The remaining 11,277 restricted stock units are shown in Table II, which are scheduled to vest on February 26, 2017.

(6) As previously reported, on February 26, 2014, the reporting person received a target grant of 33,829 performance-based restricted stock units that were subject to the Company's attainment of a specified one-year performance metric for the year then-ending December 31, 2014. The actual number of stock units that could vest ranged from 0% to 200% of the target unit amount. The performance metric was exceeded and 200% of the target grant was awarded; therefore, these restricted stock units vest in one-third increments on each of the first, second and third anniversaries of the date of grant. The first anniversary occurred on February 26, 2015 resulting in the vesting and settlement of 22,552 shares of common stock.
