(the **Company** or **Cogent**) initially filed on September 10, 2010 (the **Statement**). The Statement relates to the tender offer by Ventura Acquisition Corporation, a Delaware corporation (**Purchaser**), and a direct wholly owned subsidiary of 3M Company, a Delaware corporation (**3M**), disclosed in a Tender Offer Statement on Schedule TO, initially filed on September 10, 2010 (as amended or supplemented from time to time, the **Schedule TO**), to purchase all of the Company's issued and outstanding shares of common stock, par value \$0.001 per share, at a purchase price of \$10.50 per share, net to the seller in cash, without interest and less any required withholding taxes, upon the terms and subject to the conditions set forth in the Offer to Purchase, dated September 10, 2010 (as amended or supplemented from time to time, the **Offer to Purchase**), and in the related Letter of Transmittal. ## **Item 2. Identity and Background of Filing Person**

*Item 2 is hereby amended and supplemented as follows:*

The third paragraph in the subsection entitled *Tender Offer* is hereby replaced with the following paragraph:

The Merger Agreement governs the contractual rights among Cogent, 3M and Purchaser in relation to the Offer and the Merger. The Merger Agreement has been included as an exhibit to this Schedule to provide Stockholders with information regarding the terms of the Merger Agreement. The assertions embodied in the representations and warranties contained in the Merger Agreement are qualified by information in confidential disclosure schedules provided by Cogent in connection with the signing of the Merger Agreement. These disclosure schedules contain information that modifies, qualifies and creates exceptions to the representations and warranties set forth in the Merger Agreement. Moreover, certain representations and warranties in the Merger Agreement were used for the purpose of allocating risk between Cogent, 3M and Purchaser, rather than establishing matters of fact. Accordingly, the representations and warranties in the Merger Agreement may not constitute the actual state of facts about Cogent, 3M or Purchaser. In addition, the representations and warranties set forth in the Merger Agreement may also be subject to a contractual standard of materiality different from those generally applicable to Stockholders.

#### **Item 4. The Solicitation or Recommendation**

**Item 4(b)** *Background* is hereby amended and supplemented as follows:

The third sentence of the third paragraph on page 9 is hereby replaced with the following sentences:

In the course of that process, Credit Suisse consulted with our senior management to formulate a list of likely partners with the financial resources and strategic rationale to support a transaction with Cogent. After considering the input of our senior management, Credit Suisse approached two potential financial parties and twenty-five potential strategic parties, including 3M.

The first sentence of the first paragraph on page 10 is hereby replaced with the following sentence:

In mid-July 2009, a third party approached Company D on our behalf and arranged for Mr. Hsieh and James Jasinski, our Executive Vice President, Federal and State Systems, to meet with representatives of Company D to discuss a potential strategic transaction.

The following sentence is hereby added to the end of the first paragraph on page 10:

Following the meeting, the representatives of Company D that Messrs. Hsieh and Jasinski met with did not express an interest in further discussions with Cogent.

The first two sentences of the fourth paragraph on page 10 are hereby replaced with the following sentences:

In November 2009, representatives of Goldman Sachs, & Co. ( **Goldman Sachs** ) spoke with our senior management and offered to contact, on Cogent's behalf, high-level representatives of Company D to explore a possible strategic transaction with Cogent. As a result of the contact initiated by Goldman Sachs, in mid-December 2009, Mr. Hsieh met with representatives of Company D to further discuss a potential strategic transaction between Cogent and Company D.

The second sentence of the last paragraph on page 13 is hereby replaced with the following sentence:

Members of our senior management and representatives of Credit Suisse and Morrison also attended the meeting.

The seventh sentence of the second full paragraph on page 14 is hereby replaced with the following sentence:

Our Board further discussed the execution risks relating to each of Company D's and 3M's proposals, including the potential antitrust and other regulatory approval issues that could affect the timing and certainty of closing a transaction with either 3M or Company D.

The ninth sentence of the second full paragraph on page 14 is hereby replaced with the following sentence:

Our Board also instructed representatives of Goldman Sachs to inform Company D that it was critical that they shorten the time required to complete their diligence and to address antitrust and other regulatory approval issues that could affect the ability of Company D to complete a transaction.

The fifth full paragraph on page 15 is hereby replaced with the following sentence:

Also during the week of August 23, 2010, representatives of Goldman Sachs had additional discussions with Company D, and representatives of Morrison had discussions with Company D's legal counsel regarding potential antitrust and other regulatory approval issues that could affect the timing and certainty of closing a transaction with Company D.

The fourth sentence of the eighth full paragraph on page 15 is hereby replaced with the following sentence:

Our Board further considered and discussed the execution risks and potential antitrust and other regulatory approval issues that could affect the timing and certainty of closing a transaction with Company D.

The last full paragraph on page 15 is hereby replaced with the following paragraphs:

On August 24, 2010, 3M provided to eight key employees of Cogent forms of retention agreements, which contained proposed terms regarding the amount of retention payments, non-competition restrictions and provisions related to the ownership of intellectual property used by Cogent.

On August 25, 2010, certain of the key employees who were being represented by Morrison provided their comments to the form retention agreements, which included narrowing the scope of the non-competition restrictions, removing representations and warranties relating to Cogent's intellectual property rights and increasing the amount of the proposed retention payments.

From August 25 to 29, 2010, representatives of 3M held discussions with Morrison and certain of the key employees with respect to the proposed terms of the retention agreements. These discussions addressed the non-competition restrictions, intellectual property provisions and the amounts of the retention payments (and in certain cases, performance targets that would need to be achieved in order to receive certain payments). By August 29, 2010, 3M and each of the eight key employees had agreed to the terms of the retention agreements. See **Item 3 Past Contacts, Transactions, Negotiations and Agreements** for a discussion of such retention agreements.

The fifth sentence of the third paragraph on page 16 is hereby replaced with the following sentence:

Our Board further considered and discussed the execution risks of any potential transaction with Company D, including potential antitrust and other regulatory approval issues that could affect the timing and certainty of closing a transaction with Company D.

**Item 4(c) Reasons for Recommendation** is hereby amended and supplemented as follows:

The fourth and fifth sentences of the paragraph under the subsection entitled *Available Alternatives; Results of Discussions with Third Parties* are hereby replaced with the following sentences:

Our Board of Directors considered the indication of interest in an acquisition of Cogent expressed by Company D, including the investigation and diligence Company D had completed and the execution, business and antitrust and other regulatory approval risks of any transaction with Company D, which risks the Board deemed substantial. The Board also considered the fact that Company D had been expressing an interest in pursuing a strategic transaction for over a year, but had not completed an in-depth diligence investigation of Cogent, delivered a definitive proposal or addressed sufficiently the antitrust and other regulatory approval risks relating to a strategic transaction between Company D and Cogent, despite time and notice of the need for action.

The second sentence of the paragraph under the subsection entitled *Financial Market Conditions; Historical Trading Prices* is hereby replaced with the following sentence:

Our Board of Directors considered historical market prices, volatility and trading information with respect to the Common Stock, including the fact that the Offer represents a premium of approximately 18% over the closing price per share of the Shares on August 27, 2010, the last full trading day prior to the meeting of our Board of Directors to consider and approve the Merger Agreement, and the fact that the Offer represents a premium of approximately 50% over the approximate \$3.20 enterprise value per share of the Shares on such date (based on approximately 89.8 million fully diluted Shares outstanding).

The first sentence of the paragraph under the subsection entitled *Termination Fee* is hereby replaced with the following sentence:

The termination fee of \$28.3 million (approximately 3.0% of Cogent's equity value and approximately 6.6% of Cogent's enterprise value, based on the Offer Price) that could become payable pursuant to the Merger Agreement under certain circumstances, including if Cogent terminates the Merger Agreement to accept a Superior Proposal or if 3M terminates the Merger Agreement because Cogent's Board of Directors changes its recommendation with respect to the Offer or the Merger.

The following sentence is hereby added to the end of the first paragraph under the subsection entitled *Voting and Tender Agreement* :

Our Board also considered whether the terms of the Voting and Tender Agreement, including the option to acquire Shares described above, could limit our Board's ability to consider, recommend or accept a competing bid and create a barrier to potential competing offers and concluded that it did not.

The following paragraph is hereby added as the penultimate paragraph of Item 4(c):

Our Board of Directors determined that the factors described above under *Cogent's Operating and Financial Condition; Prospects of Cogent, Available Alternatives; Results of Discussions with Third Parties, Financial Market Conditions; Historical Trading Prices, Opinion of Cogent's Financial Advisor, Cash Consideration; Certainty of Value, and Terms of the Merger Agreement* are reasons in support of the Board's decision to recommend that all Stockholders accept the Offer and tender their Shares pursuant to the Offer. Our Board considered the other factors described above as neutral or negative and concluded that the reasons for recommending that all Stockholders accept the Offer and tender their Shares pursuant to the Offer outweighed the neutral and negative factors.

***Item 4(e) Opinion of Cogent's Financial Advisor is hereby amended and supplemented as follows:***

The second bullet point on page 20 is hereby replaced with the following bullet point:

The first paragraph on page 24 is hereby replaced with the following:

Credit Suisse reviewed, among other things, the enterprise value to last twelve month ( **LTM** ) revenue multiples and LTM EBITDA multiples implied by the selected transactions for each of the target companies involved in the selected transactions, to the extent publicly available and based on publicly available financial information with respect to those target companies. The enterprise value for each of the target companies was based on the equity value of those target companies implied by the applicable transaction. With respect to the Homeland Security selected transactions, the median and mean of the enterprise value to LTM revenue multiples was 2.4x and 2.9x , respectively, and the median and mean of the enterprise value to LTM EBITDA multiples was 13.4x and 13.9x, respectively. With respect to the Network Management selected transactions, the median and mean of the enterprise value to LTM revenue multiples for each of the selected transactions was 2.3x and 2.2x, respectively, and the median and mean of the enterprise value to LTM EBITDA multiples was 12.4x and 12.0x, respectively. With respect to the selected transactions as a whole, the median and mean of the enterprise value to LTM revenue multiples was 2.3x and 2.6x, respectively, and the median and mean of the enterprise value to LTM EBITDA multiples was 12.7x and 13.1x, respectively. Credit Suisse then applied a range of selected LTM revenue multiples of 2.0x to 3.0x and LTM EBITDA multiples of 10.0x to 13.5x derived from the selected transactions to the Company's LTM revenue and EBITDA (as of June 30, 2010). This analysis indicated the following implied per share equity reference range for the Company, as compared to the Per Share Consideration to be received by the Stockholders in the Transaction:

The first paragraph under *Discounted Cash Flow Analysis* is hereby replaced with the following:

Credit Suisse performed a discounted cash flow analysis to calculate the estimated net present value of the unlevered after-tax free cash flows that the Company was forecasted to generate from fiscal year 2010 through fiscal year 2015 (with fiscal year 2016 constituting the terminal year), using the projected financial information that was provided by the Company's management (described on pages 29 - 30). For purposes of its analysis, Credit Suisse defined unlevered after-tax free cash flow, or **UFCF**, as earnings before interest expense/income and income taxes, less income taxes, less share-based compensation expense (tax adjusted), plus

depreciation and amortization, less increases in net working capital, and less capital expenditure. Based on the foregoing, Credit Suisse used the following projections of UFCF for purposes of its discounted cash flow analysis:

<b>Fiscal Year</b>	<b>Projected UFCF</b>
2010	\$ 28.7 million
2011	\$ 26.9 million
2012	\$ 30.7 million
2013	\$ 33.0 million
2014	\$ 37.4 million
2015	\$ 40.5 million

Credit Suisse calculated a range of estimated terminal values for the Company of \$460.3 million to \$627.6 million by applying a range of terminal EBITDA multiples of 5.5x to 7.5x. The estimated free cash flows and terminal values were then discounted to present value using discount rates ranging from 11.0% to 15.0%. The range of terminal EBITDA multiples and the range of discount rates were selected by Credit Suisse based on Credit Suisse's experience in the valuation of businesses and securities and Credit Suisse's familiarity with the Company and its business.

The second sentence of the last paragraph on page 24 is hereby replaced with the following sentence:

Credit Suisse and its affiliates have in the past provided and in the future may provide investment banking and other financial services to 3M and its affiliates.

#### **Item 8. Additional Information**
