Proxy Statement

Our board of directors is soliciting your proxy for use at our 2006 Annual Meeting of Stockholders to be held at 5:00 p.m. on Wednesday, June 14, 2006 and at any adjournments of the meeting. This proxy statement and accompanying proxy are first being sent or given to stockholders on or about April 24, 2006.

The principal business expected to be transacted at the meeting, as more fully described in this proxy statement, will be the election of two directors and an amendment to our 1999 Equity Incentive Plan.

The authority granted by an executed proxy may be revoked at any time before its exercise by filing with our Secretary a written revocation or a duly executed proxy bearing a later date or by voting in person at the meeting.

We will bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of stock. In addition to the use of mails, proxies may be solicited by our officers and employees in person or by telephone.

Only stockholders of record at the close of business on April 17, 2006 will be entitled to vote at the meeting. On that date, we had outstanding 45,811,511 shares of common stock, \$0.01 par value, each of which is entitled to one vote. The presence at the meeting, in person or by proxy, of a majority in interest of the voting capital stock issued and outstanding and entitled to vote at the meeting will constitute a quorum for the transaction of business. Abstentions and broker non-votes will be considered present for purposes of determining the presence of a quorum. Broker non-votes are proxies submitted by brokers that do not indicate a vote for one or more proposals because the brokers do not have discretionary voting authority and have not received instructions from the beneficial owners on how to vote on these proposals.

ELECTION OF DIRECTORS

We currently have ten directors. Our directors are divided into three classes with each class being as equal in size as possible. Each class of directors is elected for a three-year term. Gamil G. de Chadarevian will be departing as a director when his term expires on the date of the 2006 annual meeting. At that time, we will have nine directors.

Two directors have been nominated for re-election to a term of office expiring in 2009: Margaret M. Eisen and Wadih Jordan. Unless the enclosed proxy withholds authority to vote for these directors or is a broker non-vote, the shares represented by such proxy will be voted for the election of Margaret M. Eisen and Wadih Jordan. If either of these nominees is unable to serve, which is not expected, the shares represented by the enclosed proxy will be voted for such other candidate as may be nominated by the board of directors.

Directors will be elected by a plurality of the votes cast by the stockholders entitled to vote on the election of directors at the meeting.

Committees of the Board

We have four standing board committees: Audit and Finance, Compensation, Corporate Governance, and Litigation. Our board of directors has adopted charters for the Audit and Finance, Compensation, and Corporate Governance committees. Copies of these charters are available on our website at www.antigenics.com. (No material on our website is part of this proxy statement.)

During 2005, our Compensation Committee consisted of three independent directors: Mr. Afeyan, Ms. Eisen and Mr. Jordan. Ms. Eisen served as Chair from January 1, 2005 through November 30, 2005 and then Mr. Jordan became Chair of the Committee. Our Compensation Committee acts for the board of directors with respect to our compensation practices and their implementation. It sets and implements the compensation of our executive officers, administers the 1999 Equity Incentive Plan and the 1999 Employee Stock Purchase Plan and makes recommendations regarding compensation of non-management directors. Our Compensation Committee held four meetings in 2005. For more information about our Compensation Committee, please read the Compensation Committee Report on Executive Compensation.

During 2005, our Audit and Finance Committee consisted of three independent directors (determined under the rules of The Nasdaq Stock Market): Messrs. Dechaene (Chair) and de Chadarevian and Ms. Eisen. Our Audit and Finance Committee is responsible for providing the board of directors with an independent review of our financial health, controls and reporting. Its primary functions are to select our independent registered public accounting firm, review the results of the annual audit and the auditors' reports, and assess the adequacy of our financial controls and procedures. Our Audit and Finance Committee held twelve meetings in 2005. Our board of directors has determined that Mr. Dechaene is an audit committee financial expert, as that term is defined in SEC regulations. For more information about our Audit and Finance Committee, please read the Report of the Audit and Finance Committee.

For the period of January 1, 2005 through September 22, 2005, our Corporate Governance Committee consisted of two independent directors: Mr. AtLee (Chair) and Mr. Wood. Effective September 22, 2005, Mr. Afeyan joined the Corporate Governance Committee. Our Corporate Governance Committee is responsible for recommending to our board of directors policies regarding board procedures, the process for annual evaluation of the performance of the board, and issues of corporate responsibility. Our Corporate Governance Committee also serves as our nominating committee. The Corporate Governance Committee recommended the slate of director nominees that have been proposed by the board of directors for election at the annual meeting. The Corporate Governance Committee also makes recommendations to the board regarding the composition of board committees. Our Corporate Governance Committee held three meetings in 2005.

Our Corporate Governance Committee uses multiple sources for identifying and evaluating nominees for director positions, including referrals from current directors and input from third-party search firms. Third-party search firms we engage typically assist us in identifying, assessing and recruiting individuals. Candidates identified in this manner are evaluated by the committee by reviewing the candidates' biographical information and qualifications and checking the candidates' references.

Our Litigation Committee consists of two members: Mr. Kessel (Chair) and Mr. AtLee. The primary role of the Litigation Committee is to oversee, and make decisions with respect to, our involvement in litigation relating to our initial public offering (IPO). Neither Mr. Kessel nor Mr. AtLee served on our board of directors at the time of our IPO.

Table of Contents

Consideration of Director Nominees

Our Corporate Governance Committee, acting in its capacity as our nominating committee, recommends candidates for nomination to the board of directors. The committee is responsible for reviewing with the board the appropriate personal characteristics and professional competencies preferred of board members who are expected to work together as a team to properly oversee our strategies and operations. In general, all directors are expected to possess certain personal characteristics necessary to create a highly functional and collegial board, which include personal and professional integrity; practical wisdom and mature judgment; an inquisitive and objective perspective; and time availability for performing the duties of a director.

In addition, the board as a group is expected to encompass a range of professional competencies relevant to overseeing our business. These professional competencies include accounting and financial literacy, industry knowledge, medical or scientific knowledge and management experience. Finally, candidates should be enthusiastic about service on our board and working collaboratively with existing board members to create value for all of our stockholders.

The Corporate Governance Committee does not have a formal policy with regard to the consideration of director candidates recommended by stockholders because it does not believe such a policy is necessary given that no otherwise unaffiliated stockholder has ever recommended a director candidate. If the committee were to receive a recommendation for a director candidate from a stockholder, however, the committee expects that it would evaluate such a candidate using the criteria described above for evaluating director candidates brought to its attention through other channels.

Attendance at Board Meetings

The board of directors held thirteen meetings during 2005. Each director attended at least 75% of all meetings of the board, except for Dr. Srivastava who attended eight of the thirteen meetings. Each director attended at least 80% of all meetings of committees of the board on which he or she served.

Independent Directors

Our board of directors has determined that Noubar Afeyan, Frank V. AtLee III, Gamil G. de Chadarevian, Tom Dechaene, Peggy Eisen, Bill Jordan, Mark Kessel and Alastair J.J. Wood, MB ChB are independent under the rules of The Nasdaq Stock Market. These independent directors meet regularly in executive session. Mr. AtLee serves as Lead Director and chairs the meetings of the independent directors.

Director Attendance at Annual Meetings

One of our corporate governance guidelines is that each director who is up for election at an annual meeting of stockholders or who has a term that continues after the meeting is expected to attend the annual meeting of stockholders. Our board of directors believes that such directors should miss annual stockholder meetings only for reasons that would justify absence from a regularly scheduled meeting of the board of directors. All ten directors attended our 2005 annual stockholders meeting.

Stockholder Communications with the Board

Any stockholder who wishes to communicate with the board of directors may write to us at 630 Fifth Avenue, Suite 2100, New York, NY 10111 Attention: Lead Director. Depending on the subject matter,

Table of Contents

management will forward the communication or a summary of its contents to the Lead Director, the individual the board of directors has designated to receive such correspondence. Management will determine the proper response to materials of a commercial nature, which generally will not be forwarded to the Lead Director. Complaints regarding accounting, internal accounting controls and auditing matters will be forwarded to the chair of the Audit and Finance Committee. At regular meetings of the board of directors, the Lead Director will review significant correspondence received from stockholders.

Director Compensation

Employee directors do not receive any additional compensation for their services on the board. Non-employee directors with the exception of Dr. Srivastava, who is a consultant, are eligible to receive the following compensation for services as directors:

\$20,000 Annual Retainer

\$10,000 Fee for service as Lead Director

\$10,000 Fee for service as Audit & Finance Committee Chair

\$ 6,000 Fee for service as Audit & Finance Committee Member

\$ 7,500 Fee for service as Compensation Committee Chair

\$ 3,000 Fee for service as Corporate Governance Committee Member

\$ 6,000 Fee for service as Litigation Committee Chair

\$ 3,000 Fee for service as Litigation Committee Member

The rates set forth above were effective in 2005 and are expected to remain unchanged for 2006.

We also reimburse directors for reasonable travel and out-of-pocket expenses in connection with their service as directors.

Deferred Compensation

Our Director's Deferred Compensation Plan permits each non-employee director to defer all or a portion of his or her cash compensation until his or her service as director ends or until a specified date. A director may credit his or her deferred cash compensation to an interest bearing account, a notional stock account, or a combination of both.

Stock Compensation

Directors also participate in Antigenics' 1999 Equity Incentive Plan. Under the option program for directors adopted by the board, our non-employee directors receive stock option grants as follows:

Initial Option Grant	25,000 shares	Vesting over 3 years in equal installments
Annual Option Grant	15,000 shares	Vesting over 3 years in equal installments (1)

(1) Any unvested portion vests automatically on the last day of the term of a director who does not stand for reelection at the end of his or her term.

In March 1995, we entered into a consulting agreement with Dr. Pramod Srivastava, our Founding Scientist. This agreement was scheduled to expire in March 2005 but was extended for an additional one-year period until March 2006. This agreement expired on March 28, 2006, and we entered into a new five year consulting agreement with Dr. Srivastava, effective March 28, 2006. In 2005, we paid Dr. Srivastava \$175,000 for his consulting services, a cash bonus of \$135,000 for services performed in 2004 and granted him options to purchase 120,000 shares of our common stock. In March 2006, the Compensation Committee approved annual compensation for consulting services by Dr. Srivastava in 2006 of \$175,000.

The following graph shows the cumulative total stockholder return on our common stock over the period from December 31, 2000 to December 31, 2005, as compared with that of The NASDAQ Stock Market (U.S. Companies) Index and the NASDAQ Biotechnology Index, based on an initial investment of \$100 in each on December 31, 2000. Total stockholder return is measured by dividing share price change plus dividends, if any, for each period by the share price at the beginning of the respective period, and assumes reinvestment of dividends.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee Report set forth below describes the compensation philosophies and programs applicable to our executive officers. The Compensation Committee consists entirely of independent directors who are not officers or employees of Antigenics.

General Philosophy

Our success in attaining our long- and short-term strategic objectives will in large part be determined by our ability to attract, motivate and retain executive officers with demonstrated talent, managerial leadership skills and the potential to grow with the organization. A competitive compensation program is critical to our efforts. Our executive compensation package consists of base salary, an annual incentive bonus and long term compensation in the form of stock options. In light of our stage of development and the importance of achieving our long- and short-term strategic objectives, considerable emphasis is placed on the annual incentive bonus and equity-based compensation components of the total compensation package. To attempt to ensure that our compensation arrangements are competitive, the Compensation Committee compares Antigenics' compensation practices and levels annually with those of other biotechnology companies with which we compete for talent and which are of comparable size and stage of development. The Compensation Committee relies on published compensation survey data as well as data available in proxy statements from a selected peer group of companies in making these determinations.

Base Salary

Base salary levels are designed to recognize an individual executive's ongoing contribution, to reflect the individual executive's experience and responsibilities, and to be competitive with market benchmarks. Increases in annual salaries are based on evaluation of skill, effectiveness and leadership, and by comparing how an individual has performed essential job requirements against what was envisioned for the job. Salary adjustments are also based on general market compensation levels. The Compensation Committee does not use a specific formula based on these criteria but instead makes the evaluation of each executive officer's contribution in light of all such criteria.

Annual Incentive Bonus

In 2003 the Compensation Committee adopted an Executive Incentive Plan (EIP). The purpose of the EIP is to provide additional incentives for executive officers to contribute to the success of the company. The plan provides for significant competitive incentive awards which relate directly to the achievement of corporate objectives and individual performance goals. This, in turn, is expected to promote the interests of stockholders and enhance our ability to attract, motivate and retain high performing executive officers. Target incentive awards typically range from 30-50% of an executive officer's base salary. Funding for the target incentive awards is based on the extent to which we achieve a predetermined set of corporate objectives and milestones. Individual awards are adjusted to reflect the individual executive officer's contribution to achieving these corporate objectives and milestones.

Stock Options and Equity Awards

We grant stock options to executive officers under our 1999 Equity Incentive Plan. Our stock option program is designed to directly align the long-term financial interests of our executive officers and our stockholders, to assist in the retention of executive officers by providing meaningful ownership interest in

Table of Contents

Antigenics that vests over time, and to encourage our executive officers to think and act like owners of the business. Historically, we generally had used a five-year vesting period and a ten-year exercise period for stock option grants. Beginning with grants made in February 2004, we changed the vesting period from five to four years to be more consistent with market practice. Although our policy is to generally make awards with a four year vesting period, in February, 2006, grants made to executives had a three year vesting period to further the retention goals of these awards. The exercise price for all stock options granted in 2005 and so far in 2006 equaled the fair market value of the common stock on the date of the grant.

We typically grant stock options to new executive officers when they start employment and on an annual basis and upon promotions to positions of greater responsibility. In determining the size of an annual executive grant we consider the position level, the degree to which the executive's contributions impacted our results in the past year, the importance of the executive's skills to our future success, the size of the executive's current equity position, and competitive market benchmarks.

An amendment to the 1999 Equity Incentive Plan was recommended by the Compensation Committee for approval by the board and the stockholders to authorize awards of common stock to officers and employees under the plan. The amendment is included in this proxy statement. See Proposal to Amend the 1999 Equity Incentive Plan. The Compensation Committee believes that equity ownership by executive officers can provide an additional incentive for executives to act in accordance with stockholder interests. If adopted by the stockholders, the Compensation Committee expects to consider making such equity awards in lieu of a cash payment for a portion of an executive officer's annual incentive bonus.

Chief Executive Officer Compensation

In determining Dr. Armen's compensation for 2004 and 2005, the Compensation Committee applied the executive compensation philosophy and programs described above. In 2004, we paid Dr. Armen an incentive bonus of \$170,000, and the Compensation Committee approved a stock option grant to purchase 175,000 shares of our common stock, for services performed in 2003. In addition, in January 2004, Dr. Armen's salary level was increased to \$420,000. In 2005, we paid Dr. Armen an incentive bonus of \$174,300 and a stock option grant to purchase 300,000 shares of our common stock, for services performed in 2004. Dr. Armen's salary was also increased to \$440,000.

At the time of his most recent performance review, Dr. Armen requested that his salary remain at \$440,000, and that he not receive a cash bonus and stock option grant for services performed in 2005. The Committee considered and accepted his recommendation.

By the Compensation Committee,

Bill Jordan (Chair)

None of our Compensation Committee members is an officer or employee of Antigenics; however, Dr. Armen, our Chairman and Chief Executive Officer, has participated in compensation discussions with the committee.

PROPOSAL TO AMEND THE 1999 EQUITY INCENTIVE PLAN

Summary of the Existing 1999 Equity Incentive Plan

This summary of our existing 1999 Equity Incentive Plan is qualified in its entirety by reference to the full text of our 1999 Equity Incentive Plan, as amended, which is included as Appendix A to this proxy statement.

The purpose of our 1999 Equity Incentive Plan is to:

attract and retain qualified directors, employees and consultants;

provide incentives for them to achieve long-range performance goals; and

enable them to participate in our long-term growth.

The plan provides for the grant of both incentive and nonstatutory stock options, stock appreciation rights, and restricted stock awards. As of April 5, 2006, under the plan there were:

10,000,000 shares of our common stock authorized for issuance;

6,511,600 shares of our common stock subject to outstanding options and restricted stock awards; and

2,848,063 shares of our common stock available for future awards under the plan.

The shares are subject to adjustment for stock splits, stock dividends and certain transactions affecting our capital stock. Shares may also be issued through the assumption or substitution of outstanding grants from an acquired company without reducing the number of shares available for award. As of April 5, 2006, approximately 165 employees were eligible for grants under the plan. The plan will expire on November 15, 2009. The closing price of our common stock on April 5, 2006 was \$2.26, as reported by The Nasdaq National Stock Market.

Administration and Eligibility

Our Compensation Committee administers our 1999 Equity Incentive Plan and determines the terms and conditions of each award, including:

the number of underlying shares;

the vesting schedule;

the duration; and

the form of payment of the exercise price.

Edgar Filing: ANTIGENICS INC /DE/ - Form DEF 14A

For option grants to employees who are not executive officers, the Compensation Committee usually approves an aggregate amount and delegates authority to our chairman and chief executive officer to allocate individual grants.

The per share exercise price of an incentive stock option may not be less than the fair market value of a share of our common stock on the date of grant. Nonstatutory stock options may be granted at such prices as our Compensation Committee may determine. Our Compensation Committee may not in any calendar year grant to any person options or stock appreciation rights representing more than 1,000,000 shares of our common stock nor more than 1,000,000 shares of performance-based restricted stock awards. These limits are subject to

Table of Contents

adjustment for changes in our structure or capitalization that affect the number of outstanding shares of our common stock. Our Corporate Governance Committee makes recommendations regarding grants to directors.

We make awards to our directors, employees and consultants based upon their anticipated contribution to the achievement of our objectives and other relevant matters. Because future awards will be within the discretion of our Compensation Committee (and of our chairman and chief executive officer with respect to grants to employees who are not executive officers), it is not possible to predict to whom future awards will be granted under the plan or the number of shares underlying any award.

Description of Proposed Amendments to the Plan

On March 16, 2006, our board of directors approved, subject to stockholder approval, an amendment to the 1999 Equity Incentive Plan that will authorize the Compensation Committee to grant awards of unrestricted shares of our common stock under the plan. This summary of the proposed amendment is qualified in its entirety by reference to the full text set forth in our 1999 Equity Incentive Plan, as amended, which is included as Appendix A to this proxy statement.

Federal Income Tax Consequences Relating to our 1999 Equity Incentive Plan

Nonstatutory stock options. An optionee does not realize taxable income when a nonstatutory option is granted. When the option is exercised, the optionee recognizes ordinary income (subject to withholding if the optionee is an employee) in an amount equal to the difference between the amount paid for the shares and the fair market value of the shares on the date of exercise. Subject to certain limitations of the Internal Revenue Code, we are allowed a tax deduction for the same amount. When the shares are disposed of, any additional gain or loss is treated as short-term or long-term capital gain or loss, depending on the holder's holding period in the shares. We are not allowed any additional tax deduction. Special rules may apply if the exercise price is paid by tendering our stock.

Incentive stock options. An optionee does not realize taxable income when an incentive stock option is granted or, except as discussed in the next paragraph, exercised. A taxable event occurs when the shares are disposed of. The tax treatment depends on how long the shares are held before the disposition. When shares that have been held for two years from the date of grant and one year from the date of exercise are disposed of, any amount realized in excess of the amount paid for the shares will be taxed to the optionee as long-term capital gain and any loss will be a long-term capital loss. We are not allowed a tax deduction for the amount realized by the optionee. If an optionee disposes of the shares before meeting the one-year and two-year holding periods, the disposition constitutes a disqualifying disposition, and an amount equal to the excess (if any) of the fair market value of the shares at the time of exercise (or, if less, the amount realized on a sale of shares to an unrelated party), over the amount paid for the shares is taxed to the optionee as ordinary income. Subject to certain limitations of the Internal Revenue Code, we are allowed a tax deduction for the income realized by an optionee in a disqualifying disposition. Any further gain recognized will be short-term or long-term capital gain and will not result in any deduction for us. Special rules may apply if the exercise price is paid by tendering our stock.

The excess of the fair market value of the option shares on the date of exercise of an incentive stock option over the exercise price will be included in alternative minimum taxable income for the purpose of calculating the optionee's alternative minimum tax (AMT) in the year of exercise. AMT is based on the amount of the taxpayer's alternative minimum taxable income that exceeds an exemption amount. Alternative minimum taxable income is the taxpayer's taxable income with adjustments to reflect special tax treatment of certain items (including incentive stock options). The taxpayer is required to pay the higher of the regular income tax or AMT.

Table of Contents

For purposes of computing AMT in the year the stock is sold, any gain on the sale is reduced by the amount included in alternative minimum taxable income in the year of exercise. If a taxpayer is required to pay AMT as a result of the exercise of an incentive stock option, the taxpayer may be able to credit a portion of AMT against regular tax liability in later years. A disqualifying disposition in the year of exercise will generally avoid the AMT consequences of exercise of an incentive stock option.

Vote Required

The affirmative vote of the holders of a majority of the shares of our outstanding common stock present or represented by proxy and entitled to vote on this matter will constitute the approval of the amendment to our 1999 Equity Incentive Plan. For the purposes of this proposal, broker non-votes will have no effect and abstentions will have the same effect as a vote against the proposal.

The Board of Directors recommends a vote for this proposal.

In return, we have an option to obtain an exclusive license to new inventions (as defined in the research agreement) subject to our payment to UConn of royalties at varying rates upon commercialization of a product utilizing technology discovered under the research agreement. In February 2005, the research agreement was further amended to agree to pay to UConn an additional one-time payment of \$135,000 for additional costs associated with activities to be performed under the research agreement in 2005.

In September 2004, we entered into a \$60,000 one-year service agreement with Techsoft, Inc. d.b.a Medical Systems and NG Techsoft Pvt. for data management services. SECTION 5. Stock Available for Awards

(a) Subject to adjustment under subsection (b), Awards may be made under the Plan for up to 10,000,000 shares of Common Stock. If any Award in respect of shares of Common Stock expires or is terminated unexercised or is forfeited without the Participant having had the benefits of ownership (other than voting rights), the shares subject to such Award, to the extent of such expiration, termination or forfeiture, shall again be available for award under the Plan. Common Stock issued through the assumption or substitution of outstanding grants from an acquired company shall not reduce the shares available for Awards under the Plan. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.

(b) In the event that the Committee determines that any stock dividend, extraordinary cash dividend, creation of a class of equity securities, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, exchange of shares, warrants or rights offering to purchase Common Stock at a price substantially below fair market value, or other similar transaction affects the Common Stock such that an adjustment is required in order to preserve the benefits or potential benefits intended to be made available under the Plan, then the Committee (subject, in the case of Incentive Stock Options, to any limitation required under the Code) shall equitably adjust any or all of (i) the number and kind of shares in respect of which Awards may be made under the Plan, (ii) the number and kind of shares subject to outstanding Awards, and (iii) the award, exercise or conversion price with respect to any of the foregoing, and if considered appropriate, the Committee may make provision for a cash payment with respect to an outstanding Award, provided that the number of shares subject to any Award shall always be a whole number.

(c) Subject to adjustment under Subsection (b): (i) the maximum number of shares of Common Stock with respect to which Options and Stock Appreciation Rights may be granted to any Participant in the aggregate in any calendar year shall not exceed 1,000,000 shares, and (ii) the maximum number of shares of Common Stock that may be granted as Restricted Stock, with respect to which performance goals apply, to any Participant in the aggregate in any calendar year shall not exceed 1,000,000 shares.

SECTION 6. Stock Options

(a) Subject to the provisions of the Plan, the Committee may award Incentive Stock Options and Nonstatutory Stock Options and determine the number of shares to be covered by each Option, the option price therefor and the conditions and limitations applicable to the exercise of the Option. The terms and conditions of Incentive Stock Options shall be subject to and comply with Section 422 of the Code or any successor provision and any regulations thereunder, and no Incentive Stock Option may be granted hereunder more than ten years after the Effective Date.

(b) The Committee shall establish the option price at the time each Option is awarded, which price shall not be less than 100% of the Fair Market Value of the Common Stock on the date of award with respect to Incentive Stock Options. Nonstatutory Stock Options may be granted at such prices as the Committee may determine.

(c) Each Option shall be exercisable at such times and subject to such terms and conditions as the Committee may specify in the applicable Award or thereafter. The Committee may impose such conditions with respect to the exercise of Options, including conditions relating to applicable federal or state securities laws, as it considers necessary or advisable.

(d) No shares shall be delivered pursuant to any exercise of an Option until payment in full of the option price therefor is received by the Company. Such payment may be made in whole or in part in cash or, to the

Table of Contents

extent permitted by the Committee at or after the award of the Option, by delivery of a note or shares of Common Stock owned by the optionee, including Restricted Stock, or by retaining shares otherwise issuable pursuant to the Option, in each case valued at their Fair Market Value on the date of delivery or retention, or such other lawful consideration as the Committee may determine.

SECTION 7. Stock Appreciation Rights

(a) Subject to the provisions of the Plan, the Committee may award SARs in tandem with an Option (at or after the award of the Option), or alone and unrelated to an Option. SARs in tandem with an Option shall terminate to the extent that the related Option is exercised, and the related Option shall terminate to the extent that the tandem SARs are exercised.

(b) The Committee shall fix the exercise price of each SAR or specify the manner in which the price shall be determined. SARs granted in tandem with Options shall have an exercise price not less than the exercise price of the related Option. SARs granted alone and unrelated to an Option may be granted at such exercise prices as the Committee may determine.

SECTION 8. Restricted Stock¹

(a) Subject to the provisions of the Plan, the Committee may award shares of Restricted Stock and determine the duration of the Restricted Period during which, and the conditions under which, the shares may be forfeited to the Company and the other terms and conditions of such Awards. The Committee may establish Performance goals for the granting or lapse of risk of forfeiture of Restricted Stock. Such performance goals may be based on earnings per share, revenues, sales or expense targets of the Company or any subsidiary, division or product line thereof, stock price or such other business criteria as the Committee may determine. Shares of Restricted Stock may be issued for no cash consideration or such minimum consideration as may be required by applicable law.

(b) Shares of Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered, except as permitted by the Committee, during the Restricted Period. Shares of Restricted Stock shall be evidenced in such manner as the Committee may determine. Any certificates issued in respect of shares of Restricted Stock shall be registered in the name of the Participant and unless otherwise determined by the Committee, deposited by the Participant, together with a stock power endorsed in blank, with the Company. At the expiration of the Restricted Period, the Company shall deliver such certificates to the Participant or if the Participant has died, to the Participant's Designated Beneficiary.

SECTION 9. General Provisions Applicable to Awards

(a) Documentation. Each Award under the Plan shall be evidenced by a writing delivered to the Participant or agreement executed by the Participant specifying the terms and conditions thereof and containing such other terms and conditions not inconsistent with the provisions of the Plan as the Committee considers necessary or advisable to achieve the purposes of the Plan or to comply with applicable tax and regulatory laws and accounting principles.

¹ If the stockholders approve Amendment No. 3 to the Antigenics, Inc. 1999 Equity Incentive Plan, the heading of Section 8 will be relabeled to read "Stock" and a new Section 8(c) will be added that reads, in its entirety, as follows: Subject to the provisions of the Plan, the Committee may award shares of Unrestricted Stock.

(b) Committee Discretion. Each type of Award may be made alone, in addition to or in relation to any other type of Award. The terms of each type of Award need not be identical, and the Committee need not treat Participants uniformly. Except as otherwise provided by the Plan or a particular Award, any determination with respect to an Award may be made by the Committee at the time of award or at any time thereafter.

(c) Settlement. The Committee shall determine whether Awards are settled in whole or in part in cash, Common Stock, other securities of the Company, Awards or other property. The Committee may permit a Participant to defer all or any portion of a payment under the Plan, including the crediting of interest on deferred amounts denominated in cash and dividend equivalents on amounts denominated in Common Stock.

(d) Dividends and Cash Awards. In the discretion of the Committee, any Award under the Plan may provide the Participant with (i) dividends or dividend equivalents payable currently or deferred with or without interest, and (ii) cash payments in lieu of or in addition to an Award.

(e) Termination of Employment or Service on the Board. The Committee shall determine the effect on an Award of the disability, death, retirement or other termination of employment or service on the Board of a Participant and the extent to which, and the period during which, the Participant's legal representative, guardian or Designated Beneficiary may receive payment of an Award or exercise rights thereunder.

(f) Change in Control. In order to preserve a Participant's rights under an Award in the event of a change in control of the Company (as defined by the Committee), the Committee in its discretion may, at the time an Award is made or at any time thereafter, take one or more of the following actions: (i) provide for the acceleration of any time period relating to the exercise or realization of the Award, (ii) provide for the purchase of the Award upon the Participant's request for an amount of cash or other property that could have been received upon the exercise or realization of the Award had the Award been currently exercisable or payable, (iii) adjust the terms of the Award in a manner determined by the Committee to reflect the change in control, (iv) cause the Award to be assumed, or new rights substituted therefor, by another entity, or (v) make such other provision as the Committee may consider equitable to Participants and in the best interests of the Company.

(g) Loans. The Committee may authorize the making of loans or cash payments to Participants in connection with any Award under the Plan, which loans may be secured by any security, including Common Stock, underlying or related to such Award (provided that such Loan shall not exceed the Fair Market Value of the security subject to such Award), and which may be forgiven upon such terms and conditions as the Committee may establish at the time of such loan or at any time thereafter.

(h) Withholding Taxes. The Participant shall pay to the Company, or make provision satisfactory to the Committee for payment of, any taxes required by law to be withheld in respect of Awards under the Plan no later than the date of the event creating the tax liability. In the Committee's discretion, the minimum tax obligations required by law to be withheld in respect of Awards may be paid in whole or in part in shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at their Fair Market Value on the date of retention or delivery. The Company and its Affiliates may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to the Participant.

(i) Foreign Nationals. Awards may be made to Participants who are foreign nationals or employed outside the United States on such terms and conditions different from those specified in the Plan as the Committee considers necessary or advisable to achieve the purposes of the Plan or to comply with applicable laws.

(j) Amendment of Award. The Committee may amend, modify or terminate any outstanding Award, including substituting therefor another Award of the same or a different type, changing the date of exercise or

Table of Contents

realization and converting an Incentive Stock Option to a Nonstatutory Stock Option, provided that the Participant's consent to such action shall be required unless the Committee determines that the action, taking into account any related action, would not materially and adversely affect the Participant.

(k) Transferability. In the discretion of the Committee, any Award may be made transferable upon such terms and conditions and to such extent as the Committee determines, provided that Incentive Stock Options may be transferable only to the extent permitted by the Code. The Committee may in its discretion waive any restriction on transferability.

SECTION 10. Miscellaneous

(a) No Right To Employment or Service on the Board. No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment or service on the Board. The Company expressly reserves the right at any time to dismiss a Participant free from any liability or claim under the Plan, except as expressly provided in the applicable Award.

(b) No Rights As Stockholder. Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a stockholder with respect to any shares of Common Stock to be distributed under the Plan until he or she becomes the holder thereof. A Participant to whom Common Stock is awarded shall be considered the holder of the Stock at the time of the Award except as otherwise provided in the applicable Award.

(c) Effective Date. Subject to the approval of the stockholders of the Company, the Plan shall be effective on the Effective Date. Before such approval, Awards may be made under the Plan expressly subject to such approval.
