BLACK & DECKER STOCK OPTION PLANS

Overview

On March 12, 2010, we acquired Black & Decker. Pursuant to the Merger Agreement, we agreed to assume certain outstanding options to purchase shares of common stock of Black & Decker held by former employees of Black & Decker. Those options were issued by Black & Decker under the Black & Decker 2003 Stock Option Plan, as amended and restated (the “2003 Plan”), and the Black & Decker 1996 Stock Option Plan, as amended and restated (the “1996 Plan” and collectively, the “Plans”). Upon the completion of the merger, those options became exercisable to purchase shares of our common stock, subject to appropriate adjustments to the number of shares and the exercise price of each such option. This prospectus supplement relates to the shares of our common stock that may be issued upon exercise of those assumed options.

This prospectus supplement only discusses the treatment of stock options held by former employees of Black & Decker that were assumed by us under the Merger Agreement.

Introduction

1. How do the Plans work?

Under the Plans, awards may be granted in the form of stock options, stock appreciation rights and limited stock appreciation rights. All outstanding stock options granted by Black & Decker to former employees under the Plans were assumed and converted as part of the merger and are discussed in this prospectus supplement. A committee appointed by the Board of Directors of Black & Decker was authorized to designate executives and other key

employees of Black & Decker and its subsidiaries to receive grants of stock options and to set the terms and conditions of the stock option awards as it deemed appropriate. The terms and conditions for a stock option award are set forth in an award agreement (the "Option Agreement"). The terms and conditions of the Plans are governed by the official Plan documents. In the event of any inconsistency between this prospectus supplement and the official Plan documents or your Option Agreement, the Plan documents or your Option Agreement will control.

S-5

Table of Contents

Following the merger, the Board of Directors of Stanley (the “Board”) or a committee appointed by the Board (the “Committee”) will administer the Plans and the outstanding awards under the Plans.

2. What is the purpose of the Plans?

The purpose of the Plans was to provide stock option holders an opportunity to acquire a proprietary interest in Black & Decker and an incentive to increase the prosperity, growth and earnings of Black & Decker.

3. Does Stanley intend to grant additional awards under the Plans?

No additional awards will be made under either the 2003 Plan or the 1996 Plan.

Basics Of Plan Participation

4. How did the completion of the merger affect my awards?

Upon completion of the merger on March 12, 2010, each outstanding stock option to purchase Black & Decker common stock was assumed and converted pursuant to the Merger Agreement into a stock option to acquire shares of Stanley common stock. The stock option has been adjusted to preserve the value of the award. The number of shares of Stanley common stock underlying each stock option has been determined by multiplying the number of shares of Black & Decker common stock subject to such stock option immediately prior to the completion of the merger by the 1.275 exchange ratio, and rounding down to the nearest whole share. The exercise price per share of each stock option has been determined by dividing the per share exercise price of such stock option by the 1.275 exchange ratio, and rounding up to the nearest whole cent.

Except as set forth in this prospectus supplement, all other terms and conditions of your stock option remain the same as were in effect immediately prior to the completion of the merger.

5. How will a change in our shares of common stock affect my award?

The Committee will proportionately adjust your stock option to reflect any increase or decrease in the number of our issued and outstanding shares of common stock resulting from a change in Stanley’s capital structure or distributions to stockholders (including any stock dividend, recapitalization, stock split, combination, merger, consolidation, exchange, acquisition, reorganization or similar change in the capital structure of Stanley).

Stock Options

6. What is a stock option?

A stock option gives you the right to purchase shares of our common stock at the exercise price.

7. Are there different types of stock options?

No, all of the stock options are nonqualified stock options.

S-6

Table of Contents

8. What are the terms of my stock option?

Black & Decker originally determined the terms of your grant. At the time of grant, you were given an Option Agreement that tells you the original number of shares covered by the stock option, the original exercise price, the expiration date, any conditions to exercise and any other terms or conditions that apply. As discussed in Question 4 above, the number of shares covered by the stock option and the exercise price have been adjusted in connection with the merger.

9. How is the exercise price of my stock option determined?

The exercise price of stock options can be no less than the fair market value of a share (as defined in the Plans) on the date it was granted. As discussed in Question 4 above, the number of shares covered by the stock option and the exercise price have been adjusted in connection with the merger.

10. When can I exercise my stock options?

Your stock options are fully vested and exercisable through the expiration of your grant (see Question 12 below).

11. How do I exercise my stock options?

If you want to exercise your converted stock options, you should contact UBS at 1-800-530-5521.

12. When do my stock options expire?

In the case of holders who had at least 10 years of service at the time of his or her termination of employment and whose age plus years of service exceeded 55, the stock options will expire three years after the holder's date of termination of employment. For all other holders, the stocks options expire 30 days after the holder's date of termination of employment. After the stock option's expiration date, you can no longer exercise your option. In addition, if certain events occur—such as your death or disability—your stock option may expire earlier. The Plans and/or your Option Agreement include this information, which may vary among your stock options. Please read the applicable Plan and/or your Option Agreement carefully so that you understand the effect of various events.

Restrictions On Transfer And Sale

13. Are my awards transferable?

Generally, you cannot sell, transfer, pledge, assign or otherwise alienate or hypothecate your award, other than by will or the laws of descent and distribution or a qualified domestic relations order, depending on the terms of the Plans and/or your Option Agreement. Unless otherwise provided in the Plans and/or your Option Agreement, during your lifetime, only you can exercise the rights associated with a stock option.

S-7

Table of Contents

14. What restrictions might apply to the shares I acquire?

You are not subject to additional restrictions imposed by the Company.

General Plan Information

15. How are the Plans administered now?

The Plans are administered now by our Committee. All questions of interpretation or application of the Plans are determined by the Committee, and its decisions are final.

If you have additional questions about this prospectus supplement or the Plans in general, you should direct your questions to the Corporate Secretary at 860-225-5111.

16. Can the Plans be amended, suspended or discontinued?

Our Board generally may amend, suspend or discontinue the Plans, or any part of the Plans, at any time or for any reason. However, no amendment that would materially and adversely affect your rights under an outstanding stock option may be made without your consent.

U.S. Income Tax Implications

The discussion below is a general description of the expected U.S. Federal income tax effects of stock options based on current law. This section only applies to your stock option if you are subject to U.S. taxation. The discussion does not address Social Security, state, local or foreign taxes, or any other tax consequences that may be relevant to you based on your particular circumstances. Because these stock options involve complex tax considerations, we urge you to consult your personal tax advisor before you make any decisions about your stock option.

Stanley is not guaranteeing any particular tax results related to your stock option. Stanley will withhold taxes and report income amounts to the IRS and other taxing authorities as required by applicable laws.

IRS CIRCULAR 230 DISCLAIMER: TO ENSURE COMPLIANCE WITH TREASURY DEPARTMENT CIRCULAR 230, YOU ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF FEDERAL TAX ISSUES IN THIS COMMUNICATION (AND ATTACHMENTS) IS NOT INTENDED OR WRITTEN BY US TO BE RELIED UPON, AND CANNOT BE RELIED UPON BY YOU FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON YOU UNDER THE INTERNAL REVENUE CODE; (B) SUCH DISCUSSION IS WRITTEN AS PART OF THE DISCLOSURE IN THIS PROSPECTUS SUPPLEMENT, WHICH IS BEING USED BY US IN CONNECTION WITH THE PROMOTION OR MARKETING (WITHIN THE MEANING OF CIRCULAR 230) OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) YOU SHOULD SEEK ADVICE BASED ON YOUR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

17. Are the Plans tax-qualified or subject to ERISA?

No. The Plans are not governed by the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and none of the Plans is a “qualified retirement plan” under section 401(a) of the Internal Revenue Code.

18. When will I be taxed with respect to a nonqualified stock option?

In general, you are not subject to tax at the time a nonqualified stock option is granted. Generally, you will recognize ordinary income for U.S. Federal income tax purposes in the year in which the nonqualified stock option is exercised in an amount equal to the excess of (a) the fair market value of the purchased shares on the exercise date over (b) the exercise price. Stanley will have to collect any applicable withholding taxes with respect to such income.

S-8

Table of Contents

19. Will I recognize additional income when I sell shares acquired under a nonqualified stock option?

Yes. You will recognize capital gain to the extent the amount realized upon the sale of such shares exceeds their fair market value at the time you recognized the ordinary income (in general, the exercise date) with respect to their acquisition. A capital loss will result to the extent the amount realized upon the sale is less than such fair market value. The gain or loss will be long-term if the shares are held for more than one year prior to the disposition. The holding period generally starts at the time the nonqualified stock option is exercised.

20. What is the alternative minimum tax?

The AMT is an alternative method of calculating the income tax you must pay each year in order to assure that a minimum amount of tax is paid for the year. The AMT is based upon a determination of your alternative minimum taxable income ("AMTI") for a particular taxable year. Your AMTI is determined by your regular taxable income for the year, subject to adjustment of certain additional items of income and tax preference including the spread on an incentive stock option (the excess of the fair market value of the purchased shares at the time of exercise over the exercise price paid per share) at the time of exercise, whether or not the shares are subsequently disposed of in a disqualifying disposition and the disallowance or limitation of certain deductions otherwise allowable for regular tax purposes. The AMT will, however, be payable only to the extent that it exceeds your regular U.S. Federal income tax for the year (computed without regard to certain credits and special taxes).

21. What are the Company's tax effects in connection with awards?

We generally will be entitled to a deduction in the same amount and at the same time that you recognize ordinary income related to your award.

Factors that may cause our actual results to differ materially from those we contemplate by the forward-looking statements include, among others, the following possibilities:

inability to limit the impact of steel and other commodity and material price inflation through price increases and other measures;

inability to capitalize on future acquisition opportunities and fund other initiatives;

inability to generate free cash flow and maintain strong credit metrics;

inability to successfully settle routine tax audits;

inability to access credit markets under satisfactory terms;

inability to negotiate satisfactory payment terms for the purchase and sale of goods, material and products;

inability of the sales force to adapt to any changes made in the sales organization and achieve adequate customer coverage;

inability to stimulate demand for our products;

inability to develop and introduce new products and identify and develop new markets;

inability to maintain current production rates in our manufacturing facilities, to respond to significant changes in product demand, or to fulfill demand for new and existing products;

inability to implement, manage and maintain our operating systems effectively;

inability to continue successfully managing and defending claims and litigation;

increased pricing pressures and other changes from customers and competitors and the inability to defend market share in the face of competition;

continued consolidation of customers, particularly in consumer channels;

inventory management pressures on our customers;

changes in trade, monetary, tax and fiscal policies and laws;

the final geographic distribution of future earnings and the effect of currency exchange fluctuations and impact of dollar/foreign currency exchange and interest rates on the competitiveness of products, our debt program and our cash flow;

the strength of the United States and global economies;

the impact of events that cause or may cause disruption in our distribution and sales networks, such as war, terrorist activities, political unrest, and recessionary or expansive trends in world economies;

inability to mitigate cost increases generated by, for example, continued increases in the cost of energy or significant Chinese Renminbi or other currency appreciation;
and

failure to recruit and train new employees.

There can be no assurance that other factors not currently anticipated by us will not materially and adversely affect our business, financial condition, and results of operations. You are cautioned not to place undue reliance on any forward-looking statements made by us or on our behalf. Please take into account that forward-looking statements speak only as of the date of this prospectus or, in the case of any accompanying prospectus supplement or documents incorporated by reference in this prospectus, the date of any such document. The Stanley Works was founded in 1843 by Frederick T. Stanley and incorporated in 1852. We are a diversified worldwide supplier of tools and engineered solutions for professional, industrial and construction and do-it-yourself use, and security solutions for commercial applications. Stanley® is a brand recognized around the world for quality and value.

Our principal executive office is located at 1000 Stanley Drive, New Britain, Connecticut 06053, and our telephone number is (860) 225-5111. Our website is located at www.stanleyworks.com. Information contained on our website is not a part of this prospectus and any accompanying prospectus supplement.

RISK FACTORS

Investing in our securities involves risk. See the risk factors described in our Annual Report on Form 10-K (together with any material changes thereto contained in subsequent filed Quarterly Reports on Form 10-Q) and those contained in our other filings with the SEC for our most recent fiscal year, which are incorporated by reference in this prospectus and any accompanying prospectus supplement. Before making an investment decision, you should carefully consider these risks as well as other information we include or incorporate by reference in this prospectus. These risks could materially affect our business, results of operations or financial condition and cause the value of our securities to decline. You could lose all or part of your investment.

USE OF PROCEEDS

Except as otherwise set forth in the prospectus and any accompanying prospectus supplement, we expect to use the net proceeds from the sale of securities for general corporate purposes, including the financing of our operations, the possible repayment of short-term indebtedness, and possible business acquisitions. Pending any specific application, we may initially invest funds in short-term marketable securities or apply them to the reduction of short-term indebtedness.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods indicated:

	Six Months Ended June 28	Fiscal Year Ended December				
	2008	2007	2006	2005	2004	2003
Ratio of Earnings to Fixed Charges (a)	4.9x	5.2x	5.1x	7.5x	7.5x	3.9x

(a) The ratio of earnings to fixed charges is calculated on a total enterprise basis. For purposes of computing these ratios, earnings represents income from continuing operations before income taxes and fixed charges. Fixed charges are the sum of (i) interest expensed and capitalized, (ii) amortized premiums, discounts and capitalized expenses related to indebtedness, (iii) an estimate of the interest within rental expense, and (iv) preference security dividend requirements of consolidated subsidiaries.

Preference security dividend is the amount of pre-tax earnings that is required to pay the dividends on outstanding preference securities. The dividend requirement must be computed as the amount of the dividend divided by (1 minus the effective income tax rate applicable to continuing operations). Earnings is the amount resulting from adding and subtracting the following items. Add the following: (a) Pre-tax income from continuing operations before adjustment for minority interests in consolidated subsidiaries or income or loss from equity investees, (b) fixed charges, (c) amortization of capitalized interest, (d) distributed income of equity investees, and (e) our share of pre-tax losses of equity investees for which charges arising from guarantees are included in fixed charges. From the total of the added items, subtract the following: (a) interest capitalized, (b) preference security dividend requirements of consolidated subsidiaries, and (c) the minority interest in pre-tax income of subsidiaries that have not incurred fixed charges. Equity investees are investments that you account for using the equity method of accounting. The ratios are based solely on historical financial information.

DESCRIPTION OF SECURITIES

This prospectus contains summary descriptions of the debt securities, common stock, preferred stock, warrants, depositary shares, stock purchase contracts and stock purchase units that we may offer and sell from time to time. These summary descriptions are not meant to be complete descriptions of each security. However, at the time of an offering and sale, this prospectus together with the accompanying prospectus supplement will contain the material terms of the securities being offered.

DESCRIPTION OF DEBT SECURITIES

As used in this prospectus, debt securities means the debentures, notes, bonds and other evidences of indebtedness that we may issue separately, upon exercise of a debt warrant, in connection with a stock purchase contract or as part of a stock purchase unit from time to time. The debt securities may either be senior debt securities or subordinated debt securities. Senior debt securities may be issued under a “Senior Indenture” and subordinated debt securities may be issued under a “Subordinated Indenture.” This prospectus sometimes refers to the Senior Indenture and the Subordinated Indenture collectively as the “Indentures.” The Indentures have been filed with the SEC and are incorporated by reference in the registration statement on Form S-3 of which this prospectus forms a part. We may also issue debt securities under a separate, new indenture. If that occurs, we will describe any differences in the terms of any series or issue of debt securities in the prospectus supplement relating to that series or issue.

The following briefly summarizes the material provisions of the Indentures and the debt securities, other than pricing and related terms disclosed in the accompanying prospectus supplement or pricing supplement, as the case may be. You should read the more detailed provisions of the applicable Indenture, including the defined terms, for provisions that may be important to you. You should also read the particular terms of an offering of debt securities, which will be described in more detail in the applicable prospectus supplement or pricing supplement, as the case may be. Copies of the Indentures may be obtained from The Stanley Works or the applicable trustee.

As used in this “Description of Debt Securities,” the terms “The Stanley Works,” “we,” “our” and “us” refer to The Stanley Works, a Connecticut corporation, and do not, unless otherwise specified, include our subsidiaries.

General

The debt securities will be our direct unsecured obligations. The senior debt securities will rank equally with all of our other senior unsecured and unsubordinated debt. The subordinated debt securities will be subordinate and junior in right of payment to all of our present and future senior indebtedness to the extent and in the manner set forth in the Subordinated Indenture.

Since our operations are partially conducted through our subsidiaries, the cash flow and the consequent ability to service our indebtedness, including the debt securities, is partially dependent upon the earnings of our subsidiaries and the distribution of those earnings or upon the payments of funds by those subsidiaries to us. Our subsidiaries are separate and distinct legal entities and have no obligation, contingent or otherwise, to pay any amounts due pursuant to the debt securities or to make funds available to us, whether by dividends, loans or other payments. In addition, the payment of dividends and the making of loans and advances to us by our subsidiaries may be subject to contractual or statutory restrictions, are contingent upon the earnings of those subsidiaries and are subject to various business considerations. Any right we may have to receive assets of any of our subsidiaries upon their liquidation or reorganization (and the consequent right of the holders of our debt securities to participate in those assets) will be effectively subordinated to the claims of such subsidiary’s creditors, including trade creditors.

Table of Contents

The Indentures do not limit the aggregate principal amount of debt securities that we may issue and provide that we may issue debt securities from time to time in one or more series, in each case with the same or various maturities, at par or at a discount. We may issue additional debt securities of a particular series without the consent of the holders of the debt securities of such series outstanding at the time of the issuance. Any such additional debt securities, together with all other outstanding debt securities of that series, will constitute a single series of debt securities under the applicable Indenture. The Indentures also do not limit our ability to incur other debt.

Each prospectus supplement will summarize the material terms relating to the specific series of debt securities being offered. These terms may include some or all of the following:

the title of debt securities and whether they are subordinated debt securities or senior debt securities;

any limit on the aggregate principal amount of the debt securities;

the price or prices at which we will sell the debt securities;

the maturity date or dates of the debt securities;

the rate or rates of interest, if any, which may be fixed or variable, at which the debt securities will bear interest, or the method of determining such rate or rates, if any;

the date or dates from which any interest will accrue or the method by which such date or dates will be determined;

the right, if any, to extend the interest payment periods and the duration of any such deferral period, including the maximum consecutive periods during which interest payment periods may be extended;

whether the amount of payments of principal of (and premium, if any) or interest on the debt securities may be determined with reference to any index, formula or other method, such as one or more currencies, commodities, equity indices or other indices, and the manner of determining the amount of such payments;

the dates on which we will pay interest on the debt securities and the regular record date for determining who is entitled to the interest payable on any interest payment date;

the place or places where the principal of (and premium, if any) and interest on the debt securities will be payable;

if we possess the option to do so, the periods within which and the prices at which we may redeem the debt securities, in whole or in part, pursuant to optional redemption provisions, and the other terms and conditions of any such provisions;

our obligation, if any, to redeem, repay or purchase debt securities by making periodic payments to a sinking fund or through an analogous provision or at the option of holders of the debt securities, and the period or periods within which and

the price or prices at which we will redeem, repay or purchase the debt securities, in whole or in part, pursuant to such obligation, and the other terms and conditions of such obligation;

the denominations in which the debt securities will be issued, if other than denominations of \$1,000 and integral multiples of \$1,000;

the portion, or methods of determining the portion, of the principal amount of the debt securities which we must pay upon the acceleration of the maturity of the debt securities in connection with an Event of Default (as described below), if other than the full principal amount;

the currency, currencies or currency unit in which we will pay the principal of (and premium, if any) or interest, if any, on the debt securities, if not United States dollars;

provisions, if any, granting special rights to holders of the debt securities upon the occurrence of specified events;

any deletions from, modifications of or additions to the Events of Default or our covenants with respect to the applicable series of debt securities, and whether or not such Events of Default or covenants are consistent with those contained in the applicable Indenture;

the application, if any, of the terms of the Indenture relating to defeasance and covenant defeasance (which terms are described below) to the debt securities;

whether the subordination provisions summarized below or different subordination provisions will apply to the debt securities;

the terms, if any, upon which the holders may convert or exchange the debt securities into or for our common stock, preferred stock or other securities or property;

whether any of the debt securities will be issued in global form and, if so, the terms and conditions upon which global debt securities may be exchanged for certificated debt securities;

any change in the right of the trustee or the requisite holders of debt securities to declare the principal amount thereof due and payable because of an Event of Default;

the depositary for global or certificated debt securities;

any special tax implications of the debt securities;

any trustees, authenticating or paying agents, transfer agents or registrars or other agents with respect to the debt securities; and

any other terms of the debt securities.

Unless otherwise specified in the applicable prospectus supplement, the debt securities will not be listed on any securities exchange and will be issued in fully-registered form without coupons.

Debt securities may be sold at a substantial discount below their stated principal amount, bearing no interest or interest at a rate which at the time of issuance is below market rates. The applicable prospectus supplement will describe the federal income tax consequences and special considerations applicable to any such debt securities. The debt securities

may also be issued as indexed securities or securities denominated in foreign currencies, currency units or composite currencies, as described in more detail in the prospectus supplement relating to any of the particular debt securities. The prospectus supplement relating to specific debt securities will also describe any special considerations and certain additional tax considerations applicable to such debt securities.

Subordination

The prospectus supplement relating to any offering of subordinated debt securities will describe the specific subordination provisions, including the extent of subordination of payments by us of the principal of, premium, if any, and interest on such subordinated debt securities.

The Subordinated Indenture does not limit the issuance of additional Senior Indebtedness.

Table of Contents

Certain Covenants

Except as set forth below or in any indenture supplemental to the Indentures or in a board resolution of ours establishing a series of securities under the Indentures, the Indentures will not:

limit the amount of indebtedness or lease obligations that may be incurred by us and our subsidiaries; or

contain provisions which would give holders of the notes the right to require us to repurchase their notes in the event of a decline in the credit rating of our debt securities resulting from a change in control, recapitalization or similar restructuring or in the case of any other event.

Limitation on Liens

The Senior Indenture provides that if we or any Restricted Subsidiary (as described below) shall issue, assume or guarantee any evidence of indebtedness for money borrowed (“Indebtedness”) secured by a mortgage, security interest, pledge or lien (“Mortgage”) on any Principal Property (as described below), or shares of stock or Indebtedness of any Restricted Subsidiary, we will secure or cause such Restricted Subsidiary to secure any debt securities issued under the Senior Indenture (the “Senior Securities”) equally and ratably with such secured Indebtedness, unless the aggregate amount of all such secured Indebtedness, together with all Attributable Debt (as described below) outstanding pursuant to the first paragraph of the “Limitation on Sale and Lease-back Transactions” covenant described below, would not exceed 10% of Consolidated Net Worth. The Subordinated Indenture does not contain a similar limitation on liens.

Such limitation will not apply to Indebtedness secured by (a) Mortgages on property of any corporation existing at the time such corporation becomes a Restricted Subsidiary, (b) Mortgages on any property existing at the date of the indenture or at the time of acquisition by us or a Restricted Subsidiary (including acquisition through merger or consolidation), (c) Mortgages securing Indebtedness of a Restricted Subsidiary to us or to another Restricted Subsidiary, (d) purchase money and construction Mortgages entered into within specified time limits, (e) mechanics’ liens, tax liens, liens in favor of any governmental body to secure progress, advance or other payments or the acquisition of real or personal property from any governmental body pursuant to contract or provision of statute, any other liens, charges and encumbrances incidental to construction, conduct of business or ownership of property of ours or any Restricted Subsidiary which were not incurred in connection with borrowing money, obtaining advances or credits or the acquisition of property and in the aggregate do not materially impair use of any Principal Property or which are being contested in good faith, or (f) any extension, renewal or replacement of any of the aforementioned Mortgages not in excess of the principal amount of such Indebtedness plus the fee incurred in connection with such transaction.

Limitation on Sale and Lease-back Transactions

The Senior Indenture provides that neither we nor any Restricted Subsidiary may enter into any sale and lease-back transaction involving any Principal Property unless the aggregate amount of all Attributable Debt with respect to such transactions, together with all Indebtedness outstanding pursuant to the first paragraph of the “Limitation on Liens” covenant described above, would not exceed 10% of Consolidated Net Worth (as described below).

Such limitation will not apply to any sale and lease-back transaction if (a) the lease is for a period of not more than three years, (b) the purchaser’s commitment is obtained within a specified period after the acquisition, construction or

placing in service of the Principal Property, (c) the rent payable pursuant to such lease is to be reimbursed under a contract with the United States Government or instrumentality or agency thereof, (d) the transaction is between us and a Restricted Subsidiary or between Restricted Subsidiaries, (e) we or such Restricted Subsidiary would be entitled as described in "Limitation on Liens," above, to mortgage such Principal Property without equally and ratably securing the Senior Securities, or (f) we or such Restricted Subsidiary, within 180 days after the effective date of the transaction, apply to the retirement of Senior Securities or other Indebtedness of ours or a Restricted Subsidiary an amount equal to (A) either (i) the lesser of the net proceeds of the sale or transfer or the book value at the date of such sale or transfer of the Principal Property leased, if the transaction is for cash, or (ii) the fair market value of the Principal Property leased, if the transaction is for other than cash, minus (B) the amount equal to the principal amount of Senior Securities delivered to the trustee within such 180 days for cancellation and the principal amount of Indebtedness voluntarily retired (including any premium or fee paid in connection therewith) within such 180 days.

Table of Contents

Consolidation, Merger and Sale of Assets

We may consolidate or merge with or into any other corporation, and we may sell or transfer all or substantially all of our assets to another corporation, provided, among other things, that (a) the corporation formed by or resulting from any such consolidation or merger or the transferee of such assets shall be a corporation organized and existing under the laws of the United States, any state thereof or the District of Columbia and shall expressly assume by supplemental indenture payment of the principal of and premium, if any, and interest, if any, on the debt securities issued under either the Senior Indenture or the Subordinated Indenture and the performance and observance of the Indenture and (b) we or such successor corporation shall not immediately thereafter be in default under the Indenture.

Definition of Certain Terms

“Restricted Subsidiary” means a Subsidiary (as described below) (i) substantially all the property of which is located, or substantially all the business of which is carried on, within the United States, and (ii) which owns a Principal Property; provided, however, that the term shall not include any Subsidiary which is solely or primarily engaged in the business of providing or obtaining financing for the sale or lease of products sold or leased by us or any Subsidiary or which is primarily engaged in the business of a finance company either on a secured or an unsecured basis.

“Principal Property” means all real property and tangible personal property constituting a manufacturing plant located within the United States owned by us or a Restricted Subsidiary, exclusive of (i) motor vehicles, mobile materials-handling equipment and other rolling stock, (ii) office furnishings and equipment, information and electronic data processing equipment, (iii) any property financed through obligations issued by a state or possession of the United States, or any political subdivision or instrumentality of the foregoing, on which the interest is not, in the opinion of tax counsel of recognized standing or in accordance with a ruling issued by the Internal Revenue Service, includable in gross income of the holder by reason of Section 103(a) of the Internal Revenue Code (or any successor to such provision) as in effect at the time of the issuance of such obligations, (iv) any real property held for development or sale, or (v) any property the gross book value of which (including related land and improvements thereon and all machinery and equipment included therein without deduction of any depreciation reserves) is less than 10% of Consolidated Net Worth or which our board of directors determines is not material to the operation of our business and our Subsidiaries taken as a whole.

“Consolidated Net Worth” means the excess over current liabilities of all assets properly appearing on our consolidated balance sheet after deducting the minority interests of others in Subsidiaries.

A “Subsidiary” is defined to mean any corporation of which at least a majority of all outstanding stock having ordinary voting power in the election of directors of such corporation is at the time, directly or indirectly, owned by us or by one or more Subsidiaries of ours or by us and one or more Subsidiaries.

“Attributable Debt” in respect of any Sale and Lease-Back Transaction means, as of the time of the determination, the lesser of (i) the sale price of the Principal Property so leased multiplied by a fraction the numerator of which is the remaining portion of the base term of the lease included in such transaction and the denominator of which is the base term of such lease, and (ii) the total obligation (discounted to present value at the implicit interest factor, determined in accordance with generally accepted financial practice, included in the rental payments or, if such interest factor cannot readily be determined, at a rate of interest of 10% per annum, compounded semi-annually) of the lessee for rental payments (other than amounts required to be paid on account of property taxes as well as maintenance, repairs, insurance, water rates and other items which do not constitute payments for property rights) during the remaining portion of the base term of lease included in such transaction.

Table of Contents

Events of Default

The following events are defined in the Indentures as “Events of Default”:

default in the payment of any installment of interest on any debt securities in such series for 30 days after becoming due;

default in the payment of principal or premium, if any, of any debt securities in such series when due;

default in the performance of any other covenant for 90 days after notice;

involuntary acceleration of the maturity of our indebtedness in excess of \$10 million for money borrowed which acceleration shall not be rescinded or annulled or otherwise cured, or which indebtedness shall not be discharged, within 10 days after notice;

entry of certain court orders which would require us to make payments exceeding \$25 million and where 60 days have passed since the entry of the order without it having been satisfied or stayed;

certain events of bankruptcy, insolvency or reorganization; and

any other Event of Default that may be set forth in the supplemental indenture or board resolution with respect to a particular series of debt securities.

If an Event of Default shall occur and be continuing with respect to a series of debt securities, either the trustee or the holders of at least 25% in principal amount of the outstanding debt securities (or such lesser amount as may be provided for in the debt securities of such series) of such series may declare the entire principal amount of all the debt securities of such series to be due and payable.

The Indentures provide that the trustee shall, within 90 days after the occurrence of default with respect to a particular series of debt securities, give the holders of the debt securities of such series notice of such default known to it (the term default to mean the events specified above without grace periods); provided that, except in the case of default in the payment of principal or premium, if any, or interest, if any, on any of the debt securities of such series, the trustee shall be protected in withholding such notice if it in good faith determines the withholding of such notice is in the interest of the holders of the debt securities of such series.

We are required to furnish the trustee annually a statement by certain of our officers to the effect that to the best of their knowledge we are not in default in the fulfillment of any of our obligations under the Indentures or, if there has been a default in the fulfillment of any such obligation, specifying each such default. No holder of any debt securities of any particular series shall have any right to institute any judicial or other proceeding with respect to the Indentures, or for the appointment of a receiver or trustee, or for any other remedy unless:

an Event of Default shall have occurred and be continuing and such holder shall have given the trustee prior written notice of such continuing Event of Default;

the holders of not less than 25% of the outstanding principal amount of debt securities of a particular series shall have requested the trustee for such series to institute proceedings in respect of such Event of Default;

the trustee shall have been offered reasonable indemnity against its costs, expenses and liabilities in complying with such request;

the trustee shall have failed to institute proceedings 60 days after the receipt of such notice, request and offer of indemnity; and

no direction inconsistent with such written request shall have been given for 60 days by the holders of a majority in principal amount of the outstanding debt securities of such series.

Table of Contents

The holders of a majority in principal amount of a particular series of debt securities outstanding will have the right, subject to certain limitations, to direct the time, method and place of conducting any proceeding for any remedy available to the trustee with respect to such series or exercising any trust or power conferred to the trustee, and to waive certain defaults. The Indentures provide that in case an Event of Default shall occur and be continuing, the trustee shall exercise such of its rights and powers under the Indentures, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the Indentures at the request of any of the holders of debt securities of a particular series unless they shall have offered to the trustee security or indemnity reasonably satisfactory to the trustee against the costs, expenses and liabilities which might be incurred by it in compliance with such request.

Discharge, Defeasance and Covenant Defeasance

If indicated in the applicable prospectus supplement, we may discharge or defease our obligations under each Indenture as set forth below.

We may discharge certain obligations to holders of any series of debt securities issued under either the Senior Indenture or the Subordinated Indenture which have not already been delivered to the trustee for cancellation and which have either become due and payable or are by their terms due and payable within one year (or scheduled for redemption within one year) by irrevocably depositing with the trustee funds or government obligations denominated in U.S. dollars or in the foreign currency in which debt securities of such series are payable in an amount sufficient to pay the entire indebtedness on debt securities of such series with respect to principal (and premium and additional amounts, if any) and interest to the date of such deposit (if debt securities of such series have become due and payable) or to the maturity thereof or the date of redemption of debt securities of such series, as the case may be.

If indicated in the applicable prospectus supplement, we may elect either (i) to defease and be discharged from any and all obligations with respect to the debt securities of or within any series (except for, among other things, the obligation to pay additional amounts, if any, upon the occurrence of certain events of taxation, assessment or governmental charge with respect to payments on debt securities of such series and other obligations to register the transfer or exchange of debt securities of such series, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency with respect to the debt securities and to hold moneys for payment in trust) (“defeasance”) or (ii) to be released from our obligations with respect to certain covenants applicable to the debt securities of or within any series of debt securities and any omission to comply with such obligations shall not constitute an Event of Default with respect to such series of debt securities (“covenant defeasance”), upon the deposit with the relevant Indenture trustee, in trust for such purpose, of money and/or government obligations which through the payment of principal and interest in accordance with their terms will provide money in an amount sufficient, without reinvestment, to pay the principal of (and premium, if any) or interest on such debt securities to maturity. As a condition to defeasance or covenant defeasance, we must deliver to the trustee an opinion of counsel to the effect that the holders of such debt securities will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred. Such opinion of counsel, in the case of defeasance under clause (i) above, must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable federal income tax law occurring after the date of the relevant Indenture. In addition, in the case of either defeasance or covenant defeasance, we must deliver to the trustee (i) an opinion of counsel stating that the money and government obligations or other property deposited with the trustee to be held in trust will not be subject to any case or proceeding under any Federal or State bankruptcy, insolvency, reorganization or other similar law, or any decree or order for relief, and (ii) an officers’ certificate and an opinion of counsel, each stating that all conditions precedent with respect to such defeasance or covenant defeasance have been complied with.

We may exercise our defeasance option with respect to such debt securities notwithstanding our prior exercise of our covenant defeasance option.

Modification and Waiver

Modification and amendments of the indenture may be made by us and the trustee with the consent of the holders of not less than a majority in aggregate principal amount of the outstanding debt securities of each series affected thereby; provided, however, that no such modification or amendment may, without the consent of the holder of each outstanding debt security affected thereby:

change the stated maturity of the principal of, or any premium or installment of interest on, or any additional amounts with respect to, debt securities of any series,

reduce the principal amount of, or the rate (or modify the calculation of such rate) of interest on, or any additional amounts with respect to, or any premium payable upon the redemption of, debt securities of any series,

change our obligation to pay additional amounts with respect to debt securities of any series or reduce the amount of the principal of an original issue discount debt securities that would be due and payable upon a declaration of acceleration of the maturity thereof or the amount thereof provable in bankruptcy,

The holders of at least a majority in aggregate principal amount of the debt securities of any series may, on behalf of the holders of all debt securities of such series, waive our compliance with certain restrictive provisions of the applicable Indenture. The holders of not less than a majority in aggregate principal amount of the outstanding debt securities of any series may, on behalf of the holders of all debt securities of such series, waive any past default and its consequences under the Indenture with respect to the debt securities of such series, except a default:

Under the Indentures, we are required to furnish the trustee annually a statement as to performance by us of certain of our obligations under the Indentures and as to any default in such performance. We are also required to deliver to the trustee, within five days after occurrence thereof, written notice of any Event of Default or any event which after notice or lapse of time or both would constitute an Event of Default.

Payment and Paying Agents

Unless otherwise indicated in the applicable prospectus supplement, payment of interest on a debt security on any interest payment date will be made to the person in whose name a debt security is registered at the close of business on the record date for the interest.

Unless otherwise indicated in the applicable prospectus supplement, principal, interest and premium on the debt securities of a particular series will be payable at the office of such paying agent or paying agents as we may designate for such purpose from time to time. Notwithstanding the foregoing, at our option, payment of any interest may be made by check mailed to the address of the person entitled thereto as such address appears in the security register.

Unless otherwise indicated in the applicable prospectus supplement, a paying agent designated by us and located in the Borough of Manhattan, The City of New York will act as paying agent for payments with respect to debt securities of each series. All paying agents initially designated by us for the debt securities of a particular series will be named in the applicable prospectus supplement. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, except that we will be required to maintain a paying agent in each place of payment for the debt securities of a particular series.

All moneys paid by us to a paying agent for the payment of the principal, interest or premium on any debt security which remain unclaimed at the end of two years after such principal, interest or premium has become due and payable will be repaid to us upon request, and the holder of such debt security thereafter may look only to us for payment thereof.

Denominations, Registrations and Transfer

Unless an accompanying prospectus supplement states otherwise, debt securities will be represented by one or more global certificates registered in the name of a nominee for The Depository Trust Company, or DTC. In such case, each holder's beneficial interest in the global securities will be shown on the records of DTC and transfers of beneficial interests will only be effected through DTC's records.

A holder of debt securities may only exchange a beneficial interest in a global security for certificated securities registered in the holder's name if:

DTC notifies us that it is unwilling or unable to continue serving as the depository for the relevant global securities or DTC ceases to maintain certain qualifications under the Exchange Act and no successor depository has been appointed for 90 days;
or

We determine, in our sole discretion, that the global security shall be exchangeable.

If debt securities are issued in certificated form, they will only be issued in the minimum denomination specified in the accompanying prospectus supplement and integral multiples of such denomination. Transfers and exchanges of such debt securities will only be permitted in such minimum denomination. Transfers of debt securities in certificated form may be registered at the trustee's corporate office or at the offices of any paying agent or trustee appointed by us under the Indentures. Exchanges of debt securities for an equal aggregate principal amount of debt securities in different denominations may also be made at such locations.

Governing Law

The Indentures and debt securities will be governed by, and construed in accordance with, the internal laws of the State of New York, without regard to its principles of conflicts of laws (other than Section 5-1401 of the General Obligations Law of the State of New York).

Regarding the Trustee

The Senior Indenture Trustee is The Bank of New York Mellon Trust Company, N.A., as successor trustee to JP Morgan Chase Bank N.A., and the Subordinated Indenture Trustee is HSBC Bank USA, National Association. The Trustees are permitted to engage in other transactions with us and our subsidiaries from time to time, provided that if the trustees acquire any conflicting interest they must eliminate such conflict upon the occurrence of an Event of Default, or else resign.

Conversion or Exchange Rights

The prospectus supplement will describe the terms, if any, on which a series of debt securities may be convertible into or exchangeable for our common stock, preferred stock or other debt securities. These terms will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option. These provisions may allow or require the number of shares of our common stock or other securities to be received by the holders of such series of debt securities to be adjusted.

DESCRIPTION OF CAPITAL STOCK

General

The following summary description of our capital stock is based on the provisions of the Connecticut Business Corporation Act, or CBCA, our restated certificate of incorporation, as amended, and our bylaws, as amended. This description does not purport to be complete and is qualified in its entirety by reference to the full text of the CBCA, and to the terms of the restated certificate of incorporation and bylaws which are included as exhibits to the registration statement of which this prospectus is a part. See “Where You Can Find More Information.” As used in this “Description of Capital Stock,” the terms “The Stanley Works,” “we,” “our” and “us” refer to The Stanley Works, a Connecticut corporation, and do not, unless otherwise specified, include the subsidiaries of this Connecticut corporation.

Our authorized capital stock consists of 200,000,000 shares of common stock, par value \$2.50 per share, and 10,000,000 shares of preferred stock, without par value. The number of authorized shares of any class may be increased or decreased by an amendment to our restated certificate of incorporation proposed by our board of directors and approved by a majority of voting shares voted on the issue at a meeting at which a quorum exists.

Common Stock

Each shareholder of record of our common stock is entitled to one vote for each share held on every matter properly submitted to the shareholders for their vote. Holders of our common stock do not have cumulative voting rights. After satisfaction of the dividend rights of holders of preferred stock, holders of common stock are entitled ratably to any dividend declared by the board of directors out of funds legally available for this purpose.

Upon our liquidation, dissolution or winding up, the holders of our common stock are entitled to receive ratably our net assets available, if any, after the payment of all debts and other liabilities and subject to the prior rights of any outstanding preferred stock.

Holders of our common stock have no redemption or conversion rights, no sinking fund provisions and no preemptive right to subscribe for or purchase additional shares of any class of our capital stock.

The outstanding shares of our common stock are fully paid and nonassessable, and any shares of common stock issued in an offering pursuant to this prospectus and any shares of common stock issuable upon the exercise of common stock warrants or conversion or exchange of debt securities which are convertible into or exchangeable for our common stock, or in connection with the obligations of a holder of stock purchase contracts to purchase our common stock, when issued in accordance with their terms will be fully paid and nonassessable. The rights, preferences and privileges of holders of common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock that we may designate and issue in the future.

Preferred Stock

This section describes the general terms and provisions of preferred stock that we are authorized to issue. The applicable prospectus supplement will describe the specific terms of the shares of preferred stock offered through that prospectus supplement, as well as any general terms described in this section that will not apply to those shares of preferred stock. We will file a copy of the certificate of amendment to our certificate of incorporation that contains the terms of each new series of preferred stock with the Secretary of the State of Connecticut and with the SEC each time we issue a new series of preferred stock. Each such certificate of amendment will establish the number of shares included in a designated series and fix the designation, powers, privileges, preferences and rights of the shares of each series as well as any applicable qualifications, limitations or restrictions. You should refer to the applicable certificate

of amendment as well as our certificate of incorporation before deciding to buy shares of our preferred stock as described in the applicable prospectus supplement.

Table of Contents

Our board of directors has been authorized to provide for the issuance of up to 10,000,000 shares of our preferred stock in multiple series without the approval of shareholders. With respect to each series of our preferred stock, our board of directors has the authority to fix the following terms:

the designation of the series;

the number of shares within the series;

whether dividends are cumulative and, if cumulative, the dates from which dividends are cumulative;

the rate of any dividends, any conditions upon which dividends are payable, and the dates of payment of dividends;

whether the shares are redeemable, the redemption price and the terms of redemption;

the amount payable to you for each share you own if we dissolve or liquidate;

whether the shares are convertible or exchangeable, the price or rate of conversion or exchange, and the applicable terms and conditions;

any restrictions on issuance of shares in the same series or any other series;

voting rights applicable to the series of preferred stock; and

any other rights, priorities, preferences, restrictions or limitations of such series.

Your rights with respect to your shares of preferred stock will be subordinate to the rights of our general creditors. Shares of our preferred stock that we issue in accordance with their terms will be fully paid and nonassessable, and will not be entitled to preemptive rights unless specified in the applicable prospectus supplement.

Our ability to issue preferred stock, or rights to purchase such shares, could discourage an unsolicited acquisition proposal. For example, we could impede a business combination by issuing a series of preferred stock containing class voting rights that would enable the holders of such preferred stock to block a business combination transaction. Alternatively, we could facilitate a business combination transaction by issuing a series of preferred stock having sufficient voting rights to provide a required percentage vote of the shareholders. Additionally, under certain circumstances, our issuance of preferred stock could adversely affect the voting power of the holders of our common stock. Although our board of directors is required to make any determination to issue any preferred stock based on its judgment as to the best interests of our shareholders, our board of directors could act in a manner that would discourage an acquisition attempt or other transaction that some, or a majority, of our shareholders might believe to be in their best interests or in which shareholders might receive a premium for their stock over prevailing market prices of such stock. Our board of directors does not at present intend to seek shareholder approval prior to any issuance of currently authorized stock, unless otherwise required by law or applicable stock exchange requirements.

Anti-Takeover Effects of Provisions of the Certificate of Incorporation, Bylaws and Other Agreements

The rights of our shareholders and related matters are governed by the CBCA, the certificate of incorporation, the bylaws and the Rights Agreement, dated January 19, 2006, which is referred to herein as the Rights Agreement.

Provisions of the CBCA, the certificate of incorporation, the bylaws and the Rights Agreement, which are summarized below, may discourage or make more difficult a takeover attempt that shareholders might consider in their best interest. These provisions may also adversely affect prevailing market prices for our common stock.

Table of Contents

Board of Directors

The certificate of incorporation provides that the board of directors will be classified with approximately one-third elected each year. The number of directors will be fixed by the board of directors from time to time. The directors elected by the holders of common stock are divided into three classes, designated class I, class II and class III. Each class consists, as nearly as may be possible, of one-third of the total number of such directors. At each annual meeting of shareholders, successors to the class of directors whose term expires at that annual meeting will be elected for a three-year term. In addition, if the number of directors is changed, any increase or decrease will be apportioned among the classes so as to maintain the number of directors in each class as nearly equal as possible, and any additional director of any class elected to fill a vacancy resulting from an increase in such class will hold office for a term that will coincide with the remaining term of that class, but in no case will a decrease in the number of directors shorten the term of any incumbent director. Any vacancy on the board of directors may be filled by the shareholders or by the board of directors, whether such vacancy occurs as a result of an increase in the number of directors or otherwise. The certificate of incorporation also provides that directors elected by the holders of common stock may be removed only for cause by the affirmative vote of at least a majority of the votes entitled to be cast thereon.

Shareholder Action by Written Consent; Special Meetings

Under the CBCA our shareholders may take action by written unanimous consent of holders of all of our shares in lieu of an annual or special meeting. Otherwise, shareholders will only be able to take action at an annual or special meeting called in accordance with the bylaws.

The bylaws provide that special meetings of shareholders may only be called by:

the chairman of the board,

the president,

the secretary, or

the chairman of the board, the president or the secretary upon the written request of the holders of not less than thirty-five percent (35%) of our outstanding voting stock.

In addition, the CBCA provides that a corporation with a class of voting stock registered under the Exchange Act shall hold a special meeting of shareholders if the holders of thirty-five percent (35%) of the votes entitled to be cast on any issue proposed to be considered demand such a meeting.

Advance Notice Requirements for Director Nominations and Other Proposals

Director Nominations. The bylaws contain advance notice procedures with regard to shareholder proposals related to the nomination of candidates for election as directors. These procedures provide that notice of shareholder proposals related to shareholder nominations for the election of directors must be received at our executive offices at least 90 days, but no more than 120 days before the first anniversary of the date on which the proxy statement for the preceding annual meeting was mailed; provided, however, that in the event the annual meeting is not within 30 days before or after such anniversary date, notice by the shareholder must be received not later than the close of business 10 days after the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever occurs first. Our bylaws require that all directors be shareholders of record.

Table of Contents

A shareholder's notice to our corporate secretary must be in proper written form and must set forth certain information including:

the name, and record addresses of the nominating shareholder, and any other person on whose behalf the nomination is being made, and the nominee;

the class or series and number of shares of our capital stock which are beneficially or of record owned by the nominating shareholder or such other person;

a description of all arrangements or understandings between the nominating shareholder or such other person and any nominee(s) in connection with the nomination;

any other information relating to the nominee that would be required to be disclosed in a proxy statement or other solicitations of proxies for election of directors or as otherwise required to be disclosed pursuant to the Exchange Act had the nominee been nominated by the board of directors;

a consent of the nominee to be named in the proxy statement and to serve if elected; and

a representation that the nominating shareholder intends to appear in person or by proxy at the meeting to make such nomination.

Other Proposals. In addition to the procedures for nominating directors, the bylaws also contain notice procedures for other shareholder proposals to be brought before an annual meeting. To be timely, we must receive shareholder proposals at least 90 days, but no more than 120 days before the first anniversary of the date on which the proxy statement for the preceding annual meeting was mailed; provided, however, that in the event the annual meeting is not within 30 days before or after such anniversary date, notice by the shareholder must be received not later than the close of business 10 days after the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever occurs first.

A shareholder's notice to our corporate secretary must be in proper written form and must set forth, as to each matter that shareholder proposes to bring before the meeting:

a brief description of the business desired to be brought before the meeting and the reasons for conducting that business at the meeting;

the complete text of any resolutions to be presented;

the name and record address of that shareholder and any other person on whose behalf the proposal is made;

the class and series and number of shares of each class and series of our capital stock which are owned beneficially or of record by that shareholder;

a description of all arrangements or understandings between that shareholder and any such other person in connection with the proposal of that business and any material

interest of that shareholder or such other person in that business; and

a representation that the shareholder intends to appear in person or by proxy at the meeting to bring that business before the meeting.

Rights Agreement

On January 19, 2006, our board of directors declared a dividend distribution of one right for each share of our common stock outstanding on the close of business on March 10, 2006 and authorized the issuance of one right (as such number may be adjusted from time to time in accordance with the terms of the Rights Agreement) per share of our common stock issued between March 10, 2006 and the Distribution Date. Each outstanding share of common stock currently has one half of a share purchase right. Each purchase right may be exercised to purchase one two-hundredth of a share of Series A Junior Participating Preferred Stock at an exercise price of \$220.00, subject to adjustment. The rights, which do not have voting rights, expire on March 10, 2016, and may be redeemed by us at a price of \$0.01 per right at any time prior to the earlier of the rights' expiration date or the close of business on the tenth day following the public announcement that a person has acquired beneficial ownership of 15% or more of the outstanding shares of common stock.

Table of Contents

In the event that we are acquired in a merger or other business combination transaction, provision shall be made so that each holder of a right (other than a holder who is a 10%-or-more shareowner) shall have the right to receive, upon exercise thereof, that number of shares of common stock of the surviving company having a market value equal to two times the exercise price of the right. Similarly, if anyone becomes the beneficial owner of more than 10% of the then outstanding shares of common stock (except pursuant to an offer for all outstanding shares of common stock which the independent directors have deemed to be fair and in our best interest), provision will be made so that each holder of a right (other than a holder who is a 10%-or-more shareowner) shall thereafter have the right to receive, upon exercise thereof, common stock (or, in certain circumstances, cash, property or our other securities) having a market value equal to two times the exercise price of the right.

Antitakeover Legislation

We are subject to the provisions of Section 33-844 of the CBCA which prohibits a Connecticut corporation from engaging in a “business combination” with an “interested shareholder” for a period of five years after the date of the transaction in which the person became an interested shareholder, unless the business combination or the purchase of stock by which such person becomes an interested shareholder is approved by our board of directors, and by a majority of our non-employee directors, prior to the date on which the person becomes an interested shareholder. A “business combination” generally includes mergers, asset sales, some types of stock issuances and other transactions with, or resulting in a disproportionate financial benefit to, the interested shareholder. Subject to exceptions, an “interested shareholder” is a person who owns 10% or more of our voting power, or is an affiliate or associate of The Stanley Works and owned 10% or more of our voting power within the past five years.

Under our certificate of incorporation, the affirmative vote by the holders of 80% of our outstanding voting stock is required for the approval or authorization of any business combination involving an interested shareholder. This voting requirement does not apply if:

2/3 of our disinterested directors expressly approve the proposed business combination; or

The following conditions are satisfied:

The cash and fair market value of other consideration received on a per share basis by each shareholder is no less than the highest share price (or the equivalent value) paid by the interested shareholder in acquiring our capital stock; and

A proxy statement is mailed to all shareholders of the corporation for the purpose of soliciting shareholder approval of the business combination.

This 80% vote is required even if no vote or a lesser percentage is required by any applicable laws. Additionally, the affirmative vote of the holders of not less than 80% of our outstanding shares of capital stock is required to modify this section of our certificate of incorporation.

Notwithstanding the 80% vote required by our certificate of incorporation, we are also subject to Section 33-841 and Section 33-842 of the CBCA. These provisions generally require business combinations with an interested shareholder to be approved by the board of directors and then by the affirmative vote of at least:

the holders of 80% of the voting power of the outstanding shares of our voting stock;
and

the holders of 2/3 of the voting power of the outstanding shares of our voting stock, excluding the voting stock held by the interested shareholder;

unless the consideration to be received by the shareholders meets certain price and other requirements set forth in Section 33-842 of the CBCA or unless the board of directors of the corporation has by resolution determined to exempt business combinations with that interested shareholder prior to the time that such shareholder became an interested shareholder.

Table of Contents

We are also subject to Section 33-756(d) of the CBCA, generally requiring directors acting with respect to mergers, sales of assets and other specified transactions to consider, in determining what they reasonably believe to be in the best interests of the corporation, specified interests, including those of the corporation's employees, customers, creditors and suppliers and any community in which any office or other facility of the corporation is located.

Limitation of Liability of Directors

The certificate of incorporation contains provisions permitted under the CBCA relating to the personal liability of directors. The provisions limit the personal liability to us or our shareholders of a director for monetary damages for breach of duty as a director to an amount that is not more than the compensation received by that director for serving us during the year of the violation. Our bylaws provide for the indemnification and reimbursement of, and advances of expenses to, any person that is made a party to an action by reason of the fact that he or she:

is or was our director, officer, employee or agent, or

served at our request as a director, officer, employee or agent of another corporation.

Our bylaws provide for indemnification of directors and officers to the fullest extent permitted by Connecticut law.

DESCRIPTION OF WARRANTS

This section describes the general terms and provisions of our warrants to acquire our securities that we may issue from time to time. The applicable prospectus supplement will describe the terms of any warrant agreements and the warrants issuable thereunder. If any particular terms of the warrants described in the prospectus supplement differ from any of the terms described herein, then the terms described herein will be deemed superseded by that prospectus supplement.

We may issue warrants for the purchase of our debt securities, common stock, preferred stock, depositary shares or securities of third parties or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. We may issue warrants independently or together with other securities, and they may be attached to or separate from the other securities. Each series of warrants will be issued under a separate warrant agreement that we will enter into with a bank or trust company, as warrant agent, as detailed in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation, or agency or trust relationship, with you. We will file a copy of the warrant and warrant agreement with the SEC each time we issue a series of warrants, and these warrants and warrant agreements will be incorporated by reference into the registration statement of which this prospectus is a part. A holder of our warrants should refer to the provisions of the applicable warrant agreement and prospectus supplement for more specific information.

The prospectus supplement relating to a particular issue of warrants will describe the terms of those warrants, including, when applicable:

the offering price;

the currency or currencies, including composite currencies, in which the price of the warrants may be payable;

the number of warrants offered;

the securities underlying the warrants, including the securities of third parties or other rights, if any, to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing, purchasable upon exercise of the warrants;

the exercise price and the amount of securities you will receive upon exercise;

the procedure for exercise of the warrants and the circumstances, if any, that will cause the warrants to be automatically exercised;

the rights, if any, we have to redeem the warrants;

the date on which the right to exercise the warrants will commence and the date on which the warrants will expire;

the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each such security;

the date on and after which the warrants and the related securities will be separately transferable;

U.S. federal income tax consequences;

the name of the warrant agent; and

any other material terms of the warrants.

After your warrants expire they will become void. All warrants will be issued in registered form. The prospectus supplement may provide for the adjustment of the exercise price of the warrants.

Table of Contents

Warrants may be exercised at the appropriate office of the warrant agent or any other office indicated in the applicable prospectus supplement. Before the exercise of warrants, holders will not have any of the rights of holders of the securities purchasable upon exercise and will not be entitled to payments made to holders of those securities.

The applicable warrant agreement may be amended or supplemented without the consent of the holders of the warrants to which it applies to effect changes that are not inconsistent with the provisions of the warrants and that do not materially and adversely affect the interests of the holders of the warrants. However, any amendment that materially and adversely alters the rights of the holders of warrants will not be effective unless the holders of at least a majority of the applicable warrants then outstanding approve the amendment. Every holder of an outstanding warrant at the time any amendment becomes effective, by continuing to hold the warrant, will be bound by the applicable warrant agreement as amended. The prospectus supplement applicable to a particular series of warrants may provide that certain provisions of the warrants, including the securities for which they may be exercisable, the exercise price and the expiration date, may not be altered without the consent of the holder of each warrant.

DESCRIPTION OF DEPOSITARY SHARES

General

We may offer fractional shares of preferred stock, rather than full shares of preferred stock. If we do so, we may issue receipts for depositary shares that each represent a fraction of a share of a particular series of preferred stock. The prospectus supplement will indicate that fraction. The shares of preferred stock represented by depositary shares will be deposited under a depositary agreement between us and a bank or trust company that meets certain requirements and is selected by us (the “Bank Depositary”). Each owner of a depositary share will be entitled to all the rights and preferences of the preferred stock represented by the depositary share. The depositary shares will be evidenced by depositary receipts issued pursuant to the depositary agreement. Depositary receipts will be distributed to those persons purchasing the fractional shares of preferred stock in accordance with the terms of the offering.

We have summarized some common provisions of a depositary agreement and the related depositary receipts. The forms of the depositary agreement and the depositary receipts relating to any particular issue of depositary shares will be filed with the SEC each time we issue depositary shares, and you should read those documents for provisions that may be important to you. If any particular terms of the depositary agreements and the related depositary receipts described in the prospectus supplement differ from any of the terms described herein, then the terms described herein will be deemed superseded by that prospectus supplement.

Dividends and Other Distributions

If we pay a cash distribution or dividend on a series of preferred stock represented by depositary shares, the Bank Depositary will distribute such dividends to the record holders of such depositary shares. If the distributions are in property other than cash, the Bank Depositary will distribute the property to the record holders of the depositary shares. However, if the Bank Depositary determines that it is not feasible to make the distribution of property, the Bank Depositary may, with our approval, sell such property and distribute the net proceeds from such sale to the record holders of the depositary shares.

Redemption of Depositary Shares

If we redeem a series of preferred stock represented by depositary shares, the Bank Depositary will redeem the depositary shares from the proceeds received by the Bank Depositary in connection with the redemption. The redemption price per depositary share will equal the applicable fraction of the redemption price per share of the preferred stock. If fewer than all the depositary shares are redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as the Bank Depositary may determine.

Voting the Preferred Stock

Upon receipt of notice of any meeting at which the holders of the preferred stock represented by depositary shares are entitled to vote, the Bank Depositary will mail the notice to the record holders of the depositary shares relating to such preferred stock. Each record holder of these depositary shares on the record date, which will be the same date as the record date for the preferred stock, may instruct the Bank Depositary as to how to vote the preferred stock represented by such holder’s depositary shares. The Bank Depositary will endeavor, insofar as practicable, to vote the amount of the preferred stock represented by such depositary shares in accordance with such instructions, and we will take all action that the Bank Depositary deems necessary in order to enable the Bank Depositary to do so. The Bank Depositary will abstain from voting shares of the preferred stock to the extent it does not receive specific instructions from the holders of depositary shares representing such preferred stock.

Table of Contents

Amendment and Termination of the Depositary Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the depositary agreement may be amended by agreement between the Bank Depositary and us. However, any amendment that materially and adversely alters the rights of the holders of depositary shares will not be effective unless such amendment has been approved by the holders of at least a majority of the depositary shares then outstanding. The depositary agreement may be terminated by the Bank Depositary or us only if (1) all outstanding depositary shares have been redeemed or (2) there has been a final distribution in respect of the preferred stock in connection with any liquidation, dissolution or winding up of our company and such distribution has been distributed to the holders of depositary receipts.

Charges of Bank Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the Bank Depositary in connection with the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depositary receipts will pay other transfer and other taxes and governmental charges and any other charges, including a fee for the withdrawal of shares of preferred stock upon surrender of depositary receipts, as are expressly provided in the depositary agreement to be for their accounts.

Withdrawal of Preferred Stock

Except as may be provided otherwise in the applicable prospectus supplement, upon surrender of depositary receipts at the principal office of the Bank Depositary, subject to the terms of the depositary agreement, the owner of the depositary shares may demand delivery of the number of whole shares of preferred stock and all money and other property, if any, represented by those depositary shares. Partial shares of preferred stock will not be issued. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of depositary shares representing the number of whole shares of preferred stock to be withdrawn, the Bank Depositary will deliver to such holder at the same time a new depositary receipt evidencing the excess number of depositary shares. Holders of preferred stock thus withdrawn may not thereafter deposit those shares under the depositary agreement or receive depositary receipts evidencing depositary shares therefor.

Miscellaneous

The Bank Depositary will forward to holders of depositary receipts all reports and communications from us that are delivered to the Bank Depositary and that we are required to furnish to the holders of the preferred stock.

Neither the Bank Depositary nor we will be liable if we are prevented or delayed by law or any circumstance beyond our control in performing our obligations under the depositary agreement. The obligations of the Bank Depositary and us under the depositary agreement will be limited to performance in good faith of our duties thereunder, and we will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. We may rely upon written advice of counsel or accountants, or upon information provided by persons presenting preferred stock for deposit, holders of depositary receipts or other persons believed to be competent and on documents believed to be genuine.

Resignation and Removal of Bank Depositary

The Bank Depositary may resign at any time by delivering to us notice of its election to do so, and we may at any time remove the Bank Depositary. Any such resignation or removal will take effect upon the appointment of a successor Bank Depositary and its acceptance of such appointment. The successor Bank Depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company meeting the

requirements of the depositary agreement.

DESCRIPTION OF STOCK PURCHASE CONTRACTS
AND STOCK PURCHASE UNITS

We may issue stock purchase contracts, including contracts obligating holders to purchase from or sell to us, and obligating us to sell to or purchase from the holders, a specified number of shares of common stock or other securities at a future date or dates, which we refer to in this prospectus as stock purchase contracts. The price per share of the securities and the number of shares of the securities may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts, and may be subject to adjustment under anti-dilution formulas. The stock purchase contracts may be issued separately or as part of units consisting of a stock purchase contract and debt securities, preferred securities or debt obligations of third parties, including U.S. treasury securities, any other securities described in the applicable prospectus supplement or any combination of the foregoing, securing the holders' obligations to purchase the securities under the stock purchase contracts, which we refer to herein as stock purchase units. The stock purchase contracts may require holders to secure their obligations under the stock purchase contracts in a specified manner. The stock purchase contracts also may require us to make periodic payments to the holders of the stock purchase contracts or the stock purchase units, as the case may be, or vice versa, and those payments may be unsecured or pre-funded on some basis.

The applicable prospectus supplement will describe the terms of the stock purchase contracts or stock purchase units. This description is not complete and the description in the prospectus supplement will not necessarily be complete, and reference is made to the stock purchase contracts, and, if applicable, collateral or depositary arrangements relating to the stock purchase contracts or stock purchase units, which will be filed with the SEC each time we issue stock purchase contracts or stock purchase units. If any particular terms of the stock purchase contracts or stock purchase units described in the prospectus supplement differ from any of the terms described herein, then the terms described herein will be deemed superseded by that prospectus supplement. Material United States federal income tax considerations applicable to the stock purchase units and the stock purchase contracts will also be discussed in the applicable prospectus supplement.

PLAN OF DISTRIBUTION

We may sell the securities being offered hereby in one or more of the following ways from time to time:

to underwriters for resale to purchasers;

directly to purchasers; or

through agents or dealers to purchasers.

In addition, The Stanley Works may enter into derivative or hedging transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. In connection with such a transaction, the third parties may sell securities covered by and pursuant to this prospectus and an applicable prospectus supplement. If so, the third party may use securities borrowed from us or others to settle such sales and may use securities received from us to close out any related short positions. We may also loan or pledge securities covered by this prospectus and an applicable prospectus supplement to third parties, who may sell the loaned securities or, in an event of default in the case of a pledge, sell the pledged securities pursuant to this prospectus and the applicable prospectus supplement.

We will identify the specific plan of distribution, including any underwriters, dealers, agents or direct purchasers and their compensation in a prospectus supplement.
