*Capital Accumulation Plan*

Effective September 5, 2018, our Board of Directors took two irrevocable actions with respect to our Capital Accumulation Plan (the CAP):

1. To immediately reduce the number of shares available for purchase under the CAP by 1,500,000 from 1,834,795 to 334,795; and
2. To terminate the CAP for new participants, effective January 1, 2019.

The CAP is a deferred compensation plan that is available to certain employees, including executive officers, under which participants may defer annually up to 25% of their pre-tax compensation to be used to purchase shares of restricted stock at a 25% discount from the market price at the beginning of the calendar year or the end of the calendar year, whichever is lower.

Since the end of our fiscal year on April 28, 2018 and at all dates prior to September 5, 2018, 1,834,795 shares of our common stock had been available for purchase under the CAP. Upon the immediate reduction of 1,500,000 shares available for purchase under the CAP effective September 5, 2018, and to facilitate the purchase of shares of restricted stock with compensation deferred during calendar year 2018, up to 334,795 shares remain available for purchase as of September 5, 2018. On April 28, 2018 and at all dates through and including September 5, 2018, 310,829 shares were unvested and subject to service-based vesting requirements based on deferrals previously made.

*Shares Outstanding and Available for Grant Under Equity-Based Long-Term Incentive Plans*

As set forth in our definitive proxy statement filed with the Securities and Exchange Commission on August 6, 2018 (the 2018 Proxy Statement), we are asking our shareholders to consider, among other proposals, a proposal to amend our 2015 Omnibus Incentive Plan to increase the number of shares reserved for issuance thereunder from 4,000,000 to 11,500,000 at our 2018 annual meeting of shareholders to be held on September 17, 2018. The 2015 Omnibus Incentive Plan remains unchanged and is included as Annex A to our 2018 Proxy Statement. As of September 5, 2018, we had 94,852,301 shares of common stock outstanding.

The table below shows, as of September 5, 2018, the shares reserved for issuance of outstanding awards and shares available for future grant under each of our long-term incentive plans in which our employees and non-employee directors are eligible to receive, or currently have outstanding, grants of equity compensation. We determined to present this information as of September 5, 2018 as a means of including the broad-based equity awards made August 1, 2018 and as of the date on which the number of shares available for purchase under CAP was reduced by 1,500,000. The table also shows the number of shares that will be available for future grants under each of our equity-based long-term incentive plans following approval of the amendment to the 2015 Omnibus Incentive Plan by our shareholders.
