Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On Wednesday, July 25, 2007, SEI Investments Company (the Company) entered into a five-year unsecured senior revolving credit facility (the Facility) with JP Morgan Chase Bank, as agent, Wachovia Bank, National Association, as syndication agent, Bank of America, N.A., Manufacturers and Traders Trust Company and PNC Bank, National Association, as documentation agents, and other lenders in an aggregate principal amount of \$200 million that expires in July 2012. The Facility replaces the \$200 million three-year facility that was scheduled to expire in September 2007. Interest on borrowings under the Facility is payable at rates that are based on the London InterBank Offered Rate (LIBOR) plus a premium that can range from 45 basis points to 75 basis points depending on the Company's Leverage Ratio (a ratio of consolidated indebtedness to consolidated EBITDA for the four preceding fiscal quarters, all as defined in the related agreement). The Company also pays quarterly commitment fees based on the unused portion of the Facility. The quarterly fees for the Facility can range from 9 basis points of the amount of the unused portion of the Facility to 15 basis points, depending on the Company's Leverage Ratio. Certain wholly-owned subsidiaries of the Company have guaranteed the obligations of the Company under the Facility.

The Facility contains covenants that, among other things, restrict the ability of the Company and its subsidiaries, without the approval of the lenders, to engage in mergers, consolidations, asset sales, investments, transactions with affiliates, or to incur liens, subject in certain cases to certain thresholds, as defined in the related agreement. In the event of a default under the Facility, the Company would also be restricted from paying dividends on, or repurchasing, its capital stock without the approval of the lenders. The Facility also contains financial covenants that, among other things, require the Company to maintain the Leverage Ratio at not more than 1.25 to 1. Upon the occurrence of certain financial or economic events, significant corporate events or certain other events of default constituting an event of default under the Facility, and in certain cases after notice to the Company, all loans outstanding under the Facility (including accrued interest and fees payable thereunder) may be declared immediately due and payable and all commitments under the Facility may be terminated. In addition, certain other events of default under the Facility would automatically result in amounts due becoming immediately due and payable and all commitments being terminated.

This summary is qualified in its entirety by reference to the text of the Facility agreement which is included as Exhibit 99.2 to this Current Report.

Item 8.01. Other Events.

On Tuesday, July 24, 2007, the Company's Board of Directors approved an amended and restated Charter of the Audit Committee of the Board of Directors, effective on the date of approval.
