Item 1.01 Entry into a Material Definitive Agreement

On January 8, 2016, we entered into a new lease for a Madison, Wisconsin research facility. The 10-year office building lease between our subsidiary, Arrowhead Madison Inc. and University Research Park, Incorporated is for approximately 60,000 square feet of office and laboratory space located at 502 South Rosa Road, Madison, Wisconsin, and this lease will replace our current research facility office lease also with University Research Park, Incorporated for property located at 465 Science Drive Suite C, Madison Wisconsin. The increased capacity of this new facility compared to our current research facilities will accommodate increased research and development personnel for our expanding pipeline of current and future drug candidates.

The initial term of the lease commenced on January 1, 2016 and the expected occupancy date is estimated to be October 1, 2016, after certain leasehold improvements have been completed during the remainder of fiscal year 2016. The lease payments, which begin on the expected occupancy date of October 1, 2016, will be approximately \$15.4 million over the initial 10-year term. We also estimate payments for our pro rata share of certain real estate taxes, operating expenses and common area maintenance expenses to be approximately \$0.9 million for the first year of the lease, and these payments will continue throughout the initial 10-year term. The Company expects to pay approximately \$7.3 million for leasehold improvements, net of tenant improvement allowances, beginning in the Company's second quarter of fiscal year 2016. Pursuant to the lease, within six months of the expiration of the initial 10-year term, we have the option to extend the lease for up to two additional five-year terms, with certain annual increases in base rent.

The foregoing description of the lease agreement does not purport to be complete and is subject to, and qualified in its entirety by, the lease agreement, which will be filed in a subsequent periodic report.

Additionally, on January 8, 2016, we entered into an amendment to our current research facility office lease for property located at 465 Science Drive Suite C, Madison, Wisconsin with University Research Park, Incorporated that provides for an early termination of such lease effective on October 31, 2016.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth in Item 1.01 above is incorporated by reference into this Item 2.03.

SIGNATURES
