Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers;  
Item 5.02(e). Compensatory Arrangements of Certain Officers.

On March 19, 2012, the Compensation Committee of the Board of Directors of SYNEX Corporation (“SYNEX”) granted the following performance-based restricted stock units (“RSUs”) to each of its named executive officers (each, an “Officer”) under our long term incentive program.

Officer	Number of Shares Underlying RSU
Kevin Murai	37,542
Peter Larocque	21,774
Dennis Polk	21,774
Thomas Alsborg	9,385
Simon Leung	6,132

These RSUs relate to SYNEX' performance based, long-term equity incentives (“LTI”) program and are in lieu of a portion of each Officer's cash compensation. This rebalancing of annual, variable compensation to 3-year, variable compensation further mitigates the potential for undue risk assumption. The LTI program is designed to provide long-term retention incentives for each Officer, and also to create an alignment between the interests of each Officer and those of our stockholders.

The RSUs will vest on the third anniversary of the grant date based upon (1) the achievement, on a cumulative basis, of minimum threshold earnings per share (“EPS”) target performance and (2) the achievement of an average return on invested capital (“ROIC”) target performance, with both performance metrics measured over a 3-year period ending November 30, 2014. The minimum threshold EPS target performance percentage is 75% and the maximum target performance percentage is 166.7% for each Officer. This percentage is then adjusted by a percentage increase or decrease corresponding with SYNEX' performance as measured by the ROIC performance percentages. If the minimum threshold EPS target performance is not achieved, no RSUs will vest, regardless of the achievement of the ROIC performance.

The actual number of RSUs, if the applicable minimum threshold EPS percentage is met, will vest on a sliding scale of the target EPS performance percentage actually achieved, including any increase or decrease based upon the ROIC performance, up to the number of shares set forth in the table above (the “Maximum Amount”). At the 100% target EPS performance, the Officers' RSUs will vest as to 45.45% of the Maximum Amount. Any unvested shares underlying the RSUs will not vest and will be canceled.

In addition, the vesting of the RSUs is contingent upon the Officer still being employed by SYNEX on the date of vesting.

In the event of an Officer's death prior to the third anniversary of the grant date, SYNEX will transfer to such Officer's estate the number of shares that would have vested on or prior to such Officer's death.
