Item 1.01. Entry into a Material Definitive Agreement

On January 16, 2012, Constellation Energy Group, Inc. (Constellation) and Exelon Corporation (Exelon), together with two of their subsidiaries, entered into a Settlement Agreement (the Settlement Agreement) with EDF Inc., a wholly-owned subsidiary of Electricité de France, S.A. (EDF). Baltimore Gas and Electric Company, Constellation s regulated electric and gas utility subsidiary, and Exelon Energy Delivery Company, LLC, a wholly-owned subsidiary of Exelon, also are parties to the Settlement Agreement. No payments were made by any of the parties to the Settlement Agreement.

Under the Settlement Agreement, EDF agreed to withdraw its objections to the pending application filed by Constellation and Exelon with the Maryland Public Service Commission (the Commission) seeking Commission authorization of the pending merger between Constellation and Exelon. On January 17, 2012, EDF withdrew its objections to the pending application by providing a written notice of withdrawal to the Commission.

The Settlement Agreement also provides for certain amendments to the operating agreement of Constellation Energy Nuclear Group LLC (CENG), a joint venture between Constellation and EDF that owns and operates three nuclear facilities with five generating units in Maryland and New York, and to two service agreements between Constellation and CENG. These amendments, which are outlined in Appendix A to the Settlement Agreement, will become effective upon, and are subject to, the consummation of the pending merger between Constellation and Exelon unless implementation and enforcement of the Settlement Agreement is stayed or enjoined by the Commission, another regulatory agency having competent jurisdiction over the matter, or a court having competent jurisdiction over the matter. The amendments to CENG s Second Amended and Restated Operating Agreement, dated as of November 6, 2009 (as subsequently amended), include giving EDF the right to appoint CENG s chief financial officer, restricting EDF and Exelon from paying compensation to certain officers of CENG, imposing an additional no hire restriction on Exelon with respect to CENG and EDF employees for a period of two years from the merger closing date, addressing certain matters involving CENG s dealings with Exelon s suppliers of goods and services, modifying provisions in the operating agreement addressing commercial relationships between CENG and Exelon and giving EDF and CENG certain audit rights to confirm compliance with provisions of the operating agreement. The Settlement Agreement also provides for revision of the amounts that Constellation charges CENG under the Administrative Services Agreement and the Power Services Agency Agreement.

The Settlement Agreement obligates Exelon and EDF to negotiate in good faith to document and execute all of these amendments promptly following completion of the Constellation-Exelon merger, but also states that the amendments will be considered binding and enforceable immediately following consummation of the merger, despite the absence of signed, definitive amendment documentation unless implementation and enforcement of the Settlement Agreement is stayed or enjoined by the Commission, another regulatory agency having competent jurisdiction over the matter, or a court having competent jurisdiction over the matter.

The foregoing description of the Settlement Agreement does not purport to be complete and is qualified in its entirety by reference to the Settlement Agreement, a copy of which is attached hereto as Exhibit 10.1 and is incorporated herein by reference.

In connection with the foregoing, Constellation and Exelon issued a joint press release, which is attached hereto as Exhibit 99.1.

Cautionary Statements Regarding Forward-Looking Information

Except for the historical information contained herein, certain of the matters discussed in this communication constitute forward-looking statements within the meaning of the Securities Act of 1933 and the Securities Exchange Act of 1934, both as amended by the Private Securities Litigation Reform Act of 1995. Words such as may, will, anticipate, estimate, expect, project, intend, plan, believe, target, and terms of similar substance used in connection with any discussion of future plans, actions, or events identify forward-looking statements. These forward-looking statements include, but are not limited to, statements regarding benefits of the proposed merger of Exelon Corporation (Exelon) and Constellation Energy Group, Inc. (Constellation), integration plans and expected synergies, the expected timing of completion of the transaction, anticipated future financial and operating performance and results, including estimates for growth. These statements

are based on the current expectations of management of Exelon and Constellation, as applicable. There are a number of risks and uncertainties that could cause actual results to differ materially from the forward-looking statements included in this communication regarding the proposed merger. For example, (1) the companies may be unable to obtain regulatory approvals required for the merger, or required regulatory approvals may delay the merger or result in the imposition of conditions that could have a material adverse effect on the combined company or cause the companies to abandon the merger; (2) conditions to the closing of the merger may not be satisfied; (3) an unsolicited offer of another company to acquire assets or capital stock of Exelon or Constellation could interfere with the merger; (4) problems may arise in successfully integrating the businesses of the companies, which may result in the combined company not operating as effectively and efficiently as expected; (5) the combined company may be unable to achieve cost-cutting synergies or it may take longer than expected to achieve those synergies; (6) the merger may involve unexpected costs, unexpected liabilities or unexpected delays, or the effects of purchase accounting may be different from the companies' expectations; (7) the credit ratings of the combined company or its subsidiaries may be different from what the companies expect; (8) the businesses of the companies may suffer as a result of uncertainty surrounding the merger; (9) the companies may not realize the values expected to be obtained for properties expected or required to be divested; (10) the industry may be subject to future regulatory or legislative actions that could adversely affect the companies; and (11) the companies may be adversely affected by other economic, business, and/or competitive factors. Other unknown or unpredictable factors could also have material adverse effects on future results, performance or achievements of Exelon, Constellation or the combined company. Discussions of some of these other important factors and assumptions are contained in Exelon's and Constellation's respective filings with the Securities and Exchange Commission (SEC), and available at the SEC's website at www.sec.gov, including: (1) Exelon's 2010 Annual Report on Form 10-K in (a) ITEM 1A.
