PROXY STATEMENT

**ANNUAL MEETING OF SHAREHOLDERS
To Be Held April 27, 2004**

GENERAL INFORMATION

The enclosed proxy is being solicited by the Board of Directors of Aaron Rents, Inc. (the "Company") for use at the 2004 annual meeting of shareholders to be held on Tuesday, April 27, 2004 (the "Annual Meeting"), and any adjournment thereof.

Each proxy that is properly executed and returned by a shareholder will be voted as specified thereon by the shareholder unless it is revoked. Shareholders are requested to execute the enclosed proxy and return it in the enclosed envelope. If no direction is specified on the proxy as to any matter being acted upon, the shares represented by the proxy will be voted in favor of such matter. Any shareholder giving a proxy has the power to revoke it at any time before it is voted by executing another proxy bearing a later date or by written notification to the Secretary of the Company. Shareholders who are present at the Annual Meeting may revoke their proxy and vote in person.

The presence, in person or by proxy, of holders of a majority of the outstanding shares of the Company's Class A Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum. The affirmative vote of a plurality of the holders of shares of the Company's Class A Common Stock present, in person or represented by proxy, at the Annual Meeting will be necessary to elect the nominees for director listed in this Proxy Statement. The affirmative vote of the holders of a majority of the shares of Class A Common Stock present, in person or represented by proxy, at the Annual Meeting will be necessary to approve the amendment to the Company's 2001 Stock Option and Incentive Award Plan increasing the number of shares of Common Stock reserved for issuance under the Plan, provided that at least a majority of the outstanding shares of the Class A Common Stock are voted for or against, or abstain from voting on, the Plan amendment. For other matters that may be properly presented at the Annual Meeting, the matter will be approved if more shares of Class A Common Stock are voted in favor of the matter than against it, unless a greater vote is required by law.

Abstentions and broker non-votes will be included in determining whether a quorum is present at the Annual Meeting. Broker non-votes are proxies received from brokers or other nominees holding shares on behalf of their clients who have not received specific voting instructions from their clients with respect to non-routine matters, such as the approval of the amendment to the 2001 Stock Option and Incentive Award Plan. Because directors are elected by a plurality of the votes cast, abstentions and broker non-votes have no effect on the election of the nominees for director. An abstention or broker non-vote will have the same effect as a negative vote on the approval of the amendment to the 2001 Stock Option and Incentive Award Plan.

Only shareholders of record of Class A Common Stock at the close of business on March 5, 2004 are entitled to vote at the Annual Meeting. A list of all shareholders entitled to vote will be available for inspection at the Annual Meeting. As of March 5, 2004, the Company had 5,597,520 shares of Class A Common Stock and 27,468,415 shares of Common Stock outstanding. Each share of Class A Common Stock entitles the holder thereof to one vote for the election of directors and any other matters that may come before the Annual Meeting. The holders of the Common Stock are not entitled to vote with respect to the election of directors or the other proposal described herein or with respect to most other matters presented to the shareholders for a vote.

Edgar Filing: AARON RENTS INC - Form DEF 14A

The Company will bear the cost of soliciting proxies, including the charges and expenses of brokerage firms, banks, and others for forwarding solicitation material to beneficial owners of shares of the Company's Class A Common Stock. The principal solicitation is being made by mail; however, additional solicitation may be made by telephone, telegraph, or personal interview by officers of the Company who will not be additionally compensated therefore. It is anticipated that this Proxy Statement and the accompanying proxy will first be mailed to shareholders on March 30, 2004.

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers, and persons who own more than 10% of either class of the Company's common stock, to file with the Securities and Exchange Commission certain reports of beneficial ownership of the Company's common stock. Based solely on copies of such reports furnished to the Company and written representations that no other reports were required, the Company believes that all applicable Section 16(a) filing requirements were complied with by its directors, officers, and 10% shareholders during the year ended December 31, 2003.

ELECTION OF DIRECTORS (Item 1)

The Company's Bylaws provide for the Board of Directors to be comprised of eleven members. The Board recommends the election of the ten nominees listed below to constitute the entire Board, who will hold office until the next annual meeting of shareholders and until their successors are elected and qualified. If, at the time of the Annual Meeting, any of such nominees should be unable to serve, the persons named in the proxy will vote for such substitutes or will vote to reduce the number of directors for the ensuing year, as the Board recommends, but in no event will the proxy be voted for more than ten nominees. Management has no reason to believe any substitute nominee or reduction in the number of directors for the ensuing year will be required. The Board has not named an eleventh nominee for director, which will result in a vacancy on the Board until the Board names additional nominees or reduces the size of the Board to ten members.

All of the nominees listed below are now directors of the Company and have consented to serve as directors if elected. The following information relating to age, positions with the Company, principal occupation, directorships in companies with a class of securities registered pursuant to Section 12 of the Securities Exchange Act of 1934, as amended, subject to the requirements of Section 15(d) of that Act or registered as an investment company under the Investment Company Act of 1940, has been furnished by the respective nominees.

-
- * Member of the Stock Option Committee of the Board of Directors.
Member of the Audit Committee of the Board of Directors.

There are no family relationships among any of the executive officers, directors, and nominees of the Company, except that Robert C. Loudermilk, Jr. is the son of R. Charles Loudermilk, Sr.

The Board held four meetings during the year ended December 31, 2003. In 2003, each director attended at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings of all committees on which he or she served, except for Mr. Kolb who joined the Board in August 2003. Mr. Kolb was initially recommended to the Board for consideration as a director by one of the Board's other non-management directors.

Committees of the Board of Directors

The Board has a standing Audit Committee which is composed of Messrs. Allen, Dolive, and Kolb. All of the members of the Committee are "independent" within the meaning of the listing standards of the New York Stock Exchange, and the Board has determined that Mr. Dolive is an "audit committee financial expert" within the meaning of the rules of the Securities and Exchange Commission. The function of the Audit Committee is to assist the Board of Directors in fulfilling their oversight responsibility relating to: the integrity of the Company's financial statements; the financial reporting process; the systems of internal accounting and financial controls; the performance of the Company's internal audit function and independent auditors; the independent auditors' qualifications and independence; and the Company's compliance

5

with ethics policies and legal and regulatory requirements. Among other responsibilities, the Audit Committee is directly responsible for the appointment, compensation, retention, and termination of the independent auditors, who report directly to the Committee. The Audit Committee operates pursuant to a written charter adopted by the Board and attached hereto as Appendix A. The Audit Committee held four meetings during the year ended December 31, 2003. Please see page 17 for the 2003 Audit Committee Report.

The Board has a Stock Option Committee, which is composed of Mr. Benatar and Ms. Jones. The function of the Stock Option Committee is to administer the Company's stock option plans. The Stock Option Committee held four meetings during the year ended December 31, 2003.

The Board does not have a nominating or compensation committee. Certain New York Stock Exchange listing criteria related to nominating and compensation committees and the composition of the Board are not applicable to the Company because a majority of its voting Class A Common Stock is beneficially owned by the Chairman and Chief Executive Officer, Mr. Loudermilk, Sr.

In addition to these committees, the non-management and independent members of the Board meet from time to time in executive session, without management present.

Director Nominations

The Board of Directors is responsible for considering and making recommendations to the shareholders concerning nominees for election as director at the Company's meetings of shareholders, and nominees for appointments to fill any vacancy on the Board. Because of the practical necessity that a candidate for director must be acceptable to Mr. Loudermilk, Sr., in his capacity as holder of a majority of the Company's voting stock, in order to be elected, the Board believes it is desirable for the nominations function to be fulfilled by the full Board, including Mr. Loudermilk, Sr., rather than by a nominating committee that does not include him.

To fulfill its nominations responsibilities, the Board periodically considers what experience, talents, skills and other characteristics the Board as a whole should possess in order to maintain its effectiveness. In determining whether to nominate an incumbent director for reelection, the Board evaluates each incumbent's continued service, in light of the Board's collective requirements. When the need for a new director arises (whether because of a newly created Board seat or vacancy), the Board proceeds by whatever means it deems appropriate to identify a qualified candidate or candidates. The Board evaluates the qualifications of each candidate. Final candidates are generally interviewed by one or more Board members before the Board makes a decision.

At a minimum, directors should have high moral character and personal integrity, demonstrated accomplishment in his or her field and the ability to devote sufficient time to carry out the duties of a director. In addition to these minimum qualifications, in evaluating candidates the Board may consider all information relevant in their business judgment to the decision of whether to nominate a particular candidate for a

particular Board seat, taking into account the then current composition of the Board. These factors may include: a candidate's professional and educational background, reputation, industry knowledge and business experience, and the relevance of those characteristics to the Company and the Board; whether the candidate will complement or contribute to the mix of talents, skills and other characteristics needed to maintain the Board's effectiveness; the candidate's ability to fulfill the responsibilities of a director and of a member of one or more of the Board's standing committees; and input from the Company's majority shareholder.

Nominations of individuals for election to the Board at any meeting of shareholders at which directors are to be elected may be made by any shareholder entitled to vote for the election of directors at that meeting by complying with the procedures set forth in Article III, Section 3 of the Company's Bylaws. Article III, Section 3 generally requires that shareholders submit nominations by written notice to the

6

President setting forth certain prescribed information about the nominee and nominating shareholder. That section also requires that the nomination be submitted at a prescribed time in advance of the meeting, as described below in SHAREHOLDER PROPOSALS FOR 2005 ANNUAL MEETING.

The Board will consider including in its slate of director nominees for an annual shareholders' meeting a nominee submitted to the Company by a shareholder. In order for the Board to consider such nominees, the nominating shareholder should submit the information about the nominee and nominating shareholder described in Article III, Section 3 of the Bylaws to the President at the Company's principal executive offices at least 120 days before the first anniversary of the date that the Company's Proxy Statement was released to shareholders in connection with the previous year's annual meeting of shareholders. The nominating shareholder should expressly indicate that such shareholder desires that the Board consider such shareholder's nominee for inclusion with the Board's slate of nominees for the meeting. The nominating shareholder and shareholder's nominee should undertake to provide, or consent to the Company obtaining, all other information the Board requests in connection with its evaluation of the nominee.

The shareholder's nominee must satisfy the minimum qualifications for director described above. In addition, in evaluating shareholder nominees for inclusion with the Board's slate of nominees, the Board may consider all relevant information, including the factors described above; whether there are or will be any vacancies on the Board; and the size of the nominating shareholder's holdings in the Company and the length of time such shareholder has owned such holdings.

PROPOSAL TO AMEND THE COMPANY'S 2001 STOCK OPTION AND INCENTIVE AWARD PLAN (Item 2)

The Board of Directors adopted the Company's 2001 Stock Option and Incentive Award Plan (the "2001 Plan") on March 13, 2001 and the 2001 Plan was subsequently approved by the shareholders at the 2001 annual meeting of shareholders. The 2001 Plan became effective as of March 13, 2001. On February 16, 2004, the Board of Directors voted to amend the 2001 Plan, subject to shareholder approval, to increase the number of the shares of Common Stock reserved for issuance under the 2001 Plan from 900,000 to 1,900,000. The initial number of shares reserved for issuance has been depleted by incentive awards. As of December 31, 2003, options for 2,190,150 shares of Common Stock were outstanding under the 2001 Plan and the Company's former 1996 stock option plan.

Shareholder approval of the amendment to the 2001 Plan is sought to (1) qualify the 2001 Plan pursuant to Rule 16b-3 under the Exchange Act, and thereby render certain transactions under the 2001 Plan exempt from certain provisions of Section 16 of the Exchange Act, (2) qualify certain types of awards under the 2001 Plan as "performance based" compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), and thereby allow the Company to exclude such compensation from the one million dollar cap on the tax deductibility of compensation paid to the "Named Executive Officers" and (3) satisfy the Company's obligations under its listing agreements with The New York Stock Exchange. The amendment to the 2001 Plan, if approved by shareholders, will be effective April 27, 2004.

The following is a summary of certain material features of the 2001 Plan, assuming approval of the amendment:

Generally. The 2001 Plan is a flexible plan that provides the Stock Option Committee of the Board of Directors (the "Committee") broad discretion to fashion the terms of awards to provide eligible participants with such stock-based incentives as the Committee deems appropriate. It permits the issuance of awards in a variety of forms, including: (i) nonqualified stock options ("NQSOs") and incentive stock options ("ISOs", NQSOs, and ISOs collectively, "Stock Options"), (ii) performance shares, and (iii) restricted stock awards.

7

Administration. The 2001 Plan is administered by the Committee. The 2001 Plan vests broad powers in the Committee to administer and interpret the 2001 Plan. The Committee's powers include authority, within the limitations set forth in the 2001 Plan, to (i) select the persons to be granted awards, (ii) determine the size and type of awards, (iii) construe and interpret the 2001 Plan, (iv) establish, amend or waive rules and regulations for the administration of the 2001 Plan, and (v) determine whether an award, award agreement or payment of an award should be amended, reduced or eliminated, to the extent the 2001 Plan gives discretion to the Committee to do so.

Eligibility. In general, employees, directors, independent contractors, consultants and other providers of service to the Company are eligible to receive awards under the 2001 Plan.

Number of Shares Available. The 2001 Plan originally provided for the grant of up to 600,000 shares of Common Stock. Pursuant to the terms of the 2001 Plan, that number was subsequently adjusted to 900,000 in connection with the Company's August 2003 3-for-2 stock split effected in the form of a 50% stock dividend. If the proposed amendment to the 2001 Plan is approved by the Company's shareholders, the number of shares reserved for issuance under the 2001 will be increased to 1,900,000. Under certain circumstances, shares subject to an award that remain unissued upon termination of the award will become available for additional awards under the 2001 Plan. In the event of any future stock dividend, stock split, recapitalization, or similar event, the Committee will equitably adjust the aggregate number of shares subject to the 2001 Plan and the number, class, and price of shares subject to awards outstanding.

Amendment and Termination. The 2001 Plan may be amended, modified, or terminated by the Board of Directors, subject to shareholder approval if such an amendment would materially modify the eligibility requirements thereunder, increase the total number of shares allowed to be issued thereunder, extend the term thereof, require shareholder approval under Rule 16b-3 of the Exchange Act or the listing standards of The New York Stock Exchange or, in any case, if the Board determines that shareholder approval is appropriate. Unless earlier terminated by the Board of Directors or shareholders, the 2001 Plan will terminate on March 13, 2011.

Code Section 162(m). At all times when the Committee determines that it is desirable to satisfy the conditions of Section 162(m) of the Code, all awards granted under the 2001 Plan will comply with such conditions. The Committee is nevertheless empowered to grant awards that would not constitute "performance based" compensation under Section 162(m).

Awards Under the 2001 Plan

Stock Options. The Committee in its discretion determines the number of shares of Common Stock subject to Stock Options to be granted to each participant, but no individual may be granted Stock Options to purchase more than 150,000 shares during any one calendar year. The Committee may grant NQSOs, ISOs, or a combination thereof to eligible persons, provided that ISOs may only be granted to employees. ISOs may only be granted if the aggregate fair market value (determined as of the date the options are granted) of the Common Stock underlying ISOs granted under all plans of the Company that become exercisable for the first time during any calendar year is less than \$100,000. ISOs granted under the 2001 Plan will provide for the purchase of Common Stock at prices not less than 100% of the fair market value thereof on the date the Stock Option is granted. NQSOs granted under the 2001 Plan will provide for the purchase of Common Stock at prices determined by the Committee. No Stock Option granted will be exercisable later than the tenth anniversary date of its grant.

Stock Options are exercisable at such times and subject to such restrictions and conditions as the Committee approves. A holder of NQSOs may be able to transfer the Stock Options, under certain circumstances, to members of his or her immediate family (as defined in the 2001 Plan), to one or more trusts for the benefit of his or her immediate family or to partnerships in which immediate family members are the only partners, if such holder's option agreement expressly permits such transfer and the holder

does not receive any consideration in any form whatsoever for the transfer. Other than the foregoing, Stock Options are not transferable by the holder other than by will or applicable laws of descent and distribution. The option exercise price is payable in cash or, if approved by the Committee, in shares of Common Stock having a fair market value equal to the exercise price or in a combination of cash and such shares.

Performance Shares. The Company may grant performance shares to employees of the Company or its subsidiaries in such amounts, and subject to such terms and conditions, as the Committee in its discretion determines; provided, however, that no individual may earn more than 150,000 performance shares with respect to any performance period. Each performance share will have a value equal to the fair market value of a share of Common Stock on the date the performance share is earned. The Committee in its discretion will set performance goals to be achieved over performance periods of not less than two years. The extent to which the performance goals are met will determine the number of performance shares earned by participants. The performance measure to be used for purposes of grants to Named Executive Officers will be one

or more of the following: total shareholder return, return on assets, return on equity, earnings per share, revenue growth, operating income, estimated earnings, net income, market value of the shares, and pre-tax profit performance, unless and until the Company's shareholders vote to change such performance measures. With respect to employees that are not Named Executive Officers, the Committee may approve performance measures not listed above without shareholder approval.

After the applicable performance period has ended, the Committee will certify the extent to which the established performance goals have been achieved, and each holder of performance shares will be entitled to receive payout on the number of performance shares earned by the participant over the performance period, to be determined as a function of the extent to which the corresponding performance goals have been achieved. The grantee of a performance share award will receive payment, within 75 days following the end of the applicable performance period, of performance shares earned in cash or shares of Common Stock (or in a combination of cash and shares of Common Stock), which have, as of the close of the applicable performance period, an aggregate fair market value equal to the value of the earned performance shares. If the employment of a participant is terminated by reason of death or retirement or at the request of the Company without cause during the performance period, the participant will receive a prorated payout with respect to the performance shares earned, which will be determined by the Committee, in its sole discretion, and will be based upon the length of time the participant held the performance shares during the applicable performance period and upon achievement of the established performance goals. Such payment will be made at the same time as payments are made to participants who did not terminate employment during the applicable performance period. If a participant's employment is terminated for any other reason, all performance shares will be forfeited by the participant to the Company. Performance shares may not be sold, transferred, pledged, assigned or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution.

Restricted Stock. The Committee may from time to time grant restricted stock awards to employees of the Company or its subsidiaries, but no individual may be granted more than 150,000 shares of Restricted Stock during any one calendar year. Each grant of restricted stock will be evidenced by a written grant agreement between the participant and the Company setting forth the terms and conditions of the grant, as determined by the Committee, at its discretion, to be necessary or desirable. Terms may include a requirement for payment by the participant to the Company for the restricted stock.

Each grant of restricted stock will be subject to restrictions, determined by the Committee in its discretion, for a period of at least six months (the "Restricted Period"). Such restrictions may include only the requirement of continued employment or may include other financial performance based criteria established by the Committee. The grant agreement may, at the discretion of the Committee and subject to any prescribed terms and conditions, also provide for the lapse of restrictions upon the occurrence of such specified events as a change in control of the Company or the termination of the participant's employment by reason of the participant's death or retirement.

During the Restricted Period the participant will have all the rights of a Company shareholder, including the right to receive dividends and vote the shares of restricted stock, except as follows. Cash dividends will be paid either in cash or in restricted stock, as the Committee determines. In addition, the restricted stock may not be transferred, assigned or encumbered unless and until all restrictions have lapsed. The restricted stock will be forfeited to the Company if all conditions to the lapse of the restrictions have not been met or waived at or prior to the expiration of the Restricted Period.

Changes In Control. Except as provided otherwise in the applicable award agreement, upon the occurrence of certain change in control events, (i) all Stock Options outstanding will become immediately exercisable; (ii) all restrictions on restricted stock will lapse and (iii) the Committee may, in its discretion, make any other modifications to any awards as determined by the Committee to be deemed appropriate before the effective date of such change in control.

Federal Tax Consequences

The following summary of federal income tax consequences with respect to the 2001 Plan is not comprehensive and is based upon laws and regulations currently in effect. Such laws and regulations are subject to change.

Stock Options. There are generally no federal tax consequences either to the employee receiving Stock Options (the "Optionee") or to the Company upon the grant of a Stock Option. On exercise of an ISO, the Optionee will not recognize any income and the Company will not be entitled to a deduction for tax purposes, although such exercise may give rise to a liability for the Optionee under the Alternative Minimum Tax provisions of the Code. Generally, if the Optionee disposes of shares acquired upon exercise of an ISO within two years of the date of grant or one year after the date of exercise, the Optionee will recognize compensation income and the Company will be entitled to a deduction for tax purposes in the taxable year in which such disposition occurred in the amount of the excess of the fair market value of the shares of Common Stock on the date of exercise over the option exercise price (or the gain on sale, if less). Any additional gain will be capital gain for the optionee. Otherwise, the Company will not be entitled to any deduction for tax purposes upon disposition of such shares, and the entire gain for the

Edgar Filing: AARON RENTS INC - Form DEF 14A

Optionee will be treated as a capital gain. On exercise of a NQSO, the amount by which the fair market value of the Common Stock on the date of exercise exceeds the option exercise price will generally be taxable to the Optionee as compensation income and will generally be deductible for tax purposes by the Company. The dispositions of shares of Common Stock acquired upon exercise of a NQSO will generally result in a capital gain or loss for the Optionee, but will have no tax consequences for the Company.

Performance Shares. The grant of a performance share award will not result in income for the grantee or in a tax deduction for the Company. Upon the settlement of such a right or award, the grantee will recognize ordinary income equal to the fair market value of any shares of Common Stock and/or any cash received and the Company will be entitled to a tax deduction in the same amount.

Restricted Stock. The Company is of the opinion that the participant will realize compensation income in an amount equal to the fair market value of the restricted stock (whether received as a grant or as a dividend), less any amount paid for such restricted stock, at the time when the participant's rights with respect to such restricted stock are no longer subject to a substantial risk of forfeiture, unless the participant elected, pursuant to a special election provided in the Code, to be taxed on the restricted stock at the time it was granted or received as a dividend, as the case may be. Dividends paid to the participant during the Restricted Period will be taxable as compensation income, rather than as dividend income, unless the election referred to above was made. The Company is also of the opinion that it will be entitled to a deduction under the Code in the amount and at the time that compensation income is realized by the participant.

10

The amount of income realized by each participant and the amount of the deduction available to the Company will be affected by any change in the market price of the Common Stock during the limitation period.

Option Grants. It is not possible to determine either the future benefits or amounts that will be received by the Company's directors or executive officers, or any of its employees, at this time under the 2001 Plan as amended. As of December 31, 2003, options for 2,190,150 shares of Common Stock were outstanding under 2001 Plan and the Company's former 1996 stock option plan. The number of Stock Options granted to each of the Named Executive Officers during fiscal 2003 is set forth below under REMUNERATION OF EXECUTIVE OFFICERS AND DIRECTORS in the "Option Grants in Last Fiscal Year" table. The number of Stock Options granted during 2003 to all the executive officers as a group, to the non-employee directors as a group, and to all employees as a group, including officers, was 322,000, 9,000, and 482,500, respectively.

Voting Requirements. Approval of the amendment 2001 Plan will require the affirmative vote of the holders of a majority of the shares of Class A Common Stock represented in person or by proxy and entitled to vote at the Annual Meeting. It will also require that at least a majority of the outstanding Class A Common Stock vote either for or against the amendment, or abstain from voting on it.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" APPROVAL OF THE AMENDMENT TO THE 2001 PLAN, AND THE ENCLOSED PROXY WILL BE VOTED IN THAT MANNER UNLESS THE SHAREHOLDER EXECUTING THE PROXY SPECIFICALLY VOTES TO THE CONTRARY OR ABSTAINS FROM VOTING ON THIS PROPOSAL.

Board of Directors' Report on Executive Compensation

Decisions on compensation of the Company's executive officers generally are made by the entire Board of Directors, based upon the recommendation of the Chief Executive Officer. The Company has no separate compensation committee. Pursuant to rules of the Securities and Exchange Commission designed to enhance disclosure of public company policies toward executive compensation, set forth below is a report submitted by the Board of Directors addressing the Company's executive compensation policies.

General. The objectives of the Company's compensation program are to enhance the profitability of the Company, and thus shareholder value, by aligning executive compensation with the Company's business goals and performance and by attracting, retaining and rewarding executive officers who contribute to the long-term success of the Company. In determining the compensation to be paid to the executive officers of the Company, the directors rely upon their own knowledge of compensation paid to executives of companies of comparable size and complexity and consider the performance of the Company and the merits of the individual under consideration. It is the Company's intention that the compensation to be paid to its executive officers will not exceed the present maximum allowable amount for purposes of deductibility set forth in the Internal Revenue Code.

Salary and Bonus. The Chief Executive Officer makes recommendations annually to the Board of Directors regarding the base salary and bonus, if any, for the Company's executive officers, including the Chief Executive Officer, based upon the profitability of the Company and the level of responsibility, time with the Company, contribution and performance of the executive officer. Evaluation of these factors is subjective, and no fixed, relative weights are assigned to the factors considered. The beginning point for determining such salaries is the salary the executive officer received in the prior fiscal year. The Chief Executive Officer received a salary of \$454,000 for the year ended December 31, 2003, which represented no change in his salary from the fiscal year ended December 31, 2002. For 2003, the Board of Directors approved a bonus plan (the "Plan") for the Chief Executive Officer for the fiscal year. Under the Plan, a bonus was to be given to the Chief Executive Officer in an amount equal to 1% of the Company's pre-tax earnings for the fiscal year ended December 31, 2003 (without giving effect to his bonus under the Plan) if the Company's pre-tax earnings for such fiscal year (after giving effect to his bonus under the Plan) exceeded pre-tax earnings for the fiscal year ended December 31, 2002, which goal ultimately was achieved. Factors considered in setting the Chief Executive Officer's salary and bonus included the successful acceleration of the Company's growth plans during the year, continued improvement in the Company's financial condition during the year, and his dual role as both Chairman of the Board of Directors and Chief Executive Officer of the Company.

Stock Options. The Company in the past has used grants of stock options to its key employees and executive officers to more closely align the interests of such employees and officers with the interests of its shareholders. Options and awards equivalent to 491,500 shares of Common Stock were awarded to officers and employees during the year-end December 31, 2003.

There can be no assurance that the amounts reflected in this table will be achieved.

Option Exercises and Fiscal Year-End Values

The following table shows for the Company's Chief Executive Officer and the other Named Executive Officers information with respect to the exercise of options for Common Stock during the year ended December 31, 2003, the number of shares covered by both exercisable and non-exercisable stock options for Common Stock as of December 31, 2003, and the values of "in-the-money" options, based on the positive spread between the exercise price of any such existing stock options and the year-end price of the Company's Common Stock.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Company has no compensation committee. The Board of Directors of the Company, upon the recommendation of the Chairman and Chief Executive Officer, determines the annual compensation payable to its executive officers. The following directors of the Company served as officers or employees of the Company or its subsidiaries during the last fiscal year or prior thereto: R. Charles Loudermilk, Sr., Robert C. Loudermilk, Jr., Gilbert L. Danielson, and William K. Butler, Jr.

The Company purchased a parcel of land in 2000 and finished construction in 2001 of an approximately 50,000 square foot building which accommodates the Company's financial and information technology operations. The cost of this land and building was approximately \$6.1 million. During April 2002, the Company sold the land and building to a limited liability company whose sole owners are Mr. Loudermilk, Sr. and Mr. Loudermilk, Jr. for approximately \$6.3 million. The Company loaned the limited liability company approximately \$1 million to partially finance the acquisition, and the loan plus interest was paid back to the Company shortly after closing. The Company is leasing this facility from the limited liability company under a 15-year lease with a current rent of approximately \$617,000 annually.

Edgar Filing: AARON RENTS INC - Form DEF 14A

Aaron Ventures I, LLC ("Aaron Ventures") was formed in December 2002 for the purpose of acquiring properties from the Company and leasing them. Messrs. Loudermilk, Sr., Butler, Rogovin and Cates are the managers of Aaron Ventures, and its owners are all officers of the Company, including all of the Named Executive Officers and six other executive officers. The combined ownership interest for all Named Executive Officers represents 47.37% of which Mr. Loudermilk Sr.'s interest is 10.53%. In December 2002, Aaron Ventures purchased eleven properties from the Company, all former Heilig-Meyers stores, for a total purchase price of \$5,000,000. The Company acquired these properties from Heilig-Meyers in 2001 and 2002 for an aggregate purchase price of approximately \$4,000,000. The price

18

paid by Aaron Ventures was arrived at by adding the Company's acquisition cost to the cost of improvements made by the Company to the properties prior to the sale to Aaron Ventures. Aaron Ventures is leasing all of the properties to the Company for 15-year terms at an annual rental of approximately \$635,000.

The Company leases a 49,000 square foot building housing two stores in Alexandria, Virginia from a general partnership of which Mr. Loudermilk, Sr. is a 25% partner under a ten-year lease expiring in 2008 at a basic monthly rental of \$17,726, subject to escalation every five years based on the consumer price index, but not to exceed 25%. All insurance, taxes, assessments, and other charges related to the property are paid by the Company as additional rent under the lease.

Each of two irrevocable trusts holds a cash value life insurance policy on the life of Mr. Loudermilk, Sr., the aggregate face value of which is \$4,400,000. The Company and the Trustee of such trusts are parties to split-dollar agreements pursuant to which the Company has agreed to make all payments on the policies until Mr. Loudermilk, Sr.'s death. Approval of Auditor Services

The Audit Committee is responsible for pre-approving all audit and permitted non-audit services provided to the Company by its independent public accountants. To help fulfill this responsibility, the Committee has adopted an Audit and Non-Audit Services Pre-Approval Policy ("Policy"). Under the Policy, all auditor services must be pre-approved by the Audit Committee either (1) before the commencement of each service on a case-by-case basis called "specific pre-approval" or (2) by the description in sufficient detail in exhibits to the Policy of particular services which the Audit Committee has generally

19

approved, without the need for case-by-case consideration called "general pre-approval." Unless a particular service has received general pre-approval, it must receive the specific pre-approval of the Committee, or one of its members to whom the Committee has delegated specific pre-approval authority. The Policy describes the audit, audit-related and tax services which have received general pre-approval these general pre-approvals allow the Company to engage the independent accountants for the enumerated services for individual engagements up to the fee levels prescribed in the Policy. The annual audit engagement for the Company is subject to the specific pre-approval of the Committee. Any engagement of the independent accountants pursuant to a general pre-approval must be reported to the Audit Committee at its next regular meeting. The Audit Committee periodically reviews the services that have received general pre-approval and the associated fee ranges. The Policy does not delegate the Audit Committee's responsibility to pre-approve services performed by the independent public accountants to management.

REPORT OF AUDIT COMMITTEE

The Audit Committee is comprised of three "independent" members as defined under the listing standards of the New York Stock Exchange. Management has primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The Company's independent auditors for 2003, Ernst & Young LLP, are responsible for performing an audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States and for expressing an opinion as to their conformity with generally accepted accounting principles. The Audit Committee's responsibility is to monitor and oversee these processes.

In keeping with its responsibilities, the Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2003 with management and has discussed with Ernst & Young the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended. The Audit Committee has also received the written disclosures and the letter from Ernst & Young required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with Ernst & Young their independence.

The Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based on the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the Audit Committee Charter, the Committee recommended to the Board of Directors that the audited consolidated financial statements of the Company be included in the Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission.

This report is respectfully submitted by the Audit Committee of the Board of Directors.

APPENDIX A

**AARON RENTS, INC.
AUDIT COMMITTEE CHARTER**

I. Organization

This charter governs the operations of the audit committee. The committee shall review and reassess the charter at least annually. The committee shall be appointed by the board of directors and shall comprise at least three directors. Each of these directors shall be independent of management and the Company as determined by the board in accordance with New York Stock Exchange listing standards and any categorical independence standards that may be adopted by the board from time. All committee members shall be financially literate, and at least one member shall be an "audit committee financial expert," as defined by SEC regulations. Committee members shall not simultaneously serve on the audit committees of more than two other public companies, unless the board determines that such simultaneous service would not impair the ability of such member to serve effectively on the Company's audit committee.

Edgar Filing: AARON RENTS INC - Form DEF 14A

The board may appoint a chair of the committee. The chair will preside, when present, at all meetings of the committee. One-third of the members, but not less than two, will constitute a quorum. A majority of the members present at any meeting at which a quorum is present may act on behalf of the committee. The committee may meet in person, by telephone or video conference and may take action by written consent. The committee will report its activities and findings to the board on a regular basis.

II. Purpose

The audit committee shall provide assistance to the board of directors in fulfilling their oversight responsibility to the shareholders, potential shareholders, the investment community, and others relating to: the integrity of the Company's financial statements; the financial reporting process; the systems of internal accounting and financial controls; the performance of the Company's internal audit function and independent auditors; the independent auditors' qualifications and independence; and the Company's compliance with ethics policies and legal and regulatory requirements. In so doing, it is the responsibility of the committee to maintain free and open communication between the committee, independent auditors, the internal auditors, and management of the Company. The committee shall perform an evaluation of its performance at least annually to determine whether it is functioning effectively.

In discharging its oversight role, the committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and has the authority to engage independent counsel and other advisers as it determines necessary to carry out its duties. The Company shall provide funding, as determined by the committee, for payment of compensation to the independent auditors and to any advisers the committee retains.

III. Duties and Responsibilities

General

The primary responsibility of the audit committee is to oversee the Company's financial reporting process on behalf of the board and report the results of their activities to the board. While the audit committee has the responsibilities and powers set forth in this Charter, it is not the duty of the audit committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Company. The independent auditors are responsible for auditing the Company's financial statements and for reviewing the Company's unaudited interim financial statements.

A-1

The committee, in carrying out its responsibilities, believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The committee should take appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior. The following shall be the principal duties and responsibilities of the audit committee. These are set forth as a guide with the understanding that the committee may supplement them as appropriate.

Independent Auditors and Internal Auditors

The committee shall be directly responsible for the appointment, compensation, retention, and termination of the independent auditors and the independent auditors must report directly to the audit committee. The committee also shall be directly responsible for the oversight of the work of the independent auditors, including resolution of disagreements between management and the auditors regarding financial reporting.

The committee shall pre-approve all audit and non-audit services provided by the independent auditors and shall not engage the independent auditors to perform the specific non-audit services proscribed by law or regulation. The committee may delegate pre-approval authority to a member or members of the audit committee or may adopt pre-approval policies and procedures. Any pre-approvals made pursuant to delegated authority or pre-approval policies and procedures must be presented to the full audit committee at its next scheduled meeting.

At least annually, the committee shall obtain and review a report by the independent auditors describing:

The firm's internal quality control procedures.

Edgar Filing: AARON RENTS INC - Form DEF 14A

Any material issues raised by the most recent internal quality control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues.

All relationships between the independent auditors and the Company (to assess the auditors' independence).

In addition, the committee shall set clear hiring policies for employees or former employees of the independent auditors in accordance with SEC regulations and stock exchange listing standards.

The committee shall discuss with the internal auditors and the independent auditors the overall scope and plans for their respective audits, including the adequacy of staffing and compensation. Also, the committee shall discuss with management, the internal auditors, and the independent auditors the adequacy and effectiveness of the accounting and financial controls, including the Company's policies and procedures to assess, monitor, and manage business risk, and legal and ethical compliance programs.

The committee shall meet separately with management, the internal auditors, and the independent auditors periodically to discuss issues and concerns warranting committee attention. The committee shall provide sufficient opportunity for the internal auditors and the independent auditors to meet privately with the members of the committee. The committee shall review with the independent auditors any audit problems or difficulties and management's response.

The committee shall receive a report or report update from the independent auditors, within 90 days prior to the filing of its audit report with the SEC, on: all critical accounting policies and practices of the Company; all material alternative treatments within generally accepted accounting principles for policies and practices related to material items that have been discussed with management, including the ramifications of the use of such alternative disclosures and treatments and the treatment preferred by the

A-2

independent auditors; and other material written communications between the independent auditors and management.

The committee shall review management's assertion on its assessment of the effectiveness of internal controls as of the end of the most recent fiscal year and the independent auditors' report on management's assertion.

Review of Financial Reports and Other Documents

The committee shall discuss earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies. In lieu of reviewing each such disclosure prior to release or dissemination, the committee may discuss generally with management the types of information to be disclosed and the types of presentation to be made, and establish policies or guidelines for such disclosures. To the extent permissible under New York Stock Exchange listing standards, the committee may delegate this review to a member or members of the committee.

The committee shall review the interim financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations with management and the independent auditors prior to the filing of the Company's Quarterly Report on Form 10-Q. Also, the committee shall discuss the results of the quarterly review and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards. To the extent permissible under New York Stock Exchange listing standards and under generally accepted auditing standards, the committee may delegate these reviews and discussions to a member or members of the committee.

The committee shall review with management and the independent auditors the financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K), including their judgment about the quality, not just the acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Also, the committee shall discuss the results of the annual audit and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards.
