## PROXY STATEMENT

The Board of Directors of Escalade, Incorporated (hereinafter referred to as "Escalade" or the "Company"), headquartered at 817 Maxwell Avenue, Evansville, Indiana 47711 Ph: (812) 467-1358, is soliciting proxies, the form of which is enclosed, for the Annual Meeting of Stockholders to be held on Wednesday, May 15, 2019 at 4:00 p.m. Central Daylight Savings Time. Each of the 14,471,496 shares of common stock outstanding on March 8, 2019 is entitled to one vote on all matters acted upon at the meeting and only stockholders of record on the books of the Company at the close of business on March 8, 2019 will be entitled to vote at the meeting, either in person or by proxy.

The shares represented by all properly executed proxies received by the Company will be voted as designated and each not designated will be voted affirmatively "For" the election of directors and Items 2, 3 and 4. Unless discretionary authority is withheld, all other matters coming before the meeting will be voted according to the best judgment of the proxies. Any proxy given by a stockholder of record may be revoked at any time before it is voted, by written notice to the Company's Secretary, by execution of a later dated proxy, or by a personal vote at the Annual Meeting. This proxy statement is being mailed to stockholders on or about March 26, 2019.

The expense of soliciting proxies will be borne by the Company. Proxies will be solicited principally by mail, but may also be solicited by directors, officers, and other regular employees of the Company, who will receive no compensation in addition to their regular salaries. Bankers and others who hold stock in trust will be asked to send proxy materials to the beneficial owners of the stock, and the Company may reimburse them for their expenses.

The holders of a majority of the Company's outstanding common stock must be present or represented by proxy at the Annual Meeting to constitute a quorum.

The six (6) nominees receiving the greatest number of votes cast at the Annual Meeting upon the presence of a quorum will be elected as directors. A properly executed proxy marked "Withhold Authority to Vote" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum present at the Annual Meeting. The persons named as proxies in the enclosed proxy will vote for the election of the nominees named below unless authority to vote is withheld.

For each other item presented at the Annual Meeting, the affirmative vote of the holders of a majority of the Company's shares present or represented by proxy at the Annual Meeting and entitled to vote on the item will be required for approval. A properly executed proxy marked "Abstain" with respect to any such matter will be counted for

purposes of determining whether there is a quorum present at the Annual Meeting and will have the effect of a negative vote.

If you hold your shares in “street name” through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such “broker non-votes” will be counted in determining whether there is a quorum, but will not be counted as present for purposes of voting on such matters and will have no effect on the outcome.

The Annual Report of the Company for its fiscal year 2018 is being mailed to you with this proxy statement, but such Annual Report, which includes the Company’s Form 10-K for the Company’s 2018 fiscal year and related financial statements, are not a part of this proxy statement.

## ITEM NO. 1

### ELECTION OF DIRECTORS

The Board of Directors currently has six members and the Board has voted to keep the size of the Board at six members. The nominees presented for election include current directors, Richard Baalman, Jr., Patrick Griffin, David Fetherman, Richard White, Edward Williams, and Walter Glazer, Jr. Each individual elected as a director at the 2019 Annual Meeting will serve a one year term, expiring at the 2020 Annual Meeting or until their successors are elected and qualified. The Board of Directors unanimously recommends that Messrs. Baalman, Griffin, Fetherman, White, Williams, and Glazer be elected as directors.

Director candidates are nominated by the independent members of the Board of Directors. Because the Company's Board is relatively small, the Board believes that it is not necessary to have a separate Nominating Committee, and that director nominations are handled best by involving the full Board. The Board has determined that a potential candidate to be nominated to serve as a director should have the following primary attributes: high achievement expectations with regard to increasing stockholder value; uncompromising position on maintaining ethics; conservative attitude towards financial accounting and disclosure; and should be a stockholder of the Company to bring the perspective of a stockholder to the Board. The Board believes that the composition of the Board as a whole should reflect diversified experience, education and skills in manufacturing, consumer product sales and marketing, investment banking, accounting and finance, exporting to global markets, and knowledge of the Company's culture. The Board further believes that gender, age, race, and ethnic diversity can enhance the overall perspectives of the Board and of management and can provide additional insights into the needs and desires of our shareholders and customers. Personal attributes, including personality, interest, values and alignment with the Company's culture, also are important considerations in establishing a dynamic board of directors who can effectively provide strategic oversight and successful execution of the Company's objectives.

In designing and evaluating the composition of the Board when adding or replacing directors, the Board considers all of these diverse factors and seeks to fill gaps in the mix of priorities, insights and competencies necessary to construct a high quality, effective board of directors. Consistent with this objective, when identifying and considering individual director candidates, all nominations for directors will continue to be made based on merit, with increasing consideration and commitment to obtaining potential benefits that may be derived from greater board diversity, particularly gender and race diversity.

To date, the Board has not deemed it necessary to engage a third party search firm to assist in identifying suitable candidates for directors, but has the authority to do so in the future. No fees were paid to any such search firm in connection with the nominees for directors named in this proxy statement. Although the Board believes that the existing Board members and executive management of the Company have various networks of business contacts from which potential candidates can be identified, the Board intends to explore additional ways to identify diverse candidates in the future if necessary. Upon narrowing the pool of prospective qualified candidates to fill any openings

or new positions on the Board, as many members of the Board as feasible will meet with such candidates to explore the ways in which such candidates can add value to the Board, to the Company, and to the Company's shareholders and customers. The Board as a whole subsequently will evaluate the candidates using the criteria and principles outlined above. The independent members of the Board then will make the final determination of whether or not to nominate a candidate.

Under the Company's Bylaws, director nominations may be brought at an annual meeting of stockholders only by or at the direction of the Board of Directors or by a stockholder entitled to vote who has submitted a nomination in accordance with the requirements of the Company's Bylaws as in effect from time to time. To be timely under the Bylaws as now in effect, a stockholder notice must be delivered to the Company's Secretary at the principal executive offices in Evansville, Indiana not less than ninety (90) days prior to the first anniversary of the preceding year's annual meeting of stockholders. Under this provision, nominations for this year's Annual Meeting were due by February 15, 2019. The Company has received no nominations for this Annual Meeting.

**ITEM NO. 2**

**RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors proposes and recommends that the stockholders approve the selection by the Committee of BKD, LLP to serve as the Company's independent registered public accounting firm for the Company for the Company's fiscal year 2019. Action by the stockholders is not required by law in the appointment of an independent registered public accounting firm, but their appointment is submitted by the Audit Committee of the Board of Directors in order to give the stockholders a voice in the designation of auditors. If the proposal approving BKD, LLP as the Company's independent registered public accounting firm is rejected by the stockholders, then the Committee will reconsider its choice of independent auditors. Even if the proposal is approved, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Ratification of the appointment of BKD, LLP as our independent registered public accounting firm for 2019 requires the affirmative vote of a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote thereon. If you are a street name stockholder and do not vote your shares, your bank, broker or other nominee can vote your shares at its discretion on the proposal to ratify the appointment of the independent registered public accounting firm.

***The Audit Committee of the Board of Directors unanimously recommends that you vote "FOR" Proposal 2 relating to the ratification of the appointment of the independent registered public accounting firm.***

**ITEM NO. 3**

**NON-BINDING VOTE ON COMPENSATION**

**OF NAMED EXECUTIVE OFFICERS**

**(SAY-ON-PAY)**

In accordance with Section 14A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), the Company’s stockholders are entitled to vote at the Annual Meeting to approve the compensation of the Company’s named executive officers, commonly known as a “Say on Pay” proposal. The stockholder vote on executive compensation is an advisory vote only, and it is not binding on the Company or the Company’s Board of Directors or the Compensation Committee of the Board.

Although the vote is non-binding, the Company’s Board of Directors and the Compensation Committee of the Board value the opinions of the stockholders and will consider the outcome of the vote when making future compensation decisions affecting the Company’s named executive officers.

The primary goal of our executive compensation program is the same as our goal for operating the company – to maximize corporate performance and thereby create value for our stockholders. To achieve this goal we have designed an executive compensation program based on the following principles:

Paying for performance – A significant portion of each named executive’s potential cash compensation is made subject to achieving business performance measures.

Alignment with the interests of stockholders – Equity awards align our named executives’ financial interests with those of our stockholders by providing value to our executives if the market price of our stock increases.

Attracting and retaining top talent – The compensation of our executives must be competitive so that we may attract and retain talented and experienced executives in our industry.

A detailed description of our executive compensation policies and programs is included in the Compensation Discussion and Analysis in this proxy statement beginning on page 14.

The Company's stockholders are being asked to approve, by non-binding vote, the following resolution at the Annual Meeting of Stockholders:

Resolved, that the compensation paid to the Company's named executive officers, as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby approved.

This vote is not intended to address any specific item of compensation, but rather the overall compensation that is paid to our named executive officers resulting from our compensation objectives, policies and practices as described in this proxy statement.

*The Board of Directors unanimously recommends that you vote "FOR" Proposal 3 relating to the non-binding vote on compensation of named executive officers.*

#### **ITEM NO. 4**

#### **NON-BINDING VOTE ON THE FREQUENCY OF FUTURE**

#### **NON-BINDING STOCKHOLDER VOTES ON THE COMPENSATION**

#### **OF NAMED EXECUTIVE OFFICERS**

In accordance with Section 14A of the Exchange Act, the Company's stockholders are also entitled to vote at the Annual Meeting regarding whether the stockholder vote to approve the compensation of the named executive officers as required by Section 14A of the Exchange Act (and as presented in Item 3 of this proxy statement) should occur every year, once every two years, or once every three years. Stockholders also have the option to abstain from voting on the matter. The stockholder vote on the frequency of the say-on-pay vote to approve named executive compensation is an advisory vote only, and it is not binding on the Company or the Board of Directors. Such an advisory vote will be provided to the stockholders at least once every six years.

The appropriate frequency of a non-binding vote on executive compensation is the subject of diverging opinions and views, and we believe there is reasonable basis for each of the three options. Less frequency would encourage a more long-term, rather than short-term analysis of our executive compensation programs and would avoid the burden that annual votes would impose on stockholders required to evaluate the compensation programs of a large number of companies each year. Conversely, greater frequency provides stockholders the opportunity to react promptly to emerging trends in compensation and gives the Board of Directors and the Compensation Committee the opportunity to evaluate individual compensation decisions and compensation program changes each year in light of the timely feedback from stockholders.

After careful consideration, our Board of Directors has determined that a non-binding vote on named executive compensation that occurs every year is the most appropriate alternative for the Company at this time. We understand that our stockholders may have different views as to what is the best approach for the company and we look forward to hearing from you on this proposal.

Although the stockholders' vote is non-binding, the Board of Directors will take into account the outcome of the vote when considering how frequently to hold "say-on-pay" votes. Notwithstanding the Board's recommendation and the outcome of the stockholder vote, the Board may in the future decide to alter the frequency of non-binding votes and may vary its practice based on factors such as discussion with stockholders and the adoption of material changes to compensation programs. As required by the law as currently in effect, the Board will put the frequency issue before the stockholders for a new non-binding vote at least once every six years.

*The Board of Directors unanimously recommends that you vote "1 YEAR" on Proposal 4 relating to the frequency of future non-binding stockholder votes on the compensation of named executive officers.*

## **BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

To the best of the Company's knowledge, all of the Company's directors, officers and 10% or more stockholders have timely filed with the Securities and Exchange Commission all reports required to be so filed pursuant to Section 16 of the Securities Exchange Act of 1934 for fiscal 2018.

## **BOARD OF DIRECTORS, ITS COMMITTEES, MEETINGS, AND FUNCTIONS**

The Board of Directors of the Company currently consists of six members. There are four independent members on the Board (Edward E. Williams, Richard D. White, Richard F. Baalman, Jr. and Walter P. Glazer, Jr.), and two members who currently serve as executive officers of the Company (David L. Fetherman and Patrick J. Griffin).

During 2018, all directors attended 100% of all regular meetings of the Board of Directors and the committees on which they served. The Board of Directors had seven meetings and the independent directors held regular executive sessions in conjunction with four of the Board meetings. All communications directed to the Board will be received and processed by the Company's office of the Chief Financial Officer and will be transmitted to the Chairman of the Audit Committee without any editing or screening by such office.

### ***Board Leadership Structure***

The Board has placed responsibilities on the Chairman of the Board separate from President and CEO as it believes this provides better accountability between the Board and the management team. The Board believes it is better to have a separate Chairman, whose responsibility is to lead the Board members as they provide leadership to the executive team. This responsibility includes facilitating communication among the directors; setting the Board meeting agendas in consultation with the President and CEO; and presiding at Board meetings and stockholder meetings. This delineation of duties allows the President and CEO to focus his attention on managing the day-to-day business of the Company. The Board believes this structure provides strong leadership for the Board, while positioning the President and CEO as the leader of the Company in the eyes of customers, employees and stockholders.

Mr. Walter P. Glazer, Jr. serves as the Chairman of the Board. Given the small size of the Board, the independent directors have a clear voice and direct access to both the Chairman of the Board and the President and CEO. The independent directors meet in executive session on a regular basis, with the discussions being led by the independent director who raises the specific topic(s) being considered in such executive sessions.

### ***Risk Oversight of the Company***

The Audit Committee is primarily responsible for overseeing the Company's risk management processes on behalf of the full Board by monitoring company processes for management's identification and control of key business, financial and regulatory risks. The Audit Committee receives a report from management annually regarding the Company's assessment of risks and meets in executive session with the Chief Financial Officer each quarter. In addition, the Audit Committee reports regularly to the full Board, which also considers the Company's risk profile. The Audit Committee and the full Board focus on the most significant risks facing the Company and review the Company's risk appetite. Management is responsible for the day-to-day risk management processes. The Company has structured the reporting relationship through the Chief Financial Officer who reports functionally to the Audit Committee. The Board believes this division of responsibilities is the most effective approach for addressing the risks facing the Company and the Board leadership structure supports this approach.

### ***Code of Ethics***

The Board of Directors has adopted the Escalade, Incorporated Code of Business Conduct and Ethics ("Code") which may be found on the Company's website at: [www.escaladeinc.com/Code\\_of\\_Conduct.html](http://www.escaladeinc.com/Code_of_Conduct.html). All employees, including executive officers, and directors of the Company are subject to compliance with the Code.

### ***Committees***

The Company has two standing committees, each composed entirely of independent directors. As discussed above, the Board of Directors has no nominating committee. Current committee assignments are detailed in the following table.

### *Audit Committee*

The Audit Committee as a whole held four meetings in 2018. The Committee met with the independent auditors and management at the four meetings to review the interim financial information contained in each quarterly earnings announcement and the annual results. The main functions performed by the Audit Committee are to (1) review with the independent auditors their observations on internal controls of the Company and the competency of financial accounting personnel, (2) review with the chief financial officer and independent auditors, the accounting for specific items or transactions as well as alternative accounting treatments and their effects on earnings, (3) engage the firm of independent certified public accountants to be hired by the Company and review that firm's independence, and (4) approve all audit and non-audit services performed by the Company's independent auditors. The Board of Directors has adopted a written charter for the Audit Committee which can be found on the Company's website at: [www.escaladeinc.com/Audit\\_Committee\\_Charter.pdf](http://www.escaladeinc.com/Audit_Committee_Charter.pdf).

### *Compensation Committee*

The Compensation Committee held four meetings in 2018 and held several informal sessions to review salaries and compensation levels within the Company. The Compensation Committee is also responsible for awards of stock options and restricted stock units. The Board of Directors has adopted a written charter for the Compensation Committee which can be found on the Company's website at: [www.escaladeinc.com/Compensation\\_Committee\\_Charter.pdf](http://www.escaladeinc.com/Compensation_Committee_Charter.pdf).

Each member of the Audit Committee received an additional annual fee of \$5,000, except for the Audit Committee Chairman who received \$15,000 and except for the Chairman of the Board who receives no additional compensation for his service on the Audit Committee. Each member of the Compensation Committee received an additional annual fee of \$3,000, except for the Compensation Committee Chairman who received \$15,000. From time to time, a committee may request that a director who is not a member of that committee participate in additional meetings held for special purposes. Directors are reimbursed for their reasonable out-of-pocket expenses incurred in connection with attendance at Board and committee meetings.

Under the terms of the Escalade, Incorporated 2017 Incentive Plan, directors can elect to receive some or all of the fees earned in shares of the Company's common stock. In 2018, there were 11,530 shares of common stock issued pursuant to the plan. In 2018, directors Glazer and Williams opted to receive 100% of the fees they were entitled to in the form of common stock. Directors White and Baalman received a combination of cash and common stock.

Mr. Savitsky served as a director until his retirement from the Board as of the Company's May 16, 2018 Annual (4) Meeting of Stockholders. Upon his retirement, all of his outstanding 4,275 restricted stock units vested and were settled in shares of the Company's common stock having a value of \$13.85 per share as of that date.

#### 2019 Director Compensation

In 2019, the Compensation Committee reviewed the compensation of the non-employee directors and recommended the annual retainer be set at \$40,950. Each non-employee board member will receive 2,850 restricted stock unit grants in 2019. The restricted stock units granted vest over two years (one-half one year from grant date and one-half two years from grant date), provided that the director is still with the Company. All other elements of compensation for the non-employee directors remain the same as in 2018.

## REPORT OF THE AUDIT COMMITTEE

In accordance with its written charter as adopted by the Board of Directors (“Board”), the Audit Committee of the Board (“Committee”) assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of Escalade. All of the Committee members are independent directors as defined under NASDAQ rules. During fiscal year 2018, the Committee met four times to discuss the interim financial information contained in each quarterly earnings announcement and the annual results with the Chief Financial Officer and independent auditors prior to public release.

In discharging its oversight responsibility as to the audit process, the Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors’ independence as required by the applicable requirements of the Public Company Accounting Oversight Board regarding BKD, LLP’s communications with the Audit Committee concerning independence, discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors’ independence. The Audit Committee also discussed and considered whether the provision of non-audit services by the Company’s auditors is consistent with the auditors’ independence. The Audit Committee has determined that the provisions of such services are consistent with the auditors’ independence. The Committee also discussed with management, and the independent auditors the quality and adequacy of Escalade’s internal controls. The Committee reviewed with the independent auditors their audit plan, audit scope and identification of audit risks.

The Committee discussed and reviewed with the independent auditors all communications required by auditing standards generally accepted in the United States of America, including those described in Auditing Standard No. 1301, as amended, “Communications with Audit Committees,” and, as adopted by the Public Company Accounting Oversight Board with and without management present, discussed and reviewed the results of the independent auditors’ examination of the financial statements.

The Committee reviewed the audited financial statements of Escalade as of and for the year ended December 29, 2018, with management and the independent auditors. Management has the responsibility for the preparation of financial statements and the independent auditors have the responsibility for the examination of those statements.

Based on the above-mentioned review and discussions with management and the independent auditors, the Committee recommended to the Board that Escalade’s audited financial statements be included in its Annual Report on Form 10-K for the year ended December 29, 2018, for filing with the Securities and Exchange Commission.

Richard F. Baalman, Jr., Chairman Walter P. Glazer, Jr. Edward E. Williams Richard D. White

## **REPORT OF THE COMPENSATION COMMITTEE**

The Compensation Committee has reviewed and discussed with the Company's management the Compensation Discussion and Analysis ("CD&A") as well as the accompanying tables set forth below. Based on that discussion, the Committee recommended to the Board of Directors that the CD&A be included in this proxy statement and incorporated into the Company's Annual Report on Form 10-K for the Company's fiscal year ended December 29, 2018.

Edward E. Williams, Chairman Richard F. Baalman, Jr. Richard D. White

## **COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

In 2018, all members of the Compensation Committee were independent directors and served the full year. No other director or executive officer of the Company serves on any board of directors or compensation committee of any entity that compensates any of Messrs. Williams, Baalman, and White.

## COMPENSATION DISCUSSION AND ANALYSIS (CD&A)

### Compensation Philosophy

The Company's philosophy in setting compensation policies for its named executive officers is to align pay with performance, while at the same time providing competitive compensation that allows the Company to retain and attract executive talent. The Compensation Committee, composed entirely of independent directors, establishes, approves and evaluates the Company's compensation policies applicable to the named executive officers.

Throughout this proxy statement, all references to the "named executive officers" means David L. Fetherman, Stephen R. Wawrin and Patrick J. Griffin, the individuals identified under "EXECUTIVE COMPENSATION – Summary Compensation Table." In 2018, Mr. Fetherman served as the Company's Chief Executive Officer and President, Mr. Wawrin served as the Company's Chief Financial Officer and Vice President Finance, and Mr. Griffin served as Vice President, Corporate Development and Investor Relations.

The Compensation Committee strongly believes that executive compensation should be directly linked to continuous improvements in corporate performance and increases in stockholder value. Consequently the Compensation Committee has adopted the following guidelines for use in evaluating executive compensation:

- Provide a competitive total compensation package that enables the Company to attract and retain key executive talent;
- Align all pay programs with the Company's annual and long-term business strategies and objectives; and
- Provide a mix of base and performance-leveraged variable compensation that directly links executive compensation to the performance of the Company and stockholder return.

### Compensation Program; Mix of Pay Components

Consistent with the above philosophy, the Compensation Committee currently utilizes the following components of compensation for the Company's named executive officers:

- Base salary;
- Annual incentive cash bonuses;

- Long-term equity incentives, historically in the form of stock options and/or restricted stock units; and
- Health, welfare and other benefits

Executive compensation is based on a pay-for-performance philosophy. Consequently, a significant portion of annual and long-term compensation for the named executive officers is at-risk. This provides additional upside potential and downside risk for the Company's named executive officers, including the Chief Executive Officer and Chief Financial Officer, recognizing that the individuals serving in these roles have greater influence on the performance of the Company.

To ensure that the Company's incentive programs for its executives do not provide incentives to take excessive risks that could have a material adverse impact on the Company, the Board of Directors adopted a Policy for Recovery of Incentive Compensation in February, 2014. Pursuant to the claw back rights established by that policy, the Company's Compensation Committee has the right to recover from any director or officer receiving incentive based compensation in excess of what would have been awarded or paid in certain events to the extent legally possible. If the Company's financial statements are required to be restated due to material noncompliance with any financial reporting requirement under the federal securities laws (other than a restatement due to a change in accounting rules) and such restatement results in a restatement of the performance measures material to the award or that the Committee determines would have merited a lower payment based upon the restated financial results, then the Committee will recover the excess amount. The Committee also has the right to recover incentive based compensation from any director or officer who engaged in misconduct while serving in such role. Misconduct includes: convictions or indictments for any felony or misdemeanor under the federal securities laws or involving moral turpitude; any fraud, embezzlement, theft, dishonesty, willful misconduct or gross negligence causing material harm to the Company; and any willful breach of the person's duties or responsibilities or of any willful violation of Company policies or procedures that result in material harm to the Company. These claw back rights apply to the three year period preceding the Board's or Committee's conclusion that a restatement of financial statements is required or the three year period prior to the date of the misconduct. Each director and officer who receives incentive based compensation is required to certify in writing that he or she agrees to comply with the Company's claw back policy.

Other than employees working under a collective bargaining agreement, all employees of the Company, including the named executive officers, are employed at will.

### **The Role of the Compensation Committee and Method of Determining Amount of Total Compensation**

The Compensation Committee is responsible for the approval and administration of compensation programs for the named executive officers. The Committee focuses on the attraction and retention of key executives and, when making decisions, considers the Company's compensation philosophy, the achievement of business goals set by the Company, the competitive environment in which the Company competes for talent, how the Company is positioned for the future, and recommendations made by the Company's Chairman and Chief Executive Officer. While the Committee primarily focuses on compensation for the named executive officers, the Committee also reviews the compensation of certain other key employees, such as the subsidiary and division heads, and the appropriateness and fairness of the allocation of annual incentive compensation among the participants in such plans at the subsidiary level.

For 2018, the Committee reviewed all compensation components for the Company's named executive officers and together with the Board of Directors, reviewed and evaluated the level of performance of the Company and of each executive officer, including the Chief Executive Officer and Chief Financial Officer, in order to determine current and future appropriate compensation levels. In addition, the Committee conducted an annual review of the Company's compensation philosophy to ensure that it remains appropriate given the Company's strategic objectives.

### **Role of Executive Officers in Compensation Decisions**

Consistent with the Committee's past practices, Mr. Fetherman, as the Company's Chief Executive Officer, will make recommendations regarding the compensation for the Company's Chief Financial Officer and the Vice President, Corporate Development and Investor Relations, but will not make recommendations for himself. Although the Committee considers recommendations by Mr. Fetherman, the Committee retains full discretion to set all compensation for the Company's named executive officers.

### **Base Salary**

The Compensation Committee seeks to compensate the named executive officers competitively within the industry while at the same time designing compensation components that base a significant portion of total compensation on performance. In general, base salary levels are set at the beginning of each year at levels believed by the

Compensation Committee to be sufficient to attract and retain qualified executives when considered with the other components of the Company's compensation structure. In establishing the base salaries, consideration is given to local market wage rates, cost of living adjustments, performance of the Company and the individual, and other factors, including any changes in level of responsibility. The Compensation Committee also subjectively reviews the individual performance of each named executive officer, based on the performance of the Company and the individual's level of contribution towards that performance.

Accordingly, for fiscal 2018 the Compensation Committee established base salaries for the Company's key executives with the intent to motivate performance by providing significant upside potential through incentive compensation and less on guaranteed compensation in the form of salaries. The Compensation Committee does not target any specific benchmark for base salary levels for its key executives compared to comparable companies within the Company's industries. The Compensation Committee considered the scope of and accountability associated with each executive officer's position in addition to such factors as the performance and experience of each executive officer when setting base salary levels for fiscal 2018.

For 2018, the Compensation Committee set the base salaries for Mr. Fetherman, the Company's Chief Executive Officer, Mr. Wawrin, the Company's Chief Financial Officer and Mr. Griffin, Vice President, Corporate Development and Investor Relations, at \$309,000, \$218,360 and \$159,135 respectively.

For 2019, the Compensation Committee has determined that base salaries for Mr. Fetherman, Mr. Wawrin and Mr. Griffin will increase to \$318,300, \$225,000 and \$164,000 respectively.

### **Annual Cash Incentive Bonus**

The Compensation Committee has established a profit incentive plan that provides for the payment of cash bonuses if certain performance targets are achieved. Under the plan, the Compensation Committee establishes target performance levels early in each fiscal year, subject to potential changes that the Committee may determine appropriate. In conjunction with the completion of the Company's annual audited financial statements, the bonus pool is finalized based on actual results achieved relative to the performance levels established by the Committee. Allocation of the bonus pool to individual executive officers is determined by the Compensation Committee based upon quantitative and qualitative assessments of the overall Company's performance relative to the stated objectives, the Company's strategic position, and the individual executive officer's performance. There are no pre-defined formulas for allocating the bonus pool to any of the Company's executive officers, and the Company's claw back policy applies to all awards to officers under this plan.

For 2018, the business results exceeded the minimum threshold for generating a bonus pool. The Compensation Committee evaluated financial, strategic and operational objectives and accomplishments for Mr. Fetherman and approved a performance bonus of \$241,500. After consultation with Mr. Fetherman, the Compensation Committee evaluated financial, strategic and operational objectives and accomplishments for the Chief Financial Officer and the Vice President, Corporate Development and Investor Relations. The Committee approved a performance bonus of \$140,000 for Mr. Wawrin and \$74,000 for Mr. Griffin.

In addition to the annual incentive bonus, the Committee awarded a one-time discretionary bonus in 2018 in the amounts of \$125,000 for Mr. Fetherman, \$20,000 for Mr. Wawrin, and \$110,000 for Mr. Griffin. These bonuses were made in recognition of their roles in successfully divesting the Company's equity interest in Stiga Sports AB.

### **Long Term Equity Incentives**

Each year, the Compensation Committee determines the amount and character of any long term equity incentive grants to the Company's executive officers and other eligible employees. The Committee considers equity grants to be an effective incentive to encourage stock ownership by officers and key employees increasing their proprietary interest in the success of the Company, while at the same time discouraging excessive risk through the implementation of the Company's claw back policy. In March 2018, the Compensation Committee approved restricted stock units under the 2017 Incentive Plan for Mr. Fetherman, Mr. Wawrin, and Mr. Griffin as part of the Compensation Committee's annual consideration of appropriate incentive equity awards. The Company granted, as of March 8, 2018, 7,000 restricted stock units to Mr. Fetherman, 4,100 restricted stock units to Mr. Wawrin, and 1,700 restricted stock units to Mr. Griffin. These restricted stock units granted will fully vest over four years (one-third two years from grant date, one-third three years from grant date and one-third four years from grant date) provided that the named executive is still employed by the Company on each applicable vesting date and that the performance criteria related to the

market price of the Company's stock is satisfied. The performance criteria is for any 30 consecutive trading days on the NASDAQ Stock Market (or such other principal securities exchange on which the Company's shares of common stock are then traded) during the period beginning on the grant date and ending on the fourth anniversary thereof, the cumulative average Volume Weighted Average Price per share is at least 15% higher than the closing price per share on the grant date plus any incremental dividends paid above the current quarterly dividend rate of \$0.125 per share by the Company during such four year period. If the performance criteria is not satisfied as of an applicable vesting date, then one-half of the RSUs eligible to vest on that date will vest and the remaining one-half will vest if, and only if, the performance criteria is met prior to the end of the four year vesting period.

In March 2019, the Compensation Committee approved restricted stock units under the 2017 Incentive Plan for Mr. Fetherman, Mr. Wawrin, and Mr. Griffin as part of the Compensation Committee's annual consideration of appropriate incentive equity awards. The Company granted, as of March 6, 2019, 8,000 restricted stock units to Mr. Fetherman, 4,800 restricted stock units to Mr. Wawrin, and 2,100 restricted stock units to Mr. Griffin. These restricted stock units are subject to a three year cliff vesting schedule, which means that these restricted stock units will fully vest, if at all, three years from the grant date provided that the named executive is still employed by the Company on the vesting date. In addition, vesting is subject to the Company meeting certain conditions established by the Compensation Committee based on Return on Equity and Adjusted EBITDA.

## Health, Welfare and Other Benefits

The Company provides medical, life, 401(k) plan and similar benefits to all of its salaried employees, including the named executive officers. None of these benefits discriminate in scope, terms or operation in favor of the named executive officers.

## Tax and Accounting Considerations

As necessary, the Compensation Committee reviews accounting and tax laws, rules and regulations that may affect the Company's compensation plans. However, tax and accounting considerations have not significantly impacted the compensation programs offered to the Company's executives. Section 162(m) of the Internal Revenue Code generally provides that certain compensation in excess of \$1 million per year paid to a company's chief executive officer and any of its four other highest paid executive officers is not deductible by a company unless the compensation qualifies for an exception. Based on the Compensation Committee's past compensation practices, the Committee does not currently believe that Section 162 (m) will adversely affect the Company's ability to obtain a tax deduction for compensation paid to its named executive officers.

#### Nonqualified Deferred Compensation

The Company does not currently maintain any nonqualified deferred compensation plans.

#### Potential Payments upon Termination or Change in Control

Mr. Fetherman has an agreement with the Company which provides that if the Company would terminate Mr. Fetherman's employment without cause, or if Mr. Fetherman would resign for good reason, then Mr. Fetherman would receive a payment equal to one year of his base salary. The Company also would be obligated to pay Mr. Fetherman a proportionate amount of any incentive compensation payable to Mr. Fetherman for the year in which such severance occurred, determined at the end of such year if the incentive criteria are achieved. Other than the agreement with Mr. Fetherman and other than benefits that are generally available to all other salaried employees of the Company, the named executive officers have no agreements that would provide them with any cash payments upon termination of employment with the Company.

Upon a change in control of the Company, as defined in the Escalade, Incorporated 2017 Incentive Plan (approved by the Company’s stockholders at the 2017 annual meeting), the vesting of all outstanding, unvested stock options and restricted stock unit awards would be accelerated if not assumed or substituted for by the resulting company. This is true for all stock option recipients, not just the named executive officers. Based upon the closing stock price of the Company’s common stock as of December 29, 2018 (\$11.44), Mr. Fetherman, Mr. Wawrin, and Mr. Griffin would potentially receive value for unvested stock options and awards of approximately \$430,647. Mr. Fetherman’s options and awards have a value of \$238,341, Mr. Wawrin’s awards have a value of \$136,811, and Mr. Griffin’s awards have a value of \$55,495. All options expire on or before February 26, 2022 and all restricted stock units expire on or before March 6, 2022. The potential value of unexercised stock options is computed as the difference between the exercise price and the closing stock price multiplied by the number of shares. Options with exercise prices higher than the closing market price are not included in the calculation. The potential value of unvested stock awards is computed as the closing stock price multiplied by the number of shares.
