Proxy Statement

ANNUAL GENERAL MEETING OF SHAREHOLDERS

May 15, 2013

GENERAL INFORMATION

The enclosed Proxy Card is being solicited on behalf of the Board of Directors (the “Board”) for use at the 2013 Annual General Meeting of Shareholders of Everest Re Group, Ltd., a Bermuda company (the “Company”), to be held on May 15, 2013, and at any adjournment thereof. It may be revoked at any time before it is exercised by giving a later-dated proxy, notifying the Secretary of the Company in writing at the Company’s registered office at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda, or by voting in person at the Annual General Meeting. All shares represented at the meeting by properly executed proxies will be voted as specified and, unless otherwise specified, will be voted: (1) for the election of Dominic J. Addesso, John J. Amore, John R. Dunne, Joseph V. Taranto and John A. Weber as directors of the Company; (2) for the appointment of PricewaterhouseCoopers LLP as the Company’s independent registered public accounting firm to act as the Company’s auditor for 2013 and for authorizing the Company’s Board of Directors acting through its Audit Committee to retain the independent registered public accounting firm serving as the Company’s auditor; and (3) for the approval, by non-binding advisory vote, of the 2012 compensation paid to the Named Executive Officers.

Only shareholders of record at the close of business on March 20, 2013 will be entitled to vote at the meeting. On that date, 59,973,487 Common Shares, par value \$.01 per share (“Common Shares”), were outstanding. However, this amount includes 9,719,971 Common Shares held by Everest Reinsurance Holdings, Inc. (“Everest Holdings”), the Company’s subsidiary. As provided in the Company’s Bye-laws, Everest Holdings may vote only 5,937,375 of its shares. The outstanding share amount also excludes 23,608 shares with no voting rights. The limitation of Everest Holdings voting shares to 5,937,375 and the exclusion of 23,608 shares with no voting rights results in 56,167,283 Common Shares entitled to vote.

The election of each nominee for director and the approval of all other matters to be voted upon at the Annual General Meeting require the affirmative vote of a majority of the votes cast at the Annual General Meeting, provided there is a quorum consisting of not less than two persons present in person or by proxy holding in excess of 50% of the issued and outstanding Common Shares entitled to attend and vote at the Annual General Meeting. The Company has appointed inspectors of election to count votes cast in person or by proxy. Common Shares owned by shareholders who are present in person or by proxy at the Annual General Meeting but who elect to abstain from voting will be counted towards the presence of a quorum. However, such Common Shares and Common Shares owned by shareholders and not voted in person or by proxy at the Annual General Meeting (including “broker non-votes”) will not be counted towards the majority needed to elect a director or approve any other matter before the shareholders and, thus, will have no effect on the outcome of those votes.

This Proxy Statement, the attached Notice of Annual General Meeting, the Annual Report of the Company for the year ended December 31, 2012 (including financial statements) and the enclosed Proxy Card are first being mailed to the Company's shareholders on or about April 10, 2013.

All references in this document to "\$" or "dollars" are references to the currency of the United States of America.

The Company knows of no specific matter to be brought before the Annual General Meeting that is not referred to in the attached Notice of Annual General Meeting of Shareholders and this Proxy Statement. If any such matter comes before the meeting, including any shareholder proposal properly made, the proxy holders will vote proxies in accordance with their best judgment with respect to such matters. To be properly made, a shareholder proposal must comply with the Company's Bye-laws and, in order for any matter to come before the meeting, it must relate to matters referred to in the attached Notice of Annual General Meeting.

PROPOSAL NO. 1—ELECTION OF DIRECTORS

The Board of Directors recommends that you vote FOR the director nominees described below. Proxies will be so voted unless shareholders specify otherwise in their proxies.

The Company's Bye-laws provide that beginning in 2012, the directors who are elected at each Annual General Meeting are elected for one-year terms. Because the Company previously had a classified Board, the annual election of directors is being phased in over a three-year period. Beginning in 2014, all directors will be elected for one-year terms at each Annual General Meeting.

At the 2013 Annual General Meeting, the nominees for director positions are to be elected to serve until the 2014 Annual General Meeting of Shareholders or until their qualified successors are elected or until such director's office is otherwise vacated. At its regularly scheduled meeting on February 20, 2013, the Nominating and Governance Committee recommended to the Board the nominations of Dominic J. Addesso, John J. Amore, John R. Dunne, Joseph V. Taranto and John A. Weber as directors, all of whom are currently directors of the Company. Dominic J. Addesso and John J. Amore became directors on the Company on September 19, 2012, when the Board appointed them based upon the recommendation of the Nominating and Governance Committee.

The Board accepted the Nominating and Governance Committee recommendations, and the nominees have accepted their nominations for director positions. It is not expected that any of the nominees will become unavailable for election as a director, but if any nominee should become unavailable prior to the meeting, proxies will be voted for such persons as the Board shall recommend, unless the Board reduces the number of directors accordingly. There are no arrangements or understandings between any director, or any nominee for election as a director, and any other person pursuant to which such person was selected as a director or nominee.

All of the directors attended the 2012 Annual General Meeting of Shareholders.

The Board affirmatively determined the independence of the following directors, who constituted a majority of the Board during 2012 and who served as members of the Audit, Compensation and Nominating and Governance Committees: Mr. Abrahams (retired), Mr. Amore, Mr. Duffy (retired), Mr. Dunne, Mr. Phelan, Mr. Singer and Mr. Weber. In its most recent annual evaluation of each director's independence, the Board determined that Messrs. Amore, Dunne, Phelan, Singer, Weber and Galtney are independent. In determining independence, the Board applied the categorical standards contained in the Company's Corporate Governance Guidelines. A copy of those standards, which are stricter than the corporate governance listing standards of the New York Stock Exchange (the "NYSE"), is set forth as Appendix A to this Proxy Statement. The Board considered whether these directors had any material relationships with the Company, its affiliates or the Company's external auditor and concluded that none of them had a relationship that impaired his independence. The Board based its determination on personal discussions with the directors and a review of each director's responses to an annual questionnaire regarding employment, compensation history, affiliations and family and other relationships. The questionnaire responses form the basis for reviewing a director's financial transactions involving the Company and preparing a report on every relationship that is disclosed by a director, regardless of the amount in question. This annual review is performed in compliance with the Company's Bye-laws and the Bermuda Companies Act 1981 and the resulting report is approved by resolution of the Board of Directors. The report's findings are disclosed in the section entitled "Certain Transactions with Directors" that appears in this Proxy Statement. Directors are also subject to the Company's Ethics Guidelines which require full and timely disclosure to the Company of any situation that may result in a conflict or appearance of a conflict.

Additionally, in accordance with the Corporate Governance Guidelines and the disclosure requirement set forth in Bye-law 21(b) of the Company's Bye-laws (which in turn requires compliance with the Bermuda Companies Act 1981), each director must disclose to the other directors any potential conflicts of interest he may have with respect to any matter under discussion. If a director is disqualified by the Chairman because of a conflict, he must refrain from voting on a matter in which he may have a material interest.

Board Leadership Structure

Mr. Taranto serves as the Chief Executive Officer and as Chairman of the Board. We believe that having a single leader for both the Company and the Board of Directors who is intimately familiar with the Company's history as well as its operations eliminates the potential for confusion or duplication of efforts and provides clear leadership for the Company. In addition to Mr. Taranto, the Board is comprised of six outside directors, all of whom are independent, and Mr. Adesso, the Company's President.

The Board currently maintains Audit, Nominating and Governance and Compensation Committees, all of whose members are independent directors and each of which has a separate Chairperson. The Charters for each of these committees, the Corporate Governance Guidelines and the Company's Ethics Guidelines and Index to Compliance Policies are posted on the Company's website at <http://www.everestregroup.com>. The Board also maintains an Executive Committee and Investment Policy Committee. The purpose of the Executive Committee is to take any emergent actions until the Board can meet. The members of the Executive Committee are Mr. Taranto, Mr. Galtney and Mr. Weber. The Executive Committee did not meet in 2012. The Investment Policy Committee meets quarterly

and includes Mr. Weber, Mr. Taranto, Mr. Addesso, Mr. Howie and Jack Nelson, the Company's Chief Investment Officer.

7

Prior to each scheduled meeting of the Board of Directors, the directors who are not officers of the Company meet in executive session outside the presence of management. The executive sessions are chaired by alternating directors on an alphabetically based rotation. In addition, the independent directors meet in executive session outside the presence of management on a regular basis. We believe that a leadership structure consisting of a single CEO/Chairman and independent chairs for our Audit, Nominating and Governance and Compensation Committees provide the appropriate balance between management and independent, non-management leadership. However, the Board retains the flexibility to consider other leadership structures in the future.

Board Role in Risk Oversight

In accordance with NYSE requirements, the Company's Audit Committee Charter provides that the Audit Committee has the responsibility to discuss with management the Company's major financial risk exposures and the steps management has taken to monitor and control its risk profile, including the Company's risk assessment and risk management guidelines. Prudent risk management is embodied throughout our Company as part of our culture. In this regard, the Company established an Enterprise Risk Management Committee ("ERM Committee") comprised of the President, the Chief Financial Officer, the Chief Underwriting Officer, the General Counsel and the Vice President of Enterprise Risk Management. The ERM Committee meets quarterly and is responsible for providing centralized executive oversight in identifying, assessing, monitoring, controlling, and communicating the Company's enterprise-wide risk exposures and opportunities in accordance with pre-approved parameters and limits.

In conjunction with the input of the ERM Committee, the Vice President of Enterprise Risk Management presents a comprehensive report, on a quarterly basis, to the Audit Committee with respect to our risk management procedures and our exposure to various types of risk on an aggregate and per risk basis, including exposure from our worldwide property and casualty insurance and reinsurance businesses and our investment portfolio. Upon the Audit Committee's recommendation, the Board has adopted a formal Risk Appetite Statement that establishes upper boundaries on risk taking in certain areas of the Company including assets, investments, property and casualty business, including catastrophe business.

Audit Committee

The principal purposes of the Company's Audit Committee, as set forth in its Charter, are to oversee the integrity of the Company's financial statements and the Company's compliance with legal and regulatory requirements, to oversee the independent registered public accounting firm, to evaluate the independent registered public accounting firm's qualifications and independence and to oversee the performance of the Company's internal audit function. The Audit Committee meets with the Company's management, Chief Internal Audit Officer and the independent registered public accounting firm, both separately and together, to review the Company's internal control over financial reporting and financial statements, audit findings and significant accounting and reporting issues. The Audit Committee Charter is reviewed annually and revised as necessary to comply with all applicable laws, rules and regulations. The Charter is available on the Company's website at <http://www.everestgroup.com>.

The members of the Audit Committee are Mr. Amore, Mr. Dunne, Mr. Galtney, Mr. Phelan, Mr. Singer and Mr. Weber. Mr. Singer serves as Chairman of the Audit Committee. Mr. Abrahams and Mr. Duffy also served as members during part of the 2012 fiscal year until their respective retirements. Mr. Abrahams, whose term expired on May 9, 2012, did not seek reelection as a director, and Mr. Duffy retired effective May 1, 2012. No member of the Audit Committee may serve on the Audit Committee of more than two other public companies unless the Board has determined that such service will not affect the ability of the Committee member to serve on the Company's Audit Committee.

The Board has determined that all members of the Committee are financially literate and that all are independent under the NYSE listing standards and the rules of the SEC governing the qualifications of audit committee members. The Board has also determined that Mr. Singer qualifies as an “audit committee financial expert” as defined by SEC rules and has accounting or related financial management expertise as required by NYSE listing standards. The Audit Committee held four formal meetings in 2012.

Compensation Committee

The Compensation Committee exercises authority with respect to all compensation and benefits afforded all officers at the Senior Vice President level and above, the Named Executive Officers (as defined herein) and the Company’s Chief Financial Officer, Comptroller, Treasurer, Chief Internal Audit Officer and Secretary. The Compensation Committee also has oversight responsibilities for all of the Company’s broad-based compensation and benefit programs, including administration of the Company’s Annual Incentive Plan, the 2010 Stock Incentive Plan and the Executive Performance Annual Incentive Plan. The Compensation Committee adopted a Charter which is available on the Company’s website at <http://www.everestgroup.com>. The Compensation Committee Charter, which is reviewed annually and revised as necessary to comply with all applicable laws, rules and regulations, provides that the Compensation Committee may form and delegate authority to subcommittees or to committees of the Company’s subsidiaries when appropriate. This delegation authority was not exercised by the Compensation Committee during 2012. Additional information on the Compensation Committee’s processes and procedures for consideration of executive compensation are addressed in this Proxy Statement under the heading “Compensation Discussion and Analysis”.

The Compensation Committee is comprised of Mr. Amore, Mr. Dunne, Mr. Galtney, Mr. Phelan, Mr. Singer and Mr. Weber, none of whom is a current or former employee or officer of the Company and all of whom meet the independence standards of the NYSE. Mr. Phelan serves as Chairman of the Compensation Committee. Mr. Abrahams and Mr. Duffy also served as members during a portion of fiscal year 2012 until their respective retirements. The Compensation Committee held four meetings in 2012.

Nominating and Governance Committee

The Nominating and Governance Committee was established by the Board on November 21, 2002, with authority and responsibility to identify and recommend qualified individuals to be nominated as directors of the Company and to develop and recommend to the Board the Corporate Governance Guidelines applicable to the Company. The current members of the Nominating and Governance Committee are Mr. Amore, Mr. Dunne, Mr. Galtney, Mr. Phelan, Mr. Singer and Mr. Weber. Mr. Galtney currently serves as Chairman of the Nominating and Governance Committee. Mr. Abrahams and Mr. Duffy also served as members of the committee during a portion of fiscal year 2012 until their respective retirements.

The Nominating and Governance Committee will consider a shareholder’s nominee for director who is proposed in accordance with the procedures set forth in Bye-law 12 of the Company’s Bye-laws, which is available on the Company’s website or by mail from the Corporate Secretary’s office. This Bye-law requires written notice of a shareholder’s intent to make such a nomination at the 2014 Annual General Meeting of Shareholders to be received by the Secretary of the Company at the address listed below under Shareholder and Interested Party Communications with Directors, between November 11, 2013 and December 11, 2013. Such notice shall set forth the name and address, as it appears on the Register of Members, of the shareholder who intends to make the nomination; a representation that the shareholder is a holder of record of shares of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to make such nomination; the class and number of shares of the Company which are held by the shareholder; the name and address of each individual to be nominated; a description of all arrangements or understandings between the shareholder and any such nominee and any other person or persons

(naming such person or persons) pursuant to which such nomination is to be made by the shareholder; such other information regarding any such nominee required to be included in a proxy statement filed pursuant to

Regulation 14A under the Securities Exchange Act of 1934; and the consent of any such nominee to serve as a director, if so elected.

The Nominating and Governance Committee will consider a shareholder candidate nominated in accordance with the procedures of Bye-law 12, like any other candidate for director, based solely on their character, judgment, education, training, business experience and expertise. In addition to complying with independence standards of the NYSE, the SEC and the Company, candidates for director must possess the highest levels of personal and professional ethics, integrity and values and be willing to devote sufficient time to perform their Board and Committee duties. It is in the Company's best interests that the Board be comprised of individuals whose skills, experience, diversity and expertise complement those of the other Board members. The objective is to have a Board which, taken as a whole, is knowledgeable in the areas of insurance/reinsurance, accounting (using generally accepted accounting practices and/or statutory accounting practices for insurance companies), financial management and investment, legal/regulatory and any other areas which the Board and Committee deem appropriate in light of the continuing operations of the Company and its subsidiaries. Financial services-related experience, other relevant prior service, a familiarity with national and international issues affecting the Company's operations and a diversity of background and experience are also among the relevant criteria to be considered. Following interviews, meetings and such inquiries and investigations determined to be appropriate under the circumstances, the Committee makes its director recommendations to the Board. The foregoing criteria are as specified in the Company's Corporate Governance Guidelines. As a part of the annual self evaluation process, the Nominating and Governance Committee assesses its adherence to the Corporate Governance Guidelines.

The Nominating and Governance Committee held two meetings in 2012. The Committee's Charter, which was adopted by the Board on February 25, 2004, and the Corporate Governance Guidelines, which contain the director qualifications, are available on the Company's website at <http://www.everestgroup.com>.

Audit Committee Report

The Audit Committee has reviewed and discussed with management, which has primary responsibility for the financial statements, and with PricewaterhouseCoopers LLP, the Company's independent auditors, the audited financial statements for the year ended December 31, 2012 (the "Audited Financial Statements"). In addition, the Audit Committee has discussed with PricewaterhouseCoopers LLP the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee has received the written disclosures from PricewaterhouseCoopers LLP as required by applicable requirements of the Public Company Accounting Oversight Board regarding PricewaterhouseCoopers LLP's communications with the Audit Committee concerning independence, and has discussed with that firm its independence. The Audit Committee also has discussed with Company management and PricewaterhouseCoopers LLP such other matters and received such assurances from them as the Committee deemed appropriate. Based on the foregoing review and discussions and relying thereon, the Audit Committee recommended to the Company's Board of Directors the inclusion of the Audited Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2012.

The Audit Committee devoted substantial time in 2012 to discussing with the Company's independent auditors and internal auditors the status and operating effectiveness of the Company's internal control over financial reporting. The Audit Committee's oversight involved several meetings, both with management and with the auditors outside the presence of management, to monitor the preparation of management's report on the effectiveness of the Company's internal control. The meetings reviewed in detail the standards that were established, the content of management's assessment, and the auditors' testing and evaluation of the design and operating effectiveness of the internal control. As reported in the Company's Annual Report on Form 10-K filed March 1, 2013, the independent auditors concluded that, as of December 31, 2012, the Company maintained, in all material respects, effective internal control

over financial reporting based upon the criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Under its Charter and the “Audit and Non-Audit Services Pre-Approval Policy” (the “Policy”), the Audit Committee is required to pre-approve the audit and non-audit services to be performed by the independent auditors. The Policy mandates specific approval by the Audit Committee for any service that has not received a general pre-approval or that exceeds pre-approved cost levels or budgeted amounts. For both specific and general pre-approval, the Audit Committee considers whether such services are consistent with the SEC’s rules on auditor independence. The Audit Committee also considers whether the independent auditors are best positioned to provide the most effective and efficient service and whether the service might enhance the Company’s ability to manage or control risk or improve audit quality. The Audit Committee is also mindful of the relationship between fees for audit and non-audit services in deciding whether to pre-approve any such services. It may determine, for each fiscal year, the appropriate ratio between the total amount of audit, audit-related and tax fees and a total amount of fees for certain permissible non-audit services classified below as “All Other Fees”. All such factors are considered as a whole, and no one factor is determinative. The Audit Committee further considered whether the performance by PricewaterhouseCoopers LLP of the non-audit related services disclosed below is compatible with maintaining their independence. The Audit Committee approved all of the audit-related fees, tax fees and all other fees for 2012 and 2011.

The fees billed to the Company by PricewaterhouseCoopers LLP and its worldwide affiliates related to 2012 and 2011 are as follows:

	2012	2011
Audit Fees (1)	\$3,923,413	\$3,995,561
Audit-Related Fees (2)	125,158	108,150
Tax Fees (3)	175,478	204,296
All Other Fees (4)	2,782	2,782

-
- (1) Audit fees include the annual audit and quarterly financial statement reviews, internal control audit (as required by the Sarbanes Oxley Act of 2002), subsidiary audits, and procedures required to be performed by the independent auditors to be able to form an opinion on the Company’s consolidated financial statements. Audit fees also include statutory audits or financial audits of subsidiaries or affiliates of the Company and services associated with SEC registration statements, periodic reports and other documents filed with the SEC or other documents issued in connection with securities offerings.
- (2) Audit-related fees include assurance and related services that are reasonably related to the performance of the audit or review of the Company’s financial statements; accounting consultations related to accounting, financial reporting or disclosure matters not classified as “audit services”; assistance with understanding and implementing new accounting and financial reporting guidance from rulemaking authorities; financial audits of employee benefit plans; agreed-upon or expanded audit procedures related to accounting and/or billing records required to respond to or comply with financial, accounting or regulatory reporting matters and assistance with internal control reporting requirements.
- (3) Tax fees include tax compliance, tax planning and tax advice and may be granted general pre-approval by the Audit Committee.
- (4) All other fees are for accounting and research subscriptions.

DIRECTORS' COMPENSATION

Annual Retainer

Each member of the Board who is not otherwise affiliated with the Company as an employee and/or officer (“Non-Employee Director” or “Non-Management Director”) was compensated in 2012 for services as a director and was also reimbursed for out-of-pocket expenses associated with each meeting attended. Each Non-Employee Director received a retainer of \$75,000, payable in the form of cash or Common Shares at the director’s election. Giving Non-Employee Directors an opportunity to receive their compensation in the form of Common Shares is intended to align their interests with those of the Company’s shareholders. The value of Common Shares issued is calculated based on the average of the highest and lowest sale prices of the Common Shares on each installment date or, if no sale is reported for that day, the preceding day for which there is a reported sale. During 2012, each of the Non-Employee Directors elected to receive their retainers in the form of cash except for Mr. Abrahams and Mr. Amore who elected to receive theirs in the form of Common Shares. Each was paid in quarterly installments.

Equity Awards

Equity awards for Non-Employee Directors are achieved through the 2003 Directors Plan and the 2009 Directors Plan.

The table below summarizes the compensation paid by the Company to Non-Employee Directors for the fiscal year ended December 31, 2012.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of the Company's Compensation Program's Philosophy and Objectives.

The Company's executive compensation program is endorsed and implemented by the Compensation Committee. The members of the Compensation Committee are appointed annually by the Board of Directors and satisfy the independence requirements of the NYSE. With regard to the 2012 advisory vote on executive compensation, the Compensation Committee noted that shareholders voted in favor of approving the Company's compensation program. In accord with such support, the Compensation Committee believes it appropriate to continue our executive compensation program and policies as outlined in this Compensation Discussion and Analysis.

The Company's executive compensation program is designed to attract, motivate and retain highly talented individuals whose abilities are critical to the ongoing success of the Company. In this regard, the Company's executive compensation program utilizes a dual approach. In the first instance, the program has a short-term component consisting of a base salary and merit-based discretionary bonus. Secondly, the Committee rewards long-term performance through the use of discretionary equity awards designed to more closely align the interests of key executives with the longer term interests of the Company's shareholders.

The Committee assesses the financial performance of the Company in the context of the business environment in which it operates, the performance of competitors with reasonably comparable operations and against management's business plan for the period under the review. The Committee also considers how management has positioned the Company for future growth and profitability. While the Committee looks at the performance of a number of insurers and reinsurers of similar size based on publicly available information, it does not formally benchmark the Company's performance to that of any pre-defined peer group nor did the Committee employ a consultant during 2012. However, the Committee attaches significant importance to management's ability to generate shareholder value over time by achieving an attractive increase in book value per common share, and in the achievement of returns that provide an attractive compound growth rate in shareholder return. Since going public in 1995 through fiscal year 2012, the Company has returned on average more than 13% per annum to shareholders. This attractive longer-term performance has been achieved during a period of significant natural catastrophe activity, a protracted period of very low interest rates as well as repeated periods of soft market conditions.

The Compensation Committee meets outside the presence of management to discuss compensation decisions. The Committee is guided by the following principles when making compensation decisions individually and collectively:

• Compensation of executive officers is based on the level of job responsibility, their individual performance and their contribution to the performance of the Company.

• Compensation awards and levels are generally intended to be reasonably competitive with compensation paid by organizations of similar stature to both motivate the Company's key employees and minimize the potential for disruptive and costly key employee turnover.

• Compensation is intended to align the interests of the executive officers with those of the Company's shareholders by basing a significant part of total compensation on their contribution over time to the generation of shareholder value.

Components of the Company's Compensation Program.

The Compensation Committee meets each February to approve compensation for each Named Executive Officer including any adjustments to base salary, bonus awards and equity grants in consideration of the officer's prior year's performance as well as performance over time. In addition, from time to time, the Compensation Committee may make separate salary adjustments to Named Executive Officers during the course of the year to recognize mid-year promotions, changes in job functions, or other circumstances. In 2012, the Committee also met in November to determine Mr. Taranto's equity award for his performance during the 2012 fiscal year.

In 2012, annual compensation for the Company's executive officers consisted principally of a base salary, a cash bonus, and equity based awards. In addition to the salary, bonus and equity awards, all employees including executive officers received other forms of compensation. Such other compensation included Company paid term life insurance, partially subsidized medical and dental plans, Company paid disability insurance, and participation in a Company sponsored 401(k) employee savings plan. In addition, certain executives also participated in a Supplemental Savings Plan and two defined benefit plans – the Everest Reinsurance Retirement Plan and Everest Reinsurance Supplemental Retirement Plan. The Supplemental Savings Plan and Supplemental Retirement Plan are non-qualified with respect to tax deductibility in the U.S. The purpose of these supplemental plans is principally to restore benefits which would otherwise have been limited by U.S. benefit plan rules.

Base Salary and Bonus Determinations.

The base salaries for all executive officers are determined by the Compensation Committee, established upon hire or assignment date and reconsidered annually or as responsibilities change. Adjustments are based on each executive officer's performance and the respective officer's contribution to the Company's performance over time and may also take into account competitive conditions in the industry. All base salary determinations are in the subjective judgment and discretion of the Compensation Committee. Although the Compensation Committee does not identify any specific factors in setting an executive's base salary, the Committee does take into account an individual's years of experience in the position and the base salaries of similarly situated officers in other publicly traded, international property & casualty insurance and reinsurance companies.

For purposes of base salary compensation and in assessing competitive conditions in the industry, the Compensation Committee may periodically examine trade or other publications regarding executive compensation, including publicly filed financial statements of other publicly traded property/casualty insurance and reinsurance companies. However, the Compensation Committee does not engage in formal benchmarking in determining Named Executive Officer compensation.

The Company awards annual merit-based cash bonuses to executive officers under the Annual Incentive Plan and the Executive Performance Annual Incentive Plan. The Annual Incentive Plan is applicable to all executive officers and management employees, except for Mr. Taranto who is subject to the Executive Performance Annual Incentive Plan. Under the Annual Incentive Plan, the Company may make cash payments each year to employees who hold positions of significant responsibility and whose performance, in the judgment of the Compensation Committee, contributed materially to the success of the Company and its subsidiaries. The Annual Incentive Plan is designed to reward past accomplishments, to motivate future accomplishments, and to aid in attracting and retaining employees of the caliber necessary for the continued success of the Company. The actual bonus amounts recommended for individual plan participants are subjectively determined by executive management based on a variety of factors including individual responsibilities, experience, contributions and performance, as well as position relative to internal peers. Management believes that consideration of these factors encourages executives to strive to improve their performance without feeling limited by the constraints of pre-defined metrics.

The Compensation Committee reviews management's recommendation, and has the discretion to reject or modify the recommended individual awards. All bonus determinations pursuant to the Annual Incentive Plan are in the subjective judgment and discretion of management and the Compensation Committee. Management and the Compensation Committee do not identify any specific factors or particular criteria that must be met by each executive officer. Nor do they rely upon any predefined formula for determining the amount of bonus.

Unlike the Annual Incentive Plan, the executive officers eligible to participate in the Executive Performance Annual Incentive Plan (the "Executive Incentive Plan") are selected by the Compensation Committee. The purpose of the Executive Incentive Plan is to define and limit the amounts that may be awarded to eligible executives of the Company so that the awards will qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). Qualifying as performance-based compensation preserves the tax deductibility of cash bonuses to those executive officers whose total performance based cash compensation would exceed one million dollars. In accordance with the Code and applicable regulations, the Executive Incentive Plan is a shareholder approved plan that is presented for shareholder approval every five years. Within ninety days after the beginning of each year, the Compensation Committee, in its sole discretion, selects corporate officers of the Company and its subsidiaries who will be eligible to participate in the plan for that year. The Compensation Committee establishes performance measures for each participant which, if attained, entitles the participant to specific award amounts. Among other things, the Executive Incentive Plan provides that the total amount of awards granted to all participants in any one year may not exceed 10% of the Company's average annual income before taxes for the preceding five years.

Mr. Taranto was the only participant in the Executive Incentive Plan for 2012. However, for the 2013 fiscal year, the Compensation Committee selected Messrs. Taranto, Adesso and Doucette as plan participants.

The total amount awarded in bonuses for 2012 under the Annual Incentive Plan was \$19.698 million.

The total amount awarded in bonuses for 2012 under the Executive Incentive Plan was \$3.15 million.

Long-Term Compensation Determinations.

The second component of the Company's executive compensation plan is premised on a strategic view of compensation. This long-term compensation component is achieved through the Everest Re Group, Ltd. 2010 Stock Incentive Plan ("2010 Stock Incentive Plan"). Awards under the 2010 Stock Incentive Plan are intended to reinforce management's long-term emphasis on corporate performance, provide an incentive for key executives to remain with the Company for the long-term, and provide a strong incentive for employees to work to increase shareholder value by aligning employees' interests with the shareholders.

Equity awards may take the form of share options, share appreciation rights, restricted shares or share awards. To date, the Company has only awarded restricted shares and non-qualified share options. Options and restricted shares are awarded on the day that they are granted by the Compensation Committee and valued as of the grant date. Options are issued with an exercise price equal to the fair market value of the Company's stock on the grant date. The Company determines fair market value by averaging the high and low market price on the grant date.

Restricted share awards and share options encourage employee retention because such awards vest over a five year period at the rate of 20% per year and are generally forfeited if the recipient leaves the Company before vesting. In addition, the expiration of share options ten years after they are granted is designed to encourage recipients to work towards maximizing the Company's growth over the long-term and not simply cater to short-term profits.

Equity grants are made in conjunction with the Compensation Committee's February meeting, and there is no plan or practice to grant options or restricted shares in coordination with the release of material non-public information. Additionally, the Company's Ethics Guidelines impose a total prohibition on its officers, directors or other employees trading in options in the Company's shares. Prohibited options include options awarded under the 2010 Stock Incentive Plan, as well as any expired stock incentive plans, "put" options and "call" options. The Company's officers, directors or other employees are also prohibited from engaging in transactions geared toward "shorting" the Company's stock.

With respect to the equity award process, the CEO makes recommendations to the Compensation Committee for each eligible executive officer, and the proposed awards are discussed by the Compensation Committee and recommended for action by the Board. While the Compensation Committee takes into account management's input on award recommendations, all final determinations are in the subjective judgment and discretion of the Compensation Committee. The Compensation Committee does not identify any specific factors or particular criteria that must be met by each executive officer. Nor does it rely upon any predefined formula for determining the amount of equity award. Rather, the Compensation Committee reviews the recipient's demonstrated past and expected future individual performance as well as his/her contribution to the financial performance of the Company over time, the recipient's level of responsibility within the Company, his/her ability to affect shareholder value, and past share awards.

Named Executive Officer Compensation.

The final amounts and factors considered by the Compensation Committee in making its decisions regarding 2012 performance for each Named Executive Officer are described more fully below. The Compensation Committee considered each Named Executive Officer's contributions to the Company's financial performance over time, his individual responsibilities and, in consultation with the CEO, an assessment of each executive officer's individual performance and long-term value to the Company. In making its assessment as to each Named Executive Officer's performance, no specific factors applicable to any one Named Executive Officer or all of the Named Executive Officers as a group were identified by the Compensation Committee, and no factors were given more importance than others. The Compensation Committee also generally considered, but without engaging in formal benchmarking, its knowledge of overall compensation made by the Company's competitors with respect to persons in comparable positions based upon publicly disclosed information. All decisions with respect to salary adjustments and bonus awards were made on an individual basis, without any comparison among the Named Executive Officers, and were subjectively determined.

Summary

The key compensation components for each Named Executive Officer for fiscal year 2012 as determined by the Compensation Committee, are summarized in the table below. This table supplements the Summary Compensation Table found on page 28 in order to better assist shareholders in understanding the Compensation Committee's specific decisions on individual compensation based on performance during the 2012 fiscal year.

(2) This table does not include a sign on bonus of \$300,000 and restricted shares valued at \$750,000 received by Mr. Howie in conjunction with his hiring in 2012.

Mr. Taranto's Compensation.

Mr. Taranto's compensation is comprised of a base salary, annual performance bonus and share awards. Mr. Taranto's base salary of \$1,000,000 is set forth in his employment agreement. As previously noted, Mr. Taranto's annual bonus award is derived formulaically through his participation in the Company's shareholder approved Executive Incentive Plan, which outlines specific performance metrics relating to the financial performance of the Company that must be met when determining the applicable bonus amount. Finally, the Compensation Committee takes into account the CEO's overall performance in leading the Company over time when determining any equity award grants.

CEO Bonus Award.

In the case of Mr. Taranto, the Compensation Committee established a performance grid in February 2012, that related various levels of the Company's earnings per share and corresponding net operating income and return on equity, to a maximum cash incentive award based upon the given level of Company performance. For 2012, the Compensation Committee established the following objective goals and performance criteria under the Executive Performance Annual Incentive Plan:

Executive Performance Annual Incentive Plan

Benchmark						Return On		Maximum Award	
EPS-diluted		Net After-tax Operating Income				Equity (ROE)		(in millions)	
\$ 16.00	to	\$ 20.00	\$ 783 million	to	\$ 979 million	13.8 %	to	16.9 % plus	\$ 3.500
\$ 14.00	to	\$ 16.00	\$ 685 million	to	\$ 783 million	12.1 %	to	13.8 %	\$ 3.150
\$ 12.00	to	\$ 14.00	\$ 587 million	to	\$ 685 million	10.5 %	to	12.1 %	\$ 2.800
\$ 10.00	to	\$ 12.00	\$ 489 million	to	\$ 587 million	8.8 %	to	10.5 %	\$ 2.400
\$ 8.00	to	\$ 10.00	\$ 392 million	to	\$ 489 million	7.1 %	to	8.8 %	\$ 2.000
\$ 6.00	to	\$ 8.00	\$ 294 million	to	\$ 392 million	5.4 %	to	7.1 %	\$ 1.500
	Below	\$ 6.00		Below	\$ 294 million		Below	5.4 %	\$ 1.200

Although the foregoing grid sets forth the various levels of the maximum cash bonus that could be awarded to Mr. Taranto based upon objective Company performance for the fiscal year ended December 31, 2012, the Compensation Committee could, in its discretion, choose to reduce the actual amount of the award. For 2012, the Compensation Committee compared the Company's 2012 fiscal year audited results to the performance measures outlined in Mr. Taranto's performance grid. The Committee concluded that based on net after-tax operating income of \$715 million and a return on equity of 12.2%, Mr. Taranto was eligible for a maximum cash bonus of \$3.15 million. The Compensation Committee awarded Mr. Taranto a cash bonus of \$3.15 million.

CEO Equity Awards.

The decision as to whether and how much of an equity award to be granted to the CEO is in the sole subjective discretion of the Compensation Committee. In November 2012, the Compensation Committee reviewed with Mr. Taranto his performance and met outside his presence in making its award determination. In evaluating whether to make an award, the Compensation Committee took into consideration Mr. Taranto's overall compensation as compared to total shareholder return over time as well as his execution of responsibilities as CEO that include setting the strategic direction of the Company, decisions on Company underwriting initiatives, creation and retention of key management teams, and establishment of a corporate culture focused on disciplined and profitable growth, nimble execution, astute capital management and individual accountability. The Compensation Committee, mindful of the cyclical nature of the reinsurance industry, did not ascribe any particular weight or importance to these various considerations which were subjectively considered in a similar fashion to other Named Executive Officers.

For performance relating to the Company's 2012 fiscal year, the Compensation Committee determined that Mr. Taranto's performance exceeded expectations and awarded him restricted shares valued at \$5 million on November 14, 2012.¹ In making this award, the Compensation Committee took note of the fact that, since taking the Company public in 1995, Mr. Taranto has been instrumental in delivering to shareholders a compound annual growth rate of 13% in total return (as measured by book value growth per common share plus dividends), even as the industry faced several unprecedented catastrophe loss events in the course of his 18 year tenure as CEO of the Company since going public. As highlighted by the performance graph below, relative to this exceptionally strong growth in shareholder return, Mr. Taranto's compensation has remained a conservative 9% compounded annually.

(1) Mr. Taranto also received a grant of 76,993 restricted shares during the Compensation Committee's February 22, 2012 meeting. Although granted in 2012, the February equity award was made in respect of Mr. Taranto's performance relating to the Company's performance during fiscal year 2011.

Mr. Adesso's Compensation.

While the Compensation Committee retains unfettered discretion in determining the amount of bonus and share awards that may be granted to Mr. Adesso, certain elements of his compensation were negotiated up front in his employment agreement that became effective July 1, 2012. Pursuant to that agreement, Mr. Adesso's base salary is set at \$775,000 per annum through December 31, 2013, and he was eligible for a maximum cash bonus of no more than 200% of his base salary. Finally, on September 19, 2012, Mr. Adesso was awarded 7,500 restricted shares in recognition of the Board's selection of Mr. Adesso as the successor to Mr. Taranto as well as consideration for his expanded role and responsibilities as President and Chief Operating Officer.

Mr. Addesso served as both President and Chief Financial Officer through May 9, 2012. Thereafter, he relinquished the position of Chief Financial Officer to Mr. Howie. With respect to Mr. Addesso's bonus award and his long term equity award, the Compensation Committee considered the recommendation of the CEO as well as the execution of Mr. Addesso's responsibilities as the Company's President and Chief Operating Officer as well as Chief Financial Officer through the first quarter of 2012 that included, among other things, executive oversight for the strategic direction of the Company, management and operation of the Company, his unique duties and responsibilities in recruitment, retention and development of senior management in his direct reporting line, development of capital allocation and management strategies, investment strategies, assessment of potential acquisitions and long range strategic planning, interfacing with the Company's shareholders and third party ratings agencies, and responding to analyst inquiries. The Committee also considered Mr. Addesso's executive management and oversight of the Company's various corporate units including Claims, Underwriting, Operations, Accounting and Financial Reporting, Comptrollers, Investments, Actuarial and Treasury. In arriving at Mr. Addesso's bonus award of \$1,500,000 for 2012 performance, and an additional restricted share award of 12,500 shares, the Compensation Committee concluded that Mr. Addesso performed as expected.

Mr. de Saram's Compensation.

As set forth in his employment agreement effective November 1, 2012, Mr. de Saram earns a base salary, subject to annual increases. With respect to adjustments to Mr. de Saram's base salary, his bonus award, and his long term compensation, the Compensation Committee considered the recommendation of the CEO as well as the execution of Mr. de Saram's responsibilities as Deputy Chairman, Managing Director and Chief Executive Officer of Bermuda Re and Deputy Chairman of Everest Re Advisors and International Re. Mr. de Saram's responsibilities include management, supervision and oversight of the Company's branch offices and underwriting operations located in Bermuda, Europe and Singapore, as well as the strategic direction of the Company's European and Asian operations. In arriving at Mr. de Saram's bonus award of \$600,000 and restricted share award of 5,000 shares, as well as increasing his base salary to \$600,000, the Compensation Committee took particular notice of the fact that, in 2012, Mr. de Saram assumed strategic oversight responsibility for the Company's Asian business operating out of Singapore.

Mr. Doucette's Compensation.

Mr. Doucette's base salary is governed by the terms of his employment agreement, which allows for annual increases at the Committee's discretion. With respect to adjustments to Mr. Doucette's base salary, his bonus award, and his long term compensation, the Compensation Committee considered the recommendation of the CEO as well as Mr. Doucette's 2012 promotion to Chief Underwriting Officer of the Company and execution of his responsibilities that include, among other things, identifying reinsurance and insurance underwriting opportunities worldwide, developing new products, evaluating new market opportunities and distribution strategies in line with Company objectives. The Committee also considered Mr. Doucette's executive management and oversight of the Company's U.S. treaty and facultative property reinsurance segments following the retirement in 2012 of the previous head of that business unit. In arriving at Mr. Doucette's base salary adjustment, bonus award of \$750,000 and restricted share award of 5,835 shares, the Compensation Committee concluded that Mr. Doucette performed as expected while taking note of his expanded role as Chief Underwriting Officer for the Company's insurance operations, as well as his effective leadership in rebalancing the Company's worldwide reinsurance risk portfolio that served to preserve the strength of the Company's balance sheet despite the significant 2011 and 2012 natural catastrophes, including most recently Superstorm Sandy.

Mr. Howie's Compensation.

Mr. Howie's base salary of \$450,000 was established upon his hire in 2012 in consideration of his 23 years of financial reporting, tax and public accounting experience in the reinsurance industry gained during his lengthy tenure at Munich Reinsurance America and, prior to that, at Ernst & Young. The Compensation Committee also considered the prevailing market competition for a Chief Financial Officer. Additionally, for performance related to 2012, Mr. Howie was eligible to receive a target bonus of \$450,000, subject to the unfettered discretion of the Compensation Committee. Finally, as additional consideration for his decision to forfeit a performance bonus award and certain other benefits from his prior employer by joining the Company, Mr. Howie also received a one-time sign-on bonus of \$300,000 and, on May 9, 2012, was granted restricted shares with a fair market value of \$750,000.

With respect to adjustments to Mr. Howie's base salary, his bonus award, and his long term compensation, the Compensation Committee considered the recommendation of the CEO as well as the execution of his responsibilities as Chief Financial Officer. These responsibilities include setting and executing capital allocation and management strategies, assessment of potential acquisitions, interfacing with the Company's independent auditors, shareholders and third party ratings agencies, and responding to analyst inquiries. The Committee also considered Mr. Howie's executive management and oversight of the Company's Accounting and Financial Reporting, Comptrollers, Taxes, Actuarial and Treasury departments. In arriving at Mr. Howie's base salary adjustment, bonus award of \$450,000 and restricted share award of 4,125 shares, the Compensation Committee concluded that Mr. Howie performed as expected and took note of his rapid transition to, and assumption of, the role of the Company's Chief Financial Officer.

Mr. Mukherjee's Compensation.

With respect to adjustments to Mr. Mukherjee's base salary, his bonus award, and his long term compensation the Compensation Committee considered the recommendation of the CEO as well as Mr. Mukherjee's 2012 promotion to Executive Vice President and the execution of his responsibilities as the Company's General Counsel/Chief Legal Officer, Corporate Secretary and Chief Compliance Officer as well as serving as the Chief Legal Officer to each of the Company's worldwide affiliates. Mr. Mukherjee's responsibilities include, among other things, management and supervision of the Company's legal staff, providing competent legal and strategic advice and counsel to the Company's Chief Executive Officer, President, Chief Financial Officer and the Company's board of directors, the provision of strategic counsel and advice to the Company's various operating and business units around the world, advice and counsel on potential merger and acquisition and expansion opportunities, setting and overseeing the Company's corporate governance practices and ethics guidelines, overseeing and ensuring worldwide regulatory compliance by the Company and its affiliates, representing the Company and its affiliates before various state, federal and international regulatory agencies around the world, representing and defending the Company and its affiliates in arbitrations and litigations in the United States, Bermuda, Europe, Latin America and Asia. In arriving at Mr. Mukherjee's base salary adjustment, bonus award of \$400,000 and restricted share award of 3,335 shares, the Compensation Committee concluded that Mr. Mukherjee performed as expected.

Other Forms of Compensation.

Apart from the salary, bonus and long-term compensation components discussed above, all employees including executive officers receive other forms of compensation from the Company. That compensation includes Company paid term life insurance, partially subsidized medical and dental plan, Company paid disability insurance, and participation in a Company sponsored 401(k) employee savings plan. Certain executives also participate in a Supplemental Savings Plan and two defined benefit or pension plans (the Everest Reinsurance Retirement Plan and

Everest Reinsurance Supplemental Retirement Plan). The Supplemental Savings Plan and Supplemental Retirement Plan are non-qualified with respect to tax

deductibility in the U.S. The purpose of these plans is principally to restore benefits that would otherwise have been limited by U.S. benefit plan rules.

The Retirement Plan and Supplemental Retirement Plan were closed to employees hired or rehired after April 1, 2010. Employees hired prior to April 1, 2010, remain participants in the Retirement Plan and Supplemental Retirement Plan. The employee savings plan was amended to provide employees hired or rehired after April 1, 2010 with an increased company match that escalates with certain age milestones and a shorter company match vesting period as compared to those employees hired prior to April 1, 2010.

Clawback Policy.

The Company has adopted a clawback policy covering current and former employees, including Named Executive Officers. The policy provides for forfeiture and repayment of any incentive based compensation (including vested and unvested equity awards) granted or paid to an individual during the period in which he or she engaged in material willful misconduct, including but not limited to fraudulent misconduct. The policy also requires the repayment and termination of payments and benefits provided to such individual pursuant to any severance or similar agreement.

Perquisites and Other Benefits.

When the Compensation Committee determines it appropriate, the Company provides Named Executive Officers with perquisites and other personal benefits that are reasonable and consistent with the overall compensation plan and the philosophy of attracting and retaining key employees. The Compensation Committee periodically reviews these awards of perquisites and other benefits.

The only perquisites approved by the Compensation Committee for 2012 were Mr. de Saram's housing, family travel and golf membership fees. The amounts reported for Mr. de Saram are included in the Summary Compensation Table.

Tax and Accounting Implications.

Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended, limits the ability of a publicly-held company to take a tax deduction for annual compensation in excess of \$1 million paid to its chief executive officer or to any of its four other most highly compensated officers. However, compensation is exempt from this limit if it qualifies as "performance-based compensation." To preserve this deduction, the Company has designed its incentive plans to provide incentive compensation that qualifies as "performance-based compensation" that is not counted toward the \$1 million limit. However, the 2010 Stock Incentive Plan allows for the Compensation Committee, in its sole discretion, to grant awards under the plans which do not constitute "performance-based compensation." Although the Compensation Committee considers deductibility under section 162(m) with respect to the compensation arrangements for executive officers, deductibility is not a determinative factor when considering appropriate levels or methods of compensation.

It is the Compensation Committee's objective to have its U.S. tax-paying executives not be subject to penalties under U.S. Internal Revenue Code §409A ("§409A"). Accordingly, all applicable compensation and benefit programs have been amended and are administered in accordance with §409A.

The foregoing provides a general overview of the Company's philosophy on executive compensation. The tables contained in the subsequent sections attribute specific dollar values for the various aspects of executive compensation previously discussed.

Compensation of Executive Officers.

The following table sets forth compensation paid or accrued to the Company's Named Executive Officers who served during fiscal year 2012, (collectively, the "Named Executive Officers").

Retirement Plan.

All the Named Executive Officers of the Company, with the exception of Mr. de Saram and Mr. Howie, participate in the Everest Reinsurance Company Retirement Plan (the "Retirement Plan") and in the Supplemental Retirement Plan (the "Supplemental Plan"), both of which are defined benefit pension plans. As an employee of Bermuda Re, Mr. de Saram is not eligible to participate in the Retirement Plan, and Bermuda Re does not maintain a defined benefit pension plan. The Retirement Plan and Supplemental Plan were both closed to new employees as of April 1, 2010. Mr. Howie joined the Company in 2012, making him ineligible to participate in those plans. The Retirement Plan is a tax-qualified plan that determines benefits under a formula that takes into account a participant's years of continuous service and final average earnings with Everest Re and certain affiliates, including the participant's period of affiliation with The Prudential Insurance Company of America ("Prudential"). The Supplemental Plan is a non-qualified plan that provides benefits that would otherwise be provided under the Retirement Plan formula but for the application of certain limitations on tax-qualified benefits under the Internal Revenue Code.

A participant's "final average earnings" under the Retirement Plan will be his or her average annual "earnings" under the plan during the 72 consecutive months of continuous service in which the participant received the greatest amount of earnings out of the final 120 months of continuous service. For this purpose, "earnings" generally include the participant's base salary, cash bonus payments under the Executive Performance Annual Incentive Plan and, for participants who held positions equivalent to or senior to that of department vice president when that position existed,

cash payments under the Company's Annual Incentive Plan. "Earnings" does not include any other compensation set forth in the Summary Compensation Table.

Final average earnings and earnings will be determined under the Supplemental Plan in the same manner as under the Retirement Plan, except that a participant's earnings are not subject to the limitations under the Internal Revenue Code. "Continuous service" under the Retirement Plan and Supplemental Plan will be the number of years and months worked for Everest Re and certain affiliates, including during the period of affiliation with Prudential.

The table below shows the present value of accumulated benefits payable to each of the Named Executive Officers determined using interest rate and mortality rate assumptions consistent with those in the Company's financial statements and the number of years of service credited to each. A participant becomes vested in the Supplemental Plan upon reaching five years of service, retirement at age 65 or upon a Change of Control. If a participant leaves the Company prior to becoming vested in the Supplemental Plan, he receives no benefits.

(1) The table employs the discount rate of 4.6% at December 31, 2011 and 4.0% at December 31, 2012 for the Retirement Plan and pre-retirement Supplemental Plan. Post retirement, the Supplemental Retirement Plan discount rates are 5% for both years. The Mortality Table used is the sex distinct RP2000 White Collar Combined Active/Retiree Healthy Mortality Table with Scale AA for the Retirement Plan and Table 417(e) Mortality for the Supplemental Plan post-retirement. The payment form assumes 50% Joint and Survivor Annuity for the Retirement Plan (wives assumed to be 4 years younger than their husbands), single life annuity for the Supplemental Plan.

The Assumptions for the 2012 calculations are the same as those used in the FAS ASC 715 disclosure report for the year ending December 31, 2012.

Messrs. Taranto, Adesso and Doucette are not eligible to retire with unreduced benefits until age 65. Where a person participates in both the Retirement Plan and the Supplemental Plan, the number of years of credited service is the same for both plans. Assuming that he continued to work full-time for a Company affiliate, Mr. Mukherjee would qualify for unreduced benefits slightly before his normal retirement date based on his combined age and years of service.

(2) The present value of Mr. Taranto's benefits has been reduced by the amount that he received in December 2008 to pay FICA and other associated taxes.

(1) The Supplemental Savings Plan has the same investment elections as the Company's 401(k) plan and is designed to allow each participant to contribute a percentage of his base salary and receive a company match beyond the contribution limits prescribed by the Internal Revenue Service with regard to 401(k) plans. When the annual IRS 401(a) (17) compensation maximum is reached under the qualified savings plan, eligible employees may contribute to the Supplemental Savings Plan which allows for up to a 3% employee contribution and a 3% company match. Withdrawal is permitted only upon cessation of employment.

(2) All of the amounts reported in this column are included in the 2012 Summary Compensation Table. As an employee hired after April 1, 2012, Mr. Howie receives a higher Company contribution under the Supplemental Savings Plan.

(3) The amounts reported in this column include the following portions of the amounts that were reported above in the 2012 Summary Compensation Table as compensation for 2010 or 2011: Mr. Taranto (\$87,692), Mr. Adesso (\$40,754), Mr. Doucette (\$16,218) and Mr. Mukherjee (\$9,416).

EMPLOYMENT, CHANGE OF CONTROL AND OTHER AGREEMENTS

Employment agreements have been entered into with Messrs. Taranto, Adesso, de Saram and Doucette. Employment agreements are entered into when it is determined that an employment agreement assists in obtaining assurance as to the executive's continued employment in light of the prevailing market competition for the particular position, or where the Compensation Committee believes that an employment agreement is appropriate to attract an executive in light of market conditions and the prior experience of the executive. The terms of the agreement take into consideration the executive's prior background, experience, compensation, competitive conditions and negotiations with the executive and include certain non-disclosure and non-solicitation covenants on the part of the officer.

Joseph V. Taranto. Everest Global and Everest Holdings entered into an employment agreement (the “Employment Agreement”) with Mr. Taranto effective July 1, 2012 and expiring December 31, 2013, unless sooner terminated in accordance with its terms. The Employment Agreement provides for a base salary of \$1,000,000 per year and a consideration of a grant of stock awards to be fully earned and vested in December 2012 and December 2013 as well as vesting of all then outstanding restricted shares upon execution. Mr. Taranto is also eligible to participate in the Executive Incentive Plan.

The Employment Agreement’s material terms with respect to a termination on retirement, death, disability and a termination without due cause or resignation for good reason are outlined in the sections and tables below.

Effective January 1, 2011, Mr. Taranto entered into a Change of Control Agreement with the Company, Everest Global and Everest Holdings. Mr. Taranto’s Change of Control Agreement contains provisions to make it compliant with §409A of the Internal Revenue Code (“§409A”). A violation of §409 may subject an executive to recognition of income with respect to nonqualified deferred compensation at the time such compensation becomes vested plus a 20 percent tax and interest. Effective July 1, 2012, in connection with the execution of his Employment Agreement, Mr. Taranto’s Change of Control Agreement was amended to extend its term to December 31, 2013.

Mr. Taranto’s Change of Control Agreement provides that if, within one year after the occurrence of a material change (as defined in the agreement), Mr. Taranto terminates his employment for any reason, or if the Company terminates Mr. Taranto’s employment for any reason other than for due cause (as defined in the agreement), then (a) all of Mr. Taranto’s outstanding restricted shares and options granted under the Company’s share plans shall immediately vest and become exercisable and remain so for three months; (b) Mr. Taranto shall receive a cash payment six months after separation equal to the lesser of (i) 2.99 multiplied by Mr. Taranto’s annual compensation for the most recent taxable year ending prior to the date of the material change less the value of Mr. Taranto’s gross income in the most recent taxable year ending prior to the date of a material change attributable to his exercise of share options, share appreciation rights and other share-based awards granted Mr. Taranto by the Company or (ii) 2.99 multiplied by Mr. Taranto’s “annualized includible compensation for the base period” as that phrase is defined in Section 280G(d) of the Internal Revenue Code; (c) Mr. Taranto shall continue to be covered under the Company’s medical and dental insurance plans for a period of three years from the date of termination; and (d) Mr. Taranto shall receive “Special Retirement Benefits” in an amount that will equal the retirement benefits he would have received had he continued in the employ of the Company for three years following his termination under the Everest Reinsurance Retirement Plan and any supplemental, substitute or successor retirement plans adopted by the Company. All Special Retirement Benefits shall be paid six months after separation.

In the event that the benefits Mr. Taranto receives under the Change of Control Agreement cause Mr. Taranto to receive a “Parachute Payment” within the meaning of Section 280G of the Internal Revenue Code, Mr. Taranto’s benefits will be reduced to an amount that is one dollar less than the amount that would cause a Parachute Payment. If an award made under the Change of Control Agreement nevertheless results in an assessment against Mr. Taranto of a “Parachute Tax” pursuant to Section 4999 of the Internal Revenue Code, Mr. Taranto shall be entitled to receive an additional amount of money that would put him in the same net tax position had no Parachute Tax been incurred.

Dominic J. Adesso. On July 1, 2012, Everest Global and Everest Holdings entered into an employment agreement with Mr. Adesso under which he is to continue to serve as President of those companies and Chief Executive Officer of Everest Global as well as President of Everest Re and the Company. Effective January 1, 2014, he shall also serve as Chief Executive Officer of each. The agreement, which continues in effect through December 31, 2016, provides for an annual salary of \$775,000 through December 31, 2013, subject to increases, and increasing to \$1 million, effective January 1, 2014, subject to increases. The agreement also provides for consideration of a grant of 7,500 restricted shares by the Compensation Committee at its September 2012 meeting. Effective February 2013, Mr. Adesso became a participant in the Executive Incentive Plan. He is also a participant in the Senior Executive

Change of Control Plan (See

32

“Other Change of Control Arrangements”).) The employment agreement’s material terms for a termination on death, disability or a termination without cause or resignation for good reason are outlined in the sections and tables below.

John P. Doucette. On September 21, 2011, Everest Global entered into an employment agreement with Mr. Doucette under which he was to serve as Executive Vice President and Chief Underwriting Officer for Worldwide Reinsurance of the Company and Everest Re. In 2012, he was promoted to Chief Underwriting Officer. The agreement, which will continue in effect through September 21, 2013, provides for a base salary of \$575,000, subject to increases and consideration of a grant of 4,000 restricted shares by the Compensation Committee at its September, 2011 meeting. Effective February 2013, Mr. Doucette became a participant in the Executive Incentive Plan. He is also a participant in the Senior Executive Change of Control Plan. The employment agreement’s material terms for a termination on death, disability or a termination without cause or resignation for good reason are outlined in the sections and tables below.

Mark S. de Saram. On November 1, 2012, Bermuda Re entered into an employment agreement with Mr. de Saram under which he is to serve as the Managing Director and Chief Executive Officer of Bermuda Re until November 1, 2014. The agreement provides for an annual salary of \$570,000, subject to increases, if any, and \$12,500 per month as a housing allowance. Mr. de Saram is also eligible to participate in the Company’s Annual Incentive Plan, which is entirely discretionary in nature and which may be amended or terminated by the Company at any time. All payments shall be made in U.S. dollars. He is also a participant in the Senior Executive Change of Control Plan. Pursuant to his employment agreement, Mr. de Saram participates in the medical insurance, dental insurance and group life insurance plans currently available to other Bermuda Re employees. In lieu of participating in the Bermuda Savings Plan, he receives a monthly payment equal to 10% of his monthly salary.

If Bermuda Re terminates Mr. de Saram’s employment prior to November 1, 2014 for reasons other than misconduct or a breach of Bermuda Re’s policies, a separation payment equivalent to one year’s salary will be made, all then unvested restricted stock will continue to vest in accord with its terms for 12 months, and a reasonable allowance will be provided to move his personal possessions back to the United Kingdom. Bermuda Re may terminate Mr. de Saram’s employment for cause as defined in the employment agreement at any time during the term of the agreement without prior notice. If Bermuda Re does not renew Mr. de Saram’s employment agreement at the expiration of its term and does not offer him employment at the level at which he was employed prior to entering into that agreement, then Bermuda Re will pay Mr. de Saram a sum equal to six month’s base salary, plus the reasonable cost of six months of medical insurance.

Other Change of Control Arrangements. The Company’s Change of Control arrangements are principally intended to provide continuity of management by motivating executive officers to remain with the Company, despite the uncertainty that arises in the context of a change in control.

Everest Holdings established a Senior Executive Change of Control Plan effective September 28, 1998, which was amended and restated effective January 1, 2009 in order to make it compliant with §409A. The Company succeeded Everest Holdings under the Change of Control Plan upon the restructuring of Everest Holdings in February 2000. A violation of §409A may subject an executive to recognition of income with respect to nonqualified deferred compensation at the time such compensation becomes vested plus a 20 percent tax and interest. Consistent with the changes described above, the Senior Executive Change of Control Plan requires the participant to wait six months following a termination of employment to receive any payments under the plan. The Change of Control Plan is administered by the Compensation Committee, which selects participants from among the senior executives of the Company and its subsidiaries. Among others, the Compensation Committee has selected Mr. Addesso, Mr. de Saram, Mr. Doucette, Mr. Howie and Mr. Mukherjee to participate in the plan.

The Senior Executive Change of Control Plan provides that if, within two years after the occurrence of a material change (as defined in the plan) a participant terminates his or her employment for good reason (as defined in the plan) or the Company terminates the participant's employment for any reason other than for

due cause (as defined in the plan), then (a) all of the participant's outstanding share options granted under the Company's stock plans shall immediately vest and remain exercisable for three months following termination of employment; (b) all restrictions on the participant's restricted shares awarded under the Company's share plans shall immediately terminate and lapse; (c) the participant shall receive a cash payment six months after termination equal to the participant's average salary and annual incentive bonus for the three most recent taxable years (or such shorter period as may be applicable) multiplied by a number between 2.00 and 2.99 as determined by the Compensation Committee (for Mr. Adesso, the number is 2.5, for Messrs. de Saram, Doucette, Howie and Mukherjee, the number is 2.00); (d) the participant shall continue to be covered under the Company's medical and dental insurance plans for a period of two years from the date of termination; and (e) the participant shall receive "special retirement benefits" in an amount that will equal the retirement benefits he or she would have received under the Everest Reinsurance Retirement Plan and any supplemental, substitute or successor plans adopted by the Company had he or she continued in the employ of the Company for a two year period following termination. Special Retirement benefits shall be paid six months after termination.

Potential Payments Upon Termination or Change in Control.

The tables below give a reasonable estimate of the incremental amount of compensation that might be paid to each of the Named Executive Officers in the event of termination of his employment on December 31, 2012.

The amounts shown assume that such termination, change in control, death or disability was effective as of December 31, 2012 and includes estimates of amounts to which the Named Executive Officer might be entitled incremental to what he earned during such time. The actual amounts to be paid out can only be determined at the time of such executive's separation from the Company and may be changed at the discretion of the Compensation Committee of the Company's Board of Directors.

Payments Made Upon Termination. Regardless of the manner in which a Named Executive Officer's employment terminates, he is entitled to receive amounts earned during his term of employment. Such amounts include: accrued salary; amounts contributed under the Employee Savings Plan and the Supplemental Savings Plan (see Non-qualified Deferred Compensation Table) and amounts accrued and vested through the Company's Retirement Plan and the Supplemental Retirement Plan. (See Pension Benefits Table.) The retirement plans offer survivor annuity, if elected by the participant. Pursuant to his Employment Agreement, if Mr. Taranto should resign voluntarily with 30 days prior written notice, he would be paid the cash equivalent of the December 2012 restricted stock grant, any incentive bonus earned but not yet paid for the completed fiscal year preceding the termination date, and any unvested equity grants would become fully vested.

Payments Made Upon Retirement. In the event of retirement, in addition to the items above, all who are eligible will receive the pension benefits shown in the Pension Benefits Table with a reduction for early retirement. Generally, restricted shares and unexercisable options are cancelled and vested options remain exercisable for 90 days following retirement.

Payments Made Upon Death or Disability. In the event of death or disability, in addition to the benefits listed under the headings above, the Named Executive Officer will receive benefits under the Company's disability plan or payments under the Company's life insurance program, as available to employees generally. In the event of Mr. Taranto's death, the Company will pay his base salary through the end of the month of death. Pursuant to the terms of their employment agreements, in the event of the death or disability of Mr. Taranto, Mr. Addesso or Mr. Doucette, any incentive bonus earned but not yet paid for the completed full fiscal year immediately preceding the employment termination date would be paid. For 2012, the bonus would have been \$3.15 million for Mr. Taranto, \$1.5 million for Mr. Addesso and \$750,000 for Mr. Doucette as reported in the Summary Compensation Table.

In the event of the death or disability of any of the Named Executive Officers, unvested share options become exercisable and the restrictions on restricted shares lapse. The following table lists the value of equity awards for each Named Executive Officer at the NYSE closing price of \$109.95 at 2012 year end as if all vested on December 31, 2012.

Termination or Change of Control.

As described above, the Company has entered into Change of Control agreements with each of the Named Executive Officers. Payments are made under each of the respective Change of Control agreements if Mr. Addesso, Mr. de Saram, Mr. Doucette, Mr. Howie or Mr. Mukherjee suffers a covered termination of employment within two years following a change in control. For Mr. Taranto, the term is within one year of a change in control. The Change of Control agreements provide that payment is capped at one dollar less than the amount that would otherwise trigger a Parachute Payment under Section 280G of the Internal Revenue Code. Messrs. Taranto, Addesso, de Saram and Doucette's employment agreements separately address payments that may be made and benefits continued, in the event of a termination without due cause or resignation for good reason, as defined in the respective agreements.

(1) Pursuant to the terms of his Employment Agreement, if termination is voluntary for good reason or without due cause, Mr. Taranto is entitled to a cash payment equal to \$1 million (salary from the date of termination through 12/31/2013), the annual incentive bonus earned but not yet paid for the completed previous fiscal year, three times the annual base salary and a cash amount equal to two times the value of the equity award granted on November 14, 2012.

- (2) Mr. Taranto shall continue to participate in the disability and life insurance programs until the earlier of 24 months following his termination or his eligibility to be covered by comparable benefits of a subsequent employer and he will receive a cash payment to enable him to pay for medical and dental coverage for 24 months following his termination.
- (3) In the event of his voluntary termination without cause or for good reason, Mr. Taranto will also receive a cash payment equal to the increase in the amount of the Retirement Plan and Supplemental Retirement Plan to which he would otherwise have been entitled had he remained employed through December 31, 2013.
- (4) Pursuant to the terms of the Mr. Addesso's employment agreement, he would be paid a separation allowance in equal installments over a 24 month period equal to two times his base salary as in effect January 1, 2014. Mr. Doucette would be paid two times his base salary over a 12 month period. Both would receive any annual incentive bonus earned but not yet paid for the completed full fiscal year prior to termination.
- (5) Pursuant to the terms of the Named Executive Officer's employment agreement, unvested restricted stock will continue to vest in accordance with its terms in the 12 month period following termination for Mr. de Saram and Mr. Doucette. For Mr. Addesso, unrestricted stock would continue to vest for 24 months in accordance with its terms.
- (6) Pursuant to the terms of the Named Executive Officer's employment agreement, he shall continue to participate in the disability and life insurance programs until the earlier of a certain number of months or his eligibility to be covered by comparable benefits of a subsequent employer and he will receive a cash payment to enable him to pay for medical and dental coverage for a certain number of months. For Mr. Addesso, the number is 24, for Mr. Doucette, it is 12.

- (8) The Senior Executive Change of Control Agreement provides for a cash payment that equals the average of the executive's salary and bonus for the previous three years times a factor assigned by the Board. The factor is 2.0 for Messrs. de Saram, Doucette, Howie and Mukherjee, and 2.5 for Mr. Addesso. Mr. Taranto's Change of Control Agreement provides for a factor of 2.99.
- (9) The unvested equity awards for each Named Executive Officer are valued at the NYSE closing price of \$109.95 at 2012 year end as if all vested on December 31, 2012.
- (10) The terms of the Change of Control Agreement offer a cash payout, vesting of equity awards and enhanced pension and health benefits but the aggregate amount is capped at one dollar less than the amount that would otherwise trigger a Parachute Payment under Section 280G of the Internal Revenue Code. The amount shown is the lesser of the total value or one dollar less than three times the Named Executive Officer's annualized compensation for the most recent five years.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2012, the Compensation Committee was comprised of Martin Abrahams, John J. Amore, Kenneth J. Duffy, John R. Dunne, John P. Phelan, Roger M. Singer and John A. Weber, all of whom are Non-Employee Directors of the Company and none of whom is or has been an officer of the Company. No Compensation Committee interlocks existed during 2012.

CERTAIN TRANSACTIONS WITH DIRECTORS

The Board reviewed, discussed and approved by resolution as being in the ordinary course of business, the participation of the Company and its subsidiaries in transactions with companies in which Mr. Galtney, as an independent director of the Company, also maintains ownership, an employment position or an officership. A detailed description of the process by which related party transactions are considered is included in the section entitled “The Board of Directors and its Committees.” The following transactions during 2012 were considered by the Board.

William F. Galtney, Jr. has served as Chairman of Oxford Insurance Services Limited (“Oxford”), a company in which he holds a 99% ownership since April 1, 2005. In 2005, the Everest Companies entered into a program administrator agreement with Oxford.

Under all business with Oxford in 2012, the Everest Companies recorded \$3,851,615 in gross written premiums and paid to Oxford \$270,512 in related commissions and fees in 2012.

PROPOSAL NO. 2—APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors recommends that you vote FOR the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm to serve as the Company's auditor for the year ending December 31, 2013 and the authorization of the Board of Directors acting by the Audit Committee of the Board of Directors to set the fees for the independent, registered public accounting firm serving as the Company's auditor. Proxies will be so voted unless shareholders specify otherwise in their proxies.

The Company's independent registered public accounting firm has been appointed to serve as the Company's auditor each year at the Annual General Meeting of Shareholders pursuant to the Board's recommendation, which is based on the recommendation of the Audit Committee. For the 2013 Annual General Meeting, and in accordance with the Sarbanes-Oxley Act of 2002 ("Sarbanes Oxley"), the Audit Committee has evaluated the performance and independence of PricewaterhouseCoopers LLP and has recommended their appointment as the Company's independent, registered public accounting firm to serve as auditor for the year ending December 31, 2013. In making its recommendation, the Audit Committee reviews both the audit scope and estimated fees for professional services for the coming year. Representatives of PricewaterhouseCoopers LLP will be present at the 2013 Annual General Meeting, will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions from shareholders.

PROPOSAL NO. 3—NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Board of Directors recommends that you vote FOR the non-binding advisory approval of the Named Executive Officers' compensation. Proxies will be so voted unless shareholders specify otherwise in their proxies. Proxies given by beneficial holders to shareholders of record may not be so voted unless beneficial holders specify a vote for approval in their proxies.

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables shareholders to vote to approve, on an advisory (nonbinding) basis, the compensation of the Company's Named Executive Officers as disclosed in this Proxy Statement in accordance with the rules of the SEC.

As described in detail under the heading "Executive Compensation – Compensation Discussion and Analysis", the Company's executive compensation program is designed to attract, reward, and retain talented executives whose abilities are critical to the success of the Company and its long term goals of profitability and strong shareholder returns. Please read the "Compensation Discussion and Analysis" discussion for additional details about our executive compensation programs, including information about the fiscal year 2012 compensation of our named executive officers.

Shareholders are being asked to indicate their support for the Company's Named Executive Officer compensation as described in this Proxy Statement, which includes the "Compensation Discussion and Analysis" section and the compensation tables and related narrative disclosure. This proposal, commonly known as a "say-on-pay" proposal, gives shareholders the opportunity to express their views on our Named Executive Officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Company's Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, the Board recommends that you vote "FOR" the following resolution at the Annual General Meeting:

"Resolved, that the shareholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and related narrative discussion."

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or the Board of Directors. However, the Board of Directors and the Compensation Committee value the opinions of the Company's shareholders, will review the voting results, and will consider shareholders' concerns.

MISCELLANEOUS—GENERAL MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers, and directors and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC. Executive officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish the Company with copies of all Forms 3, 4 and 5 they file.

Based solely on the Company's review of the copies of the forms it has received and representations that no other reports were required, the Company believes that all of its executive officers and directors have filed with the SEC on a timely basis all required Forms 3, 4 and 5 with respect to transactions during fiscal year 2012 with the exception of one late filing each on behalf of Mr. Dunne and former director, Mr. Abrahams.

Shareholder Proposals for the 2014 Annual General Meeting of Shareholders

This Bye-law is available on the Company's website or by mail from the Corporate Secretary's office.

Proxy Solicitations

The expense of this proxy solicitation will be borne by the Company. In addition to solicitation by mail, proxies may be solicited in person or by telephone, facsimile or mail by directors or officers who are employees of the Company without additional compensation. Georgeson Shareholder Communications Inc. will provide solicitation services to the Company for a fee not to exceed \$6,500 plus out-of-pocket expenses. The firm will solicit proxies by personal interview, telephone, facsimile and mail. The Company will, on request, reimburse shareholders of record who are brokers, dealers, banks or voting trustees, or their nominees, for their reasonable expenses in sending proxy materials and annual reports to the beneficial owners of the shares they hold of record.

APPENDIX A

CORPORATE GOVERNANCE GUIDELINE ON DIRECTOR INDEPENDENCE

A majority of the Board shall be composed of “independent” directors, as that term is defined from time to time by the listing standards of the NYSE. As required by such listing standards, in assessing independence, the Board shall make a determination whether a director has any material relationship with the Company (directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). In making this determination, absent other considerations, the Board will deem a director to be independent if either the director or a member of his immediate family:

Has not been employed by the Company, any of its affiliates or the Company’s external auditor at any time during the past three years;

Has not received more than \$100,000 per year from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

Is not, and in the past three years has not been, part of an interlocking directorate in which an executive officer of the Company serves on the compensation committee of another company that concurrently employs such director or director’s immediate family member;

Does not, and in the past three years has not, provided legal, consulting, investment banking, commercial banking, accounting or other professional services to the Company or any of its subsidiaries or affiliates, and is not a director, executive officer, general partner or significant equity holder of an entity that has provided legal, consulting, investment banking, accounting or other professional services in amounts which exceed the greater of \$1,000,000 or 2% of such other company’s consolidated gross revenues; for purposes of this and the succeeding paragraph, direct or indirect beneficial ownership of an interest representing 10% of the equity or the voting interests of an entity will generally be considered a significant equity holding;

Is not, and in the past three years has not been, a director, executive officer, general partner or significant equity holder of a company that makes payments to, or receives payments from, the Company or any of its affiliates, for property or services in an amount which, exceeds the greater of \$1 million or 2% of such other company’s consolidated gross revenues; and

Is not, and in the past three years has not been, an employee, officer or director of a foundation, university or other non-profit organization that has received grants or endowments from the Company or any of its subsidiaries or affiliates in annual amounts which exceed the greater of \$1,000,000 or 2% of the organization’s annual gross revenues.
