Item 2.05 Costs Associated with Exit or Disposal Activities.

On November 6, 2012, Cirrus Logic, Inc. (the “Company”) committed to a plan (the “Plan”) to close its Tucson, Arizona design center and move those operations, including development efforts related to motor control technology, to the Company’s headquarters in Austin, Texas. This restructuring will eliminate approximately 25 employees in Tucson, Arizona, or 4% of the Company’s total workforce, as well as relocate to Austin, Texas approximately 20 positions, which are primarily research and development positions. The Company anticipates the closure to be materially completed by December 31, 2012.

The Company estimates that it will incur a one-time charge for relocation, severance-related items and facility related costs to operating expenses totaling approximately \$3.5 million to \$4.0 million, which will be paid over the remainder of the 2012 calendar year through calendar year 2015. This estimate includes: (i) up to \$1.5 million in relocation and related costs; and (ii) up to \$2.5 million in facility related costs and other employee related charges. The Company expects approximately \$2.0 million in cash expenditures under the Plan, and does not anticipate any significant cash outlays related to the disposition of assets impaired under the Plan. In addition, the Company anticipates annualized savings of approximately \$2.0 million to \$2.5 million from this action along with a significantly more effective product development structure.

Item 7.01 Regulation FD Disclosure.

On November 7, 2012, the Company issued a press release announcing the relocation of its development efforts related to motor control technology from Tucson, Arizona, to Austin, Texas. A copy of the press release is attached hereto as Exhibit 99.1. In addition, the Company indicated in the “Ask the CEO” update described in Item 8.01 that the relocation of these development efforts does not change the Company’s previous Q3 FY13 combined R&D and SG&A expense guidance.

Item 8.01 Other Events.

On November 7, 2012, the Company posted on its website an update to the “Ask the CEO” detailing current information regarding the Company.
