NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

The accompanying proxy is solicited by the board of directors (the Board of Directors) of Station Casinos, Inc., (the Company) to be used at the Annual Meeting of Stockholders on May 24, 2006 (the Annual Meeting) to be held at 10:00 a.m. local time at Red Rock Casino Resort Spa, 11011 West Charleston Boulevard, Las Vegas, Nevada. This Proxy Statement and the enclosed form of proxy are being sent to stockholders on or about April 20, 2006.

At the Annual Meeting, stockholders will be asked to consider and vote upon the following matters:

- ITEM I The election of two directors to serve until the 2009 Annual Meeting.
- ITEM II A proposal to ratify the appointment of Ernst & Young LLP as the Company s independent auditors for 2006.
- ITEM III A stockholder proposal from UNITE-HERE (the Union) if properly presented at the meeting.

Any stockholder giving a proxy may revoke it at any time prior to its exercise at the Annual Meeting by giving notice of such revocation either personally or in writing to the Secretary of the Company at the Company s executive offices, by subsequently executing and delivering a later dated proxy or by voting in person at the Annual Meeting.

The Board of Directors believes that the election of its director nominees and the ratification of Ernst & Young LLP as the Company s independent auditors for 2006 are in the best interests of the Company and its stockholders. **Therefore, your Board of Directors unanimously recommends voting FOR each of the proposals contained in items I and II.**

The Board of Directors also believes that the stockholder proposal is not in the best interest of the Company and its stockholders. **Therefore, your Board of Directors unanimously recommends voting AGAINST the Union s proposal contained in item III.**

VOTING

Shares represented by duly executed and unrevoked proxies in the form of the enclosed proxy card received by the Board of Directors will be voted at the Annual Meeting in accordance with the specifications made therein by the stockholders, unless authority to do so is withheld. If no specification is made, shares represented by duly executed and unrevoked proxies in the form of the enclosed proxy card will be voted **FOR** the election of director nominees listed herein, **FOR** the ratification of Ernst & Young LLP as the Company's independent auditors for 2006, **AGAINST** the Union stockholder proposal and, in the discretion of the persons voting the respective proxies with respect to any other matter that may properly come before the Annual Meeting.

The cost of preparing, assembling and mailing of proxy materials will be borne by the Company. Directors, executive officers and other employees may also solicit proxies but without receiving special compensation. Brokerage houses, nominees, fiduciaries and other custodians will be requested to forward soliciting materials to beneficial owners and will be reimbursed for their reasonable out-of-pocket expenses incurred in sending proxy materials to beneficial owners. The Company has retained D. F. King & Co., Inc. to assist in the solicitation of proxies for an estimated fee of \$35,000, plus reimbursement of certain out-of-pocket expenses.

Only holders of record at the close of business on April 13, 2006 (the Record Date) of the Company's common stock, \$0.01 par value, will be entitled to vote at the Annual Meeting. On the Record Date, there were 62,808,797 shares of common stock outstanding. Each share of common stock is entitled to one vote on all matters presented at the Annual Meeting.

Vote Required

The election of the director nominees (Item I) requires a plurality of the votes cast in person or by proxy at the Annual Meeting. Each approval of the proposal to ratify Ernst & Young LLP as the Company's independent auditors for 2006 (Item II) and approval of the Union stockholder proposal (Item III) requires the affirmative vote of holders of a majority of the voting power represented in person or by proxy and entitled to vote at the Annual Meeting. Under Nevada law and the Company's Restated Bylaws (the Bylaws), shares as to which a stockholder abstains or withholds from voting and shares as to which a broker indicates that it does not have discretionary authority to vote (broker non-votes) will have the same legal effect as a vote against a proposal; however, such shares will have no effect on the election of directors.

If your shares are held in the name of a broker, only your broker can execute a proxy and vote your shares and only after receiving your specific instructions on proposals as to which it does not have discretionary authority. PLEASE SIGN, DATE AND PROMPTLY MAIL THE PROXY CARD (OR VOTING INSTRUCTION FORM) IN THE ENVELOPE PROVIDED BY YOUR BROKER OR ITS AGENT. Remember, your shares cannot be voted unless you return a signed and executed proxy card (or Voting Instruction Form) to your broker on proposals as to which it does not have discretionary authority. However, please be advised that broker non-votes with respect to any matter to be voted on at the Annual Meeting will not be voted but will be counted as present to determine whether there is a quorum for voting purposes on such matters at the Annual Meeting and will have the same legal effect as a vote against the proposals other than the proposal for the election of directors. Broker non-votes occur when a broker, bank or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular proposal and has not received instructions from the beneficial owner. Under applicable rules of conduct, brokers do not have discretionary authority over any proposal to be presented at the Annual Meeting when the matter to be voted upon is being opposed by management, subject to a contest or pursuant to applicable NYSE rules.

The stockholders of the Company have no dissenters or appraisal rights in connection with any of the items to be voted upon at the meeting.

As part of its analysis, the Board of Directors determined that none of Messrs. Lebermann, Nave, Isgur or Lewis has a direct or indirect material relationship with the Company.

Executive Sessions of Non-Management Directors

In order to promote open discussion among the non-management directors, the Board of Directors holds executive sessions, at least four times each year, in which those directors meet without management participation. The Chairman of each executive session rotates between the chairpersons of the Company's Audit Committee and Governance and Compensation Committee, depending upon the primary subject matter of the meeting. During 2005, the non-management directors met 6 times without management participation following Audit Committee or Governance and Compensation Committee meetings.

The Audit Committee also advises the Board of Directors on matters related to accounting and auditing and selects the Company's independent auditors. The independent auditors and the internal auditors have complete access to the Audit Committee without management present to discuss results of their audit and their opinions on adequacy of internal controls, quality of financial reporting and other accounting and auditing matters. The responsibilities of the Audit Committee are outlined in a written charter, which is available on the Company's website at www.stationcasinos.com. Printed copies are also available upon request directed to the Company's Corporate Secretary.

Isgur qualifies as an audit committee financial expert as defined by the Securities and Exchange Commission rules adopted pursuant to the Sarbanes-Oxley Act of 2002.

The Governance and Compensation Committee, currently comprised solely of independent directors (as independence is defined in Section 303A.02 of the NYSE listing standards), reviews and takes action regarding terms of compensation, employment contracts and pension matters that concern officers and key employees of the Company. The Governance and Compensation Committee also reviews and takes action regarding grants of stock options and restricted shares to employees. The Governance and Compensation Committee is also responsible for matters concerning the nomination of directors and corporate governance policies. The Governance and Compensation Committee also evaluates and recommends candidates for election as directors, makes recommendations concerning the size and composition of the Board of Directors, implements the Company's corporate governance policies and assesses the effectiveness of the Board of Directors. The Governance and Compensation Committee met 14 times during 2005. The responsibilities of the Governance and Compensation Committee are outlined in a written charter, which is available on the Company's website at www.stationcasinos.com. Printed copies are also available upon request directed to the Company's Corporate Secretary.

In evaluating and determining whether to nominate a candidate for a position on the Company's Board of Directors, the Governance and Compensation Committee will consider the criteria outlined in the Company's corporate governance policy, which include high professional ethics and values, relevant management experience and a commitment to enhancing stockholder value. In evaluating candidates for nomination, the Committee utilizes a variety of methods. The Company regularly assesses the size of the Board of Directors, whether any vacancies are expected due to retirement or otherwise, and the need for particular expertise on the Board of Directors. Candidates may come to the attention of the Governance and Compensation Committee from current Board of Directors members, stockholders, professional search firms, officers or other persons. The Governance and Compensation Committee will review all candidates in the same manner regardless of the source of the recommendation. The Governance and Compensation Committee will consider stockholder recommendations of candidates when the recommendations are properly submitted. Any stockholder recommendations which are submitted under the criteria summarized above should include the candidate's name and qualifications for Board of Directors membership, which must be submitted no later than ninety (90) days prior to the anniversary of the prior annual meeting and should be addressed to:

The Company entered into employment agreements dated as of May 20, 2003 with Frank J. Fertitta III, Lorenzo J. Fertitta, Glenn C. Christenson, William W. Warner and Scott M Nielson (the "Employment Agreements"). Pursuant to the terms of the Employment Agreements, Frank Fertitta III has agreed to serve as the Chief Executive Officer of the Company and Chairman of the Board, Lorenzo Fertitta has agreed to serve as President of the Company and Vice Chairman of the Board, Mr. Warner has agreed to serve as Executive Vice President and Chief Operating Officer of the Company, Mr. Christenson has agreed to serve as the Executive Vice President, Chief Financial Officer, Chief Administrative Officer and Treasurer of the Company and Mr. Nielson has agreed to serve as Executive Vice President and Chief Development Officer of the Company. All of the Employment Agreements terminate on May 20, 2008, but are subject to automatic 5-year extensions unless the Company or the Executive Officer who is party thereto gives notice at least one year prior to the end of the then-current term or unless the Employment Agreement is otherwise terminated pursuant to the terms of such agreement. The Employment Agreements provide that the Executive Officers shall devote reasonable time and attention to the business and affairs of the Company. Frank Fertitta III and Lorenzo Fertitta's Employment Agreements do not prohibit them from engaging in any business or assisting any other entity in competition with the Company during the term of their employment or at any time thereafter.

Each Employment Agreement provides for a base salary (to be reviewed annually for increase but not decrease), an annual cash bonus in an amount determined based on achievement of predetermined goals set by the Governance and Compensation Committee of the Board of Directors, and the inclusion of the Executive Officer in all benefit plans and programs of the Company made available to the Company's Executive Officers or salaried employees generally. The Executive Officers' current annual base salaries effective April 1, 2006 under the Employment Agreements are as follows: \$2,250,000 for Frank Fertitta III, \$1,740,000 for Lorenzo Fertitta, \$1,200,000 for Mr. Warner, \$1,020,000 for Mr. Christenson and \$960,000 for Mr. Nielson. The Executive Officers are also entitled to certain other benefits and perquisites in addition to those made available to Company management generally. These other benefits include participation in the Supplemental Executive Retirement Plan in the case of Frank Fertitta III and Lorenzo Fertitta, and participation in the Supplemental Management Retirement Plan in the case of Messrs. Christenson, Warner and Nielson, participation in the Company's Special Long-Term Disability

Plan, group health insurance coverage through the Company's Exec-U-Care Medical Plan and supplemental life insurance in the following amounts: not less than \$70 million aggregate coverage for Frank Fertitta III, \$35 million for Lorenzo Fertitta, \$4 million for Mr. Warner, \$7.5 million for Mr. Christenson and \$7.5 million for Mr. Nielson. Lorenzo Fertitta and Mr. Warner also participate in the Company's Long-Term Stay-On Performance Incentive Plan.

In the event that an Executive Officer is terminated as a result of his death or Disability (as defined in his Employment Agreement), he or his legal representative will receive all salary due to the Executive Officer under his Employment Agreement as of the date of his death or Disability, and, in the case of Frank Fertitta III and Lorenzo Fertitta, his then current salary for 24 months. In addition, each Executive Officer will receive any awarded but unpaid annual bonus and a pro-rated bonus for the year of death or Disability, plus, in the event of death, payment of any deferred compensation, and, in the event of Disability, immediate vesting of any deferred compensation or bonuses, and in the case of Frank Fertitta III and Lorenzo Fertitta, immediate vesting of restricted stock and unvested stock options and continuation of health and welfare benefits for 60 months. In the event an Executive Officer (other than Frank Fertitta III and Lorenzo Fertitta) is terminated without Cause (as defined in his Employment Agreement), other than due to death or Disability, prior to a Change in Control (as defined in his Employment Agreement), the Executive Officer will receive a payment equal to three times 160% of such Executive Officer's base salary, a portion of which is conditioned upon the Executive Officer not engaging in certain competitive acts. In the event of Frank Fertitta III's termination without Cause or for Good Reason (as defined in Frank Fertitta III's Employment Agreement) prior to a Change in Control, he will receive a payment equal to four times 220% of his base salary. If Lorenzo Fertitta is terminated without Cause prior to a Change in Control, he will receive a payment equal to three times 190% of his base salary. If any Executive Officer (other than Frank Fertitta III or Lorenzo Fertitta) is terminated without Cause, other than due to death or Disability, prior a Change in Control, he will also receive any bonus awarded but not yet paid, any deferred compensation, 180 days to exercise all vested options, and continuation of health and welfare benefits for 36 months. If the employment of Frank Fertitta III or Lorenzo Fertitta is terminated without Cause or for Good Reason (in the case of Frank Fertitta III only) prior to a Change in Control, he will receive any bonus awarded but not yet paid, any deferred compensation, continuation of health and welfare benefits for 60 months and immediate vesting of all restricted stock and unvested stock options and the ability to exercise the vested options for the remaining term of such stock options.

Immediately upon the occurrence of a Change in Control, the Executive Officers will be entitled to immediate vesting of all restricted stock, stock options, phantom stock units and stock appreciation rights and each of Frank Fertitta III and Lorenzo Fertitta will also be entitled to (i) minimum annual salary increases of at least 5%, (ii) annual bonuses of at least 120% of base salary in the case of Frank Fertitta III and 90% of base salary in the case of Lorenzo Fertitta, (iii) immediate vesting and payout of all amounts awarded under the long-term stay-on performance incentive agreement (in the case of Lorenzo Fertitta only), (iv) a lump-sum payment equal to the economic equivalent of such Executive Officer receiving payments under the Supplemental Executive Retirement Plan (the "SERP") for a period of fifteen years (with such amount determined as if the Executive Officer were immediately eligible for early retirement under the SERP as of the termination date without penalty for early retirement), and (v) continued funding of life insurance policies. Additionally, if the employment of any Executive Officer (other than Frank Fertitta III or Lorenzo Fertitta) is terminated following a Change in Control, either by the Company without Cause, by the Executive Officer for Good Reason (as defined in his Employment Agreement) or by the Executive Officer without Good Reason within 90 days following the first anniversary of a Change in Control, the Executive Officer will be entitled to a payment equal to the greater of three times 160% of his base salary at the time of the Change in Control or at the time of termination, a pro-rata bonus, immediate vesting and payout of all shares or cash awarded under the Long-Term Stay-On Performance Incentive Plan (except in the event of a termination by the Executive Officer without Good Reason within 90 days following the first anniversary of a Change in Control), immediate vesting of his supplemental

retirement benefits under the Supplemental Management Retirement Benefits Plan, continued funding of life insurance policies, and continuation of medical insurance for 36 months. In the event that Frank Fertitta III or Lorenzo Fertitta's employment is terminated following a Change in Control, either by the Company without Cause, by such Executive Officer with Good Reason or by such Executive Officer without Good Reason at any time following the first anniversary of a Change in Control, such Executive Officer will be entitled to receive, in the case of Frank Fertitta III, a payment equal to four times 220% of his base salary, and in the case of Lorenzo Fertitta, a payment equal to four times 190% of his base salary, a pro-rata bonus and continuation of medical insurance for 60 months.

If any payment or benefit paid or payable, or received or to be received, by or on behalf of the Executive Officer in connection with a Change in Control or the termination of the Executive Officer's employment following a Change in Control, will be subject to the excise tax imposed by Section 4999 of the Code, the Employment Agreements provide that the Company will pay the Executive Officer an additional amount such that, after payment by the Executive Officer of all taxes, the Executive Officer retains an amount of such additional payment equal to the excise tax imposed on such payments and benefits paid or payable or received or to be received.

The Company entered into First Amendments to Employment Agreements with Glenn Christenson and Scott Nielson, effective as of July 13, 2004, which expand the scope of their non-competition obligations thereunder.

The Company also entered into First Amendments to Employment Agreements with Frank Fertitta III and Lorenzo Fertitta, effective as of January 21, 2005, which provide for a lump-sum payment to each of them under the SERP in the event of a Change in Control (as defined in their respective Employment Agreements). See Supplemental Executive Retirement Plan as described hereinafter.

Stock Compensation Program

In May 2005, the stockholders approved and the Company adopted the 2005 Stock Compensation Plan (the 2005 Plan) which provides for grants of stock options, stock appreciation rights, restricted stock, restricted stock units, and other stock awards (collectively, the Awards). Individuals eligible to receive Awards under the 2005 Plan include employees, directors and independent contractors of the Company and its subsidiaries and other entities controlled by the Company. However, incentive stock options may be granted only to an employee of the Company or a subsidiary of the Company. Upon adoption of the 2005 Plan, no additional grants of awards will be made under the following plans of the Company (the Prior Plans): (i) the Incentive Stock Option Plan, (ii) the Compensatory Stock Option Plan, (iii) the Restricted Share Plan, (iv) the Non-employee Director Stock Option Plan, (v) the 1999 Compensatory Stock Option Plan and (vi) the 1999 Share Plan.

Under the 2005 Plan the maximum number of shares of common stock that will be available for the grants of Awards is 3,829,671, which includes 3,000,000 new shares and 829,671 shares that were available for awards under the Prior Plans. The number of shares otherwise available for the grant of Awards under the 2005 Plan will be increased by the number of shares subject to awards granted under any of the Prior Plans that are currently outstanding which are cancelled, terminated, or forfeited or expire after the effective date of the 2005 Plan. Each share subject to an award of restricted stock, restricted stock unit or other stock award shall reduce the shares available for grant by 1.9 shares. Options are granted at the current market price at the date of grant. The plan provides for a variety of vesting schedules, including immediate, 20% per year for five years, 10% per year for 10 years, and a cliff vest at the vesting date, to be determined at the time of grant. Generally, all options expire 10 years from the date of grant. The 2005 Plan will terminate 10 years from the date of adoption or extension, unless terminated earlier by the Board of Directors, and no options or restricted shares may be granted under the 2005 Plan after such date.

Supplemental Executive Retirement Plan

Effective as of November 30, 1994, the Company adopted the Supplemental Executive Retirement Plan (the SERP), which is a defined benefit plan. On January 21, 2005, the Company amended the SERP (the SERP Amendment). The purpose of the SERP Amendment was to (i) increase the Early Retirement Date (as defined in the SERP) for participants from age 45 to age 50, (ii) increase the Normal Retirement Date (as defined in the SERP) for participants from age 55 to age 60, (iii) add the President of the Company as a participant, and (iv) include the average annual bonus (in addition to base salary) earned by participants for the three most recent fiscal years in determining Final Annual Compensation (as defined in the SERP). Table I below sets forth the total benefits payable to the Chief Executive Officer and the President as the sole participants in the SERP (each, a SERP Participant). Amounts shown in Table I represent the annual benefits to which each SERP Participant is entitled under the SERP.

TABLE I*

Remuneration (\$)	At Least 60 Years Old and 10 or More Years of Service
3,500,000	1,750,000

6,500,000	3,250,000
7,000,000	3,500,000

* Assumes normal retirement

Subject to the limitations set forth below, the SERP provides a monthly supplemental retirement benefit (the SERP SRB), in addition to any other qualified or non-qualified retirement plan of the Company, equal to one-twelfth of the product of (a) 50% and (b) the Chief Executive Officer's and President's Final Annual Compensation (as defined in the SERP) of the SERP Participant, as determined under the SERP, as amended; provided, however, that for purposes of determining Final Annual Compensation, the average annual bonus shall be limited to a maximum amount equal to 100% of the product of (i) the Average Monthly Salary (as defined in the SERP), multiplied by (ii) twelve. Amounts shown in Table I represent the annual benefits to which each SERP Participant is entitled under the SERP, as amended, which amounts are then reduced by monthly benefits payable under all qualified and non-qualified defined benefit retirement plans of the Company. The amounts listed in Table I are not currently subject to any deductions for social security because the Company currently has no other defined benefit plans. Each SERP Participant will become vested in accrued SERP SRBs upon the later of (a) the attainment of age 50 and (b) the completion of ten years of service after the effective date of the plan, or, if a Change of Control (as defined in the SERP) occurs, the SERP Participants will become fully vested in the SERP SRB.

The SERP SRB is payable upon the later of the date on which the SERP Participant attains age 60 or the SERP Participant's termination of employment. Alternatively, the SERP Participant may elect to commence receiving the SERP SRB upon the later of the date on which the SERP Participant attains age 50 or the SERP Participant's termination of employment. In the event of such an early retirement election, the SERP SRB shall be reduced by 6% of such otherwise payable benefit for each year that the SERP Participant is less than age 60.

The SERP SRB payments will be made for no less than 15 years after the date on which the SERP Participant begins to receive payments; provided, however, that in the event of a Change of Control (as defined in the Employment Agreement of the SERP Participant), the SERP Participant will be entitled to receive, in lieu of any other payments under the SERP, a lump-sum payment of the economic equivalent of the SERP Participant receiving payments under the SERP for a period of 15 years (with such amount determined as if the SERP Participant were immediately eligible for retirement under the SERP without penalty for early retirement). If the SERP Participant dies after he becomes vested and prior to the date on which the SERP Participant begins to receive SERP SRB payments, the Company will pay a survivors benefit to the SERP Participant's spouse equal to the amount that would have been payable to such spouse if the SERP Participant had commenced receiving the SERP SRB at age 60 in the form of a joint and 50% survivor annuity. The Company has no duty to set aside or invest any amounts under or in respect to the SERP. As of December 31, 2005, Frank J. Fertitta III has eleven years of credited service and Lorenzo Fertitta has five years of credited service under the SERP.

Supplemental Management Retirement Plan

Effective November 30, 1994, the Company adopted the Supplemental Management Retirement Plan (the "SMRP"), which is a defined benefit plan. Table II below sets forth the total benefits payable to Executive Officers (other than the Chief Executive Officer and the President) selected by the Governance and Compensation Committee to participate in the SMRP. Amounts shown in Table II represent the annual benefits to which the covered Executive Officers are entitled under the SMRP.

TABLE II*

Remuneration (\$)	At Least 60 Years Old and 10 or More Years of Service
750,000	300,000
850,000	340,000
950,000	380,000
1,050,000	420,000
1,150,000	460,000
1,250,000	500,000

* Assumes normal retirement

The SMRP provides a monthly supplemental retirement benefit (the "SMRP SRB"), in addition to any other qualified or non-qualified retirement plan of the Company, equal to one-twelfth of the product of (a) 40% and (b) the Executive Officer's final annual compensation, as determined under the SMRP (equal to the amount reported as annual salary in the Summary Compensation Table), which amounts are then reduced by monthly benefits payable under all qualified and non-qualified defined benefit retirement plans of the Company. The amounts shown in Table II are not currently subject to any deductions for social security or other offset amounts because the Company currently has no other defined benefit plans. The Executive Officer will become vested in the accrued SMRP SRBs upon the later of (a) the attainment of age 55 and (b) the completion of ten years of service after the effective date of the plan, or, if a Change of Control (as defined in the SMRP) occurs, the Executive Officer will become fully vested in the SMRP SRB.

The SMRP SRB is payable upon the later of the date on which the Executive Officer attains age 60 or the Executive Officer's termination of employment. Alternatively, the Executive Officer may elect to commence receiving the SMRP SRB upon the later of the date on which the Executive Officer attains age 55 or the Executive Officer's termination of employment. In the event of such an early retirement election, the SMRP SRB shall be reduced by 6% of such otherwise payable benefit for each year that the Executive Officer is less than age 60.

The SMRP SRB payments will be made for no less than 15 years after the date on which the Executive Officer begins to receive payments. If the Executive Officer dies after becoming vested and prior to the date on which the Executive Officer begins to receive SMRP SRB payments, the Company will pay a survivor's benefit to the Executive Officer's spouse equal to the amount that would have been payable to such spouse if the Executive Officer had commenced receiving the SMRP SRB at age 60 in the form of a joint and 50% survivor annuity. The Company has no duty whatsoever to set aside or invest any amounts under or in respect to the SMRP. As of December 31, 2005, Mr. Christenson is fully vested under the SMRP. As of December 31, 2005, Mr. Nielson has eleven years of credited service and Mr. Warner has nine years of credited service under the SMRP.

Deferred Compensation Plan For Executives

The Deferred Compensation Plan For Executives (the "DCPE"), in effect as of November 30, 1994 and amended and restated as of June 1, 1998, is a deferred compensation plan for a select group of management and highly compensated employees who are selected for participation by the Governance and Compensation Committee of the Board of Directors. Executive Officers may defer up to 90% of their regular base salary and 100% of any special and/or discretionary bonuses and receive a Company match of up to 5% of any base salary and bonus deferred under the plan. If the Executive Officer is terminated without cause or if a Change in Control (as defined in the DCPE) occurs prior to completion of five years of continuous service, any accrued balance existing under the matching and supplemental accounts becomes fully vested as of the date of such event. Hardship distributions are permitted under the plan in the event of an unforeseeable emergency, and will be limited to the amount shown to be necessary to meet the emergency.

Special Long-Term Disability Plan

The Special Long-Term Disability Plan provides disability benefits equal to a combined monthly benefit amount of 66% of the average of base salary plus bonus for the two plan years immediately preceding (but not including) the plan year in which the participant's employment is terminated due to disability divided by twelve; provided, however, that the monthly benefit will be reduced by any benefit the participant receives from all other disability plans sponsored by the Company, if any. Benefits begin on the first day of the second month succeeding the month in which the participant's termination of employment due to disability occurs. Individuals eligible to participate in the plan consist of the Executive Officers as chosen by the Governance and Compensation Committee of the Board of Directors from key executives nominated by the Chief Executive Officer. The Governance and Compensation Committee may, in its sole discretion, terminate the participation of any participant prior to the disability of such participant. Each of the Executive Officers is a participant in this plan.

Long-Term Stay-On Performance Incentive Plan

Mr. Lorenzo Fertitta entered into a Long-Term Stay-On Performance Incentive Agreement dated March 15, 2002, whereby the Company will pay him \$1.0 million in cash in three equal installments on each of July 31, 2004, July 31, 2007 and July 31, 2010, provided that he will have been continuously employed with the Company through those respective dates. Mr. Warner entered into a Long-Term Stay-On Performance Incentive Agreement dated April 1, 2002, whereby the Company will pay him \$250,000 in cash on each of April 1, 2003, 2005, 2007 and 2009, provided that he will have been continuously employed with the Company through those respective dates.

Limitation Of Liability And Indemnification Of Directors And Officers

The Company's Articles of Incorporation eliminate liability of its directors and officers for damages for breach of fiduciary duty as directors and officers except to the extent otherwise required by the Nevada Revised Statutes (NRS) and in cases in which the breach involves intentional misconduct, fraud or a knowing violation of the law.

Sections 78.7502 and 78.751 of Chapter 78 of the NRS and the Bylaws contain provisions for indemnification of officers and directors of the Company and, in certain cases, employees and other persons. The Bylaws require the Company to indemnify such persons to the full extent permitted by Nevada law. Each such person will be indemnified in any proceeding if such person acted in good faith and in a manner which such person reasonably believed to be in, or not opposed to, the best interest of the Company and, with respect to any criminal action, had no reasonable cause to believe was unlawful. Indemnification would cover expenses, including attorneys' fees, judgments, fines and amounts paid in settlement.

Section 78.752 of Chapter 78 of the NRS and the Bylaws also provide that the Board of Directors may cause the Company to purchase and maintain insurance on behalf of any present or past director or officer insuring against any liability asserted against such person incurred in the capacity of director or officer or arising out of such status, whether or not the Company would have the power to indemnify such person. The Company maintains directors' and officers' liability insurance.

The Company has entered into indemnification agreements (the Indemnification Agreements) with each director and certain officers, employees and agents of the Company. Each Indemnification Agreement provides for, among other things: (i) indemnification to the fullest extent permitted by law for an indemnified party (the Indemnitee) unless it is determined, as provided in the Indemnification Agreement, that indemnification is not permitted under law; and (ii) prompt advancement of expenses to any Indemnitee in connection with his or her defense against any claim.

REPORT ON EXECUTIVE COMPENSATION¹

This report is provided by the Governance and Compensation Committee of the Board of Directors to assist stockholders in understanding the Company's objectives and procedures in establishing the compensation of the Company's Chief Executive Officer and other executive officers. The Governance and Compensation Committee is responsible for (i) reviewing and approving all elements of the total compensation program for the Company, (ii) aligning the total compensation program with stockholders' interests and the Company's business strategy and (iii) assuring stockholders that the pay delivery programs are effective, responsible, and competitive when compared to similarly situated organizations.

Executive Compensation Program Philosophy and Objectives

The Governance and Compensation Committee's primary objectives in setting compensation policies are to develop a program designed to attract and retain those individuals needed to successfully implement the Company's strategy and to reward them relative to the Company's performance. The Governance and Compensation Committee sets compensation policies to promote profitable growth and to retain highly talented, motivated individuals with a long-term vision for the Company. The Governance and Compensation Committee also seeks to align the financial interest of the Company's executives with that of its stockholders. To achieve this goal, the Governance and Compensation Committee believes that a significant portion of the Company's executives' compensation should be at risk and tied to the achievement of annual and long-term corporate performance criteria. The Governance and Compensation Committee retains a nationally recognized human resources consulting firm to assist with the design, implementation and communication of the Company's compensation program.

Base Salary

Base salaries are reviewed annually and may be adjusted (for increase but not for decrease) based on an evaluation of the executive's performance in conjunction with a review of compensation received by individuals holding similar positions at other organizations with similar scope of operations. For the year ended December 31, 2005, the Governance and Compensation Committee identified a group of casino and gaming companies (the Peer Companies) that it believes are the Company's competition for executive level employees. As part of its strategy to attract and retain high quality executive employees, the Governance and Compensation Committee has established a policy to pay executive base salaries based on competitive base salaries paid by the Peer Companies, with the Company's salaries being at or near the high end of the range. Actual salaries are determined based upon an assessment of the individual's contribution and value to the organization and the competitive market for that position.

Annual Incentives

The Governance and Compensation Committee also sets executive compensation in a manner designed to make it dependent upon the performance of the Company. To create incentives for superior performance and to allow executives to share in the success of the Company, the Governance and Compensation Committee has made a portion of an executive's compensation dependent upon the annual and long-term performance of the Company.

Annual incentive awards for the year 2005 performance were based upon the Company's performance and assessments of the individual executive's contribution to the success of the Company during 2005. The Governance and Compensation Committee targeted total cash compensation paid to the Company's

¹ Notwithstanding anything to the contrary set forth in any of the Company's previous or future filings under the Securities Act or the Exchange Act, this Report on Executive Compensation shall not be incorporated by reference in any such filings.

executives to pay for similar positions in the Peer Companies, with the Company's total cash compensation being at or near the high end of the range. Actual annual incentive payouts were adjusted for the Company's performance and the individual's contribution during the performance period.

The Governance and Compensation Committee has adopted an incentive program that makes a portion of the participant's compensation dependent upon the annual performance of the Company and a portion dependent on achievement of superior individual performance in the event targets are not met. The purpose of this program is to focus each executive on the attainment of financial objectives that the Governance and Compensation Committee believes are primary determinants of the Company's share price over time. Each year, specific cash flow and/or earnings per share goals are approved by the Governance and Compensation Committee under the program. To ensure that the award amounts under the program are competitive, target award amounts are set at the beginning of each performance period for each executive based upon comparable award amounts paid by the Peer Companies. The amount of the target award is determined by comparison of actual earnings before interest, taxes, depreciation and amortization (EBITDA) versus the Company's EBITDA goal. The actual award may vary from zero to 233% of the target award. The Governance and Compensation Committee has retained the ability to award a discretionary bonus.

Long-Term Incentives

The Company has provided stock-based incentives to its executives since its inception. The Governance and Compensation Committee attempts to give the Company's executives a stake in the long-term success of the business and pay a considerable portion of such executives' total compensation in stock in order to give the executives a long-term stake in the business and to align executives' interests with those of the Company's stockholders. These grants of stock options and restricted stock awards align the executive's interests with the stockholder's interests as the size of the executive's reward is dependent on the Company's stock performance. Grants made to the Company's executives are based on the grant values for similar positions among the Peer Companies, with the Company's grant values being at or near the high end of the range. The value of any stock option awards are estimated using the Black-Scholes option valuation model. Awards have generally been granted with 20% of the award vesting on each anniversary from the date of grant until fully vested. All of the restricted shares granted to the Company's executives (excluding shares granted to such executives as part of their 2003 annual bonus) in the year ended December 31, 2004, a portion of the restricted shares granted to such executives in the year ended December 31, 2001 and all of the restricted shares granted to such executives in the year ended December 31, 1999, were granted with 10% of the award vesting on each anniversary from the date of grant until fully vested.

Other Executive Programs

The Company also maintains certain executive benefits and perquisites that are considered necessary to offer fully competitive opportunities to its executives. These include, but are not limited to, supplemental retirement arrangements, employment agreements, and change in control agreements. The details of these programs are explained under the Executive Compensation section of this proxy statement.

2005 Compensation for the Chief Executive Officer

The same philosophies described above for each executive position were used by the Governance and Compensation Committee to determine the compensation for Frank J. Fertitta III, the Chairman of the Board and Chief Executive Officer of the Company.

The Chief Executive Officer's 2005 Base Salary

The Governance and Compensation Committee established Mr. Fertitta's annual base salary for the year 2005 based upon a review of base salaries paid by the Peer Companies, together with an evaluation of the Company's results in 2005.

The Chief Executive Officer's 2005 Annual Incentive

The annual incentive earned by the Chief Executive Officer for the year 2005 performance was \$3,750,000. This annual incentive award reflects the Company's performance and the Chief Executive Officer's individual contribution to the Company as evaluated by the Governance and Compensation Committee for the year.

Limitation of Tax Deduction for Executive Compensation

Internal Revenue Code Section 162(m) prevents publicly traded companies from receiving a tax deduction on compensation paid to proxy-named executive officers in excess of \$1 million in any taxable year, effective for compensation paid after 1993. The Governance and Compensation Committee believes that there will be approximately \$25 million of non-deductible compensation in 2005. While the Governance and Compensation Committee is mindful of the provisions of Section 162(m), the Governance and Compensation Committee has the discretion to grant non-deductible compensation to proxy-named executive officers, depending upon the circumstances.

REPORT OF AUDIT COMMITTEE²

The Audit Committee of the Board of Directors developed a charter for the Committee that was approved by the Board of Directors. The Audit Committee has adopted a policy that requires advance approval of all audit-related, tax services and other services performed by the independent auditors. The policy provides for pre-approval by the Audit Committee of specifically defined audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditors are engaged to perform it. The Audit Committee has delegated to the Chairman of the Audit Committee authority to approve permitted services provided that the Chairman reports any decisions to the Committee at its next scheduled meeting.

In conjunction with its activities during the Company's year, the Audit Committee has reviewed and discussed the Company's audited financial statements with management of the Company. The members of the Audit Committee have also discussed with the Company's independent auditors the matters required to be discussed by SAS 90 (Codification of Statements on Auditing Standards, AU Section 380). The Audit Committee has received from the Company's independent auditors the written disclosures and the letter required by Independence Standards Board Standard No. 1, and has discussed with the independent auditors the independent auditors' independence. Based on the foregoing review and discussions, the Audit Committee recommended to the Board of Directors of the Company that the audited financial statements be included in the Company's Annual Report on Form 10-K for the Company's year ended December 31, 2005.

Auditor Fees and Services

In addition to performing the audit of the Company's consolidated financial statements for the years ended December 31, 2005 and 2004, Ernst & Young LLP also performed quarterly reviews of the Company's consolidated financial statements and various other services during 2005 and 2004 (including services incurred under Section 404 of the Sarbanes-Oxley Act of 2002). The aggregate fees billed or accrued for 2005 and 2004 for each of the following categories of services are set forth below:

	2005	2004
Audit Fees	\$ 846,360	\$ 1,056,560
Audit-Related Fees	20,600	37,430
Tax Fees	19,655	67,740
All Other Fees		

Ernst & Young LLP did not provide any services related to financial information systems design and implementation during 2005 or 2004. The fees paid for tax services were primarily related to reviews of the Company's tax returns, IRS examinations and technical services. Audit-related fees include fees paid for audits of employee benefit plans. All of the fees were approved by the Audit Committee. Representatives of the firm of Ernst & Young LLP are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax and other services performed by the independent auditors. The policy provides for pre-approval by the Audit Committee of specifically defined audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform it. The Audit Committee has delegated to the Chairman of the Audit Committee authority to approve permitted services provided that the Chairman reports any decisions to the Committee at its next scheduled meeting.

STOCK PERFORMANCE GRAPH³

The graph below compares the cumulative total stockholder return of the Company, with the cumulative total return of the Standard & Poor's 500 Stock Index (S&P 500), the Dow Jones US Gambling Index (Dow Jones US Gambling) and the cumulative total return of a peer group with comparable market capitalization. The peer group consists of Ameristar Casinos, Inc., Aztar Corp., Boyd Gaming Corp., Harrah's Entertainment, Inc., Isle of Capri Casinos, Inc., MGM Mirage, Inc. and Pinnacle Entertainment, Inc. In the past, the Company compared its cumulative total shareholder return to a group of peer companies. Three of the peer companies constituting 30% of the peer group have since been acquired by other companies (two of which were already members of the peer group). In the future, the Company intends to compare its cumulative total shareholder return to the Dow Jones US Gambling Index since it contains a much larger and wider group of actively traded companies (including the Company) in the subjective industry and may provide a more relevant general reference point for investors when evaluating the Company's cumulative total shareholder return.

The performance graph assumes that \$100 was invested on December 31, 2000 in each of the common stock of Station Casinos, Inc., common stock of the selected peer group, the Dow Jones US Gambling and the S&P 500. The stock price performance shown in this graph is neither necessarily indicative of nor intended to suggest future stock price performance.

Sartini is the Chief Executive Officer of Golden Gaming, Inc. In September 2001, Mr. Sartini resigned his position as Executive Vice President and Chief Operating Officer of the Company concurrent with his purchase of Golden Gaming, Inc. The primary asset of Reno Land Holdings, LLC is 96 acres of land and related water rights in Reno, Nevada. The independent directors unanimously approved the purchase and the purchase price is supported by an independent third-party appraisal.

**ITEM II
RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS**

Subject to ratification by the stockholders, the Audit Committee and the Board of Directors have selected Ernst & Young LLP (E&Y) to continue as independent auditors to audit the financial statements of the Company for the year ended December 31, 2006. E&Y has served as the Company's principal auditors since September 29, 2003, and have provided certain tax and other services (see REPORT OF AUDIT COMMITTEE, *Auditor Fees and Services*). Representatives of E&Y are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the Company's independent auditors is not required under Nevada law or under the Company's Articles of Incorporation or its By-Laws. If the stockholders do not ratify the selection of E&Y as the Company's independent auditors for 2006, the Audit Committee will evaluate what would be in the best interests of the Company and its stockholders and consider whether to select new independent auditors for the current year or whether to wait until the completion of the audit for the current year before changing independent auditors. Even if the selection of E&Y is ratified by the stockholders, the Audit Committee, in its discretion, may direct the appointment of a different independent auditing firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

THE BOARD OF DIRECTORS RECOMMENDS UNANIMOUSLY, ON THE ADVICE OF ITS AUDIT COMMITTEE, THAT THE STOCKHOLDERS VOTE FOR RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT AUDITORS FOR 2006.

Unless a contrary indication is made on the enclosed proxy card, it is the intention of the persons named therein to vote **FOR** the selected independent auditors.

THE UNION'S PROPOSAL

Set forth below, as Item III, is a stockholder proposal received by the Company for the Annual Meeting of Stockholders.

UNITE HERE, an affiliate of the Culinary Worker's Union Local 226 (together, the Union) and the owner of 262 shares of common stock, has submitted, a non-binding stockholder proposal (the Union's Proposal) discussed below. The text of the Union's Proposal and supporting statement appear as submitted to the Company by the Union. The Board of Directors and the Company accept no responsibility for the Union's Proposal and the supporting statement.

THE BOARD OF DIRECTORS RECOMMENDS UNANIMOUSLY THAT THE STOCKHOLDERS VOTE AGAINST THE UNION'S PROPOSAL.

Unless a contrary indication is made on the enclosed proxy card, it is the intention of the persons named therein to vote **AGAINST** the Union's Proposal.

ITEM III

The Union has submitted the following proposal:

RESOLVED, Shareholders of Station Casinos, Inc. (the Company) request the Board of Directors (the Board) to redeem the share purchase rights previously issued on October 6, 1997, and not to extend or adopt any shareholder rights plan unless it has been approved by the affirmative vote of the holders of a majority of shares present and voting on the matter.

SUPPORTING STATEMENT

On October 6, 1997, the Board issued certain share purchase rights whose terms and conditions are contained in the Company's Rights Agreement with Continental Stock Transfer & Trust Company. The Board took this action unilaterally and without seeking prior approval of shareholders. These share purchase rights may have the effect of making an acquisition of the Company more difficult and may discourage such an acquisition, and they will not expire until October 21, 2007.

While management and the Board should have appropriate tools to ensure that all shareholders benefit from any proposal to buy the Company, we do not believe that the possibility of an unsolicited bid justifies the unilateral implementation of such a device.

In our view, seeking shareholder approval on the poison pill is especially important given the unprecedented merger-and-acquisition activity in the gaming industry. Within the last two years, gaming deals worth close to \$24 billion have been completed, including Boyd Gaming's \$1.4 billion acquisition of Coast Resorts, a major competitor of the Company. We believe the trend of consolidation is likely to continue, a view backed by industry analysts:

- Standard & Poor's expects consolidation to continue to be a factor in the industry during 2006 because the same regulatory restrictions, which discourage new entrants, limit domestic opportunities for existing casino operators as well. As many rated gaming issuers are public companies, fewer growth opportunities will likely continue to spur consolidation. (Standard & Poor's, U.S. Gaming Industry Outlook For 2006, 11/29/2005.)
- Casino operators remain in a period of strong secular growth but are likely to face momentum concerns as growth slows. In this environment, consolidation will likely become an increasingly important component of growth, which presents both opportunity and risk. (Citigroup Smith Barney Equity Research, United States, Gaming and Lodging, 2004 Midyear Update: What's Next? 6/18/2004).

We believe the Company's poison pill along with its other anti-takeover devices, such as classified board, blank check preferred stock, supermajority voting requirements, and golden parachutes serves to potentially entrench the Company's management and Board at the expense of shareholders.

According to the 1991 book *Power and Accountability* by Nell Minow and Robert Monks, "All poison pills raise questions of shareholder democracy and the robustness of the corporate governance process. They amount to major de facto shifts of voting rights away from shareholders to management, on matters pertaining to the sale of the corporation. They give target boards of directors absolute veto power over any proposed business combination, no matter how beneficial it might be for the shareholders."

We urge all shareholders to vote FOR this resolution.

Company's Statement in Opposition to the Union's Proposal

UNITE HERE, an affiliate of the Culinary Workers Union Local 226 (together, the Union) and the owner of 262 shares of common stock, has submitted a non-binding proposal (the Union's Proposal)

set forth above relating to the Company's Rights Agreement (the Rights Plan), which the Board adopted in 1997. Last year, the Union submitted a similar proposal relating to the Company's Rights Plan which proposal was voted down by a majority of our shareholders. The Union has returned this year with the same proposal for your consideration a second time.

The Board unanimously urges you to vote **AGAINST** the Union's Proposal because the Board believes that the Union's Proposal would, among other things, weaken an integral part of the Company's system of corporate governance. This system was designed, in part, to enable the Board to adequately evaluate and potentially negotiate an acquisition proposal, consistent with its fiduciary duties and current laws and regulations. The Board believes that the Union's Proposal, which seeks to weaken an integral part of this system and undermine management's and the Board's credibility, are not in the best interests of the Company and its stockholders. Further, the Board believes, based on circumstantial evidence, that the Union's Proposal is nothing more than a thinly-disguised pressure tactic to promote its own union organizing agenda. The Board believes that the Union's ongoing organizing efforts at the Company, coupled with the small number of Company shares owned by the Union, provide clear evidence of the Union's ulterior motive.

Your Board believes that the Company's Rights Plan is one of the most effective tools available to the Board to protect stockholders against takeover abuses and to assure all stockholders of a fair price and fair treatment in the context of a unsolicited takeover of the Company, whether through open market purchases or a hostile tender offer. In essence, the Company's Rights Plan provides the Board with bargaining power and practical leverage with respect to timing and other factors that it would not otherwise have in the face of an unsolicited takeover attempt. The Company's Rights Plan is not intended to prevent a takeover of the Company and will not do so. However, it should deter any attempt to acquire the Company in a manner or on terms not approved by the Board. The Company's Rights Plan is designed to induce a potential hostile acquiror to deal directly with the Board in connection with its acquisition proposal rather than permitting it to use abusive tactics to deprive the Board and the stockholders of any meaningful opportunity to determine the destiny of their Company.

It is important to note that the Company's Rights Plan does not interfere with the ability of the Company, prior to a flip-in, to solicit, pursue or consummate a negotiated takeover transaction. The Company's Rights Plan is intended to empower the Board to protect and pursue the interests of the Company and all of its stockholders, which may include the sale of the Company by merger or otherwise, and does not achieve this result by limiting the opportunities that may be available to the Company.

Potential takeover abuses that the Company's Rights Plan is designed to protect against include the following:

- **Compressed Time Frame** The traditional function of the Board is to act and negotiate in the best interest of and on behalf of the Company's stockholders in connection with a merger or other business combination. The commencement of a tender offer, as opposed to negotiation with the Board, could leave the Company with a highly compressed time frame for considering alternatives and no meaningful bargaining power to seek a higher price or better terms for stockholders.
- **Creeping Tender Offer** By use of the so-called creeping tender offer, a potential hostile acquirer, through selective open-market purchases in which it offers different prices to different stockholders, could gain control of the Company without affording stockholders the protections of the Federal tender offer rules which require, among other things, that all stockholders receive the same price in a tender offer.
- **Street Sweep** The commencement of a tender offer by a hostile acquiror could result in professional short-term stock traders (arbitrageurs) acquiring large numbers of shares. Once this

takes place, the hostile acquiror could terminate the tender offer (possibly causing the stock price to fall) and sweep the street, thereby acquiring control from the arbitrageurs but leaving other public stockholders as minority stockholders.

- **Partial Tender Offer** The takeover of the Company by a hostile acquiror through a creeping or partial tender offer would enable the hostile acquiror to take advantage of the public minority stockholders through self-dealing and conflict transactions or to squeeze out the public stockholders, forcing them to accept questionable securities.

State courts, including Nevada courts, have generally upheld the validity of rights plans, while recognizing that, depending on circumstances, a Board may ultimately have a duty to redeem the rights and let stockholders choose whether to accept an offer once the Board has determined to engage in a change of control transaction.

A 1997 study of 319 merger and acquisition transactions completed between 1992 and 1996 was published by Georgeson Shareholder Communications Inc. (Georgeson), a nationally recognized proxy solicitation and investor relations firm. This study found that stockholders of target companies with stockholder rights plans received significantly larger takeover premiums than did stockholders of target companies without such plans. This study also concluded: Companies with pills appeared more likely to be targets of takeover bids than companies without pills. Finally, the study found that takeover bids were more likely to be completed when the target company had a poison pill. This study is currently available at Georgeson's website, www.georgeson.com.¹ More recently, Institutional Shareholder Services published a study, jointly with Georgia State University, which concluded that companies, with poison pills have higher returns on equity, higher net profit margins, [and] higher dividend yields. Caylor, Marcus L. and Brown, Lawrence D., Corporate Governance and Firm Performance, p.24, December 7, 2004.²

Some argue that a poison pill disadvantages stockholders since the Board may effectively reject an acquisition offer that it believes is not in the best interest of all stockholders even though a majority of stockholders would approve of such an offer if given the chance to vote on it. The Board believes that the Company's Rights Plan enhances the ability of the Board, as well as any future Board, to maximize stockholder value consistent with its fiduciary duties to all of the Company's stockholders. The Board is committed to enhancing stockholder value and is proud of the Company's record with respect to shareholder returns. The Board further believes that it is not necessary to submit the Company's Rights Plan to stockholders for approval because such plan was properly adopted over eight years ago and serves to benefit and protect all of the Company's stockholders. The Board also believes that redeeming the Company's Rights Plan would remove an important tool that allows the Board more time to evaluate an acquisition offer and to bargain with a potential bidder on behalf of all Company stockholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE AGAINST THE UNION'S PROPOSAL RELATING TO THE COMPANY'S RIGHTS PLAN.

Unless a contrary indication is made on the enclosed proxy card, it is the intention of the persons named therein to vote AGAINST the Union's Proposal relating to the Company's Rights Plan.
