**Yum! Brands Inc. Announces 15% Increase in Quarterly Dividend
and New \$500 Million Share Repurchase Program**

Louisville, Ky. - May 19, 2005 - Yum! Brands Inc. (NYSE: YUM) today announced that the Board of Directors

- Approved a 15% increase in the quarterly cash dividend
- Approved a new \$500 million share-repurchase program.

David C. Novak, Chairman and Chief Executive Officer, said, "We remain focused on delivering a balanced total return to our shareholders every year while building an even stronger balance sheet. The increase in our quarterly dividend adds to our significant return of capital to shareholders. We had a record level of share buybacks last year, \$569 million, in addition to paying the first two quarterly cash dividends in our company's history."

The dividend increase reflects the Board's ongoing confidence in the long-term strength of our company in terms of generating at least 10% annual EPS growth and substantial cash flow each year even after investing capital in all our growth opportunities around the world. Our confidence is based on the diversity of our unique global portfolio and the ongoing execution of our four key growth strategies, which make us anything but an ordinary restaurant company. Our strategies include building dominant restaurant brands in China, driving profitable international expansion, steadily improving restaurant operations, and multibranding U.S. category-leading brands.

DIVIDEND INCREASE

The company's Board of Directors approved a 15% increase in the quarterly cash dividend payment, from \$0.10 per share to \$0.115 per share, an increase of \$0.015 per share. This higher cash dividend payment will be distributed in the company's third fiscal quarter on August 5, 2005, to shareholders of record at the close of business on July 15, 2005. The company continues to target a payout ratio in the range of 15% to 20% of annual net earnings. The company's first-ever quarterly cash dividend was paid August 6, 2004.

SHARE REPURCHASE

The company's Board of Directors authorized the repurchase of up to an additional \$500 million of the company's outstanding common stock over a period of up to 12 months. In January 2005, the Board authorized the repurchase of up to \$500 million of the company's stock. This program is in the process of being completed.

The Board's action reflects the belief that the company's shares represent an outstanding long-term investment opportunity given the performance of the company's global business portfolio. Driven by stronger cash flow expectations for 2005, we now expect to invest at least \$600 million in share buybacks for the full year, a new record said Rick Carucci, Yum! Brands' Chief Financial Officer.

Repurchases of common stock may be made from time to time in open market and/or privately negotiated transactions and will be subject to market conditions and other factors. Since the company began its share repurchase

program in 1999, over 58 million shares have been repurchased for approximately \$1.6 billion at an average price of \$28.26.
