ANNUAL MEETING

TO BE HELD ON OCTOBER 25, 2012

PROXY STATEMENT

GENERAL INFORMATION

The accompanying proxy is solicited by the Board of Directors of Bakken Resources, Inc. (the Board or Board of Directors) with its principal executive offices and mailing address at 1425 Birch Ave., Suite A, Helena, MT 59601

(Bakken or the Company) to be voted at the 2012 Annual Meeting of Stockholders (the Annual Meeting) to be held on October 25, 2012 at the Wingate Hotel located at 2007 North Oakes Street, Helena, MT 59601 at 9:30 A.M. Mountain Daylight Time, and any adjournment thereof. References in this proxy statement to the Company, we, our, and us are to Bakken Resources, Inc.

This proxy statement and the accompanying proxy are being delivered to stockholders on or about September 27, 2012.

Record Date

Holders of record of our shares of common stock, par value \$0.001 per share (Common Stock), our only class of issued and outstanding voting securities, at the close of business on September 17, 2012 (the Record Date) are entitled to vote at the Annual Meeting. There were 56,733,652 shares of Common Stock outstanding as of the Record Date. Each stockholder is entitled to one vote for each share of Common Stock registered in his or her name on the Record Date.

Quorum

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our Common Stock entitled to vote at the Meeting is necessary to constitute a quorum. Votes withheld from any nominee for election as a director, abstentions and broker "non-votes" are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. A "non-vote" occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because, in respect of such other proposal, the nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

Required Vote

Stockholders are entitled to cast one vote per share on each matter presented for consideration by the stockholders; the stockholders do not have any cumulative voting rights.

Election of Directors. The election of directors by the stockholders shall be determined by a plurality of the votes cast by stockholders entitled to vote at the Meeting, and votes withheld will not be counted toward the achievement of a plurality.

Ratification of Auditors. The affirmative vote of a majority of the shares entitled to vote on such matter is required for the ratification of the appointment of the Company's independent auditors.

The vote on each proposal submitted to stockholders is tabulated separately. Abstentions are included in the number of shares present and voting on each proposal. Broker non-votes are not considered for the particular proposal and have the practical effect of reducing the number of affirmative votes required to achieve a majority for such proposal by reducing the total number of votes from which the majority is calculated.

2

A list of stockholders entitled to vote at the Annual Meeting will be available for examination by any stockholder for a proper purpose during normal business hours at the executive offices of the Company for a period of at least calendar 10 days preceding the Annual Meeting.

Voting by Proxy

All shares represented by a proxy will be voted, and where a stockholder specifies a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specification so made. If a stockholder does not indicate a choice on the proxy card, the shares will be voted in favor of the election of the nominees for director contained in this Proxy Statement, in favor of ratifying Malone Bailey as the Company's independent registered public accountants for the 2012 fiscal year and in the discretion of the proxy holders on any other matter that comes before the meeting.

If your shares are held by a broker, bank or other stockholder of record, in nominee name or otherwise, exercising fiduciary powers (typically referred to as being held in street name), you may receive a separate voting instruction form with this Proxy Statement. Your broker may vote your shares on the proposal to ratify our independent auditors, but will not be permitted to vote your shares with respect to the election of directors unless you provide instructions as to how to vote your shares. Please note that if your shares are held of record by a broker, bank or nominee and you wish to vote at the meeting, you will not be permitted to vote in person unless you first obtain a proxy issued in your name from the record holder.

Proxy Revocation Procedure

6

A proxy may be revoked at any time before it has been exercised (i) by written notice of revocation given to the Secretary of the Company, (ii) by executing and delivering to the Secretary a proxy dated as of a later date than a previously executed and delivered proxy (provided, however, that such action must be taken in sufficient time to permit the necessary examination and tabulation of the subsequent proxy before the vote is taken), or (iii) by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not in and of itself revoke a proxy.

Voting Results

We will announce preliminary voting results at the annual meeting. We will report final results in a Form 8-K filed with the Securities and Exchange Commission.

PROPOSAL ONE

ELECTION OF DIRECTORS

The Board of Directors

The Company's business is managed under the direction of its Board of Directors. The Board of Directors has designated as nominees for re-election six directors currently serving on the Board. See "Nominees for Director" below for profiles of the nominees. After the election of the directors at the meeting, the Company's Board will continue to have six directors.

In addition to the information regarding our directors and skills that led our Board to conclude that the individual should serve as a director, we also believe that all of our directors have a reputation for integrity, honesty and adherence to high ethical standards. The Board believes that re-electing these incumbent directors will promote stability and continuity. The Board expects that such directors will continue making substantial contributions to the Company by virtue of their familiarity with, and insight into, the Company's affairs accumulated during their tenure.

All of the nominees have indicated a willingness to continue serving as directors, but if any of them should decline or be unable to act as a director, the proxy holders will vote for the election of another person or persons as the Board of Directors recommends. The Company has no reason to believe that any nominee will be unavailable. If, due to circumstances not now foreseen, any of the nominees named below will not be available for election, the proxies will be voted for such other person or persons as the Board of Directors may select.

Involvement in Legal Proceedings

On April 2, 2012, the Company was served with a summons relating to a complaint filed by Allan Holms, both individually and derivatively through Roil Energy, LLC. Allan Holms is the half-brother of the Company's CEO, Val Holms. The complaint (filed in the Superior Court of the State of Washington located in Spokane County) names, among others, Joseph Edington, Val and Mari Holms, Holms Energy, LLC and BRI as defendants. The Complaint primarily alleges breach of contract, tortious interference with prospective business opportunity and fraud. This complaint focuses on events allegedly occurring around February and March 2010 whereby Allan Holms alleged an oral agreement took place whereby he was to receive up to 40% of the originally issued equity of Roil Energy, LLC. Allan Holms alleges Roil Energy was originally intended to be the predecessor entity to the Company. Both Mr. Val Holms, our CEO, and BRI dispute such allegations in their entirety and intend to and have vigorously defended against such claims. On August 17, 2012, the Company filed a motion to dismiss the lawsuit in the Superior Court of the State of Washington, County of Spokane to dismiss the complaint filed by Allan Holms on April 2, 2012, and the Court has scheduled a hearing on October 5, 2012 (previously scheduled for September 21, 2012) to hear oral arguments relating to the motion to dismiss.

10

On June 6, 2012, the Company filed a Temporary Restraining Order (TRO) and Verified Complaint for Injunctive Relief against McKinley Romero, Peter Swan Investment Consulting Ltd and IWJ Consulting Group, LLC (collectively, the Nevada Defendants), in connection with the Nevada Defendants request to the transfer agent to remove restrictive legends from an aggregate of 4.7 million shares, which the Company believes were improperly obtained by the Nevada Defendants. The Company obtained a temporary restraining order from the Second Judicial District Court of the State of Nevada, County of Washoe on June 6, 2012 enjoining the Nevada Defendants from seeking removal of the restrictive legends. On a scheduled hearing on June 26, 2012 the judge in this matter ruled in favor of the Company s motion for a preliminary injunction. The order granting such preliminary injunction issued from this court on August 14, 2012.

Vote required

Unless a stockholder requests that voting of the proxy be withheld for any one or more of the nominees for directors by so directing on the proxy card, the shares represented by the accompanying proxy will be voted FOR election, as directors, of the above-mentioned five nominees. If any nominee becomes unavailable for any reason (which event is not anticipated) to serve as a director at the time of the meeting, then the shares represented by such proxy may be voted for such other person as may be determined by the holders of such proxy. Directors will be elected at the meeting by a plurality of the votes cast. Directors are to be elected to hold office until the next annual meeting of stockholders and until their successors are elected and qualified, or until their earlier resignation or removal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR AND SOLICITS PROXIES IN FAVOR OF THE NOMINEES LISTED ABOVE (ITEM 1 ON THE ENCLOSED PROXY CARD).

CORPORATE GOVERNANCE MATTERS

General

During the year ended December 31, 2011, the Board of Directors met 5 times and it took action by unanimous written consent 8 times. The Company does not currently have any formal committees and the functions typically reserved to the audit committee, compensation committee and the corporate governance committee is conducted on behalf of the Company by the Board.

Code of Business Conduct and Ethics

The Company adopted a Code of Business Conduct and Ethics for Directors, Officers and Employees and a Code of Ethics for the CEO and Senior Financial Officers, copies of which are filed as Exhibit 14.1 and Exhibit 14.2, respectively, to Form S-1 filed with the Securities and Exchange Commission on February 26, 2009.

Director Independence

The Company currently has three independent directors as determined by its Board of Directors, and three non-independent directors. In assessing director independence, the Company follows the criteria of the Nasdaq Stock Market Listing Rule 5605(a)(2). The Company's current independent directors are Herman R. Landeis, Bill M. Baber and W. Edward Nichols.

Director Attendance at Annual Meeting

The Company encourages members of the Board of Directors to attend annual meetings. Part of that encouragement from the Company consists of a reimbursement policy. The Company reimburses directors for reasonable out-of-pocket expenses incurred by directors in attending an annual meeting.

Audit Committee and Financial Expert

The Company has yet to establish an Audit Committee, however our directors and Chief Financial Officer (David Deffinbaugh) perform some of the same functions of an Audit Committee, such as: recommending a firm of independent certified public accountants to audit the annual financial statements; reviewing the independent auditors independence, the financial statements and their audit report; and reviewing management's administration of the system of internal accounting controls. Two of the Company's directors, Mr. Landeis and Mr. Nichols, have financial

and/or prior experience in serving on committees of public companies.

Compensation Committee; Compensation Committee Interlocks and Insider Participation

The Company does not currently have a Compensation Committee. Each of the Company's non-management directors reviews and considers compensation structure for the Company's management on a yearly basis. Currently, management of the Company consists of two full-time and one part time employee. The Company and the Board believe that a Compensation Committee is not required at this time given the limited number of management employees and that matters typically reserved for Compensation Committee consideration can be effectively and efficiently handled by the Board. Typically, non-management directors of the Company review compensation arrangements relating to the Company's management. In the event of any executive-level employee hire (excluding the CEO position), non-management directors review proposed compensation arrangements of such proposed employee and approve material terms of such arrangements.

None of our current directors has or had any related party transaction relationship with the Company of a type that is required to be disclosed under Item 404 of Regulation S-K. None of our executive officers serves as a member of the board of directors of any entity that has one or more executive officers serving as a member of our Board of Directors.

Our non-employee directors may receive stock option grants as compensation for their services as directors pursuant to individual stock option agreements. Our employee directors do not receive additional compensation for their services as directors. All of our directors are reimbursed for their reasonable expenses in attending Board meetings.

7

Director Nomination Process

The Board of Directors does not have a nominating committee; rather the process of selecting nominees for election as directors is carried by the entire Board of Directors because the entire Board can do a more efficient job of overseeing the nomination process than just our three independent directors. The Board of Directors' responsibilities include among other things: (i) identifying individuals qualified to become Board members; (ii) recommending to the Board those individuals that should be nominees for election or re-election to the Board or otherwise appointed to the Board (with authority for final approval remaining with the Board); and (iii) developing criteria for evaluating prospective candidates to the Board.

The Board of Directors may identify potential Board candidates from a variety of sources, including recommendations from current directors or management or any other source the Board deems appropriate. The Board may also engage a search firm or a consultant to assist it in identifying, screening and evaluating potential candidates. The Board has been given sole authority to retain and terminate any such search firm or consultant.

In considering candidates for the Board, the Board evaluates the entirety of each candidate's credentials. The Board considers, among other things: (i) business or other relevant experience; (ii) expertise, skills and knowledge; (iii) integrity and reputation; (iv) the extent to which the candidate will enhance the objective of having directors with diverse viewpoints, backgrounds, expertise, skills and experience; (v) willingness and ability to commit sufficient time to Board responsibilities; and (vi) qualification to serve on specialized Board committees.

Board Leadership Structure

Val M. Holms currently serves both as Chairman of our Board of Directors and as Chief Executive Officer. Given the background and expertise of Mr. Holms, the current operations of the Company and the small size of the overall management and Board structure, the Company and the Board feel it appropriate to have the CEO and Chairman offices be held by the same person. The Company currently has not specifically designated a lead independent director. The independent directors (which number 3 of the 6 current members of the Board), have both general and specific areas of expertise which are intended to complement the Company's business. Our current independent board consists of an oilfield operator, landman, retired appraiser and tax manager to a large oil and gas company and a current chairman of another oil and gas company. Any matters requiring specific input from certain members of the Board, such Board member assumes a leading role in such project and is responsible for communicating to the management and the rest of the Board any results and/or recommendations. The Board intends to carefully evaluate from time to time whether our Chief Executive Officer and Chairman positions should remain separate based on what the Board believes is best for the Company and its stockholders.

Board Oversight of Risk

The Board is actively involved in the oversight of risks that could affect the Company. The Board as a whole has responsibility for risk oversight of the Company's risk management policies and procedures. The Board encourages management to promote a corporate culture that incorporates risk management into the Company's day-to-day business operations. The Company conducts periodic comprehensive Board meetings and encourages informal meetings or calls on an as requested or as needed basis. A special committee of the Board comprising of one independent Board member and one management Board member has been formed for the purpose of facilitating management and Board discussions and review of corporate governance and oversight functions.

Communications with the Board of Directors

The Board desires that the views of stockholders will be heard by the Board, its committees (if any) or individual directors, as applicable, and that appropriate responses will be provided to stockholders on a timely basis. The Board believes that informal communications are currently sufficient to communicate questions, comments and observations that could be useful to the Board. However, stockholders wishing to formally communicate with the Board may send communications directly to the Company at 1425 Birch Ave. Suite A; Helena, MT 59601, Attention: Corporate Secretary. Such communications will be screened by the Corporate Secretary for appropriateness before either forwarding to or notifying the members of the Board of receipt of a communication.

Please note that the foregoing procedure does not apply to (i) stockholder proposals pursuant to Exchange Act Rule 14a-8 and communications made in connection with such proposals or (ii) service of process or any other notice in a legal proceeding. For information concerning stockholder proposals, see Stockholder Proposals for the 2013 Annual Meeting on page 13 of this proxy statement.

Section 16(a) Beneficial Ownership Reporting Compliance.

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires the Company's executive officers, directors and persons who own more than 10% of the Company's outstanding common stock to file initial reports of ownership and changes in ownership with the Securities and Exchange Commission. Based solely on our review of Forms 3, 4 and 5 furnished to us and on written representations from certain reporting persons, we believe that the directors, executive officers, and our greater than 10% beneficial owners have complied in a timely manner with all applicable filing requirements for the fiscal year ended December 31, 2011.

Security Ownership of Certain Beneficial Owners and Management.

Edgar Filing: BAKKEN RESOURCES INC - Form DEF 14A

The following table presents information about the beneficial ownership of our common stock on September 17, 2012, held by our directors and executive officers and by those persons known to beneficially own more than 5% of our capital stock. The percentage of beneficial ownership for the following table is based on 56,733,652 shares of common stock outstanding as of September 17, 2012.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and does not necessarily indicate beneficial ownership for any other purpose. Under these rules, beneficial ownership includes those shares of common stock over which the stockholder has sole or shared voting or investment power. It also includes (unless footnoted) shares of common stock that the stockholder has a right to acquire within 60 days after September 17, 2012, through the exercise of any option, warrant or other right. The percentage ownership of the outstanding common stock, however, is based on the assumption, expressly required by the rules of the Securities and Exchange Commission, that only the person or entity whose ownership is being reported has converted options or warrants into shares of our common stock. The address of each beneficial owner listed on the table is c/o Bakken Resources, Inc., 1425 Birch Ave. Suite A, Helena, MT 59601.
