SRI/SURGICAL EXPRESS, INC.

PROXY STATEMENT

FOR

2010 ANNUAL MEETING OF SHAREHOLDERS

GENERAL INFORMATION

The enclosed proxy is solicited by the Board of Directors of SRI/Surgical Express, Inc. (the Board of Directors or the Board) for use at the Annual Meeting of Shareholders to be held on Thursday, May 20, 2010, at 10:00 a.m., local time, and at any adjournment of the meeting, for the purposes set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Shareholders. The Annual Meeting will be held at our corporate and principal executive offices located at 12425 Race Track Road, Tampa, Florida 33626. Our telephone number at our executive offices is (813) 891-9550.

These proxy solicitation materials, together with our 2009 Annual Report to Shareholders on Form 10-K filed with the Securities and Exchange Commission on March 31, 2010 (the Annual Report), were first mailed on or about April 9, 2010, to all shareholders entitled to vote at the Annual Meeting. In this Proxy Statement, the terms SRI, the Company, we, us and our refer to SRI/Surgical Express, Inc.

Record Date

Only shareholders of record at the close of business on March 19, 2010 (the Record Date) are entitled to notice of and to vote at the Annual Meeting. We have one class of outstanding voting securities, our common stock. As of the Record Date, 6,495,978 shares of our common stock were outstanding. For information regarding security ownership by management and by the beneficial owners of 5.0% or more of our common stock, see Security Ownership of Directors, Officers, and Principal Shareholders below.

Revocability of Proxies

You may revoke any proxy given pursuant to this solicitation at any time before its use at the Annual Meeting by delivering to the Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person.

Voting

Each shareholder is entitled to one vote for each share of common stock on all matters presented at the Annual Meeting. The holders of common stock will vote together as one group in the election of directors and other matters presented at the Annual Meeting. Shareholders do not have the right to cumulate their votes in the election of directors.

Solicitation

We will bear the entire cost of solicitation, including the preparation, assembly, printing, and mailing of this Proxy Statement. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to beneficial owners. Certain of our directors, officers, and other employees, without additional compensation, may also solicit proxies personally or by telephone, telegram, letter or facsimile.

Quorum; Abstentions; Broker Non-Votes

A majority of the shares of our common stock entitled to vote on a matter, represented in person or by proxy, will constitute a quorum for action on a matter at the Annual Meeting. We count shares that reflect withheld votes, abstentions or broker non-votes (i.e., shares held by a broker or nominee that are represented at

the Annual Meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) as shares that are present for purposes of determining the presence of a quorum, but not in determining the number of shares voted for or against any nominee for election as a director or any other proposal. For Proposal No. 1, the two director nominees receiving the highest number of affirmative votes cast will be elected as directors. Proposal No. 2 requires that the number of votes cast in favor of the applicable proposal exceeds the number of votes cast against the proposal. Withheld votes, abstentions and broker non-votes will not be counted as votes cast for purposes of determining whether the proposal has received sufficient votes for approval, and therefore will have no effect on the outcome of the vote.

Fiscal Year End

The Company's fiscal year ends on the Sunday nearest December 31.

Communications with Directors

You may communicate with any of our directors or with all directors as a group by sending communications by regular mail to: SRI/Surgical Express, Inc., c/o Chairman of the Board of Directors, 12425 Race Track Road, Tampa, Florida 33626.

Communications are distributed to the Board of Directors, or to any individual director or directors as appropriate, depending on the content of the communication. Members of our Board of Directors have requested that certain items that are unrelated to their duties and responsibilities be excluded, such as spam, junk mail and mass mailings, product or service complaints, resumés and other forms of job inquiries, and business solicitations or advertisements. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will be excluded, with the provision that any excluded communication will be made available to any outside director upon request. The procedures regarding distribution of shareholder communications to the Board of Directors have been approved by a majority of independent directors.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Board of Directors has fixed the number of directors at seven pursuant to our bylaws. As described below, two directors are being renominated for new terms because their current terms expire on the date of the Annual Meeting and five directors will continue to serve after the Annual Meeting.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the two nominees named below, both of whom are presently directors. In the event that any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who shall be designated by the current Board of Directors to fill the vacancy. We do not expect that any nominee will be unable or will decline to serve as a director. The term of office of each person elected as a director will continue until a successor has been elected and qualified.

Board Leadership Structure

Edgar Filing: SRI SURGICAL EXPRESS INC - Form DEF 14A

We currently have an independent Chairman of the Board of Directors separate from our Chief Executive Officer. Our Board of Directors believes it is important to maintain flexibility in its board leadership structure depending on our needs at the time, but firmly supports having an independent director in a board leadership position at all times. Our Chairman of the Board provides independent leadership of the Board of Directors. Having an independent Chairman or lead director enables non-management directors to raise issues and concerns for board consideration without immediately involving management. The Chairman or lead director also serves as a liaison between the Board of Directors and senior management. Our Board of Directors has determined that the current structure, a Chairman of the Board of Directors, separate from our Chief Executive Officer, is the most appropriate structure at this time.

Board Role in Risk Oversight

Our Board of Directors is responsible for risk oversight. The Board has asked our Audit Committee to work with management to identify key risks and develop and maintain strategies to address them. Management and the Audit Committee will regularly report to the Board of Directors regarding these efforts.

Board Independence

Our Board of Directors has determined that Messrs. Boosales, Emanuel, Federico, Israel and Orsatti are independent under the listing standards of NASDAQ. The Audit Committee, Compensation Committee and Nominating and Governance Committee are each comprised solely of our independent directors. Mr. Peterson is not independent based on his service as a consultant to the Company. Mr. Woodard is not independent based on his service as our Chief Executive Officer. In making its independence determinations, our Board of Directors reviewed transactions and relationships between the director or any member of his immediate family and us or one of our affiliates based on information provided by the director, Company records and publicly available information. In addition, our Board of Directors considered the following types of relationships and transactions: (i) principal employment positions and other public company directorships held by each director; (ii) contracts or arrangements that are ongoing or which existed during any of the past three fiscal years between us and/or our affiliates and any entity for which the non-employee director or his or her immediate family member is an executive officer or ten percent or more shareholder; and (iii) contracts or arrangements that are ongoing or which existed during any of the past three fiscal years between us and/or our affiliates and any other public company for which the director serves as a director.

Board Meetings and Committees of the Board

Our Board of Directors held five meetings, including regularly scheduled and special meetings, during 2009. During 2009, no director attended fewer than 75% of the meetings of the Board of Directors or fewer than 75% of the meetings of any committee of the Board of which he was a member. We invite our Board of Directors to our Annual Meeting of Shareholders, but do not require them to attend. Last year, all of the directors attended our 2009 Annual Meeting. Our Board of Directors has a standing Audit Committee, Compensation Committee, and Nominating and Governance Committee.

Compensation Committee. The Compensation Committee, which currently consists of Messrs. Boosales (chair), Federico, and Orsatti, assists our Board of Directors in making decisions regarding specific compensation plans, salaries, bonuses, and other benefits payable to our executive officers. The Board of Directors has determined that each member of the Compensation Committee is independent under the listing standards of NASDAQ. The Compensation Committee held four meetings during 2009.

The processes and procedures for the consideration and determination of executive compensation are as follows:

The Compensation Committee determines cash compensation for our executive officers with the benefit of a review by our Board of Directors and input from the Chief Executive Officer, regarding compensation of other executive officers.

Our Board of Directors approves equity awards for our executive officers with the benefit of recommendations from the Compensation Committee.

Historically, our Board of Directors has not retained compensation consultants. In establishing compensation for newly engaged executives, our Board of Directors considers recommendations of the Compensation Committee and the executive search firms that assist in recruiting our executives. The Compensation Committee annually gathers and reviews publicly available compensation-related data of similarly situated companies in making its recommendations to our Board of Directors. In 2009, the Compensation Committee engaged Dean Consulting Group, LLC as outside compensation consultant. See *Compensation Discussion and Analysis* beginning on page 17 for additional information about this engagement.

Our Board of Directors has approved a written charter for the Compensation Committee, which the committee reviews annually and updates as appropriate.

Audit Committee. The Audit Committee currently consists of Messrs. Emanuel (chair), Boosales, and Israel. Our Board of Directors has determined that each member of the Audit Committee is independent under the listing standards of NASDAQ, and Messrs. Emanuel and Boosales of the Audit Committee are audit committee financial experts, as that term is defined by the Securities and Exchange Commission (the SEC).

Among other things, the Audit Committee selects and retains (subject to our shareholders approval) the independent auditors, sets the independent auditors compensation, reviews and evaluates the results and scope of the audit and other services provided by our independent auditors, reviews reports from management, legal counsel, and third parties relating to legal compliance, and establishes procedures for receipt and treatment of confidential, anonymous submissions by our employees of concerns regarding accounting, auditing, and internal controls matters.

Our Board of Directors has approved a written charter for the Audit Committee, which the committee reviews annually and updates as appropriate. During 2009, the Audit Committee held six meetings.

Nominating and Governance Committee. Our Nominating and Governance Committee, which consists of Messrs. Orsatti (chair), Emanuel, and Federico, provides assistance to the Board of Directors in (i) identifying and recommending qualified director nominees; (ii) evaluating the performance and effectiveness of the Board of Directors and its committees; (iii) evaluating and recommending corporate governance guidelines and practices; and (iv) administering our Related Party Transaction Policies and Procedures. The Nominating and Governance Committee may, in its sole discretion, engage director search firms and may consult with outside advisors to assist it in carrying out its duties to the Company. The Nominating and Governance Committee has the sole authority to approve the fees and other retention terms with respect to any such firms. The Board of Directors has determined that each member of the Nominating and Governance Committee is independent under the listing standards of NASDAQ.

The Nominating and Governance Committee considers candidates for directors suggested by our shareholders, provided that the recommendations are made in accordance with the procedures required under applicable law and described in this Proxy Statement under the heading Requirements to Submit Proxy Proposals and Director Nominations. Shareholder nominations that comply with these procedures and that meet the criteria outlined above receive the same consideration that the Nominating and Governance Committee s nominees receive.

Our Board of Directors has approved a written charter for the Nominating and Governance Committee, which the Committee reviews annually and updates as appropriate. The Nominating and Governance Committee held four meetings during 2009.

Indemnification

We have entered into indemnification agreements with our executive officers and directors. The indemnification agreements provide, among other things, that we will indemnify such officer or director, under the circumstances and to the extent provided for in the agreements, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party to by reason of his or her position as a director, officer or other agent of the Company, and otherwise to the fullest extent permitted under applicable law and our bylaws.

Related Party Transactions Policies and Procedures

On July 31, 2007, our Board of Directors adopted written related party transaction policies and procedures (the Policy). For purposes of the Policy, related party transactions include transactions that involve more than \$50,000 in any calendar year in which the Company is a participant and any related party has a direct or indirect interest, and related party includes our officers, directors or 5 percent shareholders and their immediate family members.

Except as described below, the Nominating and Governance Committee (excluding any interested director) (the Committee) will review the material facts of all related party transactions. The Committee will either approve or disapprove of the entry into the related party transaction after taking into account, among other factors it deems appropriate, whether the related party transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related party's interest in the transaction. If advance Committee approval of a related party transaction is not feasible, the Committee will consider, and if it deems appropriate, ratifying the transaction at the Committee's next regularly scheduled meeting.

The following related party transactions are deemed to be pre-approved or ratified by the Committee (subject to the specific requirements and limitations set forth in the Policy):

- (a) employment arrangements with our executive officers;
- (b) compensation arrangements with our directors;
- (c) transactions with companies affiliated with related parties if the amount involved does not exceed the greater of \$50,000 or 2 percent of the Company's total annual revenues;
- (d) charitable contributions that do not exceed the lesser of \$50,000 or 2 percent of the charitable organization's total annual receipts;
- (e) transactions pursuant to which all of our shareholders receive proportional benefits;
- (f) transactions involving competitive bids;
- (g) regulated transactions; and
- (h) banking transactions.

Under the Policy, the Committee may establish guidelines for our management to follow in its ongoing dealings with related parties. The Committee will review and assess, at least annually, the appropriateness of ongoing related party relationships and will confirm compliance with any guidelines.

DIRECTOR COMPENSATION

Directors who are not our current employees receive \$1,000 to attend each meeting of the Board of Directors and each of its committees, and a quarterly retainer of \$6,000 under our Non-Employee Directors' Compensation Plan. Directors who chair the Board of Directors or the following committees receive the following amounts for that service:

Chair of:	Annual Fee
Board of Directors	\$ 5,000
Audit Committee	\$ 4,000
Compensation Committee	\$ 3,000
Nominating and Governance Committee	\$ 3,000

Each non-employee director is granted annually options to purchase 7,500 shares of our common stock as of the date of our Annual Meeting. All options vest ratably over a term of three years, have an exercise price equal to the fair market value of the common stock on the date of grant, and expire ten years after the date of grant.

Effective March 20, 2006, we entered into a Consulting Arrangement with Wayne Peterson to provide advice on matters relating to operations and supply chain management pending our engagement of a permanent senior vice president of operations. When the arrangement extended into the second half of 2007, Mr. Peterson agreed not to receive any meeting fees, quarterly retainers or stock options payable to our non-employee directors pursuant to our Non-Employee Directors Compensation Plan during the remaining term of the Consulting Arrangement. We terminated this Consulting Arrangement effective May 1, 2009.

The following table shows the compensation information for fiscal year 2009 for our non-employee directors:

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our officers and directors and persons who own ten percent or more of a registered class of our equity securities to file reports of ownership on Form 3 and changes in ownership on Form 4 or Form 5 with the SEC. Those officers, directors and ten percent or more shareholders are also required by SEC rules to furnish us with copies of all such forms that they file.

Based solely on our review of the copies of such forms received by us, we believe that during 2009, all Section 16(a) filing requirements applicable to our officers, directors, and ten percent or more shareholders were satisfied, except that, due to an administrative error, (i) a Form 3 was not filed within the required time period to report the initial statement of beneficial ownership by William J. Braun on April 27, 2009, (ii) a Form 4 was not

filed within the required time period to report an acquisition of options to purchase our common stock by Charles W. Federico on May 21, 2009, (iii) a Form 3 was not filed within the required time period to report the initial statement of beneficial ownership by Michael D. Israel on May 21, 2009, (iv) a Form 4 was not filed within the required time period to report two acquisitions of options to purchase our Common Stock by Michael D. REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Board of Directors reviews the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls.

In this context, we met and held discussions with management and the independent auditors. Management represented to us that the Company's financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the financial statements with management and the independent auditors. We discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as adopted by the Public Accounting Oversight Board in Rule 3200T.

In addition, we received from the independent auditors the written disclosures and the letter relating to the independent auditors' independence, as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as adopted by the Public Accounting Oversight Board in Rule 3600T, and we discussed with the independent auditors their independence from the Company and its management.

We discussed with the Company's independent auditors the overall scope and plan for their audit. We met with the independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, we recommended to the Board of Directors, and the Board of Directors has approved, including the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2009, for filing with the SEC.

The Audit Committee and the Board of Directors also have recommended, subject to shareholder approval, the selection of the Company's independent auditors for the year ended December 31, 2010 - see Proposal No. 2.

EXECUTIVE OFFICER COMPENSATION

Compensation Discussion and Analysis

Overview

The Compensation Committee of our Board of Directors (the Compensation Committee) is responsible for establishing and implementing executive compensation arrangements designed to recruit and retain executives. The Compensation Committee periodically reviews these arrangements for consistency with our compensation philosophy and objectives and with the goal of making them more effective.

Philosophy and Objectives of Executive Compensation

In establishing executive compensation arrangements, we primarily seek to align our executives' incentives with the interests of our shareholders in both the short and long term. We place a relatively heavy emphasis on equity compensation as a percentage of total compensation to establish long-term incentives, although we do not have any rule for establishing the relative amounts of each component. We also structure our annual incentive cash compensation to motivate our executives to achieve business and individual goals.

Setting Compensation

The Compensation Committee establishes compensation for newly engaged executives and determines cash compensation for our current executive officers with the benefit of a review by the Board of Directors and input from the Chief Executive Officer regarding compensation of other officers. The Board of Directors and the Compensation Committee establishes objectives for annual performance-based cash incentive compensation for executives. The Board of Directors approves equity awards for our executive officers with the benefit of recommendations from the Compensation Committee.

Historically, the Board of Directors, including the Compensation Committee, has relied on its members' extensive general business and industry-specific knowledge and experience in determining executive compensation, and neither the Board of Directors nor the Compensation Committee retained a compensation consultant. In establishing compensation for newly engaged executives, the Compensation Committee considers recommendations of the executive search firms that assisted in recruiting those executives. The Compensation Committee annually reviews compensation-related survey data through the Economic Research Institute for similarly-sized companies operating in the same industries and regions, including local competitors, in determining cash compensation for our executive officers, establishing performance objectives and making its recommendations to the Board of Directors regarding future compensation decisions.

In 2009, the Compensation Committee retained Dean Group Consulting, LLC (Dean), to assist the Compensation Committee in analyzing the Company's compensation programs and practices. Dean's work included reviewing with the Compensation Committee a broad-based third-party market survey used by the Compensation Committee to gain a general understanding of current compensation practices. These services were obtained under an engagement fee structure. The 2009 engagement focused on the cash and equity compensation of our directors and executive officers in the form of both short-term and long-term incentives.

2009 Executive Compensation Components

For the 2009 fiscal year, the principal components of executive compensation for our executive officers were:

base salary

performance-based cash incentive compensation

long-term equity incentive compensation, and

retirement and other benefits.

Base Salary: We establish base salaries for each of our executive officers based on the executive officer's position, responsibilities, experience, business judgment, and role in developing and implementing our overall business strategy, without applying a specific formula to weigh each of these factors. We review base salary levels annually and adjust them from time to time for market changes, promotions, or other changes in job responsibilities. Generally, we believe base salaries paid to executive officers should be competitive with salaries paid to executive officers with similar positions and responsibilities at similar companies. The Compensation Committee periodically reviews regional and industry-specific compensation statistics, but it has not benchmarked our executives' compensation levels against levels of any other companies or groups of companies.

The Compensation Committee established Mr. Braun's initial base salary with the benefit of a review by the Board of Directors and recommendations from The Carlyle Group, an executive search firm that assisted in recruiting Mr. Braun. Recommendations regarding Mr. Braun's initial base salary were based on an analysis of overall market pay packages for executive officers with similar positions and responsibilities at similar companies. In addition to applying the factors for setting base salaries identified above, the Compensation Committee set Mr. Braun's initial base salary at a competitive level that would be effective in recruiting Mr. Braun from his then current position. The Compensation Committee also took into account the other components of Mr. Braun's initial compensation package, including a \$30,000 guaranteed bonus payable for 2009 pursuant to Mr. Braun's employment agreement and the inducement grants of stock options discussed below.

In 2009, the Compensation Committee made no adjustments to the base salary of Messrs. Woodard, McGuire, Braun or Ruiz (who resigned in April 2009). The Compensation Committee decided to hold these base salary levels constant in light of the Company's financial results during 2009 and only a modest increase in local cost of living expenses.

The Compensation Committee adjusted Mr. Faris' base salary for 2009 from \$162,000 to \$205,000 in connection with Mr. Faris' promotion from Vice President and Controller to Vice President and Chief Financial Officer effective as of December 23, 2009. This adjustment was based on Mr. Faris' increased responsibilities and role in developing and implementing our overall business strategy in his new position as our Chief Financial Officer. Mr. Faris also received \$20,000 as a bonus for his service as interim principal financial officer during the period of April 20, 2009 through December 22, 2009.

Performance-Based Cash Compensation: We believe that approximately 70% of our executive officers' annual performance-based cash compensation should be contingent on the Company's achieving quantitative financial performance targets, such as revenues, gross margin, profitability, and cash flow, and approximately 30% of the executives' annual performance-based compensation should be contingent on satisfying individual qualitative performance objectives established for the executive officer. The Board of Directors establishes annual Company financial targets and the Compensation Committee reviews and approves the individual qualitative performance objectives for our executives. In 2009, the Compensation Committee established for each executive officer the target amount of annual performance-based compensation, which is based on a percentage of the executive's base salary. The Compensation Committee evaluates performance of the Company and each executive officer and awards incentives in the first calendar quarter following the end of the fiscal year. If the Compensation Committee determines that the financial targets were not achieved, it may determine not to make any incentive cash payments to our executives, even if the executive's individual qualitative performance objectives were satisfied.

The Compensation Committee determined in the first quarter of 2010 that the Company did not meet its 2009 financial performance targets, which included management's budgeted total revenues of \$101 million and loss before income taxes of \$781,000. Actual total revenues were \$98 million and the actual loss before income taxes was \$3,694,000. In 2009, the target awards of annual performance-based cash compensation ranged from 40% to 50% of the executive officers' base salaries (see *2009 Grants of Plan-Based Awards* table below). Although the Compensation Committee determined that Messrs. Woodard, Ruiz, Faris, Braun and McGuire

achieved certain individual non-financial business objectives during 2009, the Compensation Committee determined that no cash payments would be payable to Messrs. Woodard, Ruiz, Faris, Braun or McGuire for incentive compensation due to non-achievement of the quantitative financial objectives during 2009.

Long-Term Stock Incentives: Our equity plans provide for grants to employees of stock options and restricted stock. We design our grants to executives to align a significant portion of our executive compensation with the long-term interests of our shareholders by providing an incentive that focuses attention on managing the Company from the perspective of an owner with an equity stake in our business. Awarded stock options have an exercise price equal to the fair market value of our common stock on the grant date. These stock options typically vest ratably over five years and expire ten years after the grant date. We believe stock option awards with vesting requirements encourage retention of our key employees and achievement of long-term performance goals.

We have adopted a policy pursuant to which the Compensation Committee will review and recommend all future stock option grants to our executive officers to the full Board of Directors for approval by the end of April each year. The option grants will be approved by the Board of Directors by the end of April each year and issued on the second full trading day after the Company's quarterly earnings release for the prior fiscal year or our first quarter. In the case of a new hire or promotion, the Compensation Committee will also review and recommend any option grants to the Board of Directors for approval. The grant date of these options will be the first trading day of the month following the date of hire or promotion.

As part of our annual grant of equity compensation, on March 16, 2010, we granted 75,000 stock options to Mr. Woodard, 20,000 stock options to Messrs. Braun and McGuire, and 6,000 stock options to Mr. Faris. These options vest in five equal annual installments.

Also, in connection with the commencement of his employment in 2009 and as part of his initial recruitment package, Mr. Braun received inducement grants of 45,000 stock options, which vest in five equal annual installments. In connection with Mr. Faris' promotion to Vice President and Chief Financial Officer on December 23, 2009, he received 50,000 stock options, which vest in five equal annual installments.

Retirement and Other Benefits: Our executive officers participate in our 401(k) plan and other benefits that are generally available to all employees. We do not provide retirement or other benefit plans established especially for executives or other key employees, except for the equity and incentive compensation arrangements described above.

Severance and Change in Control Arrangements

Messrs. Woodard, Faris, Braun and McGuire are entitled to receive portions of their annual base salaries and prorated bonuses as severance if they are terminated without cause. We offered these terms to Mr. Woodard and Mr. Braun as part of their initial recruitment packages. We offered these terms to provide a sense of security for, and to help retain, Mr. McGuire in connection with the appointment of a new President and Chief Executive Officer in February 2005 and amended the terms of Mr. McGuire's severance agreement on November 4, 2008 to make the severance amount payable thereunder the same amount payable to other executive officers. Similarly, to provide a sense of security for, and to help retain, Mr. Faris, we offered these terms to Mr. Faris in connection with his promotion to Vice President and Chief Financial Officer on December 23, 2009.

Our 2004 Stock Compensation Plan and 2009 Stock Compensation Plan provide that all grants under these plans vest in full on a change in control of the Company. In addition to their role in facilitating recruitment, we believe that these severance and change in control arrangements encourage retention.

We believe that these severance and change in control arrangements reflect market levels for comparable executives and are important to effectively recruit and retain key executives. For a more detailed discussion of these arrangements, see *Employment Agreements, Termination of Employment and Change-in-Control Arrangements* below.

Tax and Accounting Implications

Deductibility of Executive Compensation: The Company believes that compensation paid under its compensation plans will be fully deductible for federal income tax purposes under current rules.

Accounting for Stock-Based Compensation: Beginning on January 1, 2006, the Company began accounting for stock-based payments, including its stock option grants, in accordance with requirements of FASB Statement 123(R).

Employment Agreements, Termination of Employment and Change-in-Control Arrangements

Employment Agreements

We have employment agreements with Gerald Woodard, our Chief Executive Officer, Mark R. Faris, our Vice President and Chief Financial Officer, William J. Braun, our Senior Vice President of Operations and David J. McGuire, our Senior Vice President of Sales.

Termination of Employment

According to the terms of his employment agreement, Mr. Woodard is entitled to receive upon termination for any reason other than for cause, death or disability, his annual base salary and health insurance benefits for twelve months and a pro-rated cash award under our management incentive plan (as determined by our Board of Directors acting in good faith). The base salary component of the severance is payable in accordance with the Company's then-current pay practices over the severance period following a termination and the pro-rated cash award is payable as a lump sum at such time that Mr. Woodard would have been entitled to receive any earned cash award for the year in which he is terminated if he had been employed on the last day of year in which his employment is terminated. For purposes of Mr. Woodard's employment agreement, cause generally includes the executive's indictment, conviction or plea of no contest for a felony, violation of the employment agreement, failure to perform his duties, failure to cooperate with a governmental investigation, insubordination, incompetence, misconduct, unethical conduct or failure to comply with our policies. Under his employment agreement, Mr. Woodard is prohibited from competing with us during the two-year period following termination of his employment, and the foregoing severance is conditioned upon his compliance with such covenant not to compete with the Company and the execution of a release in favor of the Company.

We have a retention agreement with Messrs. Faris, Braun, and McGuire, under which the Company will continue to pay them their base salary and health insurance benefits for a period of nine months following termination of employment for any reason other than cause, death or disability. For purposes of their retention agreement, cause generally includes executive's being charged with a felony, disclosure of our trade secrets or other confidential information, or misconduct, insubordination or violation of Company policies. Messrs. Faris, Braun, and McGuire also entered into a non-competition and confidentiality agreement with the Company, pursuant to which Messrs. Faris, Braun and McGuire are prohibited from competing with the Company during the one-year period following termination of their employment, and the foregoing severance is conditioned upon their compliance with such competition and confidentiality agreement and their execution of a release in favor of the Company.

If Mr. Woodard had been terminated for any reason other than for cause, death or disability on December 31, 2009, which was the last business day of the Company's 2009 fiscal year, Mr. Woodard would have received the following severance benefits in accordance with the procedures outlined above: twelve months' base salary equal to \$375,000, and payment of health insurance premiums by the Company in the aggregate amount of \$6,280 (which represents 100 percent of the annual health insurance premiums).

If Mr. Faris had been terminated for any reason other than for cause, death or disability on December 31, 2009, which was the last business day of the Company's 2009 fiscal year, Mr. Faris would have received the following severance benefits pursuant to his retention agreement: nine months' base salary equal to \$153,750, a cash award under our management incentive bonus plan and payment of health insurance premiums by the Company in the aggregate amount of \$6,197 (which represents 75 percent of the annual health insurance premiums).

If Mr. Braun had been terminated for any reason other than for cause, death or disability on December 31, 2009, which was the last business day of the Company's 2009 fiscal year, Mr. Braun would have received the following severance benefits pursuant to his retention agreement: nine months' base salary equal to \$187,500, a cash award under our management incentive bonus plan and payment of health insurance premiums by the Company in the aggregate amount of \$6,197 (which represents 75 percent of the annual health insurance premiums).

If Mr. McGuire had been terminated for any reason other than for cause, death or disability on December 31, 2009, which was the last business day of the Company's 2009 fiscal year, Mr. McGuire would have received the following severance benefits pursuant to his retention agreement: nine months' base salary equal to \$171,750, a cash award under our management incentive bonus plan and payment of health insurance premiums by the Company in the aggregate amount of \$6,197 (which represents 75 percent of the annual health insurance premiums).

On April 17, 2009, the employment of Wallace Ruiz as our Senior Vice President, Chief Financial Officer and Secretary was terminated. Upon Mr. Ruiz's departure, the Company and Mr. Ruiz entered into a separation agreement setting forth the terms of his departure, including separation benefits and obligations. Under the separation agreement, the Company continued to pay Mr. Ruiz his base salary and any COBRA premiums until January 17, 2010. The total amount paid under the terms of this agreement was \$238,000. The separation agreement includes a general release by Mr. Ruiz in favor of the Company and provides that Mr. Ruiz will comply with the confidentiality and non-compete obligations set forth in his employment agreement, although the separation agreement reduces Mr. Ruiz's non-compete period from two years to one year.

Change in Control Arrangements and Termination Due to Death

Our 2004 Stock Compensation Plan and 2009 Stock Compensation Plan provide that all grants under these plans vest on a change in control of the Company and grants of restricted stock vest upon the recipient's death. If a change in control occurs, the Company may elect to cancel participants' options and instead pay to them the difference between the exercise price of such options and the fair market value of the shares issuable on the exercise thereof. For these purposes, a change in control generally occurs when:

our shareholders approve a liquidation of the Company, a sale of all or substantially all of the Company's assets or certain mergers or consolidations of the Company; or

if during any two consecutive years, individuals who at the beginning of the period constitute our Board of Directors cease for any reason to constitute at least a majority of our Board of Directors, except for individuals whose election or nomination for election was previously approved by at least two-thirds of the directors who were directors at the beginning of the period or whose nomination for election was previously so approved.

If a change in control occurred on December 31, 2009, which was the last business day of the Company's 2009 fiscal year, 175,000 options and 25,000 shares of restricted stock held by Mr. Woodard would have vested, resulting in an aggregate dollar amount realizable by Mr. Woodard equal to \$108,750, 30,000 options held by Mr. Faris would have vested, resulting in an aggregate dollar amount realizable by Mr. Faris equal to \$5,700, 45,000 options held by Mr. Braun would have vested, resulting in an aggregate dollar amount realizable by Mr. Braun equal to \$42,750, and 169,500 options and 8,000 shares of restricted stock held by Mr. McGuire would have vested, resulting in an aggregate dollar amount realizable by Mr. McGuire equal to \$55,650. For purposes of the foregoing calculation, the aggregate dollar value realizable with respect to option shares that vest upon a change in control is derived by multiplying (A) the number of securities underlying such options by (B) the difference between (i) the closing price of the Company's common stock on the date of change in control and (ii) the per share option exercise price. The aggregate dollar value realizable with respect to restricted stock that vests upon a change in control or death is determined by multiplying the number of shares of such stock by the closing price of the Company's common stock on the date of change in control or termination due to death.
