Edgar Filing: CORNERSTONE BANCORP INC - Form 10KSB/A

During 2004, the Board of Directors held a total of 13 meetings. Each director attended at least 75% of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings held by all committees of the Board of Directors on which such director served, except Mr. Gordon who attended 74% of the meetings.

Table of Contents

The Board of Directors has established the following committees, the members of which are appointed by the Board of Directors:

The Loan Committee, comprised of Messrs. Forgotson, Jakubek, Maida, Ronald C. Miller, Levine, and Paul Reader, is responsible for the approval of extensions of credit and the terms under which Bancorp credit will be extended. The Loan Committee also reviews officer lending limits, and approves changes to the Bancorp's loan policy. The Loan Committee met 26 times during 2004.

The Corporate Governance Committee is comprised of Directors Gordon, Prince and Waxberg. Each member of the committee is independent as defined by the American Stock Exchange (AMEX) listing standards. As part of the Bancorp's governance and oversight process, the Committee was appointed by the Board of Directors to assist with the development and implementation of the Bancorp's corporate governance principles, to determine the composition of Board committees, to monitor a process to assess Board effectiveness, and to identify and evaluate nominees for directors. The committee met 2 times in 2004. The nominees for election as directors at the 2005 Annual Meeting were nominated by the Board of Directors on January 26, 2005. The Committee operates under a charter. The Committee has a policy with regard to the consideration of any director candidates recommended by security holders and a description of the procedures to be followed in submitting such recommendations. The policy describes specific qualities or skills that the committee believes are necessary for a director to possess. The Bancorp has not paid a fee to any third party or parties to identify or assist in identifying or evaluating potential nominees.

The Bancorp does not maintain an attendance policy for directors at the annual meeting. Directors Joseph Field, Merrill J. Forgotson, J. James Gordon, James P. Jakubek, Stanley Levine, Joseph A. Maida, Ronald C. Miller, Courtney Nelthropp, Martin Prince, Paul H. Reader, Donald Sappern and Joseph Waxberg, constituting 100% of the Board of Directors, attended the Bancorp's annual meeting on May 26, 2004.

The Compensation Committee includes Messrs. Levine, Maida and Ronald C. Miller, all of whom are independent directors as defined by the AMEX listing standards. They are responsible to determine the officers and other key employees to whom awards shall be granted under the 1996 Stock Plan (the Stock Plan) and the 2001 Restricted Stock Plan (the Restricted Plan), to determine the number of shares to be covered by each award, the terms and conditions of each award, to amend any award, to accelerate any vesting period or exchange any such grant with a new grant, to make all determinations required or provided under both Plans, to establish rules and regulations pertaining to participation and administration of the Stock Plan, and to interpret the Stock Plan. The Compensation Committee also approves compensation levels and promotions. The Compensation Committee met 2 times during 2004.

In response to changes mandated by the Sarbanes-Oxley Act of 2002, the Bancorp revised its Audit Committee Charter in 2002 and changed the composition of the Committee. Each member of the Audit Committee is independent as defined by the AMEX listing standards, the Sarbanes-Oxley Act of 2002 and the applicable regulations of the Securities and Exchange Commission (the SEC) promulgated pursuant thereto, and each has the required understanding of finance and accounting to read and understand fundamental financial statements.

Table of Contents

The Audit Committee is composed of the following three independent outside directors: Joseph A. Maida (chairman), J. James Gordon and Joseph Field, and met 4 times in 2004. Director Maida, who chairs the Audit Committee, is a CPA and has audit and financial experience and financial sophistication commensurate with his chairman duties and has therefore been determined by the Board to be an Audit Committee Financial Expert. Director Field is a partner at the Field Group and Director Gordon is the President of Gordon Textiles International, Ltd. The Audit Committee's primary duties and responsibilities are to: monitor the integrity of the Bancorp's financial reporting process and systems of internal controls regarding finance, accounting, and legal compliance; monitor the independence and performance of the Bancorp's independent registered public accounting firm and internal auditors; and provide an avenue of communication among the independent registered public accounting firm, management, the internal auditors, and the Board of Directors. The Audit Committee charter was last provided as Appendix A in the Notice of the Annual Meeting of Shareholders held on May 26, 2004.

Director Compensation

In 2004, directors who were not otherwise employed by the Bancorp (Outside Directors) received \$400 for each Board of Directors meeting attended. Directors on the Audit Committee receive \$500 for each committee meeting attended. Directors on the Corporate Governance Committee and the Compensation Committee receive \$200 for each committee meeting attended. During 2004, additional compensation of \$350 was paid for each board meeting attended. On September 30, 2004, each outside director was awarded a restricted stock grant of 275 shares of stock under the Bancorp's 2001 Restricted Stock Plan. The vesting schedule for the restricted stock is as follows: 40% on the anniversary date of the grant in 2006, 20% in 2007, 20% in 2008, and 20% in 2009.

At the election of each Outside Director, fees may be paid either in cash or shares of Common Stock, or a combination thereof, pursuant to the Bancorp's Directors Compensation Plan. Under the plan, Outside Directors accumulate compensation credit for attending Board and committee meetings during each one-year period ending on the date of each annual meeting of the Bancorp. The Board of Directors, by a majority vote, may adjust the amount of the credits from time to time. Outside Directors may elect to receive their compensation earned under the plan in the form of cash or shares of Common Stock, based on an annual election made by each Outside Director at the first Board meeting subsequent to each annual meeting. Outside Directors who elect cash receive such compensation at each Board meeting. Outside Directors who elect to receive shares of Common Stock are issued a certificate for a whole number of shares equal to their accumulated compensation credit divided by the fair market value of the shares of Common Stock as of the date of each Board meeting and a cash payment in lieu of fractional shares on the last business day of May of each year for the last twelve months. The Board of Directors, by a majority vote, may amend or terminate the Directors Compensation Plan at any time provided, however, that certain material amendments may not be made without shareholder approval. No directors elected to receive stock in lieu of cash compensation in 2004.

Outside Directors also receive a formula grant of non-qualified stock options (NQOs) under the Bancorp's 1996 Stock Plan. At the annual meeting, each outside Director is granted NQOs to

purchase 250 shares of Common Stock. The exercise price of such NQOs is the fair market value of the Common Stock on the date of grant. The NQOs do not vest until the Outside Director has served five full consecutive years on the Board, except that NQOs for any Outside Director who has completed such service vest immediately. All NQOs granted to Outside Directors expire ten years after the date of grant.

Officers or employees of the Bancorp who serve on the Board of Directors receive no additional compensation for their services in that capacity.

election, either a lump sum cash payment or 36 monthly periodic payments in an amount equal to the sum of three times his CPI adjusted salary, plus three times the highest bonus received by him during the period commencing with the 36th month preceding the change in control and ending with the date of termination.

On April 12, 2005, Mr. Forgotson entered into a Retention Agreement with the Bancorp, Cornerstone Bank and NewAlliance Bank (the Forgotson Retention Agreement). The Forgotson Retention Agreement supersedes the Forgotson Employment Agreement dated as of November 27, 2000 with the Bancorp and Cornerstone Bank.

Pursuant to the terms of the Forgotson Retention Agreement, on December 30, 2005 the Bancorp or Cornerstone Bank will pay Mr. Forgotson a lump sum equal to \$1,084,891 upon his execution of a General Release. Upon the effectiveness of the Merger, Mr. Forgotson will be employed by NewAlliance Bank as a Senior Vice President for a period of twelve months (the Retention Period), unless the Forgotson Retention Agreement is sooner terminated in accordance with its terms. Upon his employment by NewAlliance Bank, Mr. Forgotson will receive a base salary of \$180,000 per annum and will participate in the medical, dental, disability, life and accidental death and dismemberment policies offered by NewAlliance Bank to its employees. Mr. Forgotson also will be eligible to participate in NewAlliance Bank's 401(k) Plan, defined benefit pension plan and Employee Stock Ownership Plan. Mr. Forgotson will not receive credit for service at the Bancorp or Cornerstone Bank for any purpose except for purposes of determining eligibility to participate in NewAlliance Bank's defined benefit pension plan, Employee Stock Ownership Plan and health, life and disability insurance plans. During the Retention Period, Mr. Forgotson will be reimbursed for club membership dues up to \$15,000 per year and receive use of an automobile, which he may purchase at the end of the Retention Period.

The Forgotson Retention Agreement provides that Mr. Forgotson may not, for a period of eighteen months after the effectiveness of the Merger, compete in Connecticut and certain portions of New York and Rhode Island with any business carried on by NAL or NewAlliance Bank; may not solicit or induce any employee of NewAlliance Bank to leave such employment; may not solicit any customer of NewAlliance Bank to transact business with any other entity or to reduce or refrain from doing any business with NewAlliance; and may not interfere with or damage any relationship between NewAlliance and any customer.

If Mr. Forgotson's employment is terminated during the Retention Period due to disability, Mr. Forgotson will receive all accrued benefits through such date, the benefits payable to him under his Salary Continuation Agreement effective as of April 1, 2002 with Cornerstone Bank (the SERP Benefits) and continued medical, dental, accident and life insurance coverage (the Medical Benefits) for up to thirty-six months. If Mr. Forgotson's employment is terminated during the Retention Period due to death or retirement, Mr. Forgotson or his estate will receive all accrued benefits through such date and the SERP Benefits and his spouse and dependents will receive continued medical and dental accident coverage for up to two years after his death. If Mr. Forgotson terminates his employment for other than Good Reason (as defined in the Forgotson Retention Agreement) or is terminated for Cause (as defined in the Forgotson Retention Agreement) during the Retention Period, Mr. Forgotson will receive all accrued benefits through such date and the

SERP Benefits. If Mr. Forgotson terminates his employment for Good Reason or is terminated without Cause during the Retention Period, Mr. Forgotson will receive all accrued benefits through such date, the SERP Benefits, Medical Benefits and his salary through the Retention Period. If Mr. Forgotson's employment is terminated after the Retention Period, other than by NewAlliance Bank for Cause, Mr. Forgotson will receive the SERP Benefits and, for a reduced period, the Medical Benefits.

The Forgotson Retention Agreement provides that if any payments made to Mr. Forgotson under the Forgotson Agreement or otherwise subject him to an excise tax under Section 280G of the Internal Revenue Code, NewAlliance will make a payment to him that will reimburse him fully for the amount of such excise tax, including any taxes on such payment.

Effective July 1, 1995, the Bancorp entered into an employment agreement with James P. Jakubek (the Jakubek Employment Agreement) pursuant to which Mr. Jakubek serves as Executive Vice President of the Bancorp. In addition, for twelve months following any termination of Mr. Jakubek's employment without cause, or for 36 months following termination due to a change in control of the Bancorp, Mr. Jakubek shall be entitled to continue to participate in the Bancorp's compensation plans and to receive all benefits as if such termination had not occurred.

If there is a change in control of the Bancorp, or if the Bancorp seeks to terminate the Jakubek Employment Agreement following a potential change in control but prior to the potential change in control being effected, he is entitled to the following: (i) an adjustment in his then current salary to give him cumulative cost of living increases for the period from the date of execution of the Jakubek Employment Agreement through the date of the change in control, and annual increases based on the Consumer Price Index (the CPI) on each anniversary of the change in control; (ii) a credit for years of service with the Bancorp, plus five additional years, for purposes of vesting and calculation of benefits under any benefit plan of the Bancorp or of any successor entity; (iii) eighteen months' notice of termination of employment, during which period he would be entitled to receive, without offset for any reason, payment of his CPI adjusted salary, plus the highest bonus received by him during the period commencing with the 36th month preceding the change in control and ending with the date of termination; and (iv) following the 18-month period referred to in (iii) above, at his election, either a lump sum cash payment or 36 monthly periodic payments in an amount equal to the sum of three times his CPI adjusted salary, plus three times the highest bonus received by him during the period commencing with the 36th month preceding the change in control and ending with the date of termination.

During the Retention Period, Mr. Verrico will receive use of an automobile.

The Verrico Retention Agreement provides that Mr. Verrico may not, for a period of two years following the termination of his employment, solicit or induce any employee of NewAlliance Bank to leave such employment and accept employment with any financial institution in any county in which NewAlliance does business or solicit any customer of NewAlliance Bank to terminate an existing business or commercial relationship with NAL or NewAlliance Bank.

If Mr. Verrico's employment is terminated during the Retention Period due to disability, Mr. Verrico will receive all accrued benefits through such date, the benefits payable to him under his Salary Continuation Agreement effective as of April 1, 2002 with Cornerstone Bank (the SERP Benefits) and continued medical, dental, accident and life insurance coverage (the Medical Benefits) for up to eighteen months. If Mr. Verrico's employment is terminated during the Retention Period due to death or retirement, Mr. Verrico or his estate will receive all accrued benefits through such date and the SERP Benefits and his spouse and dependents will receive continued medical and dental accident coverage for up to eighteen months after his death. If Mr. Verrico terminates his employment for other than Good Reason (as defined in the Verrico retention Agreement) or is terminated for Cause (as defined in the Verrico Retention Agreement) during the Retention Period, Mr. Verrico will receive all accrued benefits through such date and the SERP Benefits. For purposes of the Forgotson Employment Agreement, the Jakubek Employment Agreement, the Reader Employment Agreement and the Verrico Agreement, the definition of Change in Control of the Bancorp is the same as the definition of Change of Control in the Stock Plans. The Stock Plans provide for certain Change Events: (i) a reorganization, merger, or consolidation of the Bancorp in which the Bancorp is not the surviving corporation; (ii) the dissolution or liquidation of the Bancorp; (iii) a sale or lease of 50% or more, computed on the basis of book value, of the Bancorp's consolidated assets; or (iv) a Change of Control. A Change of Control is deemed to have occurred if (i) any person becomes the beneficial owner of 25% or more of the total number of voting shares of the Bancorp, (ii) any person holds revocable or irrevocable proxies, as to the election or removal of directors of the Bancorp, for 25% or more of the total number of voting shares of the Bancorp, (iii) any person has entered into an agreement or received an

option for the acquisition of beneficial ownership of 25% or more of the total number of voting shares of the Bancorp, whether or not the requisite approval for such acquisition has been received under the applicable laws or the respective regulations issued thereunder; or (iv) as the result of or in connection with any cash tender or exchange offer, merger, or other business combination, sale of assets or contested election, or any combination of the foregoing transactions, the persons who were directors of the Bancorp before such transaction shall cease to constitute at least two-thirds of the Board of Directors of the Bancorp or any successor corporation. In the event such a Change Event occurs, any then-existing deferral periods for exercising any stock option shall be accelerated and all outstanding options will be exercisable in full on or before a date fixed by the Compensation Committee prior to the effective time of the Change Event and any then-existing vesting periods for restricted stock shall be accelerated and all outstanding awards of restricted stock shall become fully vested prior to the effective time of the Change Event. The Merger will result in a Change of Control.

Effective April 1, 2002, the Bank entered into Salary Continuation Agreements with Messrs. Forgotson, Jakubek, Reader, and Verrico to encourage these executives to remain employees of the Bank. Normal retirement benefits are set forth in each Salary Continuation Agreement and will be paid to these executives upon termination of their employment on or after the normal retirement age (age 65) for reasons other than death or termination for cause and will be paid from the general assets of the Bank. The Bank will pay the annual benefit to the executive in 12 equal monthly installments commencing with the month following the executive's normal retirement date and pay the annual benefit for a period of 15 years. Commencing on the first anniversary of the first benefit payment, and continuing on each subsequent anniversary, the Bank's Board of Directors, at its sole discretion, may increase the benefit. The amount of the normal annual benefit of the executive and normal retirement date for each Bancorp executive is as follows: Merrill J. Forgotson \$100,700, December 2007; James P. Jakubek \$96,800, September 2014; Paul H. Reader \$113,200, May 2023; and Ernest J. Verrico \$108,900, May 2020. The Bank's Board of Directors, in its sole discretion, may increase the amount of the annual benefit. In the event of voluntary early termination, the benefit will be determined by each employee's vesting schedule and will be paid to the executive at normal retirement age. As of December 31, 2004, Messrs. Jakubek and Reader are fully vested and Messrs. Forgotson and Verrico become fully vested in 2005 and 2010, respectively. In the event of involuntary early termination, the benefit will be the normal retirement benefit and will be paid to the executive at normal retirement age. In the event of disability, the benefit will be determined by each employee's vesting schedule and will be paid to the executive at normal retirement age. In the event of death during active employment, the benefit will be the normal retirement benefit and paid to the employee's beneficiary in either 12 equal monthly installments commencing the month following the executive's death and will be paid for a period of 15 years or the executive's beneficiary may petition the Bank to pay the present value of the death benefit in a lump sum. In the event of death during the payment of the benefit, the Bank will pay the remaining benefits to the executive's beneficiary at the same time and in the same amounts they would have been paid to the executive had the executive survived. In the event of the executive's death after termination of employment but before payment of the benefit, the Bank will pay the same benefit payments to the executive's beneficiary that the executive was entitled to prior to death except that the benefit payments will commence on the first day of the month following the date of the executive's death. In the event that the executive was terminated for cause, the Bank will not pay any benefit under the agreement. The Bank will not pay

Table of Contents

any benefit if the executive commits suicide within three years after the date of the agreement. The Bank will not pay any benefits if the executive, within 18 months after termination of employment and without the prior written consent of the Bank, engages in any enterprise which is competitive with any business carried on by the Bank. This will not apply following an involuntary early termination. The executive and beneficiary are general unsecured creditors of the Bank for the payment of benefits under the Salary Continuation Agreements. The benefits represent the mere unsecured promise by the Bank to pay such benefits.

The Bank has recognized certain officers who have performed services for the Bank. In recognition of these services, the Bank acquired life insurance pursuant to Split Dollar arrangements on certain selected officers including Messrs. Jakubek, and Reader for which the Bank pays the entire amount of each premium. The Bank's interest in the policies is the aggregate of the premiums paid by the Bank. The Bank is designated the named fiduciary under the Split Dollar plan and controls and manages the operation of the plan. The Split Dollar plan is evidenced by an agreement between the officer and the Bank and the agreement will automatically terminate on the termination of the employment of the officer, the bankruptcy of the Bank or the surrender or lapse of the policy. The officer, for the thirty (30) days immediately following the date on which any such termination occurs, has the right to purchase the policy by paying the Bank an amount equal to the Bank's interest in the policy.

When Mr. Forgotson joined the Bank in November, 2000, the Bank assumed the Split Dollar payment obligations and collateral lien positions previously held by his former employer. The collateral assignment provided the Bank with a lien on the death benefit and cash surrender value of the policies only to the extent of and to secure the repayment of the Bank's payments (without interest) thereon. The assumption of the Split Dollar policies and all other payments were collateralized by a lien on the subject policies and repayable at the earlier of Mr. Forgotson's death, January 1, 2010, the date the policies were terminated or when Mr. Forgotson left the employment of the Bank.

In January 2003, the Bank at Mr. Forgotson's request, and in recognition of the implications of changes in the law effecting such arrangement, made the payments which were then due under the Policies. As has been the case in recent years, Mr. Forgotson then paid the Bank the amount of the economic value of the term component of the insurance. The Bank has determined that the appropriate methodology for Mr. Forgotson to retain this perquisite, is to treat the Bank's payment on his behalf as additional compensation to Mr. Forgotson. Implicit in this decision is the fact that without any other payment to Mr. Forgotson, he would have substantial additional tax liabilities on the additional compensation. The Bank negotiated this matter with Mr. Forgotson. As a result thereof, it was agreed that the Bank would partially gross-up such additional compensation to Mr. Forgotson for 2003 and the four subsequent years. Likewise, the Bank agreed to modify Mr. Forgotson's Employment Contract and Split Dollar Insurance Agreement accordingly. The additional compensation received by Mr. Forgotson as a result hereof would be considered as a part of his total compensation with respect to any annual review of merit increases and/or bonuses.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Bancorp's directors, executive officers and persons who beneficially own more than 10% of the Common Stock to file certain reports with the SEC during and for the year ended December 31, 2004 concerning their beneficial ownership of the Common Stock. Based solely upon the Bancorp's review of the copies of such reports received by it, and on written representations by certain reporting persons, the Bancorp believes that during the year ended December 31, 2004 all such reports were filed on a timely basis with the exception of the following: one late Form 4 for each of the non-employee directors regarding a grant of restricted stock.

Item 12. Certain Relationships and Related Transactions

As of December 31, 2004, loans to directors, principal officers and their associates and affiliated businesses totaled \$1,973,000, or approximately 9% of the Bancorp's equity capital accounts. All loans made by the Bank to such persons were made in the ordinary course of business on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for comparable transactions with other persons. Such loans do not involve more than the normal risk of collectability or present other unfavorable features.
