Performance Share Awards. On February 22, 2016, the Compensation Committee approved the grant of awards of performance shares (the "Performance Shares") to the Company's named executive officers under the Company's 2013 Equity Incentive Award Plan. Pursuant to the Performance Share awards, each executive is eligible to earn, vest in, and receive a number of shares of the Company's common stock ranging from 0%-200% of the target number of Performance Shares granted and set forth in the table below (for each executive, the "Target Performance Shares"), based on the attainment of the Company's adjusted operating revenue growth and adjusted earnings per share growth at certain levels (each, a "Performance Metric") during three separate performance periods: the first consisting of the Company's 2016 fiscal year running from January 3, 2016 through December 31, 2016 (the "2016 Performance Period"), the second consisting of the Company's 2017 fiscal year running from January 1, 2017 through December 30, 2017 (the "2017 Performance Period") and the third consisting of the Company's 2018 fiscal year running from December 31, 2017 through December 29, 2018 (the "2018 Performance Period," and together with the 2016 Performance Period and 2017 Performance Period, the "Performance Periods"), as measured against the Company's adjusted operating revenue and adjusted earnings per share for the immediately previous fiscal year. The Target Performance Shares granted to each executive are as follows and are allocated 33 1/3% to each of the three Performance Periods:

Executive	Target Performance Shares Granted
Talbott Roche	30,850
William Tauscher	30,850
Jerry Ulrich	9,300
David Tate	8,450
Christopher Crum	6,700

Performance Shares will become earned and eligible to vest based on achievement of minimum, target and maximum goals, respectively, for each Performance Metric during each of the Performance Periods. The maximum number of Performance Shares that can be earned and thus eligible to vest is 200% of the Target Performance Shares, which represents achievement of the maximum goal for each Performance Metric during each Performance Period. The threshold number of Performance Shares that can be earned and thus eligible to vest for any Performance Period is 50% of the Target Performance Shares allocated to that Performance Period (i.e., 16 2/3% of the total Target Performance Shares), which represents achievement of the minimum goal for both Performance Metrics during one Performance Period. If the target goals for each Performance Metric are achieved during each of the Performance Periods, 100% of the Target Performance Shares will be earned and thus eligible to vest. If the Company does not achieve at least the minimum goal for both Performance Metrics during a Performance Period, then all of the Performance Shares eligible to vest based on performance during such Performance Period will be forfeited. Performance Shares (if any) earned during each Performance Period in accordance with the Company's achievement of the Performance Metrics will vest in full on January 3, 2019, subject to the executive's continued service. Any Performance Shares that remain unvested as of the date on which an executive's service terminates and any Performance Shares that do not vest as a result of the failure to achieve the applicable performance goals will be forfeited. However, upon a termination (i) without "cause" or for "good reason," in either case, within 24 months after a "change in control" (as each term is defined the Company's Executive Change in Control Severance Plan) or (ii) due to death or disability on or after February 22, 2017, any earned Performance Shares will vest and any unearned Performance Shares will vest at the applicable target. In addition, upon a retirement on or after February 22, 2017, any earned Performance Shares will vest and any unearned Performance Shares will remain outstanding and eligible to vest based on the Company's achievement of the Performance Metrics.

The foregoing description of the Performance Share awards does not purport to be complete and is qualified in its entirety by reference to the Form of 2016 Performance Share Award Agreement for 2013 Equity Incentive Award Plan, a copy of which is filed as Exhibit 10.2 to this current report on Form 8-K and incorporated herein by reference.

Cash Bonus Awards. On February 22, 2016, the Compensation Committee approved the eligible participants, award amounts and performance criteria for its 2016 corporate performance bonus program. The Company's 2016 corporate performance bonus program is structured pursuant to the cash-performance award provisions of the Company's 2013 Equity Incentive Award Plan. The Company's named executive officers are eligible to earn, vest in, and receive cash bonuses based on the attainment of adjusted pre-tax income and/or U.S. direct margin performance objectives during the Company's 2016 fiscal year running from January 3, 2016 through December 31, 2016. The target awards amounts for the named executive officers are as follows:

---

Executive	Target Bonus
Talbott Roche	85% of base salary
William Tauscher	65% of base salary
Jerry Ulrich	65% of base salary
David Tate	65% of base salary
Christopher Crum	65% of base salary

Actual bonus payments under the program may range from 50% to 130% of such target bonus amounts based on achievement of minimum, target and maximum goals during fiscal year 2016 and are subject to the executive's continued service through the date of payment. Furthermore, bonus amounts are subject to the Compensation Committee's authority to exercise negative discretion to reduce the amounts payable. If the Company does not achieve at least the minimum goal for at least one of the performance criteria applicable to the executive, then no bonus will be payable to the executive under the 2016 corporate performance bonus program.
