Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

Inter-Tel (Delaware), Incorporated and its predecessor Inter-Tel, Incorporated (considered together, the Company), previously disclosed both in an exhibit to its Current Report on Form 8-K filed February 14, 2006 and in its Annual Report on Form 10-K filed March 16, 2006, as amended, the Company s discovery during its year-end close procedures that certain accounting errors had occurred that affected 2005 and prior years. The Company also disclosed in such Form 8-K and Form 10-K filings the decision to restate certain financial statement amounts for all periods presented.

No changes are being made to the Company s restated financial statements as they appear in the Company s Annual Report on Form 10-K, filed March 16, 2006 and no further restatement of the Company s financial statements is anticipated. The purpose of this filing is solely to disclose this previously disclosed restatement in the format required by Item 4.02 of Form 8-K.

Decision to Restate

The audit committee of the Company s board of directors discussed the errors described below with Ernst & Young, LLP, the Company s registered independent public accounting firm, and reached the conclusion on February 13, 2006 that, as a result of such errors, the Company s previous financial statements for (i) the fiscal years ended December 31, 2003 and December 31, 2004, (ii) the nine month period ended September 30, 2005 and (iii) the quarterly periods from January 1, 2004 through September 30, 2005 should be restated. Following such discussion and determination, the Company restated its revenues and related income tax provision for the years ended December 31, 2004 and 2003 and the quarterly periods in 2004 and 2005.

Background and Effect of the Restatement, as previously disclosed in the Annual Report on Form 10-K

During the Company s year-end close procedures, the Company determined that revenues recorded in 2005 and in prior years that related to a portion of the resale of local and long distance and network services billings were inadvertently recorded in advance of the related service period due to an error in determining the proper time periods covered for certain advance billed products. As a result, the Company herein restated its revenues and related income tax provision for the years ended December 31, 2004 and 2003 and the first three quarters of 2005. This adjustment grew in small increments over a number of years and the effect on each of the prior quarterly and annual results was not material. However, the cumulative amount of the quarterly differences was deemed too large to record in only the fourth quarter of 2005, so management elected to restate prior periods to correct this difference. The cumulative effect of the adjustments resulted in a current liability for deferred revenues of approximately \$0.9 million, a decrease in accounts receivable of \$1.3 million and a decrease in revenues of \$2.2 million on a cumulative basis for all periods prior to the beginning of the quarter ended December 31, 2005.

In addition, the Company determined that the tax treatment of certain intangible assets recorded as part of the acquisition of two foreign subsidiaries (one in 2002 and one in 2005) had not been accounted for correctly. The effect was to overstate our income taxes in 2003 by \$240,000, in 2004 by \$236,000 and by \$329,000 for the nine months ended September 30, 2005. The amounts of the adjustments would not have been material to any of the quarterly or annual results of operations previously reported; however, the cumulative amount of \$805,000 was considered too large to record as an adjustment in only the fourth quarter of 2005, so management elected to restate prior periods to correct this difference.

Management has restated previously issued financial statements to reflect these adjustments. The impact on net income from the adjustments is immaterial to the respective restated quarterly and annual results of operations. Based on recalculations of incentive compensation, management and the board of directors do not believe there are any changes in incentive compensation paid to corporate executives for any of the past 3 years.
