### **Item 1.01 Entry into a Material Definitive Agreement**

On January 14, 2014, Verisk Analytics, Inc. (the Company), its wholly-owned subsidiary, Insurance Services Office, Inc. (the Buyer), and the wholly-owned subsidiary of Buyer, ISO Merger Sub I, Inc. (the Acquisition Corporation), entered into an Agreement and Plan of Merger (the Merger Agreement) with Eagleview Technology Corporation (EVT) and Fortis Advisors LLC, as the stockholders' representative. Pursuant to the Merger Agreement, the Buyer will acquire EVT pursuant to a merger of the Acquisition Corporation with and into EVT (the Merger). EVT is a leader in the United States of geo-referenced aerial image capture and visual-centric data analytics and solutions to insurers, contractors, government, and commercial customers. The acquisition will accelerate the Company's position as a key provider of data, analytics, and decision support solutions based on aerial imagery.

Based in Rochester, New York, and Bothell, Washington, EVT was formed in January 2013 as a result of a combination of Pictometry International Corp. and Eagle View Technologies, Inc. The combined company maintains one of the most comprehensive image libraries covering more than 85 percent of the U.S. population, more than one million square miles and approximately 90 percent of total U.S. structures. EVT leverages this image library to provide proprietary solutions to property and casualty insurance, government, and a variety of other commercial markets. EVT has developed unique technology for image capture and processing, enabling understanding of physical property characteristics that can be used for valuation and risk management. With more than 24 petabytes of imagery-related data, EVT has established itself at the forefront of the market.

The purchase price is currently expected to be \$650,000,000 in cash, subject to further upward or downward adjustment based on working capital levels at the time of the closing. At the closing, \$30,000,000 will be withheld from the merger consideration and deposited into an escrow account (the Escrow) in order to fund any indemnification claims and any working capital deficiency payable to the Buyer. The Escrow will be released after a period of sixteen months from the date of the closing.

The Merger is expected to close by July 15, 2014, subject to the completion of customary closing conditions, including receipt of regulatory and shareholder approvals. The Company expects to use cash on hand and available capacity under its revolving credit facility to fund the transaction. The transaction is expected to be neutral to adjusted EPS in 2014.

We refer you to the full text of the Merger Agreement, which is annexed as Exhibit 10.1 and is incorporated by reference herein.

### **Item 7.01 Regulation FD Disclosure**
