An option is "in-the-money" if the fair market value of the underlying shares of Common Stock exceeds the exercise price of the option. Because the exercise price of all options in this table exceeded \$0.26, none of the options were "in-the-money" on December 31, 2002.

DIRECTOR COMPENSATION

Directors who are also officers or employees of the Company or any of its subsidiaries do not receive any additional compensation for serving on the Board of Directors or its committees. All directors are reimbursed for their out-of-pocket costs of attending meetings of the Board of Directors and its committees. Directors who are not also officers or employees of the Company or any of its subsidiaries ("Non-Employee Directors") currently receive an annual retainer of \$5,000 plus a fee of \$1,000 for each meeting of the Board of Directors attended in person and a fee of \$500 for each meeting attended telephonically. Non-Employee Directors also receive stock options under an annual formula ("Annual Director Options"). Until June 1998, these Annual Director Options were granted under the Company's Directors' Stock Option Plan (the "Directors' Plan"). Since June 1998, these Annual Director Options have been granted under the Company's 1998 Stock Incentive Plan (the "1998 Plan"). Under the formula for these Annual Director Options, each person who is first elected or appointed to serve as a Non-Employee Director is automatically granted an option to purchase 5,000 shares of Common Stock. On the date of the annual meeting of stockholders each year, each Non-Employee Director automatically granted an Annual Director Option to purchase 2,500 shares of Common Stock, unless he was first elected within six months of that date. All Annual Director Options vest and become exercisable immediately upon grant. Additional non-formula options can be granted to Non-Employee Directors under the 1998 Plan in the discretion of the Board of Directors.

All Annual Director Options granted to Non-Employee Directors are non-qualified stock options exercisable at a price equal to the fair market value of the Common Stock on the date of grant and have ten year terms, subject to earlier termination in the event of the termination of the optionee's status as a director or the optionee's death. Annual Director Options typically remain exercisable for one year after a Non-Employee Director dies and for that number of years after a Non-Employee Director leaves the Board of Directors (for any reason other than death or removal for cause) equal to the number of full or partial years that the Non-Employee Director served as a director, but not beyond the ten year term of the option. Any other option granted to a director may contain different terms at the discretion of the Board of Directors.

As of December 31, 2002, options to purchase 328,468 shares of Common Stock were outstanding to our current Non-Employee Directors under the 1998 Plan, at exercise prices ranging from \$0.48 to \$17.38 per share.

Any material transaction between the Company and any related party must be approved by a majority of the members of the Board of Directors who are disinterested in the transaction.

AUDITORS PROPOSAL

The Audit Committee of the Board of Directors of the Company has appointed Deloitte & Touche LLP to serve as the Company's independent auditors for the fiscal year ending December 31, 2003. Deloitte & Touche LLP has served as the Company's independent auditors since 1991, the Company's first fiscal year. Services provided to the Company by Deloitte & Touche LLP during fiscal 2002 included the audit of the Company's annual financial statements, the review of the Company's unaudited quarterly financial statements, and the issuance of a preferability letter related to a change in accounting principles. A representative of Deloitte & Touche LLP is expected to be present at the Annual Meeting, will have the opportunity to make a statement if he desires to do so, and is expected to be available to respond to appropriate questions.

Stockholder ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors is not required by the Company's By-Laws or any other applicable legal requirement. However, the Audit Committee is submitting the appointment of Deloitte & Touche LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, then the Audit Committee will reconsider the appointment. Even if the appointment is ratified by the stockholders, the Audit Committee may, in its discretion, appoint different independent auditors for the fiscal year ending December 31, 2003 at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

The following table sets forth the aggregate fees billed by Deloitte & Touche LLP to the Company for the following professional services rendered for fiscal 2002:

- (2) Represents the aggregate fees billed for issuing a preferability letter related to a change in accounting principles.

VOTE REQUIRED

The affirmative vote of the holders of a majority of the shares of Common Stock present, in person or by proxy, and entitled to vote at the Annual Meeting is required to ratify the appointment by the Audit Committee of the Board of Directors of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending December 31, 2003.

THE AUDIT COMMITTEE AND THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2003. PROXY CARDS SIGNED AND TIMELY RETURNED TO THE COMPANY WILL BE SO VOTED, UNLESS CONTRARY INSTRUCTIONS ARE SPECIFIED THEREON.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors of the Company consists of three members of the Board of Directors. Because the Company's Common Stock currently trades on the OTC Bulletin Board, the Company is not subject to the listing requirements of the Nasdaq Stock Market, including those governing audit committees. Nonetheless, members of the Audit Committee meet the structure and membership requirements, including the definition of independent directors, of the current listing standards of the Nasdaq Stock Market. The Audit Committee operates under a formal written charter, which was amended and restated by the Board of Directors on March 21, 2003. The Audit Committee reviews and assesses the adequacy of its charter on an annual basis.

The Company's management is responsible for the preparation, presentation and integrity of the Company's financial statements and the integrity of the Company's accounting and financial reporting processes, including its system of internal controls, the audit process, and the process for monitoring compliance with laws and regulations and ethical business standards. The Company's independent auditors are responsible for performing an independent audit of the Company's consolidated annual financial statements in accordance with generally accepted auditing standards, and issuing a report thereon. The responsibility of the Audit Committee is to assist the Board of Directors to fulfill its responsibilities to monitor and oversee these processes. Additionally, among other matters, the Audit Committee is responsible for the selection and engagement terms of the independent auditors and the

Edgar Filing: METRETEK TECHNOLOGIES INC - Form DEF 14A

approval of the nature and scope of and the fee arrangements for audit and permitted non-audit services by the independent auditors.

In discharging its oversight responsibilities as to the audit process, the Audit Committee has reviewed, and has met and held discussions with management and the independent auditors regarding, the Company's audited consolidated financial statements for the fiscal year ended December 31, 2002. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Accounting Standards No. 61, "Communication with Audit Committees," as modified or supplemented. The Audit Committee has met with the independent auditors, with and without management present, to discuss and review the results of their examination of the Company's financial statements and their evaluation of the Company's internal controls. The Audit Committee has also considered and discussed with management and the independent auditors other areas of oversight relating to the financial reporting and audit process that the Audit Committee determined appropriate.

In addition, the Audit Committee has received from the independent auditors the written disclosures and the letter required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," as modified or supplemented. The Audit Committee has discussed with the independent auditors their independence from the Company and its management and has considered whether the provision by Deloitte & Touche LLP of non-audit services in 2002 was compatible with maintaining the auditors' independence, and has concluded that the provision of such services was compatible with such independence.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements of the Company be included in the Company's Annual Report on Form 10-KSB for the fiscal year ended December 31, 2002 for filing with the Securities and Exchange Commission.

The members of the Audit Committee are not professional accountants or auditors, and as specified in its charter it is not the duty of the Audit Committee to prepare financial statements, to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles. These are the responsibilities of the Company's management and independent auditors. In discharging its duties, the Audit Committee has relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in accordance with generally accepted accounting principles, and (ii) the report of the Company's independent auditors with respect to such financial statements.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act ("Section 16(a)") requires the Company's directors and executive officers, and beneficial owners of more than 10% of the outstanding Common Stock, to file with the SEC initial reports of ownership on Form 3 and reports of changes in ownership on Form 4 or Form 5, and to furnish the Company with copies of all such reports that they file. Based solely upon its review of the copies of such forms received by the Company, the Company believes that, during 2002, all reports required by Section 16(a) to be filed by such persons were timely filed, except for one Form 4 covering three transactions by Mr. Pell that was inadvertently filed late.

STOCKHOLDER PROPOSALS

Stockholders of the Company may submit proper proposals for consideration at the Company's annual meetings of stockholders by submitting their proposals in writing to the Company in a timely manner and otherwise in compliance with federal and state laws and regulations and the Company's By-Laws. The timely submission of a stockholder proposal does not guarantee that it will be included in the Company's proxy materials for the 2004 annual meeting.

In addition, the Company's By-Laws establish an advance notice procedure that stockholders must follow in order to nominate directors or to bring other business before an annual meeting of stockholders without complying with Rule 14a-8. These advance notice procedures require that, among other things, notice of a director nomination or other business must be submitted in writing to the Secretary of the Company not less than 45 days nor more than 150 days prior to the anniversary of the date on which the Company first mailed its proxy materials for the prior annual meeting, unless the date of the annual meeting is changed by more than 30 days from the anniversary of the date of the prior annual meeting. For director nominations or other business to be properly brought before the 2004 annual meeting, a stockholder must deliver written notice to the Secretary of the Company no sooner than December 8, 2003 and no later than March 22, 2004; provided, however, that if the date of the 2004 annual meeting is changed by more than 30 days from the date of the 2003 annual meeting, notice must be received not later than the later of 75 days before the date of the 2004 annual meeting or 10 days following the date on which public announcement of the date of the 2004 annual meeting is first made. The notice must contain the information specified in the By-Laws concerning the matters to be brought before such annual meeting and concerning the stockholder proposing such matters, including the name, address, number of shares beneficially owned and any material interest of the stockholder making the proposal. Notice of a director nomination must include information on various matters regarding the nominee, including the nominee's name, age, business and residence addresses, principal occupation and security holdings and any arrangements between the stockholder and the nominee. Notice of other business must include a description of the proposed business, the reasons therefor and other specified matters. A copy of the relevant provisions of the Company's By-Laws may be obtained by a stockholder, without charge, upon written request to the Secretary of the Company.

Edgar Filing: METRETEK TECHNOLOGIES INC - Form DEF 14A

All notices of proposals by stockholders, whether or not to be included in the Company's proxy materials, must be sent to Metrotek Technologies, Inc., 303 East 17th Avenue, Suite 660, Denver, Colorado 80203, attention: Secretary. Any stockholder proposal must also comply with all other applicable provisions of the Company's Second Restated Certificate of Incorporation and By-Laws, the Exchange Act (including the rules and regulations thereunder), and Delaware law. The Chairman of the meeting may exclude any stockholder proposal that is not in compliance with the foregoing requirements. If the Chairman does not exclude the proposal, then the persons appointed as proxies in the proxy card solicited by the Board of Directors of the Company for the 2004 annual meeting may exercise discretionary voting authority to vote in accordance with their best judgment on any such proposal submitted outside of Rule 14a-8.

13

OTHER MATTERS

As of the date of this Proxy Statement, the Board of Directors knows of no other matters to be presented at the Annual Meeting. I. PURPOSE

Edgar Filing: METRETEK TECHNOLOGIES INC - Form DEF 14A

their qualifications and independence; (iii) the Corporation's system of internal controls regarding finance and accounting; (iv) the Corporation's auditing, accounting and financial reporting process generally; and (v) compliance with legal and regulatory requirements. Each member of the Committee (i) shall be free from any relationship that, in the opinion of the Board, may interfere with the exercise of his or her independent judgment as a member of the Committee or independence from management and the Corporation, and (ii) must be able to read and understand fundamental financial statements, or become able to so within a reasonable period of time after his or her appointment to the Committee. At least one member of the Committee shall, in the judgment of the Board, be an "audit committee financial expert," as such term is defined by the Applicable Requirements, and at least one member of the Committee (who may also serve as the audit committee financial expert) shall, in the judgment of the Board, have accounting or related financial management expertise or sophistication as is required by Applicable Requirements.

The members of the Committee shall be elected or appointed by the Board and shall serve at the pleasure of the Board or until their respective successors are duly elected or appointed, or until their earlier death, resignation or removal. Unless a Chairman of the Committee is elected or appointed by the Board, the members of the Committee may designate a Chairman of the Committee by majority vote of the members of the Committee.

III. MEETINGS

The Committee shall meet as often as it deems necessary or appropriate, but not less frequently than quarterly. The Committee shall meet periodically with management, the internal accountants and the independent auditors in separate executive sessions to discuss any matters that the Committee or any of these groups believe should be discussed privately. The Committee shall meet quarterly with the independent auditors and management to review the Corporation's quarterly financial statements, and the matters required to be discussed by Statement of Auditing Standards ("SAS") No. 61, prior to the filing of the Quarterly Report on Form 10-Q or prior to the release of earnings reports.

Edgar Filing: METRETEK TECHNOLOGIES INC - Form DEF 14A

The Committee shall report to the Board with respect to its meetings.
