- (1) In addition to the time-based restricted stock units reported here, on March 10, 2016, the reporting person also received a grant of performance-based restricted stock units, the target amount of which is 141,177 units. The vesting of the units is contingent upon the Company's achievement of specified performance goals for the three year period that ends on December 31, 2018. Provided the goals are achieved, the units will vest in full on the third anniversary of the date of grant. If the performance goals are not achieved, the units will be forfeited. The actual number of units that could vest ranges from 0% to 200% of the target unit amount, depending on the Company's level of achievement with respect to the performance goals.
- (2) These time-based restricted stock units vest in one-third increments on each of the first, second and third anniversaries of the date of grant. Restricted stock units are settled in shares of the Company's common stock upon vesting.

Note: File three copies of this Form, one of which must be manually signed. If space is insufficient, *see* Instruction 6 for procedure.
