**Item 8.01. Other Events.**

On October 1, 2010, the Bureau of Indian Affairs of the U.S. Department of the Interior accepted approximately 254 acres of land owned by Station Casinos, Inc. (the Company) into trust on behalf of the Federated Indians of Graton Rancheria (the Tribe) for the development by an affiliate of the Company and the Tribe of a planned gaming facility to be located in Sonoma County, California. In connection with the development of the facility, it is expected that the Tribe will enter into a memorandum of understanding with Sonoma County, California relating to mitigation measures such as contributions toward the costs for infrastructure improvements and public services required as a result of the development and operation of the planned facility.

In addition, on October 1, 2010, the National Indian Gaming Commission (the NIGC) informed the Company and the Tribe that the NIGC approved the management agreement by and between the Tribe and the Company's wholly-owned subsidiary, SC Sonoma Management, LLC (the Manager), for Class II gaming at the planned gaming and entertainment facility. Class II gaming includes games of chance such as bingo, pull-tabs, tip jars and punch boards (and electronic or computer-aided versions of such games), and non-banked card games. The Tribe and the Manager may also pursue approval of Class III gaming, which would permit casino-style gaming, at the planned facility. Class III gaming would require an approved compact with the State of California and approval by the NIGC of a modification to the existing management agreement, or a new management agreement, permitting Class III gaming. There can be no assurances that the Company will be able to obtain, in a timely fashion or at all, the approvals from the State of California and the NIGC that are necessary to conduct Class III gaming at the facility.
