FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated and deemed to be incorporated by reference in this prospectus and any accompanying prospectus supplement and related free writing prospectus contain or may contain "forward-looking statements" within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). We intend these forward-looking statements to be covered by the safe harbor provisions for such statements. These statements can sometimes be identified by forward-looking words such as "may," "might," "should," "expect," "plan," "anticipate," "believe," "estimate," "predict," "potential" or "continue," and the negative of these terms and other comparable terminology. All statements that reflect our expectations, assumptions or projections about the future other than statements of historical fact are forward-looking statements. These forward-looking statements, which are subject to known and unknown risks, uncertainties and assumptions, may include projections of our future financial performance based on our growth strategies and anticipated trends in our business. These statements are only predictions based on our current expectations and projections about future events. There are important factors that could cause our actual results, level of activity, performance or achievements to differ materially from that expressed or implied by the forward-looking statements.

While we believe we have identified the risks that are material to us, these risks and uncertainties are not exhaustive. Moreover, we operate in a very competitive and rapidly changing environment. New risks and uncertainties emerge from time to time, and it is not possible to predict all risks and uncertainties, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

Some factors that could cause actual results to differ include:

the loss of our right to exclusively list and trade certain index options and futures products;

economic, political and market conditions;

compliance with legal and regulatory obligations, including our obligations under the consent order that certain of our subsidiaries entered into with the SEC on June 11, 2013;

increasing price competition in our industry;

decreases in trading volumes or a shift in the mix of products traded on our exchanges;

legislative or regulatory changes;

increasing competition by foreign and domestic entities;

our dependence on third party service providers;

our index providers' ability to perform under our agreements;

our ability to operate our business without violating the intellectual property rights of others and the costs associated with protecting our intellectual property rights;

Edgar Filing: CBOE Holdings, Inc. - Form S-3ASR

our ability to accommodate trading volume and transaction traffic, including significant increases, without failure or degradation of performance of our systems;

our ability to protect our systems and communication networks from security risks, including cyber-attacks;

the accuracy of our estimates and expectations;

our ability to maintain access fee revenues;

our ability to meet our compliance obligations, including managing potential conflicts between our regulatory responsibilities and our for-profit status;

the ability of our compliance and risk management methods to effectively monitor and manage our risks;

our ability to attract and retain skilled management and other personnel; and

our ability to manage our growth and strategic acquisitions or alliances effectively.

We caution you not to place undue reliance on the forward-looking statements, which speak only as of the date of this prospectus. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. If we do update or correct one or more of these statements, investors and others should not conclude that we will make additional updates or corrections. THE COMPANY

CBOE Holdings is the holding company for Chicago Board Options Exchange, Incorporated ("CBOE"), CBOE Futures Exchange, LLC ("CFE"), C2 Options Exchange, Incorporated ("C2") and other subsidiaries.

CBOE Holdings' principal business is operating markets that offer for trading options on various market indexes, mostly on an exclusive basis, and futures contracts, as well as trading options on non-exclusive "multiply-listed" options, such as options on the stocks of individual corporations and options on other exchange-traded products, such as exchange-traded funds and exchange-traded notes. CBOE Holdings operates three stand-alone exchanges, but reports the results of its operations in one reporting segment.

CBOE is the primary options market of CBOE Holdings and offers trading in listed options through a single system that integrates electronic trading and traditional open outcry trading on the trading floor in Chicago. This integration of electronic trading and traditional open outcry trading into a single exchange is known as the Hybrid trading model. CFE, the all-electronic futures exchange of CBOE Holdings, offers trading in futures on the VIX volatility index and other products. C2 is the all-electronic exchange of CBOE Holdings that also offers trading in listed options and may operate with a different market model and fee structure than CBOE. All of these exchanges operate on a proprietary technology platform known as CBOE Command.

Since 1974, the first full year of trading on CBOE, CBOE Holdings has grown from 5.6 million contracts on one exchange to 1.2 billion contracts on three exchanges in 2015.

CBOE Holdings was incorporated in the State of Delaware in August 2006. Our principal executive offices are located at 400 South LaSalle Street, Chicago, Illinois 60605, and our telephone number is (312) 786-5600. Our website is www.cboe.com. Information contained on or accessible through our website is not a part of this prospectus or any accompanying prospectus supplement, other than documents that we file with the SEC and incorporate by reference into this prospectus and any accompanying prospectus supplement.

RISK FACTORS

An investment in our debt securities involves significant risks. Before purchasing any debt securities, you should carefully consider and evaluate all of the information included and incorporated by reference in this prospectus or the applicable prospectus supplement, including the risk factors incorporated by reference herein from our most recent Annual Report on Form 10-K, as updated by subsequent Quarterly Reports on Form 10-Q and other reports we file with the SEC that are incorporated by reference herein or in the applicable prospectus supplement, as the same may be amended, supplemented or superseded from time to time. Our business, financial condition, results of operations or liquidity could be adversely affected by any of these risks.

The risks and uncertainties we describe are not the only ones we face. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may also adversely effect our business or operations. Any adverse effect on our business, financial condition, results of operations or liquidity could result in a decline in the value of the debt securities and the loss of all or part of your investment.

USE OF PROCEEDS

Unless otherwise specified in the applicable prospectus supplement accompanying this prospectus, the net proceeds from the sale of the debt securities to which this prospectus relates will be used for general corporate purposes. General corporate purposes may include, among others, repayment or refinancing of debt, acquisitions, repurchases of our common stock, additions to working capital, capital expenditures or investments in our subsidiaries. Net proceeds may be temporarily invested or applied to repay short-term or revolving debt prior to their stated use.

RATIO OF EARNINGS TO FIXED CHARGES

Our ratio of earnings to fixed charges for each of the periods indicated is set forth below. The information set forth below should be read together with the financial statements and the accompanying notes incorporated by reference into this prospectus. See "Where You Can Find More Information."

DESCRIPTION OF DEBT SECURITIES

We will issue the debt securities under an indenture to be entered into between us and Wells Fargo Bank, National Association, as trustee. We have summarized selected provisions of the indenture and the debt securities below. This summary is not complete and is qualified in its entirety by reference to the indenture. If you would like more information on the provisions of the indenture, you should review the form of indenture, which is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. You should carefully read the summary below, the applicable prospectus supplement and the provisions of the indenture before investing in our debt securities.

References in this section of the prospectus to "CBOE Holdings," the "Company," "we," "us" and "our" are only to CBOE Holdings, Inc., the issuer of the debt securities, and not to its subsidiaries.

General

We may issue debt securities, at any time and from time to time, in one or more series without limitation on the aggregate principal amount. We may, from time to time, without giving notice to or seeking the consent of the holders or beneficial owners of debt securities of any series outstanding, "reopen" that series of debt securities by issuing additional debt securities of that series having the same ranking, interest rate, maturity and other terms (except for the issue date, issue price and, in some cases, the first interest payment date, and the date from which interest will begin to accrue) as the debt securities of that outstanding series. We will not, however, issue such additional debt securities of any series with the same CUSIP number as the outstanding series of debt securities if they are not fungible for U.S. federal income tax purposes with the outstanding series of debt securities. Any such additional debt securities will constitute part of the same series as such outstanding debt securities.

Any series of debt securities that we issue will be unsecured and will be either senior debt securities or subordinated debt securities. The terms of any series of debt securities will be set forth in (or determined in accordance with) a resolution of our board of directors or in a supplement to the indenture relating to that series. The terms of our debt securities will include those set forth in the indenture and those made a part of the indenture by the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act").

A supplement to this prospectus will describe specific terms relating to any series of debt securities being offered. If any particular terms of the debt securities described in a prospectus supplement differ from any of the terms described in this prospectus, then the terms described in the applicable prospectus supplement will supersede the terms described in this prospectus. These terms will include some or all of the following:

the title of the series of debt securities and whether such debt securities are senior or subordinated;

any limit on the aggregate principal amount of the series;

the date or dates, or the method by which such date or dates will be determined or extended, of maturity;

the interest rate or rates, if any (which may be fixed or variable), or the formula or method by which such rate or rates shall be determined, the date or dates from which any such interest shall accrue, or the method by which such date or dates shall be determined, interest payment dates and corresponding record dates, our right, if any, to defer or extend such interest payment dates and the corresponding record dates, or the method by which such date or dates shall be determined, and the basis upon which interest shall be calculated if other than on the basis of a 360-day year of twelve 30-day months;

Denominations, Registration, Transfer and Exchange

Unless otherwise specified in the applicable prospectus supplement, the debt securities of any series will be issued only as registered securities, in global form and in minimum denominations of \$2,000 and integral multiples of \$1,000 above such minimum denomination, and will be payable only in U.S. dollars. For more information regarding debt securities issued in global form, see " Book-Entry Securities" below.

Debt securities of any series (other than debt securities in global form) will be exchangeable for other debt securities of the same series in the same aggregate principal amount and having the same stated maturity date and other terms and conditions. Upon surrender for registration of transfer of any debt security of any series at the office or agency maintained for that purpose, we will execute, and the trustee will authenticate and deliver, in the name of the designated transferee, one or more new debt securities of the same series in the same aggregate principal amount of any authorized denominations. We may not impose any service charge, other than any required tax or other governmental charge, on the transfer or exchange of debt securities.

We will not be required to (i) issue, register the transfer of or exchange debt securities of any series during the period of 15 days before sending a notice of redemption of debt securities of that series and ending on the date of sending the relevant notice of redemption of such series, (ii) register the transfer of or exchange any debt security so selected for redemption in whole or in part, except for the unredeemed portion of any debt security being redeemed in part or (iii) issue, register the transfer of or exchange any debt security that has been surrendered for repayment at the option of the holder, except any portion of such debt security not to be so repaid.

Payment and Paying Agents

We will maintain an office or agency where debt securities of a series may be presented or surrendered for payment or for registration of transfer or exchange and where holders may serve us with notices and demands in respect of the debt securities of that series and the indenture. Unless otherwise specified in the applicable prospectus supplement, the trustee's corporate trust office will be the office at which such presentations, surrenders, notices and demands may be made.

We will give written notice to the trustee of the location, and any change in the location, of such office or agency. If we fail to maintain any required office or agency or fail to furnish the trustee with the address of such office or agency, presentations, surrenders, notices and demands may be made or served at the corporate trust office of the trustee.

The principal of, and premium (if any) and interest on, the debt securities of any series will be payable at the office or agency maintained by us for that purpose; *provided* that payments of interest may be made at our option by check mailed to the address of the persons entitled thereto or by wire transfer to an account maintained by the payee located in the United States.

"Significant Subsidiary" means, as of any determination date, any Subsidiary of CBOE Holdings that satisfies the criteria for a "Significant Subsidiary" set forth in Rule 1-02(w) of Regulation S-X under the Exchange Act as of the end of the most recently concluded fiscal quarter for which financial statements are available.

"Subsidiary" means, as applied, with respect to any Person, any corporation, partnership or other business entity of which, in the case of a corporation, more than 50.0% of the issued and outstanding capital stock having ordinary voting power to elect a majority of the board of directors of such corporation (irrespective of whether at the time capital stock of any other class or classes of such corporation has or might have voting power upon the occurrence of any contingency), or, in the case of any partnership or other legal entity, more than 50.0% of the ordinary equity capital interests, is at the time directly or indirectly owned or controlled by such Person, by such Person and one or more of its other Subsidiaries or by one or more of such Person's other Subsidiaries.

"U.S. Government Obligation" means (a) any security that is (i) a direct obligation of the United States of America for the payment of which the full faith and credit of the United States of America is pledged or (ii) an obligation of a Person controlled or supervised by and acting as an agency or instrumentality of the United States of America the payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America, which, in either case (i) or (ii), is not callable or redeemable at the option of the issuer thereof; and (b) any depositary receipt issued by a bank (as defined in Section 3(a)(2) of the Securities Act) as custodian with respect to any U.S. Government Obligation specified in clause (a), which U.S. Government Obligation is held by such custodian for the account of the holder of such depositary receipt, or with respect to any specific payment of principal of or interest on any such U.S. Government Obligation; *provided* that (except as required by law) such custodian is not authorized to make any deduction from the amount payable to the holder of such depositary receipt from any amount received by the custodian in respect of the U.S. Government Obligation or the specific payment of principal or interest evidenced by such depositary receipt.

Events of Default

Under the indenture, "Event of Default" means, with respect to any series of debt securities:

- (1) failure to pay principal of (or premium, if any, on) any debt security of such series, when due and payable;
- (2) failure to pay any interest when due and payable, which failure continues for a period of 30 calendar days;

Table of Contents

(3) failure to make any sinking fund payment when due and payable;

(4) our failure to perform, or breach of, any of the covenants or warranties in the indenture (other than a covenant or warranty included therein solely for the benefit of a series of debt securities other than the applicable series of debt securities), which failure or breach continues for a period of 90 calendar days after we have been notified of such failure or breach as provided in the indenture;

(5) any nonpayment at maturity or other default (beyond any applicable grace period) of any other outstanding Indebtedness of the Company having an aggregate unpaid principal amount of at least \$150,000,000, which default continues beyond any applicable grace period and results in the acceleration of the maturity of such Indebtedness prior to its stated maturity or occurs at the final maturity thereof, unless such nonpayment or default has been cured or waived or such Indebtedness has been discharged in full within a period of 60 calendar days after we have been notified of such nonpayment or default as provided on the indenture;

(6) the entry of one or more final judgments for the payment of money against us or any of our Significant Subsidiaries in excess of \$150,000,000 individually or in the aggregate above available insurance or indemnity coverage that is not paid, discharged or otherwise stayed (by appeal or otherwise) within a period of 45 calendar days after the entry of such judgments;

(7) specified events of bankruptcy, insolvency or reorganization involving the Company; and

(8) any other Event of Default described in the applicable prospectus supplement.

The trustee will be required, within 90 calendar days after the occurrence of a default in respect of any series of debt securities, to give to the holders notice of all such uncured defaults known to it, except that:

in the case of a default in the performance of any covenant of the character contemplated in clause (4) above, no such notice to holders will be given until at least 30 calendar days after the occurrence of such default; and

other than in the case of a default of the character contemplated in clause (1), (2) or (3) above, the trustee may withhold such notice if and so long as it in good faith determines that the withholding of such notice is in the interest of the holders of the applicable series of debt securities.

If an Event of Default described in clause (7) above occurs, the principal of, and any premium and accrued interest on the applicable series of debt securities will become immediately due and payable without any declaration or other act on the part of the trustee or any holder. If any other Event of Default occurs and is continuing, either the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of the applicable series, by notice as provided in the indenture (with a copy to the trustee if given by the holders), may declare the principal amount of the series of debt securities to be due and payable immediately. However, at any time after a declaration of acceleration with respect to the applicable series of debt securities has been made, but before a judgment or decree based on such acceleration has been obtained, the holders of a majority in principal amount of the outstanding debt securities of such series may, under specified circumstances, rescind and annul such acceleration and waive any past defaults or Events of Default.

Table of Contents

The indenture will limit the right to institute legal proceedings. No holder of any debt security of any series will have any right to institute any proceeding with respect to the indenture or for any remedy thereunder unless:

such holder has previously given to the trustee written notice of a continuing Event of Default;

the holders of at least 25% in aggregate principal amount of the outstanding debt securities of such series have also made a written request to the trustee to institute proceedings;

such holder or holders have offered security or indemnity satisfactory to the trustee to institute the proceeding as trustee;

the trustee has failed to institute such proceeding within 60 calendar days after receipt of the written request and offer of indemnity; and

during such 60-day period, the trustee has not received from the holders of a majority in aggregate principal amount of the outstanding debt securities of such series a direction inconsistent with the written request.

However, the limitations described above will not apply to a suit instituted by a holder of any debt security for enforcement of payment of the principal of, and any premium or interest on, such debt security on or after the applicable due dates expressed in such debt security.

The indenture will contain a covenant that we will furnish to the trustee annually a statement as to the performance of our obligations under the indenture and as to any default in such performance. We will also be required to notify the trustee promptly, but in no event later than 30 business days, upon becoming aware of any event which after notice or lapse of time or both would become an Event of Default under clauses (4) or (6) above.

The indenture will contain provisions entitling the trustee, subject to the duty of the trustee during an Event of Default to act with the required standard of care, to be indemnified by the holders of the debt securities outstanding thereunder before proceeding to exercise any right or power under the indenture at the request or direction of the holders of such debt securities. The indenture will also provide that the holders of a majority in principal amount of the outstanding debt securities of any series or of a majority in principal amount of all outstanding debt securities affected may direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercise any trust or power conferred on the trustee; *provided* that (i) such direction does not conflict with any rule of law or the indenture, (ii) the trustee may take any other action deemed proper by the trustee which is not inconsistent with such direction and (iii) the trustee need not take any action which might involve it in personal liability or, with respect to actions relating to the outstanding debt securities of any one series, that is unduly prejudicial to the rights of holders of debt securities of the affected series not joining in the giving of such direction (it being understood that the trustee does not have an affirmative duty to ascertain whether or not any such directions are unduly prejudicial to such holders).

Modification of the Indenture

With the consent of the holders of a majority of the principal amount of all outstanding debt securities of a series, we may enter into a supplemental indenture that will then be binding upon that series. However, no change in a series of debt securities may be made in this way that:

changes the maturity date of the principal of (or premium, if any) or any installment of principal of or interest on any debt security of such series or the terms of any sinking fund with respect to any debt security of such series;

Table of Contents

reduces the principal amount on any debt security of such series (or premium, if any) or the rate of interest (or manner of calculating the rate of interest), if any, thereon, or any premium payable upon the redemption thereof, or repayment thereof at the option of the holder thereof, or the date(s) or period(s) for any redemption or repayment thereof, or changes any obligation to pay additional amounts contemplated by the indenture, or reduces the amount of the principal of an original issue discount security of such series that would be due and payable upon an acceleration of the maturity thereof, or upon the redemption thereof, or the amount thereof provable in bankruptcy;

adversely affects any right of repayment at the option of any holder of any debt security of such series, or changes any place of payment where, or the currency in which, any debt security of such series is payable;

impairs the right to institute suit for the enforcement of any such payment on or after the stated maturity thereof (or, in the case of redemption or repayment at the option of the holder, on or after the redemption date or repayment date, as the case may be);

modifies the provisions of the indenture with respect to the mandatory redemption of the debt securities of such series or the repayment of the debt securities of such series at the option of the holder in a manner adverse to any holder of any debt securities of such series;

adversely affects any right to convert or exchange any debt security as may be provided in the indenture; or

reduces the percentage in principal amount of the outstanding debt securities of any series the consent of whose holders is required for any such supplemental indenture or for any waiver of compliance with certain provisions of the indenture which affects such series or certain defaults applicable to such series and their consequences provided for in the indenture, or reduces the requirements set forth in the indenture for quorum or voting with respect to debt securities of such series.

In addition, we may modify the indenture without the consent of the holders to, among other things:

add covenants or Events of Default;

change or eliminate provisions of the indenture so long as such changes become effective only when there is no outstanding debt security of any series which is entitled to the benefit of any such provision;

provide for uncertificated debt securities in addition to or in place of certificated debt securities;

make any change that would provide any additional rights or benefits to the holders of debt securities or that does not adversely affect in any material respect the legal rights under the indenture of any such holder;

provide for the issuance of additional debt securities of any series in compliance with and in accordance with the limitations set forth in the indenture;

comply with the rules of any applicable securities depository; and

cure any ambiguity or omission or correct or supplement any provision which may be defective or inconsistent with any other provision contained in the indenture, or to make any other provisions with respect to matters or questions arising under

the indenture, so long as such action shall not adversely affect the interests of the holders of debt securities of any series in any material respect.

Defeasance

Unless otherwise provided in the applicable prospectus supplement, the following provisions shall apply to each series of debt securities.

With respect to any series of debt securities, except as described below, upon compliance with the applicable requirements of the indenture described below:

- (1) we will be deemed to have been discharged from our obligations with respect to the debt securities of such series; or
- (2) we will be released from our obligations to comply with certain covenants with respect to the debt securities of such series, and the occurrence of an event described in any of clauses (3), (4), (5), (6) and (8) under "Events of Default" above will no longer be an Event of Default with respect to the debt securities of such series, except to the limited extent described below.

This is referred to as "legal defeasance" and "covenant defeasance," respectively.

Following any defeasance described in clause (1) or (2) above, we will continue to have specified obligations under the indenture, including obligations to register the transfer or exchange of the debt securities of such series; replace destroyed, stolen, lost, or mutilated debt securities of such series; maintain an office or agency in respect of the debt securities of such series; hold funds for payment to holders of debt securities of such series in trust; to pay additional amounts with respect to temporary debt securities and to compensate and reimburse the trustee.

In order to effect any defeasance described in clause (1) or (2) above, we must irrevocably deposit with the trustee, in trust, cash, U.S. Government Obligations or a combination thereof that through the scheduled payment of principal and interest in accordance with their terms will provide, without reinvestment, money in an amount sufficient to pay all of the principal of, and any premium and interest on, the debt securities of such series on the dates such payments are due in accordance with the terms of the debt securities of such series. In addition, the following conditions must be satisfied:

no Event of Default or event with which the giving of notice or lapse of time, or both, would become an Event of Default under the indenture shall have occurred with respect to the debt securities of such series and be continuing on the date of such deposit;

in the event of defeasance described in clause (1) above, we shall have delivered to the trustee an opinion of counsel to the effect that (a) we have received from, or there has been published by, the IRS a ruling or (b) there has been a change in applicable U.S. federal income tax law, in either case to the effect that, among other things, the holders of the outstanding debt securities of such series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit, defeasance and discharge and will be subject to U.S. federal income tax on the same amount, in the same manner, and at the same times as if such deposit, defeasance and discharge had not occurred;

in the event of any defeasance in clause (2) above, we shall have delivered to the trustee an opinion of counsel to the effect that the holders of the outstanding debt securities of such series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit or defeasance and will be subject to U.S. federal income tax on the same amount, in the same manner, and at the same times as if such deposit or defeasance had not occurred;

notwithstanding any other conditions stated in the indenture, such legal defeasance or covenant defeasance shall be effected in compliance with any additional or substitute terms, conditions or limitations in connection therewith pursuant to terms of the debt securities of such series;

Table of Contents

we shall have delivered to the trustee an officer's certificate and an opinion of counsel, each stating that all conditions precedent with respect to such defeasance have been complied with; and

we shall have delivered to the trustee a certificate from a nationally recognized firm of independent accountants, or other person acceptable to the trustee, expressing their opinion that the payments of principal and interest when due on the deposited U.S. Government Obligations without reinvestment plus any deposited money without investment will provide the cash at such times and in such amounts as will be sufficient to pay the principal of and any premium and interest when due on the debt securities of such series or on any earlier date or dates on which the debt securities of such series will be subject to repurchase at the option of the holder.

If we fail to comply with our remaining obligations under the indenture after a defeasance with respect to the debt securities of such series as described under clause (2) above and the debt securities of such series are declared due and payable because of the occurrence of any undefeased Event of Default, the amount of cash and/or U.S. Government Obligations on deposit with the trustee may be insufficient to pay amounts due on the debt securities of such series at the time of the acceleration resulting from such Event of Default. If such a failure occurs, we will remain liable in respect of such payments.

Satisfaction and Discharge

The indenture will cease to be of any further effect with respect to any series of debt securities if:

all debt securities of such series have (subject to certain exceptions) been delivered to the trustee for cancellation; or

all debt securities of such series and, in the case of the following clause (i) or (ii), not previously delivered to the trustee for cancellation, (i) have become due and payable, (ii) will become due and payable at their stated maturity within one year or (iii) if redeemable at our option, are to be called for redemption within one year under arrangements satisfactory to the trustee for the giving of notice of redemption by the trustee in our name and at our expense, and, in the case of each of clauses (i), (ii) and (iii) above, we have irrevocably deposited or caused to be deposited with the trustee as trust funds in trust for such purpose an amount, in the currency in which such debt securities of such series are payable, sufficient to pay and discharge the entire indebtedness of such debt securities at stated maturity or upon redemption, as the case may be, of such debt securities of such series not previously delivered to the trustee for cancellation, for principal, premium (if any) and interest to the stated maturity or redemption date, as the case may be;

and, in either case, we also will pay or cause to be paid all other sums payable under the indenture or such debt securities by us with respect to the debt securities of such series and satisfy certain other conditions specified in the indenture.

This is referred to as "satisfaction and discharge."

Book-Entry Securities

The debt securities of a series will be represented by one or more global securities. Unless otherwise indicated in the applicable prospectus supplement, the global security representing the debt securities of a series will be deposited with, or on behalf of, The Depository Trust Company, New York, New York ("DTC"), or other successor depository we appoint and registered in the name of the depository or its nominee. Unless and until it is exchanged in whole or in part for individual certificates evidencing debt securities, a global security may not be transferred except as a whole by the depository to its nominee or by the nominee to the depository, or by the depository or its nominee to a successor

Table of Contents

depository or to a nominee of the successor depository. The debt securities will not be issued in definitive form unless otherwise provided in the prospectus supplement.

We anticipate that DTC will act as depository for the debt securities. The debt securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee). One fully-registered global security will be issued with respect to each \$500 million of principal amount of debt securities of a series, and an additional certificate will be issued with respect to any remaining principal amount of debt securities of such series. So long as DTC or its nominee is the registered owner of a global security, DTC or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by that global security for all purposes under the indenture. Neither we nor the trustee has any responsibility or liability for any act or omission of DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants deposit with DTC. DTC also facilitates the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to indirect participants such as securities brokers and dealers, banks and trust companies that clear transactions through or maintain a custodial relationship with a direct participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC. More information about DTC can be found at www.dtcc.com.

Purchases of debt securities through the DTC system must be made by or through direct participants, which will receive a credit for the debt securities on DTC's records. The ownership interest of each actual purchaser of each debt security will be recorded on the direct and indirect participants' records. These beneficial owners will not receive written confirmation from DTC of their purchase, but beneficial owners are expected to receive a written confirmation providing details of the transaction, as well as periodic statements of their holdings, from the direct or indirect participant through which such beneficial owner entered into the transaction. Transfers of ownership interests in the debt securities are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in debt securities, except in the event that use of a book-entry system for the debt securities is discontinued.

To facilitate subsequent transfers, all debt securities deposited by participants with DTC are registered in the name of Cede & Co (DTC's partnership nominee). The deposit of debt securities with DTC and their registration in the name of Cede & Co. will not change the beneficial ownership of the debt securities. DTC has no knowledge of the actual beneficial owners of the debt securities; DTC's records reflect only the identity of the direct participants to whose accounts the debt securities are credited, which may or may not be the beneficial owners. The participants are responsible for keeping account of their holdings on behalf of their customers.

Any notices required to be given to the holders while the debt securities are represented by a global security will be given to DTC. Conveyances of notices and other communications by DTC to direct participants, by direct participants to indirect participants, and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Table of Contents

In the case of a redemption where less than all of the debt securities of a series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each direct participant in such series to be redeemed.

In any case where a vote may be required with respect to the debt securities of any series, neither DTC nor Cede & Co. will consent or vote with respect to such debt securities unless authorized by a direct participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the debt securities of the series are credited on the record date (identified in a listing attached to the omnibus proxy).

Principal of, and premium (if any) and interest on, the debt securities will be paid to Cede & Co., as nominee of DTC. DTC's practice is to credit direct participants' accounts, upon DTC's receipt of funds and corresponding detailed information from us or the trustee, on the applicable payable date in accordance with their respective holdings shown on DTC's records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of that participant and not of DTC, the trustee or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium (if any) and interest to Cede & Co. is the responsibility of us or, if we have provided funds to the trustee, the trustee. Disbursement of payments from Cede & Co. to direct participants is DTC's responsibility. Disbursement of payments to beneficial owners is the responsibility of direct and indirect participants.

In any case where we have made a tender offer for the purchase of any debt securities, a beneficial owner must give notice through a participant to a tender agent to elect to have its debt securities purchased or tendered. The beneficial owner must deliver debt securities by causing the direct participants to transfer the participant's interest in the debt securities, on DTC's records, to a tender agent. The requirement for physical delivery of debt securities in connection with an optional tender or a mandatory purchase is satisfied when the ownership rights in the debt securities are transferred by direct participants on DTC's records and followed by a book-entry credit of tendered debt securities to the tender agent's account.

DTC may discontinue providing its services as depository for the debt securities at any time by giving reasonable notice to us or the trustee. Under these circumstances, if a successor depository is not obtained, then debt security certificates must be delivered.

We may decide to discontinue use of the system of book-entry transfers through DTC (or a successor depository). In that event, debt security certificates will be delivered.

Governing Law; Jury Trial Waiver

The indenture and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York. The indenture is subject to the provisions of the Trust Indenture Act that are required to be part thereof and shall, to the extent applicable, be governed by such provisions; *provided* that if any provision of the indenture modifies any Trust Indenture Act provision that may be so modified, such Trust Indenture Act provision shall be deemed to apply to the indenture as so modified; *provided further* that if any provision of the indenture excludes any Trust Indenture Act provision that may be so excluded, such Trust Indenture Act provision shall be excluded from the indenture.

The indenture will provide that we and the trustee, and each holder of a debt security by its acceptance thereof, irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to the indenture, the debt securities or the transactions contemplated by the indenture.

Regarding the Trustee

Wells Fargo Bank, National Association, or any successor thereto, will serve as trustee under the indenture. Wells Fargo Bank, National Association is one of a number of banks with which we maintain ordinary banking relationships.

The trustee under the indenture may resign with respect to one or more series of debt securities upon 30 days' written notice to the Company or may be removed with respect to any series of debt securities upon 30 days' written notice by act of the holders of a majority in principal amount of outstanding debt securities of such series and a successor trustee may be appointed to act with respect to each such series. In the event that two or more persons are acting as trustee with respect to different series of debt securities under the indenture, each such trustee shall be a trustee under the indenture with respect to such different series separate and apart from the series administered by any other such trustee, and any action described herein to be taken by the trustee may then be taken by each such trustee with respect to, and only with respect to, the one or more series of debt securities for which it is trustee.

Item 15. Indemnification of Directors and Officers.

The following is a description of the general effect of the General Corporation Law of the State of Delaware (the "DGCL"), the CBOE Holdings, Inc. ("CBOE Holdings") Second Restated Certificate of Incorporation (the "CBOE Holdings charter") and certain contracts under which directors or officers of CBOE Holdings may be insured or indemnified against liability which such directors or officers may incur in such capacity or entitled to have expenses incurred in defending against a proceeding seeking to hold such directors or officers so liable reimbursed in advance of the final disposition of such proceeding.

Pursuant to Section 145 of the DGCL, a corporation shall have the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than a derivative action by or in the right of such corporation) by reason of the fact that such person is or was a director, officer, employee or agent of such corporation, or serving at the request of such corporation in such capacity for another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding, if such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of such corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.

The DGCL also permits indemnification by a corporation under similar circumstances for expenses (including attorneys' fees) actually and reasonably incurred by such persons in connection with the defense or settlement of a derivative action or suit, except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to

such corporation unless and only to the extent that the Delaware Court of Chancery or the court in which such action or suit was brought shall determine upon application that such person is fairly and reasonably entitled to indemnity for such expenses that such court shall deem proper.

To the extent a present or former director or officer is successful in the defense of such an action, suit or proceeding referenced above, or in defense of any claim, issue or matter therein, a corporation is required by the DGCL to indemnify such person for actual and reasonable expenses incurred in connection therewith. Expenses (including attorneys' fees) incurred by such persons in defending any action, suit or proceeding may be paid in advance of the final disposition of such action, suit or proceeding upon, in the case of a current officer or director, receipt of an undertaking by or on behalf of such person to repay such amount if it is ultimately determined that such person is not entitled to be so indemnified.

The DGCL provides that the indemnification described above shall not be deemed exclusive of other indemnification that may be granted by a corporation pursuant to its bylaws, disinterested directors' vote, stockholders' vote, agreement or otherwise.

Section 102(b)(7) of the DGCL enables a corporation, in its certificate of incorporation or an amendment thereto, to eliminate or limit the personal liability of a director to the corporation or its stockholders for monetary damages for violations of the directors' fiduciary duty, except (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) pursuant to Section 174 of the DGCL (providing for liability of directors for unlawful payment of dividends or unlawful stock purchases or redemptions) or (iv) for any transaction from which a director derived an improper personal benefit. The CBOE Holdings charter provides for such limitations on liability for its directors.

The DGCL also provides corporations with the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of such corporation, or is or was serving at the request of such corporation in a similar capacity for another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against him or her in any such capacity or arising out of his or her status as such, whether or not the corporation would have the power to indemnify him or her against such liability as described above. CBOE Holdings currently maintains liability insurance for its directors and officers. Such insurance is available to its directors and officers in accordance with its terms.

The CBOE Holdings charter requires CBOE Holdings to indemnify and hold harmless, to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, any person (a "covered person") who was or is made or is threatened to be made a party or is otherwise involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (a "proceeding") by reason of the fact that he or she is or was a director, officer or member of a committee of CBOE Holdings, or, while a director or officer of CBOE Holdings, is or was serving at the request of CBOE Holdings as a director or officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise or non-profit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses (including attorneys' fees), judgment, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with a proceeding. Notwithstanding the foregoing, CBOE Holdings is required to indemnify a covered person in connection with a proceeding (or part thereof) commenced by such covered person only if (i) the commencement of such proceeding (or part thereof) by such covered person was authorized in the specific case by the CBOE Holdings board of directors or (ii) the proceeding was initiated by a covered person to recover requested indemnification or advancement of expenses provided by the CBOE Holdings charter that CBOE Holdings has not paid.

In addition, under the CBOE Holdings charter, CBOE Holdings is obligated to, to the extent not prohibited by law, pay the expenses (including attorneys' fees) incurred by a covered person in defending a proceeding in advance of the final disposition of such proceeding. However, CBOE Holdings is not required to advance any expenses to a person against whom CBOE Holdings directly brings an action, suit or proceeding alleging that such person (i) committed an act or omission not in good faith or (ii) committed an act of intentional misconduct or a knowing violation of law. Additionally, an advancement of expenses incurred by a covered person shall be made only upon delivery to CBOE Holdings of an undertaking, by or on behalf of such covered person, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal or otherwise in accordance with Delaware law that such covered person is not entitled to be indemnified for such expenses.

The CBOE Holdings charter provides that if a claim for indemnification (following the final disposition) or advancement of expenses under the CBOE Holdings charter is not paid in full within 30 days after a written claim therefor by the covered person has been received by CBOE Holdings, the covered person may file suit to recover the unpaid amount of such claim and, if successful in whole or in part, shall be entitled to be paid the expense of prosecuting such claim to the fullest extent permitted by law. In any such action CBOE Holdings shall have the burden of proving that the covered person is not entitled to the requested indemnification or advancement of expenses under applicable law.

Finally, CBOE Holdings has entered into a Director Indemnification Agreement with each of its directors (the "Indemnification Agreement"). In general, the Indemnification Agreement provides that CBOE Holdings will indemnify the director, to the fullest extent permitted by applicable law, against all expenses, judgments, fines and amounts paid in settlement (including all interest thereon) actually and reasonably incurred in connection with the director's service to, or at the request of, CBOE Holdings. This indemnification is only available if the director acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of CBOE Holdings, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.

Under the Indemnification Agreement, no indemnification shall be made in respect of any claim, issue or matter as to which the director is judged liable to CBOE Holdings unless the Delaware Court of Chancery determines that the director is fairly and reasonably entitled to indemnity for such expenses. In addition, the Indemnification Agreement specifies those other matters for which CBOE Holdings shall not be obligated to make any indemnity, including with respect to any amount paid in settlement absent prior written consent to such settlement by CBOE Holdings and amounts otherwise indemnifiable under any insurance policy or similar agreement.

In addition and subject to certain limitations, the Indemnification Agreement provides for the advancement of expenses incurred by the director in connection with any proceeding covered by the Indemnification Agreement to the extent not prohibited by law. In order to obtain such advancement of expenses, the director must provide CBOE Holdings with an undertaking to repay all amounts if it is ultimately determined that the director is not entitled to indemnification for such expenses.

The Indemnification Agreement does not exclude any other rights to indemnification or advancement of expenses to which the director may be entitled, including any rights arising under applicable law, the CBOE Holdings charter and bylaws, any other agreement, vote of stockholders or resolution of directors, or otherwise.

Item 17. Undertakings.

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i)

To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii)

To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii)

To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that the undertakings set forth in paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i)

Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii)

Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to

the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;
- (iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and
- (iv) any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the provisions discussed under Item 15 above, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
