ABLE ENERGY, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - INTERIM FINANCIAL REPORTING

The accompanying unaudited consolidated financial statements of Able Energy, Inc. and its subsidiaries (the "Company") have been prepared in accordance with generally accepted accounting principles for interim financial information. Accordingly, these financial statements do not include all of the information and footnotes required by generally accepted accounting principles. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three months ended September 30, 2005 are not necessarily indicative of the results that may be expected for the year ending June 30, 2006. These consolidated financials statements include the accounts of Able Energy, Inc. and its wholly owned subsidiaries (Able Oil Company, Able Melbourne, Able Energy New York, Inc., Able Terminal LLC and PriceEnergy Fanchising LLC) and majority owned (70.6%) subsidiary (PriceEnergy.com Inc.). These consolidated financial statements should be read in conjunction with the financial statements and footnotes thereto included in the Company's Annual

Edgar Filing: ABLE ENERGY INC - Form 10-Q

Report on Form 10-K for the year ended June 30, 2005.

NOTE 2 - REVENUE RECOGNITION

Sales of fuel and heating equipment are recognized at the time of delivery to the customer, and sales of equipment are recognized at the time of installation. Revenue from repairs and maintenance service is recognized upon completion of the service. Payments received from customers for heating equipment service contracts are deferred and amortized into income over the term of the respective service contracts, on a straight-line basis, which generally do not exceed one year.

NOTE 3 - USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of deferral, contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 4 - MINORITY INTEREST

The minority interest in PriceEnergy.Com, Inc. is a deficit and, in accordance with Accounting Research Bulletin No. 51, subsidiary losses should not be charged against the minority interest to the extent of reducing it to a negative amount. As such, the losses have been charged against the Company, the majority owner. The loss for three months ended September 30, 2005 is \$187,666.

NOTE 5 - NOTES RECEIVABLE

- A. The Company has a Note from Able Montgomery, Inc. and Andrew W. Schmidt related to the sale of Able Montgomery, Inc. and certain assets to Mr. Schmidt. No payments of principal or interest have been received for more than one year. A new note was drawn dated June 15, 2000 for \$170,000, including the prior balance, plus accrued interest. The note bears interest at 9.5% per annum and payments commence October 1, 2000. The payments will be monthly in varying amount each year with a final payment of \$55,981.07 due September 1, 2010. No payments were received in the year ended December 31, 2000. In February 2001, two (2) payments were received in the amount \$2,691.66, interest only. In September 2001, \$15,124.97 was received covering payments from December 2000 through October 2001, for interest of \$14,804.13 and principal of \$320.84. Payments were received in November and December 2002, representing December 2001 and January 2002, in the aggregate amount of \$3,333.34, including interest of \$2,678.88, and principal of \$654.46. No payments have been received in more than 30 months.

The note is secured by stock of Able Montgomery, Inc. and the assets of Andrew W. Schmidt. The income from the sale of the company and the accrued interest on the new note are shown as deferred income and amounted to \$79,679 which will be realized on collection of the note.

Andrew Schmidt and the Company have reached an agreement related to the recovery of this note whereby the liability will be paid by an additional \$.04 per gallon charge on oil purchased from the Company. The Company believes the value of the collateral will cover the amount due if foreclosure is required.

NOTE 5 - NOTES RECEIVABLE (CONTINUED)

Edgar Filing: ABLE ENERGY INC - Form 10-Q

- B. The Company has three Notes Receivable related to the sale of oil delivery trucks to independent drivers. These independent drivers also deliver oil for the Company. Two notes bear interest at the rate of 12% per annum and one at a rate of 9% per annum. These three notes were made in December 1998, February 1999 and January 2004. The notes are payable eight (8) months per year September through April, the oil delivery season.
- C. On July 27, 2005, the Company made a loan in the amount of \$1,730,000 to All American Plazas, Inc. ("All American"), and All American executed and delivered a promissory note for the full amount of the loan in favor of the Company. Under the terms of the promissory note, the outstanding principal of the loan bears interest at the rate of 3.5% per annum. All payments of principal and accrued interest are payable ninety days after the date of the Promissory Note. The promissory note is secured by a lien on 1,000,000 shares of the Company's common stock held by All American. These shares have a pre-existing lien held by the Company's former Chief Executive Officer.

Maturities of the Note Receivable are as follows:

For the 12 Months Ending September 30, -----	Principal Amount -----
2006	\$ 1,791,143
2007	26,074
2008	21,627

Total	\$ 726,987	\$ 726,987
	=====	=====

NOTE 7 - LINE OF CREDIT

On May 13, 2005, the Company entered into a \$1,750,000 Line-Of-Credit with Entrepreneur Growth Capital, LLC. The loan is secured by accounts receivable and inventory. In addition to accounts receivable and inventory the line is collateralized by deposit accounts, books and records, computer programs general intangibles (including customer lists, trademarks, etc.), and rights, title and interest in any and all assets and personal property owned by third parties. The line carries interest at Citibank's prime rate, plus 4% per annum not to exceed 24% with a minimum interest of \$11,000 per month. The line also requires an annual facility fee of 2% of the total available facility limit and monthly collateral management fees equal to .025%. The balance due as of September 30, 2005 is \$1,066,490.

NOTE 8 - NOTES PAYABLE BANK

Edgar Filing: ABLE ENERGY INC - Form 10-Q

On May 13, 2005, the Company entered into a term loan with Northfield Savings Bank for \$3,250,000. Principal and interest are payable in monthly installments of approximately \$21,400 commencing July 1, 2005. The initial interest rate is 6.25% per annum on the unpaid principal balance for the first five years, to be reset every fifth anniversary date at 3 percent over the five year treasury rate, but not lower than the initial rate; at that time the monthly payment will be reset. At the maturity date of June 1, 2030, all remaining amounts are due.

The Note is secured by Company-owned real property located at 344 Route 46, Rockaway, New Jersey and an

7

assignment of leases and rents at such location. The interest rate on default is 4% per annum above the interest rate then in effect.

NOTE 8 - NOTES PAYABLE BANK (CONTINUED)

Maturities of the Note Payable Bank are as follows:

For the 12 Months Ending September 30, -----	Principal Amount -----
2006	\$ 56,600
2007	60,240
2008	64,115
2009	68,239
2010	72,628
Thereafter	2,914,594

Total	\$ 3,236,416
	=====

Management believes that the carrying value of its long-term debt approximates fair value in accordance with SFA 107.

NOTE 9 - NOTES PAYABLE

- A. Note payable dated, August 27, 1999, related to the purchase of B & B Fuels facility and equipment. The total principal of the Note was \$145,000. The Note is payable in the monthly amount of principal and interest of \$1,721.18 with an interest rate of 7.5% per annum. The initial payment was made on September 27, 1999, and continues monthly until August 27, 2009, which is the final payment. The Note is secured by a mortgage granted by Able Energy New York, Inc. on property at 2 and 4 Green Terrace and 4 Horicon Avenue, Town of Warrensburg, Warren County, New York. The balance due on this Note at September 30, 2005 was \$ 69,908.
- B. The following notes are all collateralized by the equipment and/or furniture purchased. The capitalized leases payable are lease/purchase agreements with a small purchase price at the end of the lease:

	Interest Rate at September 30, 2005 -----	Maturities -----
Notes Payable - Collateralized		
By Trucks and Vans	2.90 - 12.506%	10/20/05-8/10/06

Total	\$ 906,099 =====

8

NOTE 10 - CONVERTIBLE DEBENTURES

On July 12, 2005, the Company consummated a financing in the amount of \$2.5 million. Under such financing the Company sold debentures evidenced by a Variable Rate Convertible Debenture (the "Convertible Debentures"). The Convertible Debentures have a term of two years from the date of issuance, subject to the occurrence of an event of default, with interest payable at the rate per annum equal to LIBOR for the applicable interest period, plus 4% payable on a quarterly basis. The Debentures may be converted at the option of the selling security holders into shares of our common stock at a conversion price of \$6.50 per share. In addition, the security holders received five year warrants to purchase 192,308 of common stock at an exercise price of \$7.15 per share. The Company has an optional redemption right (which right shall be mandatory upon the occurrence of an event of default) to repurchase all of the Convertible Debentures for 125% of the face amount of the Convertible Debentures plus all accrued and outstanding interest and expenses, as well as a right to repurchase all of the Convertible Debentures in the event of the consummation of a new financing in which the Company sells securities at a purchase price that is below the \$6.50 conversion price.

The Company also granted to the security holders who acquired the Convertible Debentures an additional investment right (the "Additional Investment Right"), for a period of eighteen months from the date the resale prospectus is declared effective, to purchase units consisting of convertible debentures in the aggregate amount of up to \$15,000,000 (the "Additional Debentures") and common stock purchase warrants equal to 50% of the face amount of such Additional Debentures (the "Additional Warrants"). The conversion price of the Additional Debentures shall be \$6.50 per share of common stock with respect to the first \$5,000,000 of Additional Debentures purchased, \$7.50 per share of common stock for the second \$5,000,000 of Additional Debentures purchased and 80% of the average weighted price of our common stock during the 20 trading days immediately prior to the holders' election to purchase the third \$5,000,000 of Additional Debentures. The Additional Warrants shall have a five-year term and an exercise price of 110% of the conversion price. In the event of the

Edgar Filing: ABLE ENERGY INC - Form 10-Q

occurrence of a default with respect to the Additional Debentures, the Company shall have identical redemption rights to those described in the immediately preceding paragraph. Moreover, the Company shall have the right to cause the security holders who originally acquired the Convertible Debentures, on a pro rata basis, based on the percentage of their purchase of Convertible Debentures, to exercise their Additional Investment Right; however, each such selling security holder may refuse to exercise their respective purchase right, but in such event, would waive its right to purchase the Additional Debentures.

NOTE 11- COMMITMENTS AND CONTINGENCIES

Able Oil Company is under contract to purchase #2 oil as follows:

		-----	-----	-----

The Company is subject to laws and regulations relating to the protection of the environment. While it is not possible to quantify with certainty the potential impact of actions regarding environmental matters, in the opinion of management, compliance with the present environmental protection laws will not have a material adverse effect on the financial condition, competitive position, or capital expenditures of the Company.

Related to its purchase of the property on Route 46, Rockaway, New Jersey the Company commenced an investigation and remediation of the property and any hazardous substances emanating from the property in order to obtain a No Further Action letter from the New Jersey Department of Environmental Protection (NJDEP). The Company is pursuing recovery of all costs and damages related thereto in the lawsuit by the seller against a former tenant on the purchased

NOTE 11 - COMMITMENTS AND CONTINGENCIES (CONTINUED)

property. The Company has assumed all responsibility and direction for the lawsuit, subject to the sharing of any recoveries from the lawsuit with the seller, 50-50 after first \$397,500 has been satisfied. In exchange the Company will receive a reduction of the outstanding mortgage in order to compensate for related costs up to \$250,000. A settlement has been reached by the Company with regard to the lawsuit. The settlement provides for a lump sum payment of \$397,500 from the defendants to the Company. In return, the defendants receive a release and indemnification from the Company. Pursuant to the original agreement, the seller receives 50% of the settlement amount, net of attorney fees.

Edgar Filing: ABLE ENERGY INC - Form 10-Q

This has been amended by an agreement dated November 5, 2001. The entire settlement, net of attorney fees, was collected and placed in an attorney's escrow account for payment of all investigation and remediation costs. Able Energy Terminal, LLC has incurred costs of \$102,956 to June 30, 2005, which are included in prepaid expenses and must be presented to the attorney for reimbursement. The New Jersey Department of Environmental Protection (NJDEP) has issued an approval for treated water run-off. The ruling is for a 180-day period, which can be renewed for an additional 180 days, per management, during which a valid permit must be obtained. When approval is received and contract invoice wording is sufficient for the attorney, reimbursement can be made upon approval of the attorney and the Estate.

Following an explosion and fire that occurred at the Company's Facility in Newton, NJ on March 14, 2003, and through the subsequent clean up efforts, the Company has cooperated fully with all local, state and federal agencies in their investigations into the cause of this accident.

All violation charges with the New Jersey Department of Community Affairs and OSHA have been settled and paid.

The Sussex County, New Jersey, Prosecutor's Office is conducting an investigation as a result of the March 14, 2003 explosion and fire. At a hearing on July 27, 2005, the President and former CFO pleaded guilty and received community service. The Company will pay a fine of \$20,000 as a result of sentencing which occurred on October 6, 2005 .

A lawsuit (known as Hicks vs. Able Energy, Inc.) has been filed against the Company by property owners who allegedly suffered property damages as a result of the March 14, 2003 explosion and fire. The Company's insurance carrier is defending as related to compensatory damages. Legal counsel is defending on the punitive damage claim. On June 13, 2005, the Court granted a motion certifying a plaintiff class action which is defined as "All Persons and Entities that on and after March 14, 2003, residing within a 1,000 yard radius of Able Oil Company's fuel depot facility and were damaged as a result of the March 14, 2003 explosion". The claim is limited to economic loss and claims for personal injury have been specifically excluded from the Class Certification. The insurer has settled approximately 2190 claims against the Company. The Company believes that the Class Claims for compensatory damages is within the available limits of its insurance.

After the March 14, 2003, fire and explosion, the town of Newton changed its zoning requirements and made fuel oil and propane distribution prohibited uses. The Company is appealing a denial of a request for building permits to reconstruct damaged and destroyed buildings and sought a Non-Conforming Use Certificate to permit the fuel oil distribution use only. On August 20, 2004, the Superior Court of New Jersey ruled that the Company may continue to use the site as a non-conforming use, but stayed its decision subject to Newton's appellate rights. The decision was upheld in May 2005 by the court upon the appeal of the Town of Newton. The Company is planning to use the property in the manner approved by the decision.

As a result of the March 14, 2003 explosion and fire, various claims for property damage have been submitted to the Company's insurance carrier. These claims are presently being handled and, in many cases, settled by the insurance carrier's adjuster. There were 227 claims being handled of which 219 have been handled and adjusted with reserves for losses established as deemed appropriate by the insurance carrier.

Two lawsuits have been filed by homeowners in Newton, New Jersey who allegedly suffered property damages as a result of the March 14, 2003 explosion and fire. The Company's insurance carrier is defending as related to the property

damage claims. As to Punitive Damages, one case is being defended by an outside attorney and one by the insurance carrier. It appears that compensatory damage claims are within the available limits of insurance. As a result of the March 14, 2003 fire at the Newton, New Jersey, terminal, a subsidiary of the Company entered a guilty plea in July 2005 to one count of negligently damaging property, a fourth-degree crime in New Jersey. In connection with the plea agreement, the Company will pay a fine of \$20,000, and its guilty plea cannot be used against the company in any civil lawsuits.

NOTE 11 - COMMITMENTS AND CONTINGENCIES (CONTINUED)

The Company in the normal course of business has been involved in lawsuits. Current suits are being defended by the insurance carrier and should be covered by insurance and legal counsel is defending on punitive damage claims as noted above.

NOTE 12 - RELATED PARTY TRANSACTIONS

The following officers of this Company own stock in the subsidiary, PriceEnergy.Com, Inc., which they incorporated in November 1999:

Former Chief Executive Officer	23.5%
President	3.6%
Chief Operating Officer	2.3%

No capital contributions have been made by these officers (See Notes 1 and 7).

The Company has entered into a consulting agreement with its former Chief Executive Officer ("CEO") on February 16, 2005 (see note 20). The agreement is for two years and provides for annual fees of \$60,000 to be paid in monthly installments. In addition the former CEO received options to purchase 100,000 shares of the Company's common stock at \$4.00 per share. The options were exercised on July 7, 2005, at which time the closing price was \$16.89. The former CEO was paid \$15,000 related to this agreement during the period ended September 30, 2005.

On February 22, 2005, the Company borrowed the sum of \$500,000 from Able Income Fund, LLC ("Able Income"). The loan was evidenced by a promissory note (the "Note") issued by the Company to the order of Able Income in the principal amount of \$500,000 bearing interest at the rate of 14% per annum payable interest only in the amount of \$5,833.33 per month with the principal balance and any accrued unpaid interest due and payable on May 22, 2005. The Note was secured by a mortgage on property located in Warrensburg Industrial Park, Warrensburg, New York, owned by Able Energy New York, Inc., a wholly owned subsidiary of the Company. One of the owners of Able Income is Timothy Harrington, the former Chief Executive Officer of the Company. The maturity date of the Note was extended to August 22, 2005.

Able Income subsequently agreed to surrender the Note as of September 30, 2005, in exchange for 57,604 shares of the Company's common stock, \$.001 par value. The number of shares exchanged was determined by dividing the principal balance of the Note, together with all accrued and unpaid interest thereon as of September 30, 2005, by \$8.68, representing a 20% discount off the average closing price of the Company's stock as listed on the Nasdaq SmallCap Market for the period from October 3, 2005 through October 14, 2005. The shares were offered only to Able Income in connection with the surrender of the Note and, thus, were exempt from registration under Section 4(2) of the Securities Act of 1933, as amended, as not being a part of any public offering.

The Company entered into a Stock Purchase Agreement in June 2005 ("Purchase

Edgar Filing: ABLE ENERGY INC - Form 10-Q

Agreement") with all of the shareholders (the "Sellers") of All American Plazas, Inc. ("All American") in connection with the Company's acquisition of All American. The transaction is expected to be consummated in November 2005, upon receipt of the required approval by our stockholders. All American currently owns approximately 40% of the Company's outstanding shares. The Company's CEO, Chairman and General Counsel, Gregory D. Frost, formerly served as a director and the General Counsel of All American until his resignation on March 31, 2005, and the Company's Vice President Business Development, Frank Nocito, is Vice President of All American. In addition, one of the Company's directors, Stephen Chalk, performs certain paid consulting services in the area of real estate development for All American. At the closing, the Company will deliver to the Sellers 11,666,667 shares of our restricted common stock, par value \$.001 per share, at \$3.00 per share for an aggregate purchase price of \$35,000,000. In addition, at the closing, the Company will deliver to certain of the Sellers a number of shares of its restricted common stock equal to the number of shares of its common stock owned by All American as of the closing date.

11

All American recently consummated a financing that, if the acquisition of All American is consummated, will impact the Company. Pursuant to the terms of the Securities Purchase Agreement dated June 1, 2005 (the "Agreement") between All American and certain purchasers, the purchasers loaned All American an aggregate of \$5,000,000, evidenced by Secured Debentures also dated June 1, 2005 (the "Debentures").

NOTE 12 - RELATED PARTY TRANSACTIONS (CONTINUED)

If the Company consummates the acquisition of All American, upon such consummation, the Company will assume the obligations of All American under the Agreement, the Debentures and the AIR Agreement through the execution of a Securities Assumption, Amendment and Issuance Agreement, Registration Rights Agreement, Common Stock Purchase Warrant Agreement and Variable Rate Secured Convertible Debenture Agreement, each between the Purchasers and the Company.

On July 27, 2005, the Company made a loan in the amount of \$1,730,000 to All American, and All American executed and delivered a Promissory Note for the full amount of the loan in favor of the Company (see note 5).

In connection with two loans entered into by the company in May 2005 (see note 4), fees in the amount of \$167,500 were paid to Unison Capital Corporation, a company in which a vice president of the Company has a related interest. This individual also has a related party interest to All American, the Company's largest shareholder.

Subsequent to the payments being made and based on discussions with Unison Capital Corporation it was determined the \$167,500 was an inappropriate payment to a related party and Unison Capital Corporation has agreed to reimburse this amount to the Company over a twelve month period beginning in October 2005. The charge had been appropriately classified as deferred finance charges in the balance sheet and therefore will have no effect on the Company's statement of operations.

NOTE 13 - BUSINESS SEGMENT INFORMATION

The Company sells several types of products and provides services. Following are revenues by product groups and services:

CONTINUING OPERATIONS QUARTER ENDED SEPTEMBER 30,	

2005	2004

NOTE 14 - RECENTLY ISSUED ACCOUNTING STANDARDS

SHARE-BASED PAYMENT

In December 2004, the FASB issued SFAS No. 123(R), "Share-Based Payment," which is a revision of SFAS No. 123, "Accounting for Stock-Based Compensation." Statement 123(R) supersedes Accounting Principles Board Opinion ("APB") No. 25, "Accounting for Stock Issued to Employees," and amends SFAS No. 95, "Statement of Cash Flows." Generally, the approach in Statement 123(R) is similar to the approach described in Statement 123. However, Statement 123(R) requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. Pro forma disclosure is no longer an alternative. The Statement is effective for fiscal years beginning after June 15, 2005.

Statement 123(R) permits public companies to adopt its requirements using one of two methods:

- A. "Modified prospective" method in which compensation cost is recognized beginning with the effective date (a) based on the requirements of Statement 123(R) for all share-based payments granted after the effective date and (b) based on the requirements of Statement 123 for all awards granted to employees prior to the effective date of Statement 123(R) that remain unvested on the effective date.

12

- B. "Modified retrospective" method which includes the requirements of the modified prospective method described above, but also permits entities to restate, based on the amounts previously recognized under Statement 123 for purposes of pro forma disclosures, either (a) all prior periods presented or (b) prior interim periods of the year of adoption.

NOTE 14 - RECENTLY ISSUED ACCOUNTING STANDARDS (CONTINUED)

The Company adopted Statement 123(R) on July 1, 2005 using the modified prospective method. The impact of this Statement was immaterial to our consolidated financial statements.

NOTE 21 SUBSEQUENT EVENTS

On March 1, 2005, the Company entered into an amendment (the "Agreement") to an existing consultant agreement with Summitt Ventures, Inc. ("Summitt"). The value of the consideration contemplated to be rendered by Summitt to the Company under the Agreement was approximately \$71,000, and the Company issued 142,857 shares of the Company's common stock (the "Shares"), valued at \$0.50 per share, as payment. The Shares at the time of issue were unregistered, restricted shares of the Company and not subject to any registration requirement. The shares were offered only to Summitt in connection with the Agreement and, thus, were exempt from registration under Section 4(2) of the Securities Act of 1933, as amended,

Edgar Filing: ABLE ENERGY INC - Form 10-Q

as not being a part of any public offering. The Shares are not convertible into any other class or series of equity of the Company. No proceeds were received by the Company at the time of issuance of the Shares and no proceeds have been received by the Company on account of the Agreement. On September 22, 2005, the Company terminated the Agreement with Summitt, with cause, and on October 13, 2005, the Company notified Summitt that it was canceling the certificate evidencing the Shares on the grounds that, among other things, Summitt induced the Company to enter into the Agreement through misrepresentation.

On October 13, 2005, the Company received a letter from the Nasdaq Listing Qualifications Staff ("Nasdaq"), notifying the Company that it was not in compliance with Marketplace Rule 4310(c)(2)(B)(ii) (the "Rule"). The Rule requires the Company to have a minimum \$35 million in market value of listed securities, or \$2.5 million in shareholders' equity or \$500,000 in net income from continuing operations for the most recently completed fiscal year or two of the three most recently completed fiscal years. Nasdaq informed the Company that it would be provided 30 calendar days, or until November 14, 2005, to regain compliance with the Rule.

The Company must demonstrate compliance with the Rule by November 14, 2005 by either:

- o showing aggregate market value of its common stock in excess of \$35 million for a minimum of 10 consecutive business days, or
- o increasing its shareholders' equity to an amount which exceeds \$2.5 million.

If the Company has met either one of the criteria above at any time before November 14, 2005, Nasdaq will determine if the Company has regained compliance.

The shareholders' equity reported in this Quarterly Report on Form 10-Q is \$2,562,617, which exceeds the \$2.5 million required under the Rule. The Company's Audit Committee believes that the Company is now in compliance with the Rule and will likely maintain compliance with the Rule.

13

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Statements in this Quarterly Report on Form 10-Q concerning the Company's outlook or future economic performance, anticipated profitability, gross billings, expenses or other financial items, and statements concerning assumptions made or exceptions to any future events, conditions, performance or other matters are "forward looking statements," as that term is defined under the Federal Securities Laws. Forward-looking statements are subject to risks, uncertainties, and other factors that would cause actual results to differ materially from those stated in such statements. Such risks, and uncertainties and factors include, but are not limited to: (i) changes in external competitive market factors or trends in the Company's results of operation; (ii) unanticipated working capital or other cash requirements and (iii) changes in the Company's business strategy or an inability to execute its competitive factors that may prevent the Company from competing successfully in the marketplace.

OVERVIEW

Able Energy Inc. ("Able") was incorporated in Delaware in 1997. Able Oil, a wholly owned subsidiary of Able, was established in 1989 and

Edgar Filing: ABLE ENERGY INC - Form 10-Q

sells both residential and commercial heating oil and complete HVAC service to its heating oil customers. Able Energy NY, a wholly owned subsidiary of Able, sells residential and commercial heating oil, propane diesel fuel, and kerosene to customers around the Warrensburg NY area. Able Melbourne, a wholly owned subsidiary of Able, was established in 1996 and sells various grades of diesel fuel around Cape Canaveral FL. PriceEnergy Inc., a majority owned subsidiary of Able, was established in 1999 and has developed an internet platform that has extended the Company's ability to sell and deliver liquid fuels and related energy products.

Management's Discussion and Analysis of Financial Condition and Results of Operation contains forward-looking statements, which are based upon current expectations and involve a number of risks and uncertainties. In order for us to utilize the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995, investors are hereby cautioned that these statements may be affected by the important factors, among others, set forth below, and consequently, actual operations and results may differ materially from those expressed in these forward-looking statements. The important factors include:

- o Commodity Supply
- o Commodity Pricing
- o Customers Converting to Natural Gas
- o Alternative Energy Sources
- o Winter Temperature Variations (Degree Days)
- o Customers Moving Out of The Area
- o Legislative Changes
- o The Availability (Or Lack of) Acquisition Candidates
- o The Success of Our Risk Management Activities
- o The Effects of Competition
- o Changes in Environmental Law
- o General Economic, Market, or Business Conditions

We undertake no obligation to update or revise any such forward-looking statements.

CRITICAL ACCOUNTING POLICIES

Our accounting policies are described in Note 2 of the condensed consolidated financial statements included in this Report on Form 10-Q for the quarter ended September 30, 2005. The consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States of America, which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

14

We consider the following policy to be the most critical in understanding the judgments involved in preparing the financial statements and the uncertainties that could impact our results of operations, financial condition and cash flows.

REVENUE RECOGNITION

Sales of fuel and heating equipment are recognized at the time of

Edgar Filing: ABLE ENERGY INC - Form 10-Q

delivery to the customer, and sales of equipment are recognized at the time of installation. Revenue from repairs and maintenance service is recognized upon completion of the service. Payments received from customers for heating equipment service contracts are deferred and amortized into income over the term of the respective service contracts, on a straight-line basis, which generally do not exceed one year.

RESULTS OF OPERATIONS

The following table presents the percentage of total revenues for the periods indicated and changes from period to period of certain items included in our Condensed Consolidated Statements of Operations.

	% FOR THREE MONTHS ENDED	
	SEPTEMBER 30, 2005	SEPTEMBER 30, 2004
Net sales	100.0%	100.0%
Cost of sales	93.0	92.6
Gross profit	7.0	7.4
Selling, general and administrative expenses	11.4	13.4
Depreciation and Amortization Expense	2.2	3.6
Loss from operations	(6.6)	(9.6)
Interest and Other Income	0.4	0.6
Interest Expense	(1.3)	(0.9)
Loss on sale of assets	-	(0.4)
Legal Fees Relating to Accident	(0.5)	(0.3)
Loss before income tax provision	(8.1)	(10.6)
Income tax provision	(0.0)	(0.0)
Net loss	(8.1)	(10.6)

* Not meaningful

THREE MONTHS ENDED SEPTEMBER 30, 2005 COMPARED TO THREE MONTHS ENDED SEPTEMBER 30, 2004

Revenue for the three months ended September 30, 2005 increased approximately \$4.9 million or 59.7% over the three months ended September 30, 2004. This increase can be attributed primarily to the pass-through of fuel oil costs to customers and a total increase of liquid fuel product sales of approximately 9.3% offset by the impact of marketing changes in the way the Company sells to its discount customers.

Gross profit margins for the three months ended September 30, 2005 decreased to 7.0% from 7.4% for the three months ended September 30, 2004. The decrease in margin was the result of the dramatically rising product costs during the period. Retail pricing was adjusted as necessary to cover most of the increases while continuing to maintain

Edgar Filing: ABLE ENERGY INC - Form 10-Q

the Company's competitive position in the marketplace. Gross profit margin was also affected by a strong increase in sales of our PriceEnergy subsidiary in our present market area. Selling, general and administrative expenses for the three months ended September 30, 2005 increased by approximately \$397,000 or 36.0% compared to the three months ended September 30, 2004. The

15

Company attributes this increase primarily to an increase in professional fees of approximately \$175,000 related to general corporate matters including SEC filings and potential acquisitions, an increase in payroll related to the addition of key management positions of approximately \$122,000, and an increase in credit card processing fees of approximately \$90,000 which relates partly to the increase in revenue and the shift of customer payment methods to more credit card based payment.

Depreciation and amortization expense remained relatively flat for the three months ended September 30, 2005 as compared to the three months ended September 30, 2004.

Other income (expenses) increased to a net expense of \$185,978 in the three months ended September 30, 2005 from \$80,355 in the three months ended September 30, 2004. The increase of approximately \$106,000 is primarily related to an increase in interest expense of approximately \$92,000 related to debt financing and interest on convertible debentures entered into during July 2005.

Operating loss for the three months ended September 30, 2005 was \$874,186 compared to \$790,031 for the three months ended September 30, 2004. The net increase in the operating loss for the period was directly related to an increase in selling, general and administrative expenses partially offset by an overall improvement in gross margin dollars.

Our effective tax rate for the three months ended September 30, 2005 and the three months ended September 30, 2004 is negligible. The difference in the Company's effective tax rate from the federal statutory rate is primarily due to a 100% valuation allowance provided for all deferred tax assets.

Net loss for the three months ended September 30, 2005 was \$1.1 million compared to \$872,626 for the three months ended September 30, 2004. The net increase directly related to an increase in selling, general and administrative expenses and the increase in interest expense, partially offset by an overall improvement in gross margin dollars.

LIQUIDITY AND CAPITAL RESOURCES

To date, our principal sources of working capital have been the proceeds from public and private placements of securities and notes payable. Since our inception, sales of securities, including the proceeds from the exercise of outstanding options and warrants, have generated approximately \$8.1 million less applicable expenses.

We had working capital of approximately \$2.5 million at September 30, 2005 compared to a working capital deficit of approximately \$(320,000) at June 30, 2005 and ratios of current assets to current liabilities of 1.25:1 as of September 30, 2005 and .95:1 as of June 30, 2005. The working capital increase of approximately \$2.8 was primarily due to

Edgar Filing: ABLE ENERGY INC - Form 10-Q

issuance of convertible debentures of \$2.5 million, the sale of common stock through the exercise of outstanding options and warrants of approximately \$0.8 million, and the conversion of note payable into equity of \$0.5 million. This increase was partially offset by a net loss of approximately \$1.1.

In May 2005 we entered into a \$1,750,000 line of credit agreement with Entrepreneurs Growth Capital, LLC. The line is collateralized by accounts receivable and inventories. Outstanding balances under the loan bear interest at an annual rate equal to the Citibank's prime rate plus 4%. As of September 30, 2005 approximately \$1.1 million was outstanding and \$684,000 was available under this credit line.

On July 12, 2005, the Company consummated a financing with a group of lenders. Pursuant to the terms of the Securities Purchase Agreement, the Company sold variable rate convertible debentures in the amount of \$2.5 million. The debentures shall be repaid within two years from the date of issuance with interest payable at a rate per annum equal to Libor, plus 4%, which on July 12, 2005 was 3.57% plus 4%, or 7.57%. The interest is payable quarterly on the first of January, April, July, and October. The debentures may be converted at the option of the purchasers into shares of the Company's Common Stock at a conversion price of \$6.50 per share. The amount of shares to be issued at such conversion will be 384,618. In addition, the purchasers shall have the right to receive five-year warrants to purchase 192,308 shares of Common Stock at \$7.15 per share. The market value of the Company's Common Stock on July 12, 2005 was \$17.90 per share. The debenture

16

conversion price of \$6.50 is 36.31% of the market value. Closing expenses related to this transaction totaled \$315,000, including a \$250,000 broker fee and \$65,000 in various legal expenses.

On July 27, 2005, the Company made a loan of \$1,730,000 to All American Plazas, Inc. which is the largest shareholder of the Company. The funds were disbursed from the financing proceeds of \$2.5 million described above. Under the note, the loan bears interest at 3.50% per annum and is secured by the 1,000,000 shares of Able Energy, Inc. Common Stock owned by All American Plazas, Inc. The interest rate of the Company on its \$2.5 million of convertible debentures is currently 7.57%, as noted above.

We anticipate that funds generated from operations, together with cash and investments, and availability under our credit line will be sufficient to fund our current level of growth and our existing commitments at least through fiscal 2006. However, to the extent the expansion of our operations requires significant additional resources, we may be required to seek additional financing. No assurance can be given that such financing would be available on terms that would be acceptable to us.

MATERIAL COMMITMENTS

The following schedule summarizes our contractual cost obligations as of September 30, 2005 in the periods indicated.

Edgar Filing: ABLE ENERGY INC - Form 10-Q

Contractual Obligations	Payments Due by Period			
	Total	Less than 1 year	1-3 years	3-5 years
Long-Term Debt	\$ 4,391,000	\$ 1,155,000	\$ 162,000	\$ 159,000
Capital Lease Obligations	888,000	250,000	619,000	19,000
Operating Leases	89,000	89,000	-	-
Unconditional Purchase Obligations	5,693,000	5,693,000	-	-
Other Long-Term Obligations	2,500,000	-	2,500,000	-
Total Contractual Cash Obligations	\$ 13,561,000	\$ 7,187,000	\$ 3,281,000	\$ 178,000

Excluded from the table above is estimated interest payments on long-term debt and capital lease obligations of approximately \$369,000, \$766,000, \$368,000 and \$1,987,000 for the periods less than 1 year, 1-3 years, 3-5 years, and more than 5 years, respectively.

SEASONALITY

The Company's business is directly related to the heating needs of its customers. Accordingly, the weather can have a material effect on the Company's sales in any particular year. Generally, however, the temperatures in the past thirty years have been relatively stable, and as a result, have not had a significant impact on the Company's performance, except on a short-term basis. In the years 1997 and 2001, "El Nino" caused two of the warmest winters on record, which impacted home heating oil sales during the 1997-1998 and 2001-2002 winter seasons. The winter of 2004-2005 recorded temperatures for the season, which were normal for New Jersey, the Company's primary delivery area.

Approximately 65% of the Company's revenues are earned and received from October through March, and the overwhelming majority of such revenues are derived from the sale of home heating oil. During the spring and summer months, revenues from the sale of diesel and gasoline fuels increase due to the increased use of automobiles and construction apparatus.

17

Each of the Company's divisions is seasonal. From May through September, Able Oil experiences considerable reduction of retail heating oil sales.

Able Energy NY's propane operation can experience up to 80% decrease in heating related propane sales during the months of April to September, which is offset somewhat by an increase of pool heating and cooking fuel.

Over 90% of Able Melbourne's revenues are derived from the sale of diesel fuel for construction vehicles, and commercial and recreational sea-going vessels during Florida's fishing season, which begins in April

Edgar Filing: ABLE ENERGY INC - Form 10-Q

and ends in November. Only a small percentage of Able Melbourne's revenues are derived from the sale of home heating fuel. Most of these sales occur from December through March, Florida's cooler months.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company does not issue or invest in financial instruments or derivatives for trading or speculative purposes. All of the operations of the Company are conducted in the United States, and, as such, are not subject to material foreign currency exchange rate risk. At September 30, 2005, the Company had approximately \$6.7 million of outstanding long-term debt and convertible debentures. Although the Company's assets included approximately \$4.7 million in cash and cash equivalents, the market rate risk associated with changing interest rates in the United States is not material.

ITEM 4. CONTROLS AND PROCEDURES

An evaluation was performed under the supervision and with the participation of the Company's management, including the acting chief executive officer ("Acting CEO") (who ceased performing the duties of Acting CEO on October 13, 2005) and chief financial officer ("CFO"), of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on that evaluation, the Company's management, including the Acting CEO and CFO, concluded that the Company's disclosure controls and procedures were effective as of September 30, 2005.

There were no significant changes in the Company's internal control over financial reporting in the first fiscal quarter of 2006 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

As a result of the March 14, 2003 fire at the Newton, New Jersey, terminal, a subsidiary of the Company entered a guilty plea in July 2005 to one count of negligently damaging property, a fourth-degree crime in New Jersey. In connection with the plea agreement, the Company will pay a fine of \$20,000, and its guilty plea cannot be used against the Company in any civil lawsuits. In addition, Christopher P. Westad, the Company's President, entered into a pre-trial intervention agreement, conditioned upon 250 hours of community service over a two-year period, which he is currently performing.

The Company is not currently involved in any legal proceeding that is likely to have a material adverse effect on the results of operations or the financial condition of the Company. From time to time, the Company may become a party to litigation incidental to its business. There can be no assurance that any financial legal proceedings will not have a material adverse affect on the Company.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

- (a) 1. On July 12, 2005, the Company consummated a financing with certain purchasers identified in the Securities Purchase Agreement dated as of July 12, 2005 (collectively the "Purchasers"), in a

transaction permitted under section 4(2) of the Securities Act of 1933, in the amount of \$2.5 Million Dollars.

Pursuant to the terms of the Securities Purchase Agreement dated as of July 12, 2005 (the "Agreement") among Able Energy, Inc., and the Purchasers, the Purchasers purchased Debentures in the aggregate amount of \$2.5 Million Dollars evidenced by a Variable Rate Convertible Debenture also dated July 12, 2005 (the "Debenture"). The Debentures shall be repaid within two years from the date of issuance, subject to the occurrence of an event of default, with interest payable at the rate per annum equal to LIBOR for the applicable interest period, plus 4% payable on a quarterly basis on April 1st, July 1st, October 1st and January 1st, beginning on the first such date after the date of issuance of the Debentures. The Debentures may be converted at the option of the Purchasers into shares of our common stock at a conversion price of \$6.50 per share. In addition, the Purchasers shall have the right to receive five (5) year warrants to purchase 192,308 of common stock at an exercise price of \$7.15 per share. Pursuant to the Agreement, we shall also have an optional redemption right (which right shall be mandatory upon the occurrence of an event of default) to repurchase all of the Debentures for 125% of the face amount of the Debentures plus all accrued and outstanding interest and expenses, as well as a right to repurchase all of the Debentures in the event of the consummation of a new financing in which we sell securities at a purchase price that is below the Conversion Price.

Pursuant to the Registration Rights Agreement among the parties, the Purchasers shall have demand registration rights with respect to all shares of our common stock obtained by them through the conversion of the Debentures. The Purchasers shall also have an additional investment right, for a period of nine months after the initial registration statement is filed by us with the Securities and Exchange Commission (the "SEC") is first declared effective by the SEC, to purchase units consisting of convertible debentures in the aggregate amount of up to \$15,000,000 (the "Additional Debentures") and common stock purchase warrants equal to 50% of the face amount of such Additional Debentures (the "Additional Warrants"). The conversion price of the Additional Debentures shall be \$6.50 per share of common stock with respect to the first \$5,000,000 of Additional Debentures purchased, \$7.50 per share of common stock for the second \$5,000,000 of Additional Debentures purchased and 80% of the average weighted price of our common stock during the 20 trading days immediately prior to the Purchasers' election to purchase the third \$5,000,000 of Additional Debentures. The Additional Warrants shall have a five-year term and an exercise price of 110% of the conversion price. In the event of the occurrence of a default with respect to the

Edgar Filing: ABLE ENERGY INC - Form 10-Q

Additional Debentures, we shall have identical redemption rights to those described in the immediately preceding paragraph. Moreover, the Company shall have the right to cause the Purchasers' on a pro rata basis, based on the percentage of their purchase of Debentures, to exercise their Additional Investment Right; however, each Purchaser may refuse to exercise their respective purchase right, but in such event, the Purchaser waives its right to purchase the Additional Debentures. The Agreement provide that, commencing 90 days following the Effective Date (the date the initial registration statement is declared effective by the SEC), and ending on the 179th calendar day with regard to the first \$5,000,000 in Additional Debentures, if the average weighted price of our stock for any 20 consecutive trading day period, during said period, exceeds \$7.80 per share. We also have a similar right with regard to the second \$5,000,000 if our stock during the period commencing 180 days, following the Effective Date through the 269th day, for any 20 consecutive trading day period, exceeds \$9.00 per share and for the period 270 days following the Effective Date through the 360th calendar day, we have a similar right with regard to the third \$5,000,000 tranche if our stock exceeds \$10.20.

2. On February 22, 2005, the Company borrowed the sum of \$500,000 from Able Income Fund, LLC ("Able Income"). The loan was evidenced by a promissory note (the "Note") issued by the Company to the order of Able Income in the principal amount of \$500,000 bearing interest at the rate of 14% per annum payable interest only in the amount of \$5,833.33 per month with the

19

principal balance and any accrued unpaid interest due and payable on May 22, 2005. The Note was secured by a mortgage on property located in Warrensburg Industrial Park, Warrensburg, New York, owned by Able Energy New York, Inc., a wholly owned subsidiary of the Company. One of the owners of Able Income is Timothy Harrington, the former Chief Executive Officer of the Company. The maturity date of the Note was extended to August 22, 2005.

Able Income subsequently agreed to surrender the Note as of September 30, 2005, in exchange for 57,604 shares of the Company's common stock, \$.001 par value. The number of shares exchanged was determined by dividing the principal balance of the Note, together with all accrued and unpaid interest thereon as of September 30, 2005, by \$8.68, representing a 20% discount off the average closing price of the Company's stock as listed on the Nasdaq SmallCap Market for the period from October 3, 2005 through October 14, 2005. The shares were offered only to Able Income in connection with the surrender of the Note and, thus, were exempt from registration under Section 4(2) of the Securities Act of 1933, as amended, as not being a part of any public offering.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

None

ITEM 5. OTHER INFORMATION

(a) 1. On March 1, 2005, the Company entered into an amendment (the "Agreement") to an existing consultant agreement with Summitt Ventures, Inc. ("Summitt"). The value of the consideration contemplated to be rendered by Summitt to the Company under the Agreement was \$71,428.50, and the Company issued 142,857 shares of the Company's common stock (the "Shares"), valued at \$0.50 per share, as payment. The Shares at the time of issue were unregistered, restricted shares of the Company and not subject to any registration requirement. The shares were offered only to Summitt in connection with the Agreement and, thus, were exempt from registration under Section 4(2) of the Securities Act of 1933, as amended, as not being a part of any public offering. The Shares are not convertible into any other class or series of equity of the Company. No proceeds were received by the Company at the time of issuance of the Shares and no proceeds have been received by the Company on account of the Agreement. On September 22, 2005, the Company terminated the Agreement with Summitt, with cause, and on October 13, 2005, the Company notified Summitt that it was canceling the certificate evidencing the Shares on the grounds that, among other things, Summitt induced the Company to enter into the Agreement through misrepresentation.

2. On October 13, 2005, the Company received a letter from the Nasdaq Listing Qualifications Staff ("Nasdaq"), notifying the Company that it was not in compliance with Marketplace Rule 4310(c)(2)(B)(ii) (the "Rule"). The Rule requires the Company to have a minimum \$35 million in market value of listed securities, or \$2.5 million in shareholders' equity or \$500,000 in net income from continuing operations for the most recently completed fiscal year or two of the three most recently completed fiscal years. Nasdaq informed the Company that it would be provided 30 calendar days, or until November 14, 2005, to regain compliance with the Rule.

The Company must demonstrate compliance with the Rule by November 14, 2005 by either:

- o showing aggregate market value of its common stock in excess of \$35 million for a minimum of 10 consecutive business days, or
- o increasing its shareholders' equity to

Edgar Filing: ABLE ENERGY INC - Form 10-Q

an amount which exceeds \$2.5 million.

If the Company has met either one of the criteria above at any time before November 14, 2005, Nasdaq will determine if the Company has regained compliance.

The shareholders' equity reported in this Quarterly Report on Form 10-Q is \$2,562,617, which exceeds the \$2.5 million required under the Rule. The Company's Audit Committee believes that the Company is now in compliance with the Rule and will likely maintain compliance with the Rule.

(b) None.

ITEM 6. EXHIBITS

10.1 Securities Purchase Agreement dated as of July 12, 2005, between Able Energy, Inc., and the purchasers identified on the signature pages thereto (incorporated by reference to exhibit 99.1 to the Able Energy, Inc., Current Report on Form 8-K filed July 15, 2005).

20
