Table of Contents

Who can attend the meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the Annual Meeting. Please note that if you hold your shares in street name (through a bank, broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership in American Superconductor as of the record date to be admitted to the Annual Meeting. You may obtain directions to the location of our Annual Meeting by writing our Investor Relations department at 64 Jackson Road, Devens, Massachusetts 01434 or by calling (978) 842-3177.

What constitutes a quorum?

The holders of a majority of the shares of common stock outstanding and entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of business at the Annual Meeting. Shares of common stock represented in person or by proxy (including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present at the Annual Meeting. As of the record date, or June 9, 2008, 42,253,881 shares of our common stock were outstanding and entitled to vote.

How do I vote?

If you are a record holder, meaning your shares are registered in your name, you may vote:

(1) **Over the Internet:** Go to the website of our tabulator, Broadridge, at www.proxyvote.com. Use the vote control number printed on your enclosed proxy card to access your account and vote your shares. You must specify how you want your shares voted or your Internet vote cannot be completed and you will receive an error message. Your shares will be voted according to your instructions.

(2) **By Telephone:** Call 1-800-690-6903, toll free from the U.S. and Canada, and follow the instructions on your enclosed proxy card. You must specify how you want your shares voted and confirm your vote at the end of the call or your telephone vote cannot be completed. Your shares will be voted according to your instructions.

(3) **By Mail:** Complete and sign your enclosed proxy card and mail it in the enclosed postage prepaid envelope to Broadridge, 51 Mercedes Way, Edgewood, NY 11717. (4) **In Person at the Annual Meeting:** If you attend the Annual Meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which we will provide to you at the Annual Meeting.

giving you the right to vote your shares. If you received a paper copy of these proxy materials, included with such copy is a proxy card or a voting instruction card for the Annual Meeting. If you received a notice of Internet availability of proxy materials, the notice will contain instructions on how to obtain a paper copy of a proxy card, as well as how to vote over the Internet or by telephone.

Can I change my proxy after I return my proxy card?

Yes. You may revoke your proxy and change your vote at any time before the Annual Meeting. To do so, you must do one of the following:

- (1) Vote over the Internet or by telephone as instructed above. Only your latest Internet or telephone vote is counted.
- (2) Sign a new proxy and submit it as instructed above. Only your latest dated proxy will be counted.
- (3) Attend the Annual Meeting, request that your proxy be revoked and vote in person as instructed above. Attending the Annual Meeting will not revoke your proxy unless you specifically request it.

Will my shares be voted if I don't return my proxy?

If your shares are registered directly in your name, your shares will not be voted if you do not vote over the Internet, by telephone, by returning your proxy or voting by ballot at the Annual Meeting. If your shares are held in street name, your brokerage firm may under certain circumstances vote your shares if you do not return your proxy. Brokerage firms can vote customers' unvoted shares on routine matters. If you do not return a proxy to your brokerage firm to vote your shares, your brokerage firm may, on routine matters, either vote your shares or leave your shares unvoted. Your brokerage firm cannot vote your shares on any matter that is not considered routine.

Proposal 1, election of directors, and Proposal 2, ratification of the selection of our independent registered public accounting firm, are routine matters, and your bank, broker or other nominee may vote your shares on these matters as they so choose in the absence of instruction from you.

What is the vote required to approve each matter?

- (1) **Election of Directors.** The seven nominees receiving the most affirmative votes will be elected as directors at the Annual Meeting.
- (2) **Independent Registered Public Accounting Firm.** The affirmative vote of the holders of a majority of the shares of common stock voting on the matter is required for the ratification of the selection by the Audit Committee of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the current fiscal year.

Shares that abstain from voting as to a particular matter, and shares held in street name by a bank, broker or other nominee which indicates on the proxy that it does not have discretionary authority to vote such shares on a particular matter, will not be counted as votes in favor of such matter, and will not be counted as shares voting on such matter. Accordingly, abstentions and broker non-votes will have no effect on the outcome of voting with respect to the election of directors or the ratification of PricewaterhouseCoopers as our independent registered public accounting firm.

Table of Contents

Are there other matters to be voted on at the meeting?

As of the date of this proxy statement, our Board of Directors does not know of any other matters which may come before the meeting, other than the matters described in this proxy statement. Should any other matter requiring a vote of our stockholders arise and be properly presented at the Annual Meeting, the proxy for the Annual Meeting confers upon the persons named in the proxy and designated to vote the shares discretionary authority to vote, or otherwise act, with respect to any such matter in accordance with their best judgment.

Our Board of Directors encourages stockholders to attend the Annual Meeting. Whether or not you plan to attend, you are urged to submit your proxy. Prompt response will greatly facilitate arrangements for the meeting and your cooperation will be appreciated. Stockholders who attend the Annual Meeting may vote their stock personally even though they have sent in their proxies.

Corporate Governance Guidelines

Our Board has adopted corporate governance guidelines to assist in the exercise of its duties and responsibilities and to serve the best interests of American Superconductor and our stockholders. These guidelines, which provide a framework for the conduct of the Board's business, provide that:

the principal responsibility of our directors is to oversee the management of our company;

a majority of the members of the Board shall be independent directors;

the independent directors meet regularly in executive session;

the Board, in conjunction with the Compensation Committee, shall be responsible for reviewing and approving a management succession plan, including succession planning for our chief executive officer;

directors have full and free access to management and, as necessary and appropriate, independent advisors;

new directors participate in an orientation program and all directors are expected to participate in continuing director education on an ongoing basis; and

at least annually, the Board and its committees will conduct a self-evaluation to determine whether they are functioning effectively.

Board Determination of Independence

Under applicable NASDAQ rules, a director will only qualify as an independent director if, in the opinion of the Board, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board

has determined that Mr. Budhreja, Mr. Crisp, Mr. Drouin, Mr. Oliver, Dr. Vander Sande and Mr. Wood do not have relationships that would

Table of Contents

interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an independent director as defined under Rule 4200(a)(15) of the NASDAQ Stock Market, Inc. Marketplace Rules.

Director Nomination Process

The process followed by our Nominating and Corporate Governance Committee to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates, and interviews of selected candidates by members of the Nominating and Corporate Governance Committee and the Board.

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, the Nominating and Corporate Governance Committee applies criteria set forth in our corporate governance guidelines, such as the candidate's integrity, business acumen, knowledge of our business and industry, experience, diligence, interest and ability to understand conflicts of interest and ability to act in the interests of all stockholders. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

Stockholders may recommend director candidates for consideration by the Nominating and Corporate Governance Committee of our Board by submitting the stockholder's name, address and number of shares of our stock held, as well as any other information required by our bylaws, and the candidate's name, age, address and resume to our Corporate Secretary at American Superconductor Corporation, 64 Jackson Road, Devens, Massachusetts 01434. If our Board decides to nominate a stockholder-recommended candidate, then we will include his or her name in the proxy statement and proxy card for the next annual meeting.

Stockholders also have the right under our bylaws to directly nominate director candidates, without any action or recommendation on the part of the Nominating and Corporate Governance Committee or the Board, by following the procedures set forth under Stockholder Proposals for 2009 Annual Meeting. Candidates nominated by stockholders in accordance with the procedures set forth in our bylaws will not be included in our proxy statement or proxy card for the next annual meeting.

Board Meetings and Attendance

Our Board met nine times during fiscal 2007, either in person or by teleconference. During fiscal 2007, each director attended at least 92% of the aggregate of the number of Board meetings and the number of meetings held by all committees on which he then served.

Director Attendance at Annual Meeting of Stockholders

All of our directors attended the 2007 Annual Meeting of Stockholders. Our corporate governance guidelines provide that directors are expected to attend the Annual Meeting of Stockholders.

Executive Compensation Process

The Compensation Committee has implemented an annual performance review program for our executives, under which annual performance objectives are determined and set forth in writing at the beginning of each fiscal year for American Superconductor as a whole and for each executive individually. Annual corporate objectives are proposed by management, reviewed by the Compensation Committee and approved by the Board. These corporate objectives target the achievement of specific operational milestones. Annual individual objectives focus on contributions that facilitate the achievement of the corporate objectives and are set during the first quarter of each fiscal year. Individual measurable objectives are proposed by each executive, reviewed by the chief executive officer, and formed on the basis of recommendations to the Compensation Committee and the Board with regard to executive compensation. Annual salary increases, annual bonuses, and annual stock option grants and restricted stock grants to our executives are tied to the achievement of these corporate and individual performance objectives.

The Compensation Committee has delegated to Mr. Yurek, our chief executive officer, the authority to make stock option grants and grants of restricted stock awards under our stock incentive plans other than the 2007 Director Stock Plan, subject to limitations set by the Compensation Committee, to our employees other than executive officers.

The Compensation Committee has the authority to retain compensation consultants and other outside advisors to assist in the evaluation of executive officer compensation.

Communicating with the Independent Directors

Our Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Our chief financial officer is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he considers appropriate.

Table of Contents

Under procedures approved by a majority of the independent directors, communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that our chief financial officer considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the Board should address such communications to the Board c/o Chief Financial Officer, American Superconductor Corporation, 64 Jackson Road, Devens, Massachusetts 01434.

Code of Business Conduct and Ethics

We have adopted a written Code of Business Conduct and Ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial and accounting officer, or persons performing similar functions. We have posted a current copy of the code on our website, which is located at www.amsco.com. In addition, we intend to post on our website all disclosures that are required by law or NASDAQ Stock Market listing standards concerning any amendments to, or waivers from, any provision of our code.

Audit Committee Report

The Audit Committee has reviewed American Superconductor's audited financial statements for the fiscal year ended March 31, 2008 and has discussed these financial statements with management and American Superconductor's independent registered public accounting firm.

Management is responsible for American Superconductor's internal controls and the financial reporting process, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles, or GAAP. American Superconductor's independent registered public accounting firm is responsible for performing an independent audit of American Superconductor's financial statements in accordance with GAAP and issuing a report on those financial statements. As appropriate, the Audit Committee reviews and evaluates, and discusses with American Superconductor's management, internal accounting, financial and auditing personnel, and the independent registered public accounting firm, the following:

the plan for, and the independent registered public accounting firm's report on, each audit of American Superconductor's financial statements;

American Superconductor's financial disclosure documents, including all financial statements and reports filed with the SEC or sent to shareholders;

changes in American Superconductor's accounting practices, principles, controls or methodologies;

significant developments or changes in accounting rules applicable to us; and

the adequacy of American Superconductor's internal controls and accounting, financial and auditing personnel.

Management represented to the Audit Committee that American Superconductor's financial statements had been prepared in accordance with GAAP.

The Audit Committee also discussed with PricewaterhouseCoopers LLP, American Superconductor's independent registered public accounting firm, American Superconductor's audited financial statements and the matters required to be discussed by applicable accounting standards and Audit Committee rules, including the matters required by Statement on Auditing Standards 61, as amended (AICPA, *Professional Standards*, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

Based on its discussions with management and the independent registered public accounting firm, and its review of the representations and information provided by management and the independent registered public accounting firm, the Audit Committee recommended to the Board of Directors of American Superconductor that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2008.

INFORMATION ABOUT EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Executive Summary

The Compensation Committee of our Board oversees our executive compensation program, pursuant to authority established in the Compensation Committee Charter. The Compensation Committee reviews and approves all compensation decisions relating to our executive officers, except for the chief executive officer. The Compensation Committee reviews the compensation for our chief executive officer and makes a recommendation to the full Board; the full Board decides the compensation of our chief executive officer.

Our executive compensation program is designed to meet three principal objectives:

Attract and retain executive officers who contribute to our long-term success;

Align compensation with our short- and long-term business objectives; and

Motivate the executive officers to provide superior performance that will build long-term stockholder value.

These objectives collectively seek to link executive compensation to our overall company performance, which help to ensure that the interests of our executives are aligned with the interests of our stockholders. We believe that American Superconductor has successfully achieved these objectives as demonstrated by the fact that the average tenure at American Superconductor of our named executive officers is 10 years.

The Compensation Committee's decisions regarding executive compensation during fiscal 2007 were based on achieving the above objectives, with an emphasis on:

increasing long-term stockholder value by increasing earnings before interest, other income (expense), taxes, depreciation, amortization and stock-based compensation (EBITDAS);

improving operational performance by increasing revenue, cash flow and orders;

taking into account the nature and scope of the named executive officer's position and responsibilities, including considerations of pay equity among the named executive officers; and

providing compensation opportunities that are competitive in the marketplace.

In setting executive compensation for fiscal 2007, the Compensation Committee established salary levels, approved annual equity awards and established an executive incentive cash bonus plan with performance metrics that reflected our annual operating plan and strategic priorities for fiscal 2007. For fiscal 2007, the Compensation Committee established EBITDAS and individualized objectives relating to additional equity financing, revenue, cash flow, orders and manufacturing performance to promote our short-term and long-term business success. With respect to each of the foregoing decisions, the Compensation Committee used analytic tools and considered multiple viewpoints, to ensure that its decisions were informed and equitable and that our executive compensation program achieved its objectives.

The Compensation Committee's Process

Edgar Filing: AMERICAN SUPERCONDUCTOR CORP /DE/ - Form DEF 14A

The Compensation Committee has a process to help ensure that our executive compensation program meets its principal objectives. In making compensation decisions, the Compensation Committee considers a wide variety of information including how each compensation decision ties to its total compensation philosophy, advice of our vice president of human resources and the thoughts of our chief executive officer and other Board members.

Table of Contents

Our vice president of human resources regularly attends Compensation Committee meetings to provide information and recommendations regarding our executive compensation program. Among other things, she performs extensive analysis of marketplace practices for executive pay, makes recommendations to our chief executive officer on compensation matters for all officers and compiles other relevant data at the request of the Compensation Committee. The Compensation Committee retains outside compensation consultants periodically to provide an independent assessment of executive and Board compensation, including benchmarking with a cross section of companies. The Compensation Committee did not retain any outside compensation consultants in fiscal 2007, but did so in fiscal 2006.

Our chief executive officer is actively involved in the executive compensation process. Our chief executive officer reviews the performance of each of the executive officers (other than his own) and makes recommendations to the Compensation Committee regarding the salary and long-term incentive awards for executive officers other than himself, as well as the executive compensation program's impact on attracting, retaining and motivating the level of executive talent necessary to achieve and exceed our company goals. The Compensation Committee is not bound by such recommendations, but generally takes them into consideration before making final determinations about the compensation of executive officers other than our chief executive officer.

The Compensation Committee reviews the compensation for our chief executive officer and makes a recommendation to the full Board. The full Board decides the compensation of our chief executive officer.

The Compensation Committee also considers information relevant to each executive's specific situation including the executive's marketability and the availability or scarcity of other qualified candidates, inside and outside our company, who could replace the executive should he or she leave American Superconductor.

In determining equity compensation, the Compensation Committee considers levels of past performance, performance potential, retention risk and the value of the equity compensation needed to keep the total compensation opportunity level competitive and consistent with our compensation philosophy.

Compensation Mix

The Compensation Committee relies upon its judgment and not upon rigid guidelines or formulas in determining the amount and mix of compensation elements for each executive officer. We seek to achieve our executive compensation objectives through the use of four compensation components, which are summarized in the table below.

Principal Contributions to

Compensation Component	Compensation Objectives	Comments and Results
<i>Base salary</i>	Attracts and retains talented executives with annual salary that reflects the executive's performance, skill set and opportunities in the marketplace.	Only component of compensation that is guaranteed. Can be most influenced by individual performance.
<i>Performance-based annual cash bonuses</i>	Focuses executives on annual financial and operating results.	Comprised 21% to 39% of total compensation for our named executive officers (other than Mr. Rosa) in fiscal 2007. Payout target ranges from 35% to 50% of base salary and

Table of Contents

Principal Contributions to

	Enables total cash compensation to remain competitive within the marketplace for executive talent.	0% to 156% of target payout can be achieved.
		Total cash compensation (base salary plus performance-based annual cash bonus) comprised 34% to 59% of total compensation for our named executive officers (other than Mr. Rosa) in fiscal 2007.
<i>Long-term equity incentives</i>	Retains a successful and tenured management team.	Time-based stock options and restricted stock.
		Long-term equity incentives comprised 41% to 66% of total compensation for our named executive officers (other than Mr. Rosa) in fiscal 2007.
		Long-term equity incentives combined with performance-based annual cash bonus brings at risk fiscal 2007 compensation to a range of 61% to 79% of total compensation for the named executive officers.
<i>Severance and change-in-control benefits</i>	Helps to attract and retain talented executives with benefits that are comparable to those offered by companies with whom we compete for talent.	Each severance agreement provides for certain severance benefits, primarily salary and health benefits, in the event that the executive's employment is terminated under certain circumstances. The severance periods range from 12 months to 36 months.
	Incentivizes management to maximize stockholder value.	The stock options and restricted stock awards we grant to our executive officers provide for full acceleration of vesting upon a change-in-control of our company.

Table of Contents

While the Compensation Committee independently evaluates each of the compensation components discussed in the above table, it places greater emphasis on the sum of base salary, performance-based annual cash bonuses and long-term equity incentives rather than any one component because of their combined greater potential to influence our named executive officers' performance. The Compensation Committee believes, and our pay mix reflects, that a substantial portion of the compensation for our named executive officers should be at risk and aligned with our stockholders' interests.

Base salary.

Base salaries are set once per year as part of the compensation review process. The Compensation Committee assessed a number of factors in determining base salary adjustments for our executive officers for fiscal 2007 including:

level of job responsibility;

individual, business unit and overall company performance; and

competitiveness with salaries paid to executive officers in similar positions, industries and geographic locations.

Based on its assessment of the foregoing factors, together with its own business experience and judgment, the Compensation Committee approved the changes below to the annual base salaries of our executive officers. The change to the annual base salary of Mr. Yurek was recommended by the Compensation Committee and approved by the Board. These changes were effective as of April 1, 2007.

Gregory J. Yurek increased from \$495,000 to \$520,000

Thomas M. Rosa remained at \$200,000

Charles W. Stankiewicz increased from \$220,000 to \$265,000

Terry M. Winter remained at \$240,000

Angelo R. Santamaria increased from \$172,000 to \$195,000

Alexis P. Malozemoff increased from \$218,216 to \$226,900

Mr. Henry commenced his employment with the company on July 9, 2007 with an annual base salary of \$250,000.

In connection with the adjustments to base salaries, we paid a one-time bonus to Mr. Santamaria to reflect the significant additional responsibilities assumed in connection with his promotion to Vice President, Global Manufacturing Operations, in August 2007.

Performance-Based Annual Cash Bonuses.

The Compensation Committee believes cash bonuses are an important factor in rewarding and motivating our executive officers. The Compensation Committee establishes a cash incentive plan for our executive officers on an annual basis, typically early in the fiscal year.

On June 11, 2007, the Compensation Committee, as well as the Board, approved an executive incentive plan for fiscal 2007 covering all of our executive officers. Under the plan, the Compensation Committee established EBITDAS; individualized objectives relating to additional equity financing, revenue, cash flow, orders and manufacturing performance, among others; and individual contributions to our financial and non-financial objectives as the performance metrics for the payment of cash bonus awards for fiscal 2007. The Compensation Committee assigned the following weighting to each such metric:

our company's EBITDAs for fiscal 2007 as compared to the target established by the Compensation Committee 40%

Table of Contents

the executive's achievement of individual measurable objectives during fiscal 2007 as determined by the Board (in the case of our chief executive officer) or the Compensation Committee, which varied among the executive officers 40%

the executive's overall contribution during fiscal 2007 toward the achievement of our company's financial and non-financial objectives 20%

Under the terms of the fiscal 2007 executive incentive plan, the Compensation Committee designated for each executive officer a target cash bonus incentive amount between 35% and 50% of such executive officer's base salary for fiscal 2007. The amount of the target cash bonus award actually paid to each executive officer could have been less than or greater than the executive's target cash bonus incentive, with the amount capped at 156% of the target cash bonus incentive amount. If less than 80% of a particular quantitative objective was achieved, no payment was received with respect to that component of the bonus plan.

The Compensation Committee is responsible for determining the cash payout under the plan to each executive officer other than the chief executive officer. The Board determines the payout under the plan for the chief executive officer, taking into account the recommendation received from the Compensation Committee.

The following summarizes the performance-based annual cash opportunity for the named executive officers under each performance metric under the fiscal 2007 executive incentive plan.

Milestones and achievement for the EBITDAS (40%) bonus measure: All of the named executive officers had an incentive EBITDAS threshold that had to be met before payout could be earned on an incentive EBITDAS measure. The fiscal 2007 milestones and achievement levels for our company's EBITDAS measure are shown below. An executive's payout on this measure was based on a corresponding level of results so the Compensation Committee did not need to apply discretion.

Fiscal 2007 Milestones and Achievement for Company EBITDAS

		Threshold (80%)	Target (100%)	Maximum (156%)
EBITDAS	EBITDAS Milestones:	\$ (14.0M)	\$ (11.7M)	\$ (10.1M)
	EBITDAS Achievement:			\$ (9.1M)
Bonus Opportunity	% Achievement:			156%

Our company's EBITDAS achievement for fiscal 2007 exceeded maximum-level expectations, resulting in a bonus payout that was 156% of the target bonus opportunity for this measure.

Individual measurable objectives (40%): The cash bonus payment to each named executive officer under this measure depended upon achievement of performance objectives specific to each named executive officer. These performance objectives were established at the beginning of fiscal 2007 and relate specifically to each officer's function and department. The Compensation Committee (or, in the case of the chief executive officer, the Board) awarded target bonuses under this measure to each named executive officer as follows:

Name	Total Payout	% of Target Bonus Opportunity
Gregory J. Yurek	\$ 162,240	156%
David A. Henry	\$ 62,400	156%
Thomas A. Rosa (1)	\$	
Charles W. Stankiewicz	\$ 81,120	156%
Terry M. Winter	\$ 33,600	70%
Angelo R. Santamaria	\$ 1,872	6%
Alexis P. Malozemoff	\$ 36,213	114%

(1) Mr. Rosa resigned from the company effective July 9, 2007 and was ineligible to receive a cash bonus.

Table of Contents

Dr. Yurek's individual performance objectives were tied to new orders and the company's attainment of additional equity financing. Mr. Henry's individual performance objectives were tied to the company's year-end cash balance and attainment of additional equity financing.

Mr. Stankiewicz's individual performance objectives were tied to business unit new orders, business unit EBITDAS before corporate allocations and business unit revenue. Mr. Winter's individual performance objectives were tied to the company's relocation, a contract restructuring, the implementation of a corporate document retention policy and the implementation of an integrated safety program. Mr. Santamaria's individual performance objectives were tied to business unit new orders, business unit EBITDAS before corporate allocations, business unit revenue and manufacturing performance. Finally, Mr. Malozemoff's individual performance objectives were tied to the completion of certain license agreements, new government orders and patent related matters.

Executive contribution to company's achievement of financial and non-financial objectives – subjective performance measure (20%): Each named executive officer was also evaluated upon his overall contribution during fiscal 2007 toward the achievement of our company's financial and non-financial objectives. Assessment of achievement for these objectives was evaluated on the basis of a number of pre-determined factors relating to outcomes, timing, process, communication and leadership. The Compensation Committee (or, in the case of the chief executive officer, the Board) had discretionary authority to determine whether, and to what extent, these objectives had been achieved.

The Compensation Committee (or, in the case of the chief executive officer, the Board) determined that each executive officer, other than Mr. Rosa who was ineligible to receive a cash bonus, met maximum-level expectations and earned a bonus payout that was 156% of the target bonus opportunity for this measure.

Overall payout results: On May 15, 2008, the Compensation Committee (or, in the case of the chief executive officer, by the Board), approved the following payouts under the fiscal 2007 executive incentive plan:

Name	Cash Bonus Paid
Gregory J. Yurek	\$ 405,600
David A. Henry	\$ 117,000
Thomas M. Rosa	\$
Charles W. Stankiewicz	\$ 202,800
Terry M. Winter	\$ 145,920
Angelo R. Santamaria	\$ 75,000
Alexis P. Malozemoff	\$ 110,545

Equity Incentives.

The Compensation Committee uses stock-based awards to retain executive officers and align their interests with those of our stockholders. Historically, the Compensation Committee granted stock-based awards to our executive officers purely in the form of stock options that vested in installments over multiple years, with an exercise price equal to the closing market price of our common stock on the date of grant. Recent changes in the accounting treatment for stock options in relation to Statement of Financial Accounting Standards No. 123(R) have made stock option grants a less attractive form of compensation for companies. While we continue to use stock options as a form of incentive for employees and executive officers, the Compensation Committee has increasingly relied on the award of shares of restricted stock to our executive officers. The Compensation Committee believes shares of restricted stock provide an equally motivating form of incentive compensation, minimize stock compensation expenses and reduce the potential dilution of our shares.

We generally grant options and shares of restricted stock to executive officers and other employees upon their initial hire, in connection with a promotion, and annually based on merit. To determine the amount of stock-based awards granted to executive officers, our Compensation Committee considers the performance of the individual and our company, historic stock-based awards and the awards made to those in similar positions at comparable companies.

Table of Contents

The Board and Compensation Committee typically meet in early May to review company performance for the prior fiscal year. At such time, the Board (in the case of our chief executive officer) and the Compensation Committee also review the performance of the executive officers over the prior fiscal year and grant restricted stock or stock options to the executive officers.

American Superconductor has no specific program, plan or practice regarding the timing of option grants vis-à-vis the release of material non-public information. Our practice has been to grant awards when the Board or the Compensation Committee has completed its analyses and decisions with respect to such grants, and no attempt has been made to take advantage of material non-public information by timing grants to occur before the release of positive information or after the release of negative information.

Benefits.

We offer a comprehensive benefits package to all full-time employees, including health and dental insurance, life and disability insurance and a 401(k) plan. Executive officers are eligible to participate in all of our employee benefit plans. The 401(k) plan includes a matching component where we will match \$0.50 (this was increased from \$0.35 in October 2007) on the dollar of an employee's contribution up to a maximum of 6 percent of their wages in the form of our stock. The employee contributions are subject to the maximum limitations as set forth in the Internal Revenue Code of 1986, as amended.

Severance and Change-in-Control Benefits

We have entered into agreements with each of our executive officers that provide them with severance benefits in the event of the termination of their employment under specified circumstances, including termination following a change in control of our company. In addition, the stock options and restricted stock awards we grant to our executive officers provide for full acceleration of vesting upon a change in control of our company. These agreements, along with estimates of the value of the benefits payable under them, are described below under the caption Employment Agreements and Severance Agreements with Named Executive Officers.

We believe providing these benefits helps us compete for and retain executive talent. After reviewing the practices of comparable companies, we believe that our severance and change-in-control benefits are generally in line with those provided to executives by comparable companies.

Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally prohibits public companies from taking a tax deduction for compensation in excess of \$1,000,000 paid to its named executive officers. Qualifying performance-based compensation is not subject to the deduction limitation if specified requirements are met. We generally structure our equity awards to comply with exemptions in Section 162(m) so that the compensation remains tax deductible to us. We periodically review the potential consequences of Section 162(m) on the other components of our executive compensation program. We will structure arrangements to comply with the Section 162(m) exceptions where we believe it to be feasible. However, the Compensation Committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

Employment Agreements and Severance Agreements with Executive Officers

We are party to severance agreements with each of our executive officers. Each severance agreement provides for certain severance benefits to the executive in the event that such executive's employment is terminated:

by us without cause in the absence of a change in control of American Superconductor (as such terms are defined in the severance agreement); or

by us without cause or by the executive for good reason (as defined in the severance agreement) following a change in control of American Superconductor.

These benefits consist primarily of the continuation of the executive's salary and employee benefits for a specified period of time following employment termination. These periods are as follows: Mr. Yurek 36 months; Mr. Henry 18 months; Mr. Stankiewicz 18 months; Mr. Winter 12 months; Mr. Santamaria 12 months; and Mr. Malozemoff 18 months.

Mr. Yurek and Mr. Malozemoff are each party to an employment agreement with us, dated as of December 4, 1991. The terms of severance for Mr. Yurek and Mr. Malozemoff set forth in their employment agreements are superseded by the severance provisions in their severance agreements during the term of the severance agreements. Under the terms of their employment agreements (as amended by their executive severance agreements), Mr. Yurek and Mr. Malozemoff each agree that, among other things, he will not engage in a business competitive with ours for the post-employment period during which each is entitled to receive severance benefits from us.

On June 28, 2007, the company and Mr. Rosa entered into a transition agreement pursuant to which Mr. Rosa's employment with the Company terminated on July 9, 2007. The transition agreement provided Mr. Rosa with 42 weeks of base salary continuation and that, if Mr. Rosa elected to enroll in and continue his medical/dental insurance through COBRA, then the company would pay the company portion of his monthly premium payments for 42 weeks or until he obtained other employment, whichever occurred first.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which we are a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees or 5% stockholders (or their immediate family members), each of whom we refer to as a related person, has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a related person transaction, the related person must report the proposed related person transaction to our chief financial officer. The policy calls for the proposed related person transaction to be reviewed and, if deemed appropriate, approved by the Audit Committee. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the Audit Committee will review, and, in its discretion, may ratify the related person transaction. The policy also permits the chairman of the Audit Committee to review and, if deemed appropriate, approve proposed related person transactions that arise between committee meetings, subject to ratification by the Audit Committee at its next meeting. Any related person transactions that are ongoing in nature will be reviewed annually.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the Audit Committee after full disclosure of the related person's interest in the transaction. The Audit Committee will review and consider such information regarding the transaction as it deems appropriate under the circumstances.

The Audit Committee may approve or ratify the transaction only if the Audit Committee determines that, under all of the circumstances, the transaction is in our best interests. The Audit Committee may impose any conditions on the related person transaction that it deems appropriate.

In addition to the transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, the Board has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of this policy:

interests arising solely from the related person's position as an executive officer of another entity (whether or not the person is also a director of such entity), that is a participant in the transaction, where (a) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (b) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, and (c) the amount involved in the transaction equals less than the greater of \$200,000 or 5% of the annual gross revenues of the company receiving payment under the transaction; and

a transaction that is specifically contemplated by provisions of our charter or bylaws.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by the Compensation Committee in the manner specified in its charter.

There were no related person transactions during fiscal 2007.

ELECTION OF DIRECTORS

(PROPOSAL 1)

The persons named in the enclosed proxy will vote to elect as directors the seven nominees named below, all of whom are presently directors, unless authority to vote for the election of any or all of the nominees is withheld by marking the proxy to that effect. All of the nominees have indicated their willingness to serve, if elected, but if any of them should be unable or unwilling to serve, proxies may be voted for a substitute nominee designated by the Board. Each director will be elected to hold office until the next Annual Meeting of Stockholders (subject to the election and qualification of his successor and to his earlier death, resignation or removal). Information about each nominee is set forth under Corporate Governance Members of the Board beginning on page 8 of this proxy statement.

The Board recommends a vote FOR the election of Dr. Yurek, Mr. Budhraj, Mr. Crisp, Mr. Drouin, Mr. Oliver, Dr. Vander Sande and Mr. Wood as directors.

Table of Contents**RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM****(PROPOSAL 2)**

The Audit Committee has selected the firm of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal 2008, and will offer a resolution at the Annual Meeting to ratify the designation. PricewaterhouseCoopers LLP or its predecessor company, Coopers & Lybrand LLP, has served as our independent registered public accounting firm since our inception. Although stockholder ratification is not required, the designation of PricewaterhouseCoopers LLP is being submitted for ratification at the Annual Meeting because American Superconductor believes it is a matter of good corporate governance practice. If this proposal is not approved at the Annual Meeting, the Audit Committee may reconsider its selection of PricewaterhouseCoopers LLP.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so and will also be available to respond to appropriate questions from stockholders.

The Board recommends a vote FOR ratification of the Audit Committee's selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the current fiscal year.

Pre Approval Policies and Procedures

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent registered public accounting firm. This policy generally provides that we will not engage our registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

Table of Contents

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to us by our registered public accounting firm during the next 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

The Audit Committee has also delegated to the chairman of the Audit Committee the authority to approve any audit or non-audit services to be provided to us by our registered public accounting firm. Any approval of services by a member of the Audit Committee pursuant to this delegated authority is reported on at the next meeting of the Audit Committee.

OTHER MATTERS

Solicitation of Proxies

We will bear the costs of soliciting proxies. In addition to solicitations by mail, our directors, officers and employees may, without additional pay, solicit proxies by telephone, facsimile, e-mail and personal interviews. We will also request brokerage houses, custodians, nominees and fiduciaries to forward copies of the proxy materials to the persons for whom they hold shares and request instructions for voting the proxies. We will reimburse the brokerage houses and other persons for their reasonable expenses in connection with this distribution.

Stockholder Proposals for 2009 Annual Meeting

Stockholder Proposals Included in Proxy Statement

To be considered for inclusion in the proxy statement relating to our 2009 Annual Meeting, stockholder proposals must be received by our Corporate Secretary at our principal executive offices no later than February 25, 2009, which is 120 calendar days before the date our proxy statement was released to stockholders in connection with this year's Annual Meeting. If the date of next year's annual meeting is changed by more than 30 days from the anniversary date of this year's Annual Meeting on August 7, then the deadline is a reasonable time before we begin to print and mail proxy materials. Upon receipt of any such proposal, we will determine whether or not to include such proposal in the proxy statement and proxy in accordance with SEC regulations governing the solicitation of proxies.

Stockholder Proposals Not Included in Proxy Statement

We must receive other proposals of stockholders (including director nominations) intended to be presented at the 2009 Annual Meeting but not included in our proxy statement by May 9, 2009, but not before April 9, 2009, which is not less than 90 days nor more than 120 days prior to the anniversary date of this year's Annual Meeting. However, in the event the 2009 Annual Meeting is scheduled to be held on a date before July 18, 2009, or after October 6, 2009, which are dates 20 days before or 60 days after the anniversary date of this year's Annual Meeting, then your notice may be received by us at our principal executive office not earlier than the 120th day prior to the 2009 Annual Meeting and not later than the close of business on the later of (1) the 90th day before the scheduled date of such annual meeting or (2) the 10th day after the day on which we first make a public announcement of the date of such annual meeting. Any proposals we do not receive in accordance with the above standards will not be voted on at the 2009 Annual Meeting.

Each stockholder's notice for a proposal must be timely given to our Corporate Secretary at our corporate headquarters located at 64 Jackson Road, Devens, MA 01434. Each notice is required to set forth as to each matter proposed to be brought before an annual meeting certain information and must meet other requirements specified in our bylaws, as determined by us, including (1) a brief description of the business the stockholder

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely on review of the copies of such reports furnished to us and written representations regarding the filing of required reports, we are not aware that any of its officers, directors or holders of 10% or more of our common stock failed to comply in a timely manner during fiscal 2007 with Section 16(a) filing requirements.

Important Notice Regarding Delivery of Security Holder Documents

We have adopted the cost saving practice of "householding" proxy statements and annual reports. Some banks, brokers and other nominee record holders are also "householding" proxy statements and annual reports for their customers. This means that only one copy of our proxy statement, annual report or notice of Internet availability of proxy materials may have been sent to multiple shareholders in your household unless we have received instructions otherwise. We will promptly deliver a separate copy of either document to you if you write our Investor Relations department at 64 Jackson Road, Devens, Massachusetts 01434 or call (978) 842-3177. If you want to receive separate copies of the annual report and proxy statement in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address and phone number.
