Questions and Answers

Following are some commonly asked questions raised by our stockholders and answers to each of those questions.

1. What may I vote on at the Annual Meeting?

At the Annual Meeting, stockholders will consider and vote upon the following matters: (1) the re-election of three directors to serve on the Company's Board of Directors until the 2009 Annual Meeting of Stockholders; (2) the ratification of the appointment of PricewaterhouseCoopers LLP as independent accountants for the Company for the fiscal year ending December 31, 2006; (3) the approval of an amendment to the Company's Restated Certificate of Incorporation to increase the number of authorized shares of common stock from 100,000,000 to 200,000,000; and (4) such other matters as may properly come before the Annual Meeting or any adjournment or postponement thereof.

2. How does the Board recommend that I vote on the proposals?

The Board of Directors recommends a vote FOR each proposal.

3. How do I vote?

Sign and date each proxy card you receive and return it in the postage-paid envelope prior to the Annual Meeting.

4. Can I revoke my proxy?

You have the right to revoke your proxy at any time before the Annual Meeting by: (1) notifying the Secretary of the Company in writing; (2) voting in person; or (3) returning a later-dated proxy card.

5. Who will count the vote?

U.S. Stock Transfer Corporation will count the votes and act as the inspector of election.

6. What shares are included on the proxy card(s)?

The shares on your proxy card(s) represent ALL of your shares. If you do not return your proxy card(s), your shares will not be voted.

7. What does it mean if I get more than one proxy card?

If your shares are registered differently and are in more than one account, you will receive more than one proxy card. Sign and return all proxy cards to ensure that all your shares are voted. We encourage you to have all accounts registered in the same name and address (whenever possible). You can accomplish this by contacting our transfer agent, U.S. Stock Transfer Corporation, or if your shares are held in "street name," by contacting the broker or bank holding your shares.

8. Who is entitled to vote at the Annual Meeting?

Only holders of record of the Company's Acacia Research - Acacia Technologies common stock ("AR - Acacia Technologies stock") and Acacia Research - CombiMatrix common stock ("AR - CombiMatrix stock") as of the close of business on March 27, 2006, are entitled to notice of and to vote at the Annual Meeting. The AR - Acacia Technologies stock and the AR - CombiMatrix stock are sometimes referred to collectively as "Acacia common stock."

9. How many votes may be cast?

As of March 27, 2006, the record date for the Annual Meeting, 27,766,909 shares of AR - Acacia Technologies stock and 38,992,402 shares of AR - CombiMatrix stock, the only outstanding voting securities of the Company, were issued and outstanding. At the meeting, each outstanding share of AR - Acacia Technologies stock will be entitled to 4.043 votes, and each outstanding share of AR - CombiMatrix stock will be entitled to one vote. The voting rights of the AR - Acacia Technologies stock have been determined based on the market values of each class of Acacia common stock in accordance with the formula set forth in our Restated Certificate of Incorporation. The holders of AR - Acacia Technologies stock and AR - CombiMatrix stock will vote together as a single class at the meeting.

10. What is a "quorum" at the Annual Meeting?

A "quorum" is a majority of the outstanding shares entitled to vote. The shares may be present or represented by proxy. For the purposes of determining a quorum, shares held by brokers or nominees will be treated as present even if the broker or nominee does not have discretionary power to vote on a particular matter or if instructions were never received from the beneficial owner. These shares are called "broker non-votes." Abstentions will be counted as present for quorum purposes.

11. What vote is required to approve each proposal?

For the election of directors, once a quorum has been established, the nominees for director who receive the most votes will be elected directors of the Company. To ratify the appointment of the independent accountants, a majority of the shares represented at the Annual Meeting, either in person or by proxy, must be voted in favor of the proposal. To approve the amendment of the Company's Restated Certificate of Incorporation, a majority of the outstanding shares entitled to vote must be voted in favor of the proposal.

If a broker indicates on its proxy that it does not have discretionary authority to vote on a particular matter, the affected shares will be treated as not present and entitled to vote with respect to that matter, even though the same shares may be considered present for quorum purposes and may be entitled to vote on other matters.

12. What happens if I abstain?

Proxies marked "abstain" will be counted as shares present for the purpose of determining the presence of a quorum, but for purposes of determining the outcome of a proposal, shares represented by such proxies will not be treated as affirmative votes. For proposals requiring an affirmative vote of a majority of the outstanding shares entitled to vote or a majority of the shares present, an abstention is equivalent to a "no" vote.

13. How will voting on any other business be conducted?

Although the Company does not know of any business to be considered at the Annual Meeting other than the proposals described in this proxy statement, if any other business is properly presented at the Annual Meeting, your signed proxy card gives authority to the proxy holders, Robert L. Harris, II and Robert A. Berman, to vote on such matters at their discretion.

14. Who are the largest principal stockholders?

For information regarding holders of more than 5% of the Company's outstanding common stock, see "Security Ownership of Certain Beneficial Owners and Management."

15. Who will bear the cost of this solicitation?

The Company will bear the entire cost of the solicitation. The Company will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses incurred in sending proxies and proxy solicitation materials to stockholders. Proxies may also be solicited in person, by telephone, or by facsimile by directors, officers and employees of the Company without additional compensation. The Company has retained Georgeson Shareholder Communications, Inc. ("Georgeson") to perform various solicitation services. The Company will pay Georgeson a fee of \$5,500, plus phone and other related expenses, in connection with their solicitation services.

MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING**PROPOSAL NO. 1:****ELECTION OF DIRECTORS****General**

Director Qualification Standards

There are no specific minimum qualifications that the Nominating and Governance Committee requires to be met by a director nominee recommended for a position on the Board, nor are there any specific qualities or skills that are necessary for one or more members of our Board to possess, other than as are necessary to meet the requirements of the rules and regulations applicable to us. The Nominating and Governance Committee considers a potential candidate's experience, areas of expertise, and other factors relative to the overall composition of the Board, including the following characteristics:

- the highest ethical standards and integrity;
- a willingness to act on and be accountable for Board decisions;
- an ability to provide wise, informed, and thoughtful counsel to top management on a range of issues;
- a history of achievement that reflects high standards for the director candidate and others;
- loyalty and commitment to driving the success of the Company;

The Nominating and Governance Committee has the following policy with regard to the consideration of any director candidates recommended by security holders:

- A stockholder wishing to nominate a candidate for election to the Board at the next annual meeting is required to give written notice addressed to the Secretary, Acacia Research Corporation, 500 Newport Center Drive, 7th Floor, Newport Beach, CA 92660, of his or her intention to make such a nomination. The notice of nomination must have been received by the Secretary at the address below no later than December 31, 2006, in order to be considered for nomination at the next annual meeting.
- The notice of nomination must include information regarding the recommended candidate relevant to a determination of whether the recommended candidate would be barred from being considered independent under Nasdaq Stock Market's Listing Qualifications or, alternatively, a statement that the recommended candidate would not be so barred. A nomination which does not comply with the above requirements will not be considered.

The Nominating and Governance Committee considers director candidates that are suggested by members of the Nominating and Governance Committee, the Board, as well as management and stockholders. The Nominating and Governance Committee may, in the future, also retain a third-party executive search firm to identify candidates on terms and conditions acceptable to the Nominating and Governance Committee, in its sole discretion. The process by the Nominating and Governance Committee for identifying and evaluating nominees for director, including nominees recommended by stockholders, involves (with or without the assistance of a retained search firm), compiling names of potentially eligible candidates, conducting background and reference checks, conducting interviews with the candidate and others (as schedules permit), meeting to consider and approve the final candidates and, as appropriate, preparing and presenting to the full Board an analysis with regard to particular recommended candidates. The Nominating and Governance Committee endeavors to identify director nominees who have the highest personal and professional integrity, have demonstrated exceptional ability and judgment, and, together with other director nominees and members, are expected to serve the long term interest of our stockholders and contribute to our overall corporate goals.

If the stockholders of the Company do not ratify the selection of PricewaterhouseCoopers LLP, or if such firm should decline to act or otherwise become incapable of acting, or if the Company's employment of PricewaterhouseCoopers LLP should be discontinued, the Board of Directors, on the recommendation of the Audit Committee, will appoint substitute independent accountants. A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting, will be given the opportunity to make a statement if he or she so desires, and will be available to respond to appropriate questions.

Required Vote

The favorable vote of a majority of votes cast regarding the proposal is required to ratify the appointment of PricewaterhouseCoopers LLP.

The Board of Directors recommends that the stockholders vote FOR the ratification of the appointment of PricewaterhouseCoopers LLP to serve as the Company's independent accountants for the fiscal year ending December 31, 2006. Proxies received will be so voted unless stockholders specify otherwise in the proxy.

PROPOSAL NO. 3:

APPROVAL OF AMENDMENT TO RESTATED CERTIFICATE OF INCORPORATION

The stockholders are being asked to approve an amendment to the Company's Restated Certificate of Incorporation (the "Restated Certificate") to increase the number of authorized shares of common stock from 100,000,000 to 200,000,000, with 100,000,000 each designated as AR - Acacia Technologies Common Stock and AR - CombiMatrix Common Stock.

On February 16, 2006, the Company's Board of Directors adopted resolutions approving and authorizing the amendment and directing that the amendment be submitted to a vote of the stockholders at the Annual Meeting. A copy of the proposed amendment to our Restated Certificate affecting the increase in our authorized shares is attached hereto as Exhibit A. The Board determined that the amendment is advisable and in the best interests of the Company and its stockholders and unanimously recommends approval by the stockholders.

If the stockholders approve the proposed amendment, the Board of Directors may proceed to file the amendment, thereby making the increase in authorized capital effective upon the filing of such amendment. The Board of Directors may, in its discretion, abandon the amendment to increase the authorized capital. If the Board of Directors determines that it advisable and is in the best interests of the Company and its stockholders to proceed with the increase in authorized capital, the Board of Directors will, subject to stockholder approval, file with the Secretary of State of the

State of Delaware a Certificate of Amendment to the Restated Certificate increasing the Company's authorized capital as set forth in this proposal.

The Restated Certificate currently authorizes the issuance of up to 110,000,000 shares of its capital stock, including 50,000,000 shares designated as AR - Acacia Technologies Common Stock, 50,000,000 shares designated as AR - CombiMatrix Common Stock and 10,000,000 shares designated as Preferred Stock. Of the 110,000,000 shares of stock currently authorized, as of the close of business on March 27, 2006, there were 27,766,909 shares of AR - Acacia Technologies Common Stock issued and outstanding, 38,992,402 shares of AR - CombiMatrix Common Stock issued and outstanding, and no shares of Preferred Stock issued and outstanding. In addition, as of March 27, 2006, the Company has reserved up to approximately 15,605,373 shares of common stock for issuance pursuant to outstanding stock options and warrants.

Reasons for Increase

The Board of Directors has proposed this amendment to ensure that the Company has sufficient shares available for general corporate purposes including, without limitation, equity financings, acquisitions, establishing strategic relationships with corporate partners, providing equity incentives to employees, and payments of stock dividends, stock splits or other recapitalizations. The Company considers, from time to time, acquisitions, equity financings, strategic relationships and other transactions as market conditions or other opportunities arise. Without an increase in the shares of common stock authorized for issuance, the Company might not be able to conclude any such transaction in a timely fashion.

Effect of Increase

If the stockholders approve the proposed amendment, the Board may cause the issuance of additional shares of common stock without further vote of the stockholders of the Company, except as may be required in particular cases by the Company's charter documents, applicable law or the rules of any national securities exchange on which shares of common stock of the Company may then be listed. Under the Company's Restated Certificate, the Company's stockholders do not have preemptive rights to subscribe to additional securities that may be issued by the Company, which means that current stockholders do not have a prior right to purchase any new issue of capital stock of the Company in order to maintain their proportionate ownership of common stock. In addition, if the Board elects to cause the Company to issue additional shares of common stock or securities convertible into or exercisable for common stock, such issuance could have a dilutive effect on the voting power and earnings per share of existing stockholders.

The increase in the number of authorized shares of common stock could have an anti-takeover effect, although this is not the intent of the Board in proposing the amendment. For example, if the Board issues additional shares in the future, such issuance could dilute the voting power of a person seeking control of the Company, thereby deterring or rendering more difficult a merger, tender offer, proxy contest or an extraordinary transaction opposed by the Board of Directors. As of the date of this Proxy Statement, the Board is not aware of any attempt or plan to obtain control of the Company.

The Board of Directors recommends that the stockholders vote FOR the approval of the amendment to the Restated Certificate of Incorporation increasing the number of authorized shares of common stock.

OTHER MATTERS

The Company knows of no other matters to be submitted to the stockholders at the Annual Meeting. If any other matters properly come before the stockholders at the Annual Meeting, it is the intention of the persons named on the enclosed proxy card to vote the shares they represent as the Board of Directors may recommend.

Employment Agreements

The Company has not entered into employment contracts with any of its Named Executive Officers, nor does the Company have any agreement or arrangement with any such Named Executive Officers relating to a change in control of the Company.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee of the Company's Board of Directors currently consists of Messrs. de Boom, Currie, Frykman and Graziadio. None of these individuals was an officer or employee of the Company at any time during 2005 or at any other time. No current executive officer of the Company has ever served as a member of the board of directors or compensation committee of any other entity that has or has had one or more executive officers serving as a member of the Company's Board of Directors or Compensation Committee.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Company's executive compensation program is administered by the Compensation Committee of the Board of Directors. The Compensation Committee is responsible for approving the compensation package of each executive officer and recommending it to the Board of Directors as well as administering the 2002 Acacia Technologies Stock Incentive Plan and the 2002 CombiMatrix Stock Incentive Plan. In making decisions regarding executive compensation, the Compensation Committee considers the input of the Company's management and other directors.

The Company's executive compensation program consists of a mixture of base salary, cash bonuses, stock option awards and restricted stock awards. In determining the total amount and mixture of the compensation package for each executive officer, the Compensation Committee and the Board of Directors subjectively consider the overall value to the Company of each executive in light of numerous factors such as competitive position, individual performance, including past and expected contribution to the Company's goals of each executive officer, and the Company's long-term needs and goals, including attracting and retaining key management personnel.

The Compensation Committee will periodically review the individual base salaries of the executive officers, and adjust salaries based on individual job performance and changes in the officer's duties and responsibilities. In making salary decisions, the Compensation Committee exercises its discretion and judgment based on these factors. No specific formula is applied to determine the weight of each factor.

Long-term incentive compensation is realized through granting of stock options and restricted stock awards to most employees, including eligible executive officers. The Company has no other long-term incentive plans. Stock options and restricted stock awards are granted by the Company to aid in the retention of employees and to align the interests of employees with those of the stockholders. In addition, the Compensation Committee believes that the grant of an equity interest serves to link management interests with stockholder interests and to motivate executive officers to make long-term decisions that are in the best interests of the Company and the stockholders as well as provides an incentive to maximize stockholder value. Stock options have value for an employee only if the price of the Company's common stock increases above the exercise price, and the employee remains in the Company's employ for the period required for the stock to be exercisable, thus providing an incentive to remain in the Company's employ.

Executive Severance Policy. The Company's Executive Severance Policy provides that, in the event of involuntary termination of employment of an executive officer for other than cause or other than on account of death or disability, the Company shall pay to the executive officer a lump sum amount equal to the aggregate of the officer's annual base salary through the date of termination and any compensation previously deferred by the executive officer, any accrued vacation pay, and reimbursable expenses, as well as three (3) months of the executive officer's base salary for each full year that the officer was employed by the Company, up to a maximum of twelve (12) months of the executive officer's base salary. In addition, the Executive Severance Policy provides for paid COBRA coverage for the medical and dental benefits selected by the executive officer in the year in which the termination occurs.

Compensation of Chief Executive Officer. Paul R. Ryan, the Company's Chairman and Chief Executive Officer, received an annual base salary of \$299,481 and a bonus in the amount of \$5,894 in 2005, as well as a restricted stock award of 35,000 shares of AR - Acacia Technologies stock as set forth above under the Summary Compensation Table. The cash amount paid to Mr. Ryan in the form of base salary and bonus and the stock option grant was recommended to the Board of Directors by the Compensation Committee. In exercising its discretion and judgment in reaching its recommendation, the Compensation Committee took into consideration the various factors and criteria described above. The Board of Directors approved the Compensation Committee's recommendation.

Section 162(m) of the Internal Revenue Code. The Company does not believe Section 162(m) of the Internal Revenue Code of 1986, as amended, which disallows a tax deduction for certain compensation in excess of \$1 million, will generally have an effect on the Company. The Compensation Committee reviews the potential effect of Section 162(m) periodically and will consider various alternatives for preserving the deductibility of compensation payments. However, the Compensation Committee will not necessarily limit compensation to that which is deductible.

Respectfully Submitted by the Compensation
Committee of the Board of Directors,

Rigdon Currie

AUDIT COMMITTEE REPORT

The following is the report of the Audit Committee with respect to the Company's audited financial statements for 2005, which include the consolidated balance sheets of the Company as of December 31, 2005 and 2004, and the related consolidated statements of operations, shareholders' equity and cash flows for each of the three years in the period ended December 31, 2005, and the notes thereto.

Composition. The Audit Committee of the Board of Directors is comprised of three directors and operates under a written charter adopted by the Board of Directors. The members of the Audit Committee are Fred A. de Boom, Thomas B. Akin and Edward W. Frykman. All members of the Audit Committee are "independent," as defined in Rule 10A-3 under the Exchange Act and Rule 4200(a)(14) of the Marketplace Rules contained in the National Association of Securities Dealers Manual, and financially literate.

Responsibilities. The responsibilities of the Audit Committee include recommending to the Board of Directors an accounting firm to be engaged as the Company's independent accountants. Management has primary responsibility for the Company's internal controls and financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Audit Committee's responsibility is to oversee these processes.

Review with Management and Independent Accountants. The Audit Committee has reviewed the Company's consolidated audited financial statements and met separately, and held discussions with, management and PricewaterhouseCoopers LLP, the Company's independent accountants. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee discussed with PricewaterhouseCoopers LLP matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees."

The Company's independent accountants also provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and the Audit Committee discussed with the independent accountants, PricewaterhouseCoopers LLP, the firm's independence.

Conclusion. Based upon the Audit Committee's discussions with management and the independent accountants, the Audit Committee's review of the representations of management and the report of the independent accountants to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2005, as filed with the SEC.

Reappointment of Independent Auditors. In February 2006 the Audit Committee recommended to the Board of Directors the reappointment of PricewaterhouseCoopers LLP as the Company's independent accountants for the fiscal year ending December 31, 2006. The Audit Committee wishes to thank Robert Irving of Pricewaterhouse Coopers LLP for his service to the Company as audit partner over the past five years. The Audit Committee looks forward to working with Anne-Marie Vitale, who will be the Company's audit partner at Pricewaterhouse Coopers LLP for the next five years.

This report is submitted by the Audit Committee of the Board of Directors.

STOCK PERFORMANCE GRAPH

The Stock Performance Graph depicted below compares the yearly change in the Company's cumulative total stockholder return for the last five fiscal years with the cumulative total return of the Nasdaq Stock Market (U.S.) Index and the Nasdaq Biotech Index.

	2001	2002	2003	2004	2005
Acacia Research Corporation	\$ 100	\$ 28	\$ 66	\$ 69	\$ 70
Nasdaq Index	\$ 100	\$ 68	\$ 103	\$ 111	\$ 113
Nasdaq Biotech Index	\$ 100	\$ 55	\$ 80	\$ 85	\$ 87

The graph covers the period from December 31, 2001 to December 31, 2005. Cumulative total returns are calculated assuming that \$100 was invested on December 31, 2001, in the Company's common stock, and in each index, and that all dividends were reinvested. The Company has not paid or declared any cash dividends on its common stock. On December 13, 2002, each share of the Company's common stock was converted into one share of AR - Acacia Technologies stock and 0.5582 of a share of AR - CombiMatrix stock. As a result, the graph reflects a composite return for the two classes of the Company's common stock. Stockholder returns over the indicated period should not be considered indicative of future stock prices or shareholder returns.

The preceding Stock Performance Graph, Audit Committee Report and Compensation Committee Report are not considered proxy solicitation materials and are not deemed filed with the SEC. Notwithstanding anything to the contrary set forth in any of the Company's previous filings made under the Securities Act of 1933, as amended, or the Exchange Act that might incorporate future filings made by the Company under those statutes, the Stock Performance Graph, Audit Committee Report and Compensation Committee Report shall not be incorporated by reference into any such prior filings or into any future filings made by the Company under those statutes.

Certain Transactions

Since January 1, 2005, there has not been any transaction or series of similar transactions to which the Company was or is a party in which the amount involved exceeded or exceeds \$60,000 and in which any director, executive officer, holder of more than 5% of any class of the Company's voting securities, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest.

Indemnification Agreements with Directors and Officers. In addition to the indemnification provisions contained in the Company's Restated Certificate of Incorporation and Bylaws, the Company has entered into separate indemnification agreements with each of its directors and officers. These agreements require the Company, among other things, to indemnify each such director or officer against expenses (including attorneys' fees), damages, judgments, fines, penalties and settlements paid by such individual in connection with any action, suit or proceeding arising out of such individual's status or service as a director or officer of the Company (other than liabilities with respect to which such individual receives payment from another source, arising in connection with certain final legal judgments, arising from willful misconduct or conduct that is knowingly fraudulent or deliberately dishonest, or which the Company is prohibited by applicable law from paying) and to advance expenses incurred by such individual in connection with any proceeding against such individual with respect to which such individual may be entitled to indemnification by the Company.

Section 16(a) of the Exchange Act requires the Company's directors, executive officers and holders of more than 10% of the Company's common stock to file with the SEC initial reports of ownership and reports of changes in ownership of the Company's common stock. This practice, known as "householding," is designed to reduce our printing and postage costs. However, if any stockholder residing at such an address wishes to receive a separate Form 10-K or proxy statement in the future, they may telephone our Corporate Secretary at (949) 480-8300 or write to him at Acacia Research Corporation, 500 Newport Center Drive, Newport Beach, California 92660. In order for a stockholder proposal not intended to be subject to Rule 14a-8 (and thus not subject to inclusion in our proxy statement) to be considered "timely" within the meaning of Rule 14a-4 under the Securities Exchange Act of 1934, as amended, and pursuant to our bylaws, notice of any stockholder proposals must be delivered to the Company's Secretary in writing not less than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the 2006 Annual Meeting, after which a proposal is untimely. In the event that the date of the 2007 Annual Meeting is more than 30 days before or more than 70 days after such anniversary date, notice by the stockholder must be so delivered not earlier than the close of business on the 120th day prior to the 2007 Annual Meeting and not later than the close of business on the later of the 90th day prior to the 2007 Annual Meeting or the 10th day following the day on which public announcement of the date of the 2007 Annual Meeting is first made by the Company. A stockholder's notice to the Secretary must set forth for each matter proposed to be brought before the annual meeting (a) a brief description of the matter the stockholder proposes to bring before the meeting and the reasons for conducting such business at the meeting, (b) the name and address of the stockholder proposing such business, (c) the number of shares of the Company's common stock which are beneficially owned by the stockholder, and (d) any material interest of the stockholder in such business.
