ELECTION OF DIRECTORS

The Board of Directors proposes the reelection of the following persons to terms that will expire in 2008:

Name	Age	Position(s) held	Director since
-----	---	-----	-----
Larry A. Caldwell	68	Chairman of the Board	1970
Carson K. Miller	59	Director	2002
Samuel W. Speck	68	Director	1991
Jeffrey T. Tucker	47	Director	1987

LARRY A. CALDWELL is the Chairman of the Board of Directors of Camco, a position he has held since January 1996. Mr. Caldwell was the Chief Executive Officer of Camco from Camco's organization in 1970 until January 1, 2001. Mr. Caldwell is the father of David S. Caldwell.

1

CARSON K. MILLER is the owner of Marietta Rare Coins & Collectibles, an internet-based business. Mr. Miller retired in 2002 as the President of Washington State Community College in Marietta, Ohio, a position he had held since 1985.

SAMUEL W. SPECK is the director of the Ohio Department of Natural Resources, a position he has held since 1999. Prior to joining the cabinet of the Governor of Ohio, Dr. Speck served as President of Muskingum College, New Concord, Ohio from 1986 to 1999.

JEFFREY T. TUCKER is a Certified Public Accountant and a partner in the accounting firm of Tucker & Tucker, Cambridge, Ohio, a position he has held since 1984.

Under Delaware law and Camco's Bylaws, the four nominees receiving the

Edgar Filing: CAMCO FINANCIAL CORP - Form DEF 14A

greatest number of votes will be elected as directors. Abstentions, shares not voted by brokers and votes withheld are not counted toward the election of directors.

In accordance with Section 3.13 of the Bylaws, nominees for election as directors may be proposed only by the directors or by a stockholder. Camco's Corporate Governance and Nominating Committee recommended to Camco's Board of Directors this year's director nominees. The Corporate Governance and Nominating Committee believes that candidates for director should have certain minimum qualifications, including being able to read and understand basic financial statements, having business experience, exhibiting high moral character and owning at least 100 shares of Camco stock. However, the Committee retains the right to modify these minimum qualifications from time to time. The Committee has a general process for choosing nominees, which process considers both incumbent directors and new candidates. In evaluating an incumbent director whose term of office is set to expire, the Committee reviews such director's overall service to Camco during his or her term, including the number of meetings attended, level of participation, quality of performance and any transactions of such director with Camco during his or her term. If the Committee chooses to evaluate new director candidates, the Committee uses its network of contacts to compile a list of potential candidates. Then, the Committee determines whether such candidates are independent, which determination is based upon applicable securities laws, the rules and regulations of the SEC, the rules of the National Association of Securities Dealers and the advice of counsel, if necessary. Finally, the Committee meets to discuss and consider all candidates' qualifications and then chooses the candidates.

The Corporate Governance and Nominating Committee will consider director candidates recommended by stockholders, provided that the stockholder is entitled to vote for directors and has submitted a written nomination to the Secretary of Camco by the sixtieth day before the first anniversary of the most recent annual meeting of stockholders held for the election of directors. Each written nomination must state the name, age, business and residence address of the nominee, the principal occupation or employment of the nominee, the number of each class of shares of Camco owned either beneficially or of record by each such nominee and the length of time such shares have been so owned. The Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, when evaluating a candidate who was recommended by a stockholder.

Camco has not implemented a formal policy regarding director attendance at the annual meeting of stockholders. Typically, the Board of Directors holds a meeting immediately prior to the annual meeting of stockholders, which results in most directors being able to attend the annual meeting. In 2004, all directors attended the annual meeting of stockholders.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Camco's business consists primarily of the business of Advantage Bank and its subsidiaries and affiliates. The financial results of Camco are primarily a function of Advantage Bank's achievement of its goals as set forth in its business plan. Executives are compensated for their contribution to the achievement of these goals, which benefits the stockholders, customers, employees, and the communities in which Camco operates.

During 2004, Larry A. Caldwell, the Chairman of the Board, received his compensation entirely from Camco. Richard C. Baylor, the President, Chief Executive Officer and Chief Operating Officer, and Mark A. Severson, the Treasurer and Chief Financial Officer, each received 50% of his compensation from Advantage Bank and 50% from Camco. All other executive officers received their compensation from Advantage Bank. Camco's Compensation Committee (the "Committee") recommends to Camco's Board of Directors the executive compensation for senior executive officers. Membership of the Committee is composed exclusively of directors who meet the independence criteria of Nasdaq. The Committee is dedicated to the philosophy of linking executive compensation to the achievement of Advantage Bank's goals and the resulting performance of Camco. The Compensation Committee utilizes the principles and best practices recommended by the National Association of Corporate Directors Blue Ribbon Commission on Director Compensation (Washington, D.C., 2001).

Executive Compensation Process and Philosophy

Each year, the Corporate Governance and Nominating Committee conducts a performance appraisal for the Chairman of the Board, and the Chairman conducts a performance appraisal of the Chief Executive Officer. Performance appraisals for other executive officers are conducted by the Chief Executive Officer. These performance appraisals are reviewed by the Corporate Governance and Nominating Committee and the results are reported to the Compensation Committee and the full Board of Directors. Performance appraisals assess each executive officer's contribution to Camco and Advantage Bank, the skills and experience of each executive officer and the on-going potential of each executive officer.

The Compensation Committee makes recommendations regarding adjustments to compensation for the executive officers, including the Chief Executive Officer, to the Board of Directors based upon the recommendations of the Corporate Governance and Nominating Committee, the performance appraisals, total corporate return performance and independent compensation surveys of officers in banks and other public companies, taking into account comparable asset bases and

Edgar Filing: CAMCO FINANCIAL CORP - Form DEF 14A

geographic locations. The compensation surveys include rankings based on return on average equity, return on average assets, efficiency ratio, asset quality and total return on a company's stock price, among other factors. Compensation data utilized for comparisons is generally annual cash compensation, including base salary, and most forms of cash bonus and annual incentive awards. The Compensation Committee's determinations are presented to the full Board of Directors, but directors who are also executive officers do not participate in discussions regarding their own compensation.

The overall objective of the executive compensation program is to provide competitive levels of compensation that will attract and retain qualified executives and will reward individual performance, initiative and achievement, while enhancing overall corporate performance and stockholder value. The program is designed to align senior management compensation with the goals of the Camco business plan by creating strong incentives to manage business successfully from both a financial and operating perspective. The executive compensation program is structured to accomplish the following specific objectives:

8

- 1) Align the interests of management with the interests of the stockholders;
- 2) Clearly motivate management to perform and succeed according to the goals outlined in the business plan;
- 3) Retain key personnel critical to Camco's long-term success;
- 4) Emphasize formula-based components, such as incentive plans, in order to better focus management efforts in its execution of the business plan;
- 5) Maintain pay for performance as an integral component of the program by utilizing incentive plans that emphasize corporate success;
- 6) Maintain a corporate environment which encourages stability and a long-term focus for both Camco and its management; and
- 7) Ensure that management: (a) fulfills its overall responsibility to its constituents, including stockholders, customers, employees, the community and government regulatory agencies; (b) conforms its business conduct to the highest ethical standards; (c) remains free from any influences that could impair or appear to impair the objectivity and impartiality of its judgement or treatment of Camco's constituents; and (d) continues to avoid any conflict between its responsibilities to Camco and each individual's personal interests.

Components of the Executive Compensation Program

The program's compensation elements include cash compensation, including base salary and an incentive-based bonus plan, and stock-based compensation. The incentive plans have been designed to reflect corporate performance, individual performance, and alignment with the interests of Camco's stockholders. Superior corporate or individual performance should result in compensation which, when combined with incentives, would place overall compensation at or above that of the peer group median.

Base salary forms the foundation of the compensation program as it represents income not at risk. The Committee believes that base salary should function as an anchor: large enough that the executive is comfortable remaining

Edgar Filing: CAMCO FINANCIAL CORP - Form DEF 14A

in Camco's employ, but not so large as to conflict with the executive's motivation to work diligently to increase stockholder value. An individual's base salary is directly related to his or her position, job responsibilities, accountability, performance and contribution to Camco and its subsidiaries.

Camco maintains both a short-term cash bonus plan and a long-term stock-based incentive plan. Bonus and incentive plan awards for the Named Executive Officers are based on the achievement of corporate performance objectives which are established annually by Camco's Compensation Committee at the beginning of each year. For 2004, the performance objectives included four primary elements, consisting of return on average tangible equity, earnings per share growth, efficiency ratio improvement and net interest margin growth, which accounted for 60% of the total performance measurement. Secondary objectives, which accounted for 40% of the performance measurement, included deposit growth, loan volume and non-interest income growth.

The performance objectives were modified for 2005. In 2005, the performance objectives consist of objectives for: net income growth and its related effect upon earnings per share; stock price appreciation; non-interest income; net interest margin growth; efficiency ratio; deposit growth, emphasizing checking account growth; and loan growth, emphasizing commercial and consumer loan

9

growth. The individual objectives are then weighted as to value each year, with net income generally having the highest weighting, demonstrating earnings per share as one of the most important goals for management and the Board.

For 2005, the cash bonus amounts range from 0% to 50% of the Chief Executive Officer's base salary and 0% to 30% of other executive officers' base salaries, subject to the percentage of performance measurements achieved. For 2004, the cash bonus amounts ranged from 0% to 25% of all executive officers' base salaries. Additional discretionary bonus amounts may also be awarded under the cash bonus plan in recognition of other achievements, such as merger and acquisition activities, which are not part of the established performance objectives.

The long-term incentive plan provides for the award of stock options of varying levels for each of the Named Executive Officers, ranging in amount from 0% to a maximum of between 100% and 200% of the officer's base salary, subject to the percentage of performance measurements achieved. Options are issued at market prices, have a term of ten years, and typically vest at a rate of 20% each year beginning on the grant date, except that beginning in 2005 the Chief Executive Officer's options will vest immediately. This element of the executive compensation program is designed to align the interests of the executive with corporate stockholder objectives since the price performance of Camco's common stock directly affects the value of these long-term awards.

Determination of CEO's Compensation

The Committee determined the compensation for Mr. Baylor for 2004 pursuant to the policies described above for executive officers. Additional factors considered included merger and acquisition activities, continued updating and implementation of Camco's strategic plan and subsidiary oversight and progress. The Committee increased Mr. Baylor's base compensation by \$12,456, or 5.2%, bringing his base salary to \$250,000 for 2005. Camco achieved 37.37% of the performance targets established by the Committee for 2004. Based on that level of achievement, Mr. Baylor was awarded a cash bonus of \$22,191 and options for a number of Camco shares having a market value on the date of grant of \$260,066.

EMPLOYMENT AGREEMENTS

Camco has an employment agreement with Richard C. Baylor for a term ending January 31, 2008. The agreement provides for a base salary of not less than \$250,000 and a performance review by the Chairman of the Board not less often than annually, at which time the Board of Directors may extend the term of the agreement. The agreement also provides for the inclusion of Mr. Baylor in any formally established employee benefit, bonus, pension and profit-sharing plans for which senior management personnel are eligible and provides for vacation and sick leave.

Mr. Baylor's employment is terminable by Camco at any time. In the event of termination by Camco other than for just cause or in connection with a "change of control," as defined in the agreement, Mr. Baylor will be entitled to (i) a continuation of salary payments for the remainder of the term of his agreement and (ii) a continuation of health, life and disability insurance benefits substantially equal to those being provided at the date of termination of employment until the earliest to occur of the end of the term of the agreement or the date Mr. Baylor becomes employed full-time by another employer.

The agreement also contains provisions with respect to the occurrence within one year after a "change of control" of (1) the termination of Mr. Baylor's employment for any reason other than just cause, (2) a change in the

Edgar Filing: CAMCO FINANCIAL CORP - Form DEF 14A

capacity or circumstances in which Mr. Baylor is employed or (3) a material reduction in Mr. Baylor's responsibilities, authority, compensation or other benefits provided under the agreement without the written consent of Mr. Baylor. In the event of any such occurrence, Mr. Baylor will be entitled to payment of an amount equal to three times his average annual compensation for the three taxable years immediately preceding the termination of employment. In addition, Mr. Baylor is entitled to continued coverage under all health, life and disability benefit plans until the earlier of the end of the term of the agreement or the date on which Mr. Baylor is included in another employer's benefit plans as a full-time employee. The maximum which Mr. Baylor may receive, however, is limited to an amount which will not result in the imposition of a penalty tax pursuant to Section 280G(b)(3) of the Internal Revenue Code.

Camco also has an employment agreement with Larry A. Caldwell for a one-year term commencing November 9, 2004. The agreement provides for a base salary of \$125,000 and provides for the inclusion of Mr. Caldwell in any tax-qualified employee benefit, pension and profit-sharing plans for which senior management personnel are eligible. The agreement is terminable by Camco at any time. In the event of termination by Camco other than for just cause or in connection with a "change of control," as defined in the agreement, Mr. Caldwell will be entitled to a continuation of salary payments for the remainder of the term of his agreement. In the event of the voluntary or involuntary termination of Mr. Caldwell's employment for any reason other than just cause within one year after a "change of control", Mr. Caldwell would receive a change of control payment of \$250,000.

CHANGE OF CONTROL AGREEMENTS

Camco has change of control agreements with D. Edward Rugg, Mark A. Severson, David S. Caldwell and Edward A. Wright. Each agreement is for a term of one year and provides for annual performance reviews by the Board of Directors, at which time the Board of Directors may extend the agreement for an additional one-year period.

Each agreement provides that if the officer is terminated by Camco or its successors for any reason other than just cause, within six months prior to a change of control, as defined in the agreement, or within one year after a change of control, Camco will pay (1) the officer an amount equal to two times the amount of his annual salary and (2) the premiums required to maintain coverage under the health insurance plan in which the officer is a participant immediately prior to the change of control until the

12

earlier of (i) the first anniversary of his termination or (ii) the date the officer is included in another employer's benefit plans. The officer will also be entitled to the above payments if he voluntarily terminates his employment within twelve months following a change of control if (1) the capacity or circumstances in which the officer is employed are changed; (2) the officer no longer holds his specified office; (3) the officer is required to move his personal residence, or perform his principal executive functions, more than thirty-five miles from his primary office as of the date of the agreement; or (4) Camco otherwise breaches the agreement. The maximum amount that the officer may receive under the agreement is limited to an amount which will not result in the imposition of a penalty tax pursuant to Section 280G(b)(3) of the Code.

SALARY CONTINUATION AGREEMENTS

Advantage Bank has entered into Salary Continuation Agreements with each of Richard C. Baylor, D. Edward Rugg, Mark A. Severson, David S. Caldwell and Edward A. Wright (the "Salary Continuation Agreements"). Each Salary

Edgar Filing: CAMCO FINANCIAL CORP - Form DEF 14A

Continuation Agreement provides for continued monthly compensation to the employee, or his beneficiary, for a period of 15 years following death or the employee's termination of employment for any reason other than Early Termination or Termination for Cause (as defined in the Salary Continuation Agreement). Early Termination is defined in the Salary Continuation Agreements to mean termination of employment before age 65 for reasons other than death, Disability (as defined in the Salary Continuation Agreement), Termination for Cause or following a Change of Control (as defined in the Salary Continuation Agreement).

Upon termination of employment after the employee reaches age 65, each employee will receive the following maximum amounts, divided into 12 monthly payments, annually for 15 years: Mr. Baylor - \$410,100; Mr. Rugg - \$98,300; Mr. Severson - \$197,400; Mr. D. Caldwell - \$140,900; and Mr. Wright - \$50,800. In the event of Early Termination, termination for Disability or upon a Change of Control, the employee will receive monthly payments for a period of 15 years, in an amount equal to the accrual balance, which amount increases annually at a specified rate until it reaches the maximums set forth above. If an employee is terminated upon a Change of Control, the employee may elect to have the present value of the monthly payments made in a single lump sum payment. An employee is not entitled to any payments upon Termination for Cause.

SALARY CONTINUATION PLAN

In connection with the termination of its non-contributory defined benefit pension plan in 1996, Camco implemented a non-qualified retirement plan (the "1996 Salary Continuation Plan") for the benefit of certain executive officers. Mr. Rugg and Mr. Wright are the only Named Executive Officers who participate in this plan. The 1996 Salary Continuation Plan provides for continued compensation to the participant, or his beneficiary, through 180 monthly payments following his retirement at age 65 from Advantage Bank in the following annual amounts: Mr. Rugg- \$20,500 and Mr. Wright- \$15,800. If the participant retires after age 55 or after having completed 15 years of full-time service (the "Early Retirement Date"), and before age 65, the 1996 Salary Continuation Plan provides for a reduced benefit. Upon a change in control of Advantage Bank and the subsequent termination of the participant's employment, he is entitled to a lump sum payment of a reduced amount. If the participant's employment is terminated prior to the Early Retirement Date for any reason other than death, he is not entitled to receive any benefits under the 1996 Salary Continuation Plan.

SPLIT-DOLLAR PLAN

Flexible payment universal life insurance policies, which are carried on the books of Camco as tax-free earning assets, have been purchased on the lives of certain employees, including the Named

13

Executive Officers. Upon the death of any of the Named Executive Officers, a beneficiary named by the employee will receive two times the employee's base salary for the 12 months preceding the month in which the employee dies up to a maximum of \$300,000. The balance of the life insurance proceeds will be payable to Camco or the applicable subsidiary and are expected to be sufficient to cover all investment costs associated with the policy.

EXECUTIVE DEFERRED COMPENSATION AGREEMENTS

Executives may elect to defer annually a stated maximum amount of their salary until a specified date or until they are no longer associated with Camco. The maximum amount of deferral permitted is as follows: \$30,000- Messrs. Baylor, Severson and Rugg; \$25,000- Mr. D. Caldwell; \$12,500- Mr. Wright. Interest is credited on the deferral amounts at an annual rate equal to 75% of Camco's

return on equity rate for the preceding year, not to exceed a return on equity of 20%.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors of Camco is comprised of three directors, all of whom are considered "independent" under Rule 4200(a)(15) of Nasdaq's listing standards. The Audit Committee is responsible for overseeing Camco's accounting functions and controls, as well as selecting an accounting firm to audit Camco's financial statements. The Audit Committee has adopted a charter.

The Audit Committee received and reviewed the report of Grant Thornton, LLP ("Grant Thornton") regarding the results of their audit, as well as the written disclosures and the letter from Grant Thornton required by Independence Standards Board Standard No. 1. The Audit Committee determined that the provision by Grant Thornton of the services included in the table below under "All Other Fees" is compatible with maintaining Grant Thornton's independence. The Audit Committee reviewed the audited financial statements with the management of Camco. A representative of Grant Thornton also discussed with the Audit Committee the independence of Grant Thornton from Camco, as well as the matters required to be discussed by Statement of Auditing Standards 61, as may be amended from time to time. Discussions between the Audit Committee and the representative of Grant Thornton included the following:

- Grant Thornton's responsibilities in accordance with generally accepted auditing standards
- The initial selection of, and whether there were any changes in, significant accounting policies or their application
- Management's judgments and accounting estimates
- Whether there were any significant audit adjustments
- Whether there were any disagreements with management
- Whether there was any consultation with other accountants
- Whether there were any major issues discussed with management prior to Grant Thornton's retention
- Whether Grant Thornton encountered any difficulties in performing the audit
- Grant Thornton's judgments about the quality of Camco's accounting principles
- Grant Thornton's responsibilities for information prepared by management that is included in documents containing audited financial statements

Based on its review of the financial statements and its discussions with management and the representative of Grant Thornton, the Audit Committee did not become aware of any material misstatements or omissions in the financial statements. Accordingly, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2004, to be filed with the SEC.
