**ITEM 2.04 Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.**

(a)

On February 10, 2015, Joe's Jeans Inc. and its subsidiaries (collectively, the Company) received an additional notice of defaults and events of default, reservation of rights and demand for payment of default interest (the Letter) from Garrison Loan Agency Service LLC, as term loan agent (the Agent), under the term loan credit agreement entered into on September 30, 2013. In the Letter, the Agent provided notice that certain defaults and events of default under the term loan agreement have occurred as a result of: (i) the failure of the Company to comply with the EBITDA financial covenant for the twelve month period ended November 30, 2014, (ii) the failure of the Company to comply with the Fixed Charge Coverage Ratio financial covenant for the twelve month period ended November 30, 2014, (iii) the failure of the Company to comply with the Leverage Ratio financial covenant for the twelve month period ended November 30, 2014 and (iv) the failure to timely deliver the financial plan and forecast for 2015. The Agent further notified of the reservation of all of its rights and remedies under the term loan agreement and other loan documents and demanded payment of interest at the default rate (2% in excess of the interest rate otherwise payable). As of November 30, 2014, there was \$59,925,500.00 outstanding under the term loan agreement. The Company has been paying interest at the default rate effective retroactively to October 1, 2014.

Defaults and events of default have also occurred under the terms of the Company's revolving credit agreement and factoring agreement with CIT Commercial Services, Inc. (CIT) each entered into on September 30, 2013, including certain initial defaults and events of defaults as a result of the initial event of default under the term loan agreement relating to the EBITDA financial covenant and additional events of default resulting from the failure to timely deliver the financial plan and forecast for 2015 and failure to comply with the fixed charge coverage ratio and leverage ratio financial covenants in the term loan agreement and, as applicable, the revolving credit agreement. On February 10, 2015, CIT also provided an additional notice of defaults and events of default, reservation of rights and demand for payment of interest, relating to the matters noted in the preceding sentence. The Company has been paying interest at one half of the default rate (1% in excess of the interest rate otherwise payable) effective retroactively to October 1, 2014. As a result of the continuing and additional events of default under the term loan agreement and the revolving credit agreement, the Company remains prohibited from making any (i) payments under the subordinated convertible notes issued to the former equity owners of Hudson Clothing Holdings, Inc. and (ii) earnout payments to Mr. Dahan.

We are currently in discussions with the Agent and CIT regarding a resolution to the defaults and events of default, including amendments to the existing agreements and waivers of the defaults and events of default or a refinancing of the debt. There can be no assurance that that the requested relief will be granted on terms acceptable to us or at all. So long as one or more events of default are continuing under the term loan agreement and revolving credit agreement and no forbearance agreement exists, each of the Agent and CIT may exercise, subject to compliance with the terms and conditions of the term loan agreement and revolving credit agreement, as applicable, and applicable law, a number of remedies including acceleration of the debt and the sale of collateral. The exercise of certain remedies may have a material adverse effect on our liquidity, financial condition and results of operations, and could cause us to become bankrupt or insolvent. has engaged Carl Marks Advisory Group to help its board of directors explore strategic and financing alternatives to resolve the outstanding events of default with its lenders, including the engagement of a chief restructuring advisor to assist us with our day to day operational needs.
