ITEM 5. OTHER EVENTS AND REQUIRED FD DISCLOSURE.

On July 8, 2003, Roadway Corporation ("Roadway") announced the signing of a definitive agreement under which Yellow Corporation ("Yellow") will acquire Roadway for approximately \$966 million, or \$48 per share (based on a fixed

Edgar Filing: ROADWAY CORP - Form 8-K

exchange ratio and a 60-day average price per share of \$24.95 for Yellow common stock in a half cash, half stock transaction). Roadway will merge with and into a wholly owned subsidiary of Yellow. By virtue of the merger, the surviving company will remain obligated with respect to approximately \$140 million of Roadway indebtedness.

In general, upon the closing of the acquisition, each share of Roadway stock will be converted into 1.924 shares of Yellow common stock. However, a Roadway stockholder may elect to receive \$48 in cash in lieu of Yellow stock for each share of the stockholder's stock. Notwithstanding the individual elections of the Roadway stockholders, no more than 50% of the Roadway shares may be converted into cash. If more than 50% of the Roadway shares elect to receive cash, those stockholders that so elect will receive proportionately less cash and more stock such that 50% of the shares outstanding will receive cash, and 50% will receive stock. If fewer than 50% of the shares elect to receive cash, the shares that did not elect to receive cash will receive proportionately less Yellow stock and more cash such that 50% of the Roadway shares outstanding will receive cash and 50% will receive stock. As a result of these elections and adjustments, the aggregate consideration in the acquisition will consist of approximately 50% cash and 50% Yellow common stock. Assuming all stockholders elect to receive 50% cash and 50% Yellow common stock, each stockholder will receive \$24 per share in cash and 0.962 shares (or one half of the exchange ratio) of Yellow common stock for each Roadway share, subject to any adjustment in the exchange ratio described below.

The exchange ratio of 1.924 shares will be subject to further adjustment based upon the 20-trading day average per share closing price of Yellow common stock as of the date five trading days before closing. If the average price is less than \$21.21, the exchange ratio shall be the quotient of \$40.81 and the average price, or if the average price is greater than \$28.69, then the exchange ratio shall be the quotient of \$55.20 and the average price. If the average price of Yellow common stock is less than \$16.63, Yellow may elect not to consummate the acquisition.

The transaction is subject to the approval of the stockholders of both companies, the successful completion of the financing of the cash portion of the purchase price as well as the refinancing of certain existing debt facilities of both companies and customary regulatory approvals including the expiration or termination of the waiting period pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended. Subject to the successful completion of these events, the transaction is expected to close in the fourth quarter of 2003.

The foregoing is qualified by reference to Exhibits 2.1 and 99.1 to this Current Report on Form 8-K, which are incorporated herein by reference.
